RANDALL SECOND IN FRUIT JUDGING

FIVE CASS CITY STUDENTS WIN HONORS AT THE M. A. C. CONTEST.

Five students of the Cass City schools, Arthur Randall, Darwin Bailey, Kenneth Striffler, James McIntyre and Harold McGrath, were participants in the fruit judging contest held at the Michigan Agricultural college and succeeded in winning third place in the event for their school. Willis Campbell, the local agriculture teacher, is very much pleased over their success inasmuch as these five students were in competition with students located in the heart of Michigan's fruit belt and with schools who were able to enter many more pupils in the contest.

St. Johns won first place with a standing of 885, Bangor second with 879, Cass City third with 872, Grand Ledge fourth with 822, Mason fifth with 797, Benton Harbor sixth with 795, Hartford seventh with 792.

In the individual standings, Arthur Randall stood in second place in the list of all students participating. Darwin Bailey 6th, Kenneth Striffler 8th, Jas. McIntyre 13th and Harold McGrath 22nd.

In the poultry judging contest, the Ososso team finished in first position, St. Johns 2nd and Bath 3rd. The Cass City quintet secured 8th place.

The various contests this year had 44 schools of the state registered and 400 students entered. The contests were the biggest and best of their kind ever held at M. A. C.

A newsletter from the Dept. of Agricultural Education contains this paragraph:

"We have not received a single criticism of the high school boys' conduct during their stay on the campus. The agricultural teachers who had the boys in charge are to be commended upon their influence and leadership with the students. We have remarked many times since the contest, 'It was the finest bunch that ever came to the annual contest.'"

EARLY POTATOES ARE SAID GROWER'S CHANCE

Market Favorable from Middle of June until Sept.—Good Soil, Good Seed, and Spraying Needed.

That there are good possibilities for Michigan growers in the early potato field, the market being very favorable from the middle of June until the middle of September each year, is the opinion expressed recently by H. C. Moore, potato specialist with the M. A. C. extension division.

"A thousand cars or more of early potatoes are imported from other states into Michigan each year," says Moore. "More than 90 per cent of the state crop is composed of late varieties which do not reach the market until late September. During the summer months the prices of early potatoes are generally very good, ranging from \$1.50 to \$2.00 a bushel."

"Michigan growers located within trucking distance of city markets or summer resorts should find the growing of early potatoes a profitable business, while those in the more northern sections can find possibilities in supplying the certified seed trade. "Satisfactory yield of good quality early potatoes are dependent upon good soil, good seed, and thorough spraying."

COMING AUCTIONS

Frank McGregory has decided to quit farming and will sell his personal property at auction 1/4 mile north of Shabbona on Monday, Mar. 17. P. L. Phillips is the auctioneer and full particulars are printed on page 7.

On the same page, Geo. Maxon is advertising a farm sale 3 miles east and 1 1/2 miles south of Deford for Tuesday, Mar. 18. R. N. McCullough will cry this sale.

Ed. Youmans will quit farming and will have an auction 3 miles east and 1/2 mile south of Colwood on Thursday, Mar. 20, with R. N. McCullough as auctioneer. Full particulars are printed on page 3.

Glen Tuckey will hold an all-day sale today (Friday) 2 miles south and 2 1/2 miles west of Cass City. Particulars were printed in the Chronicle last week.

Earl Chisholm will have a sale on Tuesday, Apr. 1, 5 1/2 miles east and 1 mile south of Cass City.

Mrs. Margaret Cole had the misfortune to lose the end of a thumb when that member was pinned under an extractor, one of the machines at the Robinson Laundry. The injury was a very painful one.

Starting Wednesday, March 5, we will make Hot Cross buns each Wednesday and Friday until Easter. Order early, Doerr's Bakery.—Adv't

LOCAL MARINE IN WEST INDIES.

Beginning a tour of military duty in the West Indies, with the prospect of visiting many of the islands of the Caribbean before he returns to the United States, Lee Eile Gray, formerly of Cass City, left Parris Island, S. C., recently with a detachment of U. S. Marines for the Republic of Santo Domingo. He will probably remain abroad for several months.

A small force of U. S. Marines has been stationed in Santo Domingo since 1916, when they occupied that country to maintain order. Peaceful conditions now prevail, and the Marines keep fit with drills and practice marches, or by following their regular military routine. Sports and games are held at frequent intervals, while moving pictures, band concerts and social affairs are provided for their entertainment. The country is famed for its relics of Columbus who landed there on his first voyage to America in 1492.

Lee, who is a son of John Gray of Cass City, joined the Marine Corps at Flint, Mich., last November, and was stationed at Parris Island for several weeks before being assigned to duty in Santo Domingo, where he is serving with the 2nd Brigade of Marines.

PRETTY WEDDING AT LEVI BARDWELL'S HOME SATURDAY

Miss Irene G. Bardwell Is Bride of Earl R. Wilson of Lansing.

A very pretty but simple wedding was solemnized at the home of Levi Bardwell Saturday afternoon at four o'clock when his daughter, Miss Irene Guinevere, was united in marriage with Earl Rogers Wilson, son of Geo. Wilson of Berkeley, California. Rev. Wm. Schnug of the Presbyterian church performed the service, the ring ceremony being used. Miss Helene Bardwell, sister of the bride, acted as maid of honor and Geo. L. Stone, a fraternity brother of Mr. Wilson, as best man. Miss Mary Gladys Knight of Caro sang "At Dawning" which added much to the beauty of the service.

The home was transformed by the lovely floral decorations. Spring flowers such as daffodils and sweet peas intermixed with delicate ferns were the main adornments.

After the ceremony a dainty wedding luncheon was served to about twenty-five guests. Several of the guests who were from out of town included the Misses Jeanetta McCallum and Mary Gladys Knight, both of Caro; Miss Myrtle W. McIntosh, a sorority sister of Mrs. Wilson, of Detroit, and Geo. L. Stone of Saginaw. Mrs. Wilson graduated from the local high school in the class of 1918. Since that time she has been employed in the local condensary, has taken a course at the Ypsilanti state normal college and has taught a year in the Caro public schools. This year she resumed her work in the latter position but was prevented from continuing her work by a severe illness. She then resigned her position.

Mr. Wilson attended college at the university at Ann Arbor and is now an expert in research work in connection with large department stores.

Mr. and Mrs. Wilson will make their home in Lansing for about six months after which they will move on to another point. Mr. Wilson's work making such changes necessary.

PLAN FARM SHORT COURSE VIA RADIO

M. A. C. Extension Division Will Send Two Weeks Series of Spring Pointers over WKAR.

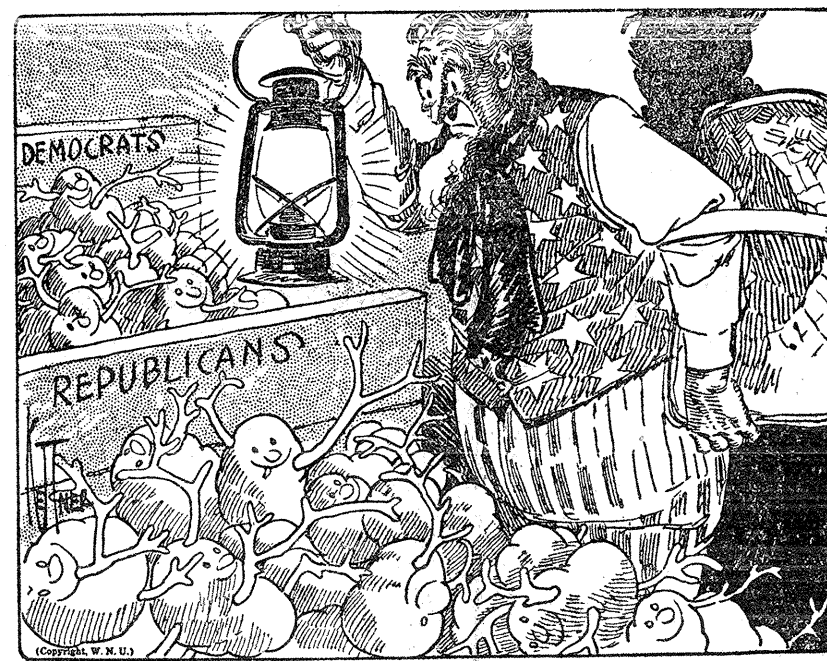

A two-weeks farm short course under the general title of Spring Pointers, to be broadcast via radio for farmers of the state, is the unique bit of agricultural extension work announced here this week by R. J. Baldwin, director of the Michigan Agricultural College extension work.

This radio school, the first of its kind ever attempted in the state of Michigan, will be held from March 17 through 28, a half hour program being put on from seven until seven-thirty, central time, each evening except Saturday and Sunday.

Extension specialists and professors from the agricultural division at M. A. C. will furnish the programs, two men talking for fifteen minutes each on each evening. The material will be of a strictly practical nature, according to Director Baldwin, aiming to give useful pointers for the farmer and home gardener along seasonal lines.

Being absolutely new, the radio school is naturally something of an experiment. Definite figures as to just how many tillers of the soil have receiving sets, and how many will be interested in "listening in" are not available. The returns received on the two weeks program will determine, it is understood, the degree to which the college will develop the field.

Sprouting

All programs will be sent from the M. A. C. station, WKAR, which broadcasts on 280 meter wave length.

The program: Monday, March 17, 7:00 p. m., R. J. Baldwin, director extension work at M. A. C.; 7:15 Prof. J. F. Cox. Tuesday, March 18, 7 p. m., Prof. H. H. Musselman; 7:15, Prof. V. R. Gardner. Wednesday, March 19, 7:00 p. m., Prof. G. A. Brown; 7:15. Dr. Ward Giltner. Thursday, March 20, 7:00 p. m., Prof. A. K. Chittenden; 7:15, Prof. O. E. Reed. Friday, March 21, 7:00 p. m., Prof. R. H. Pettit; 7:15, Prof. Geo. Starr. Monday, March 24, 7:00 p. m., Prof. M. M. McCool; 7:15, Prof. E. C. Foreman. Tuesday, March 25, 7:00 p. m., Prof. C. P. Halligan; 7:15, Mrs. Louise Campbell. Wednesday, March 26, 7:00 p. m., Dr. E. A. Bessey; 7:15 H. C. Rafter, Thursday, March 27, 7:00 p. m., A. J. Patten; 7:15, W. E. Reddy. Friday, March 28, 7:00 p. m., R. A. Turner; 7:15, R. S. Shaw. IMPROVEMENT OF THE HAY CROP

SUGGESTIONS GIVEN FOR PREPARATION FOR MARKET AND HANDLING CROP.

The following suggestions are recommended by the Agricultural Department at Washington.

In this article on the harvesting of hay, its preparation for market and its handling, our purpose is to arrive at a certain standard in the terminal markets that will encourage the growing of this important feed under the present methods of improved machinery for its handling; also to care for the different kinds of hay grown on land that is heavy in humus and commercial fertilizer. We believe a careful study of the subject will be profitable to the hay grower. It is just as important on the part of the grower to assume an attitude of concern on this subject as it is in the breeding of stock, for every influence for the improvement of quality and extent of the crop will have its immediate reflection felt in enlarging and promoting an industry that is now feeling the effects of the automobile. The demand for hay in the city grows less therefore to secure a ready and permanent market one must pay particular attention in securing hay of the best quality. Reforms sometimes die but progressiveness can never go backwards, especially is this true when there is a profit at the end of it. The farmers today are too shrewd to let this matter pass by unnoticed. We desire to acquaint the hay grower with the experience and facts gained by close observation and scientific tests. The same laws apply to hay cultivation as in animal breeding. To secure a market we must comply with and seriously consider the few suggestions about to follow and we urge the hay growers to assist in remedying former evils. In harvesting hay and its preparation for market it is advisable to roll the meadows thoroughly in the spring. This will spread out the sod and enable one to get production from all the ground instead of only part. Thus treated meadows will hold moisture much better and not produce near the amount of lead undergrowth. Especially is it advised that new meadows be raked and cleaned of stubble, stalks and weeds. These are very objectionable in terminal markets and often cause hay to grade one or two points lower than would otherwise be the case if it were cleaner. Land that is heavy in humus or commercial fertilizer produces a heavy growth of blades very early in the spring, and owing to the fact that it becomes wet with dew during the night time by reason of such a heavy growth, it remains wet late in the morning or until the sun is high in the heavens, and the

scorching heat bakes the moist leaves thereby causing them to become dark early in the season. To be more valuable, timothy hay should be harvested not later than when in full bloom as recommended by the Agricultural Department at Washington. Another important matter is that hay caught in the rain or hay containing weeds should be kept separate from that intended for market and not mixed with good hay.

Number one timothy hay shall be cut not later than when the heads are beginning to come into bloom, which makes the hay weigh 20 per cent more than when cut later, of a brighter green color and better feeding quality.

Number one clover hay shall be cut not later than when the heads are beginning to turn brown, thereby giving a better weight, a better quality and superior milk production. If more care is exercised in preparing hay for market, the results will be for the good of all concerned. Co-operation means now to the success of the effort now under way to increase the quality and quantity of the hay crop with the same acreage, and make it more profitable to the grower.

The foregoing suggestions are recommended by the Agricultural Department at Washington, D. C.

CHEVROLET DAY AT CASS CITY MARCH 19

The eight weeks' trade campaign of Cass City business men ends next Wednesday, March 19, when the greatest number of prizes will be given away to patrons of local business places. The most valuable gift of the entire campaign, Chevrolet sedan, is on the program of distribution with one cash prize and 27 merchandise gifts.

Cass City expects to entertain the largest crowd of the eight weeks on the last day of the campaign next Wednesday.

BIG CAUCUS AT CARO TUESDAY NIGHT

Republicans to the number of 500 attended the caucus in Indianfields township Tuesday night and placed the following ticket in nomination: Supervisor, Giles Whitlock; clerk, John McDurmon; treasurer, Mrs. Clara Ellis; highway com., Clarence Glassius; justice, Wm. I. Eldridge; member of board of review, Wm. Carpenter; library com., R. L. Dixon and Carl Sieglund; constables, John McDougald, Jas. Westfall, Chas. Tennant and Harold W. Forbes.

There were three candidates for the nomination of treasurer and four for highway commissioner. One ballot decided the first contest and two ballots were taken for highway commissioner.

A citizens' caucus is called for this evening in Indianfields.

SPENCER GALE DIED AT KALAMAZOO SATURDAY

Injuries Received in Fall from Train Were Cause of Death.

Spencer Gale, who was so seriously injured by accidentally stepping off a moving train several days ago, passed away Saturday night at 11:00 o'clock in Old Borgess hospital, Kalamazoo.

Mr. Gale's funeral was held Tuesday at two o'clock at the home here. Interment was made in Elkland cemetery.

Spencer Gale was born in Sumner-shire, England, January 29, 1853. His boyhood days were spent around Tilsonburg, Ontario. In 1881 he was married and came to Michigan and lived in the vicinity of Cass City for several years. During the last years of his life, he has had farming interests in Alberta.

He is survived by his wife of this place; four children, Ira Gale of Agnew, California, Mrs. Dwight Goodrich and Eber Gale, both of Flint, and Mrs. Harry Young of this place; three sisters, Mrs. Geo. Johnson of Toledo, Ohio, Mrs. M. M. Parks of Cleveland, Ohio, and Mrs. John Park, of Brantford, Ontario, and four brothers, Byron Gale of Statler, Alberta, Austin Gale, of Vancouver, British Columbia, Eber Gale of Glenmere, Ontario, and Oliver Gale of Bayford, Ontario. Two sisters preceded him in death.

SANILAC COUNTY HAS SOME ADVANCED REGISTRY COWS

Holstein Cow Produces over One Ton of Milk in February Testings.

The dairymen of Sanilac County are now beginning to realize the importance of official testing of their dairy herd and during the past month, two purebred Holstein cows were tested and very fine records made.

Queen De Kol Segis Houwtje, No. 468744, owned by George T. Black, president of the County Holstein Association, finished a seven day test with a record of 617.8 lbs. milk, containing 22.755 lbs. fat, which is equal to 28.44 lbs. butter. Cynthia Model Segis, No. 655659, owned by Chris Evans, gave 518.3 lbs. milk and 14.525 lbs. fat, which is equal to 18.156 lbs. butter in seven days. Mr. Black's cow gave over a ton of milk in February or exactly 2180 lbs.

The testing was done by Ralph Miller of the State Dairy Department, Extension Service, Holstein Friesian Association. Mr. Miller says these are very good records and especially when one considers that the records were made with the cows tied in stanchions and under ordinary farming conditions.

Mr. Black says that what pleases him most is that Queen is the foundation stock of his herd, is the oldest of a family of 8 head of purebred female animals and are all the descendants of a cow which gave as high as 13,658 lbs. milk in one year on two milkings a day.

These men were encouraged to take up the work by the County Agent and it is hoped that others may see the benefit derived from the advanced registry testing.

VACCINATION NOTICE.

All school children will be vaccinated for small pox on or before Mar. 18, 1924. Any who are not will be sent from school until they are.

This is not creating any financial obligation on the part of the parents as the school board will meet the necessary expenses.

The physicians of the village are requested to submit to Prof. Holmes two copies of the names of children they have vaccinated not later than Monday evening, Mar. 17, 1924.

CASS CITY WINS CO. CHAMPIONSHIP

EIGHT SCHOOLS COMPETED FOR BASKET BALL HONORS AT BAY CITY.

Cass City high school won the Tuscola county championship in basket ball in a tournament at Bay City Friday and Saturday in which the following schools were represented: Vassar, Caro, Mayville, Unionville, Owendale, Fairgrove, Akron and Cass City.

The first game the local boys played was on Friday afternoon against Unionville and score ended 31-4 in Cass City's favor. Hutchinson was the high point winner, making seven baskets. Gowan and Benkelman showed up well also.

Caro had beaten Mayville on Friday afternoon which left Cass City to play Caro in the semi-finals. This game took place Saturday morning. The game was a close pull which ended in Cass City being thrown out on top of the heap with a 14-8 score. The score could have been run up much higher if Cass City had not failed to ring up several easy baskets.

The stars were Gowan, Hunt, and Hutchinson. During this game the local boys' work showed up better than it ever had before. The boys seemed to forget self and individual honor in trying to win the game for the school. John Benkelman was unlucky in shooting baskets but did some splendid team work.

In this game Hunt, who suffered from "Charlie horse" during the base ball season last spring, had this complaint renewed by a hard knock. It looked very much as though he would be laid out for the remainder of the tournament but it was not many minutes until he was on the floor again playing his usual fire and pep.

The last game was played Saturday evening with Vassar, who defeated Fairgrove in the semi-finals. This game which composed the finals was played as a preliminary to the Bay City Central—Ann Arbor high game and was witnessed by approximately 1500 people.

The game was fast and furious. Cass City at the halt between halves leading with a 7-8 score. In the next half the boys showed even better team work than they displayed in previous games, and ran the score up to 18-10 before the final whistle.

One of the features of the tournament was the fine defense shown by the local quintet. It is remarkable that of the three games played in this tournament, only four baskets were made by Cass City's opponents. Unionville made one basket and two points by foul shots, Caro two baskets and four points by foul shots, and Vassar one basket and eight points by foul shots.

Cass City played a great deal better than was expected on the big floor upon which all the games were played. The playing space was approximately 90 by 40 feet or about three times as large as the local floor. The teams expect to go to Mount Pleasant to a district tournament March 20 and 21.

HOTEL QUESTION AT DECKERVILLE STILL UNSETTLED

C. F. Collins Is Still Undecided on the Re-building Proposition.

(From Deckerville Recorder).

A. J. Zemmer, building contractor, accompanied by his construction foreman, William Mankey, and Hugh Bonner, plumbing contractor, all of Port Huron, were in town Wednesday afternoon conferring with C. F. Collins on the hotel proposition with a view to submitting figures for re-building the hotel which was destroyed by fire on January 26.

The loss has been placed at \$25,-168.80 of which \$17,450 was covered by insurance and this amount is expected to be paid over by the insurance companies at once. This with the \$5,000 bonus raised by Deckerville citizens will make a total of \$22,450 available for re-building. This amount will be several thousand dollars short of replacement costs and indications are that citizens of the town and country will have to come across with an added bonus in the form of labor donations. The Booster Club is planning on calling a meeting of all those who are interested in assisting for the near future. John Innis has agreed to donate the sand and gravel and several have already volunteered to haul it. Others have offered day labor and the officials of the Booster Club believe that there will be a generous response to the call for labor donations.

KEEP ON PROBING.

Senator Heflin of Alabama occasionally has something to say which is worthy of repetition beyond the halls of congress. In speaking upon the general subject of oil and oil politicians the senator said:

"Senators, this should not be a democratic fight or a republican fight; it ought to be an American fight for honesty and fidelity to public duty. It makes no difference how many Dohenys may camp in the Capitol; it makes no difference how many Sinclairs may come here. Let us who are fighting this fight, fight on and on until the victory is won, these men are exposed and this property is gotten back for the use and benefit of the American people."

That is just what the American people wish the congressional investigation would do. Instead of giving out names of men who are "involved" in this or that unproven manner, why are not the men who are pretty fairly well understood to be very much involved sought after and brought to justice?

We have heard enough to know that there is ground for criminal prosecutions somewhere. The government is sufficiently convinced of that to hire in two special counsel. But all that the public has been fed upon in the past two weeks is a series of tips and "namings." The joy with which the names of everybody and anybody have been linked with the "oil scandal" is natural, but it is all beside the main point. It is all very interesting, but it has no relation to the situation on the oil reserves in Wyoming and California. Was the leasing wise or unwise? Was it carried out irregularly or regularly? Enough has been brought out to cast serious doubt upon the judgment of former Secretary Denby and the integrity of former Secretary Fall. Is there to be a conclusion, or is the whole thing about to peter out in peanut politics?

CITIZENSHIP.

An alien does not change into a citizen over night. The changing of his dress may be done in an hour. The changing of his speech is a longer process. And the changing of his ideas is still longer.

Really, to become a citizen of our country, a man must first turn his mind from the old land to the new; he must desire to be an American. In the second place, he must learn how American institutions have grown and how they are carried on; he must understand what are a citizen's responsibilities in this land.

DEFORD NEWS

"In drying up a single tear There's more of honest fame Than shedding seas of gore."

Here he may be a beggar that limps the road, and few notice his passing by. But if he has lived an honorable life, he will be classed the inferior of none before a Just Judge.

The location was Pontiac. Date, March 8th. Howard Silverthorn and Ivan Nutt wished to go northward to the city of Deford. Intended to make it by railroad, but a youth whose home was near the last named town was coming up with car and persuaded them to journey with him. At 1:00 p. m., they started with high hopes. Reached home at midnight sad but wiser men, finishing their journey on foot, deserting the car somewhere near Clifford. Moist of apparel in fording streams and weary of arm in shoveling snow. They slept deeply over Sunday and are now trying to recuperate health and temper.

After smoking more than fifty years, Roderick, better known as "Loda" Kennedy, has discarded the pipe, that his health may recuperate. But the influence does not stop with this one case. Many look serious and say, "If smoking is endangering our health let us bid it a cold and sad adieu."

On Monday, Mr. and Mrs. Eimer Bruce entertained for a four o'clock dinner: Melvin D. Arcy and sister, Alfred Ogram, Miss Terrant, supt. of hospital, and Mr. and Mrs. William Wilson, all of Saginaw. The parties were attending a funeral near Kingston where Mr. Jackson died with trouble suspected to be diphtheria, therefore a closed funeral.

R. O. Johnson, formerly of this place, was here last Sunday.

Those who attended the Farmers' clubs gathering at Caro pronounced it a successful meeting.

Mr. and Mrs. Emory Patterson motored to Mayville on Sunday.

Our blacksmith has been absent from place of business some time. We held our peace until now thinking he would get hungry and return. Not put in appearance yet.

Emory Cones is engaged moving a building from his old farm west of here, to a point one mile west of where it was erected for a Mr. Roar.

March 10, we hear that autos can go from Deford to Cass City.

Wm. Randall is settled in his new home known as the old Lyman Spencer place in Deford. Wm. is a carver of wood of no mean ability, and will remodel the buildings on the place to suit his ideas.

In the long ago, we were invited to write in an autograph album. Looking it over we noticed the following: "In going up the hill of life, may you never meet a friend." We put on our thinking cap and read again. It's a good one when seen clearly.

Our mail carrier Howard Malcolm has an arctic route, but makes it with two horses and a full day's labor. Circles to nearest point of home in forenoon. Makes home for dinner, changes horses and finishes route in afternoon. Going through the ordeal just now March 10, the sweet bird of hope sings in his breast of better roads or he would faint by the wayside.

The sale of James Spencer on the 7th was well attended, and goods sold well all things considered.

We once lived neighbor to an aged couple. Each had an exalted opinion of themselves. If any called to visit, the old man would entertain by saying, "I have to furnish heads for both of us." And when the old gent stopped to take breath the old lady would tell how she by good financing had kept them out the county house "till now and no telling what will happen when she was gone. Then the visitor would conclude heads were woefully lacking all round. Such is the case in our burg. If we could find a head within the walls of our city built just right to take upon them all traffic laws, youth and age might hope for another summer in Deford. But judging the future by the past, we approach spring with fear and trembling for the tin lizzies go over our thoroughfare with wild bird speed, forgetting that the wisdom of county round about has gathered in.

Think not nor speak not lightly of the strangers that come among us to labor in our fields. Whether they come from the congested city or poverty ridden fields of a foreign land, or God-forsaken Mexico, they are fellow creatures with a heart of courage. They have come to better their condition in life that the conditions of their children may be better than theirs were. Let us treat them kindly regardless of where they were born. It is but a happenstance where we first saw the light of day or whether our skin is of ebony hue or lily white. They have passed through the poignant sorrow of leaving native home and kindness from stranger in a strange land helps to make their burdens lighter. Let them feel they have come to a land where all may worship God as their fathers taught, Catholic Roman or Catholic Greek without being subject to ridicule. Let them know that John Adams taught a great American principle that every man is as "Dear to himself as I am to myself."

Mrs. Neil Kennedy came home on the 5th from Hot Springs, Ark., where she has been visiting her sister.

We are smoking hitparoen cigars from Arkansas to renew our age and smooth out wrinkles.

"Boney" Daugherty yet gripping.

Mrs. Mary Spencer will not return from Hot Springs, Ark., until warm weather.

Let it be understood that 'tis selfishness makes us sinners. That self greed must be expunged before the happier life is purchased. "Love thy neighbor as thyself" is a requirement of "Book" as much as "Love to thy God." The command "Love thy neighbor as thyself," cannot be misrepresented to sensible people for the injunction to love God and love thy neighbor are so welded in language that they cannot be separated. It is

also plain that our neighbor is not only he within a stone's throw of our residence but all mankind. In the parable Christ selected four strangers—He was talking to Jews who saw no good in a Samaritan and yet the one they despised was the one with his heart in the right place. We have heard the gospel preached for more than "three score and ten" years and never heard a man of the pulpit dare to disturb his people with a plain discourse from the text—Love God with all thy mind, soul and strength and thy neighbor as thyself." The South Novesta Farmers' club will meet with Mr. and Mrs. Roland Bruce for dinner Friday, Mar. 21.

CASS CITY HAPPENINGS TWENTY-FIVE YEARS AGO

Items from Cass City Enterprise of March 16, 1899.

On last Saturday, L. H. Wright, J. D. Tuckey and J. H. Wooley succeeded in killing a silver gray fox within a mile of Shabbona.

Miss Maud Trevethan left for Kingston on Saturday where she will assist Miss Amanda Hall in the establishment of a millinery store.

M. H. Reynolds, chairman of the state Sunday school association, conducted an institute here on Wednesday afternoon and evening. The weather was anything but pleasant and the attendance was not large but the program was interesting and profitable to those who were able to attend.

Peninsular Sugar Refining Co. has begun active preparation at Caro. Five carloads of beet seed have just arrived from O. Horning, Germany, and 25 to 30 carloads of brick and other building stuff are on the grounds. The Michigan Central Co. has set a gang of men to work building switches and otherwise increasing their yard facilities.

Ed. J. Cross from the Moody Institute, arrived in town last week, with the intention of making this his headquarters from which to work the counties of Huron, Sanilac and Tuscola in the interests of the American Sunday school Union. It is an inter-denominational and undertakes the work of organizing new schools and strengthening weak ones.

At no time for several years has the water been higher about our streets and alleys than on last Saturday. It kept gradually rising until about six o'clock in the evening, and the streets and alleys north of Main street were mostly under water even as far north as J. W. Macomber's residence. Cellars were flooded and S. Champion had to move his barber shop again. By Monday morning however, it had mostly passed off, as the snow in the ditches gradually gave way.

A very pleasant social event took place on Monday evening at the home of Mr. and Mrs. A. W. Seed, corner of Sanilac and Leach streets. The occasion was a musicale gotten up by a few of the Presbyterian ladies as a means of raising a little finance, and was not only successful in that respect but provided pleasing and profitable entertainment to the goodly number present. Each one was provided with a card and pencil and requested to write opposite the numbers the name of the selection rendered on the piano. The idea is certainly commendable and tends to cultivate the musical ear and cause one to pay more apt attention to what they hear in that line. A few vocal selections were also given very nicely and added variety. Light refreshments were served and the gathering dispersed at a very reasonable hour.

WORLD TRAVELER COMES TO MICHIGAN

Dr. W. C. Pearce, a world traveler, operating from his office in the Metropolitan Tower, New York City, is coming to Michigan, after an extended tour covering countries of the Orient and several nations in South America.

Mr. Pearce is to appear in thirteen cities of the state. The following dates are just announced by the Michigan Sunday School Council of Lansing, under whose auspices he is brought to Michigan:

- Port Huron, March 23-24.
- Flint, March 25.
- Saginaw, March 26.
- Alma, March 27.
- Grand Rapids, March 28.
- Lansing, March 29-30.
- Muskegon, March 31.
- Kalamazoo, April 1.
- Benton Harbor, April 2.
- Battle Creek, April 3.
- Jackson, April 4.
- Adrian, April 5.
- Ann Arbor, April 6.

Mr. Pearce is the associate secretary of the World's Sunday School Association and carries the degree L. H. D. He was for many years connected with the International Sunday School Association in Chicago and had an active part in the Nation-wide Men's Movement a decade ago.

Upon his arrival in Michigan he will appear before Civic Luncheon Clubs in each of the cities, speaking on the subject "Religious Education and Business." He will be honored everywhere by special dinners and will there deliver his message, "Two Educational Half Brothers." Only one public address is announced for each city, this is entitled, "Religious Education and Civilization."

The lecture of Elwood T. Bailey upon "All Aboard" Tuesday evening comprised one of the most popular entertainments on this year's lecture course. Essentials to a happy and successful life, so he said, are confidence, loyalty and human love. In an earnest, straightforward manner, he attacked America's greatest problems with his true American philosophy. This concluded this year's lyceum course which has been a splendid one. The Woman's Study club has entered into another contract with the Redpath Bureau for a course next season.

Scene—J. C. Corkins' law office. Characters—A few ladies and certain helpful gentlemen. Time—Wednesday afternoon. Plot—Fire whistle blows, loudly and frantically. Mr. Corkins runs fleetly from his office toward council rooms and in rush leaves door of office ajar. Another gentleman, who wishes to inform everyone he meets where fire is, gets bright idea. He rushes in door, rings central, finds exact place of fire and starts to make exit. He stops at the door for in closing behind him it automatically locked. With unusual cunning he called attention to some ladies who stood on steps and passed skeleton key through under door. After minutes of laborious prying and turning said gentleman gave up fight and last that was seen of him was sorry sight. Kneeling, with pocket knife in hand, he tried earnestly to take hinges off door.

About 30 farmers gathered at the J. D. Tuckey farm Tuesday to attend the dairy meeting and hear the address of H. E. Dennison, dairy extension specialist from M. A. C. Much interest was taken in the address and discussion which followed.

Men from town and country combined forces the first of the week to clear the roads from snowbanks from Cass City north to Bethel church. They found lots of snow and the job a tough one but kept at it until the road was put into better shape.

Because of poor roads, Mrs. Wm. B. Williams of Lapeer will be unable to come next Tuesday to address the Woman's Study club and for that reason the "open day" meeting has been postponed until a later date. The club will meet in regular session at the home of Mrs. L. I. Wood next Tuesday.

Mrs. Via Warner has received word from her daughter, Lila, who is attending a Detroit business college that Miss Warner has been quite honored in her school. Friday evening she received a gold medal and a certificate for splendid speed in short hand. Miss Warner did not state any further particulars.

Archie Graham, a representative of the state prohibition law enforcing dept., was in Caro Saturday and supervised the dumping of 150 gallons of moonshine and a like quantity of wine and cider into the sewer. The liquor was taken in moonshine raids by Sheriff Colling's force. Coils of the stills will be smashed and reduced to junk and boilers and barrels and other containers will be sold at auction at a later date.

M. D. Lynch of Silverwood was elected president of the Tuscola County Farm Bureau at the annual meeting Tuesday. Frank Baker of Vassar is vice president. Directors elected were Henry Lane of Fairgrove, A. E. Goodall of Cass City, Dorr Perry of Caro, Herman Walt of Reese and Ed Colling of Postoria.

W. W. Bilings of Genessee county gave an address on Farm Bureau activities.

SCHOOL NOTES

"As the Cass City basket ball girls of the high school have won every game this season, they challenge any high school girls' basket ball team in the Thumb to a game on neutral floor" was the challenge issued last week by our girls' high school team. It has already been answered by a similar team in Memphis. This team, having played 18 games this season, has not lost one and Cass City has agreed to a game for which arrangements have not yet been made.

The games Cass City vs. Caro which were to have been played tonight (Friday) have been canceled. Copies of the spelling list which Supt. Holmes has compiled have been printed and are now ready for distribution. Any rural schools wishing to enter this contest are requested to get in touch with Mr. Holmes right away.

Tardiness and absence records for the month of February are complete. They are as follows:

Grade	Per cent attend.	Tardy marks
Kindergarten	91	6
First Grade	92.1	5
Second Grade	95.7	2
Third Grade	92.5	5
Fourth Grade	96	4
Fifth Grade	96.1	2
Sixth Grade	98.5	0
Seventh Grade	98.8	1
Eighth Grade	98.7	10
High School	92.1	36

Average attendance 94.4
Total 71

The typewriting students are beginning to work on the touch method in which the keyboard is covered. Their various speeds range from 10 to 41 words a minute.

Students in the home economics department have just finished making some very pretty undergarments which are now on display in the domestic science room. The girls are now about to begin making blouses. This week they are planning which colors are most becoming and whether or not they will harmonize with the colors of the skirts they have at home.

Two operettas under the supervision of the public school music instructor, Miss Alberta Bishop, will be given at the opera house on Friday evening, March 28. "Windmills of Holland" will be given by the high school chorus. The pretty little play will be made very attractive by the picturesque Dutch costumes which the characters will wear in. The cast is as follows:

Mynheer Hertogenbasch, rich Holland farmer, Louis Severance; Vrouw Hertogenbasch, his wife, Edna Brackenbury; their daughters, Wilhelmina, Ethel Wager; Hilda, Edna Jackson; Bob Yankee, American salesman, Maurice Dailey; Hans, a student of music, in love with Wilhelmina, Harding Ferguson; Franz, rich farmer's son, in love with Hilda, Hilton Warner; Katrina, rich farmer's daughter, Bernice Hitchcock. The entertaining two act musical play has its setting in a wealthy Dutch settlement.

"Box of Dolls" is a petite operetta which will be presented by twelve boys and girls from the first, second and third grades.

Next Tuesday noon, at the high school building a cafeteria dinner will be served to pupils and townspeople for the benefit of the athletic association who are sorely in need of money in view of the facts that the boys' team deserves to go to the district tournament at Mt. Pleasant and the girls' team has scheduled a game with Memphis for the Thumb championship. To carry out these propositions. About \$100.00 is needed and the amount in the treasury is pitifully insufficient—only \$15. To aid this fund, season tickets to the base ball games of this spring will be sold also, and a thorough canvass made of all the townspeople. These athletes deserve your liberal support and eat all it is but a small matter to eat and to enjoy a few baseball games to help them.

A CORRECTION.

In the obituary of Edwin I. Petteplace in last week's paper, it was stated that Mr. Petteplace was employed as a lumberjack in the north woods during early manhood. The item should have read that he was engaged as foreman in lumbering.

Nearly one half of the \$5,000 total set by the committee in charge of raising funds for the student friendship drive, on the University of Michigan campus, had been raised last week.

Infant mortality increased from 74.1 deaths per 1,000 in 1922 to 80.7 in 1923 according to a report prepared in Lansing by Dr. W. J. Deacon, head of the bureau of vital statistics of the State Department of Health. Babies born on farms apparently had a better chance of life than those in the cities, as the number of deaths in the rural sections was 73.4 per 1,000, as compared with 84.3 in urban territory.

State police are to be stationed in Monroe county to enforce the state law designed to prevent heavy trucks from cutting highways during "soft weather." Highway Commissioner Rogers has inspected M-10, the Dixie highway, and one of the heaviest travelled routes in the state.

Following an outbreak of rabies in Negaunee, Ishpeming, Republic, Champion and Michigamme, the State Commissioner of Agriculture, at the request of the health department, has ordered a strict quarantine on dogs in Marquette, Ishpeming and Negaunee and 10 townships in Marquette County, and one township in Baraga County.

After physicians at Receiving Hospital in Detroit had examined the injuries Frank Bugg, 51 years old, a structural iron worker, suffered when he fell three stories while working on the steel frame-work of the new Book-Cadillac Hotel, landing on a concrete pavement, Bugg announced he was going back to work—and he did.

Harry H. Jackson, commissioner of public safety, has been ordered by the state administrative board to check up on common carrier motor vehicles throughout the state. It was reported that many of them are operating without the required permit from the state public utilities commission.

An indication of the elaborateness with which the building of new campus structures of the University of Michigan is being done may be found in the fact that beautiful Travertine marble, imported from Italy, will be used to finish the lobby of the new Literary building, which is in an advanced stage of construction.

A general tax to raise \$10,000, to be used in carrying out the Centennial celebration of Ann Arbor next summer may be made according to decision reached by common council. The question of raising money by taxation will be put before the voters at the election April 7.

Refunds of from \$3 to \$3,000 are being made by the secretary of state to corporations as a result of the recent supreme court decision directing the tax be collected under the 1923 act rather than under that of 1921, according to Elbert V. Chilson, deputy. Approximately 400 returns, including all the building and loan associations, already have been made.

ITEMS OF INTEREST FROM POINTS IN THE THUMB

All teachers in the Sandusky schools have been asked by the school board to return next year. Many of them have been offered increased salaries.

Harbor Beach will lose her macaroni factory soon as the Atlantic & Pacific Tea company, which owns the plant, will move it to Brooklyn, N. Y., where most of their plants are located.

The new fire siren at Marlette has been placed on top of the Commercial State bank and a wire run to the switch board in the telephone office. In case of fire, an operator will push the button and the siren whistles.

At the recent meeting of the board of auditors of Huron county it was decided to place the county traffic officer John S. Howell, on a salary instead of fees.

Harbor Beach citizens are circulating a petition to be presented to the city council asking that a levy of 1/2 mill on all the taxable property of that city be levied for the upkeep and support of their band. This tax would amount to about 50c on each \$1,000 of taxable property.

The amount of \$54,650 has been subscribed by those interested in the rebuilding of the Hotel Montague which was destroyed at Caro by fire last fall. It is thought that it will be a comparatively easy matter to raise the remainder of the \$60,000 needed to put across the proposition.

Miss Bessie Crain of Lapeer had a legacy of \$500 left to her by her uncle, Dwight Hurd, of York state. There was also a request from the administrator asking for the names of her brothers and in case that they were dead, the names of their children. It is thought that bequest was also made in their favor.

At the annual meeting of the North Branch Fair association the following officers were chosen: President, Geo. Kelly; vice pres., W. F. Galbraith; secretary, J. H. Vandear; treasurer, Otto Henn; superintendent of races, J. A. Marshall. Indebtedness of the association, caused by a deficit of the 1923 fair, is \$2,900.

Spencer Bros. of Saginaw were the successful bidders on the new school building to be erected at Bad Axe. Their bid was \$105,974.00. The plumbing and heating went to Edward Gibbons of Lansing for \$23,500.00 and the electrical work to the Tromley Electric Co. of Saginaw for \$1,974.00. The board figures they saved at least \$22,000.00 by waiting a year.

Citizens of Snover are planning the erection of a community hall. The plans call for a two-story tile and brick structure 32 by 76 feet with a full basement where kitchen and dining room will be installed for holding community banquets. The first floor will be a large auditorium for holding community gatherings and the second floor will be leased to the Odd Fellow lodge. Funds are being raised by selling stock in the Snover Hall association. Solicitors report that 60 per cent of the funds needed has been subscribed.

Unionville Crescent: Born on Saturday morning, March 1, to Mr. and Mrs. Otto Hofmeister, a daughter. Having received word the Stork was coming Otto started out with his horse and cutter to secure a doctor. Because of snow banks the cutter was upset and the horse ran away. By telephone, a neighbor was dispatched for the physician, while other neighbors were requested to look for the horse. It was busy over in Otto's neighborhood. The Stork came by aeroplane, and beat the doctor to it. The doctors will have to install radios to keep in communication and abreast of the times. We are living in a great and glorious age. The horse was found in the school yard here by Fred Jahnke.

Croswell Jeff: Several years ago when John Curran was married there was some beer on tap to make the event more enjoyable, there being no prohibition laws at that time, and in some manner a couple of the bottles were lost in the well. This well is about forty feet deep, is lined up with brick and it is quite a job to get into it. The well has not been cleaned out since the wedding and now the venerable Sam Curran, who is about as full of schemes as a dog is full of fleas, has made up his mind that there should be some good money for him in having the well cleaned out. Is he going to pay a man for doing it? Far from it. He is asking for bids for the privilege of doing the work, the cleaner to take what he gets out of the bottom. Sam is confident that he can get a nice piece of money from the party who gets the job, though he will not guarantee that John King is not to be tipped off. If John gets next the finder will have a small chance at the two bottles of beer unless he drinks them before coming to the surface.

STATE OF MICHIGAN—The Circuit Court for the County of Tuscola, In Chancery.

Margaret Hardesty, Plaintiff, vs. Henry A. Hardesty, Defendant.

Suit pending in the Circuit Court for the County of Tuscola, In Chancery, at the Village of Caro in said County, on the 31st day of January, 1924.

In this cause, it appearing by affidavit on file, that the whereabouts of the said defendant, Henry A. Hardesty, are unknown and that it cannot be ascertained in what state or country he resides.

On motion of Theron W. Atwood, one of the attorneys for said plaintiff, it is ordered that the said defendant, Henry A. Hardesty, cause his appearance to be entered in this cause within three months after the date of this order, and in case of his appearance that he cause his answer to the plaintiff's Bill of Complaint to be filed, and a copy thereof served upon the plaintiff's attorneys, within fifteen days after service on him of a copy of said Bill and notice of this order, and that in default thereof said Bill be taken as confessed by said defendant.

And it is further ordered that within forty days after the date hereof, the plaintiff cause a notice of this order to be published in the Cass City Chronicle, a newspaper printed, published and circulated in said County of Tuscola, and that such publication be continued at least once in each week, for six weeks in succession, or that she cause a copy of this order to be personally served upon said defendant, at least twenty days before the time above prescribed for his appearance.

And it is further ordered that the said plaintiff cause a copy of this order to be mailed to said defendant, at his last known postoffice address, by registered mail, and a return receipt demanded, at least twenty days before the date herein prescribed for his appearance.

REGISTRATION NOTICE FOR ALL ELECTIONS.

Monday, April 7th, A. D. 1924. To the Qualified Electors of the Township of Elkland, County of Tuscola, State of Michigan.

Notice is hereby given that in conformity with Act 126, Public Acts of 1917 as amended, I, the undersigned Township Clerk, will upon any day except Sunday and a legal holiday or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said Township not already registered who may apply to me personally for such registration, or who may make application for registration by mail or messenger, as provided by Act 7, Public Acts of 1919, as amended except that I can receive no names for registration during the time intervening between the second Saturday before any general or special election or official primary election and the day of such election.

March 29, 1924—Last Day For General Registration by Personal Application

March 12, 1924—Last Day For Registration by Affidavit. See below.

Notice is further hereby given that I will be at Office at Greenhouse on—Mar. 15 and Mar. 22, A. D. 1924 From 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said Township as shall properly apply therefor.

The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution, if remaining such resident, to vote at the next election shall be entered in the registration book.

Registration by Mail or Messenger. Under Act 7, Pub. Acts, 1919, as amended, the privilege of absent voters is extended to include registration. They can also register by mail or messenger whether absent or not but the affidavit must be received by the Clerk on or before the 10th day preceding the third Saturday before the election.

Affidavit for Registration. State of Michigan, County of ss.

I, being duly sworn, depose and say that I am a citizen and a duly qualified elector of the Precinct of the Township of in said County of and State of Michigan; that my postoffice address is No. Street (or R. F. D. No.) P. O. that I am not now registered as an elector therein and that I make this affidavit for the purpose of procuring my registration as an elector in accordance with the statute, and I solemnly swear or affirm to support the Constitution of the United States of America and the Constitution of the State of Michigan, and to defend the same against all enemies foreign and domestic.

Signed Notary or Justice. Taken, subscribed and sworn to before me this day of A. D. 192.

My commission expires 192.

Registration of Absentee by Oath.

If any person whose name is not registered shall offer and claim the right to vote at any election, and shall, under oath, state that he or she is a resident of such precinct and has resided in the Township twenty days next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that owing to the sickness or bodily infirmity of himself or herself or owing to his or her absence from the Township on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election. If such applicant shall in said matter, wilfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

Provision in Case of Removal to Another Precinct.

Any registered and qualified voter who has moved from one election precinct of a Township to another election precinct of the same Township shall have the right, on any day previous to election day, on application to the Township Clerk, to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the precinct in which he or she then resides. Such elector shall have the right to have such transfer made on election day by obtaining from the board of inspectors of election of the precinct from which he or she has removed a certificate of transfer and presenting the said certificate to the board of election inspectors of the precinct in which he or she then resides.

Women Electors—The names of all qualified women electors not already appearing on the registration list will be registered, in conformity with the foregoing provisions.

H. L. HUNT, Township Clerk. Dated March 2, 1924. 3-7-2

Where Medicine Originated.
The oldest records of medical matters extant are those of Egypt. The most important remains of the history of medicine during antiquity come from Greece. Chiron, according to tradition, is the man who introduced the art of healing into Greece. The greatest of the ancient Greek students of medicine is Hippocrates.

DEFORD.
One of our citizens of Irish temperament came down town Tuesday to purchase some fish. On his way home, he stopped at the post office. "What treat do you think I'm going to have for dinner? Just feel of this package," he told Uncle Sam's representative. "Feels like pancake flour," answered the P. M. "Nonsense," exclaimed the Irishman. "Bet you," answered the P. M. They opened the package and behold the official was right. He was promptly sworn to keep it quiet and the Emerald Isle man made haste to the store to exchange packages before his mistake was discovered.

FIREWORKS SALES ARE PROHIBITED BY STATE OFFICIAL

The Order Issued Because of Increasing Number of Lives Lost.

Merchants of Michigan are being cautioned not to lay in a stock of fireworks for the coming Fourth of July for any other time, because they will be left with them on hand and prohibited from selling them.

Last week at Lansing, the State Fire Marshal and Commissioner of Public Safety issued an order prohibiting the public sale of fireworks in Michigan. The order reads as follows:—

"No person, firm or corporation shall sell, offer for sale or place on display within the State of Michigan any blank cartridge, toy pistol, toy cannon, toy cane or toy gun in which explosives are used; the type of balloon which requires fire underneath to propel the same; firecrackers, torpedoes or any fireworks containing explosives or inflammable compound or any tablets or other device commonly used and sold as fireworks containing nitrates, chlorates, oxalates, sulphides of lead, barium, antimony, arsenic, mercury, nitroglycerine, phosphorus or any compounds containing any of the same or other modern explosives."

The proper state, town, city and township officials are empowered and directed to confiscate and destroy all such fireworks "offered for sale, on display or in use within the state of Michigan."

Exception is allowed in the case of civic and similar displays, the order providing that "the council of any city or village or the township board of any township may, upon application in writing, grant a permit for the public display of fireworks by municipalities, fair associations or amusement parks when handled by competent operators. After such permit shall have been granted, sales of fireworks for such display may be made for that purpose only."

This action has been taken because of the constantly increasing loss of life and property every year in the celebration of Fourth of July. Last year on the glorious fourth alone eight people were killed, a great many injured and a property loss running way up into the hundreds of thousands.

In the manufacture of fireworks made today, there is a great deal of mercury and other poisons used. Little children have frequently got hold of some of these fireworks and eaten them, death following as a result.

Following this order, enterprising salesmen may enter Michigan and attempt to load up merchants with stocks of fireworks, which under this order they will not be allowed to sell, and their purchase will be a total loss. It will be well to remember this order and not buy.

CHURCH CALENDAR

Evangelical Church—Bible school at 10:00 a. m., preaching at 11:00 a. m., and 7:30 p. m. Subject for morning, "Hearts Whom God Hath Touched." Junior and Senior E. L. C. E. at 6:45 p. m. A contest is now on in the Senior League. Attendance in every service of the church counts. Results of the contest as it now stands are: Paul Group, 485; Barnabas Group, 500 points.
F. L. POHLY, Pastor.

First Presbyterian—Morning worship at 10:30 a. m. Sermon theme, "The Refreshing Man." Sunday School at 12:00 m.

Is this the time, O, Church of Christ to sound retreat? To play the laggard, when God's will was found? No! rather strengthen stakes and lengthen cords, Enlarge thy plans and gifts, O thou elect. And to thy kingdom come for such a time! The earth with all its fullness is the Lord's. Great things attempt for Him, great things expect, Whose love imperial is, whose power sublime. Evening worship at 7:30 p. m. Junior Christian Endeavor meets at 6:30 p. m. Prayer meeting Thursday at 7:30 p. m.
Wm. Schnug, Pastor.

Baptist—10:30, morning worship. Subject, "Lessons Taught Us by a Sinking Man." 12:00 m., Bible school. 7:30 p. m., evening service. Subject, "Three Crucifixions." All are heartily invited.

TON LITTER ENTRIES TO CLOSE ON APRIL 1

Entries in the 1924 Michigan Ton Litter Club will close on April 1, according to announcement made here this week by V. A. Freeman, secretary of the contest and extension specialist with the M. A. C. animal husbandry department.

Two hundred and fifty farmers of the state entered the contest last year, which was won by a litter which reached a total of 2840 pounds in the six months period. A larger field of entrants this year and a higher weight total for the winning litters are predicted by managers of the contest.

The stimulus of the contest brings about better feeding practices, better care, and better all-round handling of the litters. Cash awards and medals go to the winners each year.

HAPHAZARD TAX REFORM (?)

If the United States Senate or the President by use of the vote does not bring order out of the chaotic Federal tax bill now being thrown together in the house of representatives, the country has little to look forward to in the way of relief from burdens, the natural aftermath of the war.

Responsible leadership appears to have disappeared almost entirely in both parties, and the results so far do not lend confidence to an adjustment of the wide differences between the Mellon and the Garner plans, if the latter can be so designated. Neither will be recognizable in the measure that is being placed together in haphazard fashion.

Henry Ford hits the nail on the head when he says:

"Any administration or any set of legislators that advocates high taxes ought to be run out of office, because they are really advocating high cost of living."

The democratic substitute for the Mellon plan provides, it is true, greater relief for the small tax-payer and takes a heavier toll from the larger incomes, but the fight which the democratic leaders seem determined to make for it will almost certainly result in no tax reduction of any kind at this session.

Complicated.
