SPEEDING IS LESS PREVALENT IN CO.

TRAFFIC COPS ARE MAKING TRAVELLING SAFER IN TUSCOLA.

Sheriff Colling Promises to Make Driving by Drunk Motorists an Unpopular Sport.

"I anticipate that the lives of several people will be saved in Tuscola county this season through the employment of speed cops in the sheriff's department," Sheriff Jay Colling remarked to the Chronicle Wednesday. "There has been a noticeable decline in speeding in the county since the speed cops have been on duty, and there has been a better observance of traffic laws. The men are doing good work and the money expended for their services is well invested. Human life is more valuable and precious than anything else on earth."

The speed cops are on salary and under bonds and they are employed not to see how many arrests they can make, but to endeavor to secure a better observance of traffic laws that the public may travel with greater safety. Mr. Colling anticipates that driving by intoxicated persons will prove to be very unpopular and that at least 80 per cent of those attempting it will find themselves in court for violating the law.

The speed regulators are fully authorized deputies and have the power to make arrests and keep tabs on suspicious characters travelling the county. Deposits collected on the road by the deputies which guarantee the appearance of violators in court are placed in the sheriff's office and entered in his books which are always open for inspection. Deputies are required by the sheriff to issue receipts for deposits collected.

Wm. Bronke, Wm. Ohmer and Geo. Bessinger are the men appointed to patrol the roads to see that traffic laws regarding speed, lights, stop roads and other automobile regulations are observed by the public. Each man is equipped with a new motorcycle which can show speed if necessary to apprehend a violator.

Harold Stickland of Caro was arrested by officers of the sheriff's department last Thursday night for operating a car while under the influence of liquor. Justice Arnold sentenced him to 30 days in jail and a \$25 fine. Stickland's companions, Tom Richards and Fred Trobridge, were arrested on drunk and disorderly charges. Justice Imerson sentenced Richards to 30 days in jail and a \$10 fine. Justice Arnold sentenced Trobridge to pay a fine of \$25 or spend 30 days in jail. He paid.

John Richie of Gagetown was arrested at Cass City on a drunk charge on May 6. Justice Arnold pronounced a sentence of \$25 fine or 30 days. He paid the fine.

The 13-year-old daughter of Stanley Podriza walked from her home in Fremont township to Caro, a distance of eight miles, on Monday, to enter a complaint against Podriza, charging him with a serious crime. Podriza was arrested and arraigned before Justice Imerson. He waived examination and was bound over to the circuit court.

Dr. Diehl Will Address C. C. C. C.

The Cass City Community Club will hold the May meeting Tuesday evening, May 19th, in the Presbyterian church. Dr. W. W. Diehl of Albion will give the address. Dr. Diehl was born on a farm in Oakland Co., attended college at the M. A. C. graduating from that institution, prepared himself for the ministry with post graduate work in this country and Germany, after which he held important pastorates in Chicago. After a serious breakdown of his health he went to a rural pastorate in Illinois. His keen interest in the problems of rural life together with his experience in practical farming and knowledge of the theoretical and scientific side gained at the M. A. C. soon brought him to a place of recognized leadership in this field. At present Dr. Diehl is pastor of the Albion Methodist church as well as a teacher of subjects relating to rural life in the college.

As this is the last meeting of officers for the coming year it is hoped that the entire membership of the club will be present.

P. S. Rice Sells to Hart & Doerr

P. S. Rice, who has conducted a grocery business in the Lamotte Block for nearly 8 1/2 years, sold his stock Saturday to M. D. Hartt of Chicago and John Doerr of Cass City, who will operate under the firm name of Hartt & Doerr.

Mr. Hartt was in the mercantile

business in Wilmot for several years and in late years has been in the employ of sugar companies, for five years with the Independent Sugar Co. at Marine City and three years with the Mid-West Sugar Co. at Chicago. Mrs. Loren Brown, who has been saleslady in the grocery, will continue with the new owners.

Mr. Rice was elected village treasurer this spring, and outside of tax collecting this summer, he has nothing planned regarding his future activities. He has enjoyed a prosperous business, but his health has not been of the best of late, and he anticipates that being more out of doors this summer will prove beneficial to him.

Echo Chapter Officers Installed Wednesday

Officers of Echo Chapter, Order of Eastern Star, were publicly installed Wednesday evening at an impressive service by Mrs. S. B. Young, assisted by Mrs. J. H. Holcomb as marshal, and the Misses Barbara Taylor, Lucile Wilson, Katherine Bailey, Blanche Stafford and Phyllis Lenzer as flower bearers and supporters for the points of the star.

Mrs. Young was presented with a basket of daffodils from officers and members of the society at the close of the service. Little Miss Dorothy Holcomb made the presentation with a little song appropriate for that gift.

IMPORTANT LAWS WERE PASSED

HIGHWAY FINANCE, APPROPRIATIONS, REAPPORTIONMENT, WERE KNOTTY PROBLEMS.

Child Labor Amendment Rejected; Rural Appropriations Are Being Vetoed.

An analysis of the laws passed at the recent session of the Legislature, as made by the Michigan State Farm Bureau, shows that Michigan farmers and up-state counties received about a 50-50 break at the hands of their law-makers. Many of the measures which they had desired and advocated so insistently were enacted, but at the same time, other proposals in which they were equally interested were defeated, and some bills not particularly favorable to rural interests were written upon the statute books of the state.

Perhaps the two most important actions taken at the 1925 session were with reference to highway finance and representation in future legislative sessions. Of outstanding popular interest was the passage of the two-cent gasoline tax as a means of raising revenue for highway purposes. This bill was given immediate effect and is already in successful operation. Its enactment made possible a reduced and more equitable scale of auto license fees, while at the same time permitting the adoption of a "pay-as-you-go" policy in trunk line highway construction, and providing for the retirement of the state's \$50,000,000 highway bond issue and the liquidation of more than \$6,000,000 of accrued highway rewards due the counties.

Following the passage of these highway finance bills, three other important highway measures were enacted. Senator Atwood's bill authorizing the State Administrative Board and State Highway Department to lay out and construct 500 miles of additional trunk line mileage along routes to be chosen by them. Representative Ming's bill provided that on January 1, 1926, the state would take over the entire cost of construction and maintenance of all trunk line highways. Representative Kirby's bill permanently repealed the law under which the State has provided aid in the construction of county roads.

If the Supreme Court upholds the Wood and Howarth reapportionment bills passed during the recent session, the rural districts will have considerably decreased representation in both the Senate and the House in future legislatures. Senator Howarth's bill increased Wayne County's delegation in the House from 14 to 21 and made consequent decreases in the representation from the up-state districts. Perhaps even more important was Senator Wood's bill which granted Wayne 7 instead of 5 Senate seats and grouped the more sparsely settled counties into considerably larger Senatorial districts than had previously existed.

The majority of rural people seem well satisfied with the action of the Legislature in refusing to ratify the proposed amendment to the Federal Constitution which, if ratified by 36 states, would have authorized Congress to regulate, control and prohibit

the employment of all persons up to 18 years of age. The debate on this measure was almost as spectacular as that on Representative McEachron's capital punishment bill which was defeated by a close vote.

With the exception of the gas and weight tax bills, very little tax reform legislation was enacted. One of the few measures which might be mentioned in this connection was Senator Pearson's bill allowing for the establishment of commercial forest reserves which when approved and conducted according to proper rules and regulations, would be allowed a very nominal annual tax, but would be required to pay a harvest tax on the stumpage value of the timber when cut.

In an effort to curb the extravagant tendencies of municipalities which are sometimes inclined to run recklessly into debt through the granting of unnecessary and too generous bond issues, the Legislature approved the Evans-Baxter bill which provides that only serial bonds can be issued except

McMillan-Ross Wedding Tuesday

The marriage of Mr. Hector Ross and Miss Mary McMillan, both of Sheridan township, was solemnized at St. Columbkil church in Sheridan on Tuesday morning, May 12, at 9:30 o'clock. Rev. Fr. Carcin officiated. The couple were attended by Miss Margaret Ross, a sister of the groom, and Angus McMillan of Detroit, a brother of the bride.

The bride and bridesmaid wore gowns of the new rust shades and carried bouquets of roses and carnations. The wedding breakfast was served at the home of Mr. and Mrs. Allen McIntyre in Sheridan and in the evening a dance was given in honor of the newlyweds at the Sheridan hall. The happy couple have the best wishes of a large circle of friends and relatives.

C. C. H. S. Wins Two and Loses One

Cass City high school defeated Unionville on the latter's grounds on Friday by a top-sided score of 14-2. The game was marked by good hitting by Fritz, West, Fiddymont and Peterson. McConnell was in fine form and let Unionville down with four hits. Cass City completely outclassed Sandusky on the local field Tuesday, winning from the Sanilac county boys to the tune of 12-0. The visitors were very weak in all departments and the locals found little difficulty in scoring. Geo. Dillman proved a star at bat, getting two triples in four trips to the plate. Moore, Robt. Dillman, Patterson, Fiddymont and McConnell also came through with good hits. McConnell pitched his usual good game, allowing the opposition only four hits.

Except for a wild throw the locals played errorless ball. Several plays were exceptional in their execution. "Eddie" Fritz played a beautiful game at second and figured in on two double plays just when it looked as though Sandusky might score.

Cass City met its first defeat at the hands of Millington on the Millington diamond on May 1. Hits were pretty evenly matched, Millington getting 11 and Cass City 10. The score stood 19-8.

Cass City plays at Fostoria next Tuesday.

LIQUOR VIOLATOR FINED \$75 AND COSTS

JOS. KARR ENTERED GUILTY PLEA IN CIRCUIT COURT TUESDAY.

Nine Divorces Were Granted in Tuscola County in the Past Week.

Joseph Karr entered a plea of guilty when confronted with the charge of violating the prohibition law in circuit court in Tuscola county on Tuesday. Judge Williams sentenced him to pay a fine of \$75.00 and costs of \$50.00 or receive 30 days in the county jail. He paid.

Henry Casselman, appearing on a similar charge, stood mute when questioned regarding his guilt and the court ordered a "not guilty" plea entered.

In the appeal case of Wm. Farrell vs. Herman Kabat, a judgment was given by the court in favor of the plaintiff for the amount of bill and costs. A judgment was also rendered favoring the plaintiff in the case of Fred Barthel vs. John Stroebel, the amount being \$449.00.

The request of the plaintiff in the case of Norman Van Wormer and Clate Van Wormer vs. the Stone Road Dairy Co. of Arbelia township, that a receiver be appointed for the company was granted.

The case of the Hubbard Memorial Hospital vs. Wm. H. Geoit and that of Wm. Geoit vs. Frank L. Morris and Chas. B. Morden were withdrawn from the calendar, the parties concerned having settled their differences out of court.

Nine divorces were granted during the past week. These with several other divorces cases which were taken from the docket for the reason that the couples concerned have adjusted their difficulties have reduced this class of cases in the county from 29 to about half that number. Decrees were granted in the following cases: Carl G. Deo vs. Margaret Deo; Jessie May Craft vs. Edward M. Craft; Mary E. Waidley vs. Isaiah Waidley; Lottie M. Henry vs. Charles Leonard Henry; Mae Pratt vs. John Pratt; Mrs. Lillian McVittie vs. Alex McVittie; Elga M. Greenfield vs. Leslie H. Greenfield; Ida Frederick vs. Geo. Frederick; Maude M. Purdy vs. Clare T. Purdy.

Judge Williams adjourned court Wednesday afternoon for an indefinite period.

Caro Club Celebrates Mother's Day

A happy event was the celebrating of Mother's day by the Van Winkle Club of Caro.

The club was called to order at 2:30 o'clock by the president, Mrs. C. W. Clark, who, although just recovering from a very painful illness, presided in her usually graceful manner. The meeting was held in the spacious and beautiful club rooms of W. J. Moore. Many mothers of members and other invited guests were present.

After a short business session, a piano duet by Mrs. Louis Wean and Paul Hess was followed by interesting papers on "Modern Mothers" by Mrs. Cookingham and "Pioneer Mothers" by Mrs. Hickie. Also a short talk

on "Mothers" by Mrs. L. L. Wheeler of Cass City. This was followed by a violin solo by Kenneth Brown, with a piano accompaniment by Elizabeth McRae. They responded to an encore. Events of childhood for roll call closed an interesting program.

Quite an elaborate two-course supper was served by a committee of which Mrs. Robert Brown was chairman, consisting of boiled tongue, potato salad, buttered rolls, pickles and olives and black and green tea with trimmings, followed by cake and brick ice cream.

A beautiful bouquet of ferns and carnations was presented to Mrs. Clark, and one of snapdragons, ferns and tulips to Mrs. Wheeler.

H. S. Girls Guests of Woman's Study Club

Girls of the Senior and Junior high schools were guests of the Woman's Study club at the Presbyterian church Friday afternoon. Miss Lura DeWitt opened the program by rendering several beautiful selections on the pipe organ which was followed by community singing led by Mrs. E. Pinney with Mrs. B. J. Dailey at the piano and Miss DeWitt at the pipe organ.

Mrs. A. D. Gillies, president of the club, welcomed the guests in well-chosen words and Mrs. S. G. Benkelman, Mrs. F. E. Kelsey, Mrs. I. W. Cargo and Mrs. A. J. Knapp gave short inspirational addresses suitable for a mother-daughter meeting. Mary Striffler, representing the high school girls, spoke cleverly on the theme, "What I Would Do If I Were Forty." Her concluding remark was "I would be a member of the Woman's Study club." At the close of the program sherbet and wafers were served.

Mother's Day Observed in Churches

It is an annual custom for local churches to observe Mother's Day by appropriate programs presented during some part of the day's services. Very interesting programs were given last Sunday.

Time during the Sunday School hour in the Methodist church was devoted to a well-presented program of musical selections, readings and recitations by primary children.

The children of the Evangelical Sunday School gave a pleasing program of musical selections and readings. Special music by the choir was rendered. A banner attendance of 192 was recorded, an exceptionally fine tribute to Mother's Day.

Due to the decorating of the church building, the Baptist Sunday School was unable to present a program. A Mother and Daughter banquet given Wednesday evening was arranged instead. A three-course banquet was served, followed by a short program.

No Sunday School program was given at the Presbyterian church, special services being conducted during the morning worship hour.

European Corn Borer Works Havoc

By H. Wentworth.
Cass City High School Vocational Agriculture.

The corn borer is one of the worst pests introduced to this country in recent years. It is a native of the old world (Austria and Hungary) being brought here in a shipment of broom corn in 1909.

First noticed near Boston, the infested area has extended until it includes Massachusetts, New York, Pennsylvania and our section of Michigan where it is becoming firmly established. On Jan. 1st, 1925, the infested area in Michigan included only Wayne and Monroe counties. The area now includes Sanilac, St. Clair, McComb, Monroe, Wayne, Lapeer, Oakland, Huron, Washtenaw and Lenawee counties, an increase of over 300% since the first of the year. There is every indication of the insect being in Tuscola county in the summer of 1925.

Even the legislature and government officials are becoming alarmed as shown by an appropriation of \$25,000; which is the largest appropriation in recent years to fight an insect. At a Harvard football game last fall all chrysanthemums sold were carefully examined for the larva of this dangerous insect.

The winter is spent as a larva within the stalk or ear of the host plant. The full grown larva is about one inch long and one-eighth of an inch thick with a dark brown or black head. The color of the body ranges from light or dark brown to pink while each section of the body has a row of black spots.

With the warm weather of the middle or last of May the larva becomes active and cuts an opening from its tunnel to the surface of the plant as an outlet for the moth and spins a

TALES OF THUMB TERSELY TOLD

CARSONVILLE LADY MET INSTANT DEATH IN KEROSENE EXPLOSION.

Other Items of Thumb Towns Gleaned from Newspapers of the District.

Mrs. George Robshaw, 30, living near Carsonville, suffered almost instant death as the result of an explosion caused by pouring kerosene oil into her kitchen range in starting a fire. State officers will investigate, it was said Friday, to determine the contents of the kerosene container. Mrs. Robshaw is said to have declared before death that the kerosene smelled of gasoline.

State Representative O'Connell of Sanilac county says that owing to the constitution forbidding it, no state aid can be given for deepening or building the Black River Drain. The expense must come from those benefited as in case of all drains, the idea being that the land is drained for the benefit of the health of the owners and not to increase its value for agricultural or other purpose.

Word has just been received that the Pigeon Tourist Club has been awarded first prize in the General Federation book budget contest, for the best apportionment of \$25.00 for all the reading matter of a family of five, including three children, ranging from the sixth grade to high school. The lists were received from thirty-nine states and the prize is \$25.00 which was given by the Delineator. To Miss Jane Myers goes the honor as she was a committee of one who made the list.—Progress.

The Bad Axe high school has taken over the management and training of the Bad Axe band. Walter Howell, director, said it was hard to keep up the membership from among the young business men of the town and under the new arrangement new members will be recruited from among the school students.

Huron county will get three state bridges this year. A 90-foot concrete girder bridge will be built over the Pigeon river, in McKinley township, a 50-foot concrete bridge will be built across Willow Creek, six miles east of Filion, and another concrete structure will be built across Rock Falls Creek, six miles south of Harbor Beach.

The rural letter carriers of the 7th Congressional district held a big get-together meeting at Marlette when 125 carriers and their wives sat down to a sumptuous banquet served by the ladies of the Presbyterian church. Nearly every town in the Thumb was represented at the meeting.

The Michigan Electric Power Co. has submitted a bid to the Pigeon council offering to light the streets of that village for \$2,400 per year. According to the records of the village the cost of current for street lighting last year was about \$500.00. Added to this amount, of course, would be the investment for equipment, depreciation and maintenance. Some of the village officers feel that \$1,500 per year would be a good fair price for the street lighting, says the Progress.

Passing of Old Resident of Elmwood

A. I. Dodge, one of the oldest residents of Elmwood township, passed away at the home of his son, Fred Dodge, Tuesday morning at the age of 86.

Mr. Dodge was born March 22, 1839, in Oakland county. On Sept. 22, 1857, he was married to Miss Jessie McCullum, who passed away Feb. 5, 1872. To this union, two sons were born, Jed Dodge of Deford and William Dodge of Oxford.

On July 1, 1872, he was united in marriage to Miss Anna Spencer of Port Huron, who died Sept. 13, 1903. To this union were born four sons, Eddie, the first born, who died Mar. 31, 1880, Fred, Miles and Stephen, all of Cass City. Mr. Dodge was a member of the Baptist church.

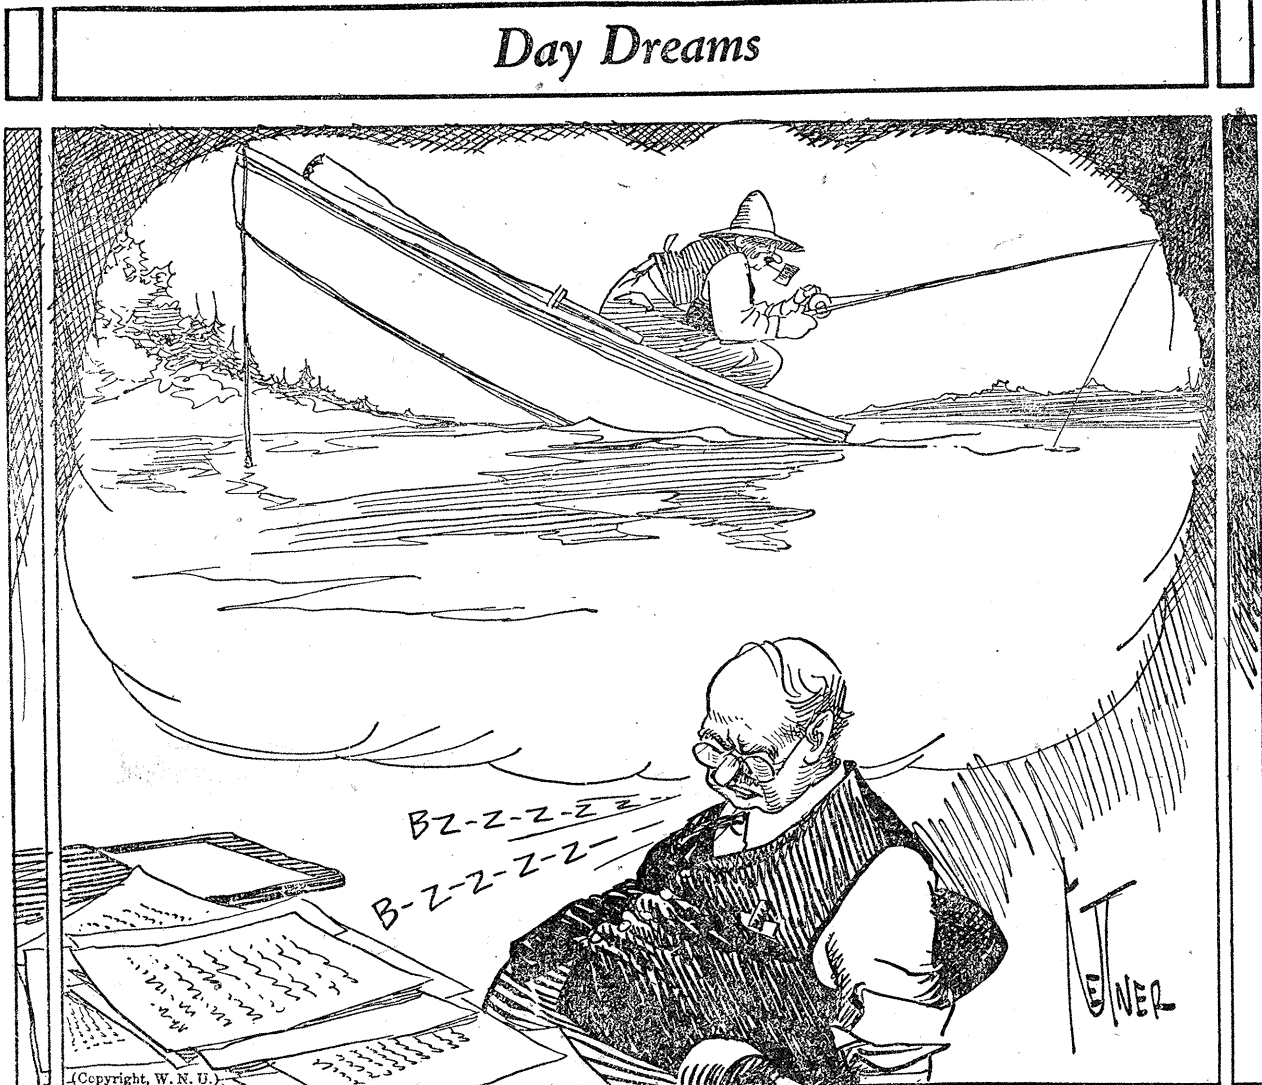

He leaves to mourn their loss, his five sons, all of whom excepting William, were with him at the time of his death. Funeral services were held at the home of his son, Fred, in Elmwood Thursday afternoon at 2:30. Burial in Elkland cemetery.

"SO BIG."

The novel by that title written by Edna Ferber, which was recently printed serially in the Chronicle, was given the \$1,000 prize in the Pulitzer awards. It is interesting to consider the qualities that led to the award of this high honor.

The bookshelves contain many stories that deal with sex questions in an unwholesome way. These are passed by in this competition, in favor of a novel that stands for clean conduct and high standards. This should be a suggestion to many "advanced" writers, who think that the American people are chiefly interested in exploring the morbid side of human nature.

The woman who was the heroine of this book, accomplished a rewarding career, by going into truck farming, in which she toiled with the hardest manual labor. That is quite a contrast from the typical heroine of former days, who used to sit around in parlors, and seek to subdue and fascinate the men by her charms of face and manners.

A different point of view is coming over our people. They admire those, whether women or men, who go out into the world and do things that are needed, and render useful service, even if they get their hands and clothes dirty. The old time novelist tried to make his women attractive, by painting their beauty with elaborate word pictures. In this prize winning novel, we may not have much idea how the heroine looked, and much of the time she did not look at all well. But we knew that she had unselfish aims and was doing substantial work, and we liked her for her sincerity and service and courage.

UNDEPENDABLE FOLKS.

The people who manage community enterprises often complain of those who are appointed to do certain work, but who don't do it. There are a lot of very nice and charming people, who are fine in social relations, but if you want a job done, look to some one else. These folks will find excellent reasons why they can't perform the trust committed to them, but excuses don't accomplish results.

Some quiet folks who do not shine very much in conversation, are often the ones who come across with the goods in public work. The business man also has his eye on that kind.

GAINS FOR THE MASSES.

Statistics covering 700,000 workers in 23 big industries, show that the purchasing power of their wages was 35 per cent more in 1923 than in 1914, according to the National Industrial Conference board.

This should set at rest the complaint that the rich are growing richer and the poor are growing poorer. The average American family has far more of comfort than it had 20 or even 10 years ago. Imagine how the average workingman would have shouted in derision, if some one had told him a few years ago that soon he might be owning an automobile.

Truck drivers who will make no effort to turn out, and let other cars pass them, will not doubt do so if a bigger car comes up that could push them off into the ditch.

Some are disappointed because they can't get into "society," but very likely they will have more money than if they did.

GAGETOWN

Mother-Daughter Banquet

The Mother-Daughter banquet sponsored by the P. T. A. was held Wednesday, May 8, at St. Agatha's parish hall. The ceiling was draped low in the national colors and three long tables were set for 200 mothers and daughters. The table decorations of vases of carnations, snap dragons and other flowers, and baskets of cherry and peach blossoms presented a very pretty scene. Principal Wilber, with his high school boys catered to the guests admirably. Pariseau's orchestra provided the music. Mrs. Elizabeth Fischer, our charming English teacher, presided as toastmistress in a very gracious manner. The program:

- 1—Grace was spoken by Rev. Tamblin.
- 2—"Twelve Months; It Was a Happy Thought," the toastmistress.
- 3—Selection from orchestra.
- 4—Song, "How Do You Do," by ladies' quartette.
- 5—"A Toast to Our Mothers," Lucile Bartholomy.
- 6—Orchestra.
- 7—"Ireland Must Be Heaven for My Mother Came from There," by Mrs. Davenport, Mrs. Maynard, Mrs. R. Clara and Miss Myrtle Rochleau.
- 8—"A Toast to Our Daughters," by Mrs. Tamblin.
- 9—Vocal solo, Myrtle Rochleau.
- 10—A trio by Mr. and Mrs. Davenport and Delbert Burton.
- 11—Speech by Dr. Freidman.
- 12—Vocal solo by Miss Bernice McKellar.
- 13—Vocal solo by Miss Mildred Phelan.
- 14—Quartet, "Good Night Mothers."
- 15—Rev. Fr. Henigan spoke the closing prayer.

F. D. Hemerick, chairman of the banquet committee, presented bouquets to the oldest mother present, the youngest mother present, and the mother with the largest number of daughters. The fathers and sons are given great praise for their ability to bring about so pleasant an occasion for the mothers and daughters.

Entertain Mothers

On Tuesday afternoon, May 5, the pupils of St. Agatha's high school very charmingly entertained their mothers. The hall was very tastefully decorated in lavender and yellow, embellished with huge bouquets of spring flowers. A very appropriate program was given which consisted of the following:

- "Charms," chorus.
- "A Boy's Tribute," Francis Kehoe. Piano solo, Belta O'Rourke.
- "Will You Remember," chorus.
- Vocal selection, Myrtle Rochleau.
- Piano solo, Beatrice Freeman.
- "Down the Trail to Home, Sweet Home," chorus.

At the close of the program, each mother was escorted to her place at the table which was marked by a dainty hand-painted card. A delicious three-course luncheon was served by the boys.

Misses M. E. Burleigh and Edith E. Miller attended the Mother's Day services at the Presbyterian church in Caro on Sunday.

Mr. and Mrs. Iney Farsier and Betty Jean from Flint were dinner guests of Mr. and Mrs. B. Ottaway Sunday.

M. Schvinski entertained R. J. Ottaway for Sunday dinner at the home of Mrs. Karner.

Mrs. E. J. Calley is driving a new Overland.

Mr. and Mrs. Muck and daughter and Mr. and Mrs. E. J. Calley and children of Colwood were evening callers at J. L. Purdy's Monday.

Mrs. Jennie Slack and Miss Girow, in honor of Mother's Week, provided a program and refreshments for the mothers Friday afternoon, which took place in Miss Girow's room.

Frederick Hemerick attended the Boy Scout meeting in Caro Friday evening.

Mrs. F. D. Hemerick and Mrs. Slack were in Caro Friday afternoon. Gifford Chapter installed their officers Friday evening. In observance of Mother's Week, an appropriate program was given.

Mr. and Mrs. E. J. Calley and family visited relatives in Cass City Sunday.

Mrs. Helen Sugnet and Mrs. Bridgie Walsh motored to Detroit Saturday where they will be joined by Mrs. Ida DeWallen, and go to Chicago for a week's visit with their sister, Mary, who is a Catholic sister in one of the parochial schools.

Ina and Iva Crawford and little Helen Profit spent the week end with Mr. and Mrs. Murray of Millington.

Mr. and Mrs. F. D. Hemerick and son, Frederick, Dave Ashmore and Mrs. Jennie Slack spent Sunday at Weaskyouinn cottage, Rose Island.

Mr. and Mrs. Jack Russell from Cass City were callers here Thursday of last week.

Mr. and Mrs. L. S. McEldowney of Caro were in town Thursday. Mrs. Jack Lehman accompanied them home.

I Add something to the total each pay day

I have tried a number of different plans of saving, and I have found that there is only one that will assure my having a certain amount of money saved at the end of the year and that is to put a predetermined amount of my pay in my Savings Account the first thing I do each pay day. If you'll try this plan I know you will like it. The Bank pays me 4 per cent interest.

Red Crown

The High-Grade Gasoline Means Conservation

If every motorist would use Red Crown, the total saving of gasoline would make a substantial addition to our national petroleum resources.

For Red Crown is manufactured to scientifically correct specification. It vaporizes to the last drop. Every atom of Red Crown is converted into power—smooth, rhythmic power.

Because the chain of boiling point fractions in Red Crown is perfect, the flow of power is sustained—there are no gaps.

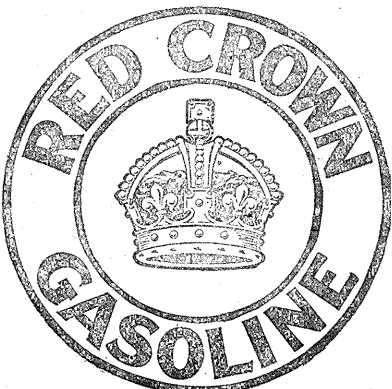

Because Red Crown burns clean without waste you get greater mileage on fewer gallons.

Because Red Crown is maintained at a uniform high standard you always sense a leaping response from your engine every time you touch the accelerator.

A Dish My Hubby Likes

May Cakes.

2 eggs, 1/2 cup sugar, 1/4 cup butter, 1/2 cup molasses, 1/2 cup sour milk, 2 cups flour, 1/2 cup raisins, 1/2 teaspoon cinnamon, 1/2 teaspoon cloves, 1/4 teaspoon nutmeg, 1/4 teaspoon salt, 1

teaspoon soda, 1 cup nut meats.—Mrs. F. Dillman.

English Fruit Pudding.

Bring to the boiling point a can of red raspberries, or any kind of small fruit, then line a bowl with slices of stale bread, laying a thick slice on the bottom of bowl. Pour the hot fruit and juice in, and cover with a slice of bread on the top. Lay a weight on the top, and let stand a few hours. Turn out of bowl and serve with whipped cream or custard sauce.—Mrs. Ike Walker.

Pineapple Desert.

One can sliced pineapple, 1/2 lb. marshmallows, 1 cup powdered sugar. Cut the marshmallows into quarters, dice the pineapple. Mix ingredients, using about one-half the pineapple liquid, and chill 2 hours. Serve with whipped cream garnished with cherry. The remaining liquid may be served

as jello. Add it to lemon flavor jello, chill and serve in usual manner.—Mrs. J. H. Bohnsack.

Beafsteak en Casserole.

One and one-half pounds round steak, 6 potatoes, 3 carrots, 1 onion, 1 green pepper. Cut the steak into serving pieces, and pound as much flour into it as possible. Sear in the suet. Slice the potatoes and carrots, mince the onion and green pepper. Put a layer of the vegetables into a baking dish, add a layer of the meat, then a layer of vegetables, continuing until the dish is filled, the last layer being of the vegetables. Cover with water and bake one hour, using a covered baking dish.—Mrs. F. A. Bliss

Strawberry Short Cake.

3 tablespoons sugar, 3 tablespoons butter, 2 teaspoons baking powder, 1 egg, 1 cup of sweet milk, 2 cups of flour.—Mrs. F. Dillman.

What are the Protestant Churches Coming to?

ARE YOU A PROTESTANT CHURCH MEMBER? Are you aware of the fact that American Protestantism is fast slipping from the rocky heights of true Bible faith? Do you know that scores of theological seminaries, where your future ministers are being trained, have ruled out an infallible Bible; that thousands of ministers are preaching a man-made gospel; and that literally hundreds of thousands of church members are being swept along by this ever-rising tide of "modernism"?

Do you know that this country today is thickly dotted with churches that are mere shells of their former selves? Do you know that a general collapse of American Protestantism was actually threatening some time ago; that a mighty counter-movement has started; and that we are IN THE GREAT CRISIS right now?

We want to reach EVERYBODY that calls himself a church member: also those who do not read a church paper; they are legion. Hence this general announcement in your secular paper. Men and women, are you in favor of retaining the Bible that your fathers believed in and that your mothers trusted in, that was their hope and stay in times of grief and sorrow, that gave them cheering visions of a heavenly rest—the rest that your liberals do not believe in because it belongs to the "supernatural" and, therefore, "unknowable"? Will you join us in saying "Whatever you do, or don't do, but HANDS OFF THE BIBLE?" Will you help save the Bible for America? Will you join in the fight for its integrity? Will you, too, deny modern scholarship the right to rob us of the only sure foundation upon which our feet can stand, in these shifting sands of time?

Then you are interested in the news that we are now able to convey to you—the greatest piece of news heralded for a long time. It is this, THAT A NEW REFORMATION IS COMING! There are rumblings everywhere of the approaching battle—the battle between faith and unbelief, between true religion and false science, between FUNDAMENTALISM and LIBERALISM. And there is yet more news. It is this—that A GREAT GENERAL MAGAZINE is now being published, for all the Protestant denominations, edited by the great leaders of conservative Protestantism, which is here to keep its readers promptly informed of every new development in the "new Reformation" movement, and which is blazing the way to a "new Protestantism" in America! The magazine is bigger than any denomination; it has nothing to do with this sect or that. It is interdenominational. It is here to fight, on a huge, nation-wide scale, for the sanctity of the Bible! It is here to place the Bible where our fathers placed it—far above all the thoughts, and philosophies, and imaginations, of mere men! And it is here to adore a DIVINE CHRIST in that DIVINELY INSPIRED BIBLE! That is the only Christ men and women would want for their Saviour in the hour of death; that is the only Bible they would care to rely on when the chilly waves begin to strike their feet, weary of travel.

TO KNOW WHAT IS GOING ON IN THESE MOMENTOUS TIMES, READ

The New REFORMATION

A Monthly Magazine for All the Churches, Representing the Nation-Wide Movement against Modernism and for the Positive Recognition of the Sanctity of the Scriptures.

EDITORS: JOHN CLOVER MONSMA, editor-in-chief; WILLIAM JENNINGS BRYAN, former U. S. Secretary of State; HORACE M. DUBOSE, Bishop Methodist Episcopal Church, South; LEANDER S. KEYSER, Professor Lutheran Divinity School; CLARENCE EDWARD MACARTNEY, Moderator Presbyterian Church, U. S. A.; MARK A. MATTHEWS, Minister of largest Presbyterian church in the world, Seattle, Wash.; GEORGE M'CREADY PRICE, expert Geologist, of England; L. R. SCARBOROUGH, President Southwestern Baptist Seminary; JOHN ROACH STRATON, Minister Calvary Baptist Church, New York; GEORGE WHEATON TAFT, President Northern Baptist Seminary, Chicago; MARTIN LUTHER THOMAS, Minister First Presbyterian Church, San Pedro, Cal.—and numerous contributors of note.

This is not a church paper! It is unlike anything you have ever seen. It is bold, but not radical. It is fearless, but not rude. It is powerful in its true, deep, clear faith, but not bigoted. It is conservative, and yet sanely progressive.

One of the paper's greatest features is the Practical Comment on the Sunday School lessons, by the editor-in-chief, Dr. Monsma. It's unlike anything else ever published in the Sunday School line—not an exposition (you will still need your lesson helps) and yet something that will enable you to grasp the lessons and to apply them practically like never before. "Practical Comment" is written in a snappy style, reads like a story, and goes right to the heart of every lesson.

ENGLAND RESTORES GOLD BASIS

It is quite an event in the financial world that England now comes back to the gold basis. Those people have hardly been in a position to buy American goods, so long as their currency was depressed.

Piratical Emblem

The marine research society of Salem, Mass., says that it has no exact information as to how the name Jolly Roger originated, but it was in use as early as 1720 when it was employed by Captain Roberts.

Leap Years

Leap year is omitted in such centuries as are not divisible by four. This omission is necessary to correct the error which arose from the excess of the addition of one day in four years (i. e., six hours) to the year over its true length of the year, viz., 365 days, 5 hours, 48 seconds.

When Hippo Is Dangerous

The hippopotamus is naturally timid, though subject to fits of panic or rage. When wounded or enraged this animal is regarded by sportsmen as perhaps the most dangerous beast to be encountered.

A Brand New Finish for Kitchen or Bathroom

STEAM from running hot water in the bathroom results in a greater deposit of dirt accumulations on the wall and these deposits penetrate the finish more deeply than in the living room and bedrooms.

Bradley & Vrooman Gloss Interior Colors (Not An Enamel)

They produce a subdued, satiny, glass-like surface which is so pleasing and restful you will never tire of it. This finish is entirely sanitary as it may be cleaned indefinitely by washing with water applied with a rag or sponge.

Paint Doesn't Cost Money - It Saves It!

Unless your home is protected inside and outside by repainting at least once every four years, you will lose in repairs and lessened value, from five to ten times what the paint and labor would cost.

Save the surface and you save all! Try this new and different finish the next time you renovate the kitchen or bathroom. You'll be highly satisfied.

A STRONG ORGANIZATION

Though recently formed, this organization is not new. It is a consolidation of four well established successful companies. Merged for greater strength, safety to the investor, efficiency in operation and general economy. The federated companies serve a territory that is rich in diversified agricultural pursuits, and is additionally supported by prosperous beet sugar factories, vegetable canning factories, starch and macaroni factories, milk condenseries and sand, gravel and crushed stone plants.

Mr. N. J. Frost, President; Mr. Jos. N. Rankin, cashier of F. W. Hubbard State Bank; Mr. John G. Clark, vice president and manager of Clark & McCaren Company, Wholesale Grocers, and Mr. Chas. W. Smith, prominent business man of Lapeer, are the organizers and serve on the Board of Directors of the Michigan Electric Power Company; the additional members of the Board include Mr. Geo. G. King, Mr. J. C. Meiners, of A. C. Allyn & Company, Investment Bankers of Chicago, and Mr. Leo Loeb, Expert Engineer of New York City.

PARTNERSHIP IDEA

The partnership idea is what we like about this plan. Our customers sharing in our earnings will grow to know the Company better and help us through this closer relationship to even improve the high standard of service now being supplied.

PURPOSE OF ISSUE

The proceeds from this issue will be invested right here at home in additional power plant capacity, in poles, wire, transmission and distribution lines or other necessary equipment and to meet the ever increasing demand for new or additional service.

PRICE \$100.00 AND ACCRUED INTEREST

Price \$100.00 and Accrued Interest. Par Value \$100.00. Earnings of the Company are constant and free from violent fluctuations. Dividend requirements on this issue are sufficient to afford ample protection to the careful investor.

ONLY TEN DAYS

We suggest prompt action. You have but ten days to decide as we are listing but 1,500 shares for sale, which is a very small amount, considering the 28,484 population served by the Company. Campaign starts May 18th and closes May 28th.

DAIRY FACTS

IMPROVEMENT SEEN IN BREEDING STOCK

(Prepared by the United States Department of Agriculture.)
More than 1,000,000 head of breeding stock on farms in the United States are undergoing systematic improvement through the use of pure bred sires, according to a report just issued by the bureau of animal industry. United States Department of Agriculture. Persons participating in this work at the close of the year 1924 numbered 15,137 exclusive users of pure bred sires, widely distributed among 46 states. The department, in conjunction with state and county extension workers, is aiding these stock owners to improve their methods of breeding and feeding.

This organized plan known as the better-sires-better-stock campaign has resulted in noticeable rivalry among counties and states, where agricultural leaders have used it as a means of bettering farm live stock. Ohio, Kentucky and Virginia each have more than 2,000 farmers enrolled in the campaign. Largely through the activities of county extension agents, 40 counties in nine states each have the distinction of possessing 100 or more live stock owners who are using pure bred sires exclusively in all their live stock breeding operations. Pulaski county, Virginia, leads the list with 592 such breeders, and Union county, Kentucky, is second with 457 participants. The chief advances in the progress of the work during the last three months of 1924 occurred in Kentucky, Vermont and Ohio. A conspicuous new center of interest in this field of live stock betterment was in Lee county, Iowa. Altogether 235 additional stock owners affiliated themselves with the cause during the three-month period.

In commenting on the keen interest which live stock owners are taking in systematic improvement by the better-sires route, specialists of the bureau of animal industry call attention to the most important result of the work—namely, the superior types of animals which these breeders are raising and the substantial market benefits they are deriving. As a typical example, an Oklahoma stock owner reported to the department that "the difference in price on the market more than pays to keep pure breeds even though we sell no breeding stock." Scores of similar reports show that the benefits are practically the same in all parts of the country. The department's records, showing the gradual growth of the better-sires movement, appear to be an index to the growing prevalence of good live stock on farms and in market centers.
But before good live stock can be produced in large numbers, the specialists add, there must be a wide appreciation of the utility value of good breeding coupled with the actual use of high-class pure bred sires at the head of the herds and flocks. The better-sires-better-stock campaign undertakes to supply this need in an educational way.

Any live stock owner who replaces his inferior male breeding animals with good pure breeds is eligible to take an active part in this work. The department grants each participant a barn sign, "Pure Bred Sires Exclusively Used on This Farm," besides furnishing helpful information on the breeding, feeding and care of farm animals.
The new report on the progress of the work contains summaries of state and county activities, statistics on number, kind and breeding of animals, announcements and terse facts on the practical value of improved stock. It contains nine pages and is in mimeographed form. Copies may be obtained, as long as the supply lasts, from the bureau of animal industry, United States Department of Agriculture, Washington.

Breed Dairy Cows for Late Fall Freshening

Dairymen who can successfully practice a system whereby their cows will freshen during the early winter months almost invariably make a greater net return and find that the cow's production holds up longer, as when spring grass comes the milk flow is stimulated after three or four months of winter production.

In addition the price of butterfat is increased during these months, which is an added inducement for early winter freshening.

The fact that most farmers have more time at their disposal during the winter than during the growing season constitutes the third important reason for having the cows freshen during the late fall and early winter months. H. R. Lascelles, Colorado State Dairy Commissioner.

Calf Needs Colostrum

All calves should have an opportunity to suck their dams at least two or three times because, as dairymen well know, the first milk, or colostrum, is necessary for the new-born calf in order to clean out its bowels. This milk seems to be laxative; nature has made it so for a specific purpose and that is why a calf should suck its dam for at least a day or two. After that it is best to resort to hand feeding. As a general rule, start by feeding the calf one pound of milk for each ten pounds of its weight.
