Mike Czup of Akron was brought to the county jail at Caro insane. He will be taken to the State Hospital at Pontiac.

Anthony Boigard of Piquette, John Toth of Lamotte, Chas. Messner of Moore and Mary Wicks of Lamotte were each fined \$18.00 by Justice John Hyslop for failure to send their children to school. The fines in all cases were paid.

Yale, feeling the need of a hospital, is considering the feasibility of establishing a community hospital. A building, 35x70 feet in size, fireproof in construction, with two stories and basement, would meet the needs of the town says the Yale Expositor.

Now that the celebrated McPhee case is over the bills are beginning to come in. The first cost of course was the expense of the trial jury and this amounted to more than \$1,000. Bills so far paid for witnesses and jury are about \$4,000. Bills yet to be paid include the doctors' bills for expert testimony given at the trial and the bill of Alex B. Simonson, special prosecuting attorney, who has spent much time in the preparation and trial of the case. The board of supervisors estimated the probable cost of the trial to be \$7,500 and upon good authority it can be said that the expense will not exceed \$6,500 unless the case is carried to the supreme court. Whether the case will be carried higher will not be definitely known until Nov. 26.—Peck Times.

Circuit Court Judge Williams of Lapeer confirmed the sale of the Vassar Foundry Company's holdings in Vassar on Monday to Charles R. Talbot, vice president of the National Bank of Commerce, of Detroit. The sale includes the real estate and equipment and was sold for the sum of \$26,300, a division making \$11,300 on the real estate and \$15,000 on the equipment. Mr. Talbot is making plans to operate one of the units at an early date and hopes to place both units on production in the near future.

Fred Clemets, a Harbor Beach farmer, was sentenced Friday to five to ten years in Jackson state prison after he had pleaded guilty before Judge Beach to a statutory charge. He was arrested in September and has been in the county jail since his arrest.

Disregarding all signals of the approaching Michigan Central passenger train while passing through Caro at noon Thursday, Bert McCormick and Oscar Stanton, both of Flint, sustained serious injuries when the train crashed into their machine at the main crossing on State street, hurling them about two rods. The train was coming from Vassar at about a ten-mile rate as it was nearing the depot, and the machine at a high rate, is the report. The crash caused the gas tank to explode and set fire to the car which was reduced to a mere junk heap within a short time after the accident.

Judge Beach sentenced Paul Berns on Thursday morning to Jackson prison for from two and one-half to five years at hard labor. On Tuesday Berns quite unexpectedly plead guilty to the charge of embezzlement that has been pending against him almost a year. Judge Beach gave Berns a severe scoring before passing sentence. Berns has cost Huron county a great deal. Complaint was made against him by Thomas Coddling, a Grant township farmer, who claimed that Berns sold his Ruggles truck stock and kept the money. After the warrant was issued Berns could not be located but after several months' chase in four states he was located in Cincinnati and brought to the county jail last June. After several weeks' effort he obtained bail by putting up security. The bail was \$2,000. Berns was to be tried early in October and reported for trial. Court was put over for a week and when the case was called the defendant could not be found. Judge Beach declared the bail forfeited and issued a bench warrant for Berns' re-arrest. Sheriff Burns next found him in Toronto about two weeks ago. It was expected that he would stand trial.—Bad Axe Tribune.

Rev. Littlejohn, presiding elder of the English Methodist church was at Pigeon Wednesday morning and called a meeting of the trustees, of the local church with a view of selling the property. The trustee board objected to the sale and Rev. Littlejohn turned over the property for the use of the Woman's Home Missionary Society. They are to receive all back rents and also to collect the rents from the parsonage, and are planning to use this money to repair and remodel the church building into a Community House. It will also be used by the society for their meetings, and will be available for public use by securing the permission of the Missionary Society. When these plans are completed, Pigeon and vicinity will have a community center, that they can well feel proud of.—Progress.

ALL WORN OUT

Does morning find you with a lame, stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Cass City people endorse Doan's Kidney Pills. You can rely on their statements.

O. A. Withey, farmer, Main street, Cass City, says: "I have used Doan's Kidney Pills off and on and they always give me wonderful relief from backache. I had a lame back brought on by continuous stooping and hard work. I suffered from a dull ache over my kidneys and they acted irregularly. My kidneys were so weak and I was so run down that twenty minutes' work in the field used me up and I had to sit down and rest. Mornings when I got up I had such a backache I could hardly get around to do my work and I felt tired and languid all day. After taking a box of Doan's Kidney Pills, I was rid of these awful backaches and my strength returned so I could do any amount of work."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Withey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advertisement 4

The Store for Children

To us, one of the pleasures of good store keeping is catering to the needs of children. And especially is this true during the Holiday Season when the excitement of Santa's coming emphasizes the need for sincere courtesy to these little folks who look forward so confidently to the visit from good, old St. Nicholas.

Have the children leave their letters to Santa Claus at this store.
