

P. T. A. CHAIRMEN NAMED FOR NEXT YEAR

Society's Last Meeting for This School Year Was Held Monday.

The Parent Teachers' Association held their last meeting of the school year Monday evening in the high school auditorium. The meeting was opened with community singing under the direction of Mrs. Hamman, after which Rev. Curtis offered prayer.

During the business session, the secretary reported 243 paid members. Miss Charlotte Warner sang two solos, "Lullaby," by Brahms and "Jean," by Frank L. Stanton. Mrs. A. A. Ricker, chairman of the program committee, introduced the speaker of the evening, Mrs. C. L. Thompson of Muskegon, president of the State Federation of Women's Clubs. She spoke on the subject, "Faithful Citizenship."

"Parents who are loved by their children stand first among all the teachers a child ever has in the influence they have upon his life," said the speaker. "Largely from the parents a child learns to accept or to reject the good things of life, and to succeed or fail in achieving during childhood the independence and stability which will make him a satisfactory adult. Parent education plays an important part in the life of the parent, the child and the community. It is the means whereby the parent learns how to grow along with the child and to enjoy a companionship with him as well as to assume guidance for him." Mrs. Thompson urged that parents get in step with their children, win their confidence, and be pals to them.

Mrs. Walter Schell, president for the coming year, appointed the following chairmen: hospitality, Mrs. Norman Gillies; membership, Mrs. Theo Hendrick; child welfare, Mrs. Zuleika Stafford; program, Rev. P. J. Allured; historian, Mrs. Frank Hutchinson; study group, Mrs. Mylo Ragan; recreation, Rev. W. Curtis.

S. S. CLASS ENJOY TRIP TO DETROIT

A rare treat was given the boys of Frederick Pinney's Sunday School class of the Presbyterian church Monday when Mr. Pinney took them to Detroit to see Washington and Detroit play ball. They left Cass City about ten o'clock and were given a dinner at the Statler hotel. Besides seeing the ball game, they visited the airport and saw the mail planes come in and viewed Detroit from the top of the Penobscot building. On the way home, they were served supper at Romeo.

Those who made the trip were Frederick Pinney, A. J. Knapp, Charles Bond, Clark Knapp, John Day, James Milligan, Horace Pinney, Harry Crandell, Charles Wright, Robert Allured, and Nile Stafford.

GIRL HAD NARROW ESCAPE FROM SERIOUS INJURY

Miss Irene McComb, 16 year old daughter of Mr. and Mrs. Floyd McComb, had a narrow escape Thursday evening when she was struck by an automobile while walking at the side of the road south of town with two girl companions.

Irene, with Elsie McComb and Grace Robinson, were returning from the Spencer home about 9:00 p. m. When just south of the railroad track a car driven by Mr. Stoner came from the north and a car driven by Mr. Roberts of Deford came from the south. The girls walking side by side were on the wrong side of the road and Mr. Roberts says that the lights from the other car blinded him so he did not see the girls. He felt the car strike something and at the same time heard a scream.

He picked up the injured girl, who

was unconscious, and hurried her to Pleasant Home hospital where it was found she had received a severe cut across the top of the head and it was feared at first that she had also received a skull fracture but an X-ray revealed that beside the cut and a few bruises, she was not hurt. She was able to be taken to her home the next day.

NEW RESTAURANT TO OPEN NEXT WEEK

Mrs. Alice Moore has closed out the Bliss Millinery stock and Mr. and Mrs. William I. Moore will open a restaurant in the building. Mr. Moore is busy with helpers rearranging the rooms. The west side of the store is being paneled and side lights and new drop lights are being put in. Hot and cold water are being conveniently installed and the entire interior will be redecorated. They expect to be ready to open for business about May 23.

THREE C. C. STUDENTS ON M. S. C. HONOR ROLL

Vernita and Pauline Knight and Claude Mitchell Have "B" Average or Better.

The Misses Vernita and Pauline Knight of Cass City are among the 250 students at Michigan State College whose names appear on the honor roll for the spring term of 1931. The former is a junior in the liberal arts division, while the latter is a senior in the home economics division.

To gain this distinction the co-eds have maintained a scholastic average of "B" or better for the past two terms, and in addition to the recent citation for scholarship, they win unlimited cut privileges for the remainder of the year. These privileges are granted only to the juniors and seniors with the necessary average, and leave class attendance to the judgment of the individual. They do not eliminate responsibility for work missed because of absence, however.

The Misses Knight have consistently won high grades during their past years at East Lansing. Both are graduates of the Cass City High School.

Claude Mitchell, a graduate of the high school here, is also listed on the M. S. C. honor roll for the spring term. He is a junior agricultural student. He has gained high marks since his entrance at Michigan State, besides being extremely active in the publication of the school agricultural paper, "The Agriculturalist," of which he is now editor.

Cass City Methodists Will Celebrate 51st Anniversary of Church Dedication Sunday

The anniversary of the building of the First Methodist Episcopal church at Cass City in 1880 will be celebrated by members of the congregation and their friends on Sunday, May 17.

Invitations have been sent to former Cass City residents now living at distant points to attend this 51st anniversary and it is expected that a large number will come to renew old friendships and attend one or all of the three services planned for the day. All of the people of this community are invited to attend these services.

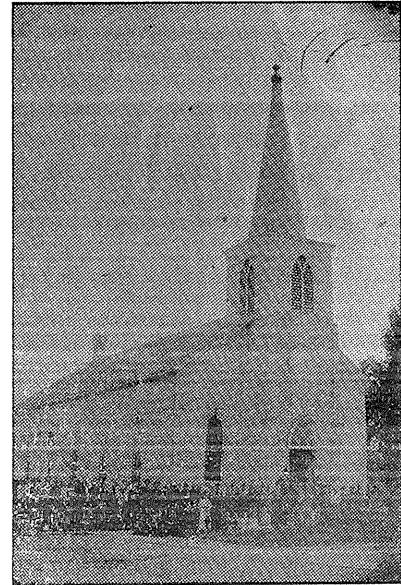

A special invitation has been extended to the churches of Cass City to join with the Methodist congregation in the afternoon and evening sessions.

The morning service will begin at ten o'clock. Dr. Peter F. Stair, district superintendent of the Port Huron district, will deliver the sermon. The music for this service will be in charge of Mrs. W. A. Wellemeyer, former member of the Cass City church and choir, but who now resides in Vassar. Mrs. Wellemeyer will be assisted by some of her friends from Vassar.

The afternoon service will be at 3:00. This will be a platform service with former ministers taking part. Music will be rendered by Miss Veda Bixby, soloist, Mrs. Earl Douglas, soloist, the Cass City High School Girls' Quartet and others. The history of the church will be read by Dr. I. A. Fritz. Refreshments will be served by the ladies at 5:30.

The evening service will begin at 7:30. Rev. W. B. Weaver, pastor of the M. E. church at Crosswell, a former pastor at Cass City, will preach the sermon. Music will be in charge of George W. Hartson of Port Huron. Mr. Hartson will bring with him a soloist and a male quartet. They will sing several selections.

Mrs. I. A. Fritz, Mrs. L. I. Wood and Mrs. J. M. Dodge are members

Early History of Methodism in Cass City.

The first preaching in the township of Elkland was by a clergyman of the Methodist church, Rev. Mr. Baker, at the house of Andrew Walmsley, about 1860. Shortly after this a class was organized at Mr. Walmsley's house by Rev. Mr. Greenlow. The exact number is not known, but probably there were seven or eight members. Services were continued, usually once in two weeks, until the time of the regular organization of the church.

At a quarterly conference of Watrousville circuit held at Centerville (Caro) in January, 1869, the following persons were elected as trustees of

THE WEEK IN THE STATE LEGISLATURE

A Resume of the Matters Which Are Claiming Attention of Solons.

By Mich. Press Association.

Appropriations essential to the running of the state during the next biennium had the spotlight as the legislature convened for what many hoped would be the last week of the session. The new appropriation bill, making some changes since the first was brought out early in the session, was introduced by Rep. Gus Hartman of Houghton, chairman of the ways and means committee. It was pushed to a vote in the House last week in order to give the Senate "its inning" during the closing days.

As originally brought out the state budget called for \$35,047,219.33 for the year 1932 and \$34,515,500.21 for 1933, these figures including the amounts recommended originally for the University of Michigan and Michigan State College. These figures were cut down to \$4,500,000 and 1-500,000, respectively, as recommended in the Callaghan bill, and other amendments were accepted before passage. The total will also be affected by the passage of some of the new proposals, if enacted.

As drawn up and submitted by the House committee, the budget bill has no drastic changes. What economies are proposed are mostly made possible through the shifting of the load to some other source. As an illustration, no funds are provided for fish propagation for the Conservation Department, it being assumed that the rod license tree, now before the Senate, will be enacted to provide the necessary funds.

Among the increases provided by amendments was an item of \$200,000 for a tuberculosis sanatorium for the upper part of the lower peninsula, an item insisted upon by Speaker Fred R. Ming of Cheboygan. This was inserted in the budget after it was announced that the malt tax was to be vetoed. Other increases, adopted after their proposal by Rep. Chas. Reed of Clio, gave additional funds for county normal schools; rural agricultural schools; day schools for blind and deaf; schools for crippled children; primary school aid for one-room schools. Rep. Helm cast the only negative vote in the House when the bill was put to a vote closing the session of last week.

In vetoing the malt tax bill, Gov. Brucker in his message to the Senate expressed the hope that some other sources of revenue, less objectionable, would be found. At the same time he stated:

"If, despite my views, the legislature still adheres to its position, an avenue for carrying it will into ef-

ERNEST SCHWADERER IS
CHAMPION ROTARY SPELLER

Members of the Rotary Club engaged in a spelling match at their meeting Tuesday. Ernest Schwaderer led his group to victory by correctly spelling "bimetallism." He was the last man up.

Delirium, fundamental, cemetery, literature, scythe, and picnicking were among the easy ones that "floored" at least one of the fellows who attempted to spell one of them. Congressman Woodruff will be the speaker at the club's meeting next Tuesday.

SHERIFF RECEIVES OPERATORS' BLANKS

First Drivers Must Secure New Licenses Before November 1, 1931.

Application blanks for operators' and chauffeurs' driving licenses have been received at the office of Sheriff James Kirk at Caro. Persons desiring the licenses must make personal application at the sheriff's office.

The operator's license costs \$1.00 and the chauffeur's license \$2.00. A photo of chauffeur is to accompany his application. The size of the picture should be 1½ by 2 inches. A draft, money order or certified check drawn in favor of Frank D. Fitzgerald, secretary of state, is to accompany the application. If cash is presented at the sheriff's office, five cents is to be added to the license fee to pay for money order. A person who holds a chauffeur's license is not required to carry an operator's license.

A person under 18 years of age must have his parent's or guardian's signature on application.

Motorists who hold licenses issued previous to Jan. 1, 1925, have six months from May 1st last to secure their new drivers' licenses. Those who hold drivers' licenses issued between Jan. 1, 1925, and Dec. 31, 1927, have 12 months to renew. Eighteen months are granted those who secured their first drivers' licenses after Jan. 1, 1928, to secure new licenses.

No notary charge is made when application for the driver's license is made at Sheriff Kirk's office. At some places in the state, a notary fee is charged in addition to the statutory license fee of \$1.

the Methodist Episcopal church of Cass City: Andrew Walmsley, Hugh Seed, Jacob Schenck, Alonzo DeWitt, and John C. Laing, to be known and called "The Trustees of the First Methodist Episcopal Church of Cass City." This was the legal organization and incorporation of the church at Cass City made necessary by the laws of the state.

The Cass City circuit was, to use the language of Rev. Mr. Withey, "born at the fourteenth session of the Detroit conference held at Detroit Sept. 1 to 8, 1869." Rev. J. E. Withey was the first appointed preacher in charge. The circuit was duly organized with appointments at Cass City, Ellington and Almer on one Sabbath, and at Gagetown, Bird's and Cass City on another, with week night meetings at Columbia, Bingham's and Novesta. A Sunday School and Thursday evening prayer meeting were at once started at Cass City.

The society, having been presented by Hugh Seed with two lots, a parsonage was built, into which the pastor's family moved in January, 1870.

Services were held in the school-house, but with a view to securing a permanent home. At the first quarterly conference, held at Cass City, Oct. 25, 1879, the subject of a church building was called up by the pastor, and, after discussion, A. Walmsley, J. Schenck and L. A. DeWitt were elected a building committee. The next year the building was erected.

The laying of the corner stone was an interesting event in the history of Cass City, and was described as follows: "As the people assembled, the I. O. O. F., led by the Cass City Cornet Band, marched from their hall and took seats in regular order to assist in the ceremonies. The audience was called to order by the pastor, Rev. H. Palmer. Music was discoursed by the band. The opening

THREE SISTERS ARE TO GRADUATE FROM C. C. H. S. THIS SPRING

This spring, for the first time in the history of the Cass City High School, three sisters will graduate in the same class. The sisters are Pearl, Dorothy, and Mildred Rockwell, daughters of Mr. and Mrs. Harry Rockwell of Snover. These students reside eight miles east and two miles south of Cass City and each day they drive a total of twenty miles to and from school. Ice and snow hold no fear for these plucky girls for during the last three years, they drove the usual distance every day even during the cold winter months. They have been absent from school a comparatively few number of days.

Prior to their entrance into the Cass City High School four years ago, the Misses Rockwell attended the Hay Creek school, of which Miss Clara Willerton is teacher. All three girls have applied for entrance to the new Sanilac county normal at Sandusky next year.

LIVE STOCK CLUB ELECTS OFFICERS

A lively meeting of future farmers was held at the agricultural room of the high school Friday to elect officers for the 1931 Cass City Live Stock Club. Willis Campbell is club advisor; Ephraim Knight, club leader; Harry Crandell, Jr., president; Ralph Rawson, secretary; Merritt Allen, treasurer.

The 1931 pig club is now being formed. Applications for pigs must be sent in to Ephraim Knight or Willis Campbell not later than June 1. There will be Chester Whites, Berkshires and Spotted Poland Chinas in the club this year. Boys are urged to join this year as good pigs are the cheapest since clubs were organized here.

Plans are being made for baseball teams. The champion ice cream eaters will be selected at the next regular meeting.

CASS CITY DEFEATS FAIRGROVE 6-3

Caro Won Close Contest, 1-0; Mayville Plays Locals Here Today.

Cass City's baseball and track teams end a busy week today (Friday) with the playing of Mayville's baseball team here.

One of the best games ever played in Cass City, from a defensive standpoint, took place here last Friday when Caro defeated the locals 1-0. For eight innings the rival pitchers had everything their own way, but going into the ninth, Ruhl's support weakened slightly and pitcher Ayres' team was able to score one unearned run. This, however, was enough to win the ball game. Cass City's last chance also came in the ninth when Greenleaf raced for home on a two-base hit by Shagena into left field, but was thrown out at the plate by a very close decision. "Shorty" Greenleaf seemed to be the only man to solve the slants of Ayres to any marked degree, getting on base three times during the game, once by a good clean single, the other two times by scratch hits to the infield. Caro solved the delivery of Ruhl for four hits, while Cass City got three from Caro's pitcher. Cass City defense functioned perfectly for eight innings, during which time they turned in two double plays to help Ruhl over the rough spots.

On Tuesday, Cass City defeated Fairgrove by a score of 6-3. Greenleaf and Retherford scored four of these runs, while Shagena and Hunter were bringing in the other two. Shagena started on the mound for Cass City, but was relieved in the sixth inning by Ruhl. The two of them succeeded in striking out thirteen of the opposing batsmen.

Today's game will conclude a successful week for the locals.

MRS. THOMPSON SPEAKS TO W. S. C.

State Federation President Was Guest Speaker at Luncheon on Monday.

Mrs. C. L. Thompson of Muskegon, president of the Michigan State Federation of Women's Clubs, was the guest speaker at a luncheon Monday afternoon served to the Woman's Study Club by girls of the home economics department of the high school under the supervision of their instructor, Miss Frances Perrin. Other out-of-town guests present were Mesdames A. Sleeper, Cross, Harrington and Blakely, all of Bad-Axe, and Mrs. Alex Marshall and Mrs. Charles Schwaderer, both of Kingston.

The luncheon was served shortly after one o'clock in the home economics rooms of the school building and was excellent in every detail. The tables were very pretty with bowls of wild spring flowers, while sweet peas centered the speaker's table. The favors were novel and pretty. The following delicious menu, served in three courses, was enjoyed: Fruit cocktail, veal birds, peas in mashed potato rings, butterfly salad, rolls, olives, strawberry whip and coffee.

Mrs. Lewis Law, president of the club, presided at a short business meeting and then called upon Mrs. A. J. Knapp to introduce Mrs. Thompson.

In beginning her address, Mrs. Thompson compared club women with automobiles and service stations. She spoke of the biennial convention in Phoenix, Arizona, where 500 women from the 48 states representing 15,000 clubs and 2,500,000 members who belong to federated clubs met.

A movement was started at the convention for adopting a neutral flag with which during time of war, every country could protect its works of art.

Michigan was proud to read into her report that 40 acres of reforestation near West Branch has been sponsored by the Michigan Federation of Women's Clubs, and hold the distinction of being the first state in the union to sponsor such worthy work.

Michigan also stood first among the states to respond to the national call for relief for the unemployed. Massachusetts and Southern California followed.

Mrs. Thompson painted a vivid picture of the closing event of the convention when "The Mask of the Yellow Peril" was presented.

Accidents happen and sometimes ones which amuse us. We thought these did:

Muddy Feet—One day my kitten came in from playing outside. I was sitting in a chair when he jumped up on my lap and got me all dirty. I got mad at him but had to laugh.—Mabel Jean Bradshaw.

The Summersault—I was climbing up the ladder while the cat was coming down. I tumbled down turning a summersault. I laughed and started to chase him.—Sharlie VanWinkle.

We had a good time at the woods last Monday. The second grade went with us.

Thieves entered our school building Sunday night, forcing a window in the first grade room. They entered the office by springing the locks and evidently tried to enter the vault as it was badly marked, but were not successful. The only thing missing was a little change, less than one dollar, and belonging to the library fees, taken from the outer office. They did not molest several dollars worth of stamps and a bunch of pennies also in the desk. Deputy Caldwell and Sheriff Kirk were called but have found no clues to date.

Our seventh and eighth grade review examinations held last Friday were very successful, at least from the standpoint of interest shown and numbers attending. Two hundred and fifty-three students from 40 schools were here. The list of winners will be found elsewhere in this issue of the Chronicle.

The Hi-Y boys conducted a stand at the contest and ball game last Friday. They cleared \$6.15 which will go into the tennis court fund.

Mr. Sullivan, Michigan State police officer, gave an unusual program in general assembly Monday, May 11. "You, as a driver or pedestrian on the streets and highways of Michigan are responsible for the safety of yourself

and others," was the topic of his talk. His talk was illustrated now and then by chalk cartoons which he drew while on the stage. Due to lack of time he was unable to set up a police radio with which he usually demonstrated the prominent place the radio is taking in police work today. "Traffic laws are designed for your protection. Drive and walk safely. Make safety a habit." To make it still clearer and more easily remembered, he passed out pamphlets prepared under the supervision of John S. Haggerty, Secretary of State, and Oscar G. Olander, Commissioner of Public Safety.

Speedway Tests Reveal

FACTS to guide the careful buyer of Motor Oil

The Contest Board of the American Automobile Association certifies to these statements:

- 1 Iso-Vis Motor Oil did not thin out from dilution.
- 2 During the entire test of 9,000 miles, the engines and chassis of all cars were lubricated effectively.
- 3 Oil Added: only 68/100 of a quart—average for all cars—in 1,000 mile test at 30 miles per hour, using Iso-Vis 50 (Heavy).
- 4 Effect of speed on oil consumption: Speed is the chief factor affecting oil consumption. All oils tested at 55 miles per hour showed a consumption nearly 7 times that at 30 miles per hour. Iso-Vis gave excellent oil economy at all speeds.
- 5 Carbon: only 6.23 grams per cylinder at 30 m. p. h. using Iso-Vis 50 (Heavy), average for all cars.
- 6 Cylinder Wear: scarcely measurable—less than one one-thousandth (1/1000) of an inch in any cylinder in any car for the entire 9,000 miles.

HERE is proof that New Iso-Vis does an outstanding job of lubrication.

Try this tested and certified oil in your car. Then at draining time, make the Ball and Bottle Test at any Standard Oil Service Station or dealer with New Iso-Vis you have used. See for yourself that besides many other advantages, New Iso-Vis will not thin out from dilution.

FARMALL SAVINGS INVESTMENT PLAN

This New Plan Lets Every Responsible Corn Grower Pay for His Farmall with Just a Part of the Savings the Farmall Will Make

ABUNDANT evidence in the form of actual cost records proves that farmers using Farmall tractors and full Farmall equipment are producing corn for from one-half to one-third the government average for farms with similar yields, the average saving amounting to 27½ cents a bushel.

We are so confident that the majority of farmers can get proportionate results with the Farmall that we are announcing the FARMALL SAVINGS INVESTMENT PLAN, under which responsible farmers can purchase a Farmall and Farmall equipment now and meet the first payment this fall with just a part of the savings made possible by the new equipment in the production of their corn crop—with two more years to pay the balance.

Here is an opportunity for you to take advantage of Farmall savings during the bal-

ance of the corn growing and harvesting season—planting from 20 to 45 acres a day and cultivating 30 to 65 acres a day with 2- or 4-row equipment—and be ready next year to make the maximum saving throughout the entire year. And don't overlook the extra savings you will make in the handling of your hay, grain, and all other crops requiring power.

Every one of these jobs can be done faster and at lower costs with a Farmall and Farmall equipment, effecting substantial savings on every crop, yet all you pay is part of the savings made on the corn alone as a first payment this fall.

See your McCormick-Deering dealer for full details of the FARMALL SAVINGS INVESTMENT PLAN. A convincing demonstration of the Farmall and seasonable equipment will be made on your own farm on request.

THE COMMUNITY HOSPITAL PROPOSITION

A hospital is an institution maintained for the better care of the sick; making possible to care for those who need trained help in a more reasonable manner.

At this time the problem of a Community Hospital is before the taxpayers.

We hope to be able to bring before you a few facts to show that a Community Hospital is better than a privately owned or maintained hospital.

A Community Hospital is a business proposition run by the community on a cash basis. No patient is registered without a deposit to cover his hospital account or an order through probate court on the poor fund. This is not a hard boiled statement. This is what is required when you go to Ann Arbor or any community owned institution and cannot be done by a private institution.

A business is a success or a failure dependent upon its management.

The management of a Community Hospital would of necessity belong to a person familiar with the needs of a hospital, preferably a registered nurse who has had experience in hospital management.

Following is the daily cost of running a hospital with an average of five patients a day. This will require two nurses, housekeeper and a maid.

Nurses	\$6.00
Cook and housekeeper	2.00
Maid	1.50
Light and water50
Fuel	1.50
Meals (9 at 50c a day)	4.50
Incidentals	1.00
Total	\$16.50

An average of five patients at \$4.00 a day would produce a revenue of \$20.00 per day. At \$16.50 the management would be running at a profit of \$3.50 a day. The fee for the use of the operating room takes care of its expense.

We have had an average of 4.1 patients a day for three years. If all accounts had been collected as would be the case in a Community Hospital we would have operated at a profit.

With all the doctors working for one hospital and hence more than double the number of patients, a Community Hospital shall be financially successful.

If the council is so minded to purchase a desirable place to be used for a Community Hospital we offer our hospital for sale, equipped to care for at least eight patients in the best approved way, for \$8,000.00; with plenty of room for expansion. At times, we have cared for ten and eleven patients with our present equipment very nicely.

At this figure, we will overhaul the furnace and remodel the first floor for living quarters for the nurses and the help.

The lot is 4x8 rods and includes a two-car garage.

If the Community takes over our hospital, I will render my services free to the indigent one year. I believe the Community Hospital is a wonderful undertaking and would give the community something worth while for which to work. For after all, are we not our brother's keepers?

A Cass City business man explained to us yesterday that he has to hire a boy to mow his lawn so he'll have time to play golf for exercise.

John Davis, east and south of town, has 40 pigs for sale and they are good ones.

Four times in the last week people have come in here for Wayne growing mash for chicks and told us that they did so because their neighbor had recommended it to them.

Speaking of Chicago—

"Why did they call Mayor Thompson of Chicago 'Big Bill'?"

"I suppose because he was such an expense to the city."

Considering the investment made in Wayne Buttermilk Chick Starter, you'll find that you'll make more money than without that small added expense. It is more than overcome!

Wayne All Mash Starter saves work, time, worry and puts extra poultry profits into your pocket.

"Guess I'll take a sack of that Cream of Wheat flour this time," a man remarked yesterday. "The missus says she's going to stick to it from now on!"

After all, if there were no churches or theatres, where do you suppose people would go to cough?

It's all right for a woman to hold to her youth but not while he's driving.

It just makes your heart sick to see those little chicks die, doesn't it? Well, here's a tip: Chicks that are started on Wayne Buttermilk Chick Starter seldom—if ever—die.

services of the ritual were read by Rev. J. B. McKenney of Ellington, who preached the first sermon ever delivered in Cass City. Prayer was offered by Rev. G. H. Field of Caro, and after a reading of the Scripture lessons by the pastor, Rev. O. J. Perrin of Monroe, was introduced and delivered an interesting address. As he closed he gave opportunity for any to add their names to the subscription list before it, with other things, was deposited in the stone, or, as he said, to become 'charter members' of the concern, and \$205 were added to the subscription fund, although it was not the intention to try to raise money on this occasion. The corner stone, bearing the legend, "M. E. Church, 1880," was from Parker's yard, in Caro, and was put in position by Mr. Deming, the builder, and the contents of the box were deposited by Mr. Perrin. These consisted of the county papers, Citizen, Pioneer and Advertiser, Bible, hymnal, discipline, copy of subscription list, names of trustees and building committee, history of the village by Robt. Tennant, names of scholars attending school, names of the band, copy of Grange of Good Templars' record, including Cass City and Elkland lodges. The Odd Fellows then assisted with the beautiful ceremonies of their order, and made a deposit of a record of their encampment, after which the audience, after a prayer, were dismissed with the benediction.

Succeeding the Rev. J. E. Withey, in the early history of the church, came Revs. Ira H. Camburn, Joseph Ashford, Jas. A. Dunlap, J. G. Sparling, H. Palmer and Benj. Reeve.

The Sunday School of the M. E. church was organized in January, 1881, with T. H. Fritz as the first superintendent. He held this office for over 14 years. A Ladies' Aid Society was organized in June, 1879, with Mrs. J. G. Sparling as president. During the first 16 years of the Ladies' Aid Society's history, the following held the presidential chair, Mrs. Palmer, Mrs. Schenck, Mrs. Predmore, Mrs. Howe, Mrs. McCune, Mrs. Travis, Mrs. T. H. Fritz, Mrs. I. A. Fritz, Mrs. Fletcher and Mrs. Truscott.

The organization of a Woman's Home Missionary Society was accomplished in 1891. The Epworth League was formed in the fall of 1888 with Sam F. Bigelow as president. G. A. Striffler, Mrs. J. M. Truscott and A. A. P. McDowell were among the presiding officers in the early history of the society.

Church Remodelled in 1895.

In 1892, the old parsonage was disposed of and the proceeds materially assisted in the erection of a minister's home on Seeger St., just west of the church site. Rev. S. M. Gilchriese was pastor of the M. E. church at that time and it was during his pastorate that steps were taken for the alteration of the church edifice. It was late in the fall of 1894 when the improvements were commenced, about the time Rev. J. W. Fenn assumed charge.

The remodeling of the old church was completed in October, 1895, and at the re-dedication of the church on Oct. 20th, Bishop Ninde of Detroit gave the address. Over \$6,000 were subscribed during the day to defray the expense of remodeling and improving the church.

The officers of the church at that time were: Trustees—O. C. Wood, president, Andrew Walmsley, L. A. DeWitt, A. G. Berney, N. Bigelow, T. H. Fritz, secretary, and W. J. Campbell, treasurer. Stewards—J. A. Fritz, T. H. Fritz, A. Randall, G. A. Striffler, Wm. Bentley, D. A. Landon, Richard Duggan, Luther Karr and E. McKim. Class leaders—W. J. Campbell, I. A. Fritz, D. A. Landon and A. A. P. McDowell.

In a description of the remodelled church, the Cass City Enterprise, in its issue of Oct. 25, 1895, said: "The church of today is a frame structure veneered with brick and placed upon an excellent stone foundation or basement. The main auditorium is 36x70, with an annex 24x36. These can be separated by hanging doors or thrown into one at pleasure. Two chandeliers of the latest pattern and heavily hung with prisms furnish abundant light. The walls and ceiling are neatly papered, the floor carpeted, the pulpit platform has been raised and enlarged and a new pulpit furnished. Some additional seats have been put in and all seems to harmonize beautifully. The main entrance is through the bell tower at the northwest corner, but there is also a side entrance on the east. The lecture room in the basement is 36x54 with three classrooms at the north end, separated by sliding doors. Another classroom, library room and kitchen are at the southwest corner. The kitchen is supplied with cupboards, sink and stove and will prove a great convenience. The engine room is at the foot of the stairway."

Eating Parrott's ice cream is a very pleasant pastime any time of year, but in summer it is one of the keenest delights that we know of . . . because Parrott's ice cream has that certain something in flavor, in ingredients, in true fruit flavors, that soothes and satisfies, that makes ice cream eaters of us all. We heartily recommend our ice cream when you're "doing things."

"It is more important to use an antiseptic for the stomach, bowels and kidneys than an antiseptic for the mouth and teeth for the reason that 95% of all diseases arise from intestinal disorders. I have prescribed Dr. Burnham's SAN YAK as a laxative and kidney diuretic for swelling of the limbs, high blood pressure with rheumatism, dizziness and diabetes and found it the one and only product I would be willing to tie to. San Yak is the only laxative I ever prescribed that does not irritate and flush away the mucus membrane of the lower bowel. Hence its use in moderation is highly commendable to health." THE WEEK IN THE STATE LEGISLATURE

Concluded from first page.
available to pass the malt tax over the veto. The dispatch with which the revived tobacco tax proposal was sent to its death indicated the unpopularity of the tax, largely because of the overwhelming vote against it at the referendum on the last such tax, in the 1928 election. The bill was brought out in the House by Rep. MacEachern of Hudsonville. The appropriation measure which it contained, to save it being subject to a popular vote, was first stricken out. Then it was decided to send it back to a committee, mostly because it was not wanted for action on the floor.

Suggests Tax Vote.
After it became evident that the state property tax might not be only equal, but higher than that of any former year, a move was initiated in the Senate by Senator Fred W. Harding of Grosse Pointe to abolish the property tax entirely, after June 30, 1933. His joint resolution proposed a constitutional amendment, abolishing the property tax and authorizing the legislature to enact a graduated income tax to replace it.

A "friendly gesture" to relieve tax laden delinquents came in to the form of the Miller-McBride bill, signed by the governor, cancelling interest and penalties on taxes delinquent for 1929 and 1930. This was to encourage delinquents to pay between now and July 1 when the relief measure expires. The governor issued a statement urging delinquents to take advantage of the offer.

Not so friendly is the attempt being made to change the mortgage foreclosure laws, either reducing or removing the time allowed for redemption. The Cheeney bill, passed by the House and now before the Senate, allowed a 30-day exemption period, as compared to the 6 months allowed under the present law for foreclosures through chancery. The judiciary committee removed the redemption period entirely and was ready to report the bill out in this form at the insistence of real estate buyers pushing the measure. Property owners from Detroit and representatives of community newspapers requested a hearing, which was scheduled for last Monday. Another bill affecting the foreclosures by advertising was before the House. It was introduced by Rep. Bushnell of Bronson.

It was intimated from some quarters that the House would attempt to line up enough votes for the Dykstra-McBride sales tax bill during the last week. It lacked three votes when it was defeated before. The Senate is not expected to pass it, even if it should get through the House. The income tax proposals are likewise considered dead. The Senate had been saying little about the wine tonic tax bill, passed by the House three weeks ago. Drug stores report increased sales as a result of publicity given the tax proposal.

Extra Session Unpopular.
Hints that Gov. Brucker might call a special session of the legislature in the event the tax problem is not settled satisfactorily served to renew the effort to find new sources of revenue. The legislators seem fairly well agreed that a special session is not popular.

The bill to provide the \$1 rod license produced the longest debates when it was finally passed by the House. The tax would be charged all Michigan residents over the age of 18. There were many opinions expressed about the regulations and seasons for fishing. The season was set ahead from June 25 to June 15, by a close vote, and the law was proposed to apply only until June 30, 1933, unless re-enacted by the 1933 session.

There is still some talk about the proposal to divert a portion of the highway funds for general state purposes but it isn't "taking." The Barnard proposal in the House would have diverted \$7,000,000 a year while that introduced in the Senate by Senator Ari Woodruff would take only \$3,500,000 annually.

An old political sore spot was agitated during the debate on Rep. Look's bill ordering immediate sale of the state owned cement plant at Chelsea. It was passed in the House after amendments were adopted, setting June 30, 1934, as the date for the sale. Meantime the state may operate the plant, if it can be done at a profit.

The congestion promised for the closing days of the present session would be relieved under the intentions of a bill introduced by Rep. Gus Hartman. It provides a change in the state budget system, making the budget director submit the appropriations bill by Feb. 15, and shutting off all appropriation measures after Mar. 1, allowing the legislature to complete its work on the budget by Apr. 1. This would make possible shorter sessions. The bill also gives the governor and the budget director more control over expenditures by the various state institutions.
Rep. Attykstra has offered a resolution which would set up a commission of four senators and six representatives to study the reapportionment question and to submit a plan for the next session of the legislature.

Fight Party Enrollment.
The provision for party enrollment was vigorously opposed when the Stevens elections bill came up in the House, and was stricken out before the bill was passed. Rep. Rummel of

Ironwood opposed the enrollment, which provides that 60-day notice must be given of change of party affiliation. Other election changes provided that state-wide recounts be conducted in each county seat instead of at the state capital, and the Feighner bill provides for a way of deciding tie votes in elections.

Senator Upjohn's bill, passed by the Senate and providing that only attorneys-at-law be eligible for election as judges of probate, was defeated in the House.

Rep. Holbeck's bill allowing boards of supervisors more leeway in settling claims for loss of sheep by dogs was passed after it was voted down. An amendment was offered which won sufficient votes.

The monotony in the Senate routine was relieved late last week, first by the reading of a communication by Senator Chester M. Howell, condemning Rev. Holsapple, head of the Anti-Saloon League, for alleged incorrect statements regarding the Saginaw Senator's vote on the malt tax. The next day a reply was also entered in to the records from the dry leader, admitting his mistake.

Gov. Brucker has signed the Lennon oleo bill, prohibiting sale of colored butter substitutes. Also the Hartman bill, spreading the building appropriations over a four-year period.

CASS CITY DEFEATS FAIRGROVE 6-3

Concluded from first page.

Successful week of baseball for Cass City, even though the strong Mayville aggregation should win. Ruhl will be the likely pitching choice for the locals, with Johnson catching, Hunter on first, Greenleaf on second, Shagena on short, Phil Retherford on third, Clem Kelley (providing he is recovered from his recent illness) in left field, Moss center field, and Kercher in right.

The track team competed in a meet at Caro which turned out to be a dual

meet between Caro and Cass City when Bad Axe and Vassar failed to appear. Caro's strength in field events gave them the small margin by which they were able to win the meet 63-50. Cass City took first places in the 100 and the 220 yard dashes, with Hunter winning both these events; the mile, which "Oz" Doerr won; the relay which was won by Leland Kelly, Simmons, Warner, and Hunter; and the 120 yard low hurdles won by Warner who furnished the surprise of the day in defeating Caro's star hurdler, McDurmon. Tyo also pushed McDurmon to great heights in the high jump, when he forced McDurmon to jump 5 feet 10 in order to win the event. Other men to get points for Cass City were: Goodall in the discus, Johnson in the 440 and shot put, Leland Kelly and Simmons in the broad jump, Bottrell, who took second in the javelin, and Moss, who lost first place in the half mile by an eye lash.

Double Guarantee—Every tire manufactured by Firestone bears the name "FIRESTONE" and carries Firestone's unlimited guarantee and ours. You are doubly protected.

*A "Special Brand" Tire is made by a manufacturer for distributors such as mail order houses, oil companies and others under a name that does not identify the tire manufacturer to the public, usually because he builds his "first line" tires under his own name. Firestone puts his name on every tire he makes.

All we ask is that you come into our Service Store and see for yourself sections cut from various tires. Compare Quality—Construction—and Prices.
