FINE AMUSEMENT

Show as Popular as the Day Fair.

With the prospects of a large showing of live stock and other exhibits and the contracting of a large variety and costly amusement features, the Cass City Fair next week—Aug. 7, 8, 9 and 10—promises to be one of to treat the bones of the mastodon the best expositions ever held on the and assemble the skeleton. local grounds.

The entertainment numbers will prove a strong feature of the week. CHAUTAUQUA HERE narness and running races for Wednesday, Thursday and Friday afternoons and high class free entertainment features bring a bill of America's headline out-of-door entertainers, providing a variety and brilliance that will delight visitors. These attractions include the Five Fearless Flyers, premier aerialists; the Five Lelands, in a great variety of feats of hand and head balancing; and a unique performance of Chilcott's Novelty and his aerial dog wonders.

Detroit will delight fair visitors with appearance at Cass City on Aug. 13, afternoon and evening concerts. Base gram includes the following talent: witnessing several games during the first afternoon. At 8:00 p. m.-Birch fair and a horseshoe pitching tourna- prince of magic, and Ash Davis, carment will be in charge of John May. toonist. > Grand Rapids-Tony Samora, 22 years old, a Mexican, will be deported to his native land after he has completed a sentence of from one to five years in the Michigan State State Prison at Jackson for carrying concealed weapons, it was decreed by Judge William B. Brown in Circuit Court here. The young man was found with a pistol and a knife when he arrived in Grand Rapids on a freight train.

> Lansing-Arthur C. Rich lost another attempt to gain freedom when Governor Fred W. Green found charges that X-ray plates showing the injuries sustained by Louise King had been tampered with were unsubstantiated. George Rich, father of Arthur, recently alleged that the plates, which figured prominently in the trial which resulted in his son's conviction and sentence to life imprisonment, were fictitious.

> Benton Harbor-Raspberries are being given away here. The price on the local market dropped to \$1 a crate. Many of the growers have refused to pick the berries and are allowing them to rot on the vines. They have offered the residents the fruit for the picking. The estimated cost of placing a crate of berries on the market is \$1.17. More than 20 canning plants in this county closed on orders from inspectors, who said the fruit was too wet to can.

Holly-A small boy on a fishing expedition solved the disappearance of Mrs. Jennie Warren, 67-year-old widow who had not been seen since her home burned to the ground recently. He found the body hidden just bestruction of a modern building at neath the weedy surface of Mud lake, a mile south of town. She was clad in heavy, far-too-large clothing of her late husband, which she had fastened on with heavy steel traps. A length of rope trailed from one foot and nearby was a 20-pound stone. Oakland county authorities pronounced death a suicide.

Lansing-An automobile accident on U. S. highway 16 near Eagle, in which Governor Fred W. Green's car, occupied by his wife and daughter, Mrs. Peggy Tyrell, was involved, resulted in serious injury to Mrs. J. H Rowley, of Alma. The 70-year-old woman was taken to a Lansing hospital with a broken hip. Her condition was considered serious because of her age. The crash occurred, according to witnesses, when Mrs. Rowley's husband swerved suddenly into a left turn directly in front of the governor's car.

Lansing-Officials of the Detroit house of correction, are victorious in their effort to force the state to pay \$1.25 a day instead of \$1 for state prisoners. Governor Fred W. Green possesion there. Finally locating the approved the higher rate temporarily station agent, J. M. Longnecker, and at the suggestion of a member of the prison commission. The governor explained this action does not mean that the state will pay \$1.25 a day for each prisoner for the last year and a half, but merely from July 23 until the state finds a suitable institution for housing the women prisoners who are in the Detroit house of correc-

Mt. Clemens-A father's too short a turn of an outboard motor boat resulted in the death recently of his two-year-old daughter at the foot of Hall road in Anchor bay. Ralph White, of Mt. Clemens, took the child and Mr. and Mrs. Chester Thompson, toxicating. To make an intoxicating of Utica, out in his boat for a turn around the bay. In dodging a wave, sugar must be added." The baby was thrown out and bebe used to make an intoxicant, then fore any of the adults could go to

FEED FOR DAIRY COW ON PASTURE

With blue grass pasture the main spring and summer feed, the problem of getting the most profit out of a herd of good dairy cows calls for additional feeding, according to E. C. Elting of the University of Missouri.

With cows producing 4½ per cent butterfat, such as Jerseys and Guernseys on fresh pasture, grain supplements per daily milk production should be 3 pounds grain for 20 pounds milk, 4 pounds grain for 25 pounds milk, 5 to 51/2 pounds grain for 30 pounds milk, 7 pounds grain and family. for 35 pounds milk, and 8.2 pounds grain for 40 pounds milk. For cows producing less than 41/2 per cent milk, such as Holsteins, Brown Swiss or family. Ayrshire, from 3 pounds of grain for 25 pounds of milk to 9 or 10 pounds of grain for 50 pounds of milk should

Blue grass or legume pasture will supply enough protein so that homegrown energy-producing feeds such as corn, oats and barley can be used to supplement the grass. Later in the season or where the pasture is short, more protein feed should be supplied. A recommended grain ration with summer pasture is 300 pounds of ground corn or barley; 200 pounds of ground oats or wheat bran; and 50 pounds of cottonseed meal or an abundance of legume feeds. Later in the season, the amount of corn should be reduced to 200 pounds and the cottonseed meal or other protein supplement increased up to 100 pounds.

A small field of sudan grass will provide good pasture that will help to tide over the August-September pasture shortage. A limited field with 25 pounds of sudan seed drilled per acre will provide a good crop and will pasture up to two head per acre. This will help to keep the cows in better condition and will lessen the fall slump resulting from the pasture

Roots for Dairy Cattle

Supply Succulent Feed The chief function of roots in cattle feeding is to supply a succulent feed. Under general farm conditions the quantity of nutrients grown per acre in root crops is small in comparison to the cost of production. These root crops, however, can be preserved during the winter equally well whether large or small quantities are fed each day, and therefore have special application when only a few cows are to be fed. Of the different coot crops, mangel-wurzels furnish the greatest yield per acre. Other kinds of beets and turnips and carrots may be used. Turnips, however, should be fed after milking rather than before, as they cause a bad flavor in the products if fed immediately before milking. Carrots impart a desirable color to the

Three Chief Essentials

to Successful Dairying There are three essentials to successful dairy farming. These are good cows that have the ability to convert returned to Detroit Friday after a the feed grown on the farm into milk two weeks' visit with the latter's and butterfat economically. After you mother, Mrs. Margaret Crawford, have the efficient cows it will be neces and other relatives. sary for you to supply these cows with the right kind of feed and care so ily spent Sunday at Rose Island, the that it will be possible for your cows guest of Mr. and Mrs. Rocheleau. Mr. to produce milk economically, and then and Mrs. Frank Lenhard and three you must have a market for your little tots also enjoyed the hospitality dairy products. Where these three at the Rocheleau cottage Sunday. essentials are provided you are almost sure to succeed, but if any one of these essentials is lacking you are almost sure to fail.

It is profitable to raise hogs and when only butterfat is sold and skim milk available to feed to hogs and

The HOOV RIGHT

When a salesman demonstrating an electric cleaner puts his machine through elaborate tricks -tricks that have no relation to the cleaning of rugs and carpets—you are right in questioning him.

Ask him to thoroughly clean a rug for you. See what he says. You know that this is the only genuine test of an electric cleaner—its ability to remove dirt from floor coverings - and so does he.

Among all the electric cleaners that you may see there is one whose salesman will gladly give you this test—The Hoover! For in such a test The Hoover makes a showing that no other electric cleaner can equal. It removes more dirt per minute than any other!

Telephone for a home demonstration. Two models to choose from, a de luxe at \$75.00 and a popular priced, at \$59.50. Liberal allowance for your old cleaner. Only \$6.25 down, balance monthly.

Prescription He Wrote in 1892 is the World's Most Popular Laxative

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as they are today. People lived normal, quiet lives, ate plain, wholesome food, and got plenty of fresh air and sunshine. But even that early there were drastic physically. that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their system. So he wrote a prescription for a laxa-tive to be used by his patients.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe, coath, bowed, stimulant as Syrup. gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, biliousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have a bottle handy for emergencies.

Y. B. Caldwills AT AGE 83

It is particularly pleasing to know that the most of it is bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for elderly people. All drug stores have the generous

bottles. We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write "Syrup Pepsin," Monticello, Illinois, and we will send you prepaid

O O O EXTRA PROFIT -On Last Season's Wheat Crop

OU have heard of the Detroit Creamery Company's Farm of 2,097 acres south of Mt. Clemens. Mr. A. A. Schultz, Superintendent, says his 40-acre wheat crop yielded 50 bushels an acre last season—22 bushels over the average for his section. His wheat brought \$1.75 a bushel, when the prevailing price was \$1.35.

In cold, hard cash the extra profit from increased yield and premium quality was \$49.70 per acre—a total of \$1,988 for the 40-acre crop. Mr.Schultz's letter in the next column tells how "AA QUALITY" Fertilizer helped him get this extra profit.

Extra profits like this make "AA QUALITY" Fertilizers by all odds the cheapest goods you can buy. Don't be misled into buying cheap fertilizers-don't buy fertilizer on the basis of chemical analysis alone. You may not be able to tell the difference, but your crops most certainly can.

You get bigger yields, better quality-and more profit-with "AA QUALITY" Fertilizers because these goods are made with painstaking care from the choicest plant-food materials, according to formulas which meet the exact needs of your soil. Every bag comes to you in superb mechanical condition—so fine, dry, and uniformly mixed that you Better Crops with "AA QUALITY"

"Before taking charge of the Detroit Creamery Farms some fif-teen years ago, I had already had most satisfactory experience with 'AA QUALITY' Fertilizers on my own farm.

"For no particular reason, upon assuming charge here I tried several other makes of commercial fertilizer; but failure to secure the same satisfactory crops as in former years on my own farm resulted in returning to the use of 'AA QUALITY' Fertilizers exclusively. The goods are always received in perfect mechanical condition, are excellent drillers, and are put up in good-quality bags.

"Only modern methods of farming are practised here; we use the best farming machinery and likewise the best fertilizers, which I do not hesitate to say are 'AA QUALITY' brands."

(signed) A. A. SCHULTZ, Supt., Detroit Creamery Farms, Mt. Clemens, Mich. Sept. 30, 1927

get easy, even distribution, and each rootlet obtains a complete supply of the carefully selected plant foods necessary to carry your crop from seeding to maturity. This means better stooling, fuller heads, more bushels to the acre, more pounds to the bushel-and bigger profits.

You owe it to yourself to try "AA QUALITY" Fertilizers. See the difference in yield and quality-and spend the increased profit for the comfortandhappiness of your family. See the "AA QUALITY" dealer to-day.

These famous old brands are "AA QUALITY" Fertilizers; a dealer near you sells one of these brands:

Harry Sutton Proprietor.

"Proper drainage adds to the profit the cost. The yield is increased by providing better soil conditions which make possible earlier seeding, aid germination, and reduce the damage from disease. The cost is lowered by lessening the labor required in the preparation, cultivation, and harvestng of the crop. Many growers are planning now to avoid the repetition of losses suffered this year by tiling their fields.

The school board is looking for a of Miss Kate Koons, who recently resigned on account of sickness.

Travis Schenck threshed out 18 cres of wheat Saturday, receiving 810 bushels of wheat, or an average of 45 bushels to the acre.

McCallum & Co. are building a hay shed with a root cellar under it, the lington spent Sunday here. size being 30 by 50 feet.

STRAIGHT TALKS WITH AUNT EMMY

On When Women Come Into Money.

As Aunt Emmy sipped her tea she heard the conversation drift to the Slade sisters. The fact that they had inherited a large fortune and would have to administer it themselves created considerable comment.

"My husband says old man Slade made a big mistake not putting it in trust for them," said Mrs. Burt. "He savs women never should handle large sums of money because they are 'financially uneducated'-he really means 'dumb.''

"All women aren't dumb about money matters, are they, Aunt Emmy?" exclaimed Miss Pringle.

"Of course not," Aunt Emmy agreed, There are all sorts and kinds of women all the way from very prudent to very foolish."

"Well, anyway, an awful lot of women have been victimized in financial things-just look at all the widows that have been robbed," insisted Mrs.

"There won't be so much of that in the future as in the past," Aunt Emmy said. "Women have been easy to victimize because they knew so little about money affairs, but now they are realizing this danger more and more and are taking advantage of the financial advice departments their bankers have set up for them. One thing that has led to women's financial undoing is their natural love of pretty things. This trait often leads them into foolish investments and speculations to get money quickly. a woman sets her heart on s

thing she can't wait until it is hers." "But if women didn't buy things, there wouldn't be any business," spoke up Molly. "Women are the natural spenders of the family, Dad says."

"Yes, but they would have more to spend if they'd go a little slower," replied Aunt Emmy. "Every time I see a woman falling for some silly get-rich-quick scheme I think of the nice things she could buy with the money she is going to lose. If they'd

go slower-they'd get farther." "From what I know of the Slade girls," Molly began-but just then the Slade girls themselves came in.

"We're so sorry to be late," they apologized, "but we have been having our first lesson in finance down at the Trust Company. They are going to give us quite a lot of time and explain all the things we ought to know about money to keep us out of financial

"Well, my dears, you are going to the right school," said Aunt Emmy. "If every woman would do that there'd be less trouble and more pretty things for all of them."

Nation's Family Budget The annual family budget of this country includes the following items: Tobacco, \$1,847,000,000; theaters movies and similar places of entertainment, \$934,000,000; soft drinks and ice cream, \$820,000,000; candy, \$689, 000,000, and jewelry, \$450,000,000, or an average of \$28.30 per home in the United States.

Species of Dogwoods

Cornus Florida, the common dogwood species in the United States, belongs to the genus Cornus. There are about 25 species of this tree which & P. store at Cass City. are indigenous to Europe, Asia and North America.

False Happiness

We do not gain happiness by forcing ourselves into positions that are not natural to us.-Woman's Home

Many Cotton Raisers

The cotton crop of the United States is grown by some 2,000,000 farmers on more than 40,000,000 acres of land.

Leather-Stocking

Leather-Stocking is the nickname of Natty Bumppo, one of the favorite characters drawn by the American writer of Indian and sea tales, James Fenimore Cooper. The bearer of the nickname is a half-savage, half-Christian chevalier of American wild life of almost a century and a quarter ago. Leather-Stocking reappears and closes his career in Cooper's story, "The Prairie."

Lesson for August 5 PAUL IN A PAGAN COUNTRY

LESSON TEXT—Acts 14:1-28.
GOLDEN TEXT—I know both how to be abased and I know how to abound.
PRIMARY TOPIC—Paul and Barnabas Preach to the Heathen.

JUNIOR TOPIC—Paul and Barnabas Preach to the Heathen.

INTERMEDIATE AND SENIOR POP-ic—Paul Unmoved by Flattery and Danger.
YOUNG PEOPLE AND ADULT TOP-IC—The Heroism of Foreign Missions.

I. Paul and Barnabas Preaching at Iconium (vv. 1-7).

1. Their manner of preaching (v. 1). a great multitude believed. They were ing in Deford. true preachers. Only that which brings conviction of sin and induces decisions for Christ can be truly said to be preaching in the Biblical sense. 2. Their attitude towards opposition (v. 3).

This is suggested by the word "therefore." "Long time therefore they tarried." The opposition did not prevent their preaching, but incited them to continue preaching. Christian Saturday for Oxford and other workers should learn not to give up points south. They returned on Tues work because of opposition.

the opposition was so fierce, the Lord Estate at the west end of town. granted help which was needed.

(v. 4.) The multitude of the city was didivision comes frequently in the home just as Christ predicted. 5. Paul and Barnabas assaulted

(vv. 5-7). The Jews and the Gentiles united

in planning this assault. Being apprised of this plot, Paul and Barnabas fled to Lystra and Derbe, where they preached the gospel.

II. An Attempt to Worship Paul and Barnabas as Gods (vv. 8-18). 1. The occasion (vv. 8-10).

It was the healing of the lame man God's gracious power shown in healing this lame man occasioned a new difficulty. The man was a confirmed cripple. He had never walked. On hearing Paul preach faith was born in his heart (Rom. 10:17). When Paul perceived that the cripple trusted Christ, with a loud voice that all could hear he bade the man to stand upright. The cure was instantaneous for he leaped up and walked (v. 10). 2. The method (vv. 11-13).

They called Barnabas Jupiter, and Paul Mercurius because he was the chief speaker. The priest of Jupiter brought oxen and garlands ready to offer sacrifice unto those men (v. 13). 3. Their efforts frustrated (vv. 14-18).

ed by the tact of the apostles as exhibited in the address of the occa

(1) They denied that they were divine beings and declared against the worship of men of like passions with themselves. What awful folly to worship such beings when the infinite God, who created all things and is above all, spreading out His beneficent hands in blessing upon all, is seeking true worshipers!

(2) They directed them to turn away from these vain things unto the living God who made heaven and earth, and has left witness of Himself in that He has always done good. giving rain and fruitful season, filling their hearts with gladness.

III. The Stoning of Paul (vv.

Wicked Jews from Antioch and Iconium pursued Paul with relentless hate to this place where they stirred ap the very people who were willing to worship the apostles a little while before. This hatred took form in the stoning of Paul and dragging him out of the city for dead. These things are easy to talk about, but how awful they must be to experience. God raised him up, and with undannted courage he pressed on with his duties as a missionary, bearing the good tidings to the lost. The church today needs men with such zeal and courage, and such a passion for the souls of lost men that they will do as Paul did.

IV. The Organization of Churches in the Field (vv. 23-28.)

Evangelization with Paul did not mean a hasty and superficial preaching of the gospel, but the establishment of a permanent work. Elders were appointed in every church. The work of the missionary is not done until self-governing and self-propagating churches are established on the

Fly to Him

If it be true that God is not only willing to befriend us, but is spoken of as touched with sympathy for our miseries, so as to be all the kinder to us the more we are miserable, what folly were it not to fly to him without delay.-John Calvin.

A Verse From the Bible

Let nothing be done through strife or vainglory; but in lowliness of mind let each esteem the other better than themselves.—Philippians 2:3.

DEFORD

The storm of Thursday night, July 26, did a lot of damage in and around north of Deford was struck by light- and sister, Mrs. Ben Gage. ning and burned to the ground. To the Telephone Patrons:

The Wolverine Home Telephone Company announces that it has acquired the telephone properties formerly operated in Almont, Brown City, Cass City, Imlay City, North Branch, and Williamston with the permission of the Michigan Public Utilities Commission.

Your new company will constantly strive to render you more adequate and increasingly better service, and will welcome any advice or suggestions that you may have to offer from time to time.

The management and personnel of your company will remain the same, and will strive to maintain the same cordial relations as have existed in the past.

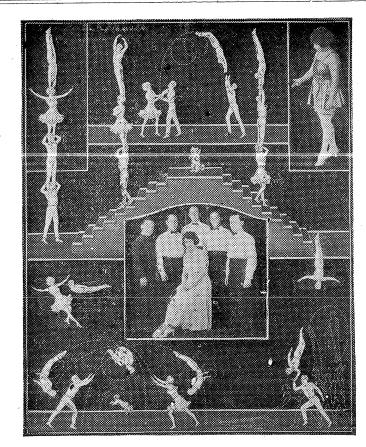

Thanking you for your continued cooperation, we remain.

AN ATTRACTION OF EXTRAORDINARY MERIT, THE FIVE LELANDS AT CASS CITY FAIR AUGUST 7-10.

An attraction of extraordinary merit are the Five Lelands, originators and Betty Lou, Mrs. Margaret Mcof an endless variety of superior and varied feats of hand and head balancing. This is said to be an exhibition of agile celerity attaining a perfection and children. Ailene and Lulu Bell, never before equaled, with an ingenious introduction of irresistible comedy

Tony Leland, the originator and producer of the Five Lelands Act, was for many years featured performer with the Barnum & Bailey Circus and was also with Ringling Brothers. When he selected the three male members of his act, he picked men, young in age, but old in experience, and their work is speedy, flashy, and full of action. Tommy Leland, the youthful member of the troupe, is one of the greatest boy clowns before the public today. The three men and lady in the act work straight. Tommy knows just

what to do to bring forth laughs from the public.

The Lelands are supreme head and hand balancers, and much of the understanding in the act is done by the feminine member. Three high balancing feats is one of their extraordinary features, and their three high, walking up and down a flight of stairs is one of the distinct sensations of the performance. Fast tumbling of a striking original variety fairly takes the spectators by storm. A rapid fire revolving finish in which all five participate brings the act to a stirring and exciting climax.
