### Sweater Special on New Sweaters

### JUST ARRIVED THIS WEEK

Through some misunderstanding between us and some of our houses, we have gotten two or three extra shipments of sweaters. Now we cannot keep them all. Rather than to return them and pay for the express charges, we are going to give our customers the benefit of our mistake.

So for two days this week-

### FRIDAY AND SATURDAY, WE ARE GOING TO OFFER THESE SWEATERS AT A PRICE THAT WILL MOVE THEM AT ONCE.

### NOTICE.

\$7.50 for Friday and Saturday only.....\$5.98 \$11.75 for Friday and Saturday only......\$8.98 \$12.75 for Friday and Saturday only.....\$9.79

These are all the new styled Brushed Wool, with the beautiful heavy rolled or medium collars which are so much in demand this season.

Be on deck early Friday or Saturday for when you can buy a brand new up-to-date sweater at such a saving they do not last long.

### New Dresses Every Week

Our dress stock is replenished every week with the latest models of the season, and at such low prices that you will be really surprised what a wonderful garment \$6.00, \$8.50, \$10.00 and so on up will buy.

### Infants' Department

This department may seem of very little importance to some, but it has a valuable and important part in our store, for the little folks need up-todate clothes as well as older ones.

We have just received our fall and winter needs of infants' wear.

If you have a baby, or you want to get a gift for some one's baby, come in. We have many different styles in a wide range of prices in little booties, single sweaters, sweater sets consisting of cap, leggings, mittens and sweater. Cap mittens, bonnets, scarf and cap set, leggings, wool stockings and coats. In fact, everything that a little infant needs.

#### School Frocks Recite the Mode's Simplicity

frock shown here tells its simple but pleasant story with much completeness. The dress is made of wool jersey, in a castor shade, and has just enough adornment of fine tucks and buttons to reveal the expert workmanship that gives it class. As an exponent of the mode in school frocks it cannot be excelled-they are nearly all made on the same lines. The round collar, of unbleached linen, is brightened by a little fancy stitching. done in a high color, and it is by far the most popular neck finish. There are small, practical pockets at each side, long sleeves with tucked cuffs,

In spite of their sameness in style there is plenty of diversity in school them. Plain and patterned twills, striped and crossbar flannels, velveteen, kasha and fancy woolen weaves are used. Pipings in bright colors brighten up the darker colorsas pipings of bright red or green on navy blue, and short rows of round buttons to match these pipings make

ed by warm party affiliations, the supporters of George III of England were known as "dyedin-the-wool" Tories. The term was derived from the dyeing process by which materials thoroughly were imbued with fast colors. "Dyed in the wool" is the way we describe any party or religious adherence in which the holder is so positively steeped as to bar all possibility of fickleness.

## **Save Your Car**

 $T_{your\ car\ are\ the\ headquarters\ of\ its}$ emotional system. A heavy engine wears out the batteries, just as it would wear out your patience and your strength should you try to turn it over with a crank.

It is not so far-fetched as it may seem, to compare engine mechanism with human mechanism. Every one who drives has remarked the individuality and responsiveness, or lack of it, in the car he handles.

Red Crown Gasoline increases engine responsiveness. It vaporizes at a low temperature and burns completely to the end of the piston stroke.

It relieves the strain on your starting motor and batteries. This is one of the many economy features in Red Crown. Red Crown makes batteries last longer and give better service.

The "satisfaction" service of Red Crown lies in your thrill at the ready response when you touch the starting motor-at the flexibility of your engine and the steady flow of sustained pulling power.

Satisfaction Plus Economy—in this unusual combination lies the true reason for Red Crown popularity. And remember this: permanent satisfaction in a gasoline lies in never changing. Use Red Crown all the time. It's easy to do so, for Red Crown distribution is nearly 100% perfect. You can find it everywhere and everywhere the same.

Cass City, Mich., October 10, 1924.

During the fire in our block the last of August we had several thousand dollars' worth of merchandise upstairs in the store room that was damaged by smoke. The greater portion of it was new fall merchandise just received from the factory. Anyway it is slightly damaged with smoke. We want to get this merchandise out of the store at once so we can gauge our purchases for the rest of the season.
