

I. B. AUTEN VICTIM OF APOPLEXY MONDAY

PROMINENT BANKER AND RESPECTED CITIZEN HERE FOR 30 YEARS.

Stricken with apoplexy, Isaac B. Auten, for 30 years a citizen and banker of Cass City, passed away suddenly and unexpectedly at his home on North Seeger St., Monday night, Jan. 28, at 10:20 o'clock, at the age of 69 years.

Mr. Auten had spent the evening with friends and arrived home apparently in his usual health about a half hour before his death. He had been in poor health for the past two years, but in the past month had seemed to be somewhat improved and his sudden passing was a great shock to his many friends.

I. B. Auten was born Oct. 7, 1854, on a farm near Ovid, N. Y. His school days were ended at the age of 13 years when he left his home to work in a general store at Ovid conducted by John F. Seelye, who is now a banker at Caro. Following his experience as a salesman at Ovid, Mr. Auten left for Springfield, Mass., where he was engaged as a salesman in the lace department of a dry goods store in that city. While employed at Springfield, he became acquainted with Miss Elizabeth H. Libby, who taught French in a school in Springfield. They were united in marriage on Sept. 2, 1884, the ceremony being performed at Richmond, Maine, Miss Libby's home. Mr. Auten had entered the employ of his friend, Mr. Seelye at Caro, in May 1884, and immediately after his marriage, he brought his bride to Caro. Mr. Auten was given the position of cashier in the Seelye bank which position he held for ten years.

In 1894, Mr. and Mrs. Auten came to Cass City to make their home, Mr. Auten having purchased an interest in and accepting the management of the Cass City Bank which was purchased at that time from C. W. McPhail by the firm of Auten, Seelye & Blair. In later years, Mr. Auten became the sole owner and conducted the business under his name until about five years ago when he admitted his son, M. B. Auten, as a partner. The business was incorporated as a state bank nearly three years ago, Mr. Auten serving as its president at the time of his death.

Mr. and Mrs. Auten left Cass City for California in January, 1921, for a few months' stay. Mrs. Auten was taken seriously ill not many weeks after their arrival in the coast state and her death occurred in Pasadena on June 22 of that year. Mr. Auten's health has been impaired since that time. In late weeks, he seemed to be growing better and his sudden passing was entirely unexpected.

Mr. Auten had taken a strong interest in public affairs and had manifested the same push and enterprise in promoting the best interests of the community as were evidenced in his business affairs. To him, probably more than to any other person, is Cass City indebted for its first lyceum courses, Mr. Auten accepting the responsibility of the usual guarantee required. He was among the first at hand to assist in worthy enterprises. He was recognized as an able financier, a man of energy and industry and true to any trust he assumed.

He had several times declined to accept public offices, but twice his objections in this regard were overruled by his friends. At the time the electric light and water works plant was first installed, he accepted the position as a member of the board of public works and later he was made a member of the village council. Mr. Auten was a member of the Presbyterian church and for several years served as a member of the board of trustees.

Besides his son, M. B. Auten of Cass City, and daughter, Mrs. C. W. McKenzie of Kalamazoo, he leaves one brother, Dewitt B. Auten of Hayts Corners, N. Y.

Funeral services were held at the Auten home Thursday afternoon at two o'clock and were conducted by Rev. Frederick J. Libby of Washington, D. C., a brother-in-law of the deceased. Local business places closed during the funeral hour.

WORLD'S RECORD SET BY M. A. G. DAIRY COW

Brown Swiss Two Year Old Completes Winning Test with Mark of 17,054 lbs. Milk.

College Bravura 4th, a two year old Brown Swiss cow owned by the Michigan Agricultural College, has just established a world's production record for her age and breed, according to announcement made at the college this week.

With a mark of 17,054.5 pounds of milk and 712.2 pounds butterfat, the new champion topped all other year

records ever recorded officially in her class.

Bravura 4th comes from a long line of record holding cows in the M. A. C. herds. College Bravura 2nd, bred and owned at the college, produced 19,460.6 pounds of milk and 798.16 pounds butter fat in a year, for a world's record which stood from 1913 to 1922. Later College Bravura 3rd, a direct descendant, held the world's record for her age for some time; and finally the youngest Bravura has set a third world title for the family.

The new champion will be on exhibit at M. A. C. during the annual Farmers Week, Feb. 4 to 8, along with many other outstanding individuals in dairy cattle, beef cattle, horse, sheep and swine herds.

Many blue ribbon winners at state and national livestock shows are included in the present college herds, and all will be "dressed-up" for company during the big farm conference. The prize livestock will also form the main feature of a big parade, or pageant, which is to be staged on Thursday, February 7.

SCHOOL AGAIN ON UNIVERSITY LIST

SUPT. HOLMES RECEIVED NOTICE THAT DIPLOMA RELATIONS WILL CONTINUE.

A recent letter from J. B. Edmunson, state inspector of high schools, and secretary of the committee on diploma schools, gives the information that the Cass City High School is re-accredited by the university committee and that the school is placed on the university list for two more years. This is certainly very cheering news.

The second semester opened this week and several courses have displaced subject taught last term. Those which have come in are as follows: An advanced course in economics for juniors and seniors, trigonometry, civil government, sewing, zoology and a new agriculture course. Several of these subjects are being taught in the schools for the first time. In connection with the zoology course, Prof. Campbell has procured many interesting specimens of low animal life.

School News.

The games of basket ball which we have scheduled for tonight (Friday) with the Caro girls and boys teams on the local floor we expect will be among the hardest games of the season and we look for a very exciting tussle. The games scheduled last Friday evening with Sandusky had to be postponed on account of the impassibility of the roads. We expect to make it up the early part of next week.

Our next and last debate will be held Friday, Feb. 8, at Bad Axe. We will maintain the negative side of the question.

LARGE CROWD WITNESSED FIRST DISTRIBUTION OF PRIZES

Thirteen Prizes, Among Them a \$15 Saving Account, to Be Given Away February 6.

Much interest is being manifested in the merchants' trade campaign which is being conducted by Cass City business men. Wednesday afternoon, the time for the first distribution of gifts, attracted a large crowd of people, and each Wednesday as the campaign progresses, it is expected that the crowds will continue to grow in size. Wednesday's gathering was a good natured crowd who watched with considerable interest the proceedings which determined the fortunate prize winners.

For next Wednesday, Feb. 6, 13 prizes are scheduled for distribution. Among these are a \$15 savings account, a ton of coal and a barrel of flour. Ten persons will each be given five gallons of gasoline.

Perhaps one of those presented with five gallons of gasoline next Wednesday will also be the fortunate winner of the Ford touring car on Feb. 20 or the Chevrolet sedan on Mar. 19. In that event, he will be well equipped with a car to drive and gasoline to run it.

COMING AUCTIONS.

Wm. Weldon will have a furniture sale tomorrow (Saturday) afternoon on South Seeger St.

Robert Wilson has decided to quit farming and will have a sale of live stock and farm implements on the farm known as the Waidley farm 5 miles west and 1/2 mile south of Cass City on Wednesday, Feb. 6.

R. N. McCullough will cry both of these sales. Full particulars are printed on page 7.

TUSCOLA HOLSTEINS TO BE ADVERTISED

COUNTY BREEDERS DECIDE TO PUSH THREE PROJECTS THIS YEAR.

The Tuscola County Holstein breeders held their annual meeting last week Thursday and elected the following officers: President, Oscar Wallin, Unionville. Vice president, V. J. Carpenter, Cass City. Secretary-treasurer, Geo. Foster, Fostoria. Directors, Chas. Schnell, Vassar; E. A. Rolf, Akron; Elmer Chapman, Deford; Thos. Kimmel, Caro; Geo. Walls, Kingston.

They decided to push three projects this year. Calf club work, cow testing associations, and sales. A committee was named to get some breeder to work with the County Agricultural Agent on calf clubs. V. J. Carpenter and Chas. Schnell were named to encourage cow testing association work and Oscar Wallin was made sales manager with Thos. Kimmel as assistant. The plan is for members to list their stock with the sales manager who will secure prospective buyers thru advertising and take them to farms of breeders who have animals for sale. A small percentage of the sale price will be paid by the seller to the association secretary to pay the expenses. Prospects are very bright for the future as Tuscola county breeders have some of the best Holsteins in Michigan and are going to work together to promote them.

REVIVAL SERVICES AT THE MENNONITE CHURCH

Rev. I. P. Moore, noted evangelist and prophetic lecturer of Elkhart, Indiana, will conduct a series of revival meetings at the Mennonite church, 2 miles south and 2 1/2 miles west of Cass City. The meetings will begin on February 3 and continue throughout the month.

The order of services will be as follows:

Rev. I. P. Moore. Services: Preaching service every evening except Saturdays at eight o'clock. Services will also be held every afternoon with the exception of Mondays and Saturdays, at two o'clock. A cordial invitation is extended to all to attend.

ELECTED MEMBER OF NORMAL SENATE

Miss Bernice Wager, daughter of H. R. Wager and a 1923 graduate of Cass City high school, has been elected to membership in the Senate, the leading co-ed debating organization at Kalamazoo Normal.

Membership in the Senate is highly prized by the Normal co-eds and is dependent upon several rigid qualifications. Every girl taken into the organization must have an average of B in her studies, must have definite qualifications of leadership and public speaking and must be recommended by her professors as well as by members of the society.

Miss Wager was captain of the affirmative debating team here last year, school orator, editor in chief of the high school annual, member of the basketball team and in the cast of the senior play. She was treasurer of her class in '21 and '23 and was president of her literary society.

She is a freshman at Kalamazoo Normal.

MUSIC CLUB ADOPTED CONSTITUTION MONDAY

Mrs. I. D. McCoy Was Elected President. Society Meets on Alternate Mondays.

"The name of this organization shall be the Cass City Music Club; its object being the study of music in all its branches, the promotion of the musical interests of the community and the cultivation of the public taste for music." Thus reads the constitution of the Cass City Music Club as presented by the committee and adopted at the meeting Monday evening at the Presbyterian church. It was at this gathering that the club was formally organized and officers elected.

Due to her influence on music in Cass City in the past and her great benefit to all in this line, Mrs. I. D. McCoy was chosen president. The vice president is Mrs. I. A. Fritz; secretary, Miss Lura Dewitt, treasurer, Mrs. Clarence Burt.

As to membership, no associate numbers will be allowed but everyone must be active or "All members shall consider themselves in honor bound to perform musical, literary, and committee work assigned them." The number of members is not to be limited and any woman desiring to join should present her application for membership to the secretary, the acceptance of which will be made by a vote of a majority of the members of the club.

Programs consisting of papers and practical work to illustrate the points made in the papers will be outlined by the program committee who will be appointed by the president.

No visitors except from out of town will be allowed at the meetings which will be held on every alternate Monday from October until July at 8:30 o'clock, and will be held at the homes of members until the numbers cannot be accommodated in this manner. The meeting will be held Monday evening, Feb. 10, at the home of Mrs. I. D. McCoy.

Women who enjoy music, but perhaps are not musical, are urged to consider themselves perfectly eligible in view of the fact that the organization is being formed for the purpose of learning more about things musical. The club has discussed the possibility of their sponsoring musicales for public benefit. This and the mere existence of the society will create and stimulate a musical atmosphere for which Cass City has long felt the need. It is planned that the organization will be a member of the state federation of women's clubs.

DECKERVILLE LOST ONLY HOTEL BY FIRE SATURDAY

Fine Brick Structure and Nearly All Contents Make Loss of \$35,000.

With the temperature around zero Saturday, firemen of Deckerville, assisted by the Sandusky fire department, were called upon to fight flames which threatened a part of the business section of Deckerville when the Hotel Peplow, Deckerville's only hotel, was destroyed by fire.

The fire started in the furnace room near noon. Its origin is not known. The hotel, a fine brick structure, was built in 1907 by M. P. Peplow, who sold it to C. F. Collins in 1923. Mr. Collins formerly was manager of the Hotel Gordon at Cass City and the McDonald House at Sandusky.

Mr. Collins was in Cass City Wednesday and stated that the replacement value of the hotel and furnishings is estimated at \$35,000. Insurance to the amount of \$17,000 was carried. Very little of the contents was saved.

WIDE STREETS A BIG ADVANTAGE

CITY OR VILLAGE WITH NARROW THOROFARES IS UNFORTUNATE.

The men who planned the village of Cass City and who are responsible for Cass City's wide streets acted with wisdom in the early days of this municipality. Since the advent of the automobile and the great increase in travel in Michigan, the need of wide thorofares has been brought vividly to the public's notice.

"Fortunate today is the municipality, large or small, whose original plan provided streets of more than ordinary width," declares President Thomas P. Henry of the Detroit Automobile club. "And correspondingly unfortunate is the city or village in which such foresight is lacking" he adds.

"For today we find everywhere a demand for wider roads and streets. City and country highways, full to the brim with motor cars, become positively choked at crossings. One single laggard car delays the progress of hundreds who follow. Often motorists drift along in the swirl, vainly looking for an opportunity to park.

"The big cities of the nation are making immense expenditures for street widening. In Detroit, this activity now represents one of the largest annual investments, by the municipality. Similar foresight is being employed by the state which, under Governor Groesbeck's leadership, is now constructing two main trunk line highways a full 100 in width. Narrow roads, improved by townships or counties, are also being widened, either by repaving or by the addition of aprons. In the country, farmers along the right of way are often learning, for the first time, that through roadways in Michigan are 66 feet wide, and that fences built less than 33 feet from the center are technically obstructions to traffic, and subject to removal.

Motor traffic develops each year into a race by the road builders to keep up with the multiplication of vehicles."

E. PAUL & SON TO OPEN UP IMPLEMENT STORE HERE

Pigeon Firm Has Leased Store and Warehouse on East Main Street.

E. Paul & Son have leased the implement store and warehouse located just east of the Chronicle building for a year commencing Feb. 1 and will open up a stock of farm implements in that location in the near future. Ernest Paul is the postmaster at Pigeon and he and his son have been engaged in the farm implement and automobile business in that village for several years.

Ward Benkelman will be in charge of Messrs. Paul's Cass City store. Mr. Benkelman was employed by the International Harvester Co. when that concern had a stock in the same store last summer and he is well versed in this particular line of activity.

C. C. A. C. DEFEATED DECKERVILLE 36-2

The Cass City Athletic club out-classed the Deckerville high's second team Monday night at Deckerville and won 36 to 2. Deckerville boys fought hard but were not equally matched with the local basketeers.

Cass City led in the first half 14-0 and the local quintet continued to throw baskets at will in the second period ending the contest by piling up the big end of the 36-2 score.

Locals

Word has just been received by friends of Wilbur Marshall, formerly of Cass City but now of Ann Arbor, that he is under medical treatment at the U. of M. hospital where he has been employed for three years.

Friday, Saturday and Sunday we were visited by the old impassable roads as we used to know them but Monday the fine big county snow plow cleared up many of the main highways and transportation was on once again.

Miss Alberta Bishop was called to her home in Bangor, Mich., on account of the death of her grandfather. The funeral was to take place today (Friday) and she expected to return to her duties as music and art instructor in the schools here Monday.

Mrs. D. Tyo returned from Detroit Monday where she spent last week visiting friends and relatives. While there, she also met Mr. and Mrs. E. A. Nelson and little daughter, Elsie, of Philadelphia, who were in Detroit at the time to attend the auto show.

The Westminster Guild of the Presbyterian church enjoyed a very unique party on Tuesday evening. The whole company took a short sleigh ride and then returned to the home of Mr. and Mrs. R. A. McNamee for a sumptuous chicken dinner served by Mrs. McNamee. Everyone enjoyed this social time very much.

Wm. C. Deming, a former Cass City lad, had the honor of introducing Wm. J. Bryan, who lectured at Front Royal, Virginia, recently, appearing there as a feature of the lyceum course in that city. Mr. Deming was one of 14 public spirited Masons who signed up as guarantors with the National Lyceum Course for five entertainments for Front Royal. Prior to the speech, the guarantors and their wives entertained Col. Bryan at a dinner party at the Afton Inn.

A good number attended the regular meeting of the W. C. T. U. on Friday at the home of Mrs. G. A. Staffler. Several new members were present and paid their dues and the new year books were given out. At six o'clock a delightful lunch was served which was followed by an evening of sociability and a short program consisting of music by Mrs. Ella Smith and Mrs. Roy Bricker and a splendid reading by Mrs. Stanley Warner. The next meeting will be held at the home of Mrs. W. O. Stafford.

A money earning contest which has been in progress for some weeks ended last Friday with the side headed by Mrs. A. H. Higgins winning. The missionary society of the M. E. church took this method of putting money in the treasury and divided themselves equally, placing Mrs. J. Dodge at the head of one group and Mrs. Higgins at the head of the other. The plan proved ideal in spite of the fact that one side had to lose, for over sixty dollars were raised in this manner. It was rumored that one of the captains earned her money scrubbing her neighbor's porch. The losers are going to entertain the winners this (Friday) afternoon at the home of Mrs. A. H. Kinnaird. At this social gathering, each lady must tell just what she did to earn the money.

The young people of the M. E. church will journey to Elkton next Tuesday evening and will present a miscellaneous program including the play, "The Kleptomaniac," which was given by the high school here last year. Those who take part in the play are as follows: Margaret Horner, Neva Shepherd, Laura Bigelow, Florence Urquhart, Catherine Ferguson and Marguerite McTavish. Miss Ellen Palm, public speaking instructor at the high school, is coaching the play. In addition to the program a recreational feature, namely a field meet between Elkton and Cass City will be held. This game will be directed by Rev. I. W. Cargo. The young people received word from Marlette Sunday that they were to present the same program there on Wednesday, Feb. 20. The following month both Marlette and Elkton leagues will give similar programs here.

NOTICE!

Wilson Foundry & Machine Co., Pontiac, has practically completed expansion program that represents an expenditure of two million dollars and which will make it possible to increase its production almost fifty percent.

The nation wide demand for the Willys-Knight and Overland cars not only made the expansion necessary, but continued top speed production is expected to be maintained in order to meet the demands of coast to coast sales.

The factory forces are being built up to meet the schedules. Both men and women are being placed in positions where their earnings are limited only by their efficiency and capability of acquiring the knowledge of the work assigned them.

The consensus of opinion gained from the industrial leaders of Pontiac is that continued prosperity is the answer to Pontiac's future industrial outlook.

NOTICE.

Notice of Review of Special Assessment for the improvement of Assessment District Road No. 244, under Act 59, Public Acts of 1915, as amended.

To all persons interested in said assessment in the townships of Sheridan and Grant in Huron County, Elkland in Tuscola County and Greenleaf in Sanilac County, to the said Townships of Sheridan and Grant, in Huron County, Elkland in Tuscola County and Greenleaf in Sanilac County and to the said Counties of Huron, Tuscola, and Sanilac.

Whereas, I, as State Highway Commissioner of Michigan, have heretofore determined that the highway commencing at the west section corner common to section 35, town 15 north, range 11 east, Grant Township, Huron County and fractional section 2, town 14 north, range 11 east, Elkland Township, Tuscola County; thence east on the Huron-Tuscola County line between sections 35 and 35, said Grant Township and fractional sections 2 and 1, said Elkland Township to the east section corner common to said section 36 and said fractional section 1; shall be improved in accordance with the specifications now on file; and

Whereas, I, as such commissioner, did heretofore determine the boundaries of the special assessment district No. 244, for said highway known as assessment district road No. 244 to be as follows: Said district includes all lands within the following boundaries in the townships of Sheridan and Grant in Huron County, Elkland in Tuscola County and Greenleaf in Sanilac County, to-wit:

Commencing at the 1/2 post on the east side of section 36, town 15 north, range 11 east, Grant Township, Huron County; thence west 2 1/2 miles on the east and west 1/4 line of sections 36, 35 and 34 to the center of said section 34; thence south 1/2 mile on the north and south 1/4 line of said section 34 to the 1/2 post on the south side of said section 34; thence continuing south 1/2 mile on the north and south 1/4 line of fractional section 3, town 14 north, range 11 east, Elkland Township, Tuscola County to the center of said fractional section 3; thence east 2 1/2 miles on the east and west 1/4 line of fractional sections 3, 2 and 1 to the 1/2 post on the east side of said fractional section 1; thence continuing east 1/2 mile on the east and west 1/4 line of fractional section 6, town 14 north, range 12 east, Greenleaf Township, Sanilac County to the center of said fractional section 6; thence north 1/2 mile on the north and south 1/4 line of said fractional section 6 to the 1/2 post on the north side of said fractional section 6; thence continuing north 1/2 mile on the north and south 1/4 line of section 31, town 15 north, range 12 east, Sheridan Township, Huron County to the center of said section 31; thence west 1/2 mile on the east and west 1/4 line of said section 31 to the place of beginning.

And all lands in the townships of Sheridan and Grant, in Huron County, Elkland in Tuscola County, and Greenleaf in Sanilac County within the boundaries above described, will be liable to an assessment for benefits for the improvement of said highway and also the townships of Sheridan and Grant, in Huron County, Elkland in Tuscola County and Greenleaf in Sanilac County and the Counties of Huron, Tuscola and Sanilac at large.

Now, therefore, all owners of lands within the above described boundaries in the townships of Sheridan and Grant, in Huron County, Elkland in Tuscola County, and Greenleaf in Sanilac County and all persons interested in said lands and the townships of Sheridan and Grant in Huron County, Elkland in Tuscola County and Greenleaf in Sanilac County and the Counties of Huron, Tuscola and Sanilac are hereby notified that on the 6th day of February A. D. 1924 at 11:00 o'clock A. M. Central Standard Time, I will be present at southeast corner of Section 35, town 15 north, range 11 east, Grant Township, Huron County along the said highway to be improved, and announce my assessment of benefits upon the lands within said boundaries constituting said special assessment district and upon the townships of Sheridan and Grant in Huron County, Elkland in Tuscola County, and Greenleaf in Sanilac County and upon the Counties of Huron, Tuscola and Sanilac, at large, and the said assessment of benefits will be open to review. All persons, said Townships or Counties may appear and be heard with respect to their several apportionments of benefits for said highway.

Given under my hand at Lansing, Michigan, this 5th day of January A. D. 1924.

FRANK F. ROGERS, State Highway Commissioner. 1-18-3

YOURS FOR SERVICE

We strive to render service to all our depositors and to be something more than just a storehouse for money.

If our bank was only a depository, we could get along nicely with a little room and a window like the window in a box-office, and a table with pen, ink, deposit slips and checks, and a big steel vault or two in which the money could be stacked.

But we don't do business that way.

We have comfortable quarters and maintain a staff of officers who are on hand all the time to greet depositors and render them whatever assistance they need in their affairs. That's modern banking and ours is a modern bank. Come in and talk it over.

NOVESTA.

Yes, we all have reason to remember Jan. 1924.

Herbert French was a Caro caller on Tuesday.

School in district No. 1 (Crawford) is closed. Teacher sick with tonsillitis,

and most of pupils have mumps.

Strenuous time for auto traffic on all north and south roads Friday and Saturday by reason of unequally distributed snow.

John Pringle has been very poorly since the burning of his house on Sunday, Jan. 20.

Locals

John Emmons is still quite ill.

Kenneth Bentley is recovering from a short illness.

Mr. Patterson of Saginaw was a business caller in town last week.

Bert Stickland of Caro called at the George Finkle home here on Sunday.

Angus McPhail and H. J. McKay transacted business in Bad Axe on Monday.

Mr. and Mrs. John Mark are spending the week in Pontiac the guests of relatives.

H. J. McKay returned home from Detroit Sunday, driving a "brand" new Tudor Ford coach.

Carl Reid, who is employed in Flint, spent the week-end in town visiting his mother, Mrs. Frank Reynolds.

The World Service Class of the Bethel church met at the home of Mr. and Mrs. Bert Knight on Wednesday evening.

H. T. Brown, who recently purchased and took possession of the Hayes home on Houghton street, is very seriously ill.

Mrs. Audley Rawson entertained Bethel ladies' aid at her home on Thursday. Several from Cass City attended the dinner which they served.

Mrs. C. P. Miller and little son, John, of Detroit arrived last week and are visiting relatives here. They were called here by the serious illness of Mrs. Miller's father, J. F. Emmons.

North Novesta Farmers' club and the Riverside Farmers' club will hold their annual oyster dinner at the home of Robert Warner on Thursday, Feb. 7. Officers will be elected at this time.

Mrs. James Young of Canboro, who has been making her home with her daughter, Mrs. Jas. McKenzie, of Cass City for the past three years, has gone to live with her son, Mr. Young, of Grant township.

During the first nine months of 1923, the birth rate of Sanilac county was 24.8 and the death rate 11.9. In Tuscola county, the birth rate was 22.1 and the death rate 15.7, while in Huron county the birth rate was 25.9 and the death rate 12.0.

The members of the chorus choir of the M. E. church enjoyed a social evening Tuesday after their regular practice. About forty were present to enjoy the program of games and the treat of ice cream and fancy cakes. The chorus will sing a group of songs at the League program at Elkton next Tuesday evening.

Mrs. Bertha Karr and daughter, Miss Iva Karr, will leave for Detroit this week where they will attend the wholesale millinery openings, returning about the middle of February. Miss Karr has accepted a position in the McGillvray millinery store for the coming season and Mrs. Karr will do dressmaking.

A class of adults in the local M. E. church gathered together Sunday evening at the church preparatory to taking up a course on the world service of the M. E. church. They will study the text book in two groups, one headed by Mrs. Earl Brooks and the other by Miss Kate Burgett. The two groups will strive against each other to gain points. One question, statement or answer concerning the lesson counting for one point. Nearly forty are studying the same subject in the young people's department.

NOVESTA CORNERS.

The cold blustery weather of late has so obstructed the roads that our mail carrier was unable to get thru at all Friday.

Mrs. Fred Palmateer entertained her aunt, Mrs. A. M. Grinnell, from Wednesday until Friday of last week.

Chas. Cook is slowly recovering from his fall of a few weeks ago.

Mrs. J. Wentworth is entertaining Mrs. Alice Rodgers of Detroit.

John Pringle is suffering severely the past week with asthma.

Many here are suffering with severe colds.

Miss Nora Moshier is quite sick with tonsillitis.

Mrs. M. A. Snover is quite sick at this writing.

Miss Mabel Schwaderer left on Wednesday for Chicago, to study medicine. It will take six years to complete the course.

Special prayer services are being held this week at the M. E. church preceding the campaign to be started next Sunday by Rev. Geo. R. Jackson, the singing evangelist.

The council has appointed a committee to investigate the number of rubber boots and coats required by the fire department. An order has also been issued to call in the band instruments and have them properly stored. A gentleman named H. E. Sweet is

in town organizing a class in penmanship.

It has finally been decided to cut the original rate for electric lighting for stores, shops, etc., one-third, and the rate for residences, churches and halls one-half. The meter rate was not changed. This places the lights within reach of many who could not otherwise have them and the wiring crews are not able to complete the work fast enough. Let the good work go on.

Another Rembrandt.

An Antwerp carpenter bought, for the price of a few francs, from a second-hand dealer, an old picture, of which the subject was, "Jesus Baptized in the River Jordan." An Antwerp art expert discovered on the painting the date 1640 and the signature of Rembrandt. The painting is said to be worth 2,000,000 francs.

How International Special Dairy Feed Is Made...

International Special Dairy Feed is composed of oil meal, cotton seed meal, corn gluten feed and grain products. These materials are finely ground, then mixed with molasses by our exclusive patented process and heated to render the feed dry and granular. It is then packed in 100-pound sacks.

The molasses in this feed supplies the cow with natural digestive juices. By using this feed according to the directions given here you can do what thousands of other dairymen are doing—save money on your feed bill and increase your milk production.

You are told that International Special Dairy is composed of Corn Gluten Feed, Wheat Bran, Cottonseed Meal, Linseed Oil Meal, Ground Grain Screenings and Molasses. But do you know that International Special Dairy Feed is worth at least \$15 per ton more than corn, oats, barley or wheat feed for dairy use? It's a fact that any feeding authority will endorse.

Every experienced dairyman knows that cottonseed meal, linseed oil meal and corn gluten feed are worth more than wheat feed or grain. Molasses is also worth more.

International Special Dairy contains 18 per cent Protein before Molasses is added. The addition of molasses reduces this protein percentage because molasses contains very little protein. The addition of molasses, however, decidedly increases the milk producing value of the feed. International Special Dairy 15 per cent to 16 per cent protein (after molasses is added) will accordingly produce more milk than can be obtained from any dry mixture running 20 PER CENT PROTEIN.

It pays to feed International Special Dairy as a straight grain ration, or mixed with grain, or with any ration you are now using. Fed any way you may choose, International Special Dairy always results in a decided increase in milk production, ranging from one to three quarts per day.

The Price of This Feed Is \$38 per ton

Let us furnish you with the names of those that are feeding this feed with the very best results.

Remember that we give tickets on the big prize drawings. Get your tickets.

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

Railroading in Winter

Especially in Michigan, Railroad transportation is subject to sudden periods of extreme cold and heavy snow. Such weather lowers the efficiency of steam-driven machinery, imposes severe hardships on men, and makes necessary abnormal expenditures for fuel, wages and special equipment.

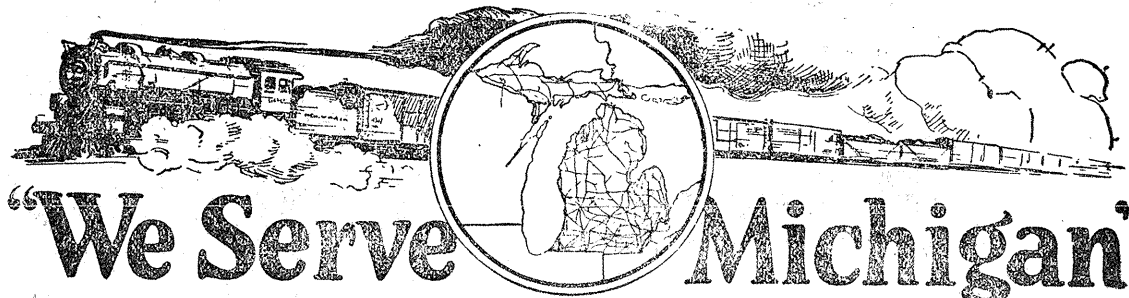

To vanquish these obstacles—to accept and deliver freight and passengers in the teeth of a midwinter blizzard, when necessary—is an annual battle for each of Michigan's 24 steam Railroads.

Even in a comparatively open winter, the Railroads must always be equipped and ready. On certain northern runs, a snow plow precedes every train throughout the winter, regardless of weather.

Winter railroading in Michigan is seldom possible at a profit. Often it can be accomplished only by large financial loss. Yet, despite the handicaps of climate, the cars move, and Michigan continues warm, well fed and prosperous.

Do you appreciate the foresight, determination and fortitude which, year in and year out, make Railroad transportation so sound a reliance. The Railroads will be pleased and helped to know that you do.

Books and Nature. Books are of pathetically little use to tell the story of nature. Few people recognize more than a dozen roadside flowers, the commonest trees and shrubs, a few kinds of birds and insects. To be able to distinguish the call notes of birds seems to most persons a miraculous gift. The few who know enough of nature to be guides for a few hours' walk have knowledge that many others deeply long for and that they would pay handsomely to get.—Youth's Companion.

THUMB NOTES.

At a meeting of the Bad Axe school board held Tuesday evening a bid was accepted on the \$150,000.00 bond issue for the new high school building and it is expected that the board will be able to let the contract by March first. The 4 1/2 per cent bonds were sold to R. M. Grant & Co., Chicago, the lowest bidders, at a discount of \$4,710.00. A reminder of one of Michigan's greatest industries of 40 years ago was brought to public notice when Sandy Smith brought three pine logs to the saw mill at Uby last week. The logs were taken out of a bog on the Smith farm near that place. They were 14 feet long and one of them was four and one-half feet in diameter. It is estimated there are from 1200 to 1,500 feet of lumber in them and their value is \$125. A late report for County Treasurer Hoover, shows that 4,103 auto license plates have been issued, representing \$50,436.10. At a meeting of the Mother's club at Bad Axe, it was decided to write to Congressman Louis Cramton asking him to help bring the child labor amendment bill on the floor of the house and to do all in his power to legislate child labor out of existence. Since the first of the year marriage license applications have been slow in coming in Sanilac county, only one license has been issued since the new year up to Tuesday noon. This is the first time in a number of years that

The Community Club at Sebewaing has signed up 60 members and the soliciting committee expects to increase the number to 100. The village of Port Austin has encountered a difficulty in its proposed paving program for the coming summer. At a recent election it was voted to bond the town for \$12,000 to defray the expenses and now it has been found that, under its assessed valuation, all that the village can legally raise is \$6,000. Unless arrangements can be made to finance the balance locally and hold another bonding election to raise \$6,000, it is doubtful

whether the program can be carried out. Jacob Miller, who operates a taxi service between Sandusky and Me-Gregor, was awarded a contract by the postal department Monday for carrying mail between the towns. His contract calls for four round trips daily, except on Sunday. This service is one of the many things that have been forwarded by the efforts of the Sandusky Community Club. Community co-operation is the best way to get things done for the community. The star route service will greatly improve mail service in Sanilac.—Tribune.

Gagetown Public Schools.

National Thrift Week which opened with Benjamin Franklin's birthday, Jan. 17, was observed by the pupils of the public school. In fact, a two fold oasis, a patriotic birthday event full of possibilities, patriotism and early American history showed itself the last week.

Posters were made, essays were written and every child contributed in some way to the success of the week. The work was brought to a conclusion by a fitting program given by the literary societies.

An enthusiastic audience greeted the debating teams Thursday evening. The contest was a live one. The affirmative side of the "Ship Subsidy" was upheld by Preston Purdy, Florence Fischer and Uarda Hallock of Gagetown while the negative was supported by Lorna Lange, Erna Wender and Arthur Manski of Sebawaing. Both teams entered the debate in a spirit of friendliness which manifested itself throughout the evening. The decision of the judges was two to one in favor of the affirmative. The school extends their appreciation to the home people for their co-operation.

State of Michigan—Before John W. Quinn, Circuit Court Commissioner, Tuscola County, Michigan.
Macei Lelusz, Stefania Lelusz, and Wladyslawa Michalski, Plaintiffs, vs. Theophil Navrot, Sophia Navrot, and Frank Gabriel, Defendants.
Suit pending before John W. Quinn, Circuit Court Commissioner, Tuscola County, Michigan, at the Village of Caro, in said county, on the 29th day of January, 1924.

In this cause, complaint having been made by said plaintiffs, Macei Lelusz, Stefania Lelusz and Wladyslawa Michalski, that the above named defendants, Theophil Navrot, Sophia Navrot, and Frank Gabriel, hold the lands hereinafter described contrary to the conditions of a certain executory contract for the purchase thereof, made and entered into by said parties, and that plaintiffs are entitled to possession of said lands, described as the Northwest fractional Quarter of fractional Section Two, Township of Vassar, Tuscola County, Michigan; and it further appearing by affidavit on file that the whereabouts of said defendants are unknown and that it cannot be ascertained in what state or country said defendants reside.
On motion of Theron W. Atwood, one of the attorneys for said plaintiffs, it is ordered that the said defendants cause their appearance to be entered in this cause on or before the 1st day of March, 1924, and that within seven days after the date hereof, plaintiffs cause this order to be published in the Cass City Chronicle, a newspaper published and circulated in said County of Tuscola, and that such publication be continued once each week for three successive weeks.
Said cause will be brought on for hearing at my office in the Village of Caro in said County, at 9 o'clock in the forenoon, on the 1st day of March, 1924.

Dated, January 29, 1924.

I Am Disposing of 49 of My Lots

in Annie Laurie Gardens, located on the Indian River at Melbourne, Florida; \$25.00 first payment per lot, and \$10.00 per month for eight years, one month and one half. I am not in the real estate business. I only purchase and develop for my own use and pleasure, choosing the very best property directly in the line of the growth of the City. To secure what I wanted in Melbourne I had to purchase more than I wish to hold, and therefore will sell the balance. I am planting on all these lots orange, grapefruit, coconut, banana and fig trees. There will be no interest, no taxes, no assessments, for those buying one or more lots. Price lots 50 x 150 feet 1,000 each. All money to be received by the Melbourne State Bank who will hold deed for purchaser. If you wish to learn of Melbourne and its future write me there.

YOUR TICKETS ARE GOOD FOR THE ENTIRE CAMPAIGN

Contrary to the belief of some, the tickets you receive are good during the campaign. Those deposited in the boxes in business places are in the race for prize winnings every Wednesday afternoon. Your ticket may secure one of the smaller prizes and an automobile as well.

Drawing will be held on corner of Main and Seeger Streets. In event of inclement weather, sign board at this place will state where indoor drawing will be held.

Merchants have all agreed not to give out tickets unless you purchase amounts to one dollar; not one ticket for 95 cents, nor two for \$1.98. Convenient boxes to drop the coupon stubs will be found in each business place. Save the other end of your tickets carefully.

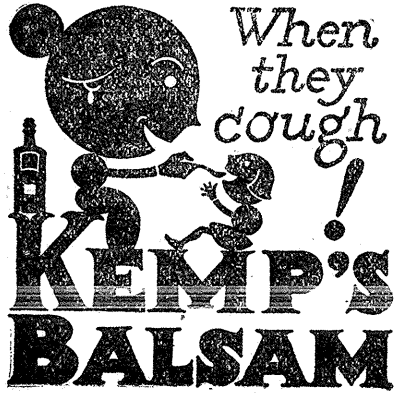

WEEKLY PRIZES WILL BE GIVEN EVERY WEDNESDAY AFTERNOON

Those Who Cannot Participate—No business man who is using tickets, nor any member of his family can hold tickets in these drawings. None of the above people can be awarded a prize.

DEFORD NEWS

Report says Thomas Davis has sold his team. James Jacoby spent Sunday at the Orr home near Caro. Mrs. John McCracken in poor health with an attack of grip. Jacoby and Cones have ice houses filled.

Some trouble at schoolhouse. Pipes burst with the extreme cold weather. Mrs. Ella Ellsworth has gained three pounds in weight since she came here from Alberta. Apparently coming back to normal.

As we close our items Peter Bell and Alfred Shaw, both very aged men, are on the gain apparently. They have been ill for some time.

A masked roller skating party Saturday evening.

Last storm was hard on our mail carriers. Howard Malcolm had 16 miles extra travel Thursday because of snow drifts.

The almanacs of the 50's printed a verse for us to learn. Now 'tis crowded out. Ran as follows: "Thirty days hath September, April, June and November. All the rest have 31 excepting February with 28 alone, but each fourth year in its time, with women call for 29."

First snow plow of the season on Polly Ann went through on Jan. 26.

Why Novesta Corners correspondent, we can't think any of our business places are open late enough Saturday nights so it would take a party of youths till three o'clock Sunday morning to reach your corners, only four miles distant. They must have come from Chicago.

One of the great sins is to hate our fellow creature who understands the Scripture different than we do.

The South Novesta Farmers club for February will hold forth with Mr. and Mrs. Howard Malcolm of Deford. Mrs. Bessie Holt of Cass City spent last week in this locality.

A present from George Spencer was a sample of Georgia smoking tobacco, raised and cured in said state. We do not hesitate to pronounce it the hitparoom for aged puffers of the pipe.

On Friday all business ceased except with Robert Jacoby and E. A. Cones who put up ice without complaint or liquor.

A youth by name of Orr labors for R. Jacoby at the ice harvest.

Alfred Shaw is suffering from effects of a stroke, yet keeps around.

A. D. McIntyre of Saginaw has been in town a part of past week.

'Tis a question. Some think a third teacher is necessary in our school; others think we can get along and save the expense.

Auto, sleighs and boy on skates at same time on same track makes the gray headed fearful. Such we beheld on the 23rd in our burg.

Our men who need ice in the long days, commenced harvesting the crystal crop past week.

We hear that Mr. and Mrs. John Pringle, who lost house by fire are making home with Charles Cook, their father in law. A mile to do chores and Mr. P. is not well and Mr. Cook has not recovered from his fall yet.

The conversation of the man is the index of the working of his mind.

Emory Patterson was unable to be in his store one day past week. Cause, sick headache.

Grange lecture here on the 22nd.

East Greenleaf, you will unexpectedly find in your locality two aged men with business wrinkles on their brows. They will be in search of furs, willing to pay from \$25.00 to less according to grade. If you have a fairly good pelt you can exchange for two sawbucks legal tender at least—But it must be an adopted quadruped of Greenleaf, Sanilac County, Mich. Please be prepared to meet the strangers with a smile.

The three ruling bodies that hold the building in which Emory Patterson occupies as general store will not sell the place at present.

In looking at some ice that was being put up, about 18 inches of the clear article, we ventured to say good ice, when an old iceman fig us. "Not the best," said he, "it was made too fast. See those grains show each freeze layer. If it made slow and looked like one solid chunk it would last much better." Then we turned away and mused "Learned something."

We notice that elevators advertise for bean pickers and thought is prompted, why not have a bean picking room for the males that are laying around loose in our country towns in winter months. When we hauled wood, oft the man would help me pile and measure and if they liked the fuel would say, "Can you bring us another load? I must see my wife when to bring it so we will have your money ready. She picks beans." The husband was talking politics and

wearing out the basement of his trousers. Should have been picking beans. But it has been said "Every woman should take care of some man's son."

Have no communion with evil thoughts. If an evil thought attempts to enter the mind, turn from it as you would from the blight of a wintry day. No one can tell how many thought the human mind can hold, but this we do know, that if the mind is kept full of good thoughts, there will be no room for evil ones. Two great poets have passed on—yet left their memory with us—Thomas Moore whose verse is always pure; Lord Byron who mixed the sublime with the ridiculous. Thomas Moore is an honor to his country and a benefactor to mankind. Lord Byron whose poetic ability was perhaps superior to Moore's is blurred by evil thoughts. Pope has said, "The mind is the stature of the man." Then Thomas Moore was a giant. Lord Byron was a dwarf.

BETTER MAIL DELIVERY OF NEWSPAPERS

As a result of several months of investigation and study by experts of the Post Office Department, Postmaster General New has issued the first definite, concise and complete program that has ever been put out by the Department for the mailing, transmission and delivery of newspapers.

This order is most important and far reaching. It gives the same expedition to newspapers as is accorded to first class mail.

The order is the result of painstaking effort on the part of the Post Office inspectors, under the direction of First Assistant Postmaster General Bartlett. Carefully worded and minute instructions have been issued to all employees engaged in handling the mails, so that there will be no possibility of misunderstanding the importance of getting newspapers to the reader with a minimum of delay.

The essence of the order is that newspapers shall not be mixed with parcels post at any point in their dispatch from the publishers' offices until their delivery to the addressees. Papers shall be handled by themselves, and kept in constant transit, not being sent to railway terminals to be reworked. In other words, they are to be handled in the same manner as first class mail.

An important feature of the order is that no publication shall be given any less efficient or less expeditious treatment than at present. That means that publications other than newspapers will not suffer one iota from this progressive innovation, made by the Post Office Department.

Another striking feature of the order is the elimination of sacks of mail which are known to the business world as "mixed mail." Sacks of mixed mail sometimes contain letters, papers, and parcels post, and often times the entire contents were treated as parcels post. This order will prevent a recurrence of that condition.

Another important feature of the order is that postmasters are required to notify publishers in each instance when they do not hit the dispatch which they advertise to hit; also to notify publishers when they are sending to wrong addresses and to the addresses of deceased persons. Publishers will also be notified when they are putting up their mail in an incorrect manner.

Under the new system, newspapers will be made up in separate sacks plainly labeled with the word "Newspapers." If there are only a few copies of newspapers at the point of dispatch, they will be placed in pouches with first class mail or in separate sacks, even though the sacks are only partially filled.

This order means much to the American public. It is one of the most important and far reaching steps in post office history. It is for the benefit of those who desire to have their newspapers placed before them at as early a moment as possible. This should keep both the city and rural population in closer and quicker touch with their several fields of activities.

OFFICIAL PROCEEDINGS BOARD OF SUPERVISORS TUSCOLA COUNTY.

JUNE SESSION, 1923 Court Room, Caro, Mich. June 25, 1923 Pursuant to Sec. 5, Act No. 8 of the public acts 1921. The Board of Supervisors for the County of Tuscola, State of Michigan, met at the court house in the village of Caro, on Monday, the 25th day of June A. D. 1923.

Why Home Comfort "Insulated" Weatherstrip Is Superior to any other expedient ever employed for that purpose, because it is WATERPROOF—Made of pure rubber-coated fabric, impervious to moisture, enclosing and protecting the insulation, preventing crystallization and decay. AIRTITE—When in place, forms a resilient caulk or fillet, similar to refrigerator door seals. FLEXIBLE—Never hardens, cracks nor tears; adjustable to varying surfaces, warped doors, 90 degree angles, etc.—without cutting. NOISELESS—Has vibratory absorption (cushion) effect on slamming doors and rattling windows. Does not sing in high wind as does metal strip. DETACHABLE—Of interest to renters—can be taken off, rolled up and re-applied. DUSTPROOF—Seals against dust, vapors, etc., as well as against wind, rain, snow and sand. NON-CONDUCTIVE—While "metal" weatherstrips (when applied perfectly) may keep the wind out—it does not resist the "cold," since metal is a rapid conductor of heat or cold; whereas Home Comfort Weatherstrip is insulated, thus greatly lessening the transfer of heat or cold through joints. For Homes and Public Buildings, Hospitals, Apartment Houses, Schools, etc., Auto Doors, Ice Chests, Refrigerator Doors and all other purposes requiring WATERPROOF, DUSTPROOF, NOISELESS AND AIRTITE SEALS. A. C. ATWELL
