

PROGRAM OF UNUSUAL INTEREST

TWO SPEAKERS OF STATE-WIDE PROMINENCE AT RURAL PROGRESS MEET.

With two speakers of state-wide prominence on the program and the keen competition anticipated in the spelling match in which over 25 schools are entered, next Friday, April 25, promises to be a day of unusual interest to patrons and pupils of the rural schools of this community.

The day's program commences in the assembly room of the Cass City high school at ten o'clock when Dr. Ernest Burnham, director of the Department of Rural Education at Western State Normal college, will give an address. This will be followed at 10:30 by a preliminary spelling contest. Dinner will be served at the high school from 11:30 to 1:00, and music will be furnished by an orchestra during the dinner hour.

From 1:00 to 1:30, high school pupils will present a program. At 1:30, Dr. W. D. Henderson of the University Extension Bureau of Ann Arbor, will give an address on the subject, "The Life History of a Habit." He will be followed by Dr. Burnham of Kalamazoo, who will again address the audience.

At 2:30 come the finals in the spelling contest. Mrs. A. J. Knapp will present the prizes to the successful contestants.

The people of Cass City as well as patrons of the rural schools are urged to attend the programs next Friday. Special arrangements have been made for the interest of all and the addresses and other features will be enjoyed by all who attend.

STATE WAGES WAR ON FOREST FIRE LOSSES

M. A. C. Joins National Movement to Observe Forest Protection Week, Apr. 21 to 27.

Michigan forestry specialists are lining up with a national movement to aid in checking the tremendous annual fire losses in the country, by calling attention to the dangers and preventative measures in the national Forest Protection Week, designated by President Coolidge as April 21 to 27 this year.

More than 36,000 forest fires are reported in the United States every year, according to the forestry department at the Michigan Agricultural College, and an average of about eleven million acres are swept by flames. This loss is borne by the whole country, and not by any one class or kind of business, for every citizen is a consumer of timber.

Up to the present time, fire alone has destroyed more timber than the loggers have cut, say the college specialists. And today the United States is using up her hardwood forests four times as fast as they are growing.

The land covered by forest fires each year is equivalent to a strip ten miles wide reaching from New York City to Denver, Colorado. This area is eight times the acreage destroyed in France by the World War.

That cooperation of the people of the state is necessary if these losses are to be prevented in Michigan, is the opinion of the forestry men. Camp fires are not put out, cigar and cigarette stubs, and matches thrown carelessly into dry brush are prominent among the causes of forest fire. All fires discovered should be reported promptly to the proper authorities.

NOTICE.

The Michigan Public Utilities Commission at Lansing, Michigan, have named Apr. 15th, 1924 as the date for the confirmation of the rates named by the Great Lakes Power Company and the Central Power Company at Bad Axe, Michigan; said hearing to be held at the office of the Commission at 10 o'clock a. m. on the above mentioned date.

All consumers, both wholesale or retail, are requested to attend this hearing. There are no changes in rates being asked by the company.

Signed,

SPLENDID CONCERT GIVEN APRIL 21

Howard Rufus, boy violinist, and Mrs. Rufus, reader, will give an interesting and entertaining program at the M. E. church auditorium on next Monday evening. Master Rufus comes with fine recommendations from many places. A pageant portraying Korean life given by a group of children with Mrs. Rufus will also be a feature of the program. Admission 25c.—Adv. 1.

REVIEW QUESTIONS IN AGRICULTURE.

1. Tell how soil is formed.
2. Name four things that soil contains other than rock itself.
3. Through what kinds of roots do plants secure their food? (An experiment should be performed to show Osmosis).
4. Cacti plants have no leaves. Where is the food manufactured?
5. Tuscola county uses more commercial fertilizer than any other county in Michigan. What elements are usually supplied in applying it?
6. Why is colony life necessary for the honey bee?
7. What does the honey bee gather besides nectar? How long does she live?
8. Name three pasture crops.
9. Describe a typical ear of corn.
10. Make drawings of cells in the process of division. (This material can be obtained in good agriculture books).

SEVEN-SCHOOL MEET TO BE HELD HERE MAY 17

Athletes of Tuscola, Huron and Sanilac to Compete for Honors at Cass City.

School Notes.

The Camp Fire Girls met last Thursday evening and went through a program of gymnastics. Walter Camp's Daily Dozen exercises were used.

The American "Lit" class are studying the modern novel and are using representative authors. They used Tarkington, Lincoln, Wharton, Wright, Connor, Gale, Porter, and Morley, studying a modern work of each.

Louis Severance, Cass City high school representative in oratory, and Miss Aletha Spurgeon, in declamatory attended the district contests at Sandusky Friday. Miss Spurgeon placed third in declamatory and through stiff competition Mr. Severance was defeated by representatives of other high schools.

The local high school base ball schedule has now been definitely arranged:

Tues. Apr. 15—Cass City at Akron.

Fri., Apr. 18—Fairgrove at Cass City.

Fri., Apr. 25—Cass City at Mayville.

Fri., May 2—Millington at Cass City.

Tues., May 6—Unionville at Cass City.

Fri., May 9—Flint Central at Cass City.

Wed., May 14—Fostoria at Cass City.

Saturday, May 17—A track meet will be held at Cass City, the following schools expecting to participate: Crosswell, Bad Axe, Sandusky, Fairgrove, Uby, Marlette, and Cass City.

Tues., May 20—Bad Axe at Cass City.

Fri., May 23—Cass City at Caro.

Thurs., May 29—Vassar at Cass City.

Fri., June 6—Cass City at Reese.

Fri., June 13—County field and track meet at Caro.

This is the heaviest schedule Cass City has carried in a number of years. It was intended that the senior play should be held April 25, but due to the fact that rural education day falls at that time, May 2 has been set as the date.

Our track prospects this year are fair but it is up to Supt. Holmes to build up men to take the place of Seed, who graduated last year. Practically all the old men who are out this year are: Bond, Smith, Severance and Maharg. We have a large corps of new men to pick from: Hutchinson, Hunt, Allen, Dailey, Gowan, Gallagher, Hartwick, McBurney, Moore, Skinner, Wayne, West, Warner, Caister, Severance, Wag, and Urquhart.

This week brought tests galore and the end of the eighth month of school.

MICHIGAN CLIMATE FAVORS POTATO MEN

State Growers Fortunate in Temperature and Rainfall Conditions.

Michigan potato growers are unusually fortunate in regard to climatic conditions which are favorable to the growing of quality crops of tubers, according to H. C. Moore, extension specialist in potato work at the Michigan Agricultural college.

"Climate is one of the most important factors in growing a good crop of potatoes," says Mr. Moore. "The potato demands a fairly cool, moist growing season for its best development, yield and quality both being impaired during hot, dry seasons.

Due to its location with respect to latitude and proximity to the Great Lakes, practically all of Michigan has sufficiently cool growing seasons for satisfactory potato production, while in many of the northern sections of the state the temperature conditions are nearly ideal"

PALMER WRITES OF BEAUTY SCENES

ARRIVES AT BRAZIL CITY, THE END OF A LONG VOYAGE.

Santa Amaro, Sao Paulo, Brazil.

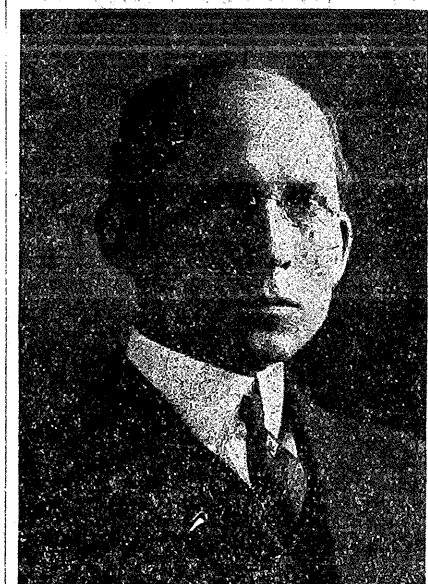

My Dear Folks:

At last we've reached our journey's end as you can see by the above letter head. I wish I had the power of description to give you an idea of the beauties of Rio. We took a street car ride with our friends the Varney's up one of the mountains overlooking the city. Such a view I never thought would ever be my lot to see. Spread out before us was the immense harbor and the city, the buildings so far beneath that they looked like toys, and the harbor spread out all around, with boats coming and going continually, and beyond the harbor was the blue of the ocean. It is on this mountain and others around the city that the wealthy live, their houses perched like so many bird houses on the face of the mountains. It is always cool up there, hence the desire to live at the elevation. Then we took another car ride out the beach, bordering the ocean all the way. Here we found another aristocratic section with many American houses and how good it seemed to see real bungalows again, for the Brazilian homes are so different. How can I ever describe to you the thrill which came to us when we finally gripped the hands of Mr. and Mrs. Steen on the dock at Santos last Thursday. We saw them while the ship was still out quite a ways in the harbor. In fact we were held up an hour in the harbor while we waited for the port doctor to come aboard and look us over. He finally came and again I had to show those vaccination certificates and get his O. K. I wish I had time to tell you of the pretty harbor of Santos and of the sights I saw there.

First of all must tell you of our trip on the freighter from Rio to Santos. I think I told you that we rather looked forward to the trip out of curiosity and wondered what we would be into by way of accommodations. We went on board Wednesday afternoon at 2:00. Well, I could have dropped through the floor with surprise when I saw our cabin. It was beyond anything we had on the Vauban. Simply fine! It was spotless as could be. Individual washstands with running water, two berths and a lounge, three portholes, ceiling light and bed lamp, two wardrobes, walnut woodwork, etc. At 2:15 we pulled up anchor and swung out in the harbor. We were the only passengers, so had the run of the ship. We had a little deck all by ourselves. At 3:00 the steward told us we could have tea and we went to the dining saloon and

RURAL EDUCATION EXPERT SPEAKS HERE FRIDAY

Dr. Ernest Burnham, Director of the Dept. of Rural Education of Western State Normal College at Kalamazoo will speak at a banquet of the Cass City Community club at the M. E. church next Friday evening, Apr. 25. The banquet will be served by the ladies from the Bethel church.

Dr. Burnham will also give two addresses at the high school on Friday, the day of the rural progress program and spelling match here.

STORES CLOSE THREE HOURS THIS AFTERNOON

Cass City merchants will close their business places this afternoon from 12:00 to 3:00 in an observance of Good Friday. Restaurants will close from 1:30 to 3:00 p. m.

A union church service in which residents ministers will participate will be held at the Baptist church from 1:30 to 2:45 p. m.

HIGH SCHOOL TEAM LOSES INITIAL GAME

Cass City's high school nine met defeat at Akron Tuesday in their first game of the county series by a score of 8-7.

Allen pitched a good game, fanning 16 men and allowing but 6 hits. He was ably supported by Hutchinson behind the bat. Their team mates specialized in errors, however, and allowed the Akron team to win.

FARM LOST BECAUSE OF FIDELITY TO HIS RELIGIOUS BELIEFS

Tuscola Man's Troubles Date from His Refusal to Buy Liberty Bonds.

(Bay City Times Tribune).

During the war, when everyone was requested to buy liberty bonds, Oscar Goodall, a farmer, residing near Mayville, did not take out his quota. His religious belief, he said was against his money being used for war purposes and that rather than to buy bonds he would care for wounded soldiers. Because he failed to help the government, a boycott was placed on his selling his products from his farm during the war.

It appears that his financial conditions made it necessary to place a mortgage on his farm of 100 acres. The interest on the mortgage and the taxes on the place have not been paid and last week action by the sheriff to foreclose was taken.

All machinery from the well, equipped farm, stock produce and furniture are being removed. Work of moving began last week. The sheriff had a crew of ten men on the job and three trucks all available barns and sheds are being filled and now his personal belongings are being placed along the road sides. Sheriff Colling said it would require his force of men until Wednesday of this week to finish the big job.

The indebtedness of the farm was originally \$6,000, which has increased to \$8,000. His farm and equipment, the officers stated, were valued at about \$13,000. Among the stock taken were 60 head of cattle, 80 sheep and lambs, 60 chickens, 30 tons of hay, 250 bushels of wheat, 6 horses, 500 cans of fruit, 8 loads of furniture.

Mr. Goodall, before giving a mortgage on his property, used to lend money to his friends and neighbors, and never collected interest. In this way he lost considerable money. He has a wife and two children, John Snover will take possession Wednesday.

Goodall, who seems to be normal in every way, has a peculiar idea regarding religion, declaring that "his God" will not let him be the loser and that within ten days he will have everything back. He blamed "his God" for not wanting him to take out the desired amount of liberty bonds, for not paying the interest or taxes, and for all the unusual things he has done in the past few years.

He is now staying with neighbors. The sheriff said in order to recover his belongings he will have to pay rental or land lease. Whether or not he will continue in this frame of mind until he loses everything is a question which is being asked by all who are acquainted with the strange affair. The farm is located 1 1/2 miles east and 1 1/2 south of Mayville.

STATE SEEKS SALE OF DETROIT, BAY CITY AND WESTERN R. R.

Administrative Board Asks Judge Tuttle to Sell Line for Back Taxes.

Formal request that Judge Arthur J. Tuttle, of the federal district court at Detroit, sell the Detroit, Bay City and Western railroad at receivership sale was the answer of the state administrative board Tuesday to the petition of the railroad company that its taxes and interest thereon, including 1923, and totaling \$114,303 due the state, be officially remitted and cancelled. The board adopted a resolution asking Judge Tuttle to have the property sold.

This company is now in the hands of a receiver and it was the bondholders who asked the administrative board to cancel all taxes. It is pointed out by members of the state administrative board that if nobody else will purchase this road at receiver's sale, the state, having this large claim can afford to do so and then resell the property or more than realize its claim by junking it.

ANNOUNCEMENT.

To the Republican electors of Tuscola County:

I wish to announce my candidacy for the nomination of county clerk of Tuscola county at the primary in September. Your support and influence will be appreciated.

PIG CLUB TO BE ORGANIZED

PINNEY STATE BANK WILL ALSO PROMOTE SOW AND LITTER CLUB.

The Pinney State Bank has made arrangements for the organization of a pig club similar to that conducted last year. Boys and girls between the ages of eight and fifteen inclusive are eligible and all applications must be given to Willis Campbell at the high school or to the bank by May 5.

The club last season created much enthusiasm among the contestants and parents of those who participated found the young people taking a new interest in agriculture because of their entrance in club work.

Letters of commendation on last year's showing were received from the Extension Department of M. A. C. and the Chester White Association of Rochester, Indiana.

From the four best pigs of the club, there were received first prize at the Michigan State fair not only in the Chester White class but first prize in the pig club class. At Caro fair, a cup was received as a prize in the pig club class and also first and second prizes in open class. At both the Grand Rapids and Bay City fairs, these pigs won first and second in open class and first in the pig club class at Grand Rapids.

Last year's prizes won by club members at the Cass City fair amounted to \$74.00 in cash, \$20.00 in life memberships in the Chester White association, and \$21.00 in merchandise prizes given by local merchants, making a total of \$115.00. It is expected that prizes this year will be equally attractive.

A sow and litter club will be conducted at this year's fair on last year's entrants in the pig club and their pigs. There is an assurance of at least eight entries in this club. Appropriate prizes will be divided probably on the following exhibits: Best sow and three pigs best sow, best three gilts, best male pig and best three pigs.

A meeting is scheduled to be held at the Pinney State Bank next Saturday evening, April 19, at 7:30 at which time complete arrangements will be made for the sow and litter club. Mr. Campbell will be present and it is expected that all members of the club will also attend.

MRS. P. E. FLEMING IS ON HIGH SCHOLARSHIP LIST

Is One of 66 Western State Normal Students Who Have Been Awarded Honors.

Mrs. Pearl E. Fleming of Cass City is one of 66 Western State Normal students at Kalamazoo awarded places on a high scholarship list just announced by Registrar John C. Hoekje for the winter term.

Mrs. Fleming thus honored as one of the outstanding students in a college of nearly 2,000 people, made an excellent record in all her winter term classes. She is a Junior at the normal receiving her A. B. degree next year.

The Harbor Beach board of commerce is requesting the government at Washington to remove the coast guard station at that place from its present location among coal piles and other unsightly surroundings out on the dock and build a new plant near the city's bathing beach.

Owendale business men have organized a booster club with 17 members. Dues are \$5.00 a year for business men and \$2.00 a year for others. The board of directors selected are: A. Schnepf, W. J. Dufty, Wm. Stokes, Chas. Danin, S. D. McGregor, Olin Thompson and Chas. Fritz.

June 18 is the date set for the first picnic of Sanilac county Masons. A permanent organization was launched recently at Sandusky, the worshipful masters of the several lodges in the county constituting the board of directors. The place for the picnic will be determined later.

Sixty-three years ago, two hundred young men of Lapeer county were mustered into Company F of the 1st Michigan Cavalry and marched away to help Father Abraham uphold the

honor of their country. Of Company F but a single member survives, Mr. George Cramton of this city, father of Congressman L. C. Cramton. Mr. Cramton is 82 years old, but is still active. At times, he says, he feels a little lonely when he thinks of all the old comrades who have answered the final bugle call.—Lapeer Clarion.

The Pigeon village council at its regular meeting last Monday evening acting upon the recommendation of President Murdoch decided to refund the light users of the village ten per cent of the amount they paid for electricity last year. This move was brought about after the village president and members of the council had found that after making all proper charges against the electric light fund and charging up to the general fund the cost of street lighting there was a balance sufficient to refund ten per cent to the users. The idea of the council is that there should be no profit made from the electric users.—Progress.

STATE WHEAT AVERAGE IS LESS

CONDITION OF CROP IS BETTER THIS SPRING THAN A YEAR AGO.

In central and northern counties, wheat was continuously under snow from the first of the year up to the first of April and should be in excellent condition. In the southern districts, it was well protected with snow up to about the first of March after which there were alternate periods of freezing and thawing, the ground being bare part of time. The reports received by Verne H. Church, Agricultural Statistician and L. Whitney Watkins, Commissioner of Agriculture indicate that local damage occurred in some southern counties, but the extent could not be determined at the time of the April 1 report. The majority of reporters considered the condition favorable and that the injury was mainly local in extent. In several counties the Hessian fly did considerable damage last fall which lowers the prospects in the sections affected. The average condition for the state was found to be 86 per cent, three per cent better than last year and two per cent above the ten-year average.

The condition of the wheat crop for the country as a whole was 83 per cent. While it is too early to make an estimate of the probable production, this percentage represents a crop of 549,415,000 bushels. Last year's final estimate was 572,340,000 bushels. While the condition is better than it was last year on April 1, the acreage is considerably less. The rye crop is reported in generally good condition in nearly all sections, winter-killing being confined to small areas and chiefly to hilly fields where the snow had blown off in southern counties. The April 1 average condition was 89 per cent, one per cent above the ten-year average, and four per cent better than on the same date last year. However, the exact condition could not be determined until the snow disappeared and growth had started.

The average condition for the country as a whole was 83.5 per cent. If until harvest time, the production would be approximately 59,135,000 bushels, or 4,000,000 bushels less than year's. The acreage, like that of winter wheat, is less than in 1923.

Following the spectacular increase in swine during 1922 and 1923, Michigan farmers are reducing their herds. The number of breeding sows now on farms is nine per cent less than last year, the present total being 177,000. High priced feed and the low prices received for hogs during the past season have been discouraging to the business. The decrease for the United States is even greater than in Michigan, there being nearly 11 per cent less on farms now than one year ago.

The supply of farm labor is rated at 67 per cent of normal, and the demand 79 per cent of normal, giving a ratio of supply to demand of 85 per cent as compared with 71 per cent one year ago. High wages have reduced the demand, and the remarkable activity in industrial lines for several years has depleted the farms of surplus labor. The average wages as reported are \$43.20 per month with board and \$58.60 without board. Day wages average \$2.55 with board and \$3.30 without board.

The average wage paid throughout the country is \$33.71 with board and \$47.62 without board, or a little over 20 per cent less than Michigan farmers have to pay. The nation's supply of labor is placed at 83.4 per cent, and the demand at 90.4 per cent of normal.

PALMER WRITES OF BEAUTY SCENES

Concluded from first page.
there he had a plate of toast for us, a pot of tea, nabiscos, pitcher of milk, all silver service, too. The salon was very pretty. We then went up on deck to watch the city as we put out to sea and at 5:30 the dinner gong rang so went down and met the officers and sat next to the Captain. They were all in spotless white just as on the Vauban which was a surprise to me. Junior behaved abominably and refused to eat anything. The officers were smiling at him and he just felt he was "cock of the roost." The Captain and I got to talking about Brazil and America's interests there versus the British. He was a Britisher all right and showed me why America has not gotten into Brazil commercially like Germany and Britain. Geraldine and Ithen spent an hour on deck and by this time the "Lassell" was out on the high seas again and we felt the welcome dip of the deck under our feet. Just before I went to bed, I went up forward again and stood near the prow of the ship as she dipped over the waves. How sorry I was it was my last night on the ocean and regretted having to go to bed. Was up bright and early in the morning and we went on deck after breakfast to see the first plimpse of Santos. It was well we did for it was such a pretty view, nearly as wonderful as Rio.

We wound in a long bay, then up a river to the docks. Finally came to the place where ships were anchored and we had an uninterrupted view of the sights. Soon we began to pass big freighters all loading coffee, Belgian, Spanish, several British, Canadian, Dutch, Italian, Portugese, German, two Japanese, and finally one flying the good old stars and stripes. We saluted her much to the mate's amusement and she certainly looked better to us than any other in the harbor. Your flag looks good to you in a foreign country. While we were steaming a long way out from docks, the Captain said, "That must be your friends waving to you because you are the only passengers," and then by and by after the doctor had come and gone and the customs inspector, and the police, we turned around and steamed back and as we got closer we could make out two men and two women and a little girl. Slowly we sidled into the place assigned to us and as we drew nearer we could make out Mr. and Mrs. Steen and Rebecca and the other two were old college friends. It took 45 minutes for our big freighter to get to the dock, even after her prow was made fast, as we had to go in sidewise. And there all we could do was look at them, and they us without saying anything. Just before we docked I took a run down to the engine room as I wanted to see it before leaving. I wish you could see the immense machinery they had. It occupied three stories in height, that is, I went down three flights of stairs before I got to the bottom of the machinery. Unlike the Vauban which was a steamship, this boat was driven entirely by electricity, the newest type-out and just released from Liverpool 18 months ago.

Well, we finally docked and the gang plank was thrown out but we couldn't go ashore nor they come on board until some more red tape was gone through with regarding the customs. But we did lean over the gang plank and shake hands with them all and I know they were truly glad to see us. I watched the longshoremen as they came aboard and prepared to take off cargo. And it was interesting. Those huge cranes and derricks built on the docks would grab hold of a dozen big boxes and swing them over the side. The big derricks on the ship would reach down in the holds and bring up tons of stuff at one time. I watched them swing several huge boxes up on deck for the dock cranes to lift off and wonderful what on earth could be in them. Finally saw one turned around and the word "Buick" printed on one side. So everywhere I see signs of home. And there those derricks were handling those Buicks as easily as we would pick up a brick. Pretty soon they got up a lot of boxes and trunks and piled them in one place and I saw the familiar "C. H. Palmer" in big black letters on one box so watched them put the whole bunch in a pile saw them safely loaded and taken to the Customs House. We were at last released, and I went with the men to the Customs. I wish you could have seen the operations. I wondered and wondered—now what will they think of this? and will they charge for this, etc. etc. We

had been told that the Brazilians were the worst of any country in the matter of levying duties. I opened up all the trunks and suitcases and they went through them like a shot, hardly did more than lift the top layer and pass on. Then came the boxes and they went to the bottom of those for that looked like "merchandise"—and they wrote "Passe" on those too. Now for the rest of our journey. We got in with Steens and we started for home, 90 miles. Left Santos at 3:00 p. m. Ten miles out we came to the foot of the Sierra, a 3,000 ft. mountain and then Steen pointed out the road we would take. It looked worse than it really was. The road was gradual and wide and well paved. I was surprised and it did not seem any different than driving to Flint. They said it was at least 400 years old, though of course improved and widened as the years went by—but it was the old trail by which they carried coffee on mule, back hundreds of years ago. And the view. It was simply marvelous. One can't describe a thing like that. It has to be seen to be appreciated.

About 2500 ft. up we broke a part of the motor and there we were stalled and night coming on. We finally started Mr. Steen off alone and we followed on foot, and it was hot, of course, in mid afternoon even at that height. We finally reached the top and found ourselves in a cloud which we had seen all afternoon in our trip up. It was chilly when we reached the top and we were glad to put on our wraps. He had the car so it would run on the level and we piled in and started for the home stretch. Reached Sao Paulo about 8:00 but didn't see much of the city as we skirted the outer edge of it, but how it did show up with its thousands of electric lights! We then went on a very crooked road, up and down hill, to Santo Arzaro which you've heard of before. This is a town of 8,000, older than Sao Paulo, dating back to 1600, and I wish you could see it! Narrow, crooked streets and old, old, buildings, lots of poverty, but everyone happy and carefree.

I have hardly got my land legs yet. Can feel the room dip and sway and wake up in the night and hear the throb of the engines as plainly as we did on boat. O, but an ocean trip is certainly the most fascinating thing I ever did. In my next letter I'll tell you of our arrival here, our surroundings, impressions, etc. It is all wonderful, and new and the biggest experience that either of us ever had.

With love.

HELP THE OLD FOLKS

A Helping Hand Extended to Many Old People in Cass City.

Most old people have a bad back. The kidneys are often weak. Or worn out with years of work. Backache means days of misery, Urinary troubles, nights of unrest. Doan's Kidney Pills have helped to make life easier for many. They are doing so for old and young.

Read the following endorsement. B. F. Hollister, 303 E. Grant St., Caro, Mich., says: "Once in awhile my kidneys get out of order and my back gets so lame and stiff I can hardly get up. But Doan's Kidney Pills never fail to overcome the misery in my back and put my kidneys in good working order." (Statement given October 26, 1916.)

On November 8, 1920, Mr. Hollister added: "I am very glad to confirm the statement I made in 1916 in praise of Doan's Kidney Pills." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv. 4

QUICK SCHOOL NOTES.

Marie Goodell and Genevieve Thompson, reporters.

First and second grades are enjoying the study of birds for language. We have received pictures of 25 of the most common birds found around here.

Third grade are learning the tables in arithmetic. Fourth grade are reviewing in spelling. Sixth grade have completed their study of history for this year.

Sixth, seventh and eighth grades are getting along very well in their study of list of 800 words compiled by Cass City high school. Those who are planning to take part in the contest Friday, April 25, are Park Zinnecker, Robert Kelley, Bernice Quick and Marie Goodell.

6th and 7th grades have drawn some very good maps of South America and Africa.

We have received some new review books and 7th and 8th grades are reviewing for examination.

We are sorry to lose Frank, Joseph and Tony Stadler, who have moved away and are now going to Deford school.

Babies Fed by Force.

In some African tribes when the baby is a few months old it begins to be fed on a preparation of coarse meal. The mother fills her hand with the meal, pushes it into the baby's mouth and holds its nose until all the food is swallowed.

To Give Him His Due.

PINNEY STATE BANK
PIG CLUB

Arrangements have been formulated to put on a "Pig Club" similar to that conducted last year.

All boys and girls between the ages of 8 and 15 inclusive are eligible.

Only Chester White hogs will be used. We have a better lot to draw from than last year and this coupled with the experience gleaned from last year's work should make the club a bigger winner than ever.

All applications must be handed in to Mr. Campbell at the High School or at the bank by May 5th.

The prizes at Cass City Fair last year amounted to \$115.00.

Call or write for further information.

Kite flying is the order of the week. Every boy appears to have a kite of some kind or another and they're all flying most of the time. (The kites not the boys).

Members of the Woman's Study club listened to a very instructive program Tuesday afternoon when papers were presented by Mesdames Norman Gillies Elizabeth Pinney and A. C. Atwell.

A meeting of the prospective "Calf Club," composed of farmers of the next generation, held a business meeting at the Cass City State Bank on Tuesday evening. Parents of the members were present to aid in advising the wise expenditure of money involved.

Over thirty music students who are pupils in the local schools have played in Tuesday morning chapel exercises before the high school assembly this month. This entertainment is proving very helpful to the music pupils and is enjoyable to those who listen. Perhaps this will bring about a system similar to that in use in many city schools whereby credit is given for piano study taken from a private instructor.

David Cargo entertained 15 of his boy friends at a party fit for any "gang of regular fellers," Friday afternoon, in honor of his ninth birthday. Some "dandy" games were enjoyed, both indoors and out of doors, and after a short time, or so it seemed, they had gotten themselves into the condition where they could endure a few mouthfuls of nourishment. Then they had a real supper and all returned home tired and contented.

The fire department had three calls during the past week. Two came on Monday morning when sparks set fire to the homes of Wm. Davidson on Fourth St. and A. H. Higgins on Houghton St. The damage on both residences was comparatively light. A brooder caused a more serious fire last Thursday afternoon in the barn of Benjamin Gemmill on West Main St. The structure was nearly a total loss and 100 little chicks were burned. Mr. Gemmill estimates the loss on the barn at \$300.

Dr. S. B. Young has been appointed by President Tom Tonks of the Saginaw Automobile Club as a member of the club's inter-city relations committee. In creating this committee, it is the object of the club to promote a better understanding between the various cities in this section of the state and offer to these cities the assistance of the organization and the benefit of their experiences in the solution of problems in the interest of the motorist.

Announcement has recently been made of the admission of Harold W. Lee to partnership in the law firm of Welsh & Bebout, one of the oldest and best known firms of attorneys in Detroit. The new firm will be known as Welsh, Bebout & Lee. This firm is recognized in legal circles as having one of the most complete law libraries in the state and employs a staff of some twenty persons. Mr. Lee has been connected with this firm during the past year and his work is confined exclusively to the circuit and supreme courts. He is a graduate of Cass City high school and was a member of the law class of 1922 of the University of Michigan. It is unusual that an offer of a position of this nature is extended to one so recently graduated.

Dr. P. A. Schenck and children, Richard and Florence, visited Warren Schenck in Detroit Sunday where he is receiving medical treatment. They report him to be much improved and gaining steadily.

A fiery cross burned at the corner of Main and Seeger Streets Saturday night and two crosses fired a week previous in the business section is evidence that the K. K. K. organization is active in this community.

Mr. and Mrs. Glenn Tuckey, who recently moved to Detroit, have returned here. They have purchased the Isaac Agar farm, located just east of the Nestle's Food company's condensary. They will reside here.

It has been learned through people who have "20 year" memories that the grandmother of Master Howard Rufus, who is to give a concert at the M. E. church next Monday evening, formerly resided here. Her name is Mrs. Frank Van Waggoner. Mr. Van Waggoner was a stone mason, and they both will probably be remembered by many Cass City people.

In another column will be found a notice by the Great Lakes Power Co. calling attention to the fact that at a meeting of the Michigan Public Utilities Commission at Lansing on April 25 the schedule of rates of that company covering all classes of service in all territory served by the company will be reviewed by the commission. The Great Lakes Power Co. has filed with the commission for the first time its schedule of rates, rules and regulations to all territory served by the company and all patrons of the company are invited to attend the hearing on the above date.

The class of Mrs. Elizabeth Pinney in the Presbyterian Sunday school has been engaged in a ten weeks' contest for membership which ended Sunday. The side headed by Miss Lura DeWitt was victorious over those under Mrs. I. D. McCoy's leadership. To end the contest in a proper spirit, the losers entertained the winners at the home of Mrs. Pinney. Everyone enjoyed the contest as well as the social evening which marked its close.

Mr. and Mrs. Mason Wilson spent Saturday at Sandusky.

Mr. and Mrs. R. M. Taylor were callers in Caro on Monday.

Ernest Croft entertained several of his friends at a supper on Monday evening.

Mrs. Anna McDonald of Bay City, formerly of this place, is in town this week visiting friends and relatives.

Mr. and Mrs. Wm. Cooper of Flint were visitors Saturday at the Harve Klinkman home and on Sunday at the Grant McConnell home.

Miss Eva Mudge of Detroit arrived here the latter part of last week and visited friends in this vicinity until the first of the week when she returned home.

Mr. and Mrs. E. H. Smith, both teachers in the public schools of Detroit, are spending the week at the home of Mrs. Smith's parents, Dr. and Mrs. I. A. Fritz.

Geo. Gekeler of Cass City, Herbert Gekeler of Caro and Frank Gekeler of Flint motored to Lancaster, N. Y., to attend the funeral of their grandmother which was held on Friday.

Milton Schiedel entertained several of his boy friends in honor of his 11th birthday Saturday. The afternoon was spent in playing out door games of a thrilling and entirely original variety after which dinner was served.

The Cass City Music Club will meet with Mrs. A. J. Knapp next Wednesday evening. The following program will be given: American Music and Composers, Mrs. Dora N. Fritz; American Grand Opera, Miss Margaret Horner.

Roy Bricker, J. D. Brooker, Lyle Koepfgen, R. D. Keating Dan Hennessey, John Marshall and J. A. Caldwell were elected delegates at the Republican township caucus Tuesday to represent Elkland at the county convention on April 23.

James Brooker, who is among other Cass City students attending the U. of M., was unable to spend the spring recess at home on account of being a member of the track team which journeys tomorrow (Saturday) to the Ohio State University to an indoor carnival meet. The following Saturday, they will attend a similar athletic contest at Des Moines.

Radio fans and radio bugs seem to be all the same thing and both have similar symptoms. For instance, the other night, the family of a fan threw up their hands and exclaimed "Hawaii", but it was only a steel guitar broadcasting from Detroit. A few nights following that, the family of a bug was listening to the rantings of their new radio. Suddenly the loud speaker let forth a tremendous shout, "Bang, blow" to the accompaniment of "Crack, bang, sizzle" and each member of the family like that of the fan gazed amazedly at each other and cried out "Greenland!" This action shows striking similarity to fond parents translating their infant's prattlings. They waited spell-bound through a musical selection to hear the announcer explain that he was broadcasting from WQVZ, Cleveland, but not Greenland.

ELKLAND-ELMWOOD TOWN LINE.

At two spelling matches, in the Bingham school used as preliminaries to the one at Cass City high school on rural day, Miss Evelyn Smith was winner. Wednesday afternoon the Winton and Dillman schools planned to join them in a tri-scholastic contest.

Chas. Messner and family moved last week to Bay City, where they will reside, after having sold his farm.

Andrew Schmidt was a business caller in Flint on Saturday.

On Friday several women of the district met at the school house and transacted business concerning the purchase of shrubbery and vines for the decoration of the school lawn.

The pupils of the Bingham school have earned money last year and this and now enjoy to pleasure afforded by playground equipment. Ten dollars of the money was received as a prize in the Health Crusade last year.

WIZARD CAST IRON WELDER.

Wade H. Foster of Bad Axe, Mich., the Wizard Cast Iron Welder, has an adv. in this issue that should receive your attention if you own a car, a tractor or machinery of any kind. Foster has invested \$1,000 in equipment, making it possible to save the community money and time. This machine does everything that the acetylene cannot do. Read his adv., or better still give him a trial.—Advertisement.

Tellurium.

Tellurium is used as a crystal detector in radio work and in an anti-knock compound for automobile engines.

In After Years.

Man proposes and woman accepts—and, in after years, they wonder how the fool killer happened to overlook them.

Michigan Happenings

Jacoba's Golden Mella Ann 374745, a Jersey cow owned by C. E. George, of Union City, has recently completed a most creditable record. She started the test as a mature cow and in one year produced 12,963 pounds of milk and 767.47 pounds of butter-fat, on twice a day milking. This Michigan Jersey appeared in the 50 pound list for eight consecutive months and in the second month of her lactation period missed the 90 pounds of butter-fat smash by only .3 of one pound. She has now one tested daughter.

The Detroit & Mackinac Railway has asked authority of the Interstate Commerce Commission at Washington to abandon its Lincoln and Indian River branches, former logging roads. The Lincoln branch extends 15 miles from Lincoln Junction to Lincoln. The Indian River branch extends about nine miles from Tower to LeGrande. Improved highways and the great increase in motor trucks and buses and a consequent decrease in passenger and freight carriage were given as the reasons for the proposed abandonment.

One by one Michigan cities are adopting the plan of forcing motorists to pass an examination before granting driver's licenses. Muskegon is the latest. In the future motorists must know the State law and city ordinances in regard to the operation of motor vehicles. Drivers are also submitted to a test in the operation of a car. They must prove that they know how to handle a car, driving with an experienced operator from the police department.

Steps will have to be taken during the summer months to provide additional room for the growing enrollment of rural schools in the Iron Mountain district, according to Commissioner of Schools, Frank Sweeney. The total enrollment of county schools has been swelled from 1,430 three years ago to more than 2,300. The greatest increase has been in the districts surrounding the Ford plant here.

Arnold Sweetland, of Constantine, 11 years old, by sending out unsigned postal cards of his own initiative collected the largest Democratic caucus ever held in Constantine. His campaign was the result of hearing discouraged Democrats talk of the spring election. Young Sweetland was a guest of honor at the Jefferson Club banquet of St. Joseph County.

Hallie Curtis, 18 years old, a printer in the office of the Ionia Sentinel-Standard just finishing his apprenticeship, was drowned in Grand River with Muri Billings, a boy companion. The canoe overturned in a swift current. Billings took hold of Curtis' clothing with an injured hand and towed the boy close to shore, but could not hold him.

The Peninsula & Northern Navigation Co. has announced that it will operate a boat line between Grand Haven and Milwaukee. Service will be started on the new line early in May. Fruit growers near Grand Haven have long sought the establishment of a boat line to give an outlet to the Milwaukee market for its products.

According to Dr. W. H. Morris, Margaret L. Austin of Port Huron, is entitled to the lightweight birth record of Michigan. When she was born, Jan. 5, 1923, she weighed 18 ounces. The SANDMAN STORY

THE TWO BOASTERS

BOBBY DUCK was a pretty big duck and he often went sailing about the pond by himself. He was not afraid of Mr. Fox or anything, for he had never seen Mr. Fox, and nothing had frightened him until the day he sailed over to the woods on the other side of the pond.

Timmy Squirrel lived in a tree in the woods with his father and mother but now that Timmy was growing bigger every day he often went out alone, and on the day that Bobby Duck swam over to the woods alone Timmy Squirrel had gone down to the edge of the pond without telling any one where he was going.

Bobby Duck sailed close to the bank before he saw Timmy. "Hello," said

"I Am Not," Bragged Bobby.

Timmy, "who are you? Aren't you afraid you'll get your feet wet?"

"I am not afraid of anything," boasted Bobby Duck, swimming close to the bank and scrambling up.

"Bet you are afraid of Mr. Dog," said Timmy.

"No, I am not," replied Bobby Duck. "Why should I be afraid of Mr. Dog? He lives over at my home."

"Then you are afraid of Mr. Fox," said Timmy.

"No, I am not," bragged Bobby, "I am not afraid of anything."

"I am just as brave as you," said Timmy, "I am not afraid of anything either."

So under the tree by the road sat these two bragging little creatures thinking of all the things they could name of which they were not afraid.

Old Madam Spider sat on a limb of the tree. She was not very busy that morning, so she listened to Timmy and Bobby boasting of their bravery.

"Huh," she thought, "I will wager a fly I can scare those two out of their senses," and she began letting herself down by a slender thread right over their heads.

"I know something you would be afraid of," said Timmy Squirrel, "it is Mr. Owl, and he lives in our woods. Oh, he is a great big fellow with eyes as big as a moon and claws as large as a tree and a great big bill that is sharp, and when he opens it he can take in his mouth anything as big as you are and not have enough to eat then."

Both little braggers were getting scared at this description. Even Timmy himself was ready to run, and just at that moment down dangled old Madam Spider, hitting them both on the head as she swayed back and forth.

"Q-u-a-c-k!" cried Bobby Duck waddling so fast to the pond he almost tipped over, and away he swam without one look behind him to see the fate of Timmy Squirrel.

But Timmy lost no time, either, for long before Bobby had reached the pond he was up the tree and in a hole he knew of, where he sat trembling and blinking, scared all but to death.

"Ha, ha!" laughed Madam. "I knew it; never heard any one brag as they did that wasn't afraid of even a little creature like me. Well, I have wasted enough time for today; I must get busy, and up the slender thread she went, taking it with her as she moved."

A LINE O' CHEER

By John Kendrick Bangs.

TRUE VISION

THEY tell me Love is blind,
But blindness of his kind
I rather deem to be
A vision
Of precision
That through clouds of care can see
The things not seen by you and me—
The light of love, the gleam of hope,
To ease the gloom of them that grope,
And lead them out of their despair
Up to the heights immortal where
They touch blue skies
Beyond the reach of farther-seeing eyes.

YOUR HAND

How to Read Your Characteristics and Tendencies—the Capabilities or Weaknesses That Make for Success or Failure as Shown in Your Palm

THE HAND OF AN ARTIST

NOTE carefully whether the lowest phalanx or joint of the finger of Apollo (the third or ring finger) is unusually long. If so it denotes great vanity on the part of the possessor. Other things being equal, this is a favorable sign in the hand of an artist, since without great confidence in oneself not much can be accomplished.

When the line of life and the line of the head are widely separated at their beginnings, it is a mark of an impulsive and egotistical disposition—not a bad thing in an artist, if not carried too far.

Finally, to read endeavor and achievement in the hand of the person of artistic tendencies, he or she should have a mount of Venus ball of the thumb that is strong and well-developed. If this mount is strong, it shows grace, beauty, melody in music, dancing, a desire to please, tenderness, politeness and kindred social virtues, especially those which attract the opposite sex.

THE RIGHT THING at the RIGHT TIME

By MARY MARSHALL DUFFEE

EASTER ETIQUETTE

Men are polished, through acts and speech each by each.
As pebbles are smoothed on the rolling beach.

WHAT are you going to do with your time on Easter day? It is ever the part of women to remember the feast days. Men in their busy lives would long ago have forgotten the customs of the seasons if women had not recalled them to their minds. To begin with you must go to church. Even if you have not been to church since so long ago that you are ashamed to say when, you must go on Easter Sunday—saint and sinner, society elect and society haters.

Of course if you are a "church-goer" you will go to your own parish church for the morning service. That is an unwritten rule we all obey. In the afternoon you will probably go to some other church where the service appeals to you. Nowadays in the big cities one sees almost as large a crowd at church in the afternoon as in the morning.

There is some stranger in town surely who needs your thought on Easter day. That little woman in the apartment or house next yours, whom you speak to, but have never called on—run in to see her with an Easter greeting and an invitation to accompany you to church. And don't forget the sorrowing ones on this great day. The note of sympathy, the short call, is never out of place, and remember that unselfishness is part of the spirit of the day. Just as an exercise of social endeavor, try to see how many people you can make happy on Easter day. Especially in big cities, where most people spend too many holidays in selfish solitude, is this spirit of social attention to be desired.

A little note like the following to some acquaintance who isn't quite familiar with the ways of the city in which you live is an attention which won't take much of your time and is sure to bring happiness:

"My Dear Miss Blank:
"This is just a sweet, small token bringing with it my sincere wishes for a glorious Eastertide. Have you decided where you are going to church? There is such a delightful service at St. Timothy's at four o'clock. You know that is the little brown church on Brown street, only a few minutes' walk from your house. I am sure you would appreciate the music and the service."

The few flowers accompanying this note serve as an excuse for your suggestion.

Coughed Up Bullet.

An aged man of Newark, N. J., deprived some doctor of the chance of operating for the removal of a bullet from the roof of his mouth. He went to Coney Island, swallowed some salt water and coughed up the bullet. Several weeks before, the old man had fired four bullets into his head. Three were removed by surgeons, but his nerve failed him when he was to have the bullet in his mouth extracted.

OBITUARY.

William Henry Anderson was born in Acton, Ont., April 30, 1853 and spent several years in business in London, Ont., coming to Avoca, Mich. in 1892 to take charge of a cheese factory. Mr. Anderson and his family spent most of the next 25 years, residents of Cass City or vicinity, living for many years on their farm south of town.

The family moved to Glennie, Michigan in 1913 to be with their son, Charles, and family, because of Mr. Anderson's failing health. Two years later Mr. Anderson went to St. Louis, Mo., to reside with his daughter, Annabel, where the best of medical aid and the latest scientific methods were employed to regain his health. He was much better for about three years and enjoyed a long vacation and it seemed he was not in grave danger. The last winter was spent in Glennie with Mrs. Anderson and Mr. and Mrs. C. H. Anderson and family.

The immediate illness lasted less than a month of gradual decline culminating in a stroke of apoplexy on Apr. 3. He died Apr. 6 and funeral services were on Apr. 10, delayed for arrival of daughter, Annabel. Interment was in Glennie cemetery.

Mrs. Geo. W. Bartle.

Helen Nancy Sanderson was born in York state June 17th, 1840, and departed this life, at her old home in Greenleaf township April 12, 1924.

In 1864 she was united in marriage to George W. Bartle and to this union were born six children, three of whom preceded her in death.

In 1870, she with her husband moved to Michigan and settled at Melvin, Sanilac County. In 1893 they moved to a farm in Greenleaf township and later to Cass City where her husband departed his life April 29, 1923. She was converted in early life and united with the Free Methodist church of which she remained a member until her death.

She leaves to mourn her departure, one sister, one daughter, Mrs. David Harris of Decker, two sons, John and George, of Cass City, 13 grandchildren and two great grandchildren.

Funeral services were held at the John Bartle home in Greenleaf Township Tuesday and interment was made in Elkland cemetery.

Drains Blood From Brain.

Physicians say that when an airplane is turned sharply at 500 miles an hour centrifugal force throws the blood outward to the lower parts of the body, draining the brain and causing unconsciousness and death.

A Good Talker.

A conversationalist must not exclude others from conversation, as if it were his own possession, but he ought to regard mutual interchange of ideas to be the rule in conversation as in other things.

DEFORD NEWS

Mrs. Henry Cuer returned Saturday from a week's visit at Atkins, Mich. Mr. and Mrs. Clare Patch and Mr. and Mrs. Lyle Patch of Detroit spent Saturday evening and Sunday in this locality. They called the road for auto fairly good. Wm. Rawson of Cass City was a Deford caller Sunday.

Mr. and Mrs. R. Jacoby spent Sunday at the Lew Lavly home in Caro. Emory Patterson has a new Ford coupe. Merchant Patterson's family spent Sunday at Mayville. Miss Nellie Bell spent the past week at Peter Bell's. Miss Florence Fuller and Cyrus Finlay of Reese visited at the E. A. Cones home on Sunday. Word comes from Pontiac that Mrs. Ella Elsworth improves in health.

'Tis called friendship, but the sample that many offer to their fellow creature is not worth more than five cents on the dollar. Quick school came over Friday afternoon to try our boys at bat and went back singing, "Ten to three, tee, he, he!" while Quick's are second best. George McIntyre of the bank is improving in health. Benjamin Sharp of the Town Line stays for a time with Dr. Merriman. Ben's breath is a trifle short and he thinks to recuperate now in the spring days. He has lost considerable flesh since he left Deford. Drop your items of news in box 17 at the post office, sign name and make the little white headed scribe rejoice. Wm. and Jos. McCracken is building a house 1/2 a mile south and two miles west of Wilmot. R. Jacoby was in Detroit on the 7th. Saw Dr. Wickware, formerly of Cass City, who sent kindest regards to us all. Mrs. Emory Patterson's father of Inlay City called to see her on the tenth. Let us cultivate the nerve—that in a storm at sea when the waves are tearing away our ship piece by piece, telling all is doomed, we could write a message, cork it in a bottle and cast it on the waves for others to read when the storm is past. That's the nerve we need. We knew a man enriched with that kind of stuff, Capt. Langly of St. Joseph, Mich. Two errors in last week's item of William D'Arcy. The name is D'Arcy and farm he has rented 160 acres. They come from the south as far as Inlay City to have fine work done on their car. On the 11th and 12th, they came from the four points of the compass. All sorts and conditions of men, with all kinds of money to enrich our town. Coffee on tap at hardware, but we sniffed nothing stronger. All flashed a "Jewish flag" to exchange for goods. Mr. and Mrs. Leonard Vanderkooy and children left Saturday morning for a two weeks' visit at Grand Rapids and Watervliet. A. L. Livingston will take charge of the station in Mr. Van's absence. The boy has a new car and will test it on the trip. The winner of the prize calf for the school children in Tuscola county given by Walter Gamble for best essay or paper on Holstein Friesians was Manford Osburn, son of Mr. and Mrs. James Osburn of sec. 2, Kingston township. Three entered the contest from Deford school—names as follows: Armond Curtis, Anthony Biri-an and Billie Justus. They made the best showing for any one school, size taken into consideration. The above information is given to us from the pen of Mr. Gamble himself. The writer was reared among a people who would allow us to sing the Psalms on Sunday, but not whistle a single note of the same piece. To them singing was piety, whistling a sin. Have we not just as shallow theology today? A Christian can play as acceptable a hymn to his Master on the fiddle as on the organ. Reference has been made in Chronicle of the passing of sand block store at Novesta Corners. It is now razed to ground and blocks piled up, with but little breakage. Blocks will be moved two miles east and erected into a farm house. We hear that \$300 was the price paid for the structure, 20x100 and 16 feet high on a foundation of stone and mortar, floor and walls on level. At time building in the language of the Irish people supposed to stand forever and a day. But the foundation is there and there it will remain 'till our population becomes more dense and a second city rise on the foundation of a once historic Novesta, who has had men of venture in business world. Men who ventured and lost all, many of them rough and unpolished, yet tender and kind who will be passed by Peter at the "Golden Gate" more easily than the "Shabby Genteel."

NOVESTA.

Mr. and Mrs. E. S. Niles of Pontiac came Saturday to visit at O. E. Niles for an indefinite time. Mrs. Wm. E. Parrish and baby, Yvonne, from near Deford spent from Monday until Wednesday at the home of O. E. Niles, south and east of Cass City. On Tuesday evening, April 8, about 40 friends and neighbors gathered at the home of Mr. and Mrs. James Dobson to help Mrs. Dobson celebrate her birthday. The gathering was a complete surprise to Mrs. Dobson, which added much to the merriment of the crowd. The evening was spent in music and singing, after which a delicious luncheon of sandwiches, cake and ice cream was served to which all did justice. The company departed in the wee small hours of the morning, wishing Mrs. Dobson many more happy birthdays. She was presented with a purse of money as a token of remembrance from her many friends. What has become of our April showers? Some are moving the soil in our way. Mrs. N. W. Bridges is some better at this time. Miss Myrtle Hegler has been engaged to teach the Ferguson school for another year. Asa Gregory of Shabbona spent Friday at the W. E. Holcomb home. Herbert French attended the auction sale of horses at Deckerville on Wednesday. Clayton Crawford of Pontiac spent the week-end with his family here. Ralph Young came home on Saturday from Flint. He will stay on the farm this summer. John Pringle has commenced the foundation for his new house. Mr. and Mrs. John Holcomb and daughter, Dorothy and Miss Sarah McArthur of Cass City and Sheriff Holcomb were Sunday visitors at the home of Mr. and Mrs. Emmet Holcomb. Mr. and Mrs. George Barker spent a few days at the home of Mr. and Mrs. A. H. Henderson. Mr. and Mrs. Dan Waxell attended the Fred Terry auction sale on Tuesday last.

Two Minutes Spell - Paint Certainty

THE two minutes it takes to squeeze the Tinter (tube of coloring) in the can of Liquid Base (body paint) spells certainty of successful results when you use B. & V. Base and Tinter Paint.

Preparing this paint for the job is just as easy and simple as putting sugar into coffee—and you know you are really using fresh paint.

Every housewife prefers fresh eggs to stale eggs, fresh vegetables to stale vegetables, for the excellent reason that the fresh has more goodness than the stale. Anything in common use is better when fresh than when stale because staleness in reality is nothing but deterioration.

Bradley & Vrooman Base and Tinter Paint

Is freshly made, freshly mixed and freshly colored when it goes on the job. It costs no more than stale paint, therefore why take chances with inferior materials, particularly when your own common sense and experience tells you FRESH paint is better paint?

Paint Doesn't Cost Money - It Saves It!

Unless your home is protected inside and outside by repainting at least once every four years, you will lose in repairs and lessened value, from five to ten times what the paint and labor would cost.

Save the surface and you save all

57 Shades of Base and Tinter Paint in stock. The Gold Bond Guarantee positively protects you against any, every and all troubles traceable to the paint. It does more—it warrants that you will secure unusually satisfactory results.

"Burning Sands"

A man's flaming answer to "The Sheik."

A Thrilling Tale of Desert Love.

"BURNING SANDS" is an exciting desert romance written by a popular author who has spent his life among the Arabs. Produced on a magnificent scale by the man who made "The Sheik."

While in "The Sheik" the hero was the aggressor, in this love story a proud English beauty throws conventions to the winds and invades the desert in pursuit of the man she adores.

Mid the burning sands she meets amazing adventures—gay Arabian revels, dark Arabian intrigue, a suave titled villain. And finds that a pretty French dancer is her rival in love.

The picture abounds in spectacular midnight battles of wild galloping Bedouins, in passionate love scenes, in the magic atmosphere of the real Sahara.

The brilliant cast includes, besides the featured stars, Louise Dresser, Winter Hall, Albert Roscoe and other favorites.

"Ruggles of Red Gap"

When a grinning Fate takes a polished valet straight from England to the "wild and woolly" West—you want to be there to see the fireworks!

Harry Leon Wilson's funniest story is now the screen's greatest comedy—bar none.

You'll split your sides laughing at the experiences of Ruggles, English valet, in the Western town of Red Gap. Won from the Honourable George in a poker game, he becomes servant to Cousin Egbert, rough-and-ready Westerner. Then things happen at a mile-a-minute clip! And they're all so screamingly funny you couldn't keep a straight face if it meant your life!

Nobody can write satirical humor so smartly as the author of "Ruggles of Red Gap," "Merton of the Movies," etc. And no director can visualize it on the screen so humorously as James Cruze, producer of "The Covered Wagon" and "Hollywood."

If ever a comedy could be called a scream from start to finish, this is it! And when, in the final scene, Ruggles whoops it up in true American style, you'll want to join in the general cry.

STATE OF MICHIGAN—The Circuit Court for the County of Tuscola, In Chancery.

Oscar Werner, Plaintiff, vs. J. B. Van Winkle and Mary Van Winkle, Administratrix of the Estate of Lewis Van Winkle, Deceased, Defendants.

Suit pending in the Circuit Court for the County of Tuscola, In Chancery, at the Village of Caro in said County, on the sixth day of February, 1924.

In this cause, it appearing by affidavit on file, that the defendant, J. B. Van Winkle, is not a resident of this state but is a resident of the State of California, on motion of Theron W. Atwood, one of the attorneys for said plaintiff, it is ordered that the said defendant, J. B. Van Winkle, cause his appearance to be entered in this cause within three months after the date of this order, and in case of his appearance that he cause his answer to the plaintiff's bill of complaint to be filed and a copy thereof served upon the plaintiff's attorneys, within fifteen days after service on him of a copy of said bill and notice of this order, and that in default thereof said bill be taken as confessed by said defendant.

And it is further ordered that within forty days after the date hereof, the plaintiff cause a notice of this order to be published in the Cass City Chronicle, a newspaper printed, published and circulated in said County of Tuscola, and that such publication be continued at least once in each week, for six weeks in succession, or that he cause a copy of this order to be personally served upon said defendant, J. B. Van Winkle, at least twenty days before the time above prescribed for his appearance.

And it is further ordered that the said plaintiff cause a copy of this order to be mailed to said defendant, at his last known postoffice address, by registered mail, and a return receipt demanded, at least twenty days before the date herein prescribed for his appearance.

Dated February 6th, 1924.

Michigan Happenings

A movement has been launched by the Oakland County Sportsman's association to protect fishing in Oakland county's 400 lakes by closing them to all angling until June 16. The action is urged upon the state conservation department on the ground that bass and other game fish are being destroyed by fishing during the spawning season. Prohibition of all spearing is also asked. The reason behind the move is said to be the untily increasing influx of Detroit men who visit the lakes during summer.

City officials overlooked the plots must be bought for and as a result the voters are to vote on at the primary, recently became a city. While a village the ballots were pro by Cedar Creek Township of which it was a part, and the new city officials forgot that it was necessary for the city to buy its own ballots this year. As a result all the electors were disenfranchised.

Michigan's highway department, at Lansing, upon the payment of a nominal charge, will supply to hotels and other places where tourists are liable to look for information, a map giving conditions of the roads of the state and the kind of roads upon which the tourist will travel. The map will be changed each two weeks to keep it up to date, and will give the latest possible information concerning road conditions.

The water in Black Lake near Holland has dropped another foot, according to computations just made. This means that in the last six years the water in Black Lake has dropped nearly three feet. The United States dredge Gen. Meade has begun work dredging the channel and harbor to a uniform depth of 19 feet. At present, the depth ranges from 15 to 18 feet.

Contract for seven road projects on M-27 and M-19, and one for drainage and grading, all in St. Clair county, were let on the condition that the low bidders can increase the center thickness to eight inches instead of seven, as originally specified, change the edge to a 10-inch thickness and offer a favorable change in price to conform with the changes.

Mrs. Anna Skutt, of St. Johns city, widow of a Civil war veteran, has obtained a monthly pension of \$30 from the Government and in addition, back payments for four years. This sum is swelled by the payment of additional money due her late husband, Peter Skutt, a member of the Fourteenth Michigan infantry during the war.

To provide additional facilities for manufacturing and shipping of the Hudson Motor Car company has purchased the site and plant of the Jefferson Forge Products company, Detroit. The acquired plant occupies a site eight acres in extent.

Gustavus D. Pope, president of the Detroit Community Fund, will be one of the four American representatives to attend the third session of the general council of the League of Red Cross societies, to be held in Paris, April 28 to May 2.

Patrolman Albert J. Fenk, driver of a Detroit patrol, was instantly killed, and Patrolman Robert Munley, signal officer, was seriously injured when the patrol turned over after being struck by a light touring car.

Monroe voters at the recent election determined not to raise \$200,000 for the purpose of erecting a new county jail and altering and repairing the county courthouse. The proposition lost in every precinct.

Frank L. Ilgenfritz, 62 years old, vice-president of the I. E. Ilgenfritz Sons Nursery company, of Monroe, died suddenly at Toledo, while attending the noon-day luncheon of the Toledo Exchange club.

The city commission of Grand Rapids will be asked by the board of education to approve a budget of \$2,637,026 for the coming year. The amount for general school purposes is estimated at \$1,775,706.

A statement by the Ford Motor Co., announces that retail deliveries of Ford cars and trucks in the United States during the month of March reached a total of 205,735, a record-breaking mark.

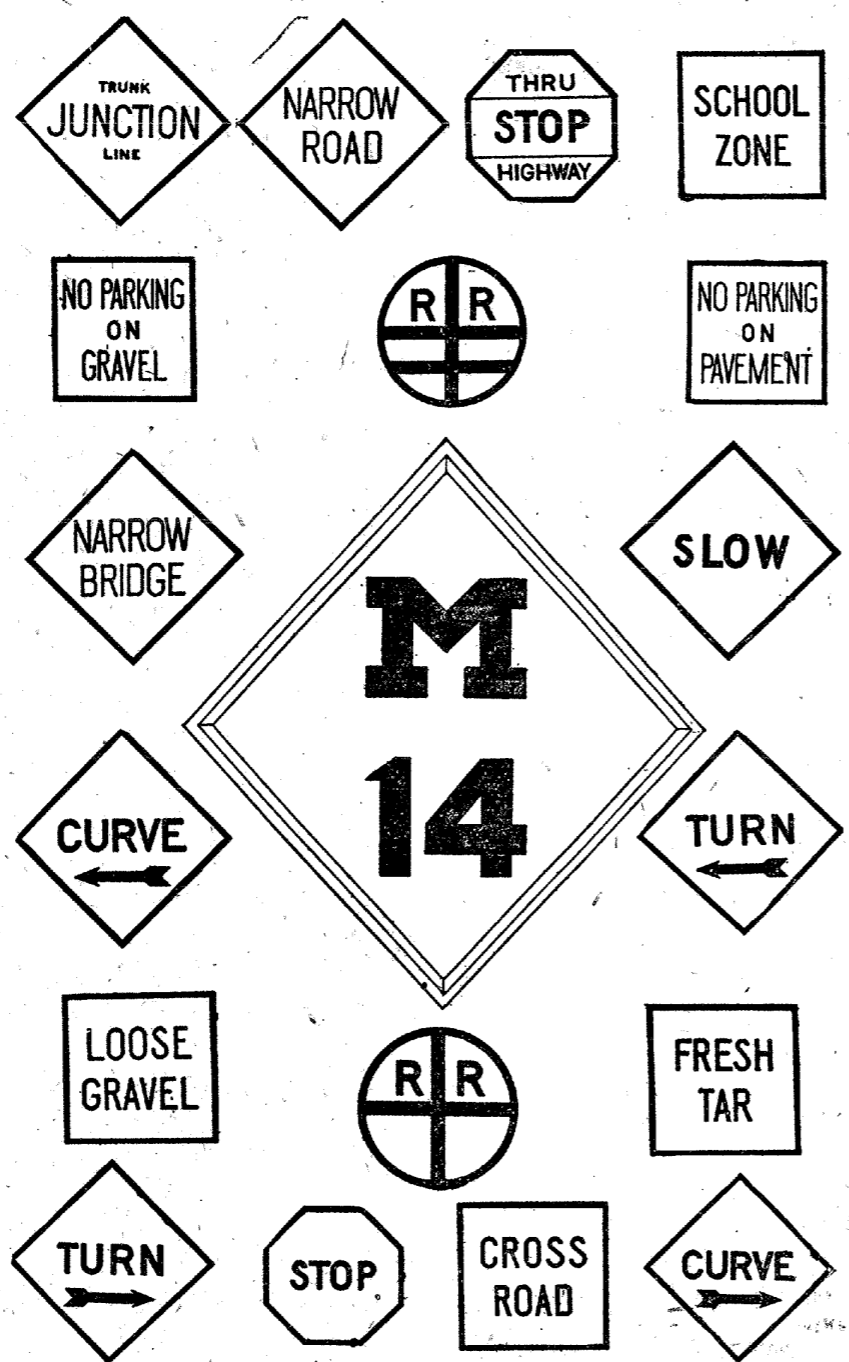

The City Hall clock at Grand Rapids has been set ahead one hour, placing the city on daylight saving for the summer.

The city of Lansing has acquired title to a site at Mt. Hope avenue and Cedar street for the proposed south Lansing high school. Plans are being drawn so that construction can be started at the earliest date possible.

Municipal ownership advocates won at the polls in the state primary election when Kalamazoo voted three to one in favor of extending the municipal lighting service to commercial and household users.

NEW MARKS FOR MICHIGAN ROADS

Standard System That Will Unify Highway Signs Has Been Adopted; Signs in Use on State Highways in 1923 Are Badly in Need of Repairs.

Michigan's 1924 State Trunk Line and Federal Aid highway re-marking program, which calls for the erection of over 20,000 warning signs, distance and direction markers, and mile-post markers, at a cost of \$50,000, is one of the most important maintenance projects outlined by the State Highway department in recent years. The roadway marking program is expected to effectually eliminate the evils of touring, such as blind roads, and obscure warnings.

It is expected that the counties will have the signs erected by July 1. Eight state crews will be used to put up signs in the counties where no facilities are available to erect them.

Mile-post markers will be erected on fabricated steel posts, the posts being war salvage material turned over by the government. Warning signs will be erected on wooden posts.

Signs Significant.
The shapes of the warning markers are significant, that is, round signs will designate railroad crossings, diamond-shaped markers will be "Slow" warnings, octagonal markers will warn of a situation demanding a complete stop, and square signs will mark places where caution is necessary.

The color scheme employed, black letters on a white background, is one providing maximum visibility during the day and night.

The diamond-shaped mile marker is a characteristic Michigan standard. The letter M will be the symbol of the state, while the number below will inform the motorist of the official designation of the road as one of the numerous state trunk line highways.

Rectangular distance and direction signs will be erected at village and city limits, and at important road intersections. The limits marker will carry the name of the town. The intersection marker will carry the dis-

Burglars in Peru.
Burglars in Peru, when about to enter a house, supply themselves with a sponge and a bucket of water. With the sponge they moisten the mud-covered domicile, and the thin coating is easily dissolved. Then they readily cut through the thin framework, and make a hole large enough to pass through.

Murder Rate Is High.
Every hour, somewhere in the United States, a man's life is taken. There were more than 9,500 "unlawful" homicides in this country in 1921. One of every 12,000 Americans is murdered every year, whereas the figure in Europe is one out of every 634,000.

Kleptomania.
Kleptomania denotes a disorder of volition termed an impulsion and constituting a symptom of insanity, due to mental impairment. It is characterized by impulsive acts done without a reasoning process. Kleptomaniacs appropriate generally bright or attractive articles, stowing them away often without concealment, never putting them to any use or obtaining any gain from them.

tance and direction to the nearest and to the most important town.

Warning signs will be of cast semi-steel construction. Distance and direction markers will be a pressed steel plate mounted on a wooden base.

Wooden Detour Signs.
Wooden detour signs, corresponding to the general shapes of the warning of narrow bridges, etc., will be erected temporarily on all detours. Rectangular signs to be placed at the point of detour and 500 feet ahead of the detour will warn of construction detours and give a motorist time to slow down before taking the lower type roadway. These signs will be of wood, likewise, and they will carry the word "Detour" in large letters.

These sign conventions are similar to those approved by the Mississippi Valley Association of State Highway officials in 1922. This mid-western body of highway officials recommended the adoption of like conventions by every state in the association. It is expected that the American Association of State Highway Officials will be guided in their adoption of standard markers by the action of the Mississippi valley organization. A favorable action by the national highway association will spell an ultimate national standardization of highway markers.

The signs in use on Michigan roadways in the latter part of 1923 were badly in need of repairs, due to the fact that no funds had been forthcoming for their maintenance during 1921 and 1922. The re-marking program will modernize all highway markers on the State Trunk Line and Federal Aid roads, while the present markers will be regulated to the secondary routes for use on the minor county road systems.

It is expected that sufficient markers will be recovered to remark the major portion of the county roads, or secondary routes.

Plans and specifications for rebuilding the Hotel Peplow at Deckerville are in the hands of the contractors and bids will be submitted within a few days. The plans and specifications call for a building fully up to the standard of the burned building and when completed will be one of the finest hotel structures in the Thumb at the L. D. S. church Easter Sunday district. C. F. Collins, the owner, has at 10:30 a. m. been in town this week conferring with the contractors and has signified

his desire to begin building operations at the earliest possible date. Mr. and Mrs. Collins are fitting up the kitchen part of the house for living quarters and expect to take up their residence there in a few days.—Recorder.

By unanimous vote, the Huron county board of supervisors adopted the recommendation of the special committee appointed some time ago to pass on the proposed Grand Trunk siding back of the court house at Bad Axe to the Clark & McCaren wholesale grocery. The committee favored allowing the railroad company to build the siding on certain conditions, among which are the sinking of the track to the grade level, properly planked along the court house block, proper flag service at street intersections, doing all switching before 7:30 in the morning, that no cars be left standing empty adjacent to the county buildings and that the railroad company agree to remove the siding in case the Clark & McCaren Company should discontinue business. The railroad company is also required to pay the county \$500 as a reimbursement for the expenses it has been put to and for the damages it will sustain through the construction of the siding.
