# Sends Moun Car Speeding!

WHEN Solite is your fuel, your car speeds along with smooth and steady sureness. The engine purrs away with a quiet hum of power.

There's a thrill to "stepping on it"—sensing the instant answer of swifter speed! There's a thrill in the feeling of power at your command — all the power you need and more besides!

Solite is a remarkable gasoline because — for all its lightness and speed—it does not sacrifice power. It drives the piston the full stroke under power.

Solite gives you speed that is sure—certain satisfaction! For only a few cents more per gallon. You'll say it's worth it.

## Doctor Found What is Best for Thin, Constipated People

As a family doctor at Monticello, Illinois, the whole human body, not any small part of it, was Dr. Caldwell's practice. More than half his were on women, children and babies. They are the ones most of-ten sick. But their illnesses were usually of a minor nature-colds, fevers, headaches, biliousness—and all of them required first a thorough

evacuation. They were constipated.
In the course of his 47 years' practice (he was graduated from Rush Medical College back in 1875), he found a good deal of success in such cases with a prescription of his own containing simple laxative herbs with pepsin. In 1892 he decided to use this formula in the manufacture of a medicine to be known as Dr. Caldwell's Syrup Pepsin, and in that year his prescription was first placed on the market.

The preparation immediately had as great a success in the drug stores as it previously had in his private practice. Now, the third genera-tion is using it. Mothers are giving it to their children who were given it by their mothers. Every second of the working day someone somewhere is going into a drug store to buy it. Millions of bottles of Dr. Caldwell's Syrup Pepsin are being need a year.

used a year.

Its great success is based on merit,
on repeated buying, on one satisfied
user telling another. There are thousands of homes in this country that er without a bottle of Dr. Caldwell's Syrup Pepsin, and we

have gotten many hundreds of let-ters from grateful people telling us that it helped them when everything else failed.

Every drug store sells Dr. Cald-well's Syrup Pepsin. Keep a bottle in your home,—where many live someone is sure to need it quickly. We would be glad to have your prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid a FREE SAMPLE BOTTLE.

### Faith Needed

One of the needs of our time is to have the simple faith of our fathers poured into a Twentieth-century mold. We need the old-fashioned religion-but dressed in a free and flowing robe and not in the strait-jacket in which the bigots would encase it. We need more people who can say "Our Father Who Art in Heaven," and really believe it .-- Merle Crowell in the American Magazine.

### Developing Language Custom is the great language mak-

er. If children grew up on a deserted island and had no one to teach them to talk, in all probability they would develop a language of their own, which would serve their purposes. One might point to what we call a "coconut" and say "Awk." And the "Awk!" would mean coconut to him.—Exchange.
