

CASS CITY CHRONICLE

VOL. 23, NO. 14.

CASS CITY, MICHIGAN, FRIDAY, AUGUST 12, 1927.

8 PAGES

FEW FROM TUSCOLA AT FARMERS WEEK

Crops in Saginaw Valley Dist. and East Better than Other Parts of State.

Some dozen cars were all that attended Farmers Week at Lansing this year from Tuscola county. Too many crops to harvest and the fact that a large number had visited in other years are the reasons. The attendance was not as large as usual from other parts of the state, the reasons being the same as those that kept Tuscola farmers busy.

Tuscola county people who attended were taken over the College farm by Prof. McGee. John W. Sims and family also accompanied the group. The differences in alfalfa from hardy seed and from the non-hardy seed were so apparent that it does not seem possible that anyone would buy alfalfa seed without first learning its source, which is as yet an unnamed variety. It differs from the regular sweet clover in that it seems to come from a crown more after the fashion of alfalfa and several stems growing from the ground, usually about a dozen to a plant. This sweet clover is being bred to eliminate crosses. The first plant was discovered in a field of ordinary sweet clover in Cheboygan, Michigan, by Tuscola's county agent, D. B. Jewell.

The group then visited the crops of frost resisting corn where Mr. Duncan is conducting his test to find a corn that is more frost hardy. This variety is called Polar Dent and was planted on the 15th of April this year and showed much more frost resistance than any of the other varieties. The only one seeming to compare with it are the Plints and Northwestern Dents.

After visiting the crops the crowd was taken to the horse barn and the horses were brought out and shown. They are certainly a credit to the institution.

Thursday was spent attending the regular Farmers Day exercises and visiting various parts of the campus.

County Agent Jewell went to Lansing by the way of Vassar, Clio and Owosso, and on the return trip went from Lansing to Grand Rapids, then to Lowell, north to Greenville and north and west to Ithaca and St. Charles, then to Saginaw and Caro. The thing that was noticeable was that while wheat was good in all parts of the State, the oats and barley and corn of the Saginaw Valley district and east were much better than the other portions of the State. "One does not really appreciate what a good country we are living in until we have been over some of the other sections of the State and make comparisons," says Mr. Jewell.

100 Attended Boys' and Girls' Club Meet

When 100 persons can be counted at a meeting of Boys' and Girls' Pig and Calf Clubs, there is surely evidence that the young folks are greatly interested in club work. This number gathered at the Guy Hoadley farm home near New Greenleaf at a meeting of local clubs held Friday evening.

Ten visiting boys besides parents were included in the number. Boys of the Cass City clubs appreciate the kindness of John McGrath, W. O. Root and James Wilson in assisting them with preparing four tons of straw for shipment to the State Fair at Detroit where the local clubs will make cattle and swine exhibits. Mr. McGrath furnished the straw, Mr. Root furnished the machine for baling it, and Mr. Wilson operated the machine, all without a nickel's expense to the club members.

PRIMARY SCHOOL FUND IS ALLOTTED

Apportionment of the primary school interest fund of \$15,396,998.50 among 83 counties on a basis of a total school population of 1,198,210 is announced by Auditor General O. B. Fuller.

The per capita rate is \$12.80 compared with \$13.25 last year, when the total disbursement was \$15,364,960.31.

Cowan Reunion at Pine Eden

Pine Eden, the summer cottage of Mr. and Mrs. A. H. Higgins at Oak Bluff was the scene of a happy reunion of the Cowan family on Aug. 7. The day was the birth anniversary of C. A. Cowan and a large birthday cake decorated with candles in his honor was served to the company. August 7 was also the 18th wedding anniversary of two other guests, Mr. and Mrs. E. McKeeman. A delicious

dinner was served and a delightful day was spent.

Mr. and Mrs. Higgins entertained the following guests at the reunion: Mr. and Mrs. C. A. Cowan of Bay City, Mrs. Beatrice McDonald of Bay City, Mrs. Warren W. Herron of Los Angeles, California, Mrs. Charles Hardeson and two daughters, Virginia and Ruby Ann, of Anaheim, California, Mr. and Mrs. E. McKeeman and their daughter, Verle, of Philadelphia, Mr. and Mrs. C. Bedford of Kitchener, Ont., Mrs. Amelia Cowan of Port Huron, Mr. and Mrs. Oliver McKinney of Crosswell, Leland and Kenneth Higgins and Baby Kenneth Higgins of Cass City.

FARM PRODUCE CO. PROFITS GROWING

Farm Produce Co.'s Stockholders Re-elected Directors at Annual Meeting.

Busy days on the farm kept many farmers home and there was but a small number of stockholders of the Farm Produce Co. present at the annual meeting of the company Tuesday afternoon. Vice President W. J. Schwegler presided and N. A. Perry served in his position as secretary of the company. D. W. Benkelman, Wm. Day and E. W. Keating were appointed tellers and the following were elected directors of the company: Elijah Fisher, C. J. Striffler, N. A. Perry, Smith Hutchinson, W. J. Schwegler, J. A. Benkelman and I. W. Hall. Mr. Fisher was elected to succeed the late Hugh Cooper and the other members of the board succeed themselves.

The annual report of Manager Frank Reid showed the total sales of the company during the year to be \$205,979.78, with net profits of \$5,296.19. Because the bean crop was a partial failure last fall, sales at the elevator dropped below those of the previous year, but the net profits of the year's business made a much better showing than that of the 1925-26 season.

NEWS ITEMS FROM SANILAC SCHOOL COM.'S OFFICE

The regular meeting of the county board of school examiners will be held at the commissioner's office at Sandusky, Saturday, Aug. 20, at 9:00 a. m. Teachers desiring certificates or a renewal should secure the proper blanks from the commissioner. Have them filled out and returned to the office before the 20th. All new certificates should be recorded in the office of the commissioner.

Meeting of all rural teachers in Sanilac county will be held in Sandusky, Saturday, Aug. 27, at 10:00 a. m. and 1:30 p. m. The program for this meeting will be announced later. It is necessary that all teachers be present at this meeting to secure their supplies of the new child accounting forms and to receive instructions for handling them.

Plowing Contest Slated for Tuscola

At a meeting at the county agriculture agent's office at Caro on Monday it was decided to hold a county plowing contest in Tuscola county either Sept. 30 or Oct. 1. The meeting was called by County Agricultural Agent D. B. Jewell and representatives of the County Farm Bureau board, implement dealers and members of the boards of commerce from Reese, Vassar, Fairgrove and Caro were present. O. B. Price, the agricultural representative of the Michigan Central Railroad and John W. Sims, for county agricultural agent, described the plowing contest, the manner in which it was carried on, and the advantages to be obtained. It is the general opinion that such a contest is well worth while for several reasons, principally that while plowing is a basic operation in raising a crop there is very little uniformity in plowing, very few standards set, and as a whole, plowing is rather badly done.

The contest will have five classes—a walking plow class, a boys' walking plow class, a sulky plow class, a tractor single bottom class and a tractor gang class. Besides the contest, which will last all day, there will be, in another part of the field, demonstrations of the various makes of plows, also the proper adjustments of the various makes of plows, both walking and tractor. The County Farm Bureau and the various business men's organizations of the towns mentioned will finance the contest. The exact location of the contest has not been decided but will be somewhere midway between the four towns.

Sometimes a wife can read her husband like a blank book.

Items Gleaned from Newspaper Exchanges and Other Sources.

Imlay City—The much talked of matter of paving M-53 between Almont and Imlay City has been brought before the administrative board at Lansing and was referred to a special committee for action.

Harbor Beach, right on Lake Huron, is sending her Boy Scout Troup to Manistee Lake, 244 miles from Harbor Beach, for their annual camping trip.

Crosswell—City authorities have started a clean up of the noisy automobile. A fine of five dollars was imposed on one who drove a car which persisted in back firing.

Sandusky—This city has purchased the Greenwood cemetery. Mayor Tweedie has appointed a board of directors to take over the management and maintenance.

Port Austin—The old Jonas R. Laerned home at Port Austin has been purchased by the American Rescue Workers and will be converted into a children's home in the near future. It is planned to have 50 orphans living there in the next few weeks.

Bad Axe—There are said to be only seven lawyers in Huron county and all but one live in the county seat. Ten years ago there were 21 in the county and almost every town in the county had at least one.

Pigeon—This town, with Governor Fred W. Green, as a guest, dedicated the first fire truck Pigeon has ever had on Aug. 2. The new truck, which will be manned by the volunteer firemen, has a capacity of 400 gallons per minute and is a combination chemical and water machine.

Bad Axe—Travelling on foot, Abraham Sambad of Philadelphia passed through Bad Axe Monday on his way to Mackinaw and other points around the Great Lakes. He left his home in March and plans to cover approximately 2,000 miles on his journey, he said.

Brown City—The supreme court has upheld the decision of the St. Clair county circuit court in awarding a judgment of \$22,000 to John Cawood, automobile dealer of Port Huron and formerly Banner editor here. The suit was against the Earl Paige Co. and grew out of injuries received by Cawood when he was run down by one of the company's trucks.

Bad Axe—The formal opening of the new \$14,000 city hall at Bad Axe was held Thursday. The first floor contains the city library, city offices, public assembly hall and polling room and rest rooms. On the second floor will be the American Legion headquarters, firemen's hall and club rooms. The co-operative efforts of the city council, Bad Axe Woman's Club, firemen and the American Legion made the building possible.

Sebawaing—Prospecting for oil in western Huron county will begin within a week by the Sebawaing Prospecting Company, Limited, a local organization, in conjunction with the Pure Oil Co., of Columbus, O., a

TIME TO SPRAY TUSCOLA'S EXTENSIVE POTATO CROP

Now is the time when potatoes should be sprayed with a high pressure sprayer, which covers both the upper and lower surface of the leaves, with Bordeaux mixture, to keep off the leaf hoppers and the various blights. Plants which are affected with leaf hoppers (which, by the way, cannot be poisoned) begin to dry up at the tip of the leaves and quit growing long before they should. This of course reduces the yield. Leaf hoppers also carry plant diseases from plant to plant by sucking the juice of a poison plant and transmitting it to a healthy plant when they feed on that. Bordeaux mixture does not kill them, but by coating the leaf with the lime and copper sulphate it keeps them away so they do not attack it. The potato crop of Tuscola county last year was worth two-thirds as much as the sugar beet crop and surely such a crop needs attention. The Potato Show at Mayville will be held this year on Nov. 8, 9 and 10. Every effort should be put forth to see that Tuscola county has a creditable exhibit.

Church Calendar

Methodist Episcopal—Ira W. Cargo, pastor. Services for Sunday, Aug. 14, are class meeting at 10:00; morning worship with sermon, "The Sinfulness of Sin" at 10:30; Sunday School at 11:45.

The union evening service will be held in the Methodist church at eight o'clock. Everyone is most cordially invited to these services.

Erskine United Presbyterian—F. T. Kyle, pastor. The pastor will be home from Lake Orion and will preach both morning and evening.

Evangelical—There will be no Sunday School or church service here on August 14 and 21, because of the Evangelical Assembly at Bay Shore Park, Sebawaing.

Baptist—Morning service on Sunday at 10:30. Rev. Leckliter, a representative of the Anti-Saloon League, will deliver the address. Sunday School at 12:00 m.

Wickware M. E.—Pastor, W. Firth. Church worship, 10:30 a. m. Sunday School, 11:30 a. m. Come out and worship with us. We welcome you. Church night meeting on Wednesday evening at the home of Mr. and Mrs. John Hinds. We are taking a study of the Book of Ruth. Come out and you will enjoy this beautiful book.

A chicken supper was held in the basement of the Cumber church on Wednesday evening. Over 200 people sat down to a splendid repast. A little over \$100 was added for the carrying on of the work of the church. Many thanks to everybody who helped in any way to make it a success.

The man who is always hunting trouble never had need to borrow any.

Lots of men secretly envy the tramp's don't care disposition.

LOCAL HAPPENINGS

Ray Hagadorn drives a new Pontiac sedan.

Mr. and Mrs. B. F. Benkelman spent Tuesday at Decker.

Born to Mr. and Mrs. Harold Evans of Detroit on Monday, a son.

Carl Sherman underwent an operation for appendicitis on Monday.

Miss Zemke is spending a few days this week with relatives in Caro.

George Burg underwent an operation for removal of tonsils Monday.

Miss Helen Wilsey of Ann Arbor spent the week end at her home here.

Mrs. T. H. Wallace left Sunday for a visit with her daughter in Grayling.

Mrs. J. Joos left Saturday for a week's visit with her daughter in Saginaw.

Mr. and Mrs. B. A. Elliott and Mrs. Leonard Buehrly spent Tuesday at Clifford.

Miss Theresa Curtis of Detroit is visiting relatives in Cass City this week.

Mr. and Mrs. Earl Mellick of Harbor Beach spent Sunday at the N. Mellick home.

Floyd Laurie of Royal Oak spent Sunday at the Chas. Bixby and N. Mellick homes.

Miss Ethel Carter of Pigeon spent from Monday until Thursday at the Henry Thiel home.

Mr. and Mrs. Ray Hagadorn attended the Hagadorn family reunion at Dryden on Sunday.

Mr. and Mrs. James Walters and Leonard, Lee, of Ferndale spent the week end at the B. Crane home.

Mr. and Mrs. J. E. Pease of Mt. Pleasant are spending two weeks at the B. F. Benkelman home.

Miss Belva Ferguson left Sunday to spend three weeks with her sister, Mrs. J. Hamilton, in Detroit.

Mrs. Sutliff of Caro is managing the A. & P. store during the absence of the manager, S. A. Striffler.

Miss Whitman, a nurse at the Pleasant Home Hospital, is spending a week's vacation at her home in Ithaca.

Mr. and Mrs. Rice and Miss Ruth Rice of Minden and Mrs. Julia Gay visited friends in Bay City and Saginaw Thursday.

Mr. and Mrs. E. A. Zemke and children spent a few days last week as guests of Mrs. Zemke's sister, Mrs. Albert Lintz, at Turner.

Dr. and Mrs. F. L. Morris and daughter, Nancy, and Miss Moody spent the week end at Miss Moody's home at Ravenswood, Canada.

Wm. Comb and Robt. Dilman of Ann Arbor came Sunday to spend two weeks at the home of the latter's parents, Mr. and Mrs. John Dilman.

Mr. and Mrs. Andrew Muntz and Mrs. Stanley Muntz and little daughter, Joan, returned last Monday from a trip to the northern part of the state.

Mrs. Ward Law attended the graduating exercises of her daughter, Miss Flossie, at Ypsilanti Thursday. Miss Law has been engaged to teach in the Hull school near Sandusky.

Mr. and Mrs. Roy Allen and son, Merritt, Mr. and Mrs. Frank Reid, Mr.

and Mrs. John Allen and Mrs. I. K. Reid attended the Allen family reunion at Lake Pleasant on Sunday.

Mr. and Mrs. Loren Brown, Mrs. Eva Maharg, Mr. and Mrs. B. Crane, Mrs. Violet Bearss, Mrs. Wm. McBurney, Samuel Crane, and the Misses Katherine, Florence and Flossie Crane spent Sunday at Caseville.

Mrs. F. Simmet and grandson, Harley Simmet, of Middleton, Mrs. Elizabeth Mann and Miss Lucile Mann of Carson City and Miss Bertha Simmet of Ithaca visited relatives in Cass City from Sunday until Wednesday.

James Hamilton of Detroit spent the week end at the home of Mrs. Blanche Ferguson. Mrs. Hamilton returned to Detroit with him on Sunday after spending a few weeks with her mother, Mrs. Ferguson.

SILO IS TOMB FOR ROWDY CORN BORER

Ensilage Process Destroys Pest; Remaining Stubble Should Not Be Over 2 in. High.

The silo is an effective and practical device to control the European corn borer, according to Prof. H. H. Musselman, agricultural engineer at Michigan State College.

Tests, which have been performed by entomologists, have shown that the ensilage process destroys corn borers. For this reason, the silo has become known as the corn borer's tomb.

It is very important in harvesting the crop, Prof. Musselman says, that the corn be cut within two inches of the ground; otherwise, the remaining stubble is very likely to contain a high percentage of borers. Low-cutting attachments for corn binders have been found to be practical in keeping the height of stubble down within two inches, which is considered good control practice.

The silage cutter should be set to cut the fodder corn in one-half inch lengths. The borers which escape this destructive operation are destroyed by the silage acids.

The silo is generally recognized as one of the best means of supplying succulent feed to dairy animals. Where a number of milk cows are kept, the use of the silo represents good farm practice and saves considerable labor when the work of feeding and harvesting is taken into account.

The silo as a means of corn borer control fits into present farm practice and does not involve extra operations, except when it is not possible to cut the crop within two inches of the ground. This problem can be met by plowing under the stubble. As Michigan is a dairy state to a large extent, Prof. Musselman says that farmers should take advantage of the silo as a means of borer control.

THUMB GRADUATES AT MT. PLEASANT NORMAL

One hundred seventy-seven were graduated from the Central State Teachers College at Mt. Pleasant. Graduates from the Thumb district include the following: David Frye, A. E., Bad Axe; Geo. Carpenter, life certificate, Caro; Abina Garety, limited, Cass City; Violet Duffy, Caseville; Louie Capeling, limited, Harbor Beach; Irene Taschner, life, Sebawaing; Mamie Honeywell, limited, Unionville; James Hutchinson, A. E., Yale.

HOT TIME PAINTING TANK.

H. J. McKay and his force of painters have been engaged the past week in painting the tower tank of the village water works system. The inside of the tank was given two coats and the outside and standard one coat. Painting the inside of the tank was such warm work that some of it was done in the night when the temperature was lower.

SUBMITS TO OPERATION.

John Brackenbury, who left Cass City Aug. 3, after visiting his parents, Mr. and Mrs. James Brackenbury, for Plymouth, Mich., where he planned to visit his brother and sister for a few days, was taken critically ill that night. The following day he was taken to Providence hospital, Detroit, where he underwent an operation for appendicitis on Friday.

BIG ENTERTAINMENT FEATURES AT FAIR

Eight Distinctly Different Attractions Besides Races, Baseball and Fireworks.

George Hoaglan, veteran outdoor showman, who will present his hippodrome circus at the Cass City Fair Aug. 15-19 is a firm believer in the idea that versatility is a paramount necessity among today's successful entertainers. Time was when one single feature would please and suffice, but today, competition in the outdoor show world demands the varied and unusual program. Hoaglan's company offers no less than eight distinctly different attractions, and he finds it necessary to carry his animals and paraphernalia in a seventy foot railroad car in order that each number in his performance may be properly staged and produced.

Twelve horses are used in his grandstand entry. As many as eight beautiful Russian wolf hounds are seen in the arena. Mules are carried for the comedy derby, and auto-pole cars, for the most exciting of all sports, are among his equipment. Another fast and daring sport, originated by cowboys on the plains of Texas, called horse-push-ball, will be played by expert riders.

With horse races and ball games on Tuesday, Wednesday, Thursday and Friday afternoons and fireworks in the evenings, the entertainment program is an elaborate one for next week.

Cass City's line-up for the opening game on Tuesday with Clifford is as follows: Grant Patterson, rf; Sarl Emery, 3b; Wm. Ryan, 2b; "Pat" Graham, c; Jas. Scott, p; Wm. Evo, 1b; H. W. Holmes, cf; "Abbie" Ward, lf; Chas. Parsell, ss.

Happenings of a Quarter Century Ago

Items from the Tri-County Chronicle of Aug. 8, 1902.

Sixty citizens have signed a petition to the council asking that a municipal telephone plant be established and have promised to pay \$1,400 to the village in order to provide funds to establish the plant, the money being refunded to the signers in telephone rentals at the rate of \$5 a year for a residence and \$10 a year for a business place. Village President Heller appointed Trustees Lee, Campbell and Schenk of the council and H. L. Pinney and J. D. Crosby of the citizens' movement as members of a committee to investigate the plan.

L. C. Purdy & Co.'s hardware store at Gagetown was broken into early Thursday morning and \$6,000 to \$7,000 worth of notes stolen. The burglars entered through a rear window. The Baptist house of worship is nearly completed and will be reopened on Thursday, Aug. 21.

Mrs. Rachel M. Dillman, wife of James Dillman, died Tuesday evening following an attack of apoplexy. Mrs. Lucy Phelps of Kingston celebrated her 95th birthday last week and is still vigorous and strong.

J. D. Crosby won the trap shooting contest Monday in breaking 17 of the 25 rickers trapped. Other records: W. F. Ehlers, 16; S. Champion, 15; John Ball, 13; N. Livingston, 12. M. Sheridan "dropped" 10 out of 21 and Louis, 10 year old son of E. A. McGeorge, succeeded in hitting one out of three.

The seven wells which were drilled at Bad Axe for the beet sugar factory water supply prove on the test to be good for 4,000,000 gallons per day. Striffler & McDermott have sold two carloads of Champion machinery during this season.

F. E. Crook of Carsonville is the new assistant at the lumber yards here.

Miss Elsie Klump left for Kalamazoo Tuesday morning where she has accepted a position in the asylum.

Dynamite to Blow Ditches in Tuscola

N. A. Kessler of the Agricultural Engineering Department of the Michigan State College, was in Tuscola county Tuesday, Aug. 2, and met with the officials of the County Drain Commissioner's office, going with them to Shay's Lake where they investigated the matter of blowing some ditches where the dredge ditches empty into and out of the lake. There seems to be some soft material that it is impossible for the dredges to work in and Mr. Kessler will use dynamite to blow this out. This will be done some time along the fore part of September and announcements will be made so the people will have an opportunity to attend.

This is another one of the many cases in which the extension department of the College is helping the people of the State.

"ONLY THROUGH EDUCATION CAN BEST VALUES SURVIVE"

The following is quoted from Antioch Notes, February 15, 1927, the official publication of Antioch College: "Any single generation creates very little of its own culture. Customs and opinions are the accumulation of ages. Once originated, a custom or outlook continues indefinitely until interrupted by some other influence. Much of what we call inborn racial character is but social tradition. "Follow back the gentleman with his cane, and he merges into the savage with his war club. The Christmas tree is an unbroken tradition from North European tree worship. Metropolitan New Year's eve orgies trace back without a break to the Roman Saturnalia. The war spirit and excessive nationalism herd solidarity. Chivalry, generosity and friendship are similarly transmitted. "Whether good, bad, or indifferent, traditions continue indefinitely, unless contact with the past is broken, until they are crowded out by other usages. As communication spreads over the earth, people come into contact with a continually increasing variety of competing traditions, of which they can absorb but a small part. "Some of these are stimulated by commercial exploitation. The most recent inventions are used for transmitting the oldest outlooks. Prurient tabloid dailies, suggestive magazines and vulgar movies perpetuate traditions which probably have continued without a break from pre-human times. Because of their widespread circulation these agencies threaten to standardize American minds on their level. "Against these destructive elements stand the home, the state, the church, and the school. At their best they fight for those traditions which count for fitness and strength. In different periods different institutions are supreme. Today it is education. "In the relentless competition of custom and tradition for lodgment in men's minds, education is the great selective agency. If it does its work well, superstition, prejudice, bad taste, vulgarity, and indulgence is crowded out, and intelligence, integrity, critical inquiry, good will, self-control, and a sense of beauty find room. Only as education makes wise selection can the best values survive.

NEWS REVIEW OF CURRENT EVENTS

Coolidge Startles Nation by Renouncing Chance of 1928 Nomination.

By EDWARD W. PICKARD

NOT in many years has the United States had a political sensation equal to that caused by President Coolidge's statement removing himself from the list of candidates for the Republican nomination next year. The statement, handed to the correspondents at Rapid City without comment, was merely: "I do not choose to run for President in 1928." Obviously this is susceptible of several interpretations. While it is generally accepted that Mr. Coolidge does not seek or desire the nomination, many believe that if his party insists on "drafting" him he will not decline the honor. However it is evident neither he nor his supporters will make a pre-convention campaign, and therefore the field is open to all.

As to Mr. Coolidge's reasons for this unexpected action, one guess is as good as another for he has vouchsafed no explanation. The Middle West agricultural group are satisfied that he became convinced that he had not won over the farmers to his views on farm relief despite his vacation among them. Others think that, being a profound traditionalist and a good judge of political trends, he became impressed with the danger of setting a third term precedent, and that his popularity might wane with this; also perhaps he could foresee the end-of-the great reductions in public expenditures, in the probable new navy costs and in the necessity of putting out huge sums for flood relief and farm relief. In yet other quarters, especially in European capitals, it is thought that the main reason for the President's renunciation was the failure of the naval limitation conference in Geneva.

Every Republican politician who has called on Mr. Coolidge at the summer White House has assured him that the nomination was his for the asking, and to none of them had he intimated that he did not desire the honor. Mrs. Coolidge is said to have known of his intention and to have urged him to retire while at the height of his popularity and at the peak of his mental and physical strength.

Supporters of a dozen potential candidates for the Republican nomination got into action swiftly on the announcement of the President's decision. Of the possibilities, Frank O. Lowden had the best start, his friends being organized in various states. Next to him, perhaps, stands Secretary of Commerce Herbert Hoover, whose nomination is advocated by many party leaders. Both these men are popular in the South, Middle West and West, and neither is to be considered weak in the East. Vice President Dawes, an advocate of the McNary-Haugen farm relief measure, would have strong support if he went after the nomination, his personality making him very popular. But Mr. Dawes will not be a candidate so long as Mr. Lowden has a chance. Conservative Republicans in considerable numbers might be expected to favor Speaker Nicholas Longworth or Charles E. Hughes. Senator William E. Borah of Idaho must be considered among the possibilities, and the radical Republicans of the old LaFollette group are being lined up by Senator Brookhart for Senator Norris of Nebraska. In Ohio the Coolidge following turned to Senator Simeon D. Fess.

Probably the President's action will have no great effect on the contest for the Democratic nomination. However, if he is not nominated in spite of himself, the Democrats will be deprived of the "third term" issue, which might have been useful to them in the campaign.

JAPANESE delegates to the Geneva naval conference made a last hour attempt to save the parity by suggesting a compromise on cruisers and what amounted to a navy building holiday until 1931. But this was not acceptable to the British and little more so

to the Americans, so with the plenary session on Thursday the conference came to an inglorious end. Since the British would not yield in their demands, which meant continued supremacy on the seas, the American delegates, especially the naval experts, were glad to have the conference close without their having to make humiliating concessions for the sake of reaching an agreement. At the final session each delegation made a formal statement, a joint communique was issued by the conference as a whole, and the delegates left for their homes without ill feeling. It is stated unofficially that President Coolidge will call another naval disarmament conference before his term ends, early in 1929, and that he will ask that it hold its sessions in Washington.

GOV. ALVAN T. FULLER of Massachusetts, after his long and careful investigation of the case of Nicola Sacco and Bartolomeo Vanzetti, decided that the condemned murderers should be executed on August 10. He said he was convinced that the two men were guilty of murder, that no evidence had been produced that warranted a new trial, and that their previous trial was fair and without prejudice. He could find no ground on which clemency could be claimed or granted. In reaching these conclusions the governor was aided by the advice of President A. Lawrence Lowell of Harvard, President Samuel W. Stratton of Massachusetts Institute of Technology and former Probate Judge Robert Grant. This commission arrived unanimously at a decision that was the same as that of the governor. Mr. Fuller spared no pains in his inquiry, interviewing the condemned men, the witnesses, the jurymen and Judge Thayer, who presided over the trial and who was accused of prejudice in its conduct. He also talked at length with Celestino Madellos, the condemned murderer who made a confession that was designed to clear Sacco and Vanzetti of the charge against them. This confession, the governor was convinced, was false. The only remaining hope for the two men was that President Coolidge might intervene, but at Rapid City it was stated that this was not expected, since the President had always held that the case belonged wholly within the jurisdiction of the Massachusetts courts.

Word of Governor Fuller's decision was sent immediately to all American consulates and extra guards were provided in foreign cities where demonstrations in favor of Sacco and Vanzetti had occurred in the past. Radicals here and abroad, who have always held the men were convicted because they were radicals, tried to stir up disturbances in various places and it was announced that a general strike would be declared throughout Argentina. The radical press in Paris was enraged and undertook to create a sentiment there against the American Legion which is to convene in Paris.

PRESIDENT AND MRS. COOLIDGE journeyed to Deadwood Thursday and 300 Sioux Indians in full war paint and feathered headdresses welcomed him as the great white father and a big chief in their tribe. They kicked up their knees and bent their heads forward as the tomtoms beat out the message into the surrounding mountains that a new chief awaited their crown of eagle feathers, and Mr. Coolidge, equally pleased over his novel experience, looked forward to talking away with him the title of "Chief Leading Eagle."

Well to the fore were Chief Chauncey Yellow Robe, his daughter, Rosebud, and Chief Standing Bear, who were chosen to perform the coronation, and with them were Chiefs Kills a Hundred and Crazy Horse with a coronation speech in the Sioux language that was translated to the assembled crowd.

The celebration which President and Mrs. Coolidge attended, of which the Indian coronation was a part, was a reproduction of the frontier days in 1878, when Deadwood was the center of the Black Hills gold rush.

FIFTEEN planes are entered in the great aerial race from San Francisco to Hawaii for the \$35,000 offered by James D. Dole. The race starts on August 12 and the prizes go to the first

two to land on the island. Three of the aviators will make the flight unaccompanied. Among the others are two women, Miss Mildred Doran of Flint, Mich., and Mrs. W. P. Erwin of Dallas, Texas.

Another attempt of British aviators to make a nonstop flight to India failed when the plane piloted by C. R. Carr and E. C. Dearth was forced down in the Danube river near Lienz. Neither man was injured. After a lot of quarreling, Charles A. Levine and Maurice Drouhin, the French pilot, reached an agreement concerning the pay the aviator is to receive for flying the Columbia back to the United States and the insurance for his wife and family. It was understood the flight to New York might be started within two weeks.

For the benefit of the air mail service, Clarence Chamberlain made a successful test of taking off from a platform constructed on the deck of the Leviathan when the vessel was 80 miles out from New York. It was demonstrated that several hours could be saved in the landing of European mails.

SEYMOUR LOWMAN was sworn in as assistant secretary of the treasury in charge of prohibition enforcement, succeeding Lincoln C. Andrews. He said one of his greatest tasks would be the curbing of the radicals, both wets and dries, indicating that he would endeavor to pursue a middle ground policy. Next day he announced a shift in the machinery of his office. Positions of five zone supervisors were abolished. Maj. H. H. White was transferred from the post of assistant commissioner of prohibition to a new position known as general supervisor of field offices. Having just completed the reorganization of the Washington office of the prohibition bureau, Major White will now undertake the reorganization of branch offices throughout the country. Shakeups in some of the districts are in prospect.

IGNORING the walls of New York, Philadelphia and other Eastern cities, Tex Rickard decided last week that the Dempsey-Tunney prize fight for the heavyweight championship should take place in Chicago. The South park commissioners there agreed to lease the Soldier Field stadium to the promoter for \$100,000 for the one night. At first September 15 was selected as the date of the battle, but Jack Dempsey said he would not be ready before September 22, owing to his wife's illness and other matters, so the latter date was agreed upon. It is expected that the fight will draw a gate of at least \$2,000,000.

GOVERNOR DONAHEY and other Ohio officials were on edge all week with the prospect of serious trouble due to the determination of the coal operators of the state to reopen their mines on a non-union basis. The authorities at all mining centers were ready to do their best to keep the peace, and the governor was ready to send troops into the field as soon as it was evident civil authority had fallen down. He urged the miners and operators to reconvene their wage conference which ended in a deadlock at Miami last spring, and asked the co-operation in this plan of Governors Small of Illinois, Jackson of Indiana and Fisher of Pennsylvania.

AMERICAN tourists in Italy had a fine time witnessing the eruption of Mount Vesuvius, and throngs of them climbed to the summit of the volcano for a closer view of the sublime spectacle. Meanwhile the inhabitants of towns threatened by the outpouring of lava were abandoning their homes, though the director of the Vesuvius observatory thought the volcano would soon return to normal.

DOWAGER QUEEN MARIE of Rumania was put on the Rumanian pay roll at \$125,000 a year by the national council. The boy king, Michael I, was granted \$110,000 a year. Smaller grants were made to other members of the family of the late King Ferdinand.

Premier Bratiano has become virtual dictator of the country, for the regency is composed of three weaklings. Politically and militarily the premier is taking the fullest measures to frustrate any plans Prince Carol may have for gaining the throne.

ELKLAND.

WHEAT GROWERS: TAKE NOTE

\$366.60 Added Profit On 15 Acres of Wheat

Francesville, Ind., Sept. 24, 1926

The American Agricultural Chemical Company, Detroit, Mich.

Sirs: Last Fall I used "AA QUALITY" Fertilizer on part of my wheat. The part that was fertilized yielded 20 bushels more to the acre.

Yours very truly,

(Signed) JOHN SALTWELL

Definite figures from other farmers in this locality tell the same story. Greatly increased yields as high as 49 bushels an acre. Average increase, 14 1/2 bushels.

You too can make such increased profits if you select your fertilizer on its crop-producing record. The sure way to do this, is to insist on getting "AA QUALITY" Fertilizers.

THE AMERICAN AGRICULTURAL CHEMICAL COMPANY Sales Office and Works P. O. Box 814, Detroit

Look for the "AA QUALITY" seal on every bag of fertilizer. It stands for 60 years of manufacturing experience.

This seal guarantees more than correct chemical analysis—it assures you of proven crop-producing value.

Best known to you under these Brands

Mr. and Mrs. Peter Link and Miss Ellen Link of Ruth and Sisters DeLores, Frances Lauretta, Germaine, Catherine and Stanulus of Gageton spent Tuesday at the Wm. Martus home.

Mrs. Pinney's class of the Presbyterian Sunday School had a shower for Mrs. Dugald Krug on Friday night at the Pinney home. Many beautiful and useful gifts were received by the bride. Each guest hemmed one end of a towel during the evening. Refreshments, consisting of ice cream and cake were served.

by larger tires on smaller wheels. Artillery wheels of 19 inch diameter are combined with 29 by 5-50 inch balloon tires. The spokes of the wheels are of larger diameter than used heretofore.

Among the more important, new mechanical features are a gasoline pump to supersede the long familiar vacuum tank—a new system of crankcase ventilation to reduce oil changes to a minimum and triple sealed oil protection by gasoline, air and oil filters.

A new and softer acting clutch, a new and smoother transmission, a new bearing crankshaft, a 15 plate battery and new oiling system are among the noted features of the car.

Chrome plating, which is non-rusting, preserves the bright finish on the nickel plated radiator shell and rims of head and cowl lamps and on the door handles of the sport models.

The new engine has a displacement of 212 cubic inches and is of the six cylinder L-head type, cast en bloc with the crankcase and cylinder block integral. It has a 3 1/4 inch bore and 4 1/4 inch stroke and develops 60 brake horsepower at 2,800 r. p. m.

The center assembly consists of speedometer, gasoline gauge, oil pressure gauge and ammeter, glass covered and indirectly lighted. On the left the assembly consists of a combination lighting, ignition and backing up light control switch. On the right, the assembly consists of the combination choke and throttle units, all engraved in oak leaf motif and finished to match the body hardware. The instrument assemblies have silver platinum dials and are also engraved with the oak leaf design.

The new Oakland "All American" Six Chassis is constructed on a long, deep frame rigidly braced by five heavy steel cross members and further re-inforced by the rear part of the engine which forms a sixth frame support. Oakland's rubber silencing design—on engine supports and through the drive, eliminates transmission of chassis noises.

Springs are mounted parallel to the frame, front springs being of carbon steel and rear springs of special alloy steel. The new rear axle ratio is 4:45 to 1.

The engine, transmission and clutch are all mounted as a unit power plant. The crank case extends 2 3-4 inches below center line of crankshaft, and is heavily ribbed, giving exceptional strength and stiffness.

A prominent feature of the engine is the specially designed removable cylinder head, a new creation from

ment. In addition to being correctly proportioned for strength and lightness, each combustion chamber had a uniquely designed "step shaped" profile so as to break up unvaporized fuel and give a uniform burning of the gas. The employment of four curves in the sides of the combustion chamber effectively eliminates detonation. The four bearing crankshaft is drop forged and counter balanced and weighs 78 1/2 pounds. Counter weights are forged to the shaft. Costly bronze backed, rabbit faced interchangeable bearings are used on the crankshaft. This bearing construction was introduced by Oakland four years ago. The connecting rods are drop forged from steel. Pistons are of semi-steel and 4 inches in length.

The Oakland "All American" Six fuel system has been designed and built for reliability. The vacuum tank has been replaced by a fuel pump, positive in action, which means that the car will never lack for fuel on the hills.—Advertisement.

NOVESTA.

The South Novest Farmers Club will have a supper and evening program at the A. H. Henderson home on Friday, August 19.

Mrs. Holtz has had her residence much improved. Jas. Spencer did the painting and carpenter work.

Mr. Cooper of Detroit came up Sunday after his two little boys who have been enjoying the farm several weeks as guests at the Holtz home.

Miss Mary Holtz is spending the week visiting at the home of D. J. Aiken at Applegate.

Deadly African Fly

Tsetse is a small, brownish fly found in the warmer parts of South Africa, particularly in the central part of the Zambezi valley. Its bite is fatal to most domestic animals, but harmless to wild beasts, goats and asses. It is now known to disseminate sleeping sickness among the natives.

OAKLAND ANNOUNCES NEW "ALL-AMERICAN" SIX

Wealth of Advanced Engineering Features Offered in New 117 Inch Wheelbase Car.

Entirely new in design—larger, more powerful, more roomy—with a wheelbase of 117 inches, new engine, new chassis, new Fisher bodies, new Duco colors and a host of advanced engineering features—the Oakland All-American Six is being presented throughout the nation this week.

Despite the larger size of the cars, the advanced engineering design and the more luxurious finish, they are offered at low new prices.

The size and low-slung appearance of these cars may be gleaned from the fact that they have an overall length of 175 inches between bumpers, a road clearance of 8 5-8 inches and a height of but 70 inches from the ground to the top of the roof. Although the entire car has been lowered, no head room has been sacrificed in the spacious interior.

The low lines of the car are emphasized by a high, narrow radiator, sweeping full crown fenders, lower running boards, oblong windows, a double row of beading, and especially the General Motors Research Depart-

ZEMKE'S STORE

CASS CITY

Local Items

Rev. Leon Wiloughby of Monroe was a caller in Cass City Tuesday. Mr. and Mrs. Benjamin Benkelman, jr., were callers in Saginaw Monday. Miss Betty Lee Crawford of Caro spent the week with Miss Helen Turner.

Frances Elliott was a caller in King-ton Tuesday. Wm. Shay of Clifford was a caller in town Monday. Miss Flossie Law will teach near Sandusky the coming year.

Donald McLachlan left Thursday for Detroit where he is employed. Colin Kennedy of Strathroy, Ont., is visiting at the home of his uncle, M. Ferguson.

One can note this feeling in the desire of many people in the larger cities to get out into the suburbs and live where they can see and help things grow. True, their view of farming in such a case is ridiculously small.

Mrs. Stanley Allen was able to leave the hospital on Monday. Miss Dessy Edwards of Bad Axe left the hospital on Wednesday.

BEANS AND HER MODEL. (© by D. J. Walsh.) "CAN of beans, Miss?" The apple-cheeked grocery clerk asked the question with a note of assurance that indicated a good deal of familiarity with the habits of his customers and with those of the slim blue-eyed girl in the blue suit that had been pressed and repressed until the threadbare material shone with a determined shininess that fairly proclaimed its out-lived usefulness.

The girl blushed. "He did introduce me to a young man," she admitted, "but I was so busy thinking about getting an order I didn't remember you."

Bible Thoughts for the Week

Sunday. Thy Keeper.—The Lord is thy keeper; the Lord is thy shade upon thy right hand.—Ps. 121:5. Monday. The Road to Want.—He that oppresseth the poor to increase his riches, and he that giveth to the rich, shall surely come to want.—Prov. 22:16.

OBITUARY—MRS. JOSEPH VOSS.

Mrs. Joseph Voss passed away unexpectedly at the Morris-Cridland hospital, Cass City, on Thursday afternoon, Aug. 4. Mrs. Voss had undergone a serious operation two weeks previous, but was thought by her friends to be gaining nicely when she suddenly passed away without warning.

FARMING AND FINANCE

Lack of Farmers Handicaps Canada. Babson Park, Mass.—(Special)—Necessarily, the business outlook in Canada for this present year depends chiefly on the crops that are raised in that neighboring country—and the prices the Canadian farmer receives for them.

Under Many Flags

Florida has changed ownership nine times. Spain held it from 1513 to 1718; France, 1718 to 1723; Spain, next to 1783; Britain, next to 1781; Spain, to 1818; the United States, 1819; the Confederacy, from 1861 to 1865; and the United States, since 1865.

Character Revealed

To be tempted to anger and hold the rebellious tongue in silence, to rein in the tempestuous spirit—that is the height of good breeding. It is also the indication of a great character.—Exchange.

Hope of the Eminent

"We eminent persons," said H. H. Ho, the sage of Chinatown, "parade our pictures to the world, hoping to be judged more by magnificent appearance than by what we write or speak."—Washington Star.

(56 lbs.) 1.00; Beans, cwt. 5.60; Barley, cwt. 1.30; Buckwheat, cwt. 1.75; Baled hay, ton 7.00; Wool 28; Eggs, dozen 35; Butter, lb. 4; Cattle 12; Calves, live weight 9; Hogs, live weight 15; Hens 22; Hides 24.

HOSPITAL NOTES.

Mrs. Edward Glasgow of Bad Axe entered the hospital on August 3 and was operated on for goitre the following day. She has improved nicely and will leave the hospital today.

GARLAND ENTRY. The Cass City Fair entertainment program next week opens with an impressive garland entry in which twelve beautiful high school horses are used.

Mrs. Helen Turner underwent an operation for removal of tonsils at her home on Wednesday. Mrs. J. R. Stevenson of Chicago is caring for her.

Rev. and Mrs. C. F. Smith left Tuesday for Bay Shore Park, Sebewaing, where they will spend two weeks attending the annual Evangelical Assembly.

Given Long Prison Term

Roy Gardener, a notorious train robber of the West, was imprisoned six years ago in the Arizona state penitentiary.

Won Fame as Biographer

James Boswell, born in Edinburgh in 1740, came of a family that had distinguished itself at the Scottish bar and on the bench.

Charming Brick and Stucco Home Just the Thing for Small Family

By WILLIAM A. RADFORD
Mr. William A. Radford will answer questions and give advice FREE OF COST on all subjects pertaining to practical home building, for the readers of this paper. On account of his wide experience as editor, author and manufacturer, he is, without doubt, the highest authority on all these subjects. Address all inquiries to William A. Radford, No. 1827 Prairie avenue, Chicago, Ill., and only inclose two-cent stamp for reply.

According to all indications, the big demand by home builders for several years to come will be for small homes. Thousands of families, in an effort to get away from the exorbitant rents of the apartments in the cities, will build homes of their own, and because of the cost and their limited means, these homes will necessarily be small. But they will be as complete and just as modern as any pretentious home on an exclusive boulevard. The building art has been developed to the point where the small home can supply the same comforts and conveniences that the larger and more expensive one has heretofore had alone.

With a small home the man is not worried over rents, not worried over a place for his children; he has plenty of room to turn around in, plenty of fresh air to breathe. And he is an independent citizen keenly interested in civic affairs because he is a taxpayer. For the man of small family and moderate circumstances the charming little home shown in the illustration is most excellently adapted. It is attractive in appearance, reasonable in cost, and thoroughly comfortable from the standpoint of number of rooms, arrangement and equipment. Much of the comfort of a home depends upon the interior arrangement, for that is where the members of the family live and spend most of their time.

This house is brick and stucco in construction, with a gable roof covered with prepared roofing shingles. The brick extends up about half way above the first floor. Set back as this home is on a terrace, it is reached by a very picturesque succession of stone stairways and walk.

The front porch is quite large, extending the full width of the house and screened in so as to make an admirable lounging place on the warm days. Recessed as it is under the main roof, the porch is well protected by solid walls on either end. The front door is a single door, artistic in design. It opens into a small reception hall, which leads to the large living room on the left. These rooms are connected by a cased opening.

The living room is an extra large room, ideal for the family lounging and resting room. In the outside wall is a large open fireplace, and on one side of this fireplace is a wall bookcase.

Between the reception hall and the kitchen, which is at the rear of the lower floor, is the grade entry and staircase to the second floor. The kitchen is a splendidly arranged room, equipped with many labor-saving devices of a novel nature, such as the built-in hinged ironing board which fits snugly, when not in use, into a niche in the wall, and various cupboards for utensils and the like. At one corner in a sort of wing is the pantry, a large room designed to be a storage and work room. It is also fitted with several space-saving features of which the outdoor icing refrigerator will find much favor with the housewife. A swinging door con-

nects the kitchen with the dining room. The upper floor or half story, for this house is what is familiarly known as a story-and-a-half house, contains the two bedrooms, bathroom and a small alcove, 8 by 6 feet, which can be used as a sewing room. The bedrooms are of comfortable size, 11 by 12 feet, and well lighted and ventilated by a row of windows in the front and rear dormers. Each bedroom has adequate closet space for clothing. The front bedroom opens out on to a small balcony with special prepared canvas flooring.

There will be thousands of small homes like the one shown here built

Second Floor Plan.

this summer and fall. If they are planned along the same substantial lines, there need be little fear that they will not prove to be comfortable and ideal homes. Only through the protection and continued prosperity of the home can the nation hope to survive. In face of the present acute shortage it is imperative that building be started and carried out on a large scale. Otherwise we may have disturbances of a far-reaching character.

Rough Wall Finish Is Easily Obtained

Textured interior finishes, according to noted interior decorators, are not merely a fad, and as such doomed to early obscurity, but are a distinct contribution to the art of lovely interiors. Furthermore, they have a historical background in that textured interiors were a part of almost all great architectural periods—the Greek, Italian, Spanish, French and English.

Such finishes have physical as well as esthetic qualities to recommend them. A textured wall and ceiling, for example, break up and soften light waves and thus "tone" the atmosphere of a room. They also break up sound waves and thus improve a room's acoustics. And a textured finish can be so treated that it can be washed down when soiled, which eliminates the need for redecorating.

One of the simplest ways to produce a textured finish is to use a plastic paint. This material comes in the form of a white powder and is mixed with water and proper color before application. After it is on the walls or ceiling, and while it is still "tacky," the texture is produced with a kitchen spoon, a crumpled piece of paper, a sponge or some such commonplace instrument.

Select Doors for Home With Eye on the Wood

One of the major problems in the attainment and maintenance of an attractive home is the selection and care of doors and woodwork. Due to ignorance on these questions, the old-fashioned housewife was often heard to complain: "I can't do anything with my doors. They get so scuffed up and streaky and it's just too much expense to be always having them repainted."

Modern builders are educating the home-owning public along these important lines, with the result that money and inconvenience are being conserved. Assuming that wood of good quality has been used in the construction of the door, the question next in importance is the matter of finishing.

Metal Lath for Walls

Modern home construction demands that will remain free from cracks or lath marks. That is why metal lath meets the new building standard squarely and with economy. It is practical for every type of building, large or small.

HOW

HOBOLAND IS RULED BY STRONG CASTE SYSTEM.—Hobos may all look alike to the average citizen but among themselves they have very definite class distinctions, according to Jim Tully in an article in Liberty. Tully, who is now a well-known writer, was a hobo for many years and knows hoboland intimately. "There is a strong caste system in hoboland," he writes. "The yegg and the fast rambler are the aristocrats of the road. The yegg, as everyone knows, is a safe blower. The fast rambler is one who can hold a mall train down for 1,000 miles. Both types hold their places by sheer nerve and daring."

Tully points out that in the "jungle," the tramps' meeting place, the "jungle buzzard" is the lowest species of tramp life and is held in contempt by the others. "He is a parasite on the other vagrants," Tully explains. "I have seen hobos destroy food rather than let a jungle buzzard have it. But as a rule, the hobos are gruffly kind."

"The jungle, often, is dominated by the yegg. He is always of strong character and twisted mind. Since leaving the road I have found few men with the terrific force of the yegg. He is quiet, stern, brutal. He will shoot to the death and die snarling. "Money means power in the tramp world as in any other. The yegg generally has it. I have known one to buy food and liquor at a jungle for a week. The news travels about that a noted yegg is giving a blow-out, and the wandering brotherhood flocks to do him honor."

How Ostrich Escapes From Pursuing Enemy

As soon as ostriches take to their feet, they throw a shower of rocks and dirt to the rear. The shower of rocks is very considerable, and would give severe punishment to any creature that might attempt to follow. The bird that follows somewhat in the rear of the flock must turn aside or retreat. It may duck its head down and escape more of the rocks than it would otherwise do. The head and neck are the only vulnerable parts, the rest of the body being covered by a heavy coating of strong feathers. Plainly we have here an instinct by which the birds protect themselves from pursuit, and it is not unlikely that the birds may need at times to protect themselves from injury by their fellows when one or more are taken at a disadvantage by being left in the rear when a stampede is started. This they could do by ducking their heads to the ground while the flock moved off far enough to leave them out of range of the flying missiles. No one has observed the ostrich burying his head in the sand, but some of his actions in the situation here described may have given rise to the allegation.

How Metals Are Classified

Iridium, a metallic element in the same chemical group as platinum, and often used as the tip for fountain pens, is the hardest pure metal, according to tests recently made by A. Mallock, and announced in the English scientific magazine Nature. Molybdenum is the next hardest, with tungsten third. Nickel is the hardest of the common metals as it ranks fifth, the rare metal rhenium coming in fourth. These refer only to pure metallic elements, for some alloys, such as steel with a high percentage of carbon, rank higher than any. The softest of the metals tested proved to be thallium, as it ranked No. 24, lead being 23 and tin 22. Gold is 18, silver 15, palladium, which is in the same group as platinum and iridium, 14, aluminum 12, copper 11 and iron 10.

How Air Yields Gold

Picking gold out of the air is a new process of economy practiced by the United States government. In its New York assay office an electrical apparatus collects fine particles of gold that would otherwise be released into the air of the city through a smoke stack. Out of 5,000 pounds of dust gathered from the fumes of the assay plant, \$12,400 worth of gold has been reclaimed, the office announced at the middle of March. The process is about the same as that used by many industrial plants to reduce the smoke nuisance by discharging an electric current across smoke stacks to catch particles of coal and dirt from the smoke, depositing them against a negatively charged plate from which they are dropped or scraped into a bin. The gold is collected similarly.

How Microbes Are Known

Not long ago it was almost impossible to distinguish between good and bad microbes, and margarine makers were often confronted by mysterious failures. They could have declared that nothing had been neglected, that the correct process of manufacture had been carried out. The microbe-farmers grew gray in their endeavors to solve an apparently hopeless problem. Now, however, good and bad microbes can be distinguished by peculiarities in their behavior, and margarine makers can rely on them as surely as any dairyman on his Alderneys or Shorthorns.

SUCH A BORE

"On being offered \$70,000,000 for one of his properties," we read, "Mr. Mellon replied, 'It's a good price, but I don't care to be bothered reinvesting \$70,000,000.'"

That has frequently been the objection in our own case. "No," we say quietly but firmly, "your proposition is interesting, but really we prefer not to have the bother of rehandling and reinvesting \$50,000,000 or \$60,000,000; it cuts into our golf so."—New Haven Register.

Such a Sweet Girl

"It was so funny," said the Gushing Young Thing, "I just thought I should die!"

"Well," asked the Social Wet Blanket, "why did you change your mind?"

One Way

Stick—Is it possible for an experienced motorist to lose control of his car?

Stone—Certainly. He might be unable to pay the money on it.—Good Hardware.

MUST TAKE ITS COURSE

First Link—"He's golf-crazy." Second Link—"Let him alone—it's a disease that has to take its course."

The Better Plan

This living for tomorrow may be some people's way—Tomorrow may bring sorrow. Let's live a lot today!

Just the Man

"Say, Richleigh, we'd like to have you help us out at bridge. You play, don't you?"

"Not very well."

"So much the better. We play for money."

Perfect Confidence

Marion—"It's ridiculous to say that my diamond ring isn't genuine—I trust Frank implicitly."

Doris—"But if I were you I'd consult a jeweler."

Marion—"Oh, I've already done that."

Fast Boy

"My goodness, man! You're all winded."

"I know it. I've been listening to Bill's radio, and he kept dashing from one station to another!"—Radio News.

A Chivalrous Lad

Mrs. Backbay (to messenger boy)—Does your company allow you to accept tips?

Boy—"No, lady, but if they asked me if yer gimme one I'd lie like a gentleman to protect yer."

RIGHTO

First Fish—"You say he's stone broke—no money at all?"

Second Fish—"Not a cent!"

First Fish—"Well, the poor fish!"

Reason for Hate

A guy I hate is Herman Rand, He picks his teeth With rubber band.

Conscience

Stenographer—"Shall I end the letter with 'Yours sincerely,' sir?"

The Boss—"No; you'd better sign it 'Respectfully yours.'" I said a thing or two I'm none too easy about.

What Dad Thought of Him

Allice—"Harbie is wonderful, but of course, he'll never set the world on fire."

Her Dad—"He would if he owned it and had it insured."

Nerve

"If my daughter has accepted you why come to me?"

"I would like to get expert advice as to the advisability of marrying her."

Well Named

Traveler—"It's a nuisance; these trains are always late."

Official—"But, my dear sir, what would be the use of our waiting rooms if they were on time?"

A Neighborly Conclusion

Neighbor—"Where are you off to in such a rush?"

Mrs. Riggs—"I'm trying to get some thing for my husband."

Neighbor—"Had any offers yet?"

RESCUE.

Mrs. Roy Powell and baby returned from the Cass City hospital Wednesday, Aug. 3. Miss Marion Mellendorf is caring for her.

Wm. Ashmore accompanied Gordon Roe to Detroit Saturday evening, returning home again Sunday afternoon.

The Ladies' Aid met Thursday at the church basement for dinner and work.

Mr. and Mrs. Joseph Mellendorf and son, Perry, were Cass City callers Friday.

Mr. and Mrs. Wm. Wolf of Wolf-ton and Mr. and Mrs. Wilfred Diller and sons from near Kilmanagh were Sunday visitors at the John McCallum home.

Raymond Parker of Brookfield visited a few days at the home of his grandmother, Mrs. Burdette Webster.

Stanley Mellendorf and Miss Irene Heberly of Owendale were entertained at supper Sunday at the Arthur Ellicott home.

Mr. and Mrs. Joseph Mellendorf and children were callers Sunday evening at the Fred Mellendorf home in South Oliver; also called at the Wm. W. Parker, sr., home.

A number from here attended the farmers' picnic at Sebawing Aug. 3. Everybody certainly enjoyed listening to Governor Fred Green's speech.

Mr. and Mrs. Ralph Britt and children were Elktion callers Wednesday evening.

Miss Marion Mellendorf and Hubert Root were Sunday evening callers at Unionville to see Mr. and Mrs. Geo. Spero and baby, Lauro Elsie.

Mrs. Frank Fay and children and John McCallum and daughter, Vera, were business callers in Bad Axe Monday afternoon.

The Premo S. S. class will have an ice cream social at the church basement Friday evening, Aug. 19.

Mr. and Mrs. Chas. Cummings and sons, Earl and Edgar, and two nephews were Elktion callers Saturday evening.

Mr. and Mrs. James Brackenbury and grandson of Cass City, Arthur Taylor of Northeast Grant, and Mr. and Mrs. Henry Mellendorf and sons and nephew, Arthur Vanderson, were Sunday callers at the Wm. W. Parker, sr., home.

Bell Ringing

The expression "ringing a change" is derived from bell ringing. Change ringing was not known until the beginning of the seventeenth century. The art made rapid progress, and rings of bells increased from 4 or 5 to 10 or 12. With 12 bells, 479,001,000 changes can be rung.

GRIST SCREENINGS

VOL. 2. Aug. 5, 1927. No. 50.

Published in the interest of the People of Cass City and vicinity by the
Elkland Roller Mills
Roy Taylor, Editor

We close at noon Tuesday, Wednesday, Thursday and Friday during the fair.

We know a man who is going to spend his vacation at home. "I've got some reading I want to do," he says, "and I've never found time to do it." Fine ideal! And just think of the money he'll save.

That Unproductive Period—Cut It Short!

The job of making 8,000 new feathers is certainly an awful drain on a hen's system. Let's hope you are not one of those who figures that feed doesn't matter because the hens aren't laying. Wrong feeding now adds weeks and months to that unproductive molting period. Now, more than at any other time, your hens need Purina Chicken Chowder and more of it. Chowder is the mash that will put on new feathers in a hurry. Chowder will cut short the unproductive period and put your hens into heavy laying when egg prices are high. The cheapest ration frequently is not the most economical. The ration that will cut short the unproductive period is the economical one. So get Chowder busy now—before the molt.

Garden Poems

Into my garden
Came a pup,
And now my
Radishes are up.
Into my garden
Came a hen,
And now I've got
To plant again.

Plan to attend the Cass City Fair next week.

Cakes, pies, pastries of all kinds, can be made just a little better when you use Tuscola Flour.

"I never knew until I got a car," said the bishop, "that profanity was so prevalent."

"Do you hear much of it on the road?"

"Why," replied the bishop, "nearly everybody I bump into swears dreadfully."

With the excellent weather we have had everyone should have their work in shape so they can attend the fair. We believe with good weather the fair this year will go over big. Let's go.

Murphy was careless in handling the blasting powder in the quarry, and Duffy had been deputed to break the news gently to the widow.

"Mrs. Murphy," said he, "isn't this the day the man calls for Murphy's life insurance payments?"

"It is," replied Mrs. Murphy. "Well, now, a word in your ear," said Duffy. "Sure and ye can snap your fingers at him today."

Were you proud of your last baking of bread? Cream of Wheat Flour is made of choicest hard spring wheat. That's why it's so good.

After finding a gas leak with the aid of a match, the next thing is to find the house.

A Chicago doctor says that cold weather makes the hair grow. Some of you bald readers might try sticking your head in the ice box.

I once had a bottle of rye, Most expensive that money could buy, I hired a feller To sweep out the cellar, (I once had a bottle of rye).

Yesterday we met the man who always predicts an early winter and lots of cold weather.

The Thoughtless Spark that Costs Millions!

FIRE PREVENTION METHODS

1. Matches—Be sure your match is out. Break it in two before you throw it away.
2. Tobacco—Be sure that pipe ashes and cigar or cigarette stubs are dead before throwing them away. Never throw them into brush, leaves or needles.
3. Making Camp—Before building a fire scrape away all inflammable material from a spot 6 feet in diameter. Dig a hole in the center and in it build your camp fire. Keep your fire small. Never build it against trees or logs or near brush.
4. Breaking Camp—Never break camp until your fire is out—dead out.
5. Brush Burning—Never burn slash or brush in windy weather or while there is the slightest danger that the fire will get away.

A New Car Built for American Use and Sold at an American Price

Open American roads—congested American streets—towering American hills—trails deep with American sand.

Oakland engineers had them all in mind when they designed the new All-American Six—when they gave it hurricane power and never-failing reliability—when they made it a car for the world to admire.

New bodies by Fisher—fashionably smart—longer, lower and reflecting the best American traditions of motor car beauty.

In the new chassis—new length and strength from a longer, deeper frame—new comfort and high-speed roadability from a longer wheelbase (117") and a lower center of gravity.

And the engine—the largest used in any car of Oakland's price! 212 cubic inches displacement—a 78½-lb. crankshaft—bridge truss crankcase construction for rigidity.

All America is enthusing about the All-American Six. Come in today—and join the crowds!

GAGETOWN

Mrs. Henry Ohering of Saginaw is visiting this week with relatives here.

Mr. and Mrs. Art Burdon moved Thursday to Detroit. Mrs. Burdon's neighbors regret her departure.

Mr. and Mrs. Stanley Muntz visited last week in Northern Michigan.

Master Leonard Karr visited James Deneen of Ellington last week.

Mr. and Mrs. Russell Herriman of Elkton spent Sunday with Mr. and Mrs. Wm. Fournier.

Mr. Sugnet of Port Huron transacted business in town Friday.

Miss Mary Wald is visiting in Saginaw.

Carroll Hunter is visiting his dad and cousins in Detroit.

Miss Rosella Mall of Saginaw spent Sunday with relatives here.

Miss Rosetta Murphy is clerking at J. P. Guza's store.

Mr. Lovett of Saginaw transacted business in town Thursday.

Mr. and Mrs. J. L. Purdy and Carolyn and C. F. Seeley left on Wednesday for a two weeks' trip to New York City, Atlantic City and other places of interest. Mrs. Florence Seeley, who has studied piano at the New York University for six weeks, will return home with them.

Mr. and Mrs. Van Bureau of Caro were callers in our village Friday.

Miss Irene Turbush of Mayville spent last week with her cousin, Lucile Turbush.

Miss Inez Crawford returned from a week's visit with relatives in Pontiac.

Mr. and Mrs. Elder Weidman and sons spent Sunday at the Alfred Newman home in Sebewiang.

Mrs. Richard Hughes is spending the remainder of the summer with her daughters in Detroit.

Mr. and Mrs. H. Crawford spent the week end of July 31 with Mr. and Mrs. Lloyd of Pontiac.

Mr. and Mrs. McNeal of Royal Oak Mr. and Mrs. Parrent and daughter of Detroit, Miss Earnistence and Mr. Techus of Detroit spent the week end with Mr. and Mrs. A. Creguer.

Mr. and Mrs. Chas. Ross and Mr. and Mrs. Guy Bailey are enjoying a motor trip to Mackinac Island and other interesting northern points.

Mrs. Wm. Gage of Plymouth is visiting her brother, James Taylor, in Brookfield.

The Ladies' Aid Society of Brookfield met last week Wednesday with Mrs. Jethro Ross of Owendale. Proceeds were \$15.00.

Richard McKinnon of Detroit is spending his vacation at Mr. and Mrs. Peter McDonald's.

A party of the following people enjoyed a social afternoon and dinner at Cedar Park, Lake Pleasant, Sunday: Mrs. Richard Hughes, Mr. and Mrs. Nunley Hughes and family, Mr. and Mrs. Mert Hughes and family, Mr. and Mrs. Art Wood and family.

Mr. and Mrs. Vern Ricker and children spent Sunday of last week with friends in Pigeon.

Mrs. Turbush of Caro is visiting her son, Harry Turbush.

Miss Thelma Ross is spending the week with relatives in Pontiac.

Mrs. Peter McDonald was a caller Wednesday at Mrs. J. L. Purdy's.

Mr. and Mrs. Howard Loomis and Lucile, Mr. Bell and Miss Lettie Loomis left Sunday on a vacation trip to Niagara Falls. Francis Hunter is taking Mr. Loomis' place on the mail route.

Mr. and Mrs. Tony Carolan announce the arrival of a baby son.

Mrs. Nellie Sugnet of Detroit transacted business here Saturday.

Mrs. H. Spittler and son, Virgil, attended the Lake Shore camp meeting Sunday.

Mrs. Daniel Chisholm, while visiting at the home of her son, Roy, fell and broke her arm.

Mr. and Mrs. H. Crawford attended the Lake Shore camp meeting Sunday.

Mrs. Pat Bliss is visiting at the home of her daughter, Mrs. Simon Walsh, in Pontiac.

Art Burdon and Richard of Detroit spent Sunday at their home here.

Mr. and Mrs. Ray Frasier, Misses Beatrice and Namona Farrar and Mrs. Frasier of Flint spent Sunday with Mr. and Mrs. Burt Ottaway. Mrs. Frasier will remain for a few days.

Mr. and Mrs. George Thomas of Detroit spent Sunday here. Mrs. Thomas will remain for a week with her parents, Mr. and Mrs. John Fournier.

Preston Fournier is spending the week in Detroit.

Mrs. B. Ottaway spent Thursday and Friday of last week with Mrs. Stoddard of Watrousville.

Virgil Spittler and his mother were callers at Hugh Crawford's Sunday.

James Ritchie, who has suffered with cancer for several months, passed away Saturday in Detroit. Funeral Tuesday. Obituary will appear in next week's Chronicle.

Mr. and Mrs. E. C. Leipprandt, sons Victor and Kenneth, and Miss Frances Wall of Detroit spent Sunday and Monday at the J. L. Purdy home.

Miss Vanetta Bliss spent a few days of last week with her cousin, Miss Helen Fournier.

Master Harry Kehoe spent Wednesday of last week with his cousin, Martin Bartholomy.

Mrs. Toohy and Ted Phelan married to Pontiac Thursday. The former was very anxious to see her little granddaughter, who arrived Monday in the home of Mr. and Mrs. Milford Walker (Julia Toohy). They have a very beautiful home on Franklin Road, leaving Pontiac.

Maurice Weidman is suffering with a broken wrist.

Miss Beryl Ricker visited recently a few days with Maxine Livingston.

Mr. and Mrs. Chas. Ross and Mr. and Mrs. I. Good and family spent the week end in Pontiac. Miss Thelma, who has visited relatives for a week or so, returned home with them.

Mr. and Mrs. Lloyd Hewitt of Pontiac, Mr. and Mrs. Lloyd Warner and baby and Mrs. Emily Warner of Detroit, Mrs. Mable Burgam and son, Grant, of Detroit, and Geo. Collins and Hazen Warner and family were Sunday dinner guests at the home of Mr. and Mrs. Wm. Collins.

Mrs. Geo. Collins spent Sunday with her sister, Mrs. David Collins, at the

ternoon with Mr. and Mrs. Sam Gowen in Marlette.

Mr. and Mrs. Lyle Biddle of Saginaw and Mr. and Mrs. Byron Kelley of Caro were Saturday night and Sunday guests at the home of E. Biddle.

John Wentworth home in Cass City. Mr. and Mrs. Ferman Bright and daughter, Jean, George and William Sangster and daughter, Tressa Sangster, returned Sunday from a two weeks' visit with friends in Duluth, Minn.

Mr. and Mrs. Chas. Cunningham, Wm. Churchill and Mr. Ferguson were business callers in Caro Monday afternoon.

Mr. and Mrs. Julius Wentworth, Ben Wentworth and children and Mr. and Mrs. Wm. Patch, jr., and children spent Sunday at Lake Pleasant.

Arthur Pery and family, Mrs. Wm. Patch, sr., and Mrs. Earl Moyné and baby were callers in Cass City Sunday evening.

Mr. and Mrs. Chas. Cunningham, Wm. Churchill and Mr. Ferguson were business callers in Caro Monday afternoon.

HAVE your dry-cleaning done at Robinson's Laundry. 3-11-tf

Mexico Has Pyramid

There is a pyramid near Puebla, Mex., that is comparable to the pyramids of Egypt, according to Liberty. It was erected by the Toltec Indians, is more than 200 feet high, and has a base line of 1,030 feet. Cheops, largest of the Egyptian pyramids, has a base line of 750 feet and is 400 feet high.

State News in Brief

Marshall—Abijah Brown, 92 years old, took an airplane ride here recently for the first time. His son, Henry, took the aged man on a trip, lasting twenty minutes. "It was very enjoyable," Brown commented after the trip, "and I would not mind going again any time."

Manistee—Mrs. Earl Draper, of Manistee, has been notified that her son, Gail B. Dye, drowned in Whang Poo river, Shanghai, China. He was a gunner on the United States destroyer William B. Preston, and fired the first shot in American fighting with Chinese troops in Nanking, a few months ago.

Lansing—The State Administrative Board has authorized the payment of \$1 a day to national guardsmen during the annual encampment at Grayling. The board also released an appropriation of \$10,000 to help defray the expenses of the United Spanish War Veterans national encampment in Detroit in August.

Saginaw—Thelma Christler, 23-year-old girl robber who attempted to hold up the Peoples' Savings bank here has been taken to Detroit to start serving her sentence. She was sentenced by Circuit Judge W. H. Martin to serve from three to 15 years at the Detroit House of Correction with the minimum sentence recommended.

Luther—Firemen of this district have been busy fighting forest fires which were particularly bad around Peacock. A force of 200 firemen was augmented by farmers enough to bring the total up to 200 men. Several fires had been burning for some time around Peacock and new ones were sighted almost daily by towermen. Rain brought some relief.

Detroit—Uncle Sam has a half cent among his currency now, a Detroit discoverer. Going to the post-office he asked to have a parcel stamped and insured. "That will be 12-1-2 cents," said the clerk. "How can I give you a half cent?" asked the Detroitite. He tendered a quarter. The clerk gave him 12 cents and a half-cent stamp. Now the patron is wondering where he will pass the stamp.

Portland—Several farmers in this community suffered a severe loss to corn by a frost in the lowlands. Corn, beans and garden produce were blackened by the freeze on farms near Muskegon. The frost was the severest recorded there in August since 1915. Frost damage also was reported in Newaygo and Ottawa counties. Celery plants were nipped at Benton Harbor by the frost, but there was no fruit damage.

Lansing—John H. Morgan, Detroit city statistician, has been appointed chairman of the State Tax Commission by Gov. Fred W. Green. He succeeds George Lord, who resigned, effective August 1. At one time it was believed M. B. McPherson, Kent county farmer and member of the State Board of Agriculture, was slated for the place. It is understood now, however, that McPherson will be made a member of the commission.

Lansing—Both the number of farms and the value of farm lands in Michigan have decreased in the past five years according to the farm census of the State for 1925. Just published by the United States Bureau of the Census. The number of farms in the state is placed at 192,327 in 1925, as compared with 270,626 in 1920. The total farm population of the State for 1925 is placed at 791,553. Of this number, 656,278 are on farms owned by their operators and 135,275 on farms owned by absentees.

Bay City—Clyde Blohm, seven-year old son of Mr. and Mrs. John Blohm, of Kawakawin township, died at Mercy hospital of injuries he received when he was dragged by a calf at the farm of Albert Hartley, a neighbor of the Blohms. The boy had gone to the Hartley farm to play and a son of Albert Hartley asked him to take the calf to water. The child tied the rope attached to the calf about his right wrist and started for the water trough. The calf started to run. The boy was dragged over a wire fence.

Ithaca—Ed. Smith, 40 years old, and his mother, Mrs. Mary Smith, 60, whom he has been hauling about the state in a rickety buggy, are temporarily detained at the Gratiot County Infirmary. They were halted at Pompeii by Clifton J. Chambers, poor commissioner, when it was discovered Mrs. Smith was ill. The two left South Haven last spring for Detroit, their old home. Later they decided to extend their tour. With Smith between the hills and his mother in the wagon, they have toured hundreds of miles of the state's highways.

Lansing—Approval has been given the plan to purchase the Hanson pine land, eight miles northeast of Grayling, for park and game refuge purposes by the Conservation Commission. This tract of 8,300 acres, including 78 acres of the last virgin white pine in Michigan, was offered to the Legislature for \$33,500, but the proposal never got out of committee. The commission was informed the Hanson heirs would contribute \$30,000 of this price to the State if the tract was purchased at once, making the total cost to the state \$53,500.

Kalamazoo—William Vanderbrook, 50 years old, was killed when he fell into a coal chute at a laundry where he was employed and a ton of coal dropped in on him.

Marshall—Lawrence Kirk, 23 years old, of Jackson, Michigan Central brakeman, fell from the cab of a locomotive of a freight train on the Air-line division at Homer recently and was instantly killed.

Lansing—The State Supreme Court has denied the petition of Hersey for an injunction to prevent the moving of the county seat of Osceola County to Reed City. The voters recently favored the change. Hersey said the ballot boxes were not sealed in certain townships. The court held the election was valid.

Pigeon—This town, with Gov. Fred W. Green as a guest, dedicated the first fire truck Pigeon has ever had recently. The new truck, which will be manned by the volunteer firemen, has a capacity of 400 gallons per minute and is a combination chemical and water machine. A pageant, with sport events and a long program of entertainment, marked the exercises. Green gave an address.

Lansing—Back payments to counties for road maintenance are to be made at once, according to the State Highway Department. Frank D. Fitzgerald, business manager of the department, said \$712,000 is to be paid for non-trunk line maintenance for the years 1924 and 1925 and \$321,000 for trunk line maintenance during 1925 and 1926. The 1926 non-trunk line costs will be met next year.

Ann Arbor—Work of building the Michigan Intra-Mural field house on Ferry field has commenced. Engineers have started boring test holes to determine water levels, foundation needs, and locating the outside limits of the building. Excavation work starts immediately. Michigan ground keepers have also started laying a protecting cover over the running track, double planking it all the way along the length of the new building.

Luther—Gerald, 12-year old son of Mr. and Mrs. Jerry Hutchinson, of Luther, accidentally blew his head off with a shotgun. The father is working in Detroit and Mrs. Hutchinson, with Gerald, Donald, 10, and a baby of two years, are here. The four were in the yard when Gerald left and went into the house alone. The mother heard the shot and rushed in to find the child dead. It is thought he took the gun to play with and it was accidentally discharged.

Lansing—Because of an unusual number of fatal accidents the State Highway Department has taken steps to remove hazards on the roads, it was announced by G. C. Dillman, deputy highway commissioner. The practice of operating scrapers and trucks along the left side of the road was prohibited and orders were issued to eliminate bad turns, narrow culverts and dangerous bridges. Dillman estimated there are about 150 such places on the trunk lines.

Benton Harbor—The \$4,000,000 advertising campaign to stimulate the consumption of American apples in the United States, will start by January, John W. Gorby, of Chicago, in charge of the campaign, announced here at the close of the midsummer orchard tour of the Michigan State Horticultural Society. The executive committee of the horticultural society has decided to shift the 1927 convention from Grand Rapids to Benton Harbor. It will be held Dec. 6 to 8.

Lansing—Twelve state police officers have been detailed to aid the public utilities commission to enforce the laws relative to the operation of motor vehicle busses and common carrier trucks. Violations have become so numerous that the utility force of inspectors is unable to cope with the situation. The most frequent violations are disregard of village and city ordinances, excessive speed, failure to stop at railroad crossings, and contempt for road courtesies.

Lapeer—William Sharpe, father of nine children, was instantly killed when 50 pounds of dynamite exploded. Ripley White, owner of a farm near Lapeer, hired Sharpe, a neighbor, to blast a narrow strip of land separating two artificial lakes on his farm. Sharpe fitted caps to the dynamite, put in in a rowboat and started across one of the lakes. He was out in the middle when a terrific explosion was heard. White on investigating found nothing but fragments of the boat floating on the lake.

Greenville—Two thousand persons paid tribute at a picnic recently to the Rev. Ole Amble, of Gowen, 80-year-old Lutheran minister, who is preparing to retire after 55 years' continuous service in the churches of this district. The minister told his well wishers he had performed 808 marriage ceremonies, of which only 15 ended in the divorce courts. His records show he has christened 2,650 children and confirmed 1,500. Mr. Amble at present is pastor of five rural churches in Montcalm county.

Lansing—The state board of equalization meets formally to fix valuations for the state August 15. If recommendations are approved then Wayne next year will pay more than half of the total state tax. The exact percentage will be 51.01. The present percentage being paid by Wayne county is 47.66. The increase would amount approximately to \$600,625,000. Only two other counties in the state are asked to pay an increased share of the total state tax. They are Oakland and Macomb, Wayne's neighbors.

SHABBONA.

Mr. and Mrs. D. Wait and son, Hayward, of Sandusky were callers at T. W. Stitt's recently.

John Chapman visited relatives near Marlette Sunday afternoon.

Mr. and Mrs. Earl Fulcher and children of Wickware, Miss Nellie McGregory and Jack Lowry of Farmington visited their uncle, H. McGregory, Sunday.

Chas. Morrell and family called at John Atfield's Sunday.

Mr. and Mrs. T. F. Wells and Miss Barbara Coulter attended camp meeting at Romeo Monday.

Mr. and Mrs. H. McGregory and family returned home Friday from a week's visit with relatives in Pontiac and Farmington.

Clinton Hall and daughter, Katherine, of Pontiac visited their aunt, Mrs. J. Chapman, Tuesday.

Frank Kerbyson of Yale visited his sister, Mrs. S. Hyatt, Sunday.

Mr. and Mrs. Bruce Adams and children of Decker visited at the home of T. W. Stitt Sunday. Little Donna Adams, who visited her grandparents a few days last week, returned home with them.

Several attended the union Sunday School picnic of the Decker, Elmer and Shabbona M. E. churches held at Forrester Tuesday.

Mortgage Sale.

Whereas default has been made in the payment of the money secured by a certain mortgage made by Charles N. Kreiner and Anna Kreiner, his wife, of Novesta Township, Tuscola County, Michigan, to the Pioneer Bank, a body corporate, organized under the laws of the State of Michigan, at North Branch, Michigan, bearing date the 16th day of February, A. D. 1918 and recorded in the office of the Register of Deeds for the County of Tuscola, State of Michigan, on the 27th day of February, A. D. 1918 in Lib. 138 of Mortgages on Page 326 and

Whereas the amount claimed to be due at the date of this notice is the sum of One Thousand Five Hundred Twenty-five and 68/100 Dollars (\$1525.68) of principal and interest and

Whereas, no suit at law or equity has been instituted to recover the money secured by said mortgage or any part thereof.

Now, Therefore, By virtue of the power of sale contained in said mortgage and in pursuance of the statute in such case made and provided, Notice is hereby given, that on Thursday, the 10th day of November, A. D. 1927, at ten o'clock in the forenoon, the said mortgage will be foreclosed by the sale of the premises therein described (or so much thereof as may be necessary to pay the amount then due and all legal costs, including an attorney fee as provided in said mortgage), at public auction to the highest bidder, at the front door of the Court House, in the City of Caro, in said County of Tuscola, Michigan, that being the place where the Circuit Court for said County is holden.

Said premises being described in said mortgage as follows: The lands, premises and property situated in the Township of Novesta, County of Tuscola, and State of Michigan, described as follows, to-wit: The Northeast Quarter (N. E. 1/4) of Section Twenty-six (26), Town Thirteen (13) North, Range Eleven (11) East, containing one hundred sixty acres, more or less according to the Government Survey.

Dated this 4th day of August, A. D. 1927. PIONEER BANK, Mortgagee. F. C. Ballard, Attorney for Mortgagee. North Branch, Michigan. 8/12/13

Order for Publication—Account.—State of Michigan, the Probate Court for the County of Tuscola. At a session of said Court, held at the Probate Office in the Village of Caro, in said County, on the 8th day of August, A. D. 1927.

Present, Hon. Guy G. Hill, Judge of Probate.

In the matter of the Estate of Irl J. Wright.

Delos G. Wright having filed in said court his final account as guardian of said estate and his petition praying for the allowance thereof,

It is ordered, that the second day of September, A. D. 1927, at ten o'clock in the forenoon, at said Probate Office, he and is hereby appointed for examining and allowing said account;

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Cass City Chronicle, a newspaper printed and circulated in said county.

GUY G. HILL, Judge of Probate. A true copy. 8/12/3 Myrtle Busey, Register of Probate.

DINING BATHING AMUSEMENTS

by ordering your SUNBEAM CABINET HEATER during

Sunbeam Saving Season

August 1st. to 31st.

Order your Sunbeam Cabinet Heater before August 31st, instead of waiting until a few weeks later—and save \$10.00. Make a down payment of \$5.00 and receive, in accordance with the Sunbeam Saving Season offer now in effect, a credit of \$15.00. Start paying the balance, when your Sunbeam is installed.

The Sunbeam thoroughly heats the home with 5 to 7 rooms, but requires no basement. Only a heater constructed like the Sunbeam with a cast iron heating unit of the furnace type; an 84 pound fire-pot; one joint above fire bed; an inner casing that doubles the heating surface, can give this result. For the heating capacity, economy, efficiency and long life of a cabinet heater depend on these parts, which you do not see. Everyone can afford Sunbeam whole-home warmth. Sunbeam prices are now the lowest in Sunbeam history.
