Academic Contest for High Schools.

Fifty-three high schools from various sections of the lower peninsula sent 740 of their best students to Central Normal at Mt. Pleasant on Friday, May 21, to participate in the first state wide academic contest for high schools. Examinations in the usual subjects of the high school curriculum were given the contestants by members of Central Normal's 2nd, McIntyre, Bad Axe; 3rd, Stephen Faculty. Winners of first and second places in each event received gold and silver pins from Central Normal and the school in each class winning the highest number of points was awarded a trophy cup. The contestants were grouped in three classes, accord-

ing to the enrollment at their schools. Fern Benkelman, a freshman in the Cass City high school, won first honors in Algebra 9 in the contest for Class C schools. Cass City had 9 pupils among the 300 students entered in Class C contestants. No definite preparation had been made for the contest by local students. More attention will be given to equip students here for the contest next year when it is expected that more will place

Bird Houses Are Being Occupied

Birds have been house hunting the past few weeks and three boys have reported families settling in their bird houses. The first to report was Bud Schenck, a family of wrens occupying his rustic wren house. Second-Arthur Zemke, who has two families of purple Martins in his two family apartment, and third, Ray Fleenor whose wren house is being used by two wrens. Prizes of one dollar each will be awarded for each class some time in June when it is certain that the birds are settled permanently in their new homes.

The committee hopes to have more reports. The boys are asked to report to either Mrs. E. Pinney or Mrs. J. H. Holcomb.

Chicago is the second largest city in the United States. Though it is one of the world's largest cities, if the 2,500,000 investors in the electric light and power industry were congregated in one city it would about equal the population of Chicago.

There must be a cause for the electric light and power industry enjoying the confidence of this immense group of investors. The cause is to be found in the consistent progressive growth of the industry. Startling as the past record of the light and power companies appears to be, people of vision and foresight are predicting an even greater future and a better record for the coming years. Daily new opportunities for the use and application of electricity are being brought forth. All indications point towards the year 1926 being the greatest year in the electric industry.

FOR LESS MONEY Michigan

Say Folks, Were You Ever at Folkert's in June?

If you ever were, you are coming soon, as we start our annual anniversary sale June 1 and will continue during the month of June. The first year that we were in Cass City, we did a very nice business. The second year, we increased our business over the first year 37%, and now we have passed the third year with an increase of 16 per cent over the second year.

Our motto has been

"THE SAME GOODS FOR LESS MONEY"

and we have been making every effort to live up to this motto, and we believe that the prices asked in Cass City are the cheapest that you will find in this territory and we think we deserve part of the credit for bringing down

You may wonder how it is that our prices are always he lowest. Reasons—We are doing about three times as much business as the ordinary store of this size, with but a very little added expense. We buy from the largest jobbers and manufacturers in the country paying cash for our merchandise, taking all discounts, and in this way we are able to offer the public real savings on standard merchan-

Think it over folks and then decide to trade with a real live store. No matter where you live or where you trade, it will be money in your pocket to trade here.

Healthy Pigs Make Healthy **Profits**

When man was clothed in leaves and twigs, he had his little herd of pigs. They've been allied, the pig and Man, since early tribal life began. In those old days Man housed his hogs on floors of clay with walls of logs; but now he builds his Hog-House right, cemented good and strong and tight, so every pig will grow up fast to bring a profit home at last, and gratefully express his thanks in better bacon, hams and shanks.

ELKLAND-ELMWOOD

In the Kitchen with 6 Famous Cooks

Expert Pacific Coast Cooks Give Choice Recipes for **Unusual Desserts**

(Editor's Note: This is one of a series of cooking articles contributed to this paper by six famous cooks.)

There never was a woman who kept house who didn't want her cooking to have an individual touch. And the making of desserts offers

MRS. plenty of op-BELLE portunity for expressing this individuality. Recipes for s e v e r a l delicious desserts

are given in this article by MRS. KATE BREW VAUGHN Mrs. Belle De-Graf, San Francisco, home economics counsellor, and Mrs. Kate Brew Vaughn, domestic science director, Los Angeles.

Santa Clara Dumplings

"For a quickly made dessert, I recommend Santa Clara Apricot Dumplings," says Mrs. DeGraf. "It takes less than half an hour to prepare them." Here is Mrs. DeGraf's recipe:

1 cup sifted flour
2 teaspoons baking powder
½ teaspoon salt
3 tablespoons shortening
½ cup milk
1 cup strained, stewed

apricots

apricols

Sift dry ingredients together. Rub in shortening, then gradually add milk, mixing with a flat knife. Turn on to a slightly floured board. Roll out in rectangular shape about 4 inches wide and 8 inches long. Cover top of dough with apricot puree, then roll up like a jelly roll. Cut off slices an inch thick, and place cut side down in greased baking dish. Bake in a hot oven about 15 minutes. Serve with lemon sauce. Make the lemon sauce by mixing Make the lemon sauce by mixing ½ cup brown sugar, ½ cup white sugar, 1 tablespoon flour, juice and grated rind of one lemon, and 1 tablespoon butter. Bring to boil, and cook for five minutes.

Dumplings and sauce should be served hot.

With Oranges

With Oranges

Another interesting fruity dessert for which Mrs. DeGraf provides the recipe is Orange Custard Pudding.

1 cup sifted bread crumbs
½ cup milk
1 cup orange rind
3 eggs separated
½ cup sugar

Add the grated rind of 1 orange to the juice. Use soft bread crumbs. Sift through a coarse strainer. Add milk and orange juice. Beat eggs separately. Add sugar to yolks and then add to the custard. Mix well, then fold in stiffly beaten egg whites. Pour in pudding dish. Set dish in a pan of hot water and bake until firm in center, about 30 minutes, in a moderate oven, 360 degrees Fahrenheit.

Pineapple, Too

Hawaiian Pineapple Pudding is a simple dessert which is very pretty. Mrs. DeGraf makes it with one cup rice. I cup grated pineapple, 2 cups whipped cream, and ½ cup powdered sugar.

wash rice well. Add 2 cups of cold water, Cover closely and set over a low flame, cooking for about 20 minutes, or until all the water is absorbed. When cooked, remove from fire, sprinkle with salt, replace cover and let stand five minutes. Turn into a bowl and set aside to cool. Just before luncheon is served add remaining ingredients. Pile in sherbet cups and serve.

With Any Fruit

Strawberry Meringues! Doesn't it sound like a most palatable dessert? Mrs. Vaughn has a simple recipe for it.

3 egg whites
1 cup sugar
½ teaspoon vinegar
1 teaspoon vanilla

I teaspoon vanilla.

Beat egg whites stiff. Add the vinegar to the egg whites and beat. Add sugar gradually, beating it with wire whip. Drop the mixture in spoonfuls on oiled paper placed on baking sheet and bake in a slow oven. When finished, cut the meringues through the center and fill with crushed strawberries. Serve topped with whipped cream.

Other fruits may be used in sea-Other fruits may be used in season instead of the strawberries. This makes a dainty dish to serve at parties, too.

An Unusual Pie Mrs. Vaughn's fig pie is an unusual change from the ordinary pie. Here are the ingredients:

ne ingredients:

1% cups boiling water

2 tablespoons cornstarch

2 tablespoons flour

% cup sugar

Juice two lemons

Grated rind one lemon

½ cup finely chopped figs

2 eggs

2 eggs

Sift dry ingredients into top of double boiler. Pour boiling water on them, stirring constantly. Cook for 15 minutes. Beat eggs slightly, and with figs add to cooked mixture. Let cook 3 minutes. Remove from fire and add lemon juice and rind. Turn into plate lined with pastry, wet edge. Make lattice of pastry strips across top. Bake 40 minutes at 350 degrees. Serves 6.

Everyone likes a change of cook-Everyone likes a change of cooking. These "different" desserts will please the most particular.

"If men did the cooking

they would insist on a good stove"

Where is the woman who does not found from the found of the

agree with Mrs. Rorer's statement? Yet why will so many women put up with an inefficient stove day after day?

MRS. RORER, famous Philadelphia cooking expert, and five other famous cooks who recently conducted a practical test of the Perfection Stove, agree that good cooking results depend to a great extent on a good stove. They agree, too, after critical, exhaustive cooking tests that the Perfection is a mighty good stove. Their comments on the Perfection's performance will give you some idea of what men would demand, and what experts do demand of

Easy operation. "I like equipment which is easy to work with," said Mrs. Belle DeGraf, San Francisco, home economics counsellor. "And the Perfection certainly is. It lights at the touch of a match. And the heat is regulated by a simple turn of the wick."

Adaptable, too. "The Perfection proved its adaptability to me," commented Mrs. Kate B. Vaughn, Los Angeles, home economics director, "by performing many cooking operations at the same time-frying, baking, boiling, and broiling."

Ample heat supply. "And," said Miss Rosa Michaelis, famous New Orleans specialist, "there is no lessening of heat, regardless of how many burners are lighted. Each is an independent unit."

Dependable flames. "That's true," remarked Miss Lucy G. Allen, of the Boston School of Cookery. "And the flames stay just as you set them. They do not creep.'

And clean. "There's no soot or odor, either, when you cook on the Perfection,' added Mrs. Rorer. "The efficient long chimneys burn the oil completely before the heat reaches the utensils. Safe and economical. "All these

points recommend the Perfection," said

Miss Margaret A. Hall, Battle Creek
