Two names were presented as candidates to succeed Frank St. Mary as a member of the county board of canvassers, that of Mr. St. Mary and H. P. Orr. On the first ballot, each one received 11 votes. On the second ballot, Mr. Orr received 13 and Mr. St. Mary 11 votes. Arnold McComb and E. W. Ellis were elected to succeed themselves as canvassers.

Two bids were received for the depositing of county funds. Four Vassar banks combined in an offer of three per cent interest on daily balances of all sums of \$5,000 and over, the county to furnish bonds for the county treasurer. Three Caro banks combined in offering 2 1/2 per cent interest on average daily balances on the 30th day of June and the 31st day of December each year and offered to loan money to the county at 4 per cent. The supervisors accepted the offer of the Caro banks.

Two new projects were let to contractors this year, the Squaw Creek and Branches in Gilford and Denmark townships and the Fremont Cleaning Drain in Fremont township. An itemized statement of the cost of the drains let this year gave the following totals, Squaw Creek and Branches, \$31,500; Fremont Cleaning Drain, \$2,300. The total balance on hand a year ago was \$52,528.46, while at the date of the last report it was \$34,933.20.

ALONZO DORLAND LAID TO REST AT MARLETTE

Funeral of Cass City Man Who Was Killed in Accident Held Saturday.

The funeral of Alonzo Dorland was held at the Marlette M. E. church on Saturday, Rev. A. G. Newberry, pastor of the Cass City Baptist church officiating. Interment was made in the Marlette cemetery.

Mr. Dorland's death occurred shortly before noon on Thursday, Oct. 23, near the Elkland cemetery. His team became frightened by a passing automobile, throwing Mr. Dorland from the wagon as they started to run away. Mr. Dorland's neck was broken by the fall.

Alonzo Wilbert Dorland, oldest son of Mr. and Mrs. Edmund Dorland, was born at Norwich, Ont., on March 14, 1865. He came to Sanilac county, Michigan, with his parents when he was ten years of age and lived in Flynn township until three years ago when he moved to Cass City where he has since resided.

He was united in marriage to Sarah E. Fike on Oct. 2, 1887. To this union five children were born, three daughters and two sons. The oldest daughter, Mrs. Joseph Lee, preceded her father in death, having passed away May 2, 1919. He was a kind husband and loving father and those left to mourn his untimely death are his wife, his aged mother, two sons, Otto of Flynn township and Donald of Cass City; two daughters, Mrs. Joseph Lee of Cass City and Mrs. Lloyd Brown of Detroit; one brother, Joseph Dorland of Flint; two sisters, Mrs. Wm. Shaw of Marlette and Mrs. John Foster of Midland; seven grandchildren, besides numerous other relatives and a host of friends.

BETTER SIRE CAMPAIGN IN TUSCOLA COUNTY

During the week of November 25th a special bull campaign will be conducted in the western half of Tuscola county. J. G. Hays and H. E. Denison, dairy specialists, will be the speakers. Three meetings will be held each day at various farm homes. It is planned to have two or more yearling bulls at each place to use for demonstration work. It is hoped that several bull associations will be formed as a result of these meetings. This will be the first work of this kind ever held in Michigan and will probably be enlarged upon in the future. It is not a privately promoted proposition as is generally the case but is being promoted by the Michigan Agricultural College because it is very evident that by pooling the purchasing power of two or more neighbors, a much better sire can be purchased than would be bought if each individual bought one of his own. These dairy specialists will assist the groups in selecting animals. Schedules of meeting will be given in a later issue.

TO THE VOTERS OF TUSCOLA COUNTY

Fully realizing the importance of the office of Sheriff of Tuscola County, I have accepted the Democratic nomination for that office and pledge if elected in the general election, Nov. 4, 1924, to give justice to all.

Respectfully yours,
ROBERT C. JACOBY.

Here is the program: Selections, glee club; dramatic action plays, kindergarten and first grade; fire fly dance, primary grades; goblins, eighth grade; play, "The Diabolical Circle" presented by high school.

Sixty varieties of apples will be exhibited. Certified seed potatoes shown will demonstrate the result of school projects this year. Anyone wishing to bring varieties of apples may select five of the best. Judges will award the following prizes: 20 oz. TO THE VOTERS OF TUSCOLA COUNTY

Oct. 28th, 1924.

Next Tuesday you have the opportunity of exercising your choice of the several National, State, and County officers. We recommend to the safe, sane and conservative electorate of our County the Republican ticket. A cross (X) at the head of the Republican ticket will vote for the entire ticket. We can heartily recommend the entire ticket from the President down to the Coroner. Calvin Coolidge's record of performance as President warrants his retention in the White House for the next four years. The State Administration's record for reduction of State taxes as evidenced by your own tax receipt gives you the strongest argument possible why you should vote for all of the nominees on the Republican ticket for State offices.

In our County affairs Sheriff Colling's record of performance in office during the past two years should ensure for him an overwhelming majority against his Democrat rival on Tuesday next. For your own information we would like to submit the following: Sheriff Colling's Administration during the first twenty-one months of his tenure of office has cost the County \$21464.67. This amount represents all salaries paid the sheriff, fees to deputies, board for prisoners, all mileage bills, repairs

and supplies to the County jail. This represents a savings of about one-half of the former cost of this office in other years to the tax-payers of our County. Besides this the Sheriff has turned back into the County Treasurer's hands during this period in fees and costs \$4383.13, and also by collection of the dog tax \$12,500.00 and fees collected through circuit court of approximately \$3,000.00 or a total collected through this office of \$19,883.13, or in other words it has cost the difference between the first item of \$21464.67 and \$19,883.13 or the small amount of \$1581.54 to the tax-payer.

Such a record of efficiency and law enforcement on Mr. Colling's part warrants for him an overwhelming vote of confidence from the law abiding citizens of our fair county. It has been brought to our attention that certain persons are circulating numerous stories concerning the character, integrity, and honesty of our Republican nominee. They have gone as far as to show affidavits attacking Mr. Colling's character. Efforts have been made to learn the source of these affidavits, but the only thing available is that one in particular purports to have been signed by a man who was arrested, tried, and convicted in our court, and whose word should thus be worthy of very little credit. The source of all of these affidavits is questionable, and they are being used solely for political purposes. Such methods of political muck-raking should not be tolerated by any political party, to say the least against our efficient sheriff. We can most heartily recommend Mr. Colling in every respect for re-election. Don't be fooled by Mr. Colling's political enemies.

As to the rest of the Republican ticket we have only to cite you to Republican efficiency in all of the many years that Republicans have graced the offices of our county. A vote for the Republican ticket is a vote for efficiency in government affairs, as well as a continuance of prosperity in our nation.

Respectfully submitted,
Clarence R. Myers, Chairman.

Having been in business here for 20 years, he has formed a large circle of friends and it is with considerable reluctance that he has arrived at the decision to leave Cass City. He gives possession of the store on Nov. 15.

It is reported that Mrs. Moore has leased the building to her daughter, Mrs. F. A. Bliss, who expects to start a millinery establishment here. Mrs. Bliss was associated with her mother in a similar business in Cass City several years ago and is well versed in the millinery art.

"Sunnyhurst" is the herd prefix name reserved by the Holstein Friesian Assn. of America recently for the exclusive use of Morton Orr, Cass City, Mich., in naming animals in his herd of purebred Holstein-Friesian cattle. Over 5,000 breeders have prefix names recorded for naming their animals. The great advantage to the breeder is that the prefix may become well known. It becomes a trade mark for the owner, and whenever observed distinguishes the breeder. Prefix names also enable breeders to use all names common in Holstein nomenclature in new combinations, even those in previous use by other persons, and makes the selection of names of animals less difficult.

PRIMARY SCHOOL MONEY IN DANGER

PROPOSED INCOME TAX WOULD ADD TO SCHOOL TAX BURDEN OF PEOPLE

WILL INJURE FIFTY COUNTIES

Father of Primary Fund Warns that Railroads will Escape Tax for School Purposes

(By Sybrant Wesselius) (Father of Primary School Fund)

Lansing, Mich.—The primary school money, the fund which I created as railroad commissioner under former Gov. Pingree, is threatened today if the proposed income tax amendment carries at the polls November 4. It is my opinion, as well as the opinion of the attorney general and the superintendent of public instruction, that this fund will be virtually wiped out if the proposed income tax amendment is adopted.

Champion of School Fund

I have for 20 years consistently fought any attempt to interfere with the distribution of, or the solidarity of, the primary school money. I shall continue to do so. My stand always has been to lessen the tremendous tax burdens we carry and it always will be. But if the voters think that by voting an income tax into the constitution they will lessen the tax burden, let them read carefully the proposed amendment. To vote for this income tax amendment is to vote to destroy the primary school fund.

I stand squarely for an income tax of some nature, but not for the one proposed. The great question today is to reduce taxes, rather than devise new schemes and methods to extort additional taxes. The whole subject of taxation in Michigan needs revision, in my mind. To inject an income tax, as proposed, in state affairs now, would not only complicate matters but would render the whole taxation problem uncertain in Michigan for two years to come.

Proposed Tax Surplusage

A gas tax is demanded and will be on the statute books soon. An income tax, as proposed, would be nothing but surplusage and would be fatal to the primary school fund, which is now fixed by constitutional provision. Passage of the proposed income tax might render that sacred constitutional provision entirely nugatory by destroying the possibility of fixing an equitable rate on those corporations now paying their part of the school burden at the rate of \$14.30 per child.

Sponsors of the proposed amendment declare such an income tax would raise enough money to wipe out the annual state property tax. By wiping out the state property tax you automatically wipe out the means by which the primary school money is raised for it would remove at once the necessity of a state property tax, which is the means by which the railroads, telegraph and telephone companies are taxed, this tax going to make up the primary school money.

Sure to Increase Taxes

Look at your last tax receipt, or any of them for that matter, and see into what channels your tax money goes. Your school tax is many times the amount of the state tax. Your primary school money, if not collected from its present sources, will have to be taken from you, Mr. Voter. Do you want the additional tax passed into your school tax needs? Or shall the railroads continue to pay their just burden of the tax.

The proposed income tax amendment is designed, so its sponsors say, to make the rich folks pay their share of the taxes. But remember that while there are a few folks in Michigan who are rich, there are many times that number who are poor and they will suffer tremendously if the primary school fund is voted out of existence. The proposed income tax amendment will not reduce your taxes, remember that. Regardless of all other inartistic and incomplete provisions of this proposed amendment, this fact is certain: the primary school money will not be collected from its present source if this amendment passes. A vote against the income tax amendment is a vote to leave the primary school fund intact. Vote NO on this measure on Nov. 4.

Birds That Steal

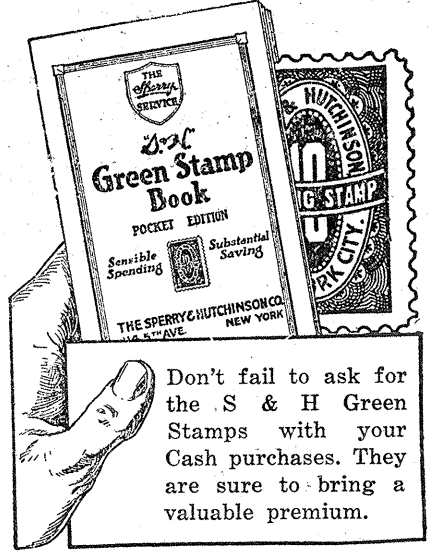

A number of birds have the habit of stealing for the pure pleasure of stealing. Cases of golf balls being carried off by crows and gulls are by no means uncommon. The magpie's record as a thief has been known from time immemorial and has been celebrated both in song and story. The magpie, like the Australian hower bird, seems to possess an esthetic sense which is gratified by the acquisition of brightly colored or glittering objects.

America Without Liberty Would Not be America at All

THERE is one thing more important than great cities and rich farms. It is the American Spirit. It is the spirit that threw off the shackles of tyranny and gave birth to the Republic.

The Spirit of America is the Spirit of Liberty. America without Liberty would not be America at all.

The founders of this Republic recognized the importance of Liberty when they laid the foundations of our present greatness.

The Constitution of the United States guarantees Freedom of Speech, Press, Religion and—EDUCATION.

This Freedom is now being challenged by an effort to abolish all private and church schools.

The School Amendment is contrary to the Spirit of America.

It will not be approved by any man or woman who loves America and its ideals.

Lincoln:

"If you have been inclined to believe that all men are not created equal in those inalienable rights enumerated by our charter of liberty: let me entreat you to come back! Return to the fountain whose waters spring close by the blood of the Revolution."

Roosevelt:

"The good citizen will demand liberty for himself, and as a matter of pride he will see to it that others receive the liberty which he thus claims as his own."

STOP THAT BACKACHE!

Many Cass City Folks Have Found the Way.

Is a dull, nerve-racking backache wearing you out? Do you feel older and slower than you should? Are you tired, weak and nervous; find it impossible to be happy, or enjoy the good times around you? Then there's something wrong and likely it's your kidneys. Why not get at the cause? Use Doan's Pills—a stimulant diuretic to the kidneys. Thousands recommend Doan's. Read what a resident of this locality says:
Wesley Gotts, electrician, 235 S. Buffalo St., Bad Axe, Mich., says: "My back was lame and a heavy, pressing feeling across my kidneys kept me on pins and needles. When I stooped and tried to straighten, I winced with pain and mornings I felt tired out. Frequent dizzy spells would confuse me, too. I used Doan's Pills and they took away that ache, put my kidneys in good shape and rid me of the dizzy spells."

SEE CHANCE TO MAKE CLOVER SEED HARVEST

Recent Good Weather Develops Michigan Crop—Prices To Be High, Says M. A. C.

That harvesting of clover seed from Michigan fields will pay farmers well this year, good weather of recent weeks having developed sufficient seed to make this possible, is the information sent out by Prof. J. P. Cox, head of the farm crops department at the Michigan Agricultural College.

Exceedingly unfavorable weather during September discouraged many farmers who had intended to harvest a red clover seed crop, it is said. Developments during October changed the situation, however, and many are now planning to take a crop of seed.

"Native grown seed will provide less than half a crop," says Cox, "and clover is bringing record fall prices. Many farmers will undoubtedly be well repaid by making a special effort to get a seed crop, even though a late one. If heads of clover in the field show eight or ten seeds, at least one and one-half bushels per acre can be expected.

"Prices have arisen as high as thirty dollars per hundred on clover this fall, or eighteen dollars per bushel. It will pay well to handle even small yields."

THEODORE McCASLIN PASSED AWAY IN EIGHTIETH YEAR

Greenleaf Township Lost Well Known Citizen on Saturday, October 25.

Greenleaf township lost one of its well known citizens when Theodore McCaslin passed away Saturday morning, Oct. 25, at the age of 80 years.

His death was somewhat of a shock to his many friends and relatives as his last illness lasted only six days. He had, however, been afflicted with dropsy for some time.

Mr. McCaslin was born in Ray township, McComb county, Michigan, on March 28, 1844. He moved in early childhood with his parents to Argentine, where he lived until 1897, when he moved his family to Greenleaf township, Sanilac county, where he lived until his death.

Mr. McCaslin was married in 1870 to Rachel Parkhurst, to which union were born seven children. His wife and two children preceded him in death.

The funeral service, held at the old home, 4 1/2 miles east and 3 miles north of Cass City, was attended by a host of relatives and friends, some of whom came from afar. Rev. C. E. Ling officiated.

Mr. McCaslin leaves to mourn their loss, one brother, Oscar McCaslin of Argentine, and one sister, Mrs. Catherine Kolston of Linden; four sons and one daughter, Mrs. Cora Struble of West Branch, Henry McCaslin of Flint, Frank, Fred and Charles McCaslin, all of Cass City; also 16 grandchildren and other relatives.

Among those present at the funeral were Mrs. Cora Struble and daughter, Grace, of West Branch, Mr. and Mrs. Henry McCaslin and daughter, Chrystal, of Flint, Mrs. Della Speedy and daughter, Lillian, of Detroit, Wm. McCaslin of Linden and Mr. and Mrs. Ed McCaslin of Byron.

Interment was made in the Elkland cemetery.

BURNELL BUS LINE SHORTENS SERVICE ROUTE

Thomas Burnell of Brown City was in Cass City Tuesday and announced that he would discontinue the Burnell Bus line service at Cass City, Deford, Wilmot and Kingston on Nov. 1. Lack of patronage is given as the cause.

Previous to the change of train service on the P., O. & N. R. R. a few weeks ago, the Burnell Bus line enjoyed a prosperous business, but since that time business has fallen flat and Mr. Burnell naturally isn't in the business just for fun. There is a possibility that the bus service may be revived to the four towns mentioned above in the spring, depending of course on conditions existing at that period.

Mr. Burnell will continue his bus service from Brown City and Marlette to Imlay City.

CALF CLUB PRESENTED WITH VALUABLE ANIMAL

W. J. Gamble has presented the local calf club with an eight months old bull, a gift greatly appreciated by members of the club. This action on the part of the donor will help greatly in improving the stock of this community. The animal was given to Keith McConkey, this young man securing the bull by a drawing in which members of the club participated.

Mr. Gamble, in a letter to Willis Campbell, teacher of agriculture, writes:

Some time ago Mr. Kimmel, at Almer Farm, wrote me that the contribution of a bull calf to the calf club at Cass City would meet with your favor. I was then up in Northern Michigan and delayed until I was at the farm yesterday, to talk it over with him.

It will be a pleasure to make such a contribution and I shall be glad to furnish a calf that will look well in any company and whose pedigree will rank well with any pedigree in our part of the country. I have a sort of soft spot in my heart for anything at Cass City. As I may have told you, my boyhood was spent there and it has many pleasant memories.

Herewith I send a snapshot taken three months ago. This calf has grown well and is a fine individual. He is square and growthy, thoroughly masculine and inheriting the good points of both his sire and dam. His dams on both sides for several generations back, all have advanced registry official records. His own dam we have in our herd and have tested her four times, each time with an increasing record. She produced 24 pounds of butter and nearly 500 pounds of milk when 5 years 1 month of age. She is a granddaughter of Colantha Johanna Lad who had 134 A. R. O. daughters. The calf's sire is King Vale Colantha Aggie whose seven nearest dams average 32 pounds of butter in 7 days. The calf is no relation to any of the heifers sold you for the club.

Mr. Kimmel understands and anyway this letter would answer as an order for the bull. Get him and present him to the club with my blessing.

FOOT BALL.

(Crowded out last week.)

Cass City high school met the second defeat of the season Friday, Oct. 17, when it played Sandusky at the Sanilac county seat. The score was 12-0. In the first half of the game, Cass City outplayed her opponents. Later the referee gave Sandusky the ball on Cass City on the second down in mid-field, and in the next play Cass City was penalized 25 yards. Sandusky soon went for a touchdown and the second one was made on a Cass City fumble. The crowd continually entered the field,

interfering greatly with the playing. Capt. Gowen played a good consistent game as usual, making wise choice of plays and good gains. West could be counted on for several yards at any time and Fiddymet, playing in backfield, made several thrilling runs of from 12 to 15 yards. Benkelman showed up exceptionally well in running back punts. Loree of Sandusky showed up unusually well, making one touchdown on a pass, and recovering a fumble which later resulted in their second touchdown.

Tuesday, Oct. 21, in meeting Pigeon, Cass City stacked up against a real team which had already defeated Sandusky, Harbor Beach, Caro and Bad Axe. With Capt. Gowen out of the lineup as a result of injuries sustained in the Sandusky game and Hartwick still out of the game as a result of a Marlette game injury, black defeat stared the locals in the face. Besides the fact that Cass City had two backfield men out, one must take into consideration the fact that local boys have played three very hard games in eight days. Marlette was played on Tuesday, Oct. 14, Sandusky, Friday, Oct. 17, and Pigeon, Tuesday, Oct. 21, really too many for any team to handle. So although Cass City men did not show up to usual form, one must take the above conditions into consideration. Nevertheless, the score stood 0-0.

Hutchinson starred with several long runs, nearly getting away for a touchdown twice. The line placed well on defense with the exception of the ends, who let Pigeon men get away when they might have been tackled for a loss. The secondary defense was weak, as was shown by the number of passes completed by Pigeon. Pigeon was good at end running and forward passing, but were unsuccessful as line plungers.

Cass City still has to play Bad Axe in two games and Caro in one.
