The steel shelves at the side walls are from the floor up, just high enough to be conveniently reached. The ice-box placed just back of the counters leaves a place for packing butter. The foundations in the windows have been removed and two racks to match the shelving are placed in each window for displays. The walls are being painted light cream and with the green shelving makes a very neat and clean appearance. The store is now much more convenient for both customers and salesmen.

NEW FACADE FOR C. C. STATE BANK

Building Will Soon Have Modern Front of Stone and Brick.

Workmen have removed the second-story porch from the front and west sides of the Cass City State Bank and in a few weeks will be commenced the work of installing a new first-story front in this building. The old front will be removed and replaced by a modern facade of stone and brick. Three plate glass windows and a single door of oak will be installed.

M. B. Auten, president of the bank, says that a new vault will be built in the rear of the present bank vault. The new one will be equipped with electric lights, telephone and ventilator and will be used principally to store customers' safety deposit boxes.

Cowles & Mutschler of Saginaw are the architects who designed the new bank front. This firm made the plans for the State Savings Bank and the Cooper & Striffler block in Caro and St. Agatha's church at Gagetown.

The Cass City Bank was established in Cass City in 1882 by C. W. McPhail and its present bank building is among the few remaining business structures which stood on Cass City's Main St. in those early days.

FREE CHEST EXAM AT COUNTY CLINIC

Early Discovery of Tuberculosis Insures an Early Recovery.

Opportunity for a free chest examination will be given the residents of Tuscola county on August 20 and 21 when the Michigan Tuberculosis Association will conduct a clinic at Caro. Miss Beatrice Ferriby, R. N., is in the county at present making arrangements for the clinic.

The examinations, which will be given without charge to the patients, are financed entirely by funds raised in the annual sale of tuberculosis Christmas seals.

Calling attention to the early danger signs of tuberculosis, the Michigan Tuberculosis Association warns that only through early discovery can early recovery from the disease be insured. The following symptoms of the disease are given as danger signals that should lead to a thorough chest examination: unexplained loss of strength or weight, too easily tired, afternoon fever, indigestion or lack of appetite, and a cough that does not yield to the usual methods of treatment.

Records show that a large majority of the cases of tuberculosis diagnosed in chest clinics come from families where some member has had the disease. Special attention will therefore be given in the coming clinic to persons who have had prolonged contact with a case of tuberculosis.

Church, this band, composed entirely of high school students, has competed successfully in the state band contest as a Class A Band for the past four years. Grant Epworth League, 8:00 p. m. Miss Agnes MacLachlan will be the leader. Topic, "How Far Should Custom Determine Standards of Conduct?" The young people have interesting and well-attended meetings. You will find it a good place to spend Sunday evening.

Put Sunday, Sept. 1, down upon your calendar as a "Red Letter Day" in the life of our churches.

Don't forget that conference is rapidly approaching and there is considerable to be done, in order that all accounts shall be balanced. "You feed your body 21 times a week, whether it is hungry or not. Then why not throw your soul a bone once a week at least, even if it doesn't seem hungry? The poor thing may be too weak from starvation to make its wants known." "The most beautiful sight from the pulpit is a whole family seated together in a pew. The church service is not a convention, that a family should merely send a delegate."

Please remember that the pastor doesn't have second-sight, nor is he a mind-reader, so if there is sickness in your family, or any need for pastoral service, let the pastor know and he will be glad to respond.

LONG SENTENCES FOR BANK ROBBERS

Rittmeyer Gets 25 to 50 Years; Main 15 to 25 Years.

Long prison terms were given two of the three men who robbed the Michigan Savings Bank at Vassar of almost \$5,000 on July 13. Circuit Judge Henry H. Smith on Saturday sentenced Harold Rittmeyer, 21, of Arbel township, Tuscola county, to a term of 25 to 40 years with hard labor at Marquette prison, and Elmer Main of Saginaw was given a 15 to 25 year term at Jackson state prison.

The third member of the trio, alleged to have been Arthur Main, and declared by police and the other two to be the "brains" of the gang, is still at large. He is claimed to be the one who drew the gun on the cashier of the bank when it was robbed just before closing time at noon, on July 13.

Judge Smith said he hoped the sentences would serve as warnings to others who were tempted to rob banks and brought out the fact that both young men came of good families.

Rittmeyer said that of the \$1300 he got as his share of the bank loot he gave Arthur Main \$1,000 as his share of the purchase price of an airplane, which Main later bought, and said he loaned Main an additional \$200, leaving himself with only \$100. Of this he had \$10 at the time of his arrest. Elmer Main said he paid some bills with the \$900, his share of the loot, and squandered the rest.

Undersheriff James Kirk Friday went to Plymouth and attached the Main plane in the name of the bank. The craft was brought to Caro this week.

BLUE RIBBON FAIR COMES NEXT WEEK

Fine Exhibits and Big Amusement Program Are Promised for Fair Visitors.

With the prospects of an unusually large showing of live stock and other exhibits and the contracting of a large variety and costly amusement features, the Cass City Fair next week promises to be one of the best exhibitions held on the local grounds.

The entertainment features this year promise to rank well with the big programs presented in former years to Cass City fair visitors. Generous purses are offered in the harness and running races, and the free entertainment features in platform attractions, baseball games, horse-shoe pitching contests, fireworks, band, etc., provide a variety that will delight all.

Baseball fans will be interested in the two games which have been scheduled for the fair. On Wednesday afternoon, Aug. 14, Sebewaing, leaders in the Huron County League, will play Elkton. The latter team has already defeated the bay shore town twice this season so there promises to be a real battle here Wednesday. On Friday afternoon, Aug. 16, the Lapeer team, who have won their seventh straight victory this season, will meet Bad Axe, second team in the Huron League. This looks like another real contest.

The fair opens Tuesday night, Aug. 13, with the regular special attractions and fireworks program and will continue to and including Friday night, Aug. 16.

Oriental Rug Weaving

Oriental rugs are woven on a single frame consisting of two poles supporting two rollers. To the rollers is fastened a warp of strong threads, the number of which determines the width and fineness of the rug. To each thread of the warp, short frills of colored wool, silk, or hair of camels and goats are knotted in such a way that the two ends project toward the worker.

Actual tests have proven that dairy cows give more milk and stay fresh longer when fed a balanced ration. Cow Chow provides a balanced ration when mixed with home feeds.

A London banker says he would enjoy running a newspaper column for just one day. And what we could do to a bank in just an hour!

Tuscola and Cream of Wheat flour make baking a pleasure. If you are not using these excellent flours you are losing and we are too.

It takes a stubborn dry to favor prohibition as it is, and a stubborn wet to favor liquor as it is.

Results are what count. That's why the best feeders feed Cow Chow year after year.

"Bring me another boiled egg, please." "Anything else?" "Yes, you might bring me a coop. The last one flew away."

And if you want the best results say it with Purina.

Hungry individual—"What kind of pie have you?" Waiter—"We have pineapplepianapplepie."

We will have another car of "Laura" coal next week. Let us have your order now. The price is right and the coal is right. Ask those who burned "Laura" last winter.

You're supposed to work eight hours and sleep eight hours—but not the same eight hours.

This is August. The weather is hot. A dickens of a time, you probably will say, to talk about buying coal. But you can save money on coal by buying now. That's a fact! Call us by phone. We'll give you our quotations on Laura coal.

When the supply of its product runs ahead of the demand a corporation establishes the five-day week on account of its keen interest in its employees' welfare.

Purina Chick Growers will develop those pullets into strong

healthy early laying and paying birds.

Nowadays when a man gets old enough so that he doesn't have to tell his mother where he is nights—he gets married and has to report to his wife.

Purina Calf Chow will raise calves for about one-third the cost of whole milk.

Candidate—"I am willing to trust the people." Voice from the crowd—"You don't need to run for office. Just go into the milling business."

We will have another car of Purina next week.

Then there was the old maid who was so modest she wouldn't undress with the "Christian Observer" in the room.

A little Calf Chow saves a lot of milk.
