

## LAW ENFORCEMENT JUST STARTED

### SHERIFF COLLING SAYS HIS CLEAN-UP WORK HAS JUST COMMENCED.

Tuscola county citizens who favor law enforcement have been pleased with the activities of Sheriff Jay Colling during his 10 months in office. Mr. Colling, in a statement made Wednesday, says that his work has only commenced and that he expects to clean Tuscola county from law violators if there is any chance of doing so.

Wm. G. Hurley of Cass City, a comrade of Sheriff Colling on the battle fields of France, has been appointed deputy sheriff for Caro to fill the vacancy caused by the resignation of John Austin several weeks ago. Mr. Hurley will start in his new position about Nov. 20. Mrs. Colling has been appointed under sheriff and several other deputies will be appointed throughout the county within the next two weeks states Mr. Colling.

"Many have made the remark that a new broom sweeps clean," said Mr. Colling Wednesday, "but I have only started. I expect to clean the county from law violators if there is any chance of doing so. It may cost the county more for mileage and deputies, but I believe the good citizens of this county will stand back of me in taking this step, although the judge has been lenient in most cases with the moonshiner. Hereafter I shall turn over our worst cases to the Federal court."

On Saturday, Sheriff Colling and Deputy Putnam arrested S. J. Moreland of Caro on a charge of violation of the prohibition law. He was arraigned before Justice Brown, examination was waived and defendant was bound over to the circuit court, at the December term.

On Monday, Sheriff Colling called on Joseph Carpenski of Juniata township, to look for some wood that was stolen Saturday. The officer says he found not only the wood but a still, a barrel of mash and some whiskey. While the sheriff went into the house to investigate further, Mr. Carpenski lost no time in getting to the tall timbers and he hasn't been seen since.

On Tuesday Deputy Sheriff Putnam made Fred Bagard of Wisner township a visit and reports finding two gallons of whiskey, a barrel of mash and a complete still. Mr. Bagard told the deputy that it was necessary to have this outfit to get his bees out.

The same day, Sheriff Colling arrested Leo Worth and Alex Locas, 17 year old youths of Gilford township, on a charge of stealing bulbs from automobiles in Fairgrove. They admitted taking light bulbs from cars at different times. They paid fine and costs of \$18.00 each in Justice Imerison's court.

## FUNERAL OF CHAS. ROGERS HELD MONDAY AFTERNOON

### Had Been a Resident of This Part of Michigan for Forty Years

The funeral of Charles Rogers was held at the M. E. church Monday afternoon at two o'clock, Rev. I. W. Cargo officiating, and interment was made in Elkland cemetery.

## HIGH SCHOOL FAIR LARGELY ATTENDED

### WAS SUCCESS IN MANY WAYS; \$300.00 ADDED TO GENERAL FUND OF PUPILS.

The high school fair, held Friday evening was indeed a success both in the eyes of the management and the patrons. All booths were well patronized and about \$300.00 were taken in.

Many took advantage of the cafeteria supper, devouring everything for sale. The program was unusually fine consisting of little dances by the grade children which showed beauty of costume and evidence of much preparation. The one act play "Sauce for the Gossings" under the direction of Miss Palm was very clever with splendid characterization on the part of the cast, who were as follows: Mrs. Taylor, Marguerite McTavish; Mr. Taylor, Roy Wagg; Mrs. Lee, Margaret Reagh; Robert Taylor, Maurice Dailey; Elizabeth Taylor, Edna Brackenbury; and their college friend, Hilton Warner. The maid's part was taken by Helen Reed.

One of the outstanding features of the fair was the educational exhibit of the agricultural department under the direction of Prof. Campbell. Here were found displays of apples, potatoes, grains, corn and honey. In the fruit display were 50 varieties of apples and some of pears, plums and apricots.

The displays of potatoes and honey were shown as typical examples of projects of pupils. The honey display was largely contributed by Robt. Dilman. Specimens of strained honey, demonstration showing grading of honey for market, bee hives and appliances, beeswax, and examples of wax moth and other diseases were features of this extensive display. Another pupil, John Gallagher, showed a display of typical Petoskey potatoes selected from 50 of the best hills of his potato project. These potatoes, grown in co-operation with the state, were practically free from disease and went 280 bushels to the acre.

As a whole, everyone received the impression that the fair was just what it was promised to be—the best high school fair Cass City ever saw.

## DAIRY-ALFALFA CAMPAIGN IN SANILAC

### 80 BARNYARD MEETINGS AND 6 NIGHT MEETINGS IN 10 DAYS. GREAT INTEREST SHOWN.

The Dairy Alfalfa Campaign for Sanilac county, a series of 80 barnyard meetings and six night meetings, will start on November 5 and end on November 16. This series of meetings is considered to be one of the most important and far reaching of any that have ever been put on in the county. The Michigan Agricultural College is co-operating by sending in four men—two dairy men and two farm crops men. They will work in two teams, a dairyman and farm crops man working together. The first will discuss the dairy problems and the second will talk on alfalfa.

John D. Martin, county agricultural agent, says, "These meetings are of great importance to our county at this time as the farmers are beginning to take a great interest in dairying and livestock. If this work is to continue, a foundation must be laid by growing more legumes—especially alfalfa." He believes that the men coming at this time is of great advantage and also that the information they will bring will be of vital importance in solving some of the immediate and future problems of the county.

Most of the preliminary work has been done and County Agent Martin says that the farmers are very much interested as is shown by their willingness to co-operate. It is intended that the local farmer will do his best to get as many of his neighbors out as possible and these meetings will be held in the barnyard or field, wherever the farmers' interest may take the speakers.

These men come with a large experience and are able to discuss the problems which confront the farmers in Sanilac county. As these meetings are so widely scattered over the county, no man need go more than three to five miles and as these problems are of such vital importance every farmer should make a strenuous effort to attend the day and evening meetings.

## BIG GRAIN SHOW TO DRAW STATE ENTRIES

### Michigan Farmers Will Seek to Re- peat Big Winnings of Past Years at International.

Hundreds of Michigan farmers, representing every section of the state, will enter exhibits in the competitive classes of the International Hay and Grain Show, to be held in Chicago from Dec. 2 to 9 this fall in connection with the International Livestock Exposition.

For the last two or three years, Wolverine farmers have been winning far more than their share of the International awards, making almost a clean sweep of prizes in certain classes. An effort to keep up this record in competition with other states of the section will be made this fall.

More than 200 entries have already been made, with prospects that the number will run above the 500 mark, according to H. C. Rather, extension specialist in farm crops at the Michigan Agricultural College and secretary of the Michigan Crop Improvement Association, who is serving as a "clearing-house" for international entries. Many of last year's prize winning exhibitors are back again for this fall, while numbers of men who have never entered the International before are preparing exhibits for the coming show.

"Michigan farmers not only find competition at the International inspiring and instructive, but their winnings have been a splendid advertisement for their seeds," says Rather in discussing the large number of entries from the state. "One oat grower who exhibited at Chicago in 1922 sold over 900 bushels of certified Wolverine oats into one Indiana county, as a result."

Most of the Michigan entries come from varieties which have been developed by the Michigan Agricultural College, seed of which is produced, under inspection, by members of the Michigan Crop Improvement Association.

Entries for the International may be made through H. C. Rather, Secretary Mich. Crop Improvement Assoc., East Lansing, before November 7. Rather will act as Michigan representative at Chicago, looking after exhibiting and returning entries from the state.

## COMMITTEE CLAIMS POOR FARM PAYS

### REPORT SHOWS HURON COUNTY FARM IS \$2,370.98 AHEAD IN 10-YEAR PERIOD.

According to a report submitted to the Huron county board of supervisors by Supervisors Wales, Amos and Nugent, who make up the county board of auditors, the county poor farm is making money.

The report claims that the farm has showed a profit in all of the last ten years but three. Receipts during that time have been \$2,618.83, while the disbursements have been \$30,242.83, showing a net gain during the ten years of \$2,370.98.

The years for which losses were reported are 1913, 1916 and 1917. The loss in 1913 was \$888.03, in 1916 \$295.83 and in 1917 \$406.81. Favorable results were reported for 1920 and 1921. The report was accepted by the board.

County Treasurer Hill has submitted his report to the board and which shows the funds of the county to be approximately \$60,000 behind. The general fund shows the biggest deficit, the amount being \$41,890. The general fund is borrowing money from the road fund and will continue to do so until the taxes for the ensuing year start coming in. The road fund is in excellent condition with nearly \$400,000 on hand.

The board of supervisors will try the budget system in handling the finances of the county next year.

## THREE THUMB NEWSPAPERS ADD IMPROVEMENTS

The Caro Advertiser, ranking high with the newspapers of the Thumb district, has recently completed an addition to its newspaper home which provides more room for its mechanical equipment, a need which has been keenly felt by A. D. Gallery, the publisher, in recent years. A second linotype has been added to the composing room facilities which will greatly aid in caring for the composition of that newspaper's advertising columns. Other improvements in the mechanical department have also been made recently.

Another excellent newspaper in the Thumb district is the Sebewaing Blade. Editor Muellerweiss has greatly increased the amount of community news served to his readers since he changed to an all-home print paper a few months ago. The change has resulted in a great improvement in the paper.

The Millington Herald is the latest Tuscola county paper to add a typesetting machine. Towns the size of Millington are fortunate in having a paper and Fred Church, the editor, is fortunate in having a live group of business people in a small town who appreciate the advantage of having a newspaper and patronize it so well.

## ANNUAL STATE SUNDAY SCHOOL CONVENTION

State-wide interest is being developed in all sections of the state of Michigan centering around the sixty-third annual state Sunday school convention which is to convene at Grand Rapids November 6, 7, 8. This event is announced as the largest inter-church event in the history of Michigan. Seventeen evangelical denominations are co-operating to make it a real blow against religious illiteracy, spiritual destitution, ignorance and superstition. It is pointed out that all churches cooperating are stronger than all churches working singly.

Little Miss June Townsend was taken to Pleasant Home hospital on Wednesday where she underwent an operation for the removal of the appendix.

Rev. Wm. Sidebotham of Bay City, who supplied the Presbyterian pulpit here Sunday, was a dinner guest of E. Knight at the D. Battle home west of town.

"He Was Just Folks" is the title of a book just published, of which Cash Asher, a former Cass City boy, is the author. The gist of 100 editorials published in the leading newspapers of the United States at the time of Warren G. Harding's death gives a comprehensive view of the life and ac-

tivities of the late president. These editorials are the best of 700 which appeared in as many newspapers and which were selected by Mr. and Mrs. Asher, both experienced newspaper writers. They have been residents of Santa Barbara, California, in late months and returned to Michigan a few weeks ago. Mr. and Mrs. Asher and little child are visiting Mr. Asher's parents in Elmwood township.

## CASS CITY H. S. WINS TWO GAMES

### DEFEATED BAD AXE WEDNES- DAY FOR FIRST TIME IN FIVE YEARS.

The football game, Pigeon vs. Cass City, on the local gridiron Thursday of last week was the first game here after three out of town. It ended with the score 13-0 in Cass City's favor which was the same as the game the week previous with North Branch. Coach Brooks states that the proverbial "13" is unlucky for the other side. He also states that the team was in as fine shape as it has been in for some time.

One bad feature of the game, however, was high tackling. The first touchdown was scored during the second quarter, but no goal was kicked after the touchdown. The second was scored in the third quarter as a result of a line punch by Gowan. After the touchdown, an additional play was made through a pass. The team as a whole showed a more varied attack than at any other time this season, making good gains on line plunges, forward passes and end runs.

Some stars of the game were Hutchinson, who received a pass for a 25-yard gain; Gowan, who carried the ball on end runs; West, who showed up well in line plunging; McBurney, showing up fine at end position. Those who were best in line were Bartle, Smith and Hunt, who broke through line and tackled opponents for losses. John Benkelman's low running helped in pushing through the line.

Pigeon played a good strong game and were especially fine in tackling. They played Bad Axe a few weeks ago and tied the score 6-6.

The game Cass City vs. Bad Axe here Wednesday afternoon was very unique in that Cass City has not been able to gain supremacy over Bad Axe in football for five years. The last game in which Cass City won over them, the locals were aided by Earl Gowen, now a student at the U. of M., who played the position of quarter back. In the game Wednesday, Cass City was again aided by a man playing quarter back, namely Alfred Gowen, brother of Earl. At the end of the game the score totalled 18-0 in Cass City's favor. Three touchdowns were made but not a point was gained by kicking goals.

The first touchdown was the result of a pass from Hunt to Hutchinson, who ran 20 yards after catching the pass for a touchdown. This play was made in the first quarter, the score ending 6-0.

In the second quarter, Cass City took the ball from kick off on a straight foot ball down to the Bad Axe 20-yard line. At that point Bad Axe recovered the ball due to Cass City's fumbling, thus making a loss of another possible touchdown for the locals. At this point Bad Axe punted out of danger.

The second touchdown was the result of line plunging and end running by Hunt, Gowen and Benkelman. Gowen carried the ball over for the second touchdown. This score was added in the third quarter, the last points being gained near the end of the fourth quarter.

Cass City had taken the ball down twice within the Bad Axe five-yard line and lost the ball twice on downs in the same place. On the third try after Bad Axe punted, the local men carried the ball from the 45-yard line

SCHOOL NOTES.

Rev. I. W. Cargo of the M. E. church spoke before the school Tuesday morning in chapel exercises. He wished to impress in particular upon us the importance of broadening our views of life so that we could better appreciate the beautiful. We enjoyed the address very much and appreciated the originality of subject matter.

Curtis Hunt, George Dillman, and Warren Wood get into an argument every time they meet anyone upon the subject of ship subsidy. That's all they think of since Miss Palm, instructor in public speaking, has selected them to carry our debate battles through successfully. Let's all give them nine for their hard work!

The home "econ" room begins to act like a magnet about eleven o'clock these days, especially with people who arose too late in the morning to eat breakfast. Teachers and pupils passing through halls will step to the door and take one sniff of the dishes which are being prepared in experimentation before they are served at the hot lunch which will begin soon. You could hardly arrest a thief of the eatable because it would be almost beyond human power to resist the delicious odors.

Monday evening at the Caro high school auditorium the county athletic association met for the first time this year to elect officers and formulate plans for the coming athletic season. The officers are as follows: President, Supt. W. P. Gee of Millington; vice president, Supt. H. W. Holmes of Cass City, and secretary-treasurer, Principal T. M. Clay of Caro. Those who attended the meeting from Cass City were Supt. Holmes, Principal Huller, Willis Campbell, and Curtis Hunt.

Fifth Grade—John Morris and Mabel Milne have returned to school after having entertained cases of measles.

Miss Hathadorian from Armenia was a welcome caller in our room on Tuesday of last week.

Mrs. James Boyes and Mrs. Z. Stafford made us a short call also.

We had no cases of tardiness for the past month so are enjoying the presence of the punctuality banner.

Third Grade—Archie Davenport, Rosaline Spencer and Floyd O'Rourke are the pupils in our room who have not missed one spelling word for a month.

We are reading "The Belgian Twins" and learning lots of new things about Belgian customs.

Second Grade—We have a botanical garden consisting of six plants at different stages of development. We love to watch them grow.

Frances Henry is absent this week on account of sickness in the family.

First Grade—Living seems too good to be true this week. First, on Wednesday we are invited out to a lovely party at the kindergarten room and second, vacation on Thursday and Friday.

Kindergarten—We are so excited over our first social event and nearly exhausted preparing for the party on Wednesday. But still we find it quite fun to make the little favors and place cards. Did you see us at the fair?

Michigan Happenings

"Newspapers gradually are becoming strong, self-sufficient business organizations, with no hidden master, independent of the large local advertiser or banker, fearless and uncompromising defenders of the public faith and the public welfare," and while commercialism now is the dominant note, there is no reason to believe that it is more than a passing phase," declared James Wright Brown, editor of Editor and Publisher, talking on "Tendencies of present day journalism," before the University Press club of Michigan recently.

Wayne county's budget as approved in final form by the county board of supervisors is \$7,635,512.11. Income to the county treasury from various sources provides approximately \$2,000,000 of the amount required to run the county this year, leaving \$4,774,191.22 to be spread upon the county tax roll. Property in the city of Detroit, which pays 79 per cent of the total county tax will be required to pay \$8,863,744.30 of the total county tax. There is a widespread idea that Michigan is an unhealthy state. Especially is it true that people have

believed they must go to some other climate to rid themselves of tubercular trouble. Many thousands of dollars have been spent in journeying to other climates to get relief from the white plague. It is interesting to know that there are only four states in the union which have lower death rates from tuberculosis, and those are non-industrial states. This speaks especially well for the institutions of Michigan which are working to prevent this disease and for the factories where a close approach to ideal working conditions has been attained.

Mr. and Mrs. John H. Bohnsack have located in their new home on Seeger street formerly owned by Dr. J. T. Redwine.

## The Hot Blast Air Tight Florence

Will heat three times more space, at one-quarter the cost, in burning soft coal than any other stove with the same size firepot.

### WHY?

Because the damper back of the firepot burns the cheapest soft coal or screenings and all the smoke and soot with the same regularity and cleanliness as the burning of gas, producing a steady heat day and night.

**NO SMOKE! NO SOOT!  
NO DIRT!**

Two tons out of every three tons of soft coal are wasted in all heating stoves constructed without a damper back of the firepot. Besides the offense inside and outside the house from the accumulation of soot.

The Florence makes its own gas and burns it and makes its own coke and burns it.

Steady heat day and night when the weather is 20 below zero. The medium size holds fire 3 days and 3 nights with one filling, other sizes in proportion.

The Florence is an investment. It pays for itself every two years in the saving of coal. In zero weather it will pay for itself the first season in the saving of doctor bills by elimination of irregular heat.

The Harbor Beach Times asks the management of the Crosswell Fair to remove the banners from the streets of that city, as well as elsewhere.

The annual financial statement of the Sanilac County chapter of the American Red Cross had been sent to the county press. The entire cost of maintaining the health service has been \$2,006.01, divided as follows: Nurse's salary, \$1425; Upkeep of car, \$354.60; Nurse's expenses, \$100.99; office supplies, \$21.62; telephone and telegrams, \$30.09; miscellaneous, \$72.01. Now that the balance in the war chest fund has been about exhausted and the supervisors have refused to make an appropriation to continue the work, the health service may not be continued for any great length of time, unless sufficient funds are provided at the annual roll call in December. Lapeer county supervisors last week also voted down the Red Cross appropriation.

At a meeting of the city council at Bad Axe Friday evening, the resolution to change the ordinance which prohibits Sunday shows came up and was voted on without debate of any kind. There were four aldermen present and every one voted against the resolution. More than a room full of spectators were present at the meeting, two-thirds of whom were women.

When a request from a sportsman to the Lapeer supervisors that they lift the ban on Sunday hunting in the county, Robert Gardner, Lapeer county supervisor, voiced the opinion of the board by stating that they intended to stand by the resolution passed last spring and use their power to enforce the law. He explained that since good roads and automobiles were so prevalent Lapeer county was overrun with foreigners and others from the city who had no regard for property and would not hesitate to cut fences or shoot anything besides game. Mr. Gardner lost a valuable cow and a registered ram last year having been shot by hunters. Similar experiences were related by other members of the body.

Harold Harris, 12 year old son of Herbert Harris of Koylton township, planted, cultivated and harvested 10 bushels of beans from a quarter acre of ground. This is a mighty good showing and should be an incentive for other boys to get busy another season and increase their earnings.

Traffic Cop John Howell made his report to the Board of Supervisors Wednesday afternoon. He said that during the year he had made 216 complaints. Of these 77 were for speeding, 60 for driving without tail lights, 17 for driving with no license plates, 3 for reckless driving and two for overloading. Mr. Howell rode his motorcycle 60,000 miles since August 1922.—Bad Axe Tribune.

About 35,000 bushels peaches were harvested from the Mountain View orchards at Romeo this season which has just closed.

BACKACHE IS A WARNING  
Cass City People Should Not Neglect Their Kidneys.

Backache is often nature's most frequent signal of weakened kidneys. To cure the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

## BREAKING HEALTH REGULATIONS IS PUNISHABLE BY LAW

Strict Adherence to Quarantine Regulations Keeps Communicable Diseases at Minimum.

Recent outbreaks of scarlet fever in a southern Michigan town have resulted in an epidemic. This is due to the fact that quarantine was but poorly observed, if not wholly disregarded. Two cases were reported by a citizen of the town to the Michigan Department of Health last week, but when the state medical inspector arrived on the scene, six cases were found. The disease had a ready field for spreading itself in the schools and a potential scarlet fever epidemic now is threatening.

Abject carelessness on the part of the local health officer is largely to blame for the situation. But for the efforts of a former health officer, the schools probably would have to close their doors. The Department of Health has the matter under advisement and due punishment will be meted out. A fine of \$15 and costs has already been levied on one of the persons disregarding quarantine.

It seems inconceivable that such vital things as health regulations should be disregarded in this day and age. If ignorance is bliss, then bliss is short lived if the ignorance concerns itself with health matters. Only by the strictest adherence to quarantine regulations can dangerous communicable diseases be kept at a minimum. Those abusing the common welfare are public nuisances and will be prosecuted as such.

CASS CITY H. S.

WINS TWO GAMES

Concluded from first page. to near the 10-yard line. Here Bad Axe held for two downs but on the next, Hunt passed the ball to Gowen for the final touchdown, Gowen making a wonderful catch on the pass. In this game the line showed up exceptionally well, Smith and West as tackles playing a fine game, Leppla and Warner as guards playing the best game they have this season. McBurney and Moore at ends also showed up well by making several clean tackles and always hurrying the Bad Axe passer with the result that none of their forward passes were completed. The Bad Axe stars were Dickinson, a former Cass City boy, who played exceptionally well in the back

field, and Smith as tackle doing fine work. Coach Brooks states that Bad Axe put up a much better game than the score indicates. The next game is with Caro Friday, Nov. 9, the battle being on home soil. Caro has a fine team this year and not long ago defeated Bad Axe with a score of 25-7. Considering all facts concerning the Cass City team, all green material but three veterans, and that they have been victorious in five out of six games, local citizens should conclude that they have a fine and hard working team, also a coach who knows how to train and how to become popular with the boys. An honorary poem wouldn't be too complimentary, but how about the suitability of a little rooting? Advertise it in the Chronicle.

Whereas no suit or proceeding, at law or in equity, has been instituted to recover the said sum or any part thereof.

Now, therefore, notice is hereby given that the said mortgage will be foreclosed by a sale of the premises described therein at public auction, to the highest bidder, at the front door of the court house, in the city of Caro, in the said county of Tuscola, on Monday, the 31st day of December, A. Inside and out, the new Ford Four-door Sedan shows improvements of far more than usual importance.

It is lower and sturdier in appearance. New cowl, hood, radiator and apron add size and finish to the front. Sun visor, and wide, well-finished aluminum doors with bar handles perfect the design of the body.

Silk window curtains, deep broad-cloth upholstery; dome light, door lock, window regulators and handles, all finished in nickel, complete a refinement you would expect only at a far higher price.

M'PHEE TAKES STAND IN COURT ON WEDNESDAY

Former President of Melvin Relates Fire Which Led to Wife's Death.

"Billy Jack" McPhee, former village president of Melvin, Wednesday morning in circuit court at Sandusky, told his version of the incidents leading to the death of his wife last Mar. 6, for which he is facing trial for murder.

McPhee testified he left his wife to gather clothing from a closet for the wash when he went to the first floor of their home at 5 a. m. March 6 to start breakfast and build a fire in the furnace. Each of them carried an oil lamp.

After completing the work he was to do, he noticed smoke and started upstairs to investigate. The smoke drove him back to the first floor and he called for help beating on a steel gasoline drum to attract attention.

McPhee had no knowledge of the will drawn by his wife in his favor several years ago, he said. He testified that the property had been his and that he transferred it to her.

COACH YOST HAS FOUR GOOD REASONS

For Not Indulging in Liquor—Looked it Through First.

Fielding H. Yost, director of athletics of the University of Michigan, has four reasons for not indulging in liquor—physical, mental, moral and financial, he told a church organization of students at Ann Arbor.

"I never tasted a drop of liquor in my life," he commented, "not that I came to this decision from a moral standpoint, but I always like to figure out what the game is before I go into it, and as for the liquor game, I figured out it would lick me physically, mentally, morally and financially. So I kept out of it."

FAKE OFFICER, NOT HIS VICTIM, PAYS FINE

On complaint of the village marshal, Louis Brooks was brought before Justice Cragg on the charge of impersonating an officer, showing his badge and offering to settle the matter. Upon arraignment the defendant pleaded not guilty, and demanded a hearing. Three witnesses were sworn on each side. From the testimony produced, it was alleged the defendant apprehended his victim on one of the public streets of the village of Cass City in the night time, who had parked without lights. Brooks demanded \$15.00, but his capture was apparently without the necessary funds and pleaded for mercy, claiming this to be his first offense, he should be let off more easily.
