An Ohio mother writes this: "I knew our bottle of Foley's Honey and Tar was getting low, but just neglected replacing it. Then one night Sonny awoke us with that dreaded croupy cough, and I fairly flew for our bottle of Foley's Honey and Tar. THE EVANGELICAL REVIVAL. For two weeks Miss Imogene Quinn of Indianapolis, Ind., known to thousands as the "Hoosier Girl Evangelist," has been preaching nightly in the Cass City Evangelical church to large and appreciative congregations on the most vital problems with which humanity has to deal. Her messages have been well received by audiences, composed largely of the

pastors and members of the various local churches and adjacent communities. The Methodist, Baptist and Presbyterian societies exhibited a beautiful Christian spirit of affiliation with the Evangelicals. From the beginning, Miss Quinn's soul-winning campaign resolved itself into a community affair, and the people, regardless of denominational name or ties, have contributed to make the occasion a splendid success. Tuesday evening of this week, a large delegation of Brown City Evangelicals, led by their pastor, Rev. W. H. Fairchild, occupied at least a quarter of the commodious auditorium. Two former pastors, accompanied by members of their congregations, also were in attendance and assisted in the service. They were the Revs. C. F. Smith, of Kilmanagh, and P. L. Pohly, of Sebawaing. During the meetings thus far, a number have bowed at the altar of prayer, confessing Christ as their personal Savior. On Monday evening, a most unusual scene was enacted, when a throng of members from all the churches in the community, assembled at the chancel rail in prayerful consecration of their lives to God. Sunday evening Miss Quinn closes her remarkable campaign here. Her next place of evangelistic effort is Traverse City, Mich., where she will open her campaign in the Evangelical church of that city, where Rev. J. S. Deabler is pastor.

DR. CALDWELL'S THREE RULES

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any drugstore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. NURSES know, and doctors have declared there's nothing quite like Bayer Aspirin for all sorts of aches and pains, but be sure it is genuine Bayer; that name must be on the package, and on every tablet. Bayer is genuine, and the word genuine—in red—is on every box. You can't go wrong if you will just look at the box:

Temporary Fences Save Time, Labor and Money

THEY cut labor costs by letting the stock do much of the harvesting. They turn into money much forage so often allowed to go to waste, enable you to rotate stock and hogs over different fields and maintain fertility. Live stock as well as hogs salvage much grain left in the field.

For instance—dividing either permanent or temporary pastures, hogging off part of your corn, turning in on legume crops—all these practices are profitable and all can be followed through using a few stretches of temporary fence here and there on the farm.

Temporary fences can be quickly erected on Red Top Steel Posts. With a Red Top Driver these drive easily through hardest soil at the rate of 200 to 300 a day. And after using them for temporary fences they can be withdrawn and used in your permanent fence line—makes your fence post dollar do double duty.

Come in and let us show you the advantages of the Red Top Post that make it the most dependable and economical post for you to use for all purposes.

ter results. Get them in the well known check-board bags. Purina Lay Chow (Egg Mash) at \$3.00 per bag (100 lbs.)

You don't have to be a nut to edit an advertisement like this, but it does help.

We have several owners of good sized flocks feeding Wayne Egg Mash. This is a real feed and the price is right too.

Middle-age is that indefinite period when another pain does not mean anything in particular.

We received a car of Wayne feed this week. One low price to all on these feeds.

One of our Cass City philosophers observed to us the other day that only a very small per cent of the girls of our country are working girls—the rest are working men!

Harry Watson has about 75 pullets for sale. They are nice ones too.

Two things we don't care for: Ukelele music and paper towels!

Anyone wanting about 75 good pullets see Harry Watson.

Purina and the Cow Testing Association both recommend the same things for profitable dairying—breeding—breeding—and feeding. It has become rather a habit, whenever we receive a new C. T. A. report to check over the list and see how many of the leaders are Purina fed.

It costs about as much to feed a hen that lays only 50 eggs a year as it does to feed one that lays from 150 to 200 eggs a year. Cull out your "boarders" and feed the rest on Purina Poultry Chow. You'll get more eggs than you got from your whole flock on their former ration.

Wayne Calf Meal is a good substitute for milk and sells for \$1.25 per bag.

Cream of Wheat flour is a good buy any time. Better get your year's supply soon.

Why experiment with poultry feeds when you can use Purina Chows which always give bet-

One hundred pounds of Purina Calf Chow saves about 800 pounds of milk in raising those calves. That's why you can raise a calf on Calf Chow for about one-third the cost of whole milk.

can make him laugh. "But Eddy—the church!" "On, hang the church. Give 'em a vacation—do 'em good. The best way to make some people appreciate their religion is to take it away from 'em for a while. But anyhow, if we can't go to such extremes, and I dare say your father would object, we can get a student preacher to fill in for a month or six weeks. Best thing all the way round. I'm a member myself, and I'll go to old Jop this very day, and get things started. We'd better have it all fixed before your father comes back, for he just might have an objection or so. Now you be ready to come out with him—" To be continued.

SHERIFF HAS 2 PRISONERS; SEEKS CRIME

From Detroit Free Press.

Sandusky, Mich., Oct. 16—With three murder cases in circuit courts of the state this week, Sanilac county officers are attempting to unearth a murder for this county. So far they have made two arrests in a hypothetical murder case but have been unable in five days, to find that anybody has been murdered.

The supposed murder victim is Alexander Hamilton, 67 years old, of 3940 Commonwealth avenue, Detroit, who came to his farm here about October 4 and failed to return to the Detroit residence, where he had been living with his sister. Those under arrest are Daniel Russell and his wife, Ethel, who live on a farm adjoining the farm owned by Hamilton.

Sheriff L. C. Hagle and Prosecutor William H. Burgess have been holding the man and wife without charges since last Sunday. Burgess said tonight he had no evidence on which to base a warrant for them. Asked why he was having them kept in jail, he said, "I do not wish to discuss the case."

Asked if there was any reason for holding the two, the prosecutor declared that he thought the sheriff might find some evidence that would connect them with the murder of Hamilton if the sheriff found that Hamilton had been murdered. He refused to comment on why he believed Hamilton might have been murdered.

Hamilton came to his farm here on October 4, according to Russell and his wife. They declared they had purchased three horses and some farm implements from the man and had paid him \$900 in cash. They also exhibited a receipt witnessed by a James A. Smith. They said Smith was with Hamilton and left with him.

After giving this information, the Russells were placed in jail. Relatives of Hamilton started a search for the missing man but have been unable to find any trace of him here, at Pontiac where he has relatives, or in Detroit.

Hamilton is a brother of James Hamilton, 372 West Grand boulevard, who was candidate for governor on the Republican ticket in 1924. James Hamilton plans to come here tomorrow to aid in the search for his brother.

Because Hamilton had relatives both in Pontiac and Detroit, the fact that he was missing was not established until nine days after the visit to his farm in Evergreen township.

Tung Oil Valuable

United States imports of tung oil amount to approximately \$15,000,000 annually, all of it coming from China. This oil is an important ingredient in the manufacture of high-grade varnishes, being the only known constituent of varnish which makes it resist heat and water.

First of Growing Tribe

Two of the earliest millionaires in the United States were John Jacob Astor, 1782-1848, and Stephen Girard, who settled in Philadelphia in 1772. Girard was worth \$10,000,000 at the time of his death in 1832.
