CIRCUIT COURT.

Commissioners on claims in the Estate of Jacob Uhan allowed a claim for services to Wm. Uhan, a son of the deceased, of \$4,000.00 when the estate was in probate court. Uhan, allowing him \$8,618 instead of \$4,000.

TO ADVERTISE D. B. C. & W. FOR SALE

FEDERAL JUDGE INDICATES ORDER OF SALE WILL BE SIGNED SOON.

Reduction of Coal Freight Rate and Need of Repairs Brings Affairs to Crisis.

Reduction of the freight rate on coal, effective December 1, and the necessity for more or less immediate repairs, have brought the affairs of the Detroit, Bay City & Western railroad to such a crisis that it is deemed advisable to advertise the road for sale as a going utility.

This decision was reached Friday afternoon during an informal meeting in federal court at Bay City called by the receiver for the purpose of discussing the condition of the road. It was indicated by Judge Tuttle that an order of sale will be signed as soon as the conditions of the sale can be agreed upon by the receiver, Special Master in Chancery William S. Sayres, and other interested parties.

Hope that at least a portion of the road may be saved for the communities which it serves was held out by Willis G. Ogden, receiver, who declared he had been approached by parties interested in the 40 mile stretch between Port Huron and Sandusky. He said he was almost certain bids would be received for that much of the road, at least.

In his report on the condition of the railroad, Mr. Ogden declared this has been a fortunate year, and that it was probable that the railroad receivership would not lose much money through operation of the road in 1924. Lately, however, two things have happened which have convinced those in touch with the affairs of the road that operation without great losses will be impossible in the future.

An advantageous freight rate on coal has provided the road with a revenue of about \$70,000 yearly in the past, this amount being nearly one-fourth of the road's total revenue. On October 1, the Pere Marquette railroad succeeded in having the rate reduced 35 cents a ton by the Michigan public utilities commission, and after this reduction becomes effective in December, the road can no longer transport coal at a profit. With the loss of this coal revenue, the receiver said, the road cannot operate without a loss.

In addition to this misfortune, which has been impending for a year or more, a number of repairs are needed if the road is to continue in operation.—Bay City Tribune.

Make Each R.R. Crossing A Stop Street

Most Michigan cities compel motorists to bring their cars to a full stop before crossing any heavy-traffic street.

This law is universally approved. It saves time and averts accident. It is wise and fair.

Yet heavy motor vehicle traffic is far less dangerous to you than a railroad train. Speed is the very essence of Railroad service. A train cannot stop quickly. Nor can it turn out to avoid hitting you.

Six states have already passed laws, making stop streets out of Railroad intersections. The time may come when the State of Michigan will compel you by law to thus protect yourself.

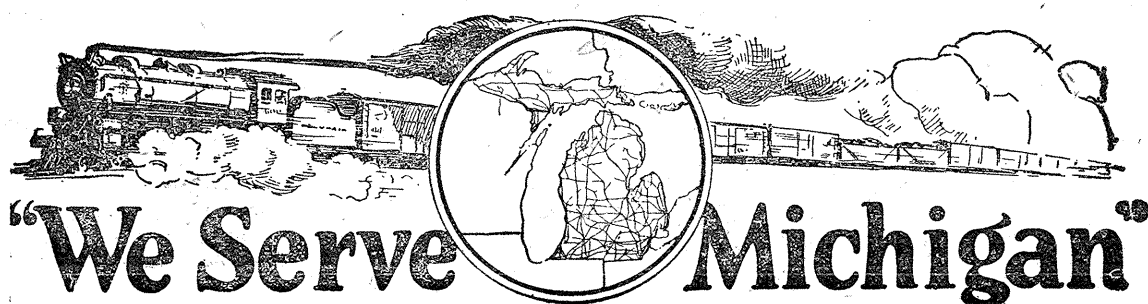

But, why wait for law, when you have common sense?

Determine today that, from this time on, you will always bring your car to a full stop before crossing a Railroad track, anywhere—any time.

Everybody will approve your good judgment. Many will follow your example. And you will be relieved forever from the possibility of this, the most serious of common accidents.

The Bluffer

The bluffer sleeps under short covers. If he pulls 'em up to cover his head, he uncovers his feet. Bluffers rarely bluff any but themselves for very long.

Laying Away for the Future

What better proof do we need that a Savings Account is a really vital part of our existence than to watch the squirrel lay away, in the way nature has taught him, the surplus of his efforts, to be used when he cannot longer gather food.

There comes a time into every life when the need of a reserve is felt. Start saving today, then when you need the money you will have it.

Dailey's Fifth Great Annual RED MARK SALE

One of the greatest buying events ever pulled in the Thumb of Michigan. Starts
Oct. 25 and Continues Until Nov. 8

It has been my practice for the past several years to give to the buying public of Cass City an opportunity to buy first class merchandise at this time of the year at a great saving to you, and many have been waiting for this opportunity.

Merchants must soon become convinced that no further concessions will be made upon their purchases and with farm produce climbing means that merchandise will climb in proportion. With crops good and weather conditions ideal only gives to the buying public a spirit of freeness to buy their requirements for the sure coming of cold weather.

Just note and consider the saving to you named in this advertisement.

DEFORD NEWS

They danced on 16th at Webster's hall.

Harness maker builds a platform in Johnson's implement building.

Politics are astir. We mean it now. "Lada" still declares he will go to Florida.

The Lighting Co. may erect poles but not touch a leaf on the trees.

Good weather saved our late beans. Bread 11 cents per loaf. Take smaller bites.

Mrs. Howard Malcolm assists in the post office.

Mrs. Chas. Tedford entertained at their home last Sunday Mrs. Tedford's parents, Mr. and Mrs. Wilson Seaton of North Branch, Mr. and Mrs. Carl Hunt and five children of Kingston, Mr. and Mrs. Archie Hunt and daughter of Kingston and Mr. and Mrs. Henry Hunt and five children of Kings Mills and Mr. and Mrs. Bell Gage and three children of Deford and Miss Viola Randall.

Five men from Royal Oak and Troy townships, Oakland Co., came up here on Thursday on a rabbit hunt. Two were kinsmen of the writer. They arrived in Deford at 8:00 a. m., and went home same night.

A pleasant call the past week by Mrs. Margaret H. Livingston, who has spent the winter in California. She likes Michigan best yet. Time seems to rest lightly on her brow.

Horses don't have so much road travel, but if he moves over the main at all he must be guarded against the pebbles. Once even a flat footed could go to town without being shod. That day is past.

A light tonnage of beets to the acre here; so far from 3 to 9 tons. Ten is considered good.

In the writer's home are three books, "Family Physicians." Each one teaches that alcohol burns up our tender feelings and makes brutes of men. And this assertion is not contradicted in the civilized world. Hence Clarence Darrow with all his legal ability is a weakling when he defends the liberty of strong drink, or the right to "put the bottle to his neighbors' lips."

Myron Retherford of Royal Oak was a caller in town over Sunday.

Clarence Chadwick has a new car. Mrs. Spencer and Mrs. Curtis spent Sunday visiting and sight seeing in Clarence Chadwick's new car.

Mr. and Mrs. Mark Smith of Detroit spent Sunday with Mr. and Mrs. Howard Retherford.

George Jacoby took in Lansing last Saturday.

The R. E. Johnson family spent Sunday at Fostoria.

Robert Jacoby family were at Caro Sunday.

R. E. Johnson's right handed man suffer with sick headache.

No, the Vanderkooy didn't have scarlet fever.

Mr. and Mrs. E. L. Patterson attends the home coming at Marlette this week.

E. L. Patterson and Louis Locke were Imlay City callers on Sunday.

H. Retherford came home from Bay City Friday night. Went back Tuesday morning.

R. D. Lewis' family spent Sunday in Ellington at the home of J. W. Metcalf.

For a week there was a gloom over the town. Rumor said that 25 or 30 energetic females would not have a chance to pick beans. We asked George McIntyre, manager of the business. He said, "It all depends on condition of the crop. If they come in heavy pickers, they will be picked. If in good condition and what is called light pickers there will be no picking at Deford this season."

Warren Sherker assists his father, Samuel Sherker, at the beet station.

It doesn't seem to be fully understood that the court held in Bay City is an investigating court, passing on the evidence of those charged with violating prohibition law—to see if strong enough to hold to trial in future.

We are informed that 80 per cent violations of prohibition laws are by foreigners. Why not have the penalty to return them to their home land? That would teach all an impressive lesson.

The Saviour taught that kindness to our fellow creature constituted the Christian life here. "Love thy neighbor as thyself" is the great command. Few seem to understand it.

Fred Wilcox of Pt. Huron came to the home of Benjamin Gage on the 14th to see the folks and take his sister, Mrs. Carrie McCain, to his home for an indefinite time.

The sad intelligence came here on the 14th that Mr. and Mrs. George Martin's granddaughter died in Detroit of heart trouble. Deceased, five months old, was the babe of her known here as Goldie Martin. Her illness was of but a few days. The remains were brought here and buried in Novesta cemetery.

Elisha Allen went to Wyandotte on Sunday to live for the winter at least, with his step daughter.

'Tis expected the machinery will be adjusted in the beanery in a few days. Our preacher is feeling good nowadays. Thinks the provess of his palmy days has returned. In handling beans in concert with two, he was the best man of the trio. Inquire into their physical ability and cease to

marvel. We daren't name them. One dwells to the east, the other to the south.

The man who cannot look back and see where he made mistakes, is a hopeless case.

Mr. and Mrs. Len Patch of Detroit were Deford visitors Saturday night and Sunday.

Mr. and Mrs. Samuel Gowen of Detroit were Novesta Corners and Deford callers on Sunday.

We notice in egg laying contest that the White Leghorns beat all others in every trial. Why do people keep other breeds?

Don't blame rude children. Condemn the parents. What the child is is the reflex of its schooling. The parents are the teachers 'till it goes to public school. Ignorant pardats have no right to have the training of children the first years of life. "As the twig is bent the tree's inclined."

Younger counsel prevails. Roderick Kennedy will stay in Michigan over winter.

Our frosts vary from light to heavy—that is why the smitten leaves put on various hues.

There seems to be a skip in October's Farmers' Club of South Novesta. Perhaps no one to blame but betoken's poor health.

Mrs. Russell Bettles and baby of Lowell came Friday to visit Mr. and Mrs. Jos. Hack. Went home on Monday.

Aldon Bohm of Royal Oak, once hardware man here, was present to call on Deford people Saturday night and Sunday.

Of late it has been hard on the beet hauler. Tires must be set, and a man must be in circumstances to pay for an all round setting.

N. B. Daugherty suffers with sciatic rheumatism.

Fred Ball was a Wyandotte caller on the 18th.

Geo. Spencer had a successful farm sale.

To say the people of a town are smart means much. The major part must be wise enough to see that their minds meet on all that makes the place better. Every one should feel if he helps his neighbor, he helps himself. If part of a town "haws" and part "gees" they are like a house divided against itself.

Edward Lerzenski of Detroit was home Sunday for a short visit with his family. Chas. Auten and his son, Keith Auten, of Detroit were also here Sunday.

Old residents of this locality, who now live afar will remember Elisha Allen and his fiddle, who played for the dancing parties long ago. When Elisha was converted to the straight and narrow way, he kept the fiddle and converted it also to play good tunes, believing that sacred song is as acceptable on the violin as an organ. The instrument was the property of Elisha's father who was a violinist of the old days when they played by ear. Elisha will keep the aged relic of song while he lives, then present to a youthful 'Linsman who, 'tis hoped, will keep it, doing as good work as at present time. Elisha has entered his 75th year and is now growing old beautifully.

NOTHING LIKE

Dr. Burnham's SAN YAK

for stomach and heart trouble. San Yak gives you the pep in restoring health from rheumatics and bad nerves. You could scarcely have kidney or bladder trouble under the 90 mark by occasionally taking a dose at night. Try it to limber up the stiff joints and muscles. To relieve high blood pressure and paralysis take one or two teaspoonfuls of San Yak in a glass of water 30 minutes before breakfast.

Sample of Thousands of Personal Letters.

Dr. L. P. Bailey, of McBride, Mich., says of San Yak: It will do all you claim. It is fine medicine for the blood and has cured rheumatism of long standing. When one treats the kidneys with San Yak he is renewing the whole body. One can always depend on San Yak.

(Signed) L. P. Bailey, M. D.

Mrs. W. E. Brandon, of Robinson, Ind., writes: I took San Yak for high blood pressure and it worked like a charm. I am not now troubled any more.

The Spirit of Protestantism

THE spirit of Protestantism exhibits itself in *Love and Tolerance*.

A true Protestant grants his fellow-citizen the right to *differ* as he himself claims that right.

Protestantism stands for certain definite principles, but it does not display intolerance towards those of *opposite* views.

A Protestant *hopes* that others may see as he does, but if they do not he *still* remains neighborly and fair. He does not resort to legislation to force his convictions upon others.

Protestantism is *opposed* to every type of tyranny over the *minds and souls* of men. It stands for *freedom of conscience and religion*. It stands for *freedom of thought and speech*. It stands for *freedom to learn and teach*.

It cannot agree to a *dictatorship of religion or education* without violating its traditional spirit.

It does not believe that the state should establish a *monopoly* in education.

All who believe in the *true spirit of Protestantism* will *work and vote* against the School Amendment, which *seeks* to give the state a *monopoly* in education.

Passion must not be permitted to destroy *educational liberty*, which is one of the *best fruits of the Protestant Reformation*.

Give Credit where Credit is Due!

THREE per cent of Michigan's population of ten years and over cannot read or write. The nation's average is twice as high—six per cent.

Thirty states have more illiterates than Michigan.

There are 2,203 negro and 14,172 native white illiterates in Michigan.

These are United States Census Bureau figures. They disprove the claims of propagandists that there are more than one-half million people in Michigan who cannot read or write.

Michigan people are broadminded, tolerant, and educated. They are products of schools that are second to none in America.

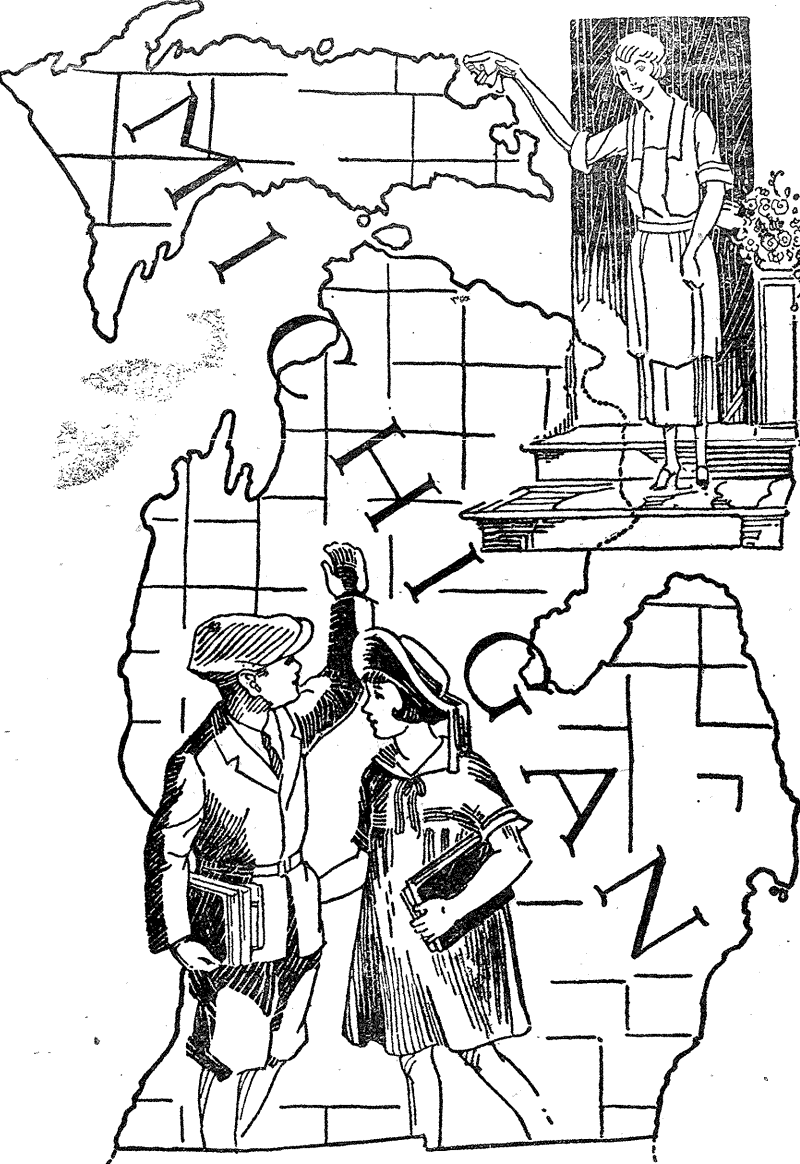

Public, Private, and Church Schools have worked together in a program of state-wide education. Each deserves credit for the part it has played.

If Michigan were to adopt the School Amendment, private and church schools would have to be closed in less than nine months! Nearly 125,000 pupils would be thrown into an already overcrowded public school system. Chaos would prevail. Work would be disorganized. System would be destroyed. Taxes would go up.

Many children would be put on a part time basis.

Michigan's splendid record for literacy would be threatened.

Preserve our high standard of education by voting "NO!"
