

STATE REPUBLICANS  
FAVOR COOLIDGEVOTE AT MICHIGAN POLLS  
ON MONDAY WAS VERY  
LIGHT.

Calvin Coolidge on Monday received the endorsement of Michigan Republicans, overwhelming Senator Hiram W. Johnson in a state-wide presidential preferential primary.

Henry Ford, who publicly endorsed President Coolidge, was holding a 2-700 lead over Senator Woodbridge N. Ferris for the Democratic preferment, according to early returns.

**Elkland.** Elkland township polled a comparatively small vote Monday. With but one ticket in the field, the Republican, there was no competition for local offices and the presidential and national committeeman candidates failed to create much interest.

Three hundred eighteen cast ballots for township officers. The vote accorded each candidate was as follows: Supervisor, John A. Benkelman 309; clerk, Harry L. Hunt 310; treasurer, Ernest Croft 305; highway commissioner, Jos. A. Balkwell, 292; overseer, Henry Hulbert 306; justice of the peace, Solomon Striffler 306; member of board of review, Isaac W. Hall 307; constables, Lyle A. Koepfgen 303, Chas. D. Striffler 302, Jas. D. Tuckey 303, John McGrath, jr., 305.

On the preferential ballot for national committeeman, Republicans gave Jas. E. Davidson 115, Paul A. Martin 64, and Frank A. Rasch 27. Democrats gave Wm. A. Comstock 13 votes for national committeeman, Evelyn S. Mershon 2, Ette C. Boltwood 1.

On the presidential preference, Republicans in Elkland gave Calvin Coolidge 189, Hiram W. Johnson 54, Wm. G. Simpson 9. Democrats gave Woodbridge N. Ferris 15 and Henry Ford 7.

At the town meeting, Elkland township electors voted to raise \$1,500 for contingent fund, \$1,000 for road repair and \$2,000 for highway improvement. For special highway purposes, \$300 was voted for use sections 12 and 13, \$1,000 between sections 16 and 21, and \$300 on the 1/4 line of section 36. It was also voted to raise \$1,000 to be set aside as a permanent care cemetery fund, with the provision that hereafter all money received for permanent care of lots in cemetery together with the interest received on this money be retained in that fund until same is full. Then the interest only is to be used for the upkeep of cemetery lots and said fund is never again to be disturbed without the consent of the electors being given at the annual township meeting.

**Elmwood.** There were two tickets in the field in Elmwood, the Republican and Union. All candidates on the Republican ticket were elected. The vote stood as follows: Supervisor, Bert M. Perry, 195; Henry Dunn, 140. Clerk, Moses P. Freeman, 328. Treasurer, Wesley C. Downing, 209; Newkirk C. Maynard, 178. Highway com., Wm. Simmons, 295; Chas. A. Palmer, 98. Justice, full term, Arthur Freeman, 263; Wm. G. Jackson, 113. Justice, to fill vacancy, Nelson A. Perry, 298. Member of board of review, Albert Russell, 262; Alvin D. Beach, 103. **Grant.** The following officers were elected Monday: Supervisor, James Maharg; clerk, Dougald Brown; treasurer, Arthur Ellicott; highway com., John MacCallum; justice, Chas. E. **Argyle.** Supervisor, Cyrus King; clerk, J. H. McIntyre; treasurer, T. H. Robinson; highway com., Edd. Rose; justice, full term, George L. Smith.

**Moore.** Only about one-fourth of the voters attended the polls, there being only one ticket in the field, and the voters did not seem to take much interest in the presidential preference and national committeeman primary ballots. No Democrat votes were cast.

Supervisor, Orrin A. Munn; clerk, David Watson; treasurer, Roy Keer; highway com., Henry Kempf; justice, full term, Paul Schroed.

**Koylton.** Candidates on the Republican ticket were successful over those on the Democratic ticket except for the office of overseer. Supervisor, Earl Clothier, 124; Albert Blauvelt, 104. **Austin.** The Union Township was the only ticket in the field, but the entrance of Mat Bezenick as a candidate for the office of treasurer on slips drew out a larger vote. Mr. Bezenick was defeated, however, Wm. Spatzel, the Union Township candidate, winning by a vote of 106 to 83. The other officers elected are: Supervisor, Jas. M. Sommerville; clerk, Wm. Robinson; highway com., Albert Grifka; justice, John S. Peter; member of board of review, Lloyd Brown; member of board of review to fill vacancy, Philip Welton; constables, Wm. K. Shirley, Sherman Copeland, Fred Reihl, Henry Guiger.

**Kingston.** Alex McArthur, on the Union ticket, defeated Ernest Cooper, Republican, for the office of highway commissioner, the vote standing 153 to 90. DEATH OF SANILAC  
COUNTY PIONEERJAMES E. BROWN WAS AMONG  
THE LOSERS IN THE 1881  
FOREST FIRE.

James E. Brown, pioneer of Sanilac county, died at his home near Cumber April 5 from acute bronchitis, at the age of 80 years. He was buried Tuesday, April 8. He had been in his usual health till within a few days of his death.

James Brown was born in Onieda township, Ontario, in the year 1844 and married Mary Jane Irvine of Norfolk Co., Ont., in 1875. They came to Michigan with one child in 1880 and settled in Sanilac county. They went through the forest fire of 1881, losing all they had. But being of a brave nature and with faith in the land of their adoption, they began again, built up their present comfortable and spacious home and reared their nine children.

In faith, the deceased was a Methodist and was always interested in any good work for the uplift and betterment of the community.

His wife and son, James, preceded him in death nine years ago. Also his daughter, Mrs. Earl Masters, six years ago. The surviving children are William at home, Myrtle of Pontiac, Lloyd of Cumber, Roy of Cass City, Mrs. Chas. Shearer of Lapeer, Ross of Holbrook, and Irene of Big Rapids.

STATE BLUE BOOK FOR  
HIGH PRODUCING COWSRecord of Production Performance  
Made Feature of Michigan Cow  
Test Association Work.

Establishment of a permanent record of performance for the highest producing animals in Michigan cow test associations was announced by the dairy department at the Michigan Agricultural College this week.

The new record of performance will be open to all cows in regularly organized associations in the state which meet the requirements established as necessary for admission. These requirements, which have been based on figures compiled from the records of more than two thousand testing association cows, are expected to allow the top twelve or fifteen per cent of the association cows to qualify.

The record of performance will provide a permanent record for the state's best cows and will stimulate interest in better feeding, better breeding and better "weeding" in the dairy herds of the state, it is said.

The records will be considered part of the cooperative project of the various Michigan cow testing associations (of which there are more than eighty in the state now) and the dairy department at the Michigan Agricultural College.

The requirements for certificate in the record of performance book will be as follows for the association year: 1. Heifers starting record under three years old must produce 280 pounds or more of butter fat. 2. Cows starting record under four years old must produce 310 pounds or more of butter fat. 3. Cows starting record under five years old must produce 350 pounds or more of butter fat. 4. Cows starting record when five years old or over must produce 400 pounds or more of butter fat. 5. When age is not known cow is to be classed as mature, and must produce 400 pounds or more of butter fat.

## HIGH SCHOOL NOTES.

Louis Severance, Wm. O'Dell, Stuart Wilsey, Margaret Wright, Nelda Hoadley, Jeanetta Bond, Abina Garety, Harry Severance, Fern Benkelman, and Leila Battle were the ten students of senior and junior high school left standing at the "spell down" Friday afternoon. Monday afternoon, the ten were put to the test again when about four were left standing. "Acetylene" blew their way and all went down on it. Again the ten stood up, Margaret Wright of the ninth grade remaining standing the longest, while Fern Benkelman of the seventh grade came in second.

Mrs. A. J. Knapp visited the high school Monday morning giving the pupils a fine parliamentary. All students have progressed rapidly under her instruction and each one feels the work very beneficial.

Base ball boys are planning to go to Akron today (Friday) for the first base ball game of the season.

Supt. H. W. Holmes reported Monday that 25 rural schools had sent him word of their intention to compete in the spelling contest which is one of the main features of rural day, April 25.

The good spellers of the surrounding country will not strive for glory

only, for prizes will be presented to those qualifying to certain conditions. The Pinney State Bank and Cass City State Bank will award a beautiful silver loving cup, costing \$15, to the school winning the highest number of points. Four money prizes of \$1.00, \$2.00, \$3.00 and \$5.00 will also be given to individuals.

There will be so many contestants, four from each school, that it will be necessary to hold a preliminary contest in the forenoon at 10 o'clock.

Dinner will be served at noon free of charge, not only to contestants but also to patrons of the different schools. One can hardly afford to miss the day's program, two prominent men giving interesting speeches. Dr. Burnham, one of the speakers, is nationally known as a rural educational speaker.

It was intended when the spelling match was planned that the Hick's speller would be used as a reserve force when the list of 800 words were exhausted. As so few of the schools were able to obtain these spellers, a number of standard spellers which are not used in any of the schools will be procured and the several teachers will decide on the one they prefer.

Let's all be boosters for April 25.

ARRANGE COUNTY SCHOOL  
BASE BALL SCHEDULESeason Opens on April 11 with Ten  
Teams Competing in Five  
Games.

At a recent meeting of the board of control and coaches of schools in the Tuscola County Athletic association, the schedules were arranged for the baseball season which will commence today.

The umpire proposition is always a hard situation to handle for when services of men from towns represented in a game are used, frequently a charge of partiality is heard.

Last year a system was worked out so that every game should be handled by an arbiter from a neutral town, and complaints were less frequent. The same system will be in use this year, according to Secretary T. M. Clay.

Schedule for the county school championship series in baseball will be as follows:

April 11—Fairgrove at Millington. Reese at Vassar. Cass City at Akron. Mayville at Caro. Unionville at Fostoria.

April 18—Caro at Akron. Vassar at Millington. Fostoria at Reese. Fairgrove at Cass City. Mayville at Unionville. Fostoria at Vassar.

April 25—Millington at Akron. Cass City at Mayville. Reese at Fairgrove. Caro at Unionville. Fostoria at Vassar.

May 2—Reese at Caro. Millington at Cass City. Akron at Vassar. Unionville at Fairgrove. Fostoria at Mayville.

May 9—Unionville at Cass City. Millington at Caro. Mayville at Reese. Vassar at Fairgrove. Akron at Fostoria.

May 14—Fostoria at Cass City. Caro at Vassar. Unionville at Millington. Reese at Akron. Fairgrove at Mayville.

May 23—Cass City at Caro. Millington at Fostoria. Akron at Fairgrove. Vassar at Mayville. Unionville at Reese.

May 29—Reese at Millington. Vassar at Cass City. Fairgrove at Caro. Mayville at Akron.

June 6—Millington at Mayville. Cass City at Reese. Caro at Fostoria. Akron at Unionville.

June 13—Field meet at Caro.

Games are scheduled on May 14 instead of May 16 because the county eighth grade examinations are coming that week; also May 29 instead of Friday, May 30, Decoration day.

Warren Schenck, younger son of Dr. and Mrs. P. A. Schenck, was taken quite ill on Monday. He and his parents left the same day for Ann Arbor to secure advice from specialists. It was expected by his relatives here that the lad would be taken to Ford hospital at Detroit on Thursday. The boy is suffering with kidney trouble and his condition is regarded as very serious.

## DISCOUNT ON LIGHT BILLS.

On light bills paid 13th, 14th and 15th of each month beginning with April collection of March bills there will be a 5 per cent discount.—Adv. 2t

120 LADIES AND  
GIRLS AT BANQUETLISTEN TO INSTRUCTIVE PRO-  
GRAM GIVEN BY W. H. M.  
S. SPEAKERS.

About 120 ladies and girls were served at the W. H. M. S. banquet at the M. E. church Friday evening. The delicious dinner was served by the men of the church in fine style. At intervals during the meal, music, furnished by the Sunday School orchestra, was played.

The program following the banquet began with the singing of "America," after which Mrs. I. W. Cargo ably introduced the following speakers: Mrs. A. H. Kinnaird, president of the organization, who spoke a few words of welcome to the guests; Mrs. J. M. Dodge, who oratorically pointed out the relation between the W. H. M. S. and the young people of the church; Mrs. (Dr.) Fox of Elkton, upon work among the junior organizations of mission work; and Mrs. L. H. Hoffman of Elkton, who interestingly told of the Queen Esther work and where their money went.

The program closed with the singing of the doxology. On the whole, this might be called a very pleasurable and profitable evening.

SEE END OF SODATOL  
SUPPLY FOR MICHIGAN

That the government's supply of sodatol, war salvage explosive, made available last year for agricultural blasting in Michigan and other states, may be exhausted by July 1 of this year, is the warning sent out this week by L. F. Livingston, extension specialist in agricultural engineering at the M. A. C.

Eighteen million pounds of sodatol were included in the allotment released last year. This amount was expected to last for at least two years, with Michigan farmers taking a generous share of the explosive. Heavy out of the state demand during the present season, however, is said to have brought the supply down to a dangerous low total, which may not last beyond July.

## Locals

Tuscola county supervisors will meet in special session April 16. A representative of the state tax commission will be present who will discuss assessing property.

Judge Williams has ordered the jury called for an adjourned session of circuit court which will be held at Caro on April 14. The case of The People vs. William D. Wilcox will be heard on that day.

A meeting of local base ball fans will be held at the council rooms next Monday evening, April 14, to elect governors for the Cass City team. A meeting of governors of the Tuscola League will be held at Caro the following Thursday to make plans for the coming season.

The Junior choir of the Presbyterian church were entertained at the home of Mr. and Mrs. A. J. Knapp on the evening of Mar. 31. Progressive games were played, Maurice Dailey winning an Eversharp pencil and Bernice Hitchcock the booby prize, a box of dice. Refreshments of ice cream, chocolate and angel food cake were served.

The North was victorious over the South in the basket ball contest staged for American Legion benefit at the town hall last Thursday evening, the score standing 21-10. M. B. Auten, Mason Wilson, J. W. Webber, W. L. Mann and Erwin Zemke were struggles for the North and John West, L. W. Copland, G. A. Tindale, H. D. Schiedel, Roy Bricker, Alex Henry and A. J. Knapp battled for the South. Spectators had a good time.

Under date of Mar. 29, Daniel McGillyvray writes from St. Petersburg, Florida: "You will pardon me for having you change my address so often, but I am bound to see the whole state this winter. When I came down last fall I was on the northwest side of the state, then I went down on the southeast and stayed a while. Now I am on the west side on the gulf, and I like it fine. This is some city. There were about 50,000 tourists here this winter, so it is some place. Please change my address to 1511 Fifth Ave. North, St. Petersburg."

Miss Isabelle McIntyre entertained at a dinner party Saturday evening, the Misses Laura, Alice, and Florence Bigelow Miss Mary McIntyre and Mrs. Euphemia Hunter, in honor

of Miss Florence Bigelow, who left town this week. The lovely dinner was served by Mrs. John Gordon at her home. Miss Bigelow left Monday for Detroit where she entered training in Harper hospital. Miss Alice Bigelow, who has been acting as assistant chemist takes her place and Irvine Striffler fills the assistant position.

MOTHER AND BABE CARRIED  
FROM BURNING HOME

Farm Residence of Frank White on County Line Was Destroyed Saturday.

Sparks from a chimney started fire to the farm home of Frank White on the Tuscola-Sanilac county line, three miles east of Cass City, Saturday and the building was speedily reduced to ashes.

Mrs. Wright and her little daughter three days old were carried from the burning house to the barn and later removed to the home of Mr. White's brother, Fred White, who resides about a quarter mile away. They are making their home with the Fred White family. Mrs. White and little babe are apparently no worse because of their unusual experience.

Mr. White was absent from home at the time of the fire. Neighbors succeeded in removing most of the household goods from the first floor and the canned fruit from the cellar. The loss is partially covered by insurance.

Sunday night, some parties visited Frank White's chicken coop and made way with his flock. Wm. Darling and Nat Darling, jr., were arrested the first of the week on a charge of appropriating the chickens. They were taken to Sandusky for a hearing.

Fire of undetermined origin on Thursday destroyed the large brick farm home of Don Sullivan, three miles east of Marlette. The loss is estimated at \$8,000 which is partly covered by insurance.

James Mahon of Charleston, Sanilac county, was badly hurt when he fell from a load of hay. He landed on his head and shoulders on the ground and was badly bruised.

The delegation from the Marlette village council met with little encouragement from the board of county road commissioners at their conference at the county seat Thursday of last week. Marlette citizens may be prepared to accept the kind of pavement on East Marlette street specified by the county board, regardless of their wishes in the matter.—Leader.

Bad Axe citizens voted Monday on repealing a section of the city ordinance which prohibits Sunday amusements. The proposition was lost. Three hundred thirty-two voted to repeal and 466 voted to sustain the ordinance. The vote was an outcome of trouble which arose when Harold Schuckert, manager of the local theater, defied the law and started showing Sunday pictures.

Easter Time Is At Hand Again

And as usual it has brought with it the beautiful spring atmosphere.

Easter Sunday is a day when we all rejoice in the privilege of laying aside our old worn out winter garments, and come out with the new spring attire. Especially so this spring, for the winter has been so cold and dreary.

As there are only eight more days left to do your Easter shopping, we can not urge you too strongly to do your Easter purchasing right away, for in so many cases when shopping is left until the last day when the great rush is on, so many are disappointed, because it was impossible to get the garment altered.

So shop today and not be disappointed on Easter morning when the sun shines nice and bright.

## Michigan Happenings

Demand for rural teachers for next year exceeds the present supply at the Michigan State Normal college at Ypsilanti. Dr. Marvin S. Pittman, head of the rural education department, received a letter recently from the superintendent of schools of Kanawha county, W. Va., stating that that system would be glad to use all the graduates of the Normal college this year. West Virginia alone asks for 150 rural teachers. The total number of students in the rural education department, including 22 specializing in rural leadership, is less than 100.

Proof of publication of the legal notices of the judgment of ouster issued against the House of David has been filed by the state with the secretary of state's department at Lansing and the clerk of the Ingham county circuit court. This step paves the way for the filing of a petition by the state attorney general's department, asking for appointment of a receiver for the Benton Harbor colony. The big legal fight to oust the colony from Michigan then will be under way, according to O. L. Smith, assistant attorney general.

Appeal to United States Court against the Treasury Department ruling that employees of the City of Detroit Department of Street Railways are liable for the payment of an income tax, is to be taken on behalf of the city. An opinion was given the city two months ago, to the effect that employees of the D. S. R., the latter being a self-supporting utility, are liable to payment of the Federal income tax. It was against this ruling that the city sought an appeal before the Bureau of Internal Revenue, the same being denied.

Drastic action against autotour bus operators violating the State truck weight limitation was taken last week when Grand Rapids deputy sheriffs stopped buses and compelled several of the passengers to walk to their destinations or to interurban stations. Operators have threatened to discontinue service because of the enforcement of the ruling which limits some large buses to 19 passengers and others to only five or six.

Hereafter, the minimum bail for prisoners, brought before J. Stanley Hurd, United States Commissioner at Detroit, will be \$2,000. In making this announcement, Mr. Hurd said the step was necessitated by the frequency with which Federal prisoners, particularly of the bootlegging fraternity, have, of late, forfeited the \$1,000 bonds under which it has been his general practice to place them while awaiting trial.

Clifford W. Ham, city manager of Gladstone, Mich., and former Pontiac city clerk, has been appointed city manager of Pontiac at a salary of \$6,500 a year. The appointment was made by the city commission from a list of 11 candidates. He succeeds Irving C. Brower, who resigned rather than demand at the request of the commission, the immediate resignation of Ike Thurman, ousted chief of police.

A freight car loaded with imported liquor was seized by Federal prohibition agents in the Grand Trunk Railway yards at Grand Rapids. The cargo, valued by Mr. Davis at \$20,000 to \$25,000, is one of the richest seizures made by prohibition agents in some time. The car was billed from a fictitious firm in Seabright, N. J., to a fictitious person in Grand Rapids as "auto decking."

The Detroit city council has approved the ordinance requiring the vaccination of all dogs against rabies. This action was taken upon request of Dr. Henry F. Vaughan, health commissioner, who presented statistics intending to prove that there is a great danger of persons suffering from hydrophobia as a result of being bitten by dogs at this time.

The lives of Mr. and Mrs. Andrew Barlund, of Kalamo Township, near Charlotte, were saved by a book agent who called at their house, looked in the window and saw the two sitting in their chairs apparently sleeping, and then broke in and found the two had been overcome by coal gas. They were taken into the air and revived.

Motorists in the vicinity of Carleton, 10 miles north of Monroe, are riding on free gasoline these days. A tank car filled with gasoline derailed and the car was partly upset so that gasoline flowed from it in a steady stream. Residents quickly secured pans, milk cans and other containers and carried it away.

Michigan potato growers lose more than \$1,000,000 a year by marketing potatoes of poor quality, according to H. C. Moore, potato specialist for the Michigan Agricultural College Extension Division. "The market demands high quality stock," declared Moore, "and our producers must grow the kind the market wants."

Strictly fresh eggs declined to a record low price for many years in Hillsdale when they were retailed in a open market at 19 cents a dozen.

Charging that kerosene sold to Florence Supiran, of Shiawassee Township, near Owosso, contained a large percentage of gasoline, and that this was responsible for her death, Roy L. Colby, administrator of her estate, has started suit in Circuit Court for \$25,000. The defendants are the Johnson Oil & Refining Co., Clifford Spaulding, receiver for the Western Oil & Gas Distributing Co., and Bert Lamb, of Durand. Mrs. Supiran lit a fire in the kitchen stove, and the can of oil a few feet away exploded causing fatal burns.

Five thousand dollars worth of Wayne county road bonds, stolen from the Wayne Savings Bank, have been legally awarded to the brokerage firm of Hornblower & Weeks, of Detroit, by a consent decree in circuit court. The bonds were the property of Benjamin Rhead and were in the bank for safe-keeping. Bandits took them. They had been sold and re-sold several times when they came into possession of Hornblower & Weeks. Suit was instituted by the brokers to establish title to the bonds.

A reward of \$500, delayed two years by the belated delivery of a letter, has been forwarded by the Detroit police department to Louis A. Behnken, a St. Louis policeman. Two years ago Behnken arrested Marvin Adams, wanted in Detroit for shooting Patrolman Dallas Stafford while resisting arrest. The letter authorizing payment of the reward, mailed in July, 1922, has just shown up.

Diseases now ravaging German children threaten to spread through Europe and to this country, according to Senator Royal S. Copeland, former health commissioner of New York, in an address in Detroit. He pleads that this country supply food for the children that they can overcome the epidemics resulting from starvation.

Supervisor Verne Woodbury, of Woodhill Township, near Owosso, has trapped the first otter caught in Shiawassee County in 13 years. His father caught the last one before that in 1906. Both otters were trapped on the south branch of Looking Glass River. Mr. Woodbury is still using a boat made by his father 54 years ago.

The city commission of Grand Rapids, has granted to eligible male employees two weeks' leave of absence with pay, in addition to their usual two weeks' vacation, providing they spend the entire time in attendance at the Citizens' Military Training Camp at Camp Custer in July or August.

Overcome by smoke when he rushed into his home in an attempt to save valuables, Abraham Packham, 75 years old, a pioneer farmer, was burned to death in a fire which destroyed his home near Manton. His wife witnessed the tragedy, but was unable to render assistance.

Goitre prevention will be a project which the city commission of Three Rivers will take up with the board of education here in the near future. Dr. J. H. Odell told the commission that 50 per cent of the school girls are afflicted with goitre, a condition which could be prevented at a cost of \$315 annually the doctor said.

Detroit paving costs have taken a jump, according to prices quoted by John W. Reid, commissioner of public works, on the latest contracts for City paving. The average price of low quotations is given as \$5.40 a square yard, 23 cents higher than estimates submitted a week previous.

The University of Michigan has received an invitation from the Chilean government, through the United States bureau of education, to send representatives to a continental pedagogical congress to be held in Santiago, Chile, in the summer of 1925.

Three hundred and fifty members of the Brooklyn Chamber of Commerce will help Detroit celebrate the Fourth of July. They will stop on their way to Duluth during the second annual cruise of the organization.

Proving desertion, Mrs. Lidwina Garbarino, of Detroit, mother of 16 children, was granted a divorce from Andrew Garbarino. Five of the children are less than 14 years old. The Garbarinos were married in 1891.

Wounded when a gun was accidentally discharged, James Boucher, of Ashland, Wis., formerly of Chesaning, lay in the wood for four days before he was found. He died after being taken to the hospital.

EVERY DOLLAR CONTRIBUTED IS USED TO BUY FOOD FOR STARVING BABIES

WORKERS DONATING SERVICES

One hundred cents on every dollar contributed to the Michigan Committee for Relief of German Children goes to feed the needy," said Captain E. V. (Eddie) Rickenbacker, chairman of the Detroit division. A campaign now is under way to buy food for the millions of children facing starvation.

"All the workers on the committee have donated their services," said Captain Rickenbacker. "The organiza-

tion expenses are being defrayed from a special fund raised among wealthy Americans. Every penny collected is turned over to the American Society of Friends (Quakers), which purchases the flour, evaporated milk, full cream powdered milk, sugar, cod liver oil and cotton seed oil (or lard) used as a supplementary diet for the undernourished children.

"The Quakers also attend to the shipping of the food to Germany and have a complete organization there for the handling and distribution. They also have been given full charge of the distribution of the relief work of the German government so that there will be no duplication."

"The aid of this country was sought

as a last resort when the crisis passed beyond the bounds of European relief. For months the German government, wealthy German individuals and citizens of Holland, the Scandinavian countries and other European nations, including Austria, which is just recovering from a similar experience, have been doing their utmost to provide food for the starving. The task became too great, however, and his country has been asked to give that the children may live until the next harvest."

Contributions are being made to the headquarters of the Michigan Committee, 1817 First National Bank Bldg., Detroit.

EVERGREEN TOWNSHIP FARMER PASSED AWAY

Marvin Harrington was born in the Township of Berlin, St. Clair county, Michigan, on Sept. 10, 1859, and died on March 29, 1924, at the age of 64 years, 7 months and 19 days.

He had been in poor health for over a year but was taken worse the first

of February and had been confined to his bed most of the time since. Death was due to Bright's disease and he slept peacefully away early Saturday morning. He had been a resident of Evergreen since 1882 and a respected friend and neighbor.

On May 15, 1900, he was united in marriage with Emma Wiltzie of Forestville, Mich. To this union was born one daughter, Beulah, now Mrs.

Lyle Zapfe. His wife preceded him in death July 15, 1912. After her demise, his mother resided with Mr. Harrington until death claimed her on April 14, 1923. His daughter and her husband cared for him since then.

He became a member of the Menonite Brethren in Christ's church many years ago and has always been a faithful member since.

Funeral services were held Monday afternoon at the Mizpah M. B. C. church conducted by Elder F. A. Jones, and interment was made in Evergreen cemetery.

He leaves to mourn one daughter, Mrs. Lyle Zapfe of Shabbona, two sisters, Mrs. Fred Schiller of Palms,

Mich., and Mrs. Joseph Shaver of St. Clair, and three brothers, Cal of St. Clair, and Karl and Charles of Allentown, Michigan.

Mrs. Amanda Strong whose attempt at suicide and the poisoning of her two daughters occurred at Leonard last Thursday, was merely seeking a way out of domestic difficulties that have piled up too high for her, the people of Leonard believe. She and Jeanetta, 9, are recovering. Mary, 15, is still in a dangerous condition.

Advertise it in the Chronicle.

Wm. D. Avery, whose farm is one mile west and 1/2 mile south, has rented the same and moved to farm 2 miles north and 1 mile east of Kingston known as the Mike Hunter farm of 16 acres. 'Tis a good farm and if the boy don't have to load too heavy for his help, no doubt will have some lucre at close of season. But let it be understood if a farmer plays a large ranch that requires hired help it takes a large amount of rosin for his bow.

Homes for the beet tenders this season seems hard to find.

Readers of Chronicle who once lived in this locality but now dwelling remote will be interested to know that the cement block building at Novesta Corners erected by John McCaughney is now being transmogrified. The roof is off and exterior shows that all will be removed ere long. Where the blocks will go we did not learn, but the foundation must stand 'till an earthquake shock stirs this part of Michigan.

The special meetings are still going on.

Only a few of our men, men who pass muster as having a balanced head, keep a car more than a year—'till they want one a little different and exchange is made. The same men kept a horse 'till worn out. Why this craze?

Don't find fault with your home town and think your neighboring burg excels it. 'Tis all in your surface judgment.

Yes, we remember when the democrats would go any distance for a hickory when they raised a liberty pole. 100 feet high, 20 inches in diameter at the butt, was called a good one and graced the memory of General Jackson honored by the cognomen of "Old Hickory."

Norman Riely of Oklahoma where 'tis cotton culture and oil well drawing from the bowels of the earth, spoke sadly of the slavery of children in his state in the cotton picking season notwithstanding school laws, etc. He was informed child labor laws were set at naught just the same in Michigan only sugar beets took the place of cotton. The foreign children work in the field every day through the summer season. Complaint was made, investigation made and the powers that be returned the following, "Faith with the children laws in state of Michigan fully kept." We drew a long breath and wondered why such dissemblers were not struck dead for the benefit of the nation.

UNCEASING MISERY

Some Cass City Kidney Sufferers Get Little Rest or Comfort.  
There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when there's kidney backache. You suffer twinges and "stabs" of pain, annoying urinary disorders, lameness and nervousness. You can't be comfortable at work with darting pains and blinding dizzy spells. Neglect these ailments and serious troubles may follow. Begin using Doan's Kidney Pills at the first sign of disorder. Thousands have testified to their merit.  
Proof in Cass City testimony. Ask your neighbor!  
Mrs. D. Tyo, Fourth St., Cass City, says: "I was troubled with a dull ache in the small of my back and my kidneys were weak and acted irregularly. I used Doan's Kidney Pills and they relieved me of a distressing backache and put my kidneys in good shape."

Let us take time for worship and meditation these days which bring to our minds the supreme event in the history of the world.

BROTHER DISCOURAGED  
FARMER, STICK

(Michigan Christian Advocate).

In a company of business and professional men, meeting recently in Detroit, the subject of discussion turned to the farmer, and one business man with a big farmer trade said: "I wouldn't take a farm for a gift." The remarkable thing about it was that the rest of the men seemed to agree with him. It must be a little comforting to the farmer to know that his city friends have finally discovered his predicament.

But it is always darkest just before the dawn, and we believe the farmer's dawn is close at hand. Professor E. M. East of Harvard has just completed a remarkable survey of our prospective population in the U. S. Professor Wiggam in the "New Decalogue of Science" makes this summary of his findings:

"Professor East points out that every civilized land, Europe, America, the Orient, has long ago exceeded the food capacity of its own soil, and is feeding its people from the uncivilized, more sparsely settled quarters of the globe. Within fifteen years, he tells us, the United States will not have a pound of food to export, unless it be in exchange for some other form of food, and that a short crop will mean the universal rationing of food more severe than during the Great War. The bitter cry of your own children for food is not so far away as you so comfortably, even egotistically think. The scientist can already hear their faint but terri-

fying wail in the near distance." Bear in mind that fifteen years is not a "far-off" period, for the farmer's little children will then be in high school.

Add a legitimate guess in the known fact that the population of the world in one single century jumped from 850,000,000 to 2,000,000,000.

Then add another figure given us by a world statistician that population is now increasing at the rate of twenty million a year. Our figuring friends maintain that the world can not hold more than five billions of us, good, bad, and indifferent, and we are scheduled to reach that goal in six or eight generations. "Our great grandchildren will be numbered among them."

Remembering now that these are figuring of the scientists, and not election promises by the politicians, add the next statement that the United States can only support 200,000,000 and that that figure will soon be reached.

Then add the final fact, not guess this time, that this increasing population will crowd the cities and will have to be fed by the American farmer. The rest of the world will be busy feeding itself and the present farms of America must feed this increasing crowd in town and city. There are no food deposits as we have oil and coal hidden away in surprise places. On the contrary we are wasting lots of our good land on the growth of tobacco. Long before the saturation point of population comes, farms will be as valuable and as much sought after as the early stock issues of the automobile industries, perhaps more so. Now add all this string of facts and figures together and the sum total spells HOPE for the farmer.

The wise farmer will be the man who can hang on a little longer, until the tide turns. The man who sells out just before the change in the tide may spend the after years regretting it.

Meanwhile, Congress could give the farmer immediate relief by compelling him to charge his visiting city friends and relations one dollar a meal, and two dollars each for Sunday dinners. This would bring quicker relief than all the proposed legislation of Congress.

REVIEW QUESTIONS  
IN AGRICULTURE

2. Name two ways soil inoculation is accomplished. What are the benefits?
3. Name four classes of corn (not varieties).

4. Show by drawing the wrong way to cut off a limb, and the right way.
5. Give reasons for your answer.
6. Explain the operations necessary in the planting of an apple tree.
7. Name three orchard insects other than Codling moth. How do you know they are insects?
8. How would you destroy them?
9. Secure a ten caterpillar egg mass on a branch of a small orchard tree and watch development of larva. Some times small trees can be brought in schoolroom.
10. Describe the different stages an insect goes through.

## DEFORD.

"Tis our part to make the foreigners that come among us what we like them to be. 'Tis wrong to pass them by as if they were strangers. They may become future citizens. Let us make them one of us. There is much in the lines: "There is some good in the worst of us; there is some bad in the best of us." Friendly kindness will draw out the best in any one. To have a family living within the shadow of our home and never mingle with them only in connection with their labor is a sin that will loom high in the pathway at the "Golden Gate." The foreigner is our fellow creature unless we have degraded ourselves below the plane of the human family.

If we had a law that all women foolish enough to buy shoes too small for her feet would be shipped to China, our population would decrease. On the small foot question, some American women, if given full swing, are just as crazy as the Orientals. To be sung by school children on Arbor Day. At least the writer deems it appropriate. Within the City of Dead, at Bunker Hill, Just at the head of Cotton Matters' grave there stands, A weeping willow which fond hands Brought from Napoleon's grave they say, At St. Hellena far away."
