MEN'S COMMUNITY BANQUET DEC. 10

J. KENNARD JOHNSON, SEC. BAY CITY BOARD OF COMMERCE, WILL SPEAK.

Banquet Will Be Served by Presbyterian Ladies; H. W. Holmes Is Toastmaster.

Arrangements have been made for a men's community banquet at the Presbyterian church on Monday evening, Dec. 10, at which time J. Kennard Johnson, secretary of the Bay City Chamber of Commerce, will address the guests. H. W. Holmes, superintendent of the Cass City Schools, will preside as chairman and community singing will be in charge of Roy Bricker. The banquet will be prepared by the ladies of the Presbyterian church.

Arrangements for this community gathering have been made by a committee appointed at the Father and Son banquet held early this month. It is expected that a community organization will be effected at this meeting and that several similar gatherings will be held during the winter and spring months. Ticket sales are in charge of Rev. Schnug, L. I. Wood and John Marshall. This committee has placed tickets on sale at several business places in town and hopes to realize an early sale. The invitation is open to every man in the village and surrounding farming community.

PIG SURVEY CARDS DISTRIBUTED BY R. R. CARRIERS

Agriculture Dept. Prepares Hog Estimates for State and Nation from Reports.

Within a few days, rural carriers will deliver to farmers questionnaires which when filled in and returned to the Department of Agriculture will form the basis for the pig surveys made by the department. These show facts concerning hog production in the various states and nation. More than 200,000 reports have been received semi-annually by the department in this manner.

The pig surveys issued by the department show:

- (1) The increase or decrease in the number of sows which farrow each spring and fall compared to the same season in previous years.
- (2) The increase or decrease in the number of spring and fall pigs saved compared to the number saved the previous year.
- (3) The increase or decrease in the sows bred or intended to be bred for farrowing in the following spring and fall compared with the number which farrowed during same periods in previous years.

The hog producer may profit from these reports when issued by the government, and if each one will spend a few minutes in preparing and forwarding the individual reports, he will assist in making the survey more complete.

By determining from these reports the probable market supply months in advance and watching weekly and monthly receipts at markets, he can plan his own marketing operations more intelligently and decide whether to market his hogs light or heavy, early or late, depending upon what the reports show. A difference of a few pounds in the average weight per head makes a difference of millions of pounds in the quantity of pork produced.

By studying the intentions of other hog producers as shown in these reports with respect to breeding for the coming season he can determine whether it would be advisable to increase or decrease his own breeding operations. Thousands of farmers are now doing this.

NATIONAL GLEANER CONVENTION AT DETROIT DEC. 5-7

Delegates and Visitors Will Be Taken Through Ford Factory on Opening Day.

The fourteenth biennial session of the Ancient Order of Gleaners, is scheduled for December 5, 6 and 7, at Detroit, Michigan. The Hotel Statler at Detroit has turned over its splendid convention hall for use on this occasion, and in addition to the regular convention, the thirtieth anniversary home coming will be celebrated.

On the opening day, December 5, the delegates and visitors will, through special invitation, be taken to the great Ford factory, where guides will show them through the world's largest automobile factory. A visit to the national Gleaner Temple, at the corner of Woodward and Palmer Avenues, has also been arranged.

On Thursday evening, December 6th, will occur the thirtieth anniversary banquet, in the beautiful banquet room at the Statler Hotel. Men of national and state reputation will break bread with the delegates and visiting Gleaners.

Splendid musical program, readings, etc., will be presented and the committee in charge promises that there will be something doing every moment during the convention. The Gleaners close the biennial term with assets of \$1,923,391.30 and the reports show that benefits have been distributed to members exceeding eight million dollars. One million dollars have been distributed among the widows and orphans of deceased members during the past two years.

PRESBYTERIAN MEN ORGANIZE CLUB

ROY BRICKER HEADS SOCIETY OF 25 MEMBERS FORMED MONDAY EVENING.

Addresses Given by F. C. Striffler, Rev. Braby, Roy Bricker and Rev. Schnug.

Forty men accepted the invitation to attend the initial meeting of the Presbyterian Men's Club on Monday evening at the church parlors when the club was formally organized, a constitution adopted and officers elected. Twenty-five signed the membership roll and there are prospects of several more being added. Officers elected were Roy Bricker, president; A. E. Goodall, vice president; H. D. Schiedel, secretary treasurer. It is planned to hold monthly meetings of the society.

Much interest was manifested at Monday's meeting and a splendid program given. M. B. Auten presided as toastmaster in his usual capable manner and the following gentlemen spoke during the evening: F. C. Striffler of Caro, "How to Run a Town"; Roy Bricker, "Experiences in Russia"; Rev. Braby of Caro, "Constructive Manhood"; Rev. Wm. Schnug, "The Line of Discovery." Rollicking songs by the men interspersed the addresses.

The Misses Cathcart, Lang and Horner contributed several fine vocal selections with guitar accompaniment. First arrangements for the supper and program were made just a week before the event, but the short time devoted to the preparation did not lessen the enjoyment of the occasion and the guests were greatly pleased over its success.

P. O. DEPT. MAKES SUGGESTIONS FOR CHRISTMAS MAILING

Gives Rules for Proper Packing and Mailing and Advises Sending Early.

Co-operation in mailing Christmas gifts is being sought by the postoffice department. Here are suggestions of Third Assistant Postmaster General Glover:

Mail early. Prepay postage fully on all matter. Address all matter plainly and completely, giving street address whenever possible.

Place sender's name and address in upper left corner of address side. Pack articles carefully in strong, durable containers.

Wrap parcels securely but do not seal them except when bearing a printed label or indorsement reading: "Contents: Merchandise—Fourth Class Mail. Postmaster. This parcel may be opened for postal inspection if necessary," as sealed parcels not so labeled or indorsed are subject to postage at the letter rate.

Parcels may be marked. "Do not open until Christmas." Insure valuable parcels. Do not inclose letter with parcels as doing so would subject entire parcels to letter postage.

Written greetings such as "Merry Christmas," "Happy New Year," "With Best Wishes," and names, numbers, or symbols for the purpose of description may be inclosed with fourth class (parcel post mail). Books may bear simple dedicatory inscriptions not of a personal nature. Other written additions subject parcels to letter postage. Communications prepaid at the first class rates may be sent with parcels prepaid at the fourth class rate by securely attaching the envelopes containing the letters or other written matter to outside of parcels.

RUMMAGE SALE.

The Presbyterian Ladies' Aid will hold a Rummage Sale in the McKay & McPhail building on Saturday, Dec. 8. Adv. 2

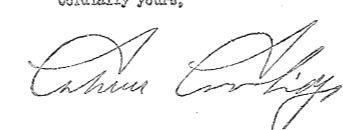

COULIDGE ASKS NATION TO OBSERVE "GOLDEN RULE SUNDAY" ON DEC. 2

THE WHITE HOUSE WASHINGTON

Dear Gentlemen:

It is with a good deal of satisfaction that I commend your proposal to observe an International Golden Rule Dinner Sunday, on the second of December, 1923. I feel sure that this suggestion will meet with very widespread approval and will bring more closely to mind the charitable requirements of those who are prosperous to those who are in adversity. It suggests not only a practical method for help, but the highest expression of sympathy, by sharing for a time the privations of others.

Cordially yours,

The plans for the observance of Golden Rule Sunday call upon the people of America to serve a menu in their homes similar to that served in the orphanages in the near east, the difference in cost of the orphanage menu and the ordinary meal to be contributed to orphanage work overseas. The observance is very appropriately fixed for the Sunday following Thanksgiving. Having on Thursday partaken from well-laden tables as a token of rejoicing in the prosperity of America, it is fitting that on the following Sunday people give special consideration to the needs and distress of those who are less highly favored.

WIRE EXPECTED TO REACH LOCAL SUB-STATION TODAY

Electric Lights Were Turned on in Cass City First Time on Thanksgiving Day 25 Years Ago.

Engineers in charge of construction for the Robert Rankin Construction Company are pushing the completion of the line of the Great Lakes Power Company. The pole line was completed to the local sub-station late last week, coming through Lexington, Crosswell, Applegate, Carsonville, Sandusky, Melvin, Clifford, Marlette, North Branch, Kingston and Caro. When the wire connections reach Cass City's sub-station today (Friday), the pole and wire line will be a continuous stretch of 140 miles.

Final inspection of the line by the Detroit Edison Company will be completed about December 1 after which service can be given as soon as work at the local switch board is complete. This work will take approximately two weeks.

These facts call to mind a peculiar coincidence. In the items of twenty-five years ago, it is stated that people who were then citizens of this city were staring in open-eyed, open-mouthed wonder at the new electric lights which for the first time were turned on, on the night of Thanksgiving. The writer of the item made an excuse for the lights which no wondrous very peculiar and paltry: "The evening being quite light, the lights did not appear at their best but everyone seems agreed that they are first class, the darker nights since having shown them up to much better advantage."

THUMB BEAN SHIPPERS ARE ORGANIZED

Twenty-five Elevators Represented in Organization Meeting at Sebawaing.

The Thumb Bean Association was organized at Sebawaing on Nov. 15 when representatives of 25 elevators in Huron, Tuscola and Sanilac counties met at the Hotel Hannah, and to which meeting all of the elevator men in the Thumb district were invited. Ed. Aymer of Fairgrove was elected president of the new organization and Gus Marotzke of Sebawaing secretary and treasurer.

The object of the Thumb Bean Association is to meet occasionally to learn to know each other better, to talk over problems arising in the business and to iron out differences and misunderstandings which may appear to exist among members but usually turn out to be false alarms; to create and maintain fair practices, both between members and growers, to devise ways and means to improve the marketing of beans, thereby increasing the demand and consumption; making room for increased production, thereby maintaining a stable and fair price to both grower and consumer.

WIN SEVEN OUT OF NINE GAMES

CASS CITY ENDED SEASON FRIDAY, DEFEATING BAD AXE 26-7.

Hunt's Accurately Timed Passes Given Credit for Victory of Local Eleven Friday.

The football game Friday at Bad Axe very favorably closed the football season for Cass City high school the score giving the local team 26 points and Bad Axe 7. It was especially gratifying in that the locals expected the score to be very close as at the last battle between the two schools the score totaled Cass City 18 and Bad Axe 0, the score not indicating the real ability of the Bad Axe team.

In Friday's game, Cass City made four touchdowns, kicking goals after two for two additional points. Three touchdowns were the results of forward passes. The first touchdown was due to the exceptionally fine work of Hutchinson, who just caught the pass in his finger tips while he was on the dead run. After catching the ball, he ran 35 yards for the touchdown. This is one of the best plays of its type seen this year.

A pass from Hunt to Moore, who made a wonderful catch and raced to the goal line, scored the second touchdown.

The third ringer was a result of a steady drive up the field made by line plunging and end running of which Hunt and Gowen did the lion share.

The next move of importance was a pass from Hunt to Hutchinson, who again made an extraordinary catch running 20 yards after receiving it for the final touchdown.

Much credit for victory in this game should be laid to Curtis Hunt for his passes were very accurately timed and he was able to lead the team so that the passes might be caught by local men but could not be intercepted by members of the Bad Axe team. All back field men should be given credit for they played a fine game. Benkelman showed up in good form as usual. Gowan's generalship in selecting the right plays at the right minute was good. Hunt's line plunging and end running counted for good gains. Hutchinson's catching of passes was a feature in the work of the back field men. Captain Smith, playing his last game, was able to break through the line time and again tackling opponents for losses. West at the other tackle was also good. McBurney along with Moore was able to turn in the end runs of Bad Axe and the two guards and center were also able to hold very well.

All in all, Bad Axe was able to make only a few first downs. Toward the end of the game, all Cass City's substitutes were put into play. During the last minute of play Bad Axe put over a touchdown coming as the result of several successful passes. The outstanding stars of the Bad Axe team were Dickinson and Smith.

In reviewing the past season's work, Cass City has been more successful than it has been in many years, having won seven games out of nine played.

The scores are as follows: Cass City 7, Uby 6. Cass City 33, Deckerville 0. Cass City 0, Uby 21. Cass City 13, North Branch 0. Cass City 13, Pigeon 0. Cass City 18, Bad Axe 0. Cass City 19, Caro 0. Cass City 0, Marlette 6. Cass City 26, Bad Axe 7.

background. He warned the younger persons in his audience that although the warm south wind was gently blowing now, without proper guidance from a Higher Being, the storms of life would not easily be passed. Mr. Traynor denounced many popular amusements and sanely showed his attitude on these questions, compelling many who listened, through logical thought development, to agree with him in the matter. Great good was derived by both mothers and daughters and they were all much impressed by the frank, straightforward address.

A large audience again filled the church in the evening when the final service of the campaign was held. Rev. Traynor delivered a marvelous sermon full of eloquent figures and dramatic earnestness. He vividly lived through the last days of Christ's life in such a realistic portrayal that there were none in the audience who were not deeply impressed. Several converts were realized in the last meeting and many more rose to their feet as evidence that they had been reconsecrated to Christian living. The people of Bethel bade Mr. Traynor farewell with sadness, their zeal renewed by his earnest messages, hoping sincerely that his great work might go on uninterrupted and that again in not such a distant future he might return to give them new inspiration.

LOCAL HAPPENINGS

Miss Anna Pettit returned to Pontiac Tuesday where she is employed. Miss Helen Reed spent the week end with her friend, Miss Aletha Klein of Deckerville.

Arley Spencer, who is at present employed in Saginaw, spent the week end at his home here. Mrs. Della Lauderbach returned last week Thursday from a three weeks' visit in Detroit, Ann Arbor and Albion. Mrs. Milius of Elkton was a caller in town Sunday evening. She called on the Junior League of the M. E. church and told a lovely missionary story to the children.

Mrs. Geo. Peddie, sr., is in town this week visiting her son, John Peddie. Dr. and Mrs. S. A. Bradshaw are the proud parents of a baby girl born on Sunday, Nov. 25. The Butzbach Missionary Circle met Monday evening at the home of Mr. and Mrs. E. W. Kercher. Little Cressy Steele, who has recently recovered from the chickenpox, is now suffering from the measles. Mrs. Margaret Black of Greenleaf was in town over the week end visiting at the home of her daughter, Mrs. Mary Gemmill. Miss Myrtle Orr, teacher in the Pigeon schools, arrived here Wednesday to spend a few days at the home of Mr. and Mrs. S. F. Bigelow. Mrs. George McConnell left Saturday for Detroit, where she will remain during the winter months at the home of her daughter, Mrs. E. S. Ibershoff. Mr. and Mrs. B. J. Dailey and family and Mrs. Kitson left Saturday for South Bend, Indiana, where they were called by the death of a relative. They expected to return some time this week. Mr. and Mrs. Wm. Lamb, who recently moved from Cass City to Jeddo, were callers in town Monday. They still belong to Cass City for they both said the nearer they came to this village the better it looked. The members of the missionary society of the M. E. church and other friends of Mrs. E. W. Keating gathered Monday afternoon at her home and surprised her by the call. They chatted all the afternoon and then were ready for the delicious pot luck supper which they had brought with them. The surprised hostess and the surprising guests all enjoyed the little party very much. Miss Emma Bearss, who is attending the Mt. Pleasant State Normal college this year, spent the Thanksgiving holiday at her home here. It has been learned that she has recently been selected pianist for the College Girls' Glee Club which meets weekly. Cass City young people all seem to meet with Dame Fortune in college life and the people back home don't seem to object very strongly. A card recently received by friends of Dr. and Mrs. C. W. Clark of Caro, who motored to California this winter, tells of the fine time they are having, now staying for a time at Los Angeles. They say volumes in one brief sentence, "Seeing lots of pretty things but Michigan will look good to us again." Evidently this locality must be fairly attractive to balance up so well with California. We can sing with renewed zeal, "Michigan, My Michigan."

school this week except Juanita Barnes and Charlotte Warner, who are both ill with the chickenpox. We read about the Pilgrims' three days of feasting for Thanksgiving. We are glad that Thanksgiving is coming even if we don't have three days of it. Next week we expect to start our Health Books in hygiene class. Third Grade—We have some fine spellers in our grade. Archie Davenport and Floyd O'Rourke have not missed a word in two months. Marie Vadar and Leonard Elliott have not missed one in a month. We are glad to have Thanksgiving come this week. How we have enjoyed the poems and stories about the Pilgrims. Class A has completed the Elson Third reader and are now reading stories in the Beacon Reader. Do you think we are too young for current events? Then you should hear the discussion we have when we use our question box. Second Grade—Last Friday was Grant Agar's birthday. In the afternoon to honor the occasion, his mother brought us a delicious treat. We played games and did most things that go with a party. Kenneth Nowland and Vivian McLachlan are absent on account of illness. First Grade—Mrs. Stirtan visited us last week. We are learning a great deal about the Pilgrims and are devoting as much time as possible to the poems and stories about them.

High School—Rev. I. W. Cargo spoke before us Tuesday morning in chapel exercises portraying very vividly an interesting Bible story and drawing morals from the actions and reactions within the narrative. The little talk was inspiring as well as pleasing to listen to. Thank you, Mr. Cargo.

Everyone is heavily burdened by the thought that two days of this week are to be spent mere vacationing, or rather in the vain attempt to regain normality after the over-eating of Turkey day.

The animal husbandry class sponsored the first hot lunch of the season which is being put on by the domestic science classes. The proceeds from the lunch will go to defray the expenses of Prof. Campbell and the five boys who are going to attend the International Livestock Show in Chicago.

Breathless excitement reigns in assembly hall just before report cards are passed to each pupil in turn, shedding joy and sorrow, here and there. Our mental standing was decreed Wednesday noon and those who have attained the dizzy top round of "A" or the slippery height of "B plus" will be known and announced next week.

Our debate last Thursday evening was most discouraging, although Cass City put up a much better rebuttal than did Bad Axe. Our team's whole fault lay in the fact that they did not have their speeches well enough in mind. It is often said that defeat is better than victory or "the harder you fall the higher you bound," and it certainly proves true in this particular case for Cass City's team is already plotting deeply to win the next debate. They urge townspeople to keep the date in mind and come to see them as they will stand vastly improved when they meet the Gageton team who will uphold the negative side of the question on Dec. 14.

Junior High—We still have the attendance banner with an average attendance of 99.7 per cent.

Sixth Grade—We are very proud of the fact that we had no tardy marks this month. As a reward for our efforts, the punctuality banner adorns our walls.

Phyllis Lenzner has returned to school fully recuperated from the measles.

Fifth grade—Blanche Stafford, Marjory Boyes and Carlyle McLaughlin are absent ones.

Having four tardy marks last month, we lost the banner. But we live in hopes that perhaps we will have it to look at next month.

We are beginning the study of fractions and hope to have them mastered by Christmas.

Evelyn Robinson has returned to school this week after an attack of the measles.

Fourth grade—We are all back at

**CASS CITY HAPPENINGS
TWENTY-FIVE YEARS AGO**

Items of the Cass City Enterprise of December 1, 1898.

Quite a number of our young people hid themselves to the Cass on Thanksgiving day and tested the skating. The ice was rather thin and none too smooth, so that most of them were soon satisfied.

Quarterly meeting services were held at the M. E. church last Sunday morning, Dr. Dawe, of Saginaw, presiding. The committee being unable to get sufficient wood, an attempt was made to use soft coal, which was far from satisfactory, the flues becoming clogged so that it was impossible to use the steam heating appliances. The services of the day were held in the basement. A better condition is promised for next Sunday.

A meeting was called last Friday evening for the purpose of organizing a fire department. The response was good showing a general interest. W. I. Frost was selected as chief and A. H. Muck as assistant. Something over thirty volunteered as members of the companies. Another meeting was held on Tuesday evening when fourteen of the volunteers were selected to form a Hose Company and ten for the Hook and Ladder Company. These companies will meet on Saturday evening to elect their officers.

As a very fitting close to a pleasant Thanksgiving Day in our fair town, the electric lights were turned on that evening for the first time. The evening being quite light, the lights did not appear at their best, but everyone seems agreed that they are first class, the darker nights since having shown them up to much better advantage.

"HE WAS JUST FOLKS."

This book, portraying the character, ideals, and achievements of the late President, Warren G. Harding, has been described by reviewers as one of the most remarkable biographies of modern times. In the opinion of many authorities the book has a permanent value in American literature. The one hundred newspaper editorials in the book were written with a depth of feeling not normally found in biographies. The death of the President left the country stunned and dumb with grief, and moved by this feeling the editorial writers contributed a unique volume to the literature of America. They preserve in glowing print the history of Warren G. Harding's life, emphasized the stability of our government, stressed the equality of opportunity under the Stars and Stripes, and, lastly, reflected the morale and uplifting influences of American newspapers everywhere.

"He Was Just Folks" has been issued in a handsome de luxe volume of 200 pages, printed on extra quality paper. The book sells for \$2.00 at book stores, but through special arrangement with the publishers The Chronicle can offer it for \$1.29 and the coupon below. Copies will be sent by mail for 10 cents extra.

Turnbull Bros., auctioneers, report that just five spring colts have gone under the hammer in the 53 auction sales they have cried this season which would indicate that the breeding of horses has taken an awful slump in this section of the country.

Work has been completed in the county treasurer's office which will mean \$4,000 in money to Sanilac county from the state. This money represents the bounties on crows that were paid by this county out of its own funds. Before the county could receive back this sum from the state it must check over all the paid vouchers

that were issued for crow bounty. County Treasurer James Curry and Deputy Treasurer Walter Allen went over 13,000 checks listing and tabulating them. They did the work in little less than a week by working after hours.—Republican.

Fred Farr and C. F. Gates, attorneys for Wm. J. McPhee, who was convicted of manslaughter in the circuit court, appeared before Judge Beach on Tuesday and presented their arguments for the setting aside of the verdict. The motion was denied by the judge and the only question of taking the case to the supreme court is a

matter of funds. McPhee's finances must be at a low ebb owing to the expenses of the trial, and it sure takes money to carry cases to the upper court. The general opinion about the county is that he should feel thankful that he got off as easily as he did.—Croswell Jeff.

The W. R. Roach Co. at Deckerville completed the slicing of the season's cabbage crop amounting to 645 tons on Friday and canning and packing operations will soon begin. The crop was not as large this year owing to unfavorable weather conditions and the highest yield reported was 12 tons to

the acre. The price paid to the grower was \$6.00 per ton.

DEFORD NEWS

Through kindness of Dr. and Mrs. Merriman, the writer and wife will chaw goose and white bread on Thanksgiving Day.

Wm. McCracken suffers with bad cold.

Wm. Barthell paints his home by spells.

Lightning pole setting company camps bade us goodbye on 22nd.

Wm. Barthell has had hunters here for a time. Didn't stay. Rabbits, were not large enough for a \$65.00 dog.

Quite a few of our people were in Caro to see the fire. Just happened so.

Clarence Chadwick is boring a rock well northeast from Decker.

Our town is a hum and will be until the sugar beets are all delivered.

Mr. and Mrs. Howard Patch of Highland Park spent Sunday here.

Mr. and Mrs. Morris Kelly of Highland Park were Sunday callers east of here.

The W. C. T. U. will meet with Mrs. Charles Kilgore Thursday, Dec. 6, at 2:00 p. m.

Mrs. McCool, the old lady whose farm is northeast of here, cares for Mrs. Samuel Sherk at present.

The writer will receive a box of clay pipes as Thanksgiving present. Very appropriate for an old country.

Amos Webster prepares his hall for the show.

Isn't it a trifle cheeky for the muskrat gatherers to ask for a special game warden to protect their traps?

The newspapers of this country have much to say of the Irish republicans given up the hunger strike, but they don't tell us when our Republicans and Democrats will strike against both whiskey and beer.

A rush of business calls for extra help in garage.

Benjamin Gage is still here trying to get his arm back where he can use the hammer.

Howard Malcolm has nearly recovered from his lameness.

When you find a person always finding fault with what others say—remember 'tis just a sly way they have of telling they are smart.

Don't expect the old head past "three score and ten" to be sane at all times. Things vary so. It costs more dollars to buy a dog today to hunt rabbits, than to purchase a good farm team. Old fellows can't get used to these times.

There are people so constituted that they wear black before their kindred die. Deceit and wickedness keep it hidden in the first stage. Pride loves to show it in the second.

Lester Day helped to wait on customers in the hardware past week.

Some think they will return again and put in lights when they learn what manner of men we are.

N. B. Daugherty's family expect company from Pontiac on Thanksgiving Day

Joe McCracken helps Clarence Chadwick with his well drilling at present.

Don't think for a moment that the beets are tardy now. 48 loads on 21st at the Bruce weighing station in Deford.

Beet raisers had a choice of two prices last spring. Now Sam sings 50-50 takes the cake, while Caro man cries hold your wheist for Heaven's sake.

C. J. Malcolm is ailing with a bad cold.

Caro, county hub, without a hotel. Deford has two hostleries. That's not news, somebody says—but I tell you that's very big news for our folks.

Merchant Cones' family will spend Thanksgiving in Wells township with kindred.

James Jacoby has shaken the dust of Clifford from his brogans.

The prospect now is that Mr. and Mrs. A. D. McIntyre will bid adieu to Deford about New Years. 'Tis a business change. Our people like the Mc's and the Mc's like the people.

Let all understand the beets that were under motion Sunday went on to the wicked city of Caro. The weighing station of Deford was not open.

Several of our aged ones are on the sick list.

The writer read with much interest of Andrew Cloakey, who has lived 100 years. He was born but a few miles from where we first saw the light of day. His birthplace was Belanahinch Close. Our birthplace was Belarona Close, for all lived in a kind of a village called a Close in the North of Ireland. Belanahinch and Belarona were joining Closes. Although very young when we left the "Isle of Destiny," we lived among the people of Ulster to know that their religion did them harm. Unhappy Ireland, when will it learn that all are the children of one God.

There are two factions in our burg—one for lights and one against. The cost seems great to a town of our size and circumstances—but we will feel richer as time passes.

Mrs. George Martin received a card Saturday from Mrs. Margaret H. Livingston, formerly of Deford. Mrs. L. wrote from Frenad, New Mexico, saying she was enroute for California where she intends to spend the winter with her cousin, Mrs. Bonner.

Big "House-Cleaning" Job.

One of the biggest cleaning jobs ever undertaken was the dusting and renovating of the British Museum library. Two hundred and fifty men were kept busy for 14 months. Redecorating the dome and walls of the great reading-room took 250,000 leaves of beaten gold.

Birds Have Sharp Eyes.

A student of nature says that he thinks we may be safe in saying that, on an average, birds see 100 times better than man. By watching each other's actions birds will go a hundred miles to a carcass and under favorable atmospheric conditions a bird can see a worm on freshly plowed ground at a distance of 300 feet.
