CAMPBELL "WATCHED" AT BANQUET MONDAY

CLUB LEADER GAVE OUT CHECKS TOTALLING \$600 TO BOYS AND GIRLS.

Speakers at Community Banquet Stress the Advantages of Young People's Clubs.

The Cass City Community club opened the fall season of gatherings with a banquet at the M. E. church Monday evening, attended by 158. Of this number 40 were guests of the club. They included the boys and girls of the pig and calf clubs of this community.

M. B. Auten, president of the Community club, presided as toastmaster, and the speakers of the evening spoke on the advantages of club work and the needs of the local school.

Following the community singing led by Roy Bricker, Willis Campbell, local club leader, was introduced as the first speaker. Mr. Campbell said the success of club work in this community was due to two reasons. First, the superior type of the boys and girls, in that they are clean and sportsmanlike and willing to learn and do as they are told. Second, the superior type of farmers in the community. Mr. Campbell expressed his appreciation for the splendid co-operation of local citizens. He then presented to the boys and girls of the clubs checks totalling about \$600.00, which represented the premiums won by them at the Cass City, Caro and Detroit fairs.

Club work in Tuscola county is not emphasized as strongly as in some other counties because no one man gives his entire attention to it here, said John M. Sims, county agricultural agent, yet nearly 250 boys and girls in Tuscola are active in club work, supervised in different communities by local leaders. There are six garment making clubs, two handicraft clubs, four calf clubs and four pigs clubs in the county.

Club work, said the county agent, is one of the most important kinds of activities for boys and girls and great results are shown by the discussions which prevail at the meetings. Mr. Sims congratulated this community on having Mr. Campbell as a local leader for he had acquired wonderful results for his untiring labors in club work.

Mr. Sims presented the trophies. The state trophy went to James McTavish, who for two successive years has been awarded the grand championship on his Holstein heifer at the state fair. The trophy of the Tuscola Co. Chester White Swine Breeders' association was awarded to Lorene McGrath and that of the Tuscola Co. Duroc Jersey Swine Breeders' Association to Raymond Wallace. Practically all animals shown at the fairs by club members were purchased from Tuscola farmers which speaks well for the breeders of the county.

Nevels Pearson, state club leader, in his address, said that Tuscola county had the largest winnings at the state fair of any county when the number of animals exhibited is considered. He advised a good, well selected and well balanced exhibit rather than a large one, and looks for stiffer competition at the big fair in 1926. Club work, he said, provides excellent training for young people. Winning prizes is only an incidental part of the work. All learn a lot in caring for their animals. Knowledge gained in feeding, in the business meetings and in sportsmanship are all valuable. Club work provides an economic foundation in ownership; an inducement to co-operate with parents in partnership; the ability to take victory or defeat with a smile as sportsmen; and the making of better men and women in citizenship.

Wilson Spaven commended Mr. Campbell for his work as local club leader and presented him with a beautiful white gold watch and chain as a slight token of appreciation from club members and people in and around Cass City interested in the promotion of club activities.

Supt. H. W. Holmes introduced C. L. Goodrich, assistant superintendent of public instruction. Mr. Goodrich said that a modern education is the heritage of the American boy and girl. He urged a better co-operation between the school people and patrons, that they work together for the right kind and degree of education needed by the pupils.

The question of whether a community can afford a school or not is an old question in the nation. Michigan is rapidly forging ahead with her schools and has advanced from the 20th place in the country to one of the first eight states educationally.

In the discussion that followed Mr. Goodrich's address, the needs of a better school building were made plain.

Mrs. L. M. Houghton of Detroit and Mrs. J. M. Jackson of Rochester visited relatives and friends in town over the week-end.

JURY FOUND BISNETT GUILTY ON TUESDAY

RETURNED VERDICT TUESDAY EVENING AFTER DELIBERATING 4 1/2 HOURS.

Henry Cassalman pleaded guilty to a violation of the prohibition law in the Tuscola county circuit court on Monday and was sentenced by Judge Williams to pay a \$100 fine and costs of \$50, or spend 90 days in the county jail.

The jury on the case of the People vs. Geo. Bisnett returned a verdict Tuesday night, finding the defendant guilty of prohibition law violation. They were out 4 1/2 hours. Bisnett was sentenced to spend 60 days in the county jail.

Members of the jury were Otto Monte, Roy Haines, Geo. English, E. R. Purdy, Geo. Birdsall, Herbert Baldwin, Hazen Warner, J. J. Hecht, Matthew Gulick, John Weiler, Ralph Freedland and Gus Oberlein.

Local Quota of S. A. Is Subscribed

A. E. Hamilton, a representative of the Salvation Army, has been in town securing the 1925 quota for that organization through individual subscriptions from business people. Of the \$1,090.00 to be raised in Tuscola county, \$150.00 was assigned to Cass City. Mr. Hamilton announced Monday that the Cass City quota had all been subscribed and that this would be the only authorized appeal of the Salvation Army here until the fall of 1926. Anyone desiring to know the amounts subscribed by individuals may find copies of the subscription list in the hands of both banks and Miss Lura DeWitt.

The Salvation Army in Michigan maintains two rescue homes, two men's industrial homes, one old ladies' home, one children's home, three fresh air camps, 45 corps or social centers, 45 labor bureaus, besides furnishing Christmas cheer to needy people, securing homes for homeless babes and children and rendering other service to humanity.

In the two rescue homes last year, 456 unwed mothers and their little ones were sheltered and cared for. Seventy-five of the girls originally come from the small towns or the country. They were received from nearly every county in Michigan. In the two industrial homes, homeless men from all over Michigan are given temporary employment until they are fitted for and secure jobs.

Salvation Army service records for one year in Michigan show:

Persons given Christmas dinner	14818
Persons given other meals	4660
Children given presents at Christmas	12122
Persons given transportation	105
Persons given clothing and shoes	15787
Persons given lodging	2062
Persons found employment	4025
Mothers and children given free outing at Fresh Air Camps	1158
Girls and babes cared for in Rescue Home and hospitals	456
Children cared for in Children's Home	410
Hours spent by S. A. Officers in visitation	22271
The Misses Joanna McRae, Isabelle McIntyre and Lura A. DeWitt and Mrs. E. Hunter are members of the local committee of the Salvation Army.	

Child Killed in Chicory Mill

The four-year-old son of Mr. and Mrs. Dan Oliver, of Meade township, Huron county, was crushed to death in Bad Axe on Oct. 15 when he was caught in the conveyor of a Bad Axe chicory mill where his father is employed. He slipped into the conveyer while at play. Several tons of chicory were lifted by frenzied men before the body was recovered.

GURNEY RE-ELECTED SUPT. OF POOR

MRS. SCHALL CHOSEN SCHOOL EXAMINER BY TUSCOLA SUPERVISORS.

Routine Matters Claimed Attention of Board Greater Part of October Session.

E. E. Gurney was elected superintendent of the poor at the Tuesday afternoon session of the Tuscola county board of supervisors and Mrs. Nettie Schall was elected school examiner. Both were without opposition and were made the unanimous choice of the board. Mr. Gurney was chosen to succeed himself and Mrs. Schall to succeed her husband as school examiner.

The attention of the supervisors has been given mostly to routine matters thus far this session and the greater part of the work has been done in committees.

Conrad Muller, E. C. Robertson and E. E. Gurney as superintendents of the poor recommended that \$20,000 be raised as a poor fund for the ensuing year. J. D. Brooker, G. F. Schultz and D. J. Evans as county road commissioners recommended the appropriation and the authorizing by the board of a tax spread for 1925 of \$33,257.00 to cover items as follows: Equipment, \$12,000.00; county maintenance, \$10,000.00; and salary and office expense, \$11,257.00. Both reports were referred to the committee on ways and means. The road commissioners also asked the supervisors to consider the matter of the removal of snow on the more important roads of the county during the winter of 1925-26.

B. H. McComb, school commissioner, addressed the board regarding Act No. 301 of the Public Acts of 1925 which covered a review of the child accounting law which provides that a permanent record must be kept of each child and a cumulative record from the first grade until the student is through high school. The report was referred to the committee on ways and means as were the items of clerk hire, printing and census taking.

Register of Deeds Osborn was instructed to index deeds and mortgages and present bill to the board.

Supervisors Reavey, Dillon and Hascall gave instructive reports on the meeting of the state tax commission and the tax equalization gathering.

The supervisors appropriated \$75.00 to the Tuscola Co. Bee association, \$200.00 to the Children's Aid society at Lansing, and \$300.00 to the East Michigan Tourist association. Supervisors Kirk, Osborn, Keinath, Benkelman and Noble were named as a committee to attend the East Michigan Tourist association meeting at Bay City Thursday.

The report from the auditor general showed Tuscola county's share of the state tax to be \$106,095.81. The amount is divided for the following purposes:

Central State Normal School	\$1734.49
Circuit judges	2010.70
County of Mines	898.82
Farm Colony for Epileptics	1531.83

Poultry Men to Hold First State Meeting

Several hundred leading poultry men of the state will gather at East Lansing on October 29 and 30 for the first annual meeting of the newly organized Michigan Poultry Improvement Association.

Nationally known poultry authorities have been scheduled for the two-day conference, in an effort to insure unusually high class material for the first state meeting. Dr. M. A. Jull, senior poultryman of the U. S. de-

partment of agriculture; Prof. W. R. Graham, Ontario agricultural College; and other equally prominent speakers are included in the announced program.

Complimentary banquets and other features of entertainment are listed, in addition to the strictly business side of the gathering.

Chief work of the new poultry improvement association lies in the field of certification, according to J. A. Hannah, M. S. C. poultry department, who serves as secretary of the association. About three million egg hatching capacity in commercial hatcheries of the state has been signed up already for inspection and certification this year, it is said.

Election of officers and final plans for the certification work will be handled at a business session on Friday, Oct. 30.

CELEBRATE 25TH WEDDING ANNIVERSARY

MR. AND MRS. S. H. HERON ENTERTAINED 125 GUESTS ON SATURDAY.

Mr. and Mrs. Samuel H. Heron entertained 125 guests at their home in Grant township Saturday, October 17, in honor of their silver wedding anniversary. The house was beautifully decorated in autumnal colorings with leaves and Hallowe'en decorations.

A one o'clock luncheon, consisting of sandwiches, pickles, cheese, salad, cake and ice cream was served by the Misses Marguerite Belle, Bernice McAlpine, Mildred Knight, Eva Maharg, Dorothy Profit, Arena and Ella Helwig, Vera McCallum, Erma Bissett, Beatrice Martin, Mildred Reader, Marion Hartzell and Doris Moore.

The afternoon was spent in a social manner. The gentlemen spent some time pitching horseshoes while the boys played baseball. About forty-three the company departed with every wish for the future happiness and prosperity of their host and hostess. Mr. and Mrs. Heron were presented with many beautiful gifts of silver from their friends.

Local Eleven Defeats Sandusky

From the very first kick-off Cass City lads showed their superiority by ripping 15 and 20 yard gains. Time and time again the boys would carry the ball right up to Sandusky's goal line only to lose it either on a fumble or penalty. The first half ended in the scoreless tie.

Early in the third quarter, Cass City scored a field goal thus making the first score of the game. In the last quarter after blocking a punt, Reagh carried the ball right up to the goal line from where Hartwick carried it over for the touchdown. Benkelman failed at kicking goal. Score 9-0.

Capt. Gowen played an exceptionally good game, his line smothering and dead tackling featured. Reagh showed up fine in the line. He blocked two punts and more than once he broke thru and tackled the Sandusky player before he could get started.

Sandusky made just one large gain and that was on the long forward pass, after that they did not even threaten to score.

Cass City will be put to its supreme test next Friday when Pigeon, last year's Thumb champions, come over here for a game. Pigeon has not tasted defeat this year and every game that they won has been by a lopsided score. They boast of a great aggregation and are confident of a victory. Cass City has nothing to say only that they will do their best and want all the fans to come out to this game which starts at 3:45.

This game will go a long way in deciding the Thumb championship. The team needs your moral as well as financial support.

Letter Carriers' Petition Congress

At the meeting of the Tuscola-Sanilac Rural Letter Carriers' Association held at Cass City Oct. 14, the following resolution prepared by J. C. Corkins, R. J. Kirk and O. A. Dawe, was adopted:

"Be it resolved by the Thumb District association of Rural Letter Carriers in its meeting assembled at Cass City, Michigan, on October 14, 1925: that it is the unanimous expression, desire and purpose that our United States senators and representatives be petitioned and urged to use their best efforts against any movement to demoralize or lessen the present efficiency of Rural Delivery Service."

Floyd Kinde has leased the residence rooms on the second floor of the Crosby Block and is moving his household goods here from Caro.

NATIONALLY KNOWN SPEAKERS SECURED

DATES SET FOR FARMERS' AND HOUSEWIVES' CHAUTAUQUA.

Both Day and Evening Sessions of Short Course Will Be Held at Cass City.

Wednesday and Thursday, Nov. 11 and 12, are the dates that have been selected by the local committee for the two-day short course to be held in co-operation with the agricultural extension department of the International Harvester Company. The meetings will be held in opera house at Cass City.

A complete program for all the sessions is being prepared and will be announced later. This program will include musical and other numbers by local talent and educational lectures and demonstrations by members of the short course crew being sent here by the Harvester Company.

These lectures will deal with agricultural, horticultural, home and community development topics of special interest to our farmers and town people of all ages—men, women, boys and girls.

The lecturers will include H. S. Mobley, R. R. Robertson and Miss Grace Marian Smith. Mr. Mobley has been a member of the extension department for many years and is now superintendent of the Harvester Company's demonstration farm near Montgomery, Ala., where he is doing wonders in demonstrating that diversified farming, dairying and live stock raising are necessary for permanently prosperous agriculture. He was long active in various organizations of farmers and was national chairman of Washington of the Farmers' Organizations' Legislative Committee during the discussion and adoption of such bills as the Farm Loan Bank, Parcel Post, and Smith-Lever bill. Long years of experience as a practical farmer have given him the farmer's viewpoint on agricultural questions, and his success as a live stock and alfalfa grower and as a community builder has provided him with a vast fund of information which has made him one of the best lecturers on agricultural subjects and home and rural school problems in the country.

Mr. Robertson has long been one of the leading horticulturists in Ohio, where he gained a wide reputation by reason of his splendid work with the Ohio Agricultural College and the State Board of Agriculture. He is a recognized authority on fruit, potatoes, gardens and soils and has done effective horticultural work in many states.

Miss Smith has also been with the Harvester Company for a number of years and was formerly with the U. S. Department of Agriculture. She is a constant contributor to the women's department of numerous publications and has few equals as a lecturer on home topics and as a demonstrator of pressure cooking, meat canning, etc.

Both day and evening sessions of the short course will be held and everybody, both old and young, will not only be admitted absolutely free of charge, but will be cordially welcomed.

Large charts will be used in illustrating the lectures, and at all sessions questions relating to the subjects discussed will be invited and will be conscientiously answered, so far as possible.

Another feature of the meetings will be a number of moving pictures of an educational and instructive nature. Judges of pictures have declared these movies to be the best educational reels ever produced.

Bullock-Thane Wedding Wednesday

A quiet wedding took place on Wednesday, October 14, at the home of Mr. and Mrs. Geo. Bullock, when their oldest daughter, Hazel Laura, and Edward C. Thane, son of Mr. and Mrs. Delbert Thane, were united in marriage by Rev. A. Herman. The ceremony was performed beneath an arch of white crepe trimmed with pansies and asters.

The bride was becomingly dressed in a tan charmeuse satin trimmed in silver, and was attended by her sister, Miss Myrtle Bullock, who wore a Copenhagen blue charmeuse satin trimmed in gold colored insertion. The groom was attended by his brother, Melzer Thane.

Dinner was served to 32 relatives and friends immediately after the ceremony.

At three o'clock, after a showering of rice, the young couple left for a short trip to Pontiac where they will reside. Both are well known and respected in this community and received a number of nice and useful presents. Congratulations and best wishes for their future were extended them by many friends.

Big Potato Show Is Farm Week Feature

A big potato show, with all potato interests of Michigan joining hands to put on a blue ribbon exhibit, will be one of the features of Farmers' Week at Michigan State College this year. The potato show is the first of the Farm Week meetings and attractions which has been announced formally.

The East Lansing show will be a championship event, the best entries from former local exhibits being shown. Potato shows have been held in connection with farmers week exhibits in former years, but this will be the first year of the state-wide exhibit.

Practically all potato associations and interests in the state are represented on the committee which is handling arrangements for the show. H. C. Moore, extension specialist at M. S. C. is serving as chairman, along with the following members: A. C. Lytle, Gaylord; E. W. Lincoln, Greenville; V. I. Whittemore, East Lansing; John Sims, Caro; Wm. Bowers, Central Lake; Ernest Pettifor, Gaylord; David Inglis, Van.

COUNTY FEDERATION MET AT UNIONVILLE

INSPIRING ADDRESSES WERE GIVEN BY STATE AND DISTRICT OFFICERS.

The third annual meeting of the Tuscola County Federation of Women's clubs was held at Unionville on Wednesday, Oct. 21. Delegates and visitors were present from Caro, Vassar, Fairgrove, Akron and Cass City. Eighteen ladies from the Cass City Woman's Study club attended, this being the largest delegation, aside from the hostess club.

At noon a delicious chicken dinner was served in the Masonic hall by young ladies wearing dainty crepe paper caps. Autumn flowers and bright hued maple leaves adorned the tables.

After luncheon the company adjourned to the Methodist church where a program was given and business meeting held. The singing was led by Mrs. D. C. Atkins of Vassar, "Michigan, My Michigan," (Federation tune) being the opening number.

Mrs. H. C. Dean of Vassar then read Proverbs 31: 10-31 as the lesson in the devotional service, following it with prayer. Mrs. Maude Strieter gave the visitors a hearty welcome in behalf of the Unionville club.

Inspiring addresses were given by Mrs. George Hunter of St. Johns, president of the state federation of women's clubs, and Mrs. McKenna of Flint, president of the east central district. Mrs. Hunter stressed the fact that the federation is not a social but a business organization. Clubs work not for self but for the betterment of the community in which they live. She reviewed the work of the various departments of work. In regard to consolidated schools, she said that they do cost more but that our children are worth it. Children are the most valuable assets we have.

Mrs. McKenna advocated the slogan "A bigger and better federation." The following are some of the thoughts expressed: Study conditions in your community and try to improve them. Have some definite line of work and stress it. Public opinion is the strongest weapon we have. See to it that your neighbor votes. She invited all to attend the next east central district meeting at Flint next May.

Mrs. A. J. Knapp was also scheduled for an address but did not give the same on account of the lateness of the hour. She, however, gave these thoughts to take home: Be good bricks in the buildings of life. Every one has something to give. Only as we give of our best can we expect to receive. Only if we serve in the spirit of the Master can we succeed. Learn and live the club collect. Push and lift.

The following were the officers elected for the ensuing year: President, Mrs. E. O. Babcock, Unionville.

FIRST STEP TAKEN FOR BETTER SCHOOL

WILL SOUND SENTIMENT IN THIS COMMUNITY FOR CONSOLIDATED SCHOOL.

Parents in Near-by Districts Asked to Express Their Opinion Regarding Proposition.

First steps in a campaign for better school facilities in the Cass City community were taken at the October meeting of the Cass City Community club Monday evening when M. B. Auten, the new president of the club, announced that petitions would be circulated in Cass City and near-by school districts which would call for an election to test the desire for a consolidated school. Mr. Auten made it plain that no one wished to force such a school on a district but the time had arrived when a definite decision is desirable regarding the proposition.

According to the school law, such a school can be established by the consolidation of three or more districts which have a total valuation of \$1,000,000, through the consent of a majority of resident taxpayers in the entire territory effected. Petitions signed by 50% in each district is necessary to secure a vote on consolidation.

With a 40% increase in attendance in the high school this year, probably the largest increase in any school in the state, action toward a better school building is necessary and advisable at this time. That this department is more than crowded is shown by the enrollment of 207 and a seating capacity in the high school of 127.

To test the sentiment of those in the school districts near Cass City, parents and patrons are requested to clip out the coupon at the bottom of this page, state their position regarding a consolidated school, sign and mail, or leave the same with A. A. Ricker, secretary of the board of education at Cass City by October 31. The information will be confidentially considered and it is hoped that all will comply with the request.

Michigan Farmers to See Canada Corn Pest

C. W. Smith, Canadian entomologist, will guide the Michigan corn borer inspection party during its visits to Canadian infested areas on Oct. 22, according to Prof. R. H. Pettit of M. S. C.

The corn borer party will start from the Michigan Farmer offices in Detroit at 9:30 a. m. (eastern time) on Thursday, Oct. 22. The trip thru Canada will cover about 125 miles, taking in the heavily damaged corn borer sections.

All corn growers and others interested in the crop have been invited to make the inspection trip, which is to furnish information for further steps in corn borer control work.

New Landlord at Hotel Gordon

George Elliott, an experienced hotel man, has leased the Gordon Hotel at Cass City for a period of three years and will assume the management on Nov. 1. Mr. Elliott has been in this business in both Ft. Huron and Carsonville, but in late years has resided on the M. Sheridan farm west of Lexington.

Mr. and Mrs. Middleton will move from the hotel to the residence rooms in the opera house block.

HOSPITAL NOTES.

Edward Kosanke was operated on Wednesday morning for removal of a portion of bone from the skull.

Other patients at the hospital are Mrs. Burt Clara of Gagetown, Mrs. Charles Cutler and Mrs. John Sims of Caro, Martin Sile of Wilmot and Egbert Hall of Filion. All are getting along nicely.

THE LOAD WE HAVE TO PULL.

An annual conference of professors and teachers for the study of the science of politics, was held recently at Columbia university. Dr. C. A. Board, former professor of history at that university, delivered an address on the question as to whether a democratic system can plan and carry out programs for the public good.
Dr. Beard pointed out that democratic governments could construct handsome buildings and extensive public works, but he appeared to doubt if they could handle public affairs efficiently. No doubt he would believe like the rest of Americans that our democratic system has been much better than the older forms of government that it superseded.
The faults in popular government have been pointed out so many times that it is hard to arouse anything but a languid interest in them. We need as a people to pay more respect to quiet and efficient persons who get results, and less to plausible orators and smiling handshakers.
The American people will get out of their government just about what they put into it, in the way of personal interest. We can not remedy the faults of government on any "Let George do it" theory. Government is not a kind of passenger train on which after paying our fare, we ride without effort. Rather it is a load which we all have to take hold and pull, and in which those who simply ride constitute a weight which lays a burden on everyone else who has to pull.
The indifference of the thoughtless, the prejudices of the ignorant, and the jealousy of the avaricious, and the jealousy of the unfit, will always create a load which the mass of earnest and intelligent people must carry. But if those who are gifted with a fair amount of common sense will put their minds and their muscle to work, they can make the grade.

MENTAL CONTROL

It gives some who have not had many educational advantages, a rather bitter pang each fall when the students in fine schools and colleges start off for a year of broadening study. Some of us feel down on our luck, because we have not had the same opportunities.
Dr. Lewis, president of George Washington university, made a thoughtful remark in a recent address, that might be helpful for such persons to ponder. He said that what college gives is not so much "marketable information," as "mental control."

This saying might lead to the question, whether mental control cannot be learned to a large extent by those who have not had educational advantages. College graduates commonly forget most of the specific facts they learned in their courses, but they do get valuable discipline. The average man and woman without much education, should ask the question, "How can I secure that mental control, that disciplined mind, which the educated person has or should have?"

Mental control means not merely a calm and philosophic habit of thought, a blessing which is attained by many who are not specially successful or useful. It calls for ability to concentrate the mind, so as to think out the very best way to do every piece of work. It calls for ability to form correct observations of people and things, and to draw correct conclusions from those observations, so that one is enabled to act in a way to accomplish the best possible results.

Powers like these can be learned by self training. Do today's work in the best possible way, and see everything that is to be seen about today's experiences, and make that the habit of every day. Self discipline like this made a permanent habit gradually produces mental control. Sometimes that kind of training leads to development and power as valuable as anything the educated man learned in his books and classes.

About the only way to convince some folks of the value of insurance, is to have one or two houses burn up.

The publicity experts will probably admit that even advertising can be overdone, as they look at the flapper's red cheeks.

Some of the young crowd seem determined to grow old as quickly as possible, by the speed with which they are traveling.

PINGREE.

Signs of cold and winter weather—have we coal or wood to gather? A good fur coat to keep us warm till spring returns with all its charm.

Quite a large number of old acquaintances and neighbors gathered at the John Crocker home Tuesday evening as a farewell party to those who are about to go to Florida and Saginaw. Presents were tendered and those who will make their home in a purse of money given to buy more presents. We all wish them good luck and good health.

Rev. Edward Summers of Port Huron called at J. Fox's over Sunday.

We are sorry to learn that Samuel Robinson of Greenleaf township met with a serious accident a few days ago by falling from an apple tree while picking apples. Mr. Robinson, it is said, was standing on a limb that was unsound, but appeared good from the outside. His condition when found was such that it was thought unsafe to remove him to a hospital.

The condition of beans after threshing them in some instances seems to indicate them too damp for keeping and should be put through a dryer or loss may ensue.

Be Careful and Systematic..

People who pay their bills by check get a reputation for being careful and systematic in their business dealings. Such a reputation means much in the establishment of credit. It costs no more to pay your money out by check than it does to use the hard cash, and you have the advantage of having it in a place that is absolutely safe.

To have money in the bank is of itself a valuable asset in the establishment of credit. And it is possible to practically everyone without one cent of cost. It takes no more money to do business by the checking method than it does by the cash-in-hand method.

We invite you to open a checking account with us. We will help you to make your account a real convenience.

CASH PRIZES for BEST LETTERS on HOW GRADE-MARKED HEMLOCK LUMBER SAVES MONEY

(More about this Letter Competition below—read our ads for Prize-Winning Ideas.)
Grading of Northern Hemlock is based upon the broad economic ground of its relative usefulness to you. The Grade-Mark takes all the guesswork out of the selection of Hemlock Grades for their profitable utilization.

USE THE GRADE THAT FITS THE JOB—ASK YOUR DEALER!
Native Hemlock has long been favorably known for its immunity to dry-rot, an important factor in the service life of your building. Being free of resin, it takes and holds paints and stains perfectly. Add to this the extra strength factor in extra standard size Hemlock joists and studding (GUARANTEED BY THE GRADE-MARK) and you'll appreciate the many advantages and investment value in a building constructed of Grade-marked Northern Hemlock.

YES, IT PAYS TO USE IDENTIFIED LUMBER. BUY YOUR HEMLOCK BY THE GRADE-MARK. SAVE MONEY!

An attempt was made about three o'clock Friday morning to rob the Kingston bank of McPhail & Maynard at Kingston. The door of the bank was forced and the safe broken open. Mr. Miller, living near by, was awakened by the noise, and investigated. The robbers escaped without any money, and before they could be identified.

Young Girls' Frocks Reflect Fall Modes

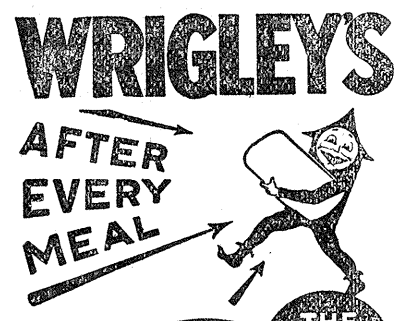

When the younger schoolgirls cast an appraising eye over the practical wool frocks designed for her winter wear she is going to be pleased. Their fabrics are attractive in color, soft, sturdy and not easily mused; but what pleases her most are pretty details in trimming or finish, and the use of modes adopted by her elders. One of the new models is shown here. It is made of green, silk-striped flannel and has a vaguely molded body and slightly flaring skirt, with kick-plaits at the front. Long sleeves, round collar and pippings also write the story of autumn modes as reflected in schoolgirls' frocks.

The forty-fifth annual convention of the seventh district of the W. C. T. U. will be held in Dryden October 27 and 28. On Tuesday evening, Louis Cramton, seventh district congressman, will address the convention. Wednesday afternoon the election of district officers will be held.

Samuel Robinson fell from an apple tree on his farm on Wednesday, Oct. 14, suffering severe injuries. Mr. Robinson was alone in the orchard when the accident occurred, but neighbors working in a near-by field saw him fall and hastened to his aid. Falling 20 feet, his hip was injured by a stone on which he fell, and the body was badly bruised. His condition is considered serious.

Omer Fuller, a window dresser of Saginaw, prepared two attractive displays in the store windows of I. Schonmuller Saturday. Mr. Fuller designs window displays in stores in Lathrop, Saginaw, Chesaning and Cass City in which Mr. Schonmuller is interested and expects to visit Cass City every two weeks for that purpose.

Rev. Chas. C. Wilkins of Topeka, Kansas, was entertained over Sunday at the home of Rev. and Mrs. I. W. Cargo. Rev. Wilkins addressed the local M. E. church in the morning and the Bethel church in the afternoon in the interest of the Anti-Saloon League for which organization he is a representative. He also preached in the evening at the local church.

Rev. Samuel Heining of Grand Rapids, who visited former parishioners in Cass City last Thursday and Friday, found a minister's duties more arduous when he served as pastor here in 1870 and 1871 than they are today. This is shown by the fact that besides serving the Evangelical church at Cass City, he served the Sebewaing church, the Brady church, a church at Unionville, one at Ellington and one at Kilmanagh. Rev. Heining is a well preserved man despite his 82 years. He preached on Sunday morning in the Sebewaing church of which Rev. F. L. Pohly is now pastor.

The Watchful Alarm Clock

Some people sleep with one eye open, so as to be "on the job" in the mornings. Others, who are wiser, invest a small sum in one of our Alarm Clocks—Set it to "go off" at the desired moment—Then go to sleep and forget all about everything. No home is quite as it ought to be without one of these handy time-reminders. We've a lot of them here. All are good timers, and never let you "sleep in." Get one.

Pisa's Famous Tower

It has not been decided whether or not the slant in the leaning tower at Pisa is accidental. Some authorities say that the lean is due to attempts by architects to rectify sinking while the tower was being built. Others argue that it was intentional. The question has never been satisfactorily decided.

Half Price Table...

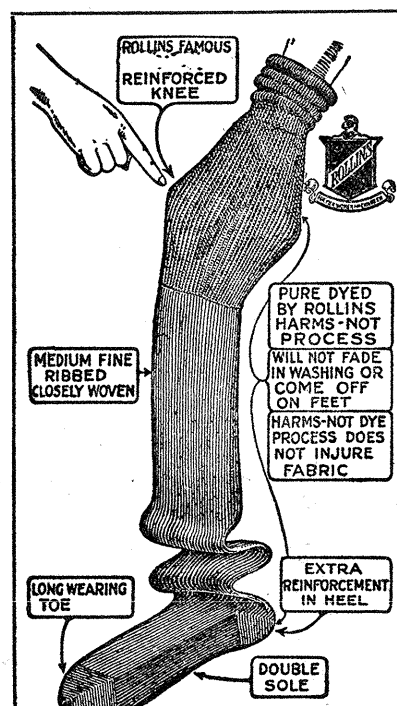

Here is a bargain that every woman should take advantage of.

Here are beautiful House Dresses, sizes up to 52, which we are going to clean up at half regular prices. It isn't very often the woman wearing size 50 or 52 dress can get such a bargain.

Here is an article that every woman can use and does use. Quality petticoats at half price.

Any woman who can thread a needle can sew shoulder straps on these skirts, and with a very little alteration, you will have a \$1.50, \$2.00 or \$3.00 slip for 50c, 75c, or \$1.00. These petticoats are long enough for a slip. All the new material necessary is the shoulder straps.

You will also find Sweaters and many other articles on this table at half price.

Hosiery for Fall and Winter.

Better than ordinary Hosiery for Women and Children. Why buy inferior brands, shelf worn or unknown brands when you can get the well known reliable Rollin Hose at the same price or less?

\$1.00 Special on House Dresses

By buying a large quantity of these gowns, we bought them at a price which enables us to offer them to you at a price far below regular.

These are not out of date, soiled nor inferior quality, but are nice, new, clean dresses.

Notice our this week's window display of the dresses.

Space will not permit us to go through all the details of how these dresses are trimmed, made, etc., but we know that they are real bargains at \$1.00. Regular prices of these dresses are \$1.50, \$1.65 and \$1.75, but they go at \$1.00 for this week's special.

Underwear Time

The cool weather is here to stay. Now is the time to pick out your winter underwear, while the stock is at its very best.

Obituary— Mrs. DeVillo Burton passed away at her home two miles northeast of Gagetown Wednesday, Oct. 7, 1925.

Although in ill health for two years, she enjoyed a motor trip through Northern Michigan with a party of friends in August. Being a pioneer of 43 years, she was well and favorably known throughout the county.

Elizabeth Louise Clara, daughter of Mr. and Mrs. Geo. Clara, sr., of Kenton, Ohio, was born in Medina Co., Ohio, and came to Michigan in 1882. She resided with her uncle, the late Samuel Seekings. On Dec. 23, 1885, she was united in marriage to Devillo Burton, son of Mr. and Mrs. Hosea Burton. Their first home was on their farm in Brookfield township.

From there they retired to their town residence. Several years ago they purchased the old Peter Gage homestead, and the joining Robert S. Brown farm where they have since resided.

Besides her lonely husband, she leaves five children, Mrs. Gertrude Williams, Mrs. Blanche Facer of Detroit, Mrs. Bessie Russell, Mrs. Mabel Davenport and Adelbert Burton of Gagetown, five grandchildren, one sister, Miss Mary Jane Clara, and niece, Miss Atherra Clara of Kenton, Ohio, and one brother, Geo. Clara of Gagetown.

Funeral services were held from the Methodist church. The O. E. S. choir sang the songs she loved and Rev. Tamblin officiated. Mrs. Burton was gifted with a fine contralto voice and in former years sang in the Episcopal and Methodist church choirs. She was the first to be placed in the Hillside cemetery family lot. The little church was crowded to its capacity, a proof of the esteem in which she was held. Floral offerings were many and beautiful. Relatives and friends from a distance were Mr. and Mrs. John Gillmore, Mr. and Mrs. J. McLeevie, Mr. and Mrs. Preston Black of Akron, Mrs. G. Stoddard of Vassar, Mrs. Jessie Eamons, Mrs. H. Spaulding, Mrs. E. Rose of Caro, W. Facer of Harbor Beach, Mr. and Mrs. B. Burton and daughter, Elva, of Caro, Chancey Burton of Caro, Carl Burton of Uby, Linton Facer of Detroit, and Miss Mabelle Clara of Mayville.

War on Rats Another effort to decrease the rat population of the world is to be made by the United States department of health. All vessels arriving in American ports will be disinfected twice a year with a powerful gas turned into the ship's holds. This "gassing," it is hoped, will keep down the rodents and consequently bubonic plague.

WORK WEARING YOU OUT? Cass City Folks Find a Bad Back a Heavy Handicap.

Is your work wearing you out? Are you tortured with throbbing backache—feel tired, weak and discouraged? Then look to your kidneys! Many occupations tend to weaken the kidneys. Constant backache, headaches, dizziness and rheumatic pains are the result. You suffer annoying bladder irregularities; feel nervous, irritable and worn out. Don't wait! Use Doan's Pills—a stimulant diuretic to the kidneys. Workers everywhere recommend Doan's. Here's a Cass City case:

O. A. Withey, farmer, Main Street, says: "I suffered from a dull ache over my kidneys and they acted irregularly. Mornings, I had such a backache, I could hardly do my work and often had to sit down to rest. After using a box of Doan's Pills, I was rid of the backaches and my strength returned." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Withey had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv. 1

Paragraphs Concerning Michigan

(By Ed. A. Nowack).
Lansing—Saving suicides whose attempts to go to kingdom come fail, is the job held by Mrs. Mary Jason of Detroit. She shows most of the disappointed ones that life is worth living. Old folks turned out by the children for whom they sacrificed all are the hardest to console.
Detroit, fourth in population among American cities, now ranks second in the aggregate amount of federal tax collections, according to Thomas E. Johnson, superintendent of public instruction. On the basis of population Detroit has the greatest income and earning power of any large city in the world.
Detroit furthermore had \$2,046 of property valuation for every inhabitant against \$1,924 for New York. Her per capita income figure is \$208.59 as against \$90.34 for Philadelphia, \$73.41 for Chicago and \$66.58 for New York. Johnson says there are none of the New York and Chicago sweat shops for children in Detroit.
A fleet of 10 ocean-going carriers will provide weekly trans-Atlantic freight shipments in 1926 for Michigan. Sufficient contracts have been signed by Michigan shippers to insure the service. Detroit will be the port for the fleet.
Michigan in 1924 added 814 miles of surfaced highways to the nation's total. This gives the state 6,581 miles of such road to which will be added several hundred more miles this season.
More than 36,000 men and women in Michigan, employees of the Consumers Power Company and the Detroit-Edison firm, are owners of stock and other securities in those concerns.
The Motor Wheel Corporation of Lansing makes about 60 per cent of the auto wheels used in the country.
One Detroit cigar factory is producing 50,000,000 cigars annually. It

recently doubled its output.
A \$25,000,000 potato crop is predicted for Michigan this year while plans are going ahead for the greatest potato show ever staged in Michigan at Greenville Oct. 29-31.
Bay City's 89 principal manufacturers produced products with a total valuation of \$36,265,000 for 1923 according to figures just released by the U. S. Census Bureau.
Bay City is given as one of the four cheapest cities in the nation from a tenant's viewpoint, in which to live. Rents there are lower than in most other large cities.
Ford manufactures 20 per cent more left fenders than right for repair purposes due to the habit drivers have of driving on wrong side of the street.
It is planned to spend about \$50,000 on a silver fox farm of 1,000 acres near Cheboygan recently purchased by Detroiters.
Michigan farmers to the number of 19,000 have installed radio sets and are listening in. The state ranks tenth in the nation in that respect.
Grand Rapids has an average number of wage earners totaling 24,033 while Flint has 28,910. The respective payrolls of the two cities are \$32,669,200 and \$48,743,800.
Lansing may be the site selected by a German firm for the manufacture of German automobiles.

State to Exhibit at Potato Show
Word has just been received that Commissioner of Agriculture, L. Whitney Watkins, has acted favorably on the request of the directors of the Thumb of Michigan Potato Show to have the State Department of Agriculture put on an exhibit at the show at Mayville, November 11, 12 and 13.
E. C. Mandenberg of the State Bureau of Agricultural Industry has notified the show management that the state exhibit will comprise charts, illustrations and material arranged to be very instructive especially to the potato grower. The handling, grading and method of marketing will be particularly emphasized in this exhibit. Since the passage of the State Law requiring that potatoes shall be graded when sold, there has been much misunderstanding and misinterpretation of the law. The State Department of Agriculture will endeavor, in their exhibit, to show why the law is of benefit to the producer and just how it should be interpreted. They will have exhibits of samples of the various grades and data showing how the market is reacting to well graded stock.
The Farm Crops Department of the Michigan State College is also preparing an exhibit for the Thumb of Michigan Show. This will show potato diseases and how to combat them, effect of good seed, and the present status of the Michigan potato on the Eastern markets.
Still another exhibit will be that from the Soils Department of the Michigan State College which will show the types of soils suitable for growing potatoes and the effect of using various fertilizers on the yield and quality of the crop produced.
The show is being held in the American Legion Hall. The wall space will be taken up by educational exhibits. The exhibits of potatoes will be placed on tables so that all may examine them. All meetings will be held in an adjoining room.
The one central thought of the show is "Produce Good Potatoes Economically." The idea being not to encourage increased acreage of potatoes but to encourage the growing of better potatoes and getting larger yields, thus making potato growing of more economic importance to the farmers of the Thumb.

Do Slow With Your Brain
It isn't intelligent to be ahead of your times. You can't make a peach sprout grow by howling for peaches.

IN MEMORIAM—In loving memory of our loving little daughter, Hazel A. Linderman, who passed away one year ago, Oct. 25, 1925:
We often think of days gone by,
When we were all together;
The shadow o'er our lives is cast,
Our loved one's gone forever.
Oh, for words to tell the sadness
That lingers here today;
For our darling who left us
Just one year today.
The stars are dimly shining
Upon a lonely grave;
Where sleepeth without waking
One we loved but could not save.
No one knows the silent heartache,
Only those who have lost can tell,
And the tears that are shed in silence
For the one we love so well.
Father, mother, brothers and sisters.

Thumb Tales Tersely Told

Sandusky—Sanilac county will get \$36,539.00 as its share of the distribution of weight tax automobile receipts from the state. Huron gets \$41,556, and Tuscola county \$46,000. The whole apportionment in the state is to be \$6,000,000 and the counties will receive approximately 45 cents out of every dollar collected in the first three-quarters of the year. The receipts of the last quarter will go entirely to the state highway finance fund.
Snover—Mr. and Mrs. Samuel Hilborn celebrated the golden wedding at their home here Saturday, Oct. 10.
Sandusky—The Bellvue Fox Ranch, four miles south of here, has 50 pairs of foxes on the ranch. The fox business is assuming large proportions in Sanilac county.
Sewawaing—Remember back (and it doesn't seem so many years ago) when the schooners "R. T. Lambert," "Jessie Maggie," "G. R. Durke," and others used to dock with full cargoes right at Center street bridge? At that time the depth of the water at the bridge was six to seven feet. Today there is hardly more than a foot and there would be difficulty in navigating a row boat at that point.—Blade.
Harbor Beach—The Dow House, one of the oldest hotels in Huron county, was sold by Phineas Adair to Edward Whiting of Port Austin. In 1864 after the first Huron county court house had burned at Sand Beach one term of court was held in the Dow house before the county seat was changed to Port Austin.

Club Will Prosecute Auto Sign Vandals

Vandalism in connection with the road and warning signs put up by the Automobile Club of Northern Michigan will be made the subject of prompt action by the club in every case where the guilty person can be found, according to announcement of the signs, and road posting committee of the club, headed by O. W. Jenkins.
Reports have come to the club of injury to some of the signs it has placed. The law provides a penalty of a \$100 fine or 30 days imprisonment for destruction of these signs, club officers point out.

Play Lady of Scouts

Miss Oleda Schrottky, director of plays and pageants of the National Girl Scouts, who is better known as the "Girl Scout Play Lady," will produce a play called "Behind the Khaki of Scouts," at the Girl Scout regional conference to be held at Louisville, Ky., from October 28 to October 31.
