GREENLEAF LOSES AGED PIONEER

JOHN WALDON PASSED AWAY WEDNESDAY AT THE AGE OF 82 YEARS.

Another name was stricken from the ever lessening roll of old settlers of this community when John Waldon passed away at the Bad Axe hospital late Wednesday afternoon, October 10, at the age of 82 years. Mr. Waldon has been confined to his bed nearly all the time since last March. He had been a patient at the hospital but one day when the end came.

Funeral services will be held at the home of his daughter, Mrs. Morrison Jones, in Greenleaf township Saturday afternoon at 2:30 o'clock.

John Waldon was born in County Caven, Ireland, on Oct. 17, 1840. At the age of eight years, he started with his parents and their family for America. During the passage, the father and three of the children passed away, having become victims of the cholera plague during the long journey overseas. The mother and two children made their home at Paris, Ont., on their arrival in America.

Mr. Waldon was united in marriage with Ellen Hodgins in 1864. She passed away in 1909 and a daughter, Mary Jane, preceded him in death 28 years ago.

Greenleaf township Oct. 6, 1865. He was among the earliest settlers in that township and brought one of the first horses into that community. The family came to Cass City in 1870 and Mr. Waldon helped to build the first frame house in the village. In 1875, he entered into partnership with H. S. Wickware in the wagon manufacturing business in Cass City. The partnership continued until 1884 when Mr. Waldon sold his interest in the business to Mr. Wickware. He returned to his farm in Greenleaf in 1882.

Mr. Waldon served as a member of the school boards in both Cass City and Greenleaf. He as a man of generous impulses and never forgot the hospitable ways of the pioneer. During 58 years of residence here, he witnessed many changes in community life.

He is survived by five children, John Henry Waldon of Detroit; James A. Waldon of Rochester, N. Y.; Mrs. Morrison Jones and Stanley Waldon, both of Greenleaf township, and Mrs. Chas. McPherson of Sandusky.

SOW AND LITTER CLUB ORGANIZED

ANOTHER GILT CLUB POSSIBLE IF YOUNG PEOPLE SHOW INTEREST IN SAME.

An interesting meeting of the members of the boys' and girls' pig club was held at the farm home of A. E. Goodall Friday evening at which time Roy Bricker gave out the pedigrees to the club members and paid to the prize winners the premiums won at the state fair. Several of the fathers of members were present who expressed themselves as well pleased with the results of the first season's outcome. The benefits cannot be measured alone by the premiums won, the men say, but by the increased interest manifested by the young people in farming operations and stock raising since they became members of the club.

It was decided at Friday's meeting to organize a sow and litter club which will be limited to members of the present club who will enter the contest with the animals drawn when the club was organized last summer. Members are privileged, however, to substitute an animal of like age if they desire to make a change.

Roy Bricker and Willis Campbell, teacher of agriculture at Cass City, ably managed the club operations the past season and are well pleased with the enthusiasm manifested and interest taken by the members. That the club gilts showed up well in competition with others in the state is apparent when the local exhibitors were awarded second, third, sixth and seventh places in the pig club class at the state fair; first, second, third and fourth at Jackson; first, second and third at Caro. At Bay City, they were not permitted to exhibit as a club, but were shown in open class. Here as well as at other fairs named, they won premiums as individual exhibits.

If there is sufficient demand, another gilt club will be organized for next season. This will probably be limited to 12 members. Young people who are interested in becoming members are invited to consult either Mr. Bricker at the Pinney State Bank or Mr. Campbell.

TWO INJURED IN AUTO COLLISION NEAR REESE

Mr. and Mrs. Sherman J. McMartin of Bay City Received Severe Injuries Sunday.

Mr. and Mrs. Sherman McMartin of Bay City were taken to the Mercy hospital in that city Sunday afternoon suffering from painful injuries resulting from a collision Sunday afternoon between their Willys Knight and a Buick owned by Norman Werschkey of Saginaw. The accident occurred about 3 1/2 miles east of Reese while the McMartins were returning from Frankenmuth.

Mr. McMartin's jawbone was fractured in two places, several teeth were knocked out and the inside of his mouth was badly cut. Mrs. McMartin's injuries included a dislocated hip and severe bruises.

Both machines were badly damaged by the collision which occurred at a highway intersection.

EXCEPTIONAL TALENT ENGAGED

THIS SEASON'S LYCEUM COURSE FROM REDPATH PROVIDES ENJOYABLE PROGRAMS.

With a greater outlay for talent, this season's lyceum course, sponsored by the Woman's Study club, promised to eclipse those offered for several years. The course has been secured from the Redpath bureau and consists of four numbers.

The first date comes on Thursday, Nov. 15, when the Troubadour Male quartet will feature a richly-varied program in vocal and instrumental selections. Ralph Russell is the manager, musical director, baritone and piano accompanist of the quartet. Other members are Edgar Geise, tenor, cornetist and banjoist; Mark Cook, first tenor and violinist; Ira Dale Besse, basso and artist on saxophone and clarinet.

On Monday, Dec. 17, Laura Werno Ladies quartet, a group of entertainers, will appear before patrons of the course in a program that is a feast of musical entertainment and artistry. Especially notable are musical and dramatic numbers, given in costume, depicting the dress, manners and songs of the American Colonial period, the Civil War days, the early seventies and of the Quakers.

Maude Willis, reader of plays, comes Monday, Jan. 21. She is one of the strongest attractions of the course. Three hundred selections, including many standard plays, are available in Miss Willis' repertoire. Among her popular programs are: "The Fortune Hunter," "The Witching Hour," "The Third Degree," "Turn to the Right," "Everywoman," "The Copperhead," "If I Were King" and "Mary Jane's Pa."

Elwood T. Bailey, popular lecturer, is not only eloquent in delivery but of his lectures are full of the human things that people want to hear and his personality is such that when he has finished his lecture, the listeners are conscious that they have been living with human conditions as portrayed by an intensely human speaker. Mr. Bailey's date here is on Tuesday, Mar. 11.

The local course is under the management of Mesdames J. M. Dodge, Arthur Atwell, Ernest Croft and L. I. Wood. Season tickets will be offered for sale in the near future by the Study club members.

FLEMING OUTWEIGHS TEAM MATES ON KAZOO TEAM

Cass City Is One of 34 Michigan Towns Represented on College Team.

Pearl Fleming is representing Cass City on the football squad of Western State Normal at Kalamazoo this fall. And he is doing a good job of it, according to all reports from Kalamazoo.

Western Normal has grown within the past few years to have one of the most feared football teams among colleges of the midwest. Last season the Western goal line was never crossed and the total was 160 to opponents' 0. Coach Olander is this season working with a squad of 60 men and is turning out a team reckoned to hold pretty well to its record of 1922. Cass City is one of 34 Michigan towns represented on this squad.

Fleming contributes more weight to the Normal squad than any other player—208 pounds, and he reaches the record for height, an even 6 feet. This is his first year on the squad. He will probably be seen some time during the following schedule:

Oct. 11, Alma college at Kalamazoo; Oct. 19, St. Viator's college at Kankakee, Ill.; Oct. 27, Bowling Green, Ky., Normal college at Kalamazoo; Nov. 3, De Paul University at Chicago; Nov. 10, Earlham college at Kalamazoo; Nov. 17, Chicago Y. M. C. A. college at Kalamazoo; Nov. 29, Albion college at Albion.

MICHIGAN SEVENTH AMONG INDUSTRIAL STATES OF UNION

Position Chiefly Made Possible by Enormous Electrical Expansion Which Has Taken Place.

Michigan ranks seventh among the industrial states of the union, a position securely held since 1921, and chiefly made possible by the enormous electrical expansion which has taken place, furnishing power in abundance. This position was acquired by steady growth since 1889, when she was ninth in industrial importance.

The extent to which electricity has contributed to this development has just been measured by Electrical

World, in an exhaustive survey. It shows that there are five major activities industrially, the production of stone and clay products, paper and pulp, mining, iron and steel and automobile manufacture.

During the active year of 1920, these leading industries consumed about one billion kilowatt hours of electricity. In 1921, the demand was 827,000,000 kilowatt hours. Total industrial consumption in 1920 was about one and one-half billion kilowatt hours.

Eighty thousand electric motors are installed in the plants of the state, driving the industrial wheels.

DECKERVILLE SPORTSMEN START MUSKRAT FARM

A number of Deckerville sportsmen have leased five acres of land on the Darlington farm east of Deckerville and are enclosing it for a muskrat farm. The tract embraces an old skating pond which has been popular with local skaters for years and will naturally end their sport there. The pond is already infested with a number of rats and they will be added to as soon as the trapping season opens.

BETTER LEARN TRAFFIC LAWS

STATE POLICE MAKING MANY ARRESTS FOR MINOR VIOLATIONS.

Believing that motorists of Michigan have been given sufficient time to thoroughly acquaint themselves with the new automobile laws, the uniform traffic law passed by the last legislature, the state police are now enforcing the automobile laws to the letter. Many arrests have been made in many parts of the state in the last few weeks because of minor violations. Secretary of State Charles De Land recently issued letters to all peace officers and to the state police as well, calling their attention to the fact that the uniform traffic law is in effect and that they would be expected to enforce it and the old automobile laws as well.

The principal violations of these laws upon which the state police have been called to make recent arrests are:

- Failing to keep automobile license tags properly hung.
- Failing to have parking lights burning and failing to dim headlights upon the approach of another vehicle.
- Failing to extend arm upon turning, or halting a machine.
- Failing to come to a complete stop upon approaching any main state trunk line.
- Failing to stop behind stopped street cars or other passenger carrying vehicles.
- Parking on the public highway.

ARRESTED BY SHERIFF SATURDAY, SENTENCED WEDNESDAY

Still and Liquor Found at Paul Schnell Farm; Drunken Driver Loses License.

Paul Schnell was arrested at his home three miles west of Gageton Saturday for violation of the prohibition law when a complete still, three quarts of whiskey, two barrels of cider and a barrel of wine were found at his place by Sheriff Colling. He was brought before Justice Brown where he waived examination and was bound over to the circuit court. Schnell pleaded guilty before Circuit Judge Williams Wednesday who gave him his choice between paying a \$50 fine and \$25 costs or spending 60 days in jail.

Steve Urborn was arrested Monday night at Caro for being drunk and disorderly when he ran into another automobile with his car. Justice Imerson assessed him \$20 costs and Urborn was released after he had agreed to pay the repair bill on the damaged car which will be in the neighborhood of \$125.00.

Kenneth Tree had his driver's license taken away for reckless driving on the streets of Mayville Sunday while under the influence of liquor. Justice Imerson fined him \$5.00 and assessed another \$5.00 for costs. He was intoxicated, told Sheriff Colling that he had secured his supply from a Lapeer county dealer. Lapeer officers have been notified and the Lapeer county jail will probably house a new boarder this week end.

Deputy Sheriff Putnam arrested John Clark in Detroit Friday on a charge of non-support. Clark formerly lived at Vassar and has been before a justice on a similar charge. He was lodged at the county jail and will be required to furnish a bond this time guaranteeing payment of a suitable sum toward the support of his family.

CASS CITY DEFEATED DECKERVILLE 33-0

AGRICULTURE CLASS RECEIVES 300 APPLE SPECIMENS FOR EXHIBITION.

The football game Friday at Deckerville was very satisfactory for the local team as the score ended 33 to 0 in Cass City's favor. The first quarter gave the locals two touchdowns, the second one, the third two, and the fourth one. One goal was kicked after a touch down and the remaining two scores were gained by safety, through tackling a Deckerville man behind his own goal line with the ball. The team showed a great deal of improvement over the week before in their game with Uby. The touchdowns were made, two by Hunt, two by West, one by Gowan and one by Benkelman. The above four were the outstanding men in the game, Hunt starring especially, through side stepping and whirling, being able to elude many tacklers. In line, Walmsley succeeded in throwing several Deckerville men for losses of from 5 to 10 yards. Grant Smith at the other tackle also played a very consistent game. The next game will be at Uby on Friday. Many fans hope to accompany the team to this game.

Debate tryouts were held in assembly Friday morning, the following being picked from those contesting:—George Dillman, Warren Wood, Ilene Profit, and Earl Maharg. These students together with Curtis Hunt, who debated on last year's affirmative team will prepare on the question, three from this number being chosen later. Some quick preparation will have to be done as the first debate will be held November 23. No further particulars are known as yet. Miss Ellen Palm, teacher of public speaking, believes that the prospects for a fine team are very good.

There was some debate this year as to whether the honor point system which was used last year was to be continued now, and after some time it was decided that the honor one received from being in the lime light with high marks was not sufficient incentive to keep everyone earning the highest marks possible, so a little cash was added to the honor. It is hoped that each one in high school will strive to earn the \$16 which will be given as a scholarship to the person earning the highest number of points for the entire school year.

Mrs. Angus McGillvray deserves great credit for endowing our library with sixty-five additional volumes. We will learn and enjoy much from these books and will never forget her when using them.

Rev. F. L. Pohly gave us a very interesting, inspirational talk in chapel Tuesday morning. These little views of the outside world which we receive every Tuesday are very beneficial to us and we are thankful to those who stop in their daily work to speak before us.

The great high school fair which will surpass all others which have been held before, is being planned for and is the talk of the school. October 26 is the date and because it is drawing near the main features will soon be flying from mouth to mouth. Home Econ—This week the girls are beginning the luncheon unit and are studying in particular the cooking of vegetables.

The winners of the test in preparing a breakfast last week were Bernice Hitchcock, Hazel Hegler, and Helen Turner. Bernice and Hazel

Doris Jane Holmes, Two Year Old Miss of Cass City, Makes Early Debut in Movies

A kind friend of little Miss Doris Holmes stole the following story for publication, the extreme modesty of her relatives nearly causing all interesting details to be withheld.

A large crowd was gathered about a nobby sport touring car in front of the Chevrolet garage at Flint Friday afternoon. All eyes were on the person in the driver's seat who was none other than Miss Doris Jane Holmes of Cass City. Among the crowd and to one side stood two men, one turned the crank of a moving picture camera while another whispered orders to the operator. The man who carried the camera was Miss Doris, who carried them out to peer county dealer. Lapeer officers have been notified and the Lapeer county jail will probably house a new boarder this week end.

While Mrs. Holmes and Doris waited in the garage for their car to be repaired the little Miss did not seem to be disposed to behave for she was continually up to something. Her every move was watched by a gentleman who passed back and forth in front of the big plate glass window in the salesroom. Finally the man stepped into the garage to inspect the child more closely and after a time engaged himself in conversation with Mrs. Holmes, allaying her fears that he

Doris Jane Holmes, Two Year Old Miss of Cass City, Makes Early Debut in Movies

She ran quickly from the garage to the car, jumped in behind the steering gear and began the manipulation of key, gas, and lever, sounding the horn for loitering motorists and last of all she exceeded the speed limit in pantomime waving to mother and the crowd all the while. Supt. and Mrs. Holmes are seriously discussing retiring and taking a trip to Hollywood.

The director stated that the pictures would not be ready for showing for about two months when he would mail Mrs. Holmes a schedule of Miss Holmes' appearances on the screen in all large cities. If these pictures come anywhere near Cass City there will certainly be a rush from this direction toward the lucky movie house.

We all played games and then each of us ate a chocolate bar. Um! It tasted awful good.

Clayton Turner has been sick for a few weeks and couldn't come to school but he's back now and we're glad to see him. Kindergarten—Nothing but sad news this week. Elizabeth Lepla is the first one this month to make us a tardy mark. We hoped we'd get the banner but now we know we won't.

One day last week, Dr. S. B. Young appeared on the street as three good looking gentlemen, all at once, first as a Knight Templar, second as an officer of the medical corps, and third as Dr. Young of Cass City in plain civilian clothes. One of our townsmen will not long be in unimportance for fame and fortune will soon be his through the invention of a marvelous machine whereby if you want to reach the top of the house with a short step ladder all you have to do is buy one of his patented outfits. This will save to a great extent borrowing your neighbor's ladder. The invention is comparatively simple and cheap working along these lines. First determine some part of roof or other high place which sorely needs a little patching; second find your ladder which is too short to reach the dilapidated spot; (here is where the bright idea comes in) drag a large box to the scene and rest the ladder upon it; fourth, gather saw, hammer, nails, etc., into your arms and start climbing. If you escape as luckily as L. I. Wood a few Rexall remedies will suffice to bring you back to consciousness, but should the hammer or saw fall upon your head, it is advisable to call a physician and remain incapacitated for a few months to avoid all possibility of a relapse.

Doings in Neighboring Towns as Related by the Chronicle's Exchanges.

Edward Smalarz, who hails from the northern part of Sanilac county, was before Justice John Hyslop on Monday on two game law violation charges. First it cost him \$13.40 for killing a gray squirrel out of season and then he paid \$8.40 for hunting without a license. He pleaded guilty to both charges.

"Hooking" a ride on an automobile cost Benjamin Winkle a Harbor Beach high school student severe injuries Wednesday. The boy negotiated the car while it was in motion, lost his balance and fell headlong on the pavement. He suffered scalp wounds and was badly shaken up.

Otto Rissman, 46, a widower residing alone on a farm in Fremont township, 2½ miles north of Mayville, was found dead in his bed Monday evening by neighbors. All day Monday, the neighbors thought it strange that the man had not been seen about the farm at his work, and that the stock had not been driven to the pasture from the barnyard. When evening came and no light appeared in the window of the Rissman home, men of the neighborhood organized a party to investigate. They entered the house and found Rissman's dead body.

Kingston citizens at a recent special election voted to bond the village for \$6,000 for electric light improvements and \$2,000 for bettering their waterworks system.

Caro residents expect to have but one telephone central and system after Jan. 1. For 20 years, that village has had to contend with two systems and it will be a welcome relief when the consolidation is effected late this year. The change comes through the efforts of W. J. Moore, Caro's telephone man, who has succeeded in securing a contract with the Michigan State Telephone Co., for the system established in Caro by the Valley people and purchased some time ago by the Michigan State Telephone Co.

Crowell's population of about 1,800 is largely supported by its two big factories. In the spring the canning factory calls from 300 to 400 and as the employees are released from this work, they are taken at the sugar beet plant, which runs from October to the last of January.

Fifty or more of Brown City businessmen and farmers held a meeting and decided to completely reorganize and reconstitute the Bureau Milling

and Elevator Company, recently destroyed by fire, in order to keep alive the business interests and prosperity fostered by that company. A committee will approach the people of the community for its support of a new plant.

Herman H. Herring, superintendent of the Sandusky plant of the Borden company's plant at Ingersoll, Ont. R. A. Blackman, of St. Charles, Ill., will succeed Mr. Herring as superintendent. The Canadian plant is larger than the one in Sandusky and the transfer is a promotion.

At a meeting of the stockholders of the Bad Axe Fair Association, 60 members elected directors for the 1924 fair and heard the report of the treasurer. James Burgess, treasurer, stated that the fair cleared \$7,373 in addition to constructing a new building.

J. S. Howell, Huron county traffic officer, paid Sebewaing a visit on a Saturday night recently with the result that 40 automobile drivers received notice to appear in justice McLean's court at Bad Axe to answer charges in violation of the automobile law. Most of them were charged with carrying insufficient lights, though a few had to answer for speeding. A total of \$275 in fines was collected from Sebewaing autoists by the justice.

Mrs. Amanda C. Yale died at her home in Richmond Hill, New York, on Sept. 30 at the age of 84 years. Previous to her second marriage, she was the wife of Francis Crawford and came with him to Caseville in 1858. She left Caseville in 1873.

A Klan organizer has been working in Sanilac county for the past month or longer and indications are that much interest is being taken in the movement. Last Friday night a field meet of the Klan was held near Applegate and it is reported that more than a hundred candidates were initiated. It would appear that there are several hundred members in the county already. A fiery cross was burned in the city park here on the ball diamond at about three o'clock Saturday a. m.—Sandusky Tribune.

Two hundred dozen pairs of overalls a week is the average output of the Huron Overall Co., an industry of Uby, six months old. In addition to this a large number of khaki trousers are manufactured each week.

Frank Cook of Parisville pleaded guilty to an indictment charging sale of liquor and unisance in U. S. court at Bay City. He admitted a previous conviction in the state courts for selling patent medicines with a high alcoholic content for which he paid a fine of \$250. He paid the fine of \$1,000 assessed by Judge Tuttle in his case Tuesday.

BETTER LEARN THE TRAFFIC LAWS

Concluded from first page.

These seven salient points in the automobile laws of Michigan must be adhered to the state police insists. The motorcycle patrols of the department are constantly on the lookout for violators and are co-operating with city and county officials. In Jackson recently 50 motorists were arrested on charges of violating the automobile laws in a single day. Every motorist well knows the speed limit allowed on the state highways of Michigan, which is 35 miles per hour. It is not deemed necessary to call the attention of motorists to this phase of the law

and many arrests for speeding are recorded on the court files of any county.

There is a provision in the state law which says that automobile license tags must be fastened in a conspicuous place, front and rear. Many drivers are being haled into court for having them concealed behind bumpers or for allowing them to become mud bespattered so that they can not be readily read.

At any time an automobile is stopped on a road, trunk line or county, the law says that a white light must show from the front and a red light from the rear. This provision of the law permits the use of what is termed a "parking light" or one light with white front and red glass rear.

The uniform traffic law says that the driver of an automobile upon making a right or left turn, or upon coming to a complete stop, or upon slowing down must extend his arm to warn machines approaching from the rear. The state police have approved a system of signals as follows:

Arm pointing skyward to denote a right turn; arm extended horizontally to denote a left turn; arm pointing toward the road to denote a stop or slowing down. This same system of signaling has been adopted and approved by police departments of a number of cities.

Another feature of this same law is the section making it compulsory to stop while approaching a state trunk line road, the automobiles on the trunk line having the right of way.

On practically every main road in the state there is sufficient "shoulder" or unused part of the road to the side of the beaten path, where a motorist can stop his machine to make an adjustment, repair a tire, etc. Failure to pull the machine to one side is a violation of this section.

MONDAY IS BIG PAY-DAY FOR UNCLE SAM

Over \$150,000,000 in interest on Liberty and Treasury bonds will be paid out by the government on October 15th. Holders of Fourth Liberty Loan Bonds are urged to clip their interest coupons due on this date and present them for payment at any bank or post office. The U. S. Treasury now issues "Baby Bonds" which sell for \$20.50 each. Thousands of Americans have acquired the habit of buying one or more every month and have thus established a "reserve fund" the safety and growth of which is guaranteed by Uncle Sam. All postmasters have been authorized to accept Liberty Bond interest coupons, which are due, as part payment toward the purchase price of a new

"Baby Bond." Holders of government securities in this way can make their interest earn more interest.

THE LONGER YOU DELAY THE MORE YOU PAY Just another way of saying, "A stitch in time saves nine." The small job soon grows into the big job, while the roof with a little leak may not be long in destroying the interior of the home which it was intended to protect. Sit down and figure it out for yourself. Every day the job is put off adds something to the cost of doing it later on. Old gates may be broken, letting stock into a field of growing grain where the trampling of the animals for one night would ruin the entire crop. The drafty hog house may cause the loss of a valuable sow for the want of insulation. The reaper left standing in the field without protection lasts but a few years, while an implement shed which would have preserved it indefinitely could have been built at but a small fraction of the cost of the reaper. It is estimated by the Department of Agriculture that millions of dollars worth of farm equipment alone goes to ruin each year through the lack of protection against destructive weather elements. Diakka an Evil Spirit.

Diakka is a very evil and powerful spirit corresponding in some respects with the Jinn. In Mohammedan mythology the Jinn are good and bad spirits who assume the form of animals, giants, etc. In this same mythology there are also the Janms, or demons of the lowest order. On old Persian tales they are referred to as the Afrid, but Longfellow, in his "Golden Milestone" (stanza 2), refers to them as belonging to Arabian story.—Literary Digest.
