

CANBORO.

The new year started in with a severe cold. Wm. Parker, sr., is very poorly at this meeting. Mr. and Mrs. Peter Severn and daughter of Flint are visiting at the Geo. Parker, sr. home.

now studying McKinley administration. They are to commence Michigan history next week. The third grade language class is writing original stories this week.

PAUL SCHOOL NOTES.

Roy Anthes and Helen Hower, Reporters. The second grade is beginning the multiplication. The third grade has completed the states of United States.

WICKWARE SCHOOL NOTES.

The primer class is starting in their books this week, after completing their chart. The fourth grade is studying South America for geography. Fifth grade is doing problems in papering for arithmetic.

COMMUNICATION.

It might still be a source of amusement to the Deford scribe to inform him that the nimrods in this vicinity are having a hard time convincing themselves that the canines (?) they persist in killing are stray dogs.

Cracked Furniture.

If any of the furniture has become cracked in moving, soften beeswax until it is of the consistency of putty; then with a thin steel knife press it firmly into the cracks.

The End of That.

He was ten, I was nine. We were fond of whispering to each other in school. For punishment our teacher would make us sit together. One day, while being "punished," who should visit school but my mother and a cousin.

MANY WOMEN USE GLYCERINE MIXTURE

Women appreciate the quick action of simple glycerine, buckthorn bark, etc., as mixed in Adlerika. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel, and removes all gasses and poisons.

Gorilla's Wonderful Strength. A gorilla four feet six inches in height has the strength of four strong men. It can bend double a pair of 12-bore gun barrels in its paw. The Outs and the Ins. Those who haven't public jobs are called "the public," those who have are called whatever the taxpayer's imagination may suggest.—San Francisco Chronicle.

Virtue in Adversity. Times of general calamity and confusion have ever been productive of the greatest minds. The purest ore is from the hottest furnace, and the brightest thunderbolt from the darkest cloud.—Colton. Part Company. The man who lives fast soon finds that happiness cannot keep up with him.—Boston Transcript.

Cause for Broken Watch Springs. According to an Ohio scientist's experiments, watch springs are broken during thunderstorms by the sudden changes that occur in the moisture in the air. And What Would the Papers Do? If it were not for our mistakes life would be pretty monotonous.—Boston Evening Transcript.

HOLBROOK SCHOOL NOTES.

Reporter—William Cooke. Motto—The virtue lies in the struggle; not in prize.—Milnes. School started again on Jan. 2. The following were neither tardy nor absent from school last month: Maudy Cooke, Floyd Cooke, Woodrow Cooke and William Cooke.

\$1,000 in Cash Will Be Cheerfully Given to any person who can prove that we have ever substituted a cheaper grade of lubricating oil for Mobil, Semoco or Enarco, or any other oil which we handle. We are here to give the general public a square deal and supply them at all times with High Grade Gasoline, Kerosene, Lubricating Oils and Greases. Due to the support of the community at large, the co-operation of the business men of Cass City and the loyalty of the stockholders of The Cass City Oil & Gas Co., we have finished a very successful year, and we hereby wish our multitude of customers a Happy and Prosperous Year for 1924. Come and let us prove to you that we can give you service, Quality and Price. Come and try our Winter Gasoline. Cass City Oil & Gas Co. R. Warner, Mgr.

ZEMKE'S TEN DAY REMOVAL SALE STARTS FRIDAY, JANUARY 11 AND ENDS JANUARY 21

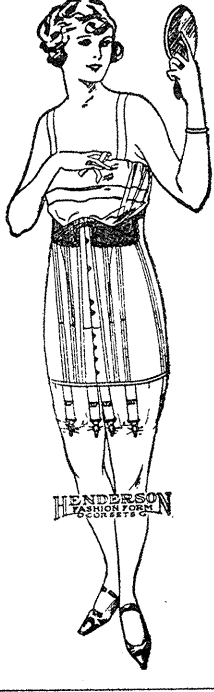

This sale is of an unusual event, but through our misfortune we are obliged to do so. The Misses Bernice Wager and Nila Burt left here Saturday for East Lansing where Miss Burt attends the M. A. C. Miss Wager remained overnight with her friend, going on to Kalamazoo where she attends college. Miss Lila Warner left Monday for Detroit where she expected to take a course of study in a business college. Miss Warner has been in the employ of the Cass City Grain Co. in the different branch offices here and at other points. Mr. and Mrs. Lyle Koepfen served a goose supper to friends and relatives Saturday evening in honor of the christening of their young son, Donald Edward, which took place at that time. Rev. Schnug of the Presbyterian church performed the ceremony. Miss Velma Ferguson left here Sunday for Ypsilanti where she will resume her studies at the normal college there. The young lady was compelled to give up her work at the school last fall on account of blood poisoning in the arm, caused by a spider's bite. Glen and Adrian Bixby returned to their home in Ann Arbor last week after spending several days in town with relatives. Audley Kinnaird accompanied them home and spent a short time with his mother, Mrs. H. Kinnaird, of that place. The committee on first department work of the young people of the M. E. church met Wednesday evening at a pot luck supper at the parsonage. The young people laid plans to be executed immediately after the close of the evangelistic meetings which are now in progress at the church. Mrs. Thos. Murphy, who spent a week in Detroit with relatives, returned to her home here last week. Mrs. Murphy was accompanied here by Mr. and Mrs. Harold Murphy of Detroit, who remained here for a short visit. Mrs. A. J. Knapp, Mrs. A. A. Ricker and Mrs. H. F. Lenzner were in Sebawaing Tuesday evening where they attended a meeting of the Woman's Study club of that place. Mrs. Knapp, who is president of the East Central District of the State Federation, gave a very fine and inspirational talk as part of the program of the evening.

Smith, both teachers in the Detroit public schools, left here Saturday after spending a few weeks with Mrs. Smith's parents, Dr. and Mrs. I. A. Fritz. Miss Betty Hammill of Detroit, who visited her cousin, Miss Marguerite McTavish, for several days, returned to her home on Tuesday. Mr. and Mrs. Fred Milligan and LeGrand Gemmill were guests at a seven o'clock New Year's dinner at the home of Mr. and Mrs. B. F. Gemmill. A number of Methodist young people enjoyed a party after service on Thursday night. Light refreshments were served at the home of Miss Elymore Bigelow following the ride. The young people were added to the choir with the intention that in the near future a young people's chorus will be formed. Cold weather kept many from gathering at the Bird school Friday night to see the play, "Lighthouse Nan," given by the young people of that community. Those who did venture out were well pleased with the production. Twenty-seven dollars was received during the evening which will be used to make improvements to the school room. Henry Nowland's truck proved to be "just the thing" for hauling the local fire department's hose wagon and hose to Gageton Saturday morning. A hurry call from Gageton was answered in short order by the aid of Mr. Nowland. Fire destroyed one building and threatened several others, but the blaze was under control when the Cass City equipment reached Gageton.

SHABBONA.

Very cold and stormy Sunday. Ed. Bullis is pressing hay in this vicinity. Vern McGregory is on the sick list. Ed. Phetteplace continues in very poor health. Some of the young folks enjoyed a skating party on the river Monday evening. Not many at church Sunday. Too cold and stormy. Arthur Meredith suffered a severe attack of gall stones Sunday. Prayer meeting last week was held at the home of George Smith; this week at the home of Henry Phillips. The Willing Workers met with Chas. Severance Wednesday. Frank McGregory went to Pontiac Monday to find employment. Word was received Tuesday that Mrs. Amesa Brown passed away at the home of her daughter at Peck early Tuesday morning. At present the arrangements for the funeral have not been made.

NEW DOLLAR BILL IS ALL "DOLLED UP."

Meet a strange looking and kind of stuck-up dollar bill, don't be alarmed, but take it, as it is worth its face value in gold. The latest creation of the U. S. Treasury has made its debut in our circulation. It's a lalapaalooa, all dolled up in a new dress of blue and black, the figures standing out like sharp silhouettes against a clear background. The seal is in blue, as is also a large numeral "1". Also the word "one" is spelled in full and scattered over the new certificate. There's not so much hand work on the new certificate, but the clear, sharp engraving stands out in bold relief, and it's simply different. So if you run into one of these welcome little strangers, remove your hat and give it a fitting salute and salaam—and then go out and spend it.

Michigan Happenings

Twenty alleged Christmas tree thieves have been arrested as the result of the investigation ordered by the state administrative board recently and two convictions have been obtained. According to reports received by John David, state conservation director, the arrests were made in various parts of the state, and most of the depredations were on state land. Thousands of trees, it has been estimated, were ruthlessly hacked away in the quest for evergreens for the Christmas market. The Detroit and Mackinac Railway company is permitted to continue the relocation of its Alpena terminus, under a decision of the interstate commerce commission announced recently. In a petition filed last October, the company requested permission to relocate about a mile and one-quarter of the new line at the south-westerly end, but the Thunder Bay Limestone company, which owned land over which the railway desired to run, objected to the condemnation of the land. Days of itinerant preachers have been recalled by the Rev. R. H. Snelgrove, Olivet, who claims to be one of the few surviving circuit riders of the old days. He started in Nebraska as the first preacher to go into that territory in 1876, traveling across the plains on horseback and living most of the time in the open. A few years later he came to Michigan and began the same sort of work, blazing trails through the forest in the lake country of eastern Michigan. Arrangements for establishing winter camps for prison laborers on trunk line M-16, between Lansing and Detroit, have been completed by Governor Grosbeck and officials of the state highway department. Grading work is to be carried on through the winter. Present plans are to have a route in shape for paving with the opening of the spring building season. The governor hopes to have the Detroit-Lansing route completely paved by August. J. Wesley Lafferty, 53 years old, advertising man and band director in Grand Rapids for nearly 20 years, died last week of heart disease, after a long illness. He had won prominence as a composer of band selections. Before coming to Grand Rapids, Lafferty was publisher of the Baltimore, Md. Daily Record and later was employed in the composing room of the Baltimore sun. Detroit has the ninth highest tax rate of the 12 largest American cities, although the local rate is \$22.10 per \$1,000 of assessed valuation, a report of a national municipal review prepared by C. E. Rightor, of the Detroit bureau of governmental research, shows. In his review Mr. Rightor has covered 165 cities in the United States and Canada, having a population of 30,000 or more. A consolidation of the Clinton and Union Telephone companies which will eliminate two services in St. John's and surrounding territory, has been authorized by the State Public Utilities Commission. The Clinton company will transfer its property in this town to the Union and the Union will transfer to the Clinton its property in the rural districts outside of St. Johns. Archibald K. Dougherty, 88 years old, father of McNary General Andrew Dougherty, of Michigan, died at his home in Lansing. He formerly was engaged in the shipbuilding business in northern part of the state, and for 17 years postmaster at Elk Rapids. Most of his life was spent at Elk Rapids and Charlevoix. For the first time in five years, the Grand Rapids office of the internal revenue bureau has placed in the mails income tax blanks for each of the taxpayers prior to January 1. Seventy-two thousand of these "New Year greetings" were mailed this year. The Rev. Charles W. Gardner, a Barryton, Methodist minister and a veteran of the 8th Ohio Infantry, has been appointed chaplain of the Michigan Soldiers' Home at Grand Rapids, taking up his duties Jan. 1. The Rt. Rev. Herman Page, recently elected Bishop of the Episcopal diocese of Michigan arrived in Detroit last week to take up his new duties. Mrs. Mary Rineball, 90 years old, a resident of Newaigo County 65 years, died recently at her home near Freemont. Twenty-six silver black foxes, valued at \$15,000, died a few days ago at the ranch of Charles Engle, near Crooked Lake. It is believed that the animals died of ptomaine poisoning from being fed on fish shipped to the ranch. The animals were owned by various individuals in this section. A brother and sister who lived together in Lansing for nearly 60 years, died within a few hours of each other.

ITEMS OF INTEREST FROM POINTS IN THE THUMB

Doings in Neighboring Towns as Related in the Chronicle's Exchanges. John Innes was in Lakeport Thursday after the three pairs of Silver Black foxes which he recently purchased from the Tip Top Silver Black fox farm. Mr. Innes has just completed his new fox ranch, the first to be established in Sanilac county. The animals are all registered stock just imported from the company's ranch at Prince Edward Island and are of the finest quality fur bearers.—Decker-ville Recorder. Marriages in Sanilac county for the year 1923 fell off to a noticeable extent in comparison to previous years. When 199 licenses to wed were issued. Former year records show that as high as 250 licenses have been issued in one year. The city council at Crosswell has purchased a new fire truck of the American LaFrance Co. for \$6,000. The pumps are guaranteed to deliver 300 gallons of water a minute at a pressure of 120 pounds. It is expected the new machine will be delivered within 90 days. Harbor Beach Board of Commerce appointed a committee to confer with officials of the Detroit & Cleveland Navigation Company in an effort to induce the company to make Harbor Beach a stop port on their boat line which will operate between Detroit and Mackinac Island next summer. The navigation company recently announced the resumption of the Detroit-Mackinac run, which was discontinued during the war, but did not include Harbor Beach as a port of call, claiming that the business received there did not warrant it. Living conditions in Germany are terrible, says Herman Winkle, who with his family recently arrived from that country to live in Harbor Beach. Mr. Winkle says the people in that country are gradually starving to death. Oat straw and wood is ground up with flour and fed to the inhabitants, he says. Coffee is made from roasted rye while potatoes, one of the principal articles of food, are rotting because people cannot buy them. George Black of Pigeon has sold his Deckerville store to John W. Mitchell of Capac, who is now in possession of the business. Chester Emling of Helena, was brought to the Harbor Beach hospital New Year's day, with the last three fingers and part of the right hand shot away. The accident happened while out hunting and is the result of drawing a loaded gun through a fence. W. M. Smith, for the past seven years manager of the Sebawaing plant of the Michigan Sugar Company, has resigned that position. Mr. Smith has been with the company for 21 years, having been in the field force for a number of years and, before his taking the management of the local plant, was superintendent of agriculture here. His successor has not yet been appointed. Mr. Smith will remain with the company in another capacity.—Sebawaing Blade. Construction of the last of the buildings of the W. N. Clark Canning Co. was commenced at Caro last week when the workmen started erecting the frame for the vinery and corn husking house. This building will be 86x186 feet. The buildings completed are the garage 20x42 feet, warehouse 100x120 feet, factory and cook house 60x120 feet and oil house 8x12 feet. The machine shop was built in one day and is 20x32 feet. The power house is practically ready for the installation of boilers and engine.—Advertiser. Plans are being prepared by Ann Arbor engineers for rebuilding the present power plant of the Great Lakes Power Co., near the Caro dam. At present the machinery utilizes but about 45 per cent of the 250 horse power developed by the dam, but with the new machinery it is expected that fully 96 per cent will be available, which will be sufficient for Caro's needs it is believed. The construction will begin in the spring. A few years ago a truck driven by a man named Corsan for the Brown City Creamery Co. hit and killed a school girl named Gibbard at the village of Clawson in Oakland Co. Suit was brought against the Creamery Co. and an insurance company that wrote the liability policy. A judgment of \$4,000 was given the plaintiff, father of the girl, in court at Sandusky. An appeal was taken to the supreme court and a decision was handed down sustaining the decision of the lower court. The case has been bitterly fought throughout. SCHOOL NOTES.

Concluded from first page. of desire for scholastic not personal honor continues to permeate the efforts of the team, there is no reason why the season should not be one of continual triumph.

The girls' teams met in an interesting and good natured battle, the score totaling 25 to 4. The new rules which were adopted and published last year demanding the three court game was used. The new by-laws make team work the paramount requisite of victorious basket balling.

The splendid basket shooting of Edna Brackenbury and Marie Keeney deserves highest praise. Beatrice Gillis as front forward was skillfully able to obtain the ball from local fast guards, Hester Cathcart and Vera Flint, Percy Allen acted as referee and succeeded in making it a "peppy" game.

The Lambda Sigma Society of the high school met in their regular monthly meeting at the schoolhouse Monday evening. The gathering was dismissed early so that the girls might attend the service at the M. E. church.

We have two new pupils since the holiday vacation, Florence Ware, freshman, formerly of Caro, and Beulah Bently, junior, formerly of the Clifford high school. We are glad to welcome the new girls to our midst.

Ted Piper and Art De Vries of the Colegrove evangelistic party gave a brief peppy program for our benefit one day last week. They returned Monday morning with Mr. Colegrove, who gave a fine talk on "Why Are You Here?"

He strongly brought forth the benefits of education and urged the young people to heed the words of Abraham Lincoln who wished to procure knowledge and thus prepare himself for any opportunity which might come his way.

Wednesday evening next week, our teams will struggle with Deckerville basket ballers on the local floor beginning at 7:45 sharp. On Friday night to Elkton we go! We feel sure that two interesting games will result.

Next Thursday evening, Curtis, Warren and George are going to stage a debate-battle at the high school at Sandusky. They will uphold the negative side of the ship subsidy question.

Kindergarten—Eskimos are the most interesting people to learn about in cold weather because they live in a cold place all the year around. We wouldn't mind being Eskimo children at all for we could skate and slide down hill on the fourth of July!

Mrs. Day is telling us all about 'em and is trying to explain that up there it's dark all day part of the year and the rest of the time the sun shines all night. We think we'd enjoy this very much for part of the year we could sleep just as late as we would want to and the rest of the time we could sit up all night.

Florence Dailey's daddy has loaned us his phonograph and Florence can play well on it. We enjoy it ever so much and don't know how to thank her daddy enough.

First Grade—We are enjoying our new Elson first readers very much. We are taking a trip to Eskimo land and have their family life worked out on the sand table.

Second Grade—We are studying about rice. We have learned about where and how it grows. Third Grade—Jack LePla and Willow Goff have left school.

We have been writing stories about the beaver in language work. Ferris Kercher has been absent several days on account of illness.

Fourth Grade—We are enjoying this wintry weather but we can't help but almost envy the people in California when we read about their warm sunny days in our geography books.

Our music teacher is teaching us a new song that the boys and girls sing in Holland. We think it is very pretty. We are glad to have Carl Schell with us again.

Sixth Grade—We are proudly displaying the punctuality banner again this month. Audrey Le Pla has left school.

We are reading Kipling's Jungle Book for morning exercises. We never knew that animals were so intelligent. Why they almost talk to us by the vivid descriptions which the author gives.

AND THAT'S THAT!

The woman who doesn't like this paper because it is no good and never gets anything right, should tuck up her underskirt. It hangs down and looks sloppy. The editor of the Recorder may not know how to run a newspaper right, but he knows how to put his clothes on so his underwear won't show. In which the editor said something.—Deckerville Recorder.

**HELP THE OLD FOLKS**

**A Helping Hand Extended to Many Old People in Cass City.**

Most old people have a bad back. The kidneys are often weak. Or worn out with years of work. Backache means days of misery, Urinary troubles, nights of unrest. Doan's Kidney Pills have helped to make life easier for many. They are doing so for old and young.

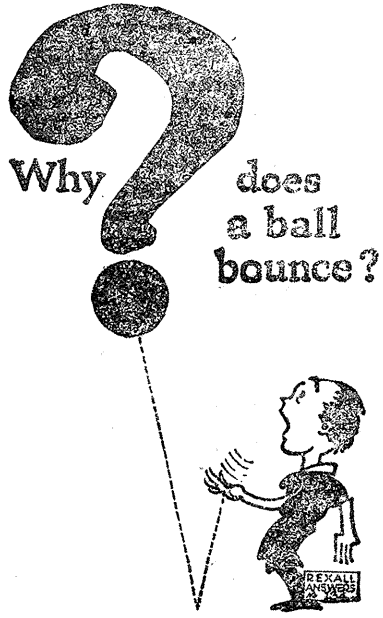

Read the following endorsement. B. F. Hollister, 303 E. Grant St., Caro, Mich., says, "Once in awhile my kidneys get out of order and my back gets so lame and stiff I can hardly get up. But Doan's Kidney Pills never fail to overcome the misery in my back and put my kidneys in good working order." (Statement given October 26, 1916.)

On November 8, 1920, Mr. Hollister added: "I am very glad to confirm the statement I made in 1916 in praise of Doan's Kidney Pills."

**\$100,000 PEACE PLAN PRIZE AWARDED**

Concluded from first page.

inant currents; that, if war is honestly to be prevented, there must be a face-about on the part of the nations in their attitude toward it; that by some progressive agreement the manufacture and purchase of the munitions of war must be limited or stopped; that while no political mechanism alone will insure cooperation among the nations, there must be some machinery of cooperation if the will to cooperate is to be made effective; that mutual counsel among the nations is the real hope for bringing about the disavowal of war by the open avowal of its real causes and open discussion of them; and finally that there must be some means of defining, recording, interpreting and developing the law of nations.

**Statement of Jury of Award**

The Jury of Award realizes that there is no one approach to world peace, and that it is necessary to recognize not merely political but also psychological and economic factors.

The only possible pathway to international agreement with reference to these complicated and difficult factors is through mutual counsel and cooperation which the plan selected contemplates. It is therefore the unanimous opinion of the Jury that of the 22,165 plans submitted, Plan Number 1469 is "the best practicable plan by which the United States may co-operate with other nations to achieve and preserve the peace of the world."

It is the unanimous hope of the Jury that the first fruit of the mutual counsel and cooperation among the nations which will result from the adoption of the plan selected will be a general prohibition of the manufacture and sale of all materials of war.

**The Question to Be Voted Upon**

The substantial provisions which constitute the plan selected by the Jury of Award, and upon which the vote of the American people is asked, are hereby submitted by the Policy Committee as follows:

- I. ENTER THE PERMANENT COURT**  
That the United States adhere to the Permanent Court of International Justice for the reasons and under the conditions stated by Secretary Hughes and President Harding in February, 1923.
- II. COOPERATE WITH THE LEAGUE OF NATIONS, WITHOUT FULL MEMBERSHIP AT PRESENT**  
That without becoming a member of the League of Nations as at present constituted, the United States Government should extend its present cooperation with the League and propose participation in the work of its Assembly and Council under the following conditions and reservations:
  - Safeguarding of Monroe Doctrine**  
1. The United States accepts the League of Nations as an instrument of mutual counsel, but it will assume no obligation to interfere with political questions of policy or internal administration of any foreign state.  
In uniting its efforts with those of other States for the preservation of peace and the promotion of the common welfare, the United States insists upon the safeguarding of the Monroe Doctrine and does not abandon its traditional attitude concerning American independence of the Old World and does not consent to submit its long established policy concerning questions regarded by it as purely American to the recommendation or decision of other Powers.
  - No Military or Economic Force**  
2. That the only kind of compulsion which nations can freely engage to apply to each other in the name of Peace is that which arises from conference, from moral judgment, from full publicity, and from the power of public opinion.  
The United States would assume no obligations under Article X in its present form, or under Article XVI in its present form in the Covenant, or in its amended form as now proposed, unless in any particular case Congress has authorized such action.  
The United States proposes that Articles X and XVI be either dropped altogether or so amended and changed as to eliminate any suggestion of a general agreement to use coercion for obtaining conformity to the pledges of the Covenant.
  - No Obligations Under Versailles Treaty**  
3. That the United States will accept no responsibilities under the Treaty of Versailles unless in any particular case Congress has authorized such action.
  - League Open to All Nations**  
4. The United States Government proposes that Article I of the Covenant be construed and applied, or, if necessary, redrafted, so that admission to the League shall be assured to any self-governing State that wishes to join and that receives the favorable vote of two-thirds of the Assembly.
  - Development of International Law**  
5. As a condition of its participation in the work and counsels of the League, the United States asks that the Assembly and Council consent—or obtain authority—to begin collaboration for the revision and development of international law, employing for this purpose the aid of a commission of jurists. This Commission would be directed to formulate anew existing rules of the law of nations, to reconcile divergent opinions, to consider points hitherto inadequately provided for but vital to the maintenance of international justice, and in general to define the social rights and duties of States. The recommendations of the Commission would be presented from time to time, in proper form for consideration, to the Assembly as to a recommending if not a law-making body.

**Author's Name Not to Be Revealed Until After Referendum**

In order that the vote may be taken solely upon the merits of the plan, the Policy Committee, with the acquiescence of Mr. Bok, has decided not to disclose the authorship of the plan until after the referendum. The identity is unknown to the members of the Jury of Award and the Policy Committee, except one delegated member.

men held in the church Monday evening and also one for the older men on Tuesday night. There was a very good attendance at these suppers. A musical program was furnished by Mr. De Vries and Mr. Piper and then a short address was given by Rev. Colegrove. The men then attended the evening service. There have been capacity crowds this week and some very good messages have been given. Rev. Colegrove has hit on the dance, movies, cards, and other worldly amusements with great fearlessness. Friday evening his subject will be "The Three Famous Liars" and Sat-

urday evening the Boosters, under direction of Mr. De Vries, will again give their program. They had a very good and original program last Saturday and they have been working this week on a better and more diversified one than before. It is hoped that all the mothers and fathers of Cass City will avail themselves of the invitation to attend the Saturday night service and enjoy the work of the little folks.

The campaign closes with the Sunday night service with a message on "The Unpardonable Sin." The party will go from here to Lyons, Mich., to begin a campaign there next week. All Cass City and surrounding vicinity is urged to take hold and make the most of the last few days of the meetings.

**NOVESTA.**

Yes, Sunday was plenty cold. Elder Willerton was a week-end visitor at the home of Mr. and Mrs. Holcomb.  
Keith Horner and Clark Montague went to Detroit on the 3rd. They expect to find employment.  
The Keep-at-it class of the Novesta F. W. B. Sunday school met with their teacher, Mrs. George Collins, on

the evening of the 4th and were treated to oyster supper.

The boys are enjoying the skating, but sleighing is very doubtful. Dan Dafeo of near Elkton was the guest of Mr. and Mrs. A. H. Henderson from Saturday until Monday afternoon when he went to Caro where he expects to spend the winter.

Colin Ferguson has been having a bad time with rheumatism for the past two weeks.

Charles Cook had the misfortune on Sunday to fall 12 feet from feed lot in the barn. No bones were bro-

ken but he was badly bruised about the hip.

Novesta Ladies' Aid gave an oyster supper at the Robt. Horner home on New Years night. About 70 persons were present, and proceeds were about \$30.00.

**Chinese Soldiers Taught Ferocity.**

One of the "secrets of victory" taught to Chinese soldiers follows: "The enemy must be killed; if the rifle is broken, use the butt; if the butt is broken, use the fist; if the fist is disabled, use the teeth."

**Ford Four-Door Sedan**

Fully equipped, \$685, f. o. b. Detroit

Inside and out, the new Ford Four-door Sedan shows improvements of far more than usual importance. It is lower and sturdier in appearance. New cowl, hood, radiator and apron add size and finish to the front. Sun visor, and wide, well-finished aluminum doors with bar handles perfect the design of the body. Silk window curtains, deep broad-cloth upholstery; dome light, door lock, window regulators and handles, all finished in nickel, complete a refinement you would expect only at a far higher price.
