PRESBYTERIANS WELCOME NEW PASTOR AND WIFE

Very Cordial Feeling Between Pastors and Laymen at Monday Evening's Gathering

About 150 persons including members of the Presbyterian church, friends of Rev. and Mrs. Wm. Schnug, and pastors of the other churches, gathered at the church on Monday evening for a reception, welcoming Mr. and Mrs. Schnug to Cass City.

After the program the company gathered in the annex to eat ice cream and wafers. Those who were present stated that a more cordial feeling could not be felt between pastors and laymen.

GIANT KATE STANDS HIGH AT BIG LIVE STOCK SHOWS

Local Pig Club Winner Will Be at Kansas Royal and International Exhibitions.

Willis Campbell has just received returns showing the remarkable success attained by Giant Kate, the O. I. C. pig which headed the local pig club, and which has been exhibited at 10 fairs this fall, several of them being the big exhibitions of the nation.

	Pig	Open club
	class	class
Grand Rapids	1	1
Detroit	6	2
Caro	1	1
Cass City	1	1
Bay City	1	1
Petersburg	1	1
Hamlet, W. Va.	1	1
Shreveport, La.	2	1
Richmond, Va.	2	1
Jackson, Mich.	2	1

Giant Kate will be shown at the Kansas Royal stock show at Kansas City this week and will then go to the International show at Chicago. That she will be placed among prize winners at both of these big fairs is anticipated.

Three of the winners in the local pig club will represent Tuscola county as competitors for the state championship, a fact pleasing to both Mr. Campbell, agriculture teacher in the local schools, and Roy Bricker, cashier of the Pinney State Bank, who perfected the organization of the local club.

PREDICT SHORTAGE OF GOOD SEED CORN

Indications are that good seed corn will be scarce in Michigan next spring according to Prof. J. F. Cox, head of the farm crops department at the Michigan Agricultural College.

Seasonal conditions that have prevailed this fall are held responsible for the condition, brought about by high moisture content in the state crop. "Ear corn throughout Michigan carries an unusually high percentage of moisture at the time it is harvested from the field this year," says Professor Cox in discussing the situation.

"Special care should be taken to select and dry seed corn thoroughly, in view of the general situation. Farmers having high yielding fields of good varieties may find it profitable to save and handle for seed more than the usual amounts of seed stocks."

GRADED POTATOES ARE BEST SELLERS

E. J. VERDUYN, FRUIT INSPECTOR, HERE TO INFORM DEALERS.

Nation's Crop Is 20,000,000 Bushels More Than Nation's Consumption.

"When Michigan farmers place their apples in neat boxes like those used by western growers and select and pack their fruit in a similar manner, they will be able to command much higher prices and larger sales for the products of their orchards," is the opinion of E. J. Verduyn of Novi, Mich., a fruit inspector of the State Dept. of Agriculture.

The nation's potato crop this year, according to the Federal government's report, is 20,000,000 more bushels than the amount consumed in the United States. For that reason the best potatoes well graded command the higher prices and are most in demand.

Mr. Verduyn is making a tour of the Thumb in the interest of better potatoes for Michigan. He will visit 13 towns in Tuscola, four in Huron and four in Sanilac county.

U. S. No. 1 is the grade which has been adopted for Michigan growers. Requirements of this grade are:

CASS CITY BOYS CHOSEN OFFICERS OF NORMAL CLASS

Harry Smith Is President and Chas. Whale Treasurer of Sophomore Class at Kalamazoo.

Harry Smith of Cass City was elected president and Charles Whale of Cass City was elected treasurer of the sophomore class of western state normal at Kalamazoo in the school's annual fall election.

Both Cass City boys were chosen in spirited contests, though Smith won by the biggest margin of any candidate, defeating his nearest rival, Willis Peck of Ionia, by 140 votes. A vote of 1,102 was polled among the four classes of the college from an enrollment of 1,973.

Smith is a track man and active in the "W" club. Both Smith and Whale are members of The Players, the normal dramatic organization, and of the Tribunal, one of the school's leading debating clubs.

Smith finishes a physical education course in June. Whale is studying to teach senior high school subjects.

MARLETTE DEFEATED CASS CITY 6-0 ON FRIDAY

Both Towns Send Many Spectators to See Evenly Matched Teams Struggle on Muddy Field.

Clay may make an excellent base ball diamond in the good old summer time but when the base ball diamond becomes part of a foot ball field on a day of continual drizzle of rain like last Friday, foot ball is not played under advantageous conditions. This happened at Marlette Friday when the Cass City high school eleven, champions of Tuscola county, met the fast Marlette team, champs of Sanilac county, who have been undefeated this season. Marlette emerged victor from the struggle with the long end of the 6-0 score.

Despite the rain, both towns turned out a large number of fans to see their heroes contest in a sea of mud. The game was featured by forward passes and punts, both teams being forced to use this style of play as straight football was practically impossible owing to the condition of the ground. Dame Fortune favored Marlette, their score coming as the result of a fumble by Cass City which Knapp of the opposing team luckily snatched on the bound and raced the ball behind the goal for the only points of the game.

Due to the condition of the field and a wet slippery ball, both sides had to depend quite extensively on punts. In this work, "Chick" Hunt of the local had a decided advantage over his opponent in that line of play.

Several neat forward passes were neatly executed by Cass City which netted much ground, one netting 20 and another 25 yards.

In the last half, both teams seemed, neither being able to gain consistently until in the third period a Cass City fumble paved the way to victory for Marlette.

In the final period, Cass City opened up with forward passes, three out of five of which were successful. Large gains resulted. Cass City marching from 20 yard line to 20 yard line before they were held for downs.

THANKSGIVING DAY SERVICE.

Again we are nearing the annual Thanksgiving season. In accordance with the proclamations from the rulers of state and country, we join in calling you to pause in church and firesides, to give humble thanksgiving to God for His abundant blessings in material and spiritual good. As in former years, we will again meet in public worship on Thanksgiving Day, November 29th. The service will be held at the Presbyterian church at 10:00 a. m. Rev. A. G. Newberry of the Baptist church will deliver the address. Other pastors in the city will participate in the service. Not only the membership of the churches but also the community at large is most earnestly invited to come together on that day and give grateful thanks for national and personal benefits.

It is the aim that the entire program shall not exceed one hour and fifteen minutes, thereby giving ample opportunity for those who may have invitations to Thanksgiving dinner. "Let us give thanks."

F. L. POHLY, Pres. Pastors' Alliance.

MONTAGUE HOTEL BIG FIRE LOSS

CARO'S FINE HOSTELRY WAS VICTIM OF FLAMES WEDNESDAY NIGHT.

Most Modern Hotel Building in Thumb District Built by Chas. Montague in 1900.

The Montague hotel building at Caro, the finest hostelry in the Thumb district, was totally destroyed by fire Wednesday night.

The fire was discovered about 8:30 and it is thought that it originated in or near a dumb waiter shaft which was situated back of the hotel office and ran from the main floor to the second and third floors of the building. The fire proved a stubborn one to fight and aid was asked from the Saginaw and Bay City fire departments. Both cities sent a fire engine and a detachment of firemen to help fight the blaze. With their help, neighboring buildings were kept from catching fire and the blaze was confined to the hotel building. The firemen had an all-night job playing streams of water on the burning structure. Part of the furniture of the first floor was saved.

The loss was variously estimated Wednesday night by Caro citizens, their figures ranging from \$100,000 to \$200,000. Insurance carried on the building and fixtures was said to be \$7,000. The building and fixtures were the property of the Chas. Montague Estate while the furniture and furnishings were owned by Snyder & Hands, who had leased the building. This firm have been managers of the hotel since early this year, succeeding Geo. Gidley in that capacity.

The Hotel Montague was built by the late Chas. Montague in 1900 and the cost at that period is said to have been \$50,000. The first story was constructed of stone and the two upper stories of wood and stucco. It was finely furnished and a model hotel offering sufficient hotel facilities and re-moves a beautiful building from its business street. Caro has one other hotel, but this is not large enough at present to meet the needs of the county seat.

Hardware dealers of Tuscola county were conducting a convention in the hotel when the fire was discovered Wednesday evening. The men had just finished their dinner and the program had been in force about 15 minutes when the alarm was given that the building was on fire. Delegates reached the cloak room just in time to save their wraps from the blaze.

ANDREW CLOAKY BECOMES CENTENARIAN

FORMER CASS CITY RESIDENT REACHED CENTURY MARK NOVEMBER 5.

His Receipt for Long Life—Plenty of Hard Work and Not Always Enough to Eat.

Andrew Cloakey, father of Mrs. Clark S. Bixby of Cass City and a former resident of this community, rounded out his century of years at the home of his son, Geo. H. Cloakey, 3413 Sixth St. West, Calgary, Alberta, on Monday, Nov. 5. The hackneyed old words, "still hale and hearty," stand true in this case. Many a younger man might envy Andrew Cloakey's upstanding figure, his fine head of white hair, his almost un-wrinkled face, his bright eye, his keen intellect and his remarkable powers of hearing.

A Calgary Daily Herald reporter who was designated to interview Mr. Cloakey at his home expected that he would be ushered into a bedroom where he would find a feeble old gentleman propped up in bed and was astonished to be told that he could see Mr. Cloakey in his son's office downtown. When the Herald representative presented himself the next morning he found the newly arrived centenarian walking as uprightly as any man in the prime of life, carrying no stick to support himself, and wearing no spectacles to aid his sight.

"It was indeed difficult to believe that this man had actually lived 100 years," says the Herald, "and still retained every faculty as completely as a young man."

THANKSGIVING DAY PROCLAMATION BY GOVERNOR

No Day in All the Year So Wholly American as Thanksgiving Day.

The following Thanksgiving Day proclamation has been issued by Governor Alex J. Groesbeck:

"For the Lord is good; His mercy everlasting; and His truth endureth to all generations. Let us 'enter into his gates with thanksgiving, and into his courts with praise; be thankful unto Him, and bless His name.'"

"Pursuant to a custom which has endured through many generations and by direction of the President we have again been called upon to set aside one day of this glad and prosperous year for Thanksgiving. There is no day in all the year so wholly American as Thanksgiving day and there is no day in the year when greater opportunity is offered for re-viving our patriotism and making manifest our love of country.

"America, in this year about to end, has much for which to be thankful. In our sorrow over the loss of a great and good leader, the Almighty lifted up another great and good President to guide us. The sudden death of a great chieftain might be expected to cause disorder and political dissatisfaction. Our advance onward and upward under the direction of our new President has been without interruption or turmoil, proving once again that this is a nation guided by Providence. A sister nation suffered from a frightful calamity, through our bounteous prosperity we were able to relieve suffering and quell despair.

"For the Lord is good; His mercy everlasting—so we have endeavored to display to the world that His ideal is our ideal and that we have mercy unbounded. Our destiny is service to humanity. Let us not be swayed from our purpose.

"Our continued social peace and tranquility and our amazing prosperity, educational, agricultural and business development are due to the mercies of the Lord because we have always been thankful unto Him.

"But because our crops have been good and our industrial conditions satisfactory, let us not forget the necessity of careful living, let us not spend our bounty in extravagance, let us never be wasteful of that which has been provided. Let us conserve so that no matter what the emergency, we will always be able to provide freely for those not so fortunate as ourselves.

"In pursuance to our time honored custom and in accordance with the proclamation issued by the President of the United States and by virtue of the authority vested in me as Governor of Michigan, I hereby designate Thursday, November 29, 1923, as a day of Thanksgiving and Prayer."

J. H. HOLCOMB

PHONE 82

LOCAL HAPPENINGS

Some people are victims of absent-mindedness which places them in embarrassing situations now and then, which when told with embellishments prove to be very entertaining. One of our prettiest recently-weds pulled up beside the curb at Holcomb's grocery and gracefully alighted from her Ford sedan. Entering a store on so in the block, she made purchases which she piled high on her arm. As she felt her way back to the car she muttered to herself "What else was I supposed to get?" and counting off on her fingers her purchases she puzzled, "Buttons, sugar, rice, cinnamon, vanilla, and—, I simply can't remember what the last one was. I guess I'll have to go home without it!" Disgustedly, still striving to remember the lost word, she climbed into the car. Grasping the steering wheel, she felt slowly for the starter. For a moment she withdrew her hand from her forgotten eatable to see why her car wouldn't start. "The key isn't turned on," and glancing in that direction she discovered with horror that the key was not where she had left it. She groped wildly through her pockets. And as she frantically sought the missing key on the cushions and floor a still more terrible expression seized her countenance. Inwardly she shrieked and hurriedly picked up her bundles which she had laid on the seat beside her. Climbing quickly out of the machine she sighed, "What would the owner of that car think if he saw me calmly trying to drive his car away?" She glanced around and discovered no one had seen her and thanked her lucky stars as she climbed back into her own car.

Rev. I. W. Cargo has received registration blanks this week for the Crusaders Conference which will be held at Bad Axe Friday and Saturday, December 7 and 8. The conference is for young people from the ages of 14 to 24 and Dr. and Mrs. Peter F. Stair of Detroit will lead the meetings. Friday evening the conference opens with a banquet in the church. Quite a number of young people from the local church are intending to attend. The district visitation began this week Wednesday and Mrs. Stair will be at points near here on the following dates: Kingston, Monday, Nov. 26; Deford, Tuesday, Nov. 27; and Argyle, Wednesday, Dec. 2.

Mr. and Mrs. W. J. Carter and Mr. and Mrs. L. B. Middleton of Crosswell, Mr. and Mrs. Geo. McIntyre, jr., of Columbiaville, W. L. Mann, D. C. McIntyre, Eugene Schwaderer, Mr. and Mrs. B. L. Middleton, Mr. and Mrs. Roy Bricker, Mr. and Mrs. Geo. McIntyre, sr., and the Misses Mary McIntyre and Alice Bigelow were guests of Mrs. E. Hunter and Miss Isabel McIntyre at a chop suey supper Sunday evening. After the company had devoured more than their share of the Chinaman's dish, they gathered at the home of Mr. and Mrs. Roy Bricker to pop corn.

Miss Marie Keenoy very delightfully entertained a few of her friends on Friday evening. Cards and other interesting games were played and a light lunch served. All the guests will remember the little social occasion with great pleasure.

Mr. and Mrs. Earl Walter and Mrs. Jones of Clarkston and Mrs. Anna A. Parker of Wilmot attended the M. E. church here Sunday morning and called on Rev. I. W. Cargo, who was their former pastor.

Mr. and Mrs. Stanley Fike and daughters, Iva and Charlotte, spent Sunday afternoon with Mr. and Mrs. Wm. Heronemus of Decker.

Mortgage Sale.

Whereas default has been made in the payment of the interest on a certain mortgage dated the 1st day of October, A. D. 1920, executed by Charles E. Tilden, a single man, of Koylton, Michigan, in favor of Josephine Hopkins, and recorded in the office of the register of deeds of the County of Tuscola, in said state, in liber 149 of mortgages on pages 152 and 153, on the 4th day of October, A. D. 1920 at 4:00 o'clock in the afternoon; and

Whereas it was specially provided in said mortgage that should default be made in the payment of the principal or interest or any part thereof when the same became due according to the terms of said mortgage, and should the said principal or interest or any part thereof remain unpaid for the period of thirty days, then the entire principal and all arrearages of interest should become payable immediately thereafter at the option of said mortgagee, her legal representatives and assigns; and

Whereas it was likewise provided in said mortgage that in case of default in the payment of the taxes levied upon the lands described in said mortgage or the premiums required to effect insurance on the buildings thereon, by the said mortgagee, within the time prescribed by law, it should be lawful for said mortgagee to pay the same and that the moneys thus paid should be a lien on said premises—added to the amount secured by said mortgage; and

Whereas by virtue of the foregoing provisions, the amount claimed to be due on said mortgage at the date of this notice for principal and interest is the sum of eleven hundred twenty-three and sixty hundredths (\$1123.60) dollars; for the taxes for the year 1922 the sum of thirty-four and sixty-nine hundredths (\$34.69) dollars and the further sum of two and thirty-eight hundredths (\$2.38) dollars for insurance paid by said mortgagee, making a total sum due on said mortgage of eleven hundred sixty and sixty-seven hundredths (\$1160.67) dollars, in addition to the costs legally chargeable for the foreclosure of said mortgage; and

Whereas no suit or proceeding, at law or in equity, has been instituted to recover the said sum or any part thereof.

Now, therefore, notice is hereby given that said mortgage will be foreclosed by a sale of the premises described therein at public auction, to the highest bidder, at the front door of the court house, in the city of Caro, in the said county of Tuscola, on Monday, the 31st day of December, A. D. 1923, at one o'clock in the afternoon of said day.

Pagel's Sanitary Fountain

NON-FREEZING

The simplest, handiest, and most practical fountain made. Keeps water warm in winter and cool in summer. Has no lamps to trim and no valves to get out of order, saves time, labor and worry and costs nothing to use. This fountain has been on the market for nine years, has been used by prominent poultry men throughout the country and has stood the test in all temperatures.

You will notice in reading articles written by authorities on egg production that clean water of the right temperature and plenty of it, which Pagel's Sanitary Fountain is guaranteed to supply, is an absolute necessity to good health and heavy egg production.

BUY YOUR EGG MASHES HERE. or if you prefer to mix your own mash, we can furnish the proper ingredients such as Meat Scraps, Bran, Middlings, Chop, etc.

We sell Oyster Shells every Saturday for \$1.00 per 100-lb. sack with every 50 lbs. of flour sold at the regular price.

Ladies' Aid dinner at Moulton's store Friday made \$10.25 clear.

Mrs. Helen Schmuhl and baby of Cass City spent a couple of days with her parents here last week.

Harry Woodruff and Chas. Martin came back from their hunting trip last Tuesday evening.

Orla Moulton, wife and children of Caro visited in Wilmot Tuesday.

Grandpa Barrows, who has been poorly for some time past, has been better for several days. He is able to be up most of the time.

Mrs. Robert Hawkins is visiting in Detroit this week.

Lee Penfold is moving down from Kinde. He expects to move to Pontiac.

Mrs. Cora Smith and two children have gone to Pontiac where she expects to find work for the winter.

F. W. Hopps, wife and two children and Miss Allie Hart of Detroit spent the week-end at E. N. Hart's.

Mr. and Mrs. Mark Gemmill of Caro spent the week-end with her parents here.

Congratulations to Mr. and Mrs. Ernest Cooper over the arrival of a 12-lb. son Sunday evening.

Oscar Berry of Flint spent the latter part of the week here visiting relatives and hunting.

Herbert Powell brought the remains of his second daughter, Althea, aged 13 years to his father's home Friday evening for burial. It was very sad, it being the third funeral from that home inside of four weeks. Another daughter, 4 years old, died two weeks ago. Both died from typhoid, followed by pneumonia. A sad accident occurred less than two weeks before the first child's death when Leslie Powell lost his life from a gun shot wound.

Mr. and Mrs. Bert Bartin of Pontiac spent from Thursday until Sunday at their home here.

Wm. Moulton is working at the canning factory at Caro.

Mrs. Anna A. Parker went to Detroit Friday and came back Saturday afternoon.

The Law and the Railroads

Railroad recovery in Michigan—the "Better Service" you hear about and enjoy—is being provided you despite the severe handicaps imposed by a multitude of special laws.

Such laws have established certain governmental bodies entirely separate and without co-ordination. These bodies fix our rates for carrying freight and passengers—pass judgment on all of our security issues and other financing—specify the working hours of our employes and the wages we must pay them—limit our profits, when there ARE profits, to a small and definite maximum—have full jurisdiction over our tax assessments—restrict rigidly our methods of competition—hedge about, with a multitude of restrictions, every department of our operations.

Michigan's 24 steam railroads honestly try to obey every one of these laws. We do not even ask for a lightening of this load. But we do maintain that this present burden should NOT be INCREASED.

We are furnishing you today the best transportation you have ever had. With conditions unchanged, we can see our way clear to still further improving our service.

Give us a square deal—an honest chance.

And let this Association know you consider this a reasonable request.

Michigan Happenings

M-16, the Grand River avenue road between Detroit and Lansing, will be completely paved by next July 15. There are 42 miles of gravel between Lansing and New Hudson. State labor is to be put to work as early as possible in the spring and grading will be done by prisoners this winter. It is expected that the same route from Lansing to Grand Rapids will be completed early next year. According to present plans the entire paved way from Detroit to Grand Rapids will be completed in 1924. In a formal opinion submitted a few days ago in Lansing, to John Baird, state director of conservation, the State Attorney-General's Department holds that counties through their boards of supervisors, have authority to pay bounties for the destruction of obnoxious animals. It reverses the opinion of Thomas Clancy, Marquette County prosecutor, and upholds the action taken in October by Dickinson, Gogebie, Delta, and Menominee county supervisors who voted to pay bounties. Bay County commissioner of Schools John B. Laing, who inaugurated the sugar beet campaign for rural school children, has notified all school boards in the county that absence because of the campaign hereafter will bring vigorous prosecution. He urges uniform dates for the vacation. Because of a late start in the harvest this year, work in the schools has been delayed. He cites the instance of one school with an enrollment of 54, that last week had an average attendance of 7. Edward A. Westrope, veteran mail carrier of Alpena, after 28 years service, was retired automatically when he reached the age of 65. Westrope, formerly on the police force, was actively identified with the capture of the famous "Blinky" Morgan, who fled from Cleveland to Alpena in 1887. Only Westrope and his brother, S. M. Westrope, who was chief of police at the time, are alive of five who captured Morgan and his gang. Snow drifts are to have no terrors for Muskegon County motorists next winter, according to the Muskegon County road commission. The 71 miles of trunk line highway in this county are to be kept free of snow during the winter. The highway department has acquired two improved caterpillar tractor snow plows. to be used in addition to the present equipment for fighting snow drifts. Regardless of weather conditions Ann Arbor car ferries will operate all winter service to Menominee this coming winter. This decision was arrived at by officials of the Ann Arbor line at a meeting in Menominee. Commercial advantages are too great to forsake business for several months each year because of weather conditions, said one of the officials. The State Department of Conservation faces the problem here of beating winter in the construction of Manistee County's forest fire tower which was begun last week. The location is said to be the highest point in Manistee County and it is thought that when the tower is erected practically every region of the county will be visible from it. Caught in a fire which destroyed barns, livestock and crops on the Gates farm near Galesburg, William Schuyler burned to death recently. Schuyler was subject to heart attacks and it is believed he fell unconscious in an attack and his lighted lantern set fire to the barn. Thirteen cattle and four horses besides hay and grain, were burned. W. Frank Knox, who up to about 15 years ago was editor and publisher of The Evening News, of Sault Ste. Marie, in a letter to ex-Governor Chase S. Osborn, says that he intends next year to run for the governor of New Hampshire. Since leaving Michigan Mr. Knox has been editor of the Manchester Union and Leader. Mrs. T. J. Hollister, 94 years old, a resident of Hart for 43 years, died recently. Her husband, a daughter, seven sons, 35 grandchildren, 69 great-grandchildren and two great-great-grandchildren are living. Fire destroyed the Michaelson Memorial M. E. church and parsonage with a loss amounting to \$50,000. This was the only English-speaking Protestant church in Grayling. Dewey Armstrong, 25 years old, of Bay City, structural iron worker stood on the top of a steel column to take a drink of water, lost his balance and fell 45 feet to a concrete floor, receiving only a fractured ankle. Steps to protect Michigan potato growers who are having trouble getting cars for shipments have been taken by the Public Utilities Commission, Peter Fagan, secretary, announced.

A forestry sub-station, which will be a branch of the Great Lakes regional station in St. Paul, will be established in the Upper Peninsula next spring, according to J. A. Mitchell, of St. Paul, who said that he will be in charge of the peninsula branch. It probably will be located between Munising and Marquette on a tract of forest land which it is understood will be donated to the Government. "The forestry station will do for lumbermen what the State agricultural experiment stations are doing for the farmers."

About 4,000 Lower Peninsula hunters have crossed the Straits of Mackinac for their annual deer hunt, it was announced by Stephen Dowd, purser on the car ferry; Chief Wawatam, running between Mackinaw City and St. Ignace. This is the smallest army of huntsmen recorded in years. Last year more than 8,000 crossed the straits. The buck law and the mild weather are given as the reasons for the slump. About 400 cars, carrying hunters, have been ferried across the straits.

Three Niles men, all employees of the Michigan Central Railroad, met tragic deaths recently. Russel Zwergel, 28 years old, World War veteran, fell from the roof of a box car while switching and was instantly killed. Albert Nolan, 37, World War veteran, and John P. McAuliffe, 35, both railroad detectives, were killed when Nolan drove their automobile against a Michigan Central passenger train on the Air Line division.

Miss Carie L. Dicken, teacher in Ann Arbor public schools for more than a quarter of a century, and Henry W. Douglas, president of the community fund association, were given Peace time citations "for outstanding civic services during the past year" by Erwin Prieskorn Post of the American Legion at Armistice day exercises in Hill auditorium.

Miss Lorena B. Jones, of Meade, a sophomore, will represent Albion College in the annual intercollegiate oratorical contest for women in Hope College, Holland, in March. She won the local contest and took a prize of \$25. Second and third prizes of \$15 and \$10 went to Miss Lucy Glenn, of Cincinnati, and Miss Mary Bachelor, of Albion.

After 42 years of service as light-house keeper, Wright Ripley of Charlevoix, has retired under pension. He served two years as keeper at Point Aux Barques before the light was established at Charlevoix. E. C. Steritt, of Twin River Point, Wis., succeeds Ripley, who formerly was at Mackinaw City and Waugeshanee Island.

Mrs. Augusta Spalding, 84 years old, life-long resident of Monroe and widow of General George Spalding, veteran of the Civil war, former post-master at Monroe, member of congress from the second district of Michigan and president of the First National bank at Monroe, died recently at her home.

The semi-centennial of public health will be the keynote of the third annual conference of health officers and public health nurses. The conference is to be held in Lansing December 12 to 14, under the auspices of the Michigan department of health and the Michigan Public Health association.

Arising and saying "If it please the court—" for the last time, Lovell H. Gage, dean of Northern Michigan attorneys, announced in Circuit Court at Traverse City recently, that after 54 years of active practice, he has arranged his affairs to retire from active law practice and take a look about.

Joseph Cohn, employed in the county treasurer's office at Detroit, lost an arm while hunting at Loranger's Club House, eight miles from West Branch. He was leaning on his shotgun when it was suddenly discharged shattering his entire arm.

The village of Marysville is to be made a city. A petition is now being circulated. The last Legislature passed an act which provided that villages with a population less than 2,000 and more than 700 may become cities of the fifth class.

Captain William P. Robertson, who has sailed the car ferry, Chief Wawatam for the last 12 years died at Mackinaw City. He was one of the oldest captains on the lakes.

Fire of mysterious origin, destroyed Ottawa Beach hotel, at Holland, one of the state's most famous resorts, the hotel garages and a group of cottages with a loss of \$400,000.

An average of 85 persons a year, for the past 20 years, have been saved from possible death by the Pasteur institute of the University of Michigan which was founded in 1903 to give treatment preventing rabies.

A thorough test of the practicability of the new State Drainage District Law which became operative Sept. 1, is to be made by seven counties of the Thumb district, if plans hatched in Saginaw are brought to fruition.

People You Dislike. I never know which class inspires more horror in me—the people who tell you things you did know or the people who tell you things you didn't. The former insult one's intelligence, the latter one's lack of it.—From "Memories of the Future," by R. A. Knox.

Had His Ambitions. Discussing music the other day my little nephew was asked if he wouldn't like to take violin lessons. He answered, "No, I should say not. I want to belong to a real orchestra; one that walks down the street."—Exchange.

The Better Plan. Jubal Pride says its right and proper for folks to be forever hounding opportunity, but what appeals more to Jube is to be so much above the average that opportunity goes out of her way to seek him.—Exchange.

His New Dignity. Betty and Dick had a new nephew, and Betty seemed to feel the responsibility. One day when Dick had been unusually mischievous, she said: "Dickie, have you forgot you just been 'uncled'?"

Those Mad Wags. The butcher suggested a saddle of mutton. "Saddle?" said the man who was doing the marketing for his wife. "No, make it a bridle; I'll stand a better chance of getting a bit in my mouth."—Packers' Journal.

DEFORD NEWS

So live that you can conscientiously consider yourself the inferior of none.

Mrs. Samuel Sherk is still very feeble.

Benj. Gage of Oxford is in town for a few days.

The Jacoby and Bohm families were in Caro Sunday.

Mr. and Mrs. R. D. Lewis visited Sunday at Geo. Gee's of Caro and Wm. Fruer's of Unionville.

Miss Hazel McNeil of Petoskey is visiting Miss Neva Cones this week.

The E. L. Patterson family spent the week-end with Mr. Patterson's cousin near Ellington.

Some changes in prospect in our business departments.

Talk of attempting to become a village is revived.

James Spencer on McCracken farm southeast is in bad shape. He was kicked by a horse.

William Randall has bought the Frank Spencer house and lot and will become a resident of our town soon.

Mrs. James Spencer is in poor health.

Howard Retherford has been a resident of Deford for some time. We were not aware of the fact at last writing.

Poles are being set near the town but not to light Deford.

We have three of the most civil men in the state located within our borders—and should any dispute we will back up all we advertise so our disputant will hold his peace.

Mr. and Mrs. Leonard Patch of Detroit came on 13th and went back on the 14th.

Roderick Kennedy is some better.

We are credited with keeping our road west of here the finest of the fine.

The coal that was here for milk plant has all been disposed of.

We find in an almanac motto for married men—"Be sure you're right and then keep quiet about it."

Peter Bruen has a new well house.

Pole setting now north of Deford by the electric power company.

We have a taste of "London fog" every morning.

Gordon McCracken of Harvey, Ill., spent four days past week in this locality. He is 54 years old and has been away from here 30 years, and the change has been so great that when told at Detroit they take him to Deford with auto he was surprised at the idea but agreeably surprised to find a good road all the distance.

We are taught that the foreigner can make the rifle and pay for a piece of land regardless of the times. But that view doesn't hold good with many of the poor fellows this year.

Mr. and Mrs. C. J. Malcolm returned Friday from a four weeks' visit in Canada.

The boys mean to be civil, but the frequent showers swell their muscles so a man of mature judgment should be around the hay sheds at all times.

As a rule our general merchant and meat vender keeps his head level, but when a prospect bid fair for lighting our city, the appendage swelled and he thoughtlessly went into the cellar when the coal was being dumped at a scuttle hole. There was lack of space for the swelled cranium and the flying coal, hence the gentleman received scalp wounds that will call for care many days.

Roderick Kennedy waived the hunt this fall because his health lacked, but now concludes he must be active and a tramp in the forest is needed. So if weather is favorable, he will chase the Michigan hare across four sections this week.

Next week our electric pole setters expect to move northward—They are an active bunch.

We are told by those that should know that the sugar beet factory will close about Dec. 1st.

William McCracken received a telegram Saturday from Tellamook, Ore., stating that his brother, Frank, died on the 16th of Nov. Frank McCracken was in fishing business in Oregon for past three years and single. His brothers here, Wm. and Joseph, did not go to his funeral because it required five days' travel to reach the point.

We notice that Ernest Lester, once of this locality, lately his home five miles west of Cass City, has moved back to Capac, his boyhood home.

The worst habit a person can contract is pitying self—for they expect others to pity them and pity always makes us childlike. Paul tells us when grown up to put away childish things and be men and women.

Mrs. Bessie Holt has gone back to Rochester, Mich., to labor at woolen mills.

Warren Sherk is expected home from Pontiac today.

If the Leghorn breed are the best layers 'tis strange it was not discovered before 1923. We go back more than 50 years when breeds were unknown. They were just hens then but got better results than now with all the highfaluting.

Good meaning people often force a hardship on the sick by keeping them stirred up, especially on the first day of the week.

E. A. Snaw, who resides across street from the church, is in poor health.

Our own county builder will span the creek four miles west of here. Wilsey has built many in Tuscola county, without losing his credit.

county, Mich., about 3/4 of a mile north of Clawson, there stands a large schoolhouse known by the rural-istic name of "Log Cabin"—named in honor of the first seat of learning built on the same spot between 80 and 90 years ago. A difference of opinion is held in regard to the exact site. Seventy years ago the writer saw the second school building placed on the ground of first "Log Cabin" school and the present structure is erected on the same site if we were sober when we looked the ground over this fall. One mile north town line road in Clawson, there is a cross roads known as "Council Corners" and 80 rods south of said C. C. on west side of road is the school. The first building was of logs covered with oak shakes, not very high, and let me give a reminiscence as handed to me by first settlers. The boys at that time walked on stilts and some of the larger ones could walk up to the building and seat themselves on the roof of the first "Log Cabin" school.

QUICK SCHOOL NOTES.

Bernice Quick and Viola Randall, reporters.

The sixth grade is learning "The Lady of Shalott" for reading.

The seventh grade is studying eight grade isatoinshrdlu South America in geography.

Eighth grade is studying plastering and carpeting for arithmetic.

The Quick boys and the Brown school boys had a football game on Monday. The Quick school won the game. The Quick school girls and the Brown school girls had a spelling match. The Quick girls won.

The Quick school gave a surprise party on Genevieve and Ronald Thompson Friday evening, as they are moving to Flint. They played games and had a grand time and a delicious lunch was served at eleven o'clock. Everyone reported a good time.

Stung is Right. An English nobleman who has an apiary sent to a dealer for a queen bee, and next day received the telegram: "The queen will arrive by 3:40 train this afternoon." The operator, supposing it referred to the queen of England, could not keep such important news to herself, and so there was a big crowd at the station when the bee arrived. Stung!—Boston Transcript.
