TUSCOLA COUNTY TAX RATE UP .3 MILL

County's Valuation in Personal Property Has Dropped \$1,000,000 in Year.

Members of the county allocation board and Tuscola county supervisors met in joint session at Caro Monday when B. H. McComb, chairman of the tax allocation board, explained the measures considered in the taxes for each taxing unit.

The county tax rate in Tuscola county will be 5.3 mills, instead of 5 mills which was assessed for county purposes last year. This three-tenths of a mill increase was found necessary because the valuation on personal property had been decreased about one million dollars in the past year. This is due in large part to the elimination from the county's tax rolls of personal farm property where the farmer has personal less than \$1,000 in assessed valuation.

The supervisors voted that the resolution committee send a letter of condolence to Mrs. Sleeper. A committee appointed to attend the funeral of Mr. Sleeper at Bad Axe were Supervisors Heckroth, Rawson, Barringer and Ross, Judge of Probate H. Walter Cooper and County Clerk S. W. Morrison.

Supervisors Keinath, Purdy and McFarlane were appointed members of a committee to work with Road Commissioner Schultz in the road program of relief work.

Cass City Defeats Mayville in Tenth

By Don Kilbourn.

The stubborn Mayville aggregation came from behind to score one run in the eighth and one more in the ninth to tie the score at four all and force the game into extra innings. It was not enough, however, as Cass City shoved across the winning run in the tenth.

Eddie Graham started on the mound with Retherford catching, but when Graham was stricken with a sore arm in the sixth, Kosanke did the backstopping with Retherford hurling.

The locals were kept from scoring until the fifth when Vader and Pete Retherford hit safely to produce two runs. In the sixth, they failed to score, but in the seventh after Kosanke had walked and was sacrificed along, Keith Karr came through with his first hit of the season to score Kosanke. In the eighth, they scored one more when Frederick, Graham and Reagh hit safely and in the tenth scored the winning tally when Vatters lifted a long fly to left field scoring Graham after the catch.

Mayville scored one run in the second and one more in the third. They were then kept from scoring until the eighth, being let down with but one hit. In the ninth, they knotted the count. Moss, the first man up, was safe on an error, Wood walked and Most singled, but when Ward made a beautiful throw to third, Moss was tagged out. Wood came home on a passed ball, but Retherford relieved the tension by striking the next two men out and retiring them in order in the tenth.

Cass City passed up many scoring opportunities by virtue of some rather "thoughtless" base running. Tuesday's victories gave Coach Kelly's athletic teams 25 victories out of 27 contests against Upper Thumb opponents this season.

The locals are idle today, their next game being with the tough Sandusky aggregation here next Tuesday. Sandusky is out to avenge two previous defeats, so come down and see a battle!

McKELLAR-KENNY.

Mr. and Mrs. Duncan McKellar of Sandusky have announced the marriage of their daughter, Bessie Elizabeth, to Frank Kenny, son of Mrs. Julia Kenny of Custer township. The ceremony took place on Sunday in Highland Park. Rev. E. A. King, pastor of the Methodist Episcopal church, officiated. They were attended by Mr. and Mrs. Guy Kenny of Ferndale and will make their home in Sandusky.

The bride is a sister of Mrs. Ed Schwaderer of this place and a few years ago attended Cass City High School until her parents moved to Sandusky.

FITZGERALD BOOSTERS TO RALLY AT VASSAR

Fitzgerald-for-Governor Club to Be Organized on May 24.

All those people living in Cass City and vicinity interested in the nomination of Frank D. Fitzgerald on the Republican ticket this fall are invited to attend a county-wide meeting at the Vassar High School Thursday, May 24. The purpose of this meeting is to organize a Fitzgerald-for-Governor Club in Tuscola county for the campaign to be carried on this fall.

At this meeting it is planned to have several outstanding speakers familiar with affairs at Lansing give the people of Tuscola county instructive first hand information regarding the state government.

Those in charge of the meeting are making every effort to secure prominent Republican party leaders for the occasion. Carlyle Gray, secretary to Mr. Fitzgerald, has already promised to attend and appear on the program.

It is to be remembered that Mr. Fitzgerald was the lone Republican office holder who withstood the Democratic tidal wave that swept all other elective state officials out of office in 1932.

Dramatic Trial Here Sunday Night

A dramatic trial, "The Prisoner at the Bar," will be given here Sunday evening, May 20th, at 8:00 in the Presbyterian church. This is under the auspices of the four resident ministers with the cooperation of members from each of the congregations. It is open to the public, and is highly recommended in the communities where it has recently been shown. It has been played within the past month at Fenton and at Kinde, and comes here as a timely message in the face of conditions which "repeal" has brought.

Hear the heart-grIPPING plea of "The Prisoner" given by Frank Church of Holly, with several years of lyceum and chautauqua experience. Mr. Church will be supported by a local-talent cast of well-known persons, as follows: Judge.....William Miller Sheriff.....Harold McGrath The Prisoner.....Frank Church Finger-print Expert.....Robt. Allured A Neighbor.....Mrs. Stanley Warner The Prisoner's Daughter.....

.....Frances Koepfgen Bailiff.....Cecil Brown Clerk of Court.....Bert Elliott Court Chaplain.....Rev. Wm. Curtis State's Attorney.....Horace Pinney Defense Attorney.....Ivan Niergarth Jury.....Walter Schell, Mrs. Harriet Dodge, Mrs. A. J. Knapp, William Parrott, R. A. McNamee, Audley Rawson, Stanley McArthur, Mrs. Robert Warner, Mrs. Mary Gekeler, Judson Bigelow, and others.

Grangers to Enjoy Minstrel Show

Evidently the members of the Cass City Grange like a good minstrel show. They cancelled their May meeting scheduled for this (Friday) evening so Grangers could hear the black-faced comedians who give a performance under Rotary auspices at the high school auditorium tonight.

Proceeds go to the crippled children's fund.

CASS CITY MINISTERS SPEAK AT CO. MEETING

Rev. Paul Allured and Rev. W. R. Curtis attended the ministerial meeting of Tuscola county ministers Monday afternoon and evening, at Millington. Rev. Allured spoke in the afternoon on the subject, "Living Leaders of the Kingdom," and Rev. Curtis delivering the sermon in the evening, on the subject, "The Kingdom of God."

Pouring Cement on M-53 Pavement

Contractors started pouring cement Tuesday on the six miles of pavement which is under construction on M-53, six miles north of Marlette. The pavement will be 20 feet in width.

Grading of the entire stretch has been completed except about a quarter of a mile on the north end of the project.

Favorable weather conditions, aiding the construction, is expected to result in the opening of the new pavement July 4.

Pioneer Farmer Dies at Age of 89

Jacob Joos passed away at the farm home of his son, W. F. Joos, Monday afternoon at three o'clock at the age of eighty-nine years, eight months and thirteen days. He had been in poor health for the past year but was able to be up part of each day until the last few weeks when his strength failed him and he slept peacefully away when the end came.

Mr. Joos was one of the oldest residents of this vicinity, both from the point of years and time of residence here. He was born at Baigheim, Wurtemberg, Germany, September 1, 1844, and came to Michigan in the spring of 1871. He was married to Rosa Benkelman May 11, 1879, at Saginaw, where they resided until 1883 when they came to Cass City and purchased the farm that has since been their home. Five years ago this month, they celebrated their golden wedding with their three children and five grandchildren all present.

He leaves his aged widow whose care and devotion has been wonderful. He also is survived by two sons, William F. and Fred, of this place and one daughter, Mrs. Lawrence Hartman, of Saginaw and four granddaughters and one grandson.

Funeral services were held on Wednesday afternoon at the Evangelical church, conducted by Rev. G. A. Spitzer, and were attended by many relatives and friends as a token of the esteem in which he was held. Mr. and Mrs. L. E. Hartman and daughter, Ellen, Fred Crocker and Mr. and Mrs. John Crocker and Mrs. John Gibbs, all of Saginaw, attended the funeral.

Two C. C. Students on C. S. T. C. Honor Roll

Blanche Stafford, junior, and Fred Brown, senior, from Cass City, are among those whose names appear on the honor roll at Central State Teachers' College. This is a recognition of superior scholarship with an average grade of "B" or better in all subjects. One hundred twenty-seven students made the honor roll as announced by the college last week. Of these 83 were women and 44 were men students.

Miss Stafford will teach in a grade school in Saginaw next year. Miss Stafford has been appointed

to act on one of the committees preparing the June graduation program at Central State Teachers' college by Dean Bertha M. Ronan. She will serve on the committee in charge of junior class activities during the exercises.

MEN AT WORK ON WATER MAIN EXTENSION

Twelve men were placed at work on the extension of water mains on East Third street on Wednesday morning. The size of the force will vary from day to day as workmen will be given employment on this job from 20 to 80 hours per month, according to their need for work. The rate is 30 cents an hour.

SPEND GOOD MONEY TO INSURE PROFIT

Dairymen Join Associations to Free Herds from "Pick-pocket" Cows.

Increased membership in Michigan's herd improvement associations is evidence of more optimism among dairymen or a determination to know exactly how to make their herds more profitable, according to the dairy department at Michigan State College.

Membership in the association enables the dairyman to tell which of his cows is paying for her feed and which is just putting on fat at the owner's expense. The cost of testing each cow averages about one cent a day to association members and it costs more than that to spend 10 minutes a day to milk one of these boarders if time is worth 20 cents an hour.

The time spent in feeding and the price of feed for the boarder would have to be charged up to amusements or exercise. The amusement might be worth the money but most farmers get plenty of exercise without lugging feed to one of these bovine pickpockets. Michigan now has 50 of the associations, an increase of three since March. The number of dairymen in each association is also growing larger. The tester in the association can test 26 cows each month and an equal number of herds unless there are, more than 25 cows in one or more herds.

The first association in the United States was started at Newaygo in 1906 and this organization recently started a new year's work. Testers in the associations have special training to qualify them to give advice on feeding, breeding, herd management, and care of equipment.

4-H Clubs to Build New Building on Co. Fair Grounds

4-H Clubs of Tuscola county play a leading part in the agricultural exhibitions at the Tuscola County Fair. To prove this leadership the club members are going to start off the campaign for new buildings on the fair grounds by constructing one in which to house their purebred livestock this year.

The Tuscola County 4-H Club Council is sponsoring this building project and a committee of five has been selected to have charge of the campaign of raising funds for the building. This committee is composed of Russell Hill, Caro; Ben Reavey, Akron; Wilson Kirk, Fairgrove; Guy Ormes, Caro; and Henry Lane, Fairgrove.

The board of directors of the fair and the Caro village council are co-operating on this project by making available to the committee a fund of two thousand dollars. The club members expect to match this with another two thousand dollars through their fund campaign, thereby making it possible to construct a 4-H Club barn costing about four thousand dollars.

A feature of this fund campaign is a purebred livestock contest in which five head of purebred livestock will be given away free. The certified seed growers of the county are also planning to donate a considerable quantity of good pedigree seed to be given away free in connection with this contest. A complete list of all prizes to be given and the donors of these prizes will be published soon.

Every citizen of the county who may wish to contribute to this fund will be given an opportunity soon when the 4-H Club members start their drive.

Mrs. David Tyo, who has spent some time with her daughter, Mrs. L. V. Mulholland, at Sand Lake, returned to her home in Cass City Sunday. Mrs. Mulholland accompanied her and will spend a few weeks here.

STATE PAYS FINAL TRIBUTE TO WAR GOV.

Funeral of Former Governor Sleeper Held at Bad Axe Wednesday.

Albert E. Sleeper, wartime governor of Michigan, passed away at his home in Bad Axe Sunday afternoon, after an illness of over a year's duration, at the age of 71 years.

Final tribute was paid to Mr. Sleeper Wednesday. While scores of friends, contemporary associates in public life and four of his successors in the governorship listened, former Governor Sleeper was eulogized in a brief but impressive address by the Rt. Rev. Herman Page, Episcopal bishop of the Michigan diocese, at funeral services held in the home at Bad Axe.

"His character, industry, integrity and kindness endeared Governor Sleeper to all of Michigan," Bishop Page said.

Among the mourners were Gov. William A. Comstock and former Governors Alex J. Groesbeck, Fred W. Green and Wilber M. Brucker.

Following the services at Bad Axe, a funeral procession a mile long moved toward Lexington, where burial services were held Wednesday afternoon. Heading the procession was the drum and bugle corps of the Bad Axe Legion. That unit and companies of Legionnaires from Harbor Beach and Bad Axe provided an escort as far as the city limits.

The 119th Field Artillery, Michigan National Guard, from Lansing, continued with the procession to Lexington, where a governor's salute of 19 guns was given at the cemetery.

Knights Templar from Port Huron, Bad Axe and Lexington joined the procession when it reached Lexington, along with two national guard infantry companies. Masonic rites were conducted at the grave.

Among the scores of prominent friends, associates and admirers who attended the funeral services were: Rep. Elmer B. McDonald, Port Hope; Senator H. P. Orr, Caro; Senator Theodore Ruff, St. Clair; Judge Fred W. George, Port Huron; Judge Frank L. Covert, Pontiac; Charles J. Deland, former secretary of state; Louis C. Cramton, Lapeer, former representative in congress; Former Justice George M. Clark, Muskegon; Howard C. Lawrence, former state treasurer; Thomas Biggers, Marshall, and Leland Bisbee, Jackson.

The Rev. Joseph L. Slagg, Episcopal rector at Bad Axe, assisted Bishop Page in conducting the service at the home.

Albert E. Sleeper was born in Bradford, Vermont, Dec. 31, 1862. He was educated at Bradford Academy and came to Lexington, Mich., in 1884. Arriving in the then boom town almost penniless, young Sleeper found a job in the general store. After clerking several years and receiving \$1 a week with board and room for his services, he left Lexington, moving farther into the Thumb district, where his relatives had extensive holdings.

There he obtained a job as clerk in the store of an uncle and four years later was managing the place and making regular trips to buying centers of the east. In 1894, he entered business for himself in a small way. Careful planning and investing brought him a comfortable return which he wisely re-invested. His interests were diversified and it is said he had more acquaintances in the Thumb district than any other person.

His interests were many. He became president of a successful wholesale grocery business at Bad Axe. His investments included manufacturing enterprises in Detroit and Port Huron. He became a Detroit bank director and head of a chain of private banks through the Thumb. His realty holdings were extensive, and he was at one time a director of the Pere Marquette railroad.

Mr. Sleeper's interest in politics was awakened while he was still in Lexington. He served several years as village president. In 1900, he was named a compromise Republican candidate for the state senate from the Huron-Sanilac district. He was elected and served two terms. In 1908, he was elected state treasurer and served two terms.

Most of the world was at war when Mr. Sleeper was elected governor of Michigan in 1916 and war preparations were the chief concern of his administration. One of his first recommendations was a \$5,000,000 preparedness appropriation. With the supply of woolens rapidly being depleted, Sleeper's War Council combed the available markets and accumulated a supply

BROKE ARM WHILE CRANKING FORD

While cranking a Ford Sunday morning, Mrs. Ralph Partridge broke her right arm at the wrist.

TWO KILLED NEAR QUANICASSEE SUNDAY

Saginaw Residents in Auto Crash Delivering Mother's Day Flowers.

Mrs. Chris Weber, 48, and her daughter, Ethel, 22, of Saginaw were killed and Mrs. Weber's son, Arland, 18, was seriously injured Sunday in an accident at the corner, between Unionville and Quanicassee, where tar and cement pavements join, the scene of frequent accidents and the second fatal crash at this point within a year.

Miss Weber was to have been married within two weeks. The car in which the accident occurred was owned by Ervin Passow, Saginaw, Miss Weber's fiancé.

En route to Sebawaing to deliver "Mother's Day" flowers to the mother of Mrs. Weber, the car, upon rounding the cement curve onto the wet tar road, skidded into a tree and toppled into the ditch, catching afire. Mrs. Weber and her daughter were killed instantly young Weber lost consciousness in the impact. Regaining consciousness as the car became a blazing pyre, the youth crawled from the wreckage and extricated the badly bruised bodies of his mother and sister.

A passing motorist carried Weber, suffering from severe lacerations and wounds, to the office of Dr. G. H. Kaven, Unionville, who summoned Dr. Jerry M. Jones, Bay City, to perform an emergency operation.

They were accompanied by Mr. and Mrs. Stanley Crafts of Detroit.

AUTO BREAKS DOWN TWO GAS PUMPS

Car in Reverse Starts Damage Run When Cranked Wednesday.

When John Ross cranked his Ford car as it stood in front of the J. A. Cole garage on East Main street late Wednesday afternoon, he was unaware that it was set in reverse gear. The first pop of the engine started the car backing down Main street. The Ford circled Earl Chisholm's auto standing at the curb in front of the D-X service station, and going across the sidewalk, ran into two gasoline pumps. Both were broken down. The impact slowed the car somewhat so that J. A. Cole, manager of the station, was able to turn the switch and stop the car before the third pump was moved from its foundation. Outside of bent bumpers, a bent fender and a torn tire, the damage to the car was not noticeable.

Fortunately no one was in the car's path as it went its backward journey.

Cass City Bows to Sebawaing 16 to 6

The Sebawaing Indians went on a batting spree here Friday and handed Cass City its worst defeat in two seasons. After the "Flying Dutchmen" scored seven runs in the second inning, the locals became a bit dizzy, committing eight errors as well as being guilty of some rather erratic base running. Phil Retherford started on the mound, but couldn't survive the big second inning attack. Graham relieved him but his team mates couldn't seem to click behind him; and as a result Sebawaing scored in every inning except the first, fifth and ninth. Eddie allowed only seven hits but he had trouble in keeping ahead of the batters, issuing nine bases on balls. While all this was going on, Ruebel, Sebawaing hurler, was breezing along in great form, giving up but eight safeties and being in trouble only in the sixth when three runs were scored.

Vatters opened the sixth with a hard double to left and came home on Hyatt's hit. Reagh brought Bill home with a single through the box and over second, but when Arnold decided he would score on Kosanke's high pop fly to the infield, the rally was cut short.

Frederick and Kosanke furnished the fielding gems of the afternoon. Pete had five putouts in right field, one a beautiful catch of a low line drive, while Don Kosanke made a nice running catch of a high pop fly foul in the first inning.

BROWN SCHOOL.

Teacher, Hazel Hower. Reporters, Dorothy Deneen and Mary Dasho. We haven't many days of school left. We have changed the day of our school picnic from Tuesday, May 22, to Wednesday, May 23. The eighth graders will write their final tests on Tuesday. The rest of the grades will have their finals on Monday. We have many bouquets of spring flowers. We have cowslips, violets, blue flags, tulips, jonquils and cherry blossoms. Gladys McLellan won the prize for third grade spelling. Her train beat Dorothy's aeroplane, Eunice's cars, and Jack's tractor. We are proud of our eight peo-ple who so faithfully earned their year's attendance certificates. They are: Madaline, Eunice and Irene DeLong, Martha and Frederick Knoblet, Norma McConnell, Bobbie Kolb, and Geraldine Kilbourn. Leigh McConnell only missed one day this term, Mikie Frederick, Robert Millard and Vernetta missed only two days. Jack Kil-bourn missed five days. Charlotte Knoblet visited us last Friday.

Fingerprints Not Duplicated The United States Department of Justice says it has no knowl-edge of two identical fingerprints and the possibility of a duplication of fingerprints is so remote that the authorities consider it to be in-finitesimal.

TO OPEN NEW FAIR MAY 26

Lower Cost to Visitors; 84 Miles of Free Exhibits.

Chicago.—A new World's Fair will open here May 26. It is not simply an encore of the 1933 Century of Progress Ex-position. In addition to many startling new features it retains all those of last year's Fair that were too im-portant and popular to leave: out—but even they have been enlarged, changed and improved. This summer's Fair will cost little to see and little to get to. There are 84 miles of interesting free ex-hibits. The Exposition will look after the visitor's comfort hospita-bly, efficiently and inexpensively. Last year the average visitor spent only \$1.17 a day inside the grounds. World's Greatest Fountain. Workmen have torn down more than 100 of the old buildings. New ones have replaced them. The en-tire physical appearance is differ-ent, with new color and new land-scaping everywhere. New lighting effects at night, even more dar-ing than those of the 1933 Fair, sur-pass anything of the kind ever at-tempted anywhere. Scores of new exhibits have been added, one of them the largest ever built. Virtually every exhibit held over has un-dergone considerable change. Comparable to the ferris wheel of the 1893 Fair and the sky ride of 1933, the outstanding single feature is the largest fountain ever built. It has a flow of water sufficient to serve a city of 1,000,000 population, and its spectacular lighting, in five colors, draws as much current as an average city of 150,000. Visitors "Tour World." Fifteen "foreign villages," twelve of them new, all of them patterned after the lovely Belgian village of the 1933 Fair, make the Exposition more truly worthy of the name "World's" Fair than any predecessor ever was. They offer the visitor the unique opportunity of making, in effect, a tour of the world in a single day. Eleven of the villages are on a street of their own, where the Mid-way stood last year. The old Mid-way has disappeared and a new and more thrilling one has been built on the Northerly Island beach. On the street of foreign villages are reproductions of life and scenes in North Africa, England, the Ger-man Black Forest, Colonial Amer-ica, Ireland, Italy, Tunis, Belgium, Paris and Spain; there is also a village peopled entirely by midgets. Elsewhere on the Fair grounds are a Dutch village, a Swiss village, a Mexican village and the Streets of Shanghai. Ford, Packers New. New to the Fair is the exhibit of the Ford Motor company, with its \$1,500,000 exposition of the drama and progress of transportation, spread over eleven acres. Not the least important among its exhibits will be that of Henry Ford's own solution to the farmer's problem; he will show the farmer exactly how he can bring relief to himself by raising and processing soybeans. The great packing companies, rep-resented jointly last year, have come in separately, and in a big way. Swift and Company has the entire 23rd street bridge for exhibits, and has built a huge band shell and amphitheater for free concerts. For ten weeks, beginning July 1, the Chicago Symphony orchestra will play there twice a day. Ar-mour and Company tells the story of the progress of the industry in its large new building in the la-goon. Wilson and Company has part of a packing plant actually in operation. Standard Oil (Indiana) will pre-sent daily, in a new arena, a dar-ing animal act with thirty-three lions and tigers performing in the same cage at the same time. Science will be made to perform seeming mir-acles every day in a scientific revue in the court of the Hall of Science. There will be plenty of free enter-tainment elsewhere on the grounds. Railroad Rates Lower. The new Fair has more restau-rants, better equipped to serve tre-mendous crowds. Meals will be lower in price; in fact, it will be possible to buy a meal on the Fair grounds for as little as fifteen cents. Rates for buses, lagoon boats, rickshaws and roller chairs have been reduced; in some cases they have been cut in half. Eighty per cent of all the toilets will be free. Eastern, western and central rail-road lines have announced that rates, in general, are even lower this year than last, in many cases with special-rate tickets honored in Pullmans as well as in day coaches. Bus lines have announced special low rates and so have air lines. Aid Auto Travel. Hotel accommodations can be had in Chicago for as little as one dol-lar a day. Auto camps and private homes will accommodate visitors at correspondingly low rates. Fourteen major highways lead to Chicago. Eight thousand Ford deal-ers throughout the United States have been organized into a giant travelers' aid organization to assist people in planning trips to the Fair. Oil companies have turned their gasoline stations into World's Fair information booths.

Ice Cream Origin Uncertain Historical records disagree as to the origin of ice cream. Recipes for cream ices are found in old English cook books of 1775. Water ices were known in the Orient earlier than that.

Minimum Age for Marriage In states where the law does not fix the minimum age for marriage with consent of parents or guard-ians, the old English common law is assumed to prevail—14 years for male and 12 years for female.

Buying Drugs Blindfolded A Great Folly Doctors throughout the world agree there is no greater folly than to buy and take unknown drugs. Ask your own doctor. So—when you go into a store for real Bayer Aspirin, see that you get it. Remember that doctors en-dorse Genuine Bayer Aspirin as SAFE relief for headache, colds, sore throat, pains of rheumatism and neuritis, etc. Just remember this. Demand and get Genuine Bayer Aspirin. Genuine Bayer Aspirin does not harm the heart. MEMBER N. R. A.

Improved International SUNDAY SCHOOL LESSON

Lesson for May 20

THE FUTURE OF THE KINGDOM

LESSON TEXT—Matthew 25:1-13. GOLDEN TEXT—And there were great voices in heaven, saying, The kingdoms of this world are become the kingdoms of our Lord, and of his Christ; and he shall reign for ever and ever. Rev. 11:15.

The lesson is part of the well-known Olivet discourses giving a prophetic view of the course of time from the crucifixion to the second coming of Christ. Two great facts are before us in this prophetic utterance, the destruction of Jerusalem and the second coming of Christ. The one was near, having taken place within forty years from Christ's crucifixion; the other is still future.

The parable of the ten virgins is one of the two parables designed for the instruction of the saints in view of the coming of Christ. It has a continuous application in the present time (I Thess. 4:16-18; Titus 2:11-13).

I. The Equipment of the Virgins (vv. 1-5). The foolish virgins (v. 3). They took lamps but had no oil in them. Lamps signify Christian profession (Matt. 5:16) and oil the Holy Spirit (Zach. 4:1). Having lamps but no oil shows that they were professors of religion without possessing its reality. The Christian life is sustained by the Holy Spirit. As soon as one is regenerated the Holy Spirit takes up his abode within him. The proof that one is a child of God is that he has the Holy Spirit dwelling within him (Rom. 8:9).

2. The wise virgins (v. 4). They possessed both lamps and oil. They made a profession and backed it with a life of real righteousness. These are the true believers. Both the wise and the foolish virgins slumbered and slept. The common lot falls to both professing and real Christians. They fell under the spell of sleep (v. 5). This shows that as this age lengthens the real and professing church will cease looking for the coming of the Lord. It is unspeakably sad that so many, even of God's saints—wise virgins—should give up the expectancy of the return of the Lord.

II. The Coming of the Bridegroom (vv. 6-10).

1. The midnight cry (v. 6). In the midst of the night when all the virgins were asleep the cry was made, "Behold the Bridegroom cometh, go ye out to meet him." Who knows but that the time of this cry is close at hand?

2. The activity of the virgins (v. 7). They all arose and trimmed their lamps. There will be great activity when the Lord comes, those who only make a profession then realizing that they lack what is essential to entrance to the marriage feast.

3. The foolish request the wise share their oil (vv. 8, 9). The revelation of Christ will make manifest the genuineness of our religion and expose the folly of mere profession. When the Lord comes it will be too late to mend one's ways.

4. The wise enter to the marriage (v. 10). It will matter little what else one has at that time if he has oil in his lamp.

5. The pitiful petition of the foolish (v. 11). They begged the Lord to open the door that they might enter to the marriage feast.

6. The awful judgment (v. 12). The Lord declared, "I know you not." Those who put off personal contact with Christ until that day shall be shut out from his presence.

III. The Solemn Obligation (v. 13).

"Watch, for ye know not the day nor the hour wherein the Son of man cometh."

2. Entering with Christ to the marriage depends not upon having professed to enter the Christian race but continuing therein. It is not enough that we can refer to the lighting of our lamps. If oil and light be wanting when Christ comes there will be no admittance to the heavenly banquet.

2. Borrowed religion will not avail at that day. Association with the most eminent of God's saints will not secure for us acceptance at that day. The essential thing is personal union with the Lord Jesus Christ through faith in his shed blood.

Be Still Then
When you go alone in the quiet time and place with the Book, quietly pray, "Blessed Prayer-Spirit, Master-Spirit, teach me how to pray"; and he will. Do not be nervous or agitated, wondering if you will understand. Study to be quiet—mind-quiet, body-quiet. Remember Luther's version of David's words: "Be silent to God and let him mold thee."—Dr. S. D. Gordon.

Guests were Mr. and Mrs. Howard Law and daughter, Helene, and Mr. Nelson of Royal Oak; Mrs. Lydia Starr, Henry Ball, Mr. and Mrs. J. D. Clement and son, Kenneth, Mr. and Mrs. Stanley McArthur, and Mr. and Mrs. William Ware.

Jas. Whale of Colorado Springs, Colo., is visiting friends in Cass City several days this week. He came to Detroit to attend the commencement exercises of the School of Pharmacy in that city, his son, Harry, being a member of the graduating class. The Whale family were residents of Cass City several years ago.

The 1934 maple season was one of the poorest for Michigan in many years. Weather conditions were generally unfavorable with a backward spring and considerable frost in the ground. As a result, runs of syrup were generally of short duration. In most sections, tapping did not start until about the middle of March while the average closing date for the season was April 12.

Members of the Woman's Study Club celebrated the close of the club year with a potluck supper following the regular meeting Tuesday afternoon at the home of Mrs. Lewis Law. In place of a program, annual reports of the retiring officers and standing committees were given. This was followed by a report of the district federation held at Richmond on May 7 and 8, by Mrs. Edward Baker, who represented the club as delegate.

Response to roll call took the form of "A Tribute to Mother."

Funeral services for Mrs. Hugh McColl were held Sunday afternoon from the Baptist church, Rev. W. R. Curtis assisted by Rev. P. J. Allured, officiating. Six grandsons acted as pallbearers. James Yakes of Detroit, accompanied by Mrs. I. D. McCoy at the piano, sang "Jesus Lover of My Soul" and "I Look Beyond." Those from out of town who attended the funeral were Mrs. E. F. Kreiman, Mr. and Mrs. J. A. Ippel, Mr. and Mrs. Hughfer Giesel, Mr. and Mrs. Gene Ippel of Saginaw; Miss Vera Kreiman of Wyandotte; Delbert Landon of Grand Rapids; Mr. and Mrs. R. A. Rich and family, Mr. and Mrs. H. T. Rich, Mr. and Mrs. A. A. Davis, Mr. and Mrs. Lorn Rich, Miss Leora Baumeister, all of Deckerville; Dr. and Mrs. G. M. Livingston and daughter, Jean, Dr. and Mrs. John Brewer, Mrs. Albert Myron, Mrs. Basil McColl, Lorn McColl, Mrs. R. L. Lofft, and Mrs. J. A. Martin and family, all of Detroit; Miss Majessa Graham of Dearborn; Dr. D. J. McColl, Mrs. Margaret McColl, and D. J. McColl, Jr., of Port Huron; Mr. and Mrs. Walter Ferguson and Mrs. Selma McColl of Flint; Mrs. John Taylor of Clarkston; Mr. and Mrs. Dan Patterson and son, Earl, of Marysville; Mr. and Mrs. Dougald Campbell of Rodney, Ontario; Mr. and Mrs. A. He was a member of the Episcopal church. He also was a thirty-third degree Mason, and member of the Bay City Consistory, Saginaw Shrine, Bad Axe Commandery and Chapter and was identified with the Odd Fellow and Pythian orders.

REQUIRE PEDDLERS TO HAVE SALES TAX LICENSE

The Royal Oak City Commission makes it mandatory for all peddlers to have a sales tax license before they are granted a city license. This action was brought about in the interest of the merchants, and to prevent peddlers from evading taxes. This action was highly commended by the State Board of Tax Administration, and they urge other city councils to do likewise.

DEATHS

Mrs. O. D. Avery, 58, passed away Friday in Port Huron hospital after a long illness. She underwent an operation March 7 and submitted to a second one Saturday.

Bertha Justin was born September 28, 1875, in Lexington. She was a daughter of Mr. and Mrs. William Justin and for many years lived on a farm, three miles south and one mile west of Cass City. The family moved to Port Huron from here.

Funeral services were held Sunday afternoon from the Falk's funeral home and burial was in Lakeside cemetery, Port Huron.

She is survived by her husband and one daughter, Miss Pearl Avery of Port Huron; five sisters and two brothers, Mrs. John Doebler, Mt. Clemens; Mrs. Dora Little and Mrs. Esther Coons of Detroit; Mrs. Margaret DeLong, Mrs. Ella Burch, John and William Justin of Port Huron.

Malcolm Baxter.

Malcolm Baxter, 49, a member of the Detroit Fire Department for 27 years, died at his home at 826 Livernois Ave., Detroit, on May 5. Funeral services were held on May 7, at the Emanuel Baptist church where he was a faithful member.

Mr. Baxter's boyhood days were spent on a farm near Greenleaf. Later he moved to Cass City and 29 years ago he went to Detroit. He leaves his widow, Jennie Gillette Baxter, and a son, Gerald.

Mrs. Clark Hooper.

Mrs. Clark Hooper passed away Wednesday, May 16, at Cass City, at the age of 87 years. Funeral services will be held Friday at 1:30 p. m., at the residence of Mrs. D. C. Elliott, where Mrs. Hooper had made her home for nearly three years. Rev. W. R. Curtis is the officiating clergyman. Burial will be in the Caro cemetery.

Mrs. Hooper has been an invalid for many years. She was unable to walk except with crutches for 20 years and for the last 30 years has been unable to walk at all.

Hannah Brott was born April 2, 1847, in Ashe township, Monroe county. Mr. and Mrs. Hooper made their home in Caro from the time they were married until Mr. Hooper passed away in 1904. Mrs. Hooper then made her home with her son, George Hooper, and his family at Vanderbilt. Eighteen years ago they moved to Cass City. Mrs. Hooper is survived by her son, George Hooper, of Caro.

Mrs. Clyde Palmateer.

Mrs. Clyde Palmateer, 29, passed away at her home, southeast of Cass City, Thursday morning, May 10, after an illness of several years. Funeral services were held Saturday from the Fancher & Smith funeral parlors in Inlay City. Burial was in Attica.

She is survived by her husband and four children, George, Mary, Beatrice and Mavis; three sisters, Miss Mary Black, Attica; Mrs. Beatrice Sage, Central Lake; Mrs. Eva Angle, Pontiac; four brothers, William, George, John and Robert Black, all of Attica.

Jacoby to succeed H. S. Meyers; Carsonville, Frank D. McCaren to succeed A. B. Ruttle and Decker-ville, John P. Kelley to succeed A. P. Decker. Several of the nominees have been in charge of these postoffices as acting postmasters for several months.

MORE FULL-YEAR PLATES BOUGHT BY MOTORISTS

Many interesting facts are disclosed by a survey of motor vehicle registration statistics on April 30, 1934 as compared with April 30, 1933.

The analysis shows that this year 561,933 motorists had purchased full-year plates or 31,606 more than in 1933 while the sale of windshield stickers permits decreased from 280,987 in 1933 to 205,905 in 1934. The increase in the number of 1934 plates issued, according to indications, is due to the reduction in weight tax rates.

Michigan's business is again licensing its heavier trucks and trailers that have not been in operation for one or more years. This is shown by the fact that while 3,571 fewer trucks are registered, fees from this source have increased \$80,187. With 2,028 fewer trailers than in 1933, the fees this year are increased \$43,765.

Nantucket as Whaling Center

The Island of Nantucket, 28 miles south of Cape Cod, Mass., was for more than a century a principal seat of the whaling industry. Christopher Hussey took the first sperm whale in 1712, and development of the vesse fishery succeeding the old shore fishery of whales was rapid. Leadership in the industry passed from Nantucket to New Bedford about 1820 and soon after 1840 the decline of whaling began in earnest. The island has extensive fisheries, but is no longer a whaling center.

Tinfoil

Tinfoil is a composition of tin and lead but the percentage of each depends entirely upon the materials for which it is intended as a wrapper. Average cigarette tinfoil is about 5 per cent tin and 95 per cent lead. A small amount of copper or antimony is added to give a hardness to the foil.

Bamboo
There are several species of bamboo which are native to the United States, but they do not appear in the trade in this country as fishing poles and canes since they do not have sufficient strength or springiness. Bamboo for cane and fishing poles comes from a Chinese species, which can be acclimated in the United States wherever the native bamboo will grow.

WILMOT.

Wedded at Clifford—

Miss Stella Kubat, daughter of Mr. and Mrs. Albert Kubat, and Mr. Theodore Galbansky, son of Mr. and Mrs. Barney Galbansky, were married at Clifford on Saturday morning, May 12, at nine o'clock, by Rev. Fr. Burke.

The bride was charming in a gown of white satin with white tulle and carried a bouquet of white roses. The bridesmaids, Miss Helen Kubat of Detroit and Miss Emily Nizol of Wilmot, carried pink roses. Miss Kubat was attired in light yellow and Miss Nizol in a pale green gown. The groomsmen were John Galbansky of Wilmot and John Sarnowski of Detroit.

At eleven o'clock Saturday morning a wedding breakfast was served at the bride's parental home to 150 guests, who came from Clifford, North Branch, Detroit and Pelston, Mich.

Mr. and Mrs. Galbansky will reside in Detroit. They received many beautiful and useful gifts.

Mr. and Mrs. Freeman Clark and children of Pontiac spent the week-end with Mr. Clark's father, Chas. Clark.

Thomas Hawkins of Detroit is spending some time with his parents, Mr. and Mrs. Robert Hawkins.

Mr. and Mrs. Alex McArthur's friends took a potluck dinner to her home and gave her a great surprise last Wednesday.

Miss Stella Dadacki of Flint spent the week-end with her parents, Mr. and Mrs. Dadacki.

Mr. and Mrs. Frank Moyer of Caro spent Sunday at the Charles Clark home.

Mr. and Mrs. Cleo Evans spent Mother's Day with Mrs. Evan's parents, Mr. and Mrs. Ed Martin, of Clifford.

Mr. and Mrs. Charles Martin have moved near Onaway.

Mrs. Ross of Grass Lake and Mr. and Mrs. Tulbert of Detroit visited their brother and wife, Mr. and Mrs. Alex McArthur, Saturday.

Alford Reed, a former resident

of this place, passed away Saturday at his home in Detroit.

The children and grandchildren of Andrew Tallman gave him a well planned surprise party Saturday night in honor of his birthday. They gave him many beautiful and useful gifts for which he was greatly pleased.

Harry Clark's sister and family, Mr. and Mrs. Otto Bell, of Flint spent the week-end with Mr. and Mrs. Mima Clark.

Mr. and Mrs. Lee Penfold and children of Kinde spent Sunday with Mr. and Mrs. E. V. Evans and Mrs. Mary Penfold. Mrs. Penfold returned home with them.

Rev. Wilcox of Carsonville visited with friends here Monday afternoon.

KINGSTON.

Mother-Daughter Banquet—

One hundred twenty-five mothers and daughters attended the banquet in the M. E. church dining room Friday evening. Mrs. Bruce Ruggles was toastmistress. Mrs. John Barden gave the toast to the daughters, Roberta Eastman gave the toast to the mothers, Reta and Leola Boyne sang a duet and Lois Everett sang a solo. Miss Lee led in group singing and also directed a chorus of high school girls. Mrs. Laman of Marlette gave the address.

Mrs. Alex Marshall is spending the week at Bear Lake.

Mr. and Mrs. J. B. Hartsell of Pontiac were guests of Mr. and Mrs. William English over the week-end.

Mr. and Mrs. Reimann and son spent Sunday with Mrs. Reimann's parents near Bad Axe.

Francis Peter of Detroit spent Saturday and Sunday with his parents, Mr. and Mrs. Albert Peter.

Appropriate services in honor of mothers were held both during and evening the M. E. church Sunday. The Epworth League had charge of the evening service.

Vernon Everett accompanied Mr. Clark, deputy sheriff, to Marquette last week. They brought back a prisoner.

Mrs. Kenneth Colton and children of Rochester visited her parents, Mr. and Mrs. Archie Taylor, from Friday until Sunday.

Mrs. E. J. VanHorn was able to be moved from a Cass City hospital to her home Friday.

Donald Lester of Detroit spent the week-end with his parents, Mr. and Mrs. Frank Lester.

Bill Ruhl of Mt. Pleasant spent the week-end with his mother, Mrs. N. Karr.

Mr. and Mrs. Albert Peter, Sr., visited a cousin, who is seriously ill in a hospital in Port Huron, on Sunday.

Mr. and Mrs. Dan Jones of Detroit spent Sunday with his mother, Mrs. Anna Jones.

Amber Jones is suffering from blood poison in his hand.

RESCUE.

J. Crouch of Caro was a Saturday and Sunday guest of Mrs. Pearl Rolph.

Mr. and Mrs. William Ashmore, Jr., and daughter, Mary Louise, and Mr. and Mrs. James Andrews were Sunday visitors at the home of Mr. Girou, west of Gageton.

Dennis O'Rourke of Washington is visiting at the home of his brothers, Jack and Daniel O'Rourke, for a few days.

John Williamson is very poorly these days.

Mrs. John MacAlpine and son, Kenneth, returned home Friday after spending the past week at the former's parental home here.

Mrs. Milford Robinson is numbered with the sick.

Mr. and Mrs. Alex Cleland of Pontiac visited relatives here over the week-end.

Mrs. Leland Nicol and son, Stuart, and Mrs. Olive Fraham of Clarkston spent a few days this week with Mr. and Mrs. Thomas Nicol.

Mr. and Mrs. Ward Law entertained Mr. and Mrs. Wellington Law of Pontiac over the week-end.

Sunday guests at the Robert Spencer home were Mr. and Mrs. L. Barnes and son, Lester, and Mr. and Mrs. Earl Hewitt.

"The Sick Man of Europe"

The phrase "The sick man of Europe" probably had a journalistic origin, now lost. Montesquieu (1689-1755) in one of his "Persian letters," speaks of the Ottoman Empire "whose sick body was not supported by a mild and regular diet, but by a powerful treatment, which continually exhausted it." The expression is also sometimes credited to Czar Nicholas I of Russia, in a conversation concerning Turkey, held with a British diplomat in 1853: "We have on our hands a sick man, a very sick man."

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may often do more harm than good.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.

YOU CAN'T AFFORD TO PUT IT OFF

Have you noticed Thompson's house since they had it all painted up, Bert? It looks like a mansion.

Yes I saw it, Sue, and I was afraid you'd bring up the subject.

AFRAID?—I don't understand—Why should you be afraid that I saw it, Dear?

Oh I'm conscious of the shabbiness of our place, Sue, but I don't think this is the time for us to spend a lot of money.

You wouldn't say that, Bert, if you saw the startling sale at the store where Thompsons bought their paint. Think of it—the best paint made at 75c off on every gallon.

Well—let's go and see how much is required to paint our house—an estimate costs nothing.

And it will be worth more as an investment and we have done our bit to help restore employment and prosperity.

Now our home will look like a mansion too, Dear.

Feed Mermash

Mermash 16% protein is a starting, growing and laying mash for chickens, ducks and turkeys. It provides in ocean kelp and fish meal a food iodine and other essential minerals which are lacking in Michigan crops and soils. Poultry responds to Mermash with splendid growth and production. Mermash is a complete mash, ready to be fed with scratch grains for high egg production.

Grow Better Chicks at Lowest Cost with Mermash.

Nothing mysterious about it. Michigan soils and crops are very deficient in iodine. Chicks raised on Mermash simply walk away from those raised on other rations. They're healthier, grew faster, feather better. Chick losses are lower. Cost per chick is lower.

Yes, all costs are lower because Mermash is undoubtedly the lowest priced, good chick starter-growing mash on the market.

THE STORY

CHAPTER I.—Mary, daughter of David Brown, a millionaire, obsessed with the idea that her personality is obscured by the fact that she is the child of a rich man. Brown, determines to make her own way in life, discarding her father's wealth, and her own. She has a million dollars, legacy from her mother, which she insists her father invest in the "wildest dream" imaginable, and about which she must know nothing. She is a graduate of a college of engineering. Her father, secretly admiring her courage, humors her.

CHAPTER II.—As "M. Brown" Mary applies for a position as engineer with the Paradise Valley Project, a California development concern, and is engaged, by letter. On the train, on her way to her job, she meets Denis Craig, who immediately antagonizes her, but excites her interest.

CHAPTER III.—Alighting from the train, Mary is left at a way station, practically penniless, her purse, which she had laid down, having disappeared, and the train gone on without her. Craig, coming to her assistance, is also left behind. He befriends her, despite her coldness toward him, enabling her to continue her journey. She is grateful, but nevertheless has a feeling of humiliation. Arriving at the project, she is accused by John Stark, chief engineer, of deception in concealing her identity, and again meets Craig, who she learns is the promoter of the development project.

CHAPTER IV.—Insisting she can do "anything a man can do," in the engineering line, Mary is given a position. Craig's enthusiasm and personality makes an impression on her, but she cannot make up her mind as to whether he is an honest visionary or a "slicker."

CHAPTER V.—Mary "makes good" on her job, winning the admiration and esteem of her fellow engineers, though having an uneasy feeling that Stark, and the fact of being a woman engineer in the field, would be glad of an excuse to discharge her. Among her fellow workers is a young engineer, Neil Goodenough, with whom she has a more or less friendly rivalry.

CHAPTER VI.—In an accident Mary, at the risk of her life, saves a valuable instrument, and, through the incident, is drawn closer to Craig.

CHAPTER VII.—Mary discovers that she has misjudged John Stark, and that he is really her friend, and well wishes. A feeling which resembling love creeps into her heart concerning Denis Craig, though she hesitates to admit it.

CHAPTER VIII

If I Had a Million Dollars.

MARY'S dancing classes went on with flattering popularity. To her they were but the means to an end; they were canceling her debt at a satisfactory rate. Ordinarily Mary's budget system steered her clear of any frenzied finance. But it wasn't proof against the habits of her young lifetime with the advent of Christmas—apt to be an orgy of spending even for those who are money-conscious. She found it necessary to draw upon her savings in the bank, launder her own clothes for two weeks, and sidetrack toward that necessary carfare to San Francisco a weekly payment on her debt.

For Mary's father ran out for Christmas dinner with her.

And David Brown didn't appear to have traveled a few thousand miles for nothing as his eyes feasted upon a wily slip of a girl instead of scenery as they crossed the bay on the ferry.

"A sidewalk, dad!" Mary cried ecstatically as they came out of the terminal. "A cement sidewalk under my feet! Tall buildings, bright lights, people in furs and things. That man buying a forty-cent magazine nonchalantly. The height of extravagance! I want to go to every show in town and sit in the highest-priced box. I want to eat where there are nine-course dinners, and to have a flock of waiters hovering around. I want a maid to draw my bath and put my stockings on me!"

David Brown narrowed quizzical eyes. "Three months of engineering seem to have made a first-class little gold-digger out of you. Ready to call quits and come home, Mary?"

"Heavens, no! Call quits? Why, I'm just getting started, and I'm having a whale of a time!"

"Would you like a report on your money?" her father asked.

"Not a word. Though I do hope the wild dreamer is flying high."

"From all I can gather, he isn't so wild as many people consider him."

"If he had been, you wouldn't have given him my million to play with."

Mary arrived back to Foggy Gulch early on a Sunday morning to find the place in a high pitch of excitement. Out of a clear sky, married employees had been ordered to come out to the ranch that day and select home sites.

"Orders of the dictator" observed one of the crowd gathered at the Dorseys'. "Build, or get off the job," he infers."

The eternal enigma, Denis Craig, Mary mused. A smooth materialist, or an altruist?

Prospective investors met at a point in the hills designated by Denis Craig where he was host at a barbecue.

It was one of those tender, intimate spots which silenced Mary Brown completely for a moment, then caused her to cry out in an expression borrowed from one of

her co-workers: "It's one of those spots that gets you where you live, isn't it? It's a bowl," motioning toward the enfolding hillsides, their long, dried grasses golden under the winter sun. "A brown bowl, splashed with green."

"Thanks, Mary!" It was Denis Craig who spoke. "The Brown Bowl—in commemoration of you. Next week's issue of what you call my Thunderbolt will tell all those interested in the project of our proposed natural amphitheater. The Brown Bowl." His quick eye had grasped the possibilities of the suggestion.

But the conversation turned quickly to the uppermost topic, home sites. Tentative bloated property owners compared notes, bent over blue-prints, drew plans, warned to Denis Craig's edict until Mary cried: "It makes me wish I were a married man myself!"

"What you should do, Mary," suggested Denis Craig facetiously, "is to marry a promoter. The promoting and engineering lines would travel together nicely, without friction."

"And a wedding would make an effective dedication for the Brown Bowl," teased Hilt. "Say yes, Mary!"

The laughter, and Mary's blush,

Suppose Denis Craig did reap a fortune? What did it matter to her? It didn't matter to the other engineers. Their work and their salary were their only concern.

But now the party was breaking up, and Denis was holding down both hands to pull her to her feet, demanding, "So you call my project a flyer, do you?"

And he had called her a conscienceless nut! Money was important to him! Her smile was a little saccharine as she answered cryptically, "I've changed my mind about its being a flyer."

"You mean," still determinedly holding her hands, "that you have faith I'll win out?"

"Certainly I think you'll win out." He should, shouldn't he, with her money paying for his ranch outright. The rest should be gravy, as the boys said. But her reflection made her tone a little mocking.

"That's something," Denis said, optimistically.

Something—but what?

Mary had occasion to ask herself this question many times in the days that followed. Why was she so concerned over Denis Craig's misrepresentation? Why did she resent it that he was in this thing for the money he could make? Many people in the world were in business for the money they could make. Many other people had got their start in life by a lucky break.

CHAPTER IX

"All Sorts of Things and Weather—" IT WAS late spring. The predicted boom had come, and development was going forward with a tremendous swing. Donald Leigh was general superintendent of construction, Hilton Dorsey had command of all engineering parties in the field, and the lesser lights, Mary Brown among them, had had their promotions.

For three months now Mary had been chief of party. Mary, with her natural intensity, took responsibility for progress as serious as if she were John Stark himself. But Mary frowned this morning.

This was a rush job—the preliminary survey of a highway through Little Bear valley. Contract soon must be let. The office force was waiting to figure quantities of earthwork, estimates of bridges and culverts. A rush job—and Mary Brown's emotions for days had been approaching the boiling point!

She was in her element, putting station after station behind her snappily. But there was a damper on Mary's zest today. Two lines between her eyes grew deeper. The impatience of her impulsive movements increased. Once she left her instrument and walked back to a curve they had rounded, and let out a despairing groan.

An eighth of a mile away Neil Goodenough, running levels on the center line—taking elevations every hundred feet or oftener so that the profile of the road might be plotted—had stopped to record a reading. Mary took off her sombrero and wiped a suddenly wet brow. What did Walt-a-Minute think he was doing? Oh, yes, she knew Neil's field book was the pride of his heart, that every figure was perfect and beautiful, that the "pink ears" in the office cried aloud with joy at it. But saints above! this was no writing lesson! Legibility was all that was necessary. Progress! That was the thing!

It was left for her patience to reach the breaking point in the early afternoon. With quick hot strides she covered the ever-increasing distance between hers and the level party.

"What's the idea, anyhow, Neil?" she demanded hostilely. "Why don't you keep up with the transit party? You move as if—as if"—she borrowed an eloquent, if not elegant, expression from her skinner—"as if about four more clean shirts would do you!"

A smile overspread the lean face. "I'm not geared for speed, Mary."

"Oh, snap out of it! You're stalling. You're angry—because I'm commanding the party. And there's no reason for that. Didn't we draw to see who should be chief? You—you don't give a rap what progress we make!"

"Wait a minute." Neil filled his pipe deliberately, then lifted his eyes, a granite quality in the blue of them. "If you were a man, Mary, I'd question the veracity of your assertion. But—do you think this verbal free-for-all between us is helping our progress report much?"

Mary's eyes blazed. She opened her mouth, closed it, turned and strode to her instrument, little rocks flying from her heels. She'd finish this day—and then! And then!

It was a silent party which rode home at night. They were soaked to the skin and soggy of spirit. Mary was grimly defiant. Resolute. Her anger had reached the peak. This was an emergency—and she had the courage to face it!

When they reached headquarters she turned in her reports, and then, going to her own desk, made a compact little bundle of her drawing instruments, tools and books. With them under her arm she marched herself into the office of the chief engineer of the project.

"Mr. Stark," she came directly to the point, "either Neil Goodenough or I will have to go—and I guess I might as well be the one."

As flippantly as that she tossed into the discard this job which she had resorted to a ruse to obtain,

What Would You Do With a Million, Denis?

mounted. But the chef came to her relief, with the announcement that dinner was ready.

They gathered at the pit for their servings of lamb or pork roasted on spits, and of potatoes and beans cooked in the ashes. The conversation went back to houses, their architecture, but chiefly to the cost of houses.

"If I had a million dollars," sighed Helen Rich.

"O dear!" mourned Lucretia. "If I had a million dollars, I'd stop worrying about how to keep my cuticle trim when I'm an old lady."

"And I'd keep the heels of my shoes straight," laughed June.

"What would you do with a million, Denis?"

"I'd make the time-honored gesture," with a sweep of his hand. "Pay off the mortgage on the old home place."

"If I had a million dollars," Mary Brown said smugly, "I'd give it away. A million dollars would be just a ball and chain."

"No one ever would do such a thing, really!"

"Yes," smiled Denis Craig. "Some one did. To our mutual benefit. It was a funny thing—the way I happened to land that loan in New York—the one with which I paid for the ranch. The man with whom I transacted my business at the banking house told me that an acquaintance of his had just dumped a million into his lap with the command to give it to the person with the wildest scheme he knew. I've always wondered just how to take it that the handsome sum was passed along to me and placed at my disposal."

"Why worry, Denny?" asked Stark. "You got the loan."

"I grabbed it and ran, I assure you. But I suppose the reason I was able to talk this veteran captain of finance out of his million was that it had come easily from some conscienceless nut. But I did have a sneaking suspicion (perhaps I flatter myself) that he had faith in my project. By the way, Mary, his name was Brown, too."

"Brown?" Mary set down her cup and saucer, lest its rattling betray her shaking hands. "You can't mean the rich David Brown, can you?"

"Heard of him?"

"Who hasn't?" Innocently. "I've always been glad I shared his name. To my mind he's the ideal millionaire. Yours isn't the first enterprise he's taken a 'flyer' in, according to his reputation, Mr. Craig."

"Denis," he corrected her promptly. Then, frowning his fair brow, "A—flyer? Now, just how," turning to the others, "would you take that?"

But Mary didn't hear their answers. Her eyes swept the hills. So this was where her money was? Helping to build this project. Was this resentment or exhilaration that was sweeping her?

And Denis Craig was carrying the idea that the million had been a loan? Why? Where were his alleged repayments going? Into his pocket, while he took credit for swinging this project on a shoe-string?

But what did it matter? She had renounced the million, hadn't she?

"What's the trouble, Mary?" Impatiently Mary told him in detail of the friction between her and Neil, of its beginnings her first day here, its culmination on this particular survey.

Stark traced a profile line with the slim point of his pencil. "Do you ever read Emerson, Mary?"

"Why—more or less."

"There's a thing of his: The Mountain—um, thought I could quote it. But never mind."

He turned back to his blue-print. Mary twirled her hat in her hand three times. "My resignation is accepted, sir?" she asked finally.

"Your resignation?" crisply. "Surely you do not consider it within an engineer's code of ethics to resign without notice?"

Mary flushed. "What else can I do?"

"Get back on your job and stand the grief!"

With this rebuke ranking Mary flung back to her desk, slammed down her belongings, and looked up to encounter the teasing eyes of Hilt Dorsey.

"Did you think you'd take your playthings and go home, M. Brown? If you had waited for me, I could have saved you these hectic cheeks. Come! Creesh is waiting for you in your room. We're dining at the hotel tonight."

They crossed to the new cabin-hotel where Mary had taken up residence when the Dorseys and other families built their homes on the project. As they entered she glanced back to notice Neil Goodenough going into John Stark's office. From her window, as she chatted with Lucretia, she saw him come out again—in about as short a time as she had.

As she was leaving the dining room later with the Dorseys, Denis Craig paused by Mary's side a moment. Inscrutably, half-teasingly, half-seriously, he said: "I wasn't eavesdropping, Mary. But my office door was open when you let off steam in Mr. Stark's office. I—see ominous signs. Just what does a man have to do—to make such a dent on your consciousness?"

"I—don't understand, Mr. Craig."

"Denis," patiently, "I mean that when a woman hates a man so actively, it's a pretty good sign she doesn't hate him at all. At least, I think it's more hopeful than superb indifference. And anyone can see that young Goodenough has been off his head about you from the first—"

"Nonsense!" But Mary flushed to the tips of her fragile ears. A thrilling new experience, this of having one man think another was in love with her, of having him deliberately hint of jealousy. She didn't mind at all that his laugh interpreted her flush as coquetry.

Mary was sent to finish the reconnaissance survey of the new road to the beach. Chance enough here for activity of impetuous mind and body! Jolly glad she was that she hadn't drawn what Neil did: final survey on the scenic drive up that

"What's the idea, anyhow, Neil?" she demanded hostilely. "Why don't you keep up with the transit party? You move as if—as if"—she borrowed an eloquent, if not elegant, expression from her skinner—"as if about four more clean shirts would do you!"

A smile overspread the lean face. "I'm not geared for speed, Mary."

"Oh, snap out of it! You're stalling. You're angry—because I'm commanding the party. And there's no reason for that. Didn't we draw to see who should be chief? You—you don't give a rap what progress we make!"

"Wait a minute." Neil filled his pipe deliberately, then lifted his eyes, a granite quality in the blue of them. "If you were a man, Mary, I'd question the veracity of your assertion. But—do you think this verbal free-for-all between us is helping our progress report much?"

Mary's eyes blazed. She opened her mouth, closed it, turned and strode to her instrument, little rocks flying from her heels. She'd finish this day—and then! And then!

It was a silent party which rode home at night. They were soaked to the skin and soggy of spirit. Mary was grimly defiant. Resolute. Her anger had reached the peak. This was an emergency—and she had the courage to face it!

When they reached headquarters she turned in her reports, and then, going to her own desk, made a compact little bundle of her drawing instruments, tools and books. With them under her arm she marched herself into the office of the chief engineer of the project.

"Mr. Stark," she came directly to the point, "either Neil Goodenough or I will have to go—and I guess I might as well be the one."

As flippantly as that she tossed into the discard this job which she had resorted to a ruse to obtain,

ports at the office she was criticized for an error which had cost the office force hours of wasted time. John Stark happened to be in the room—and missed none of the conversation.

The next day he came out on line. That was not unusual. The last time he had visited Mary he had sent her riding the clouds with his meager, "Nice work, Mary!"

Nothing like that today! Today he was unsmiling. He walked up and down the grade in an aloof way. His shrewd eyes did not miss the tonelessness of the party spirit, the party's apparent resentment of Mary Brown.

Stark took her field book and turned its pages thoughtfully. "What's the matter with your progress, Mary? Your records don't compare so favorably with Neil's."

Hot color flooded Mary's face. She drove her teeth into her lips. "This is not my sort of a job," she said, defensively. "If you had left me on that reconnaissance! I was making progress there—"

Cool elevated eyebrows suggested that it was hardly regular for underlings to dictate.

"Progress is not entirely a matter of speed, Mary." And the chief engineer went back down the trail to his car.

The next few days, worry rather than ill-temper hindered Mary's progress. In anticipation she stung with the disgrace of a pink slip, official notice of dismissal.

One evening coming out of the mess-house after dinner at headquarters camp—which now was established close to the headquarters house—a score of the engineers threw themselves down under a live oak to watch the twilight ebb.

Mary looked across at Neil—with whom she still was not on speaking terms.

"What's the matter with Walt-a-Minute?" asked one of the boys on his party. For Neil's usually so steady hand shook as he filled his pipe, and he arose and left the group without a good-night.

"Chief rode him hard today, I guess."

"What was the trouble?"

"Oh, you can imagine. Not enough progress. Poor old Walt-a-Minute climbs up and down a hog-back half a dozen times before he can decide where to run his line, chooses a place, starts, and says, 'Wait a minute!' Then he goes up the hog-back again to see whether he really has chosen the right location after all."

"It's all so—senseless!" But she felt a little bit sorry for Walt-a-Minute as she made her way to her room.

Moodily she started to undress. Maybe she could read herself to sleep. There was a new magazine.

But—what was this? An unfamiliar volume on her camp table. She picked it up. Emerson! Now—what—

Swiftly she opened it. A slip of paper protruded. A marker, with something written on it—signed by John Stark: "Please drop around to my office about nine tonight, Mary."

Now. It was coming. The pink slip.

But she looked at the designated page. Poetry. "The Mountain and the Squirrel." Her eyes traveled swiftly down the page, reached the bottom, and started over again, this time moving more slowly, pausing, here and there, while Mary considered.

The mountain and the squirrel Had a quarrel. And the former called the latter "little prig." Bun replied "You are doubtless very big. But all sorts of things and weather must be taken together To make up a year And a sphere; And I think it no disgrace To occupy my place. If I'm not so large as you You're not so small as I And not half so spry. I'll not deny you make A very pretty squirrel track; Talents differ: all is well and wisely put. If I cannot carry forests on my back, Neither can you crack a nut."

"Hope to die!" Mary exclaimed. She glanced at the poem again. "Talents differ."

The twinkle had come back to her eyes. She slipped into her sports shoes again, replaced the belt of her white linen dress. She glanced at the clock. Two minutes of nine. She hurried outside.

Simultaneously, from the last one of the row of white tents, another figure emerged. Mary started forward, with brisk impulsive steps, in the direction of headquarters house. The other figure, with deliberate strides, started in the same direction. Lines of travel converged. The two figures halted, looked into each other's eyes a moment, and grinned.

Mary broke the impasse of weeks. "Do you happen, by any chance, to have a slim little book in your pocket, Walt-a-Minute?"

Neil tapped upon a pasteboard cover. "Poetry," he drawled. "And a summons to the carpet."

"Co-operation is an important essential to organization," grinned Mary. "Shall we face the grief together?"

MILEAGE? YES! OR YOUR MONEY BACK

THOUSANDS OF TESTS PROVE MILEAGE INCREASES UP TO 20% This sensational money-back guarantee is based on actual tests made during the past year in thousands of cars, traveling millions of miles, under all conditions. The makers of D-X know what it does, and now you can prove it to yourself without risking a single penny.

YOU ARE URGED TO TRY D-X under this sensational guarantee

In asking you to try D-X, you are not expected to accept mere advertising claims for mileage. Rather, you are given an opportunity to prove to yourself, in your own car, that D-X actually does give more mileage. And you can make the test without risking a penny, because if D-X does not perform, the money you spent to make the test will be refunded in full... you alone are the judge of D-X value and performance! Could you ask for a more fair and square offer? D-X is no

ordinary gasoline. It is an entirely different type of motor fuel because it possesses lubricating properties... provides needed lubrication and protection to valves, pistons, rings and upper cylinder walls. Because IT LUBRICATES, D-X makes motors run smoother, faster... with resulting increases in mileage, power and anti-knock performance. Start the D-X Mileage Test today. Drive to any D-X or Diamond station, where the agent will gladly give you full particulars!

D-X Products are for sale at all Star Oil Company's Stations

DIAMOND 760 Motor Oil Mileage is one of the outstanding features of Diamond 760 Motor Oil—companion product of D-X. "AHEAD OF THE PARADE"

HALF NELSON DONAHUE SHOT BY SOOT CAMPBELL

DO YOU REMEMBER

Do you remember when the barber shop was under the Cass City Bank? One night when Louis Krahling, Phil Muck, Dr. Hays and John Reagh were in the shop, Jim Tennant came strolling in with a bag of eggs he was delivering to Mrs. Dora Fritz. Jim saw he would have to wait a short time so he set the eggs down and went out on the street; while gone some of the boys took the eggs out of the bag and put them in hot water on the stove to boil. The bag was blown up and put back into place. Jim came back, got his shave and grabbed the empty sack. Wrath encompassed his countenance. Upon finding the eggs boiling, greater wrath developed. "That would have been a nice thing for me to have delivered boiled eggs to Mrs. Fritz." It was some time before he reappeared at the barber shop but when he did Bailey humbly offered to pay for the eggs, but Jim refused to take the money, stating, "I might have known I'd lose my eggs with Al Knapp around."

Do you remember when Al Knapp was on the village council? The Council decided one Monday night at the meeting to shut off the water in the village for a few hours the next day to repair some water mains and forthwith passed such a resolution. Al went home the next morning and his wife complained that the water would not run. It was a cold morning so Al took some hot water and proceeded to apply it to the pipes; the water did not come, so he took towels and more towels and applied them wreaking with hot water to all pipes in sight. Still the water refused to come, so he waddled down to the hardware store and got a blow torch and put on some older clothes and went at it in earnest. By the time he had spent another hour of additional intensive pipe thawing, the water mains had been repaired, so the village turned on the water and Al had that supreme feeling of accomplishment.

Do you remember when E. W. Jones used to have a rather obnoxious building out back of his store? The boys tipped it over so many

times that he finally securely fastened it in place with iron bars and bolts; to tip it over after that required real strength, so one Halloween night some public spirited citizens sallied forth from the Masonic Lodge like the Boston Tea Party of old, and with admirable courage and prodigious strength wrenched the doomed structure with great clatter and screeching of wrenched nails and bolts from its moorings. The entire village police force was on deck that night and they rushed to the scene blocking the roads of escape in all directions. Doc McCoy, Charlie Day, Shorty Townsend went in one direction; Audley Kinnaird, R. D. Keating, M. E. Auten and Lyle Kefgen went in another. Kefgen was tackled by Chas. Kosanke, who later reported, "I don't know who I had, but whoever it was, he was a big son-of-a-gun." Auten wasn't so big and was brought to the four corners by Tom Wilson. The loyal pleading (?) of McCoy and Keating to keep him out of the coop will long be remembered by Auten.

Did you ever hear J. D. Crosby tell about the time he arrived home early one morning and his wife yelled out, "Jim, what time is it?" J. D. answered, "Twelve o'clock," and he said just then the cuckoo clock struck four and he had to cuckoo the eight times himself.

Chris Seeger used to be quite a trader in horses. One day he made what appeared to him to be an unusually good deal. He took the horse he had just got in the deal over to Dick Clark's barn. Ashton Tindale met him at the barn and enquired why he was putting the horse there; Chris said he had made a good deal and he wanted to hide the horse so that when the other fellow found out how badly he was trimmed he wouldn't be able to find this horse and make him trade back. The next day Chris took the new horse out to drive. That night Ashton noticed Chris didn't bring the horse back to hide it. When he enquired about it of Chris the next morning, Chris replied, "No, I guess I'm the fellow that ought to want to trade back."

Remember that Roman-nosed horse P. S. McGregory used to drive and how he used to charge up the street and around corners with Mr. McGregory pulling the reins, while Mrs. McGregory sat calmly, composedly, and serenely at

his side with utmost confidence? Well, this confidence was a trifle shattered at a later date when Mr. McGregory got to driving autos. One day the two started out from Caro for Cass City; all went well until Mr. McGregory tipped the car over in the ditch somewhere about mid-way between the two towns. Some men came along, shoved the car back on its wheels and out of the ditch and on they bravely came. In front of Miller's, however, Mr. McGregory again landed overturned in the ditch; it was slippery. Mrs. McGregory got out of the car and watched; more men got the car straightened up but when Mrs. McGregory saw her husband back the car out of one ditch only to back too far and go upside in the ditch across the road, she turned about and walked home.

Do you remember the prayer meeting they had once up in Dr. Fritz's office? It was in the days when Lester Bailey and Ab Higgins were even more energetic in church affairs than they are today. They decided they would make the meeting a real success, so they call Bill Ruhl, Al Knapp and Roy Crosby each to come up to Fritz's office. It was when Bill was running for village treasurer, so up he goes, takes off his rubbers politely, goes in and takes a chair. Nothing being said, Bill inquired, "Did you want to see me for something?"

The minister replied, "Why we are glad to have you join us in our prayer meeting."

"Oh gee, boys," Bill said, "I got work to do." With that he goes out the door, puts on his rubbers and disappeared.

About this time Al Knapp comes up the stairs in a big heavy overcoat and struts into the room, real important-like, and enquires, "Well, what's going on?" Upon learning that he is invited to join in the devotions, he suddenly recalls a funeral over at Argyle and disappears down the back stairs.

Roy Crosby got out more quickly than the others and warned those approaching the prayer meeting that the ministers were trying to put something over, that they had called him to come, and when he found out what they were up to, he fooled them by getting out before they even started.

The evangelist, by the way, was staying at Ab's house and made the remark that night that if the church members would work as diligently as some of the men around town, the churches would be much more successful.

Do you remember the time about thirty cars went around the county to put H. S. Wickware in county treasurer; how Deck Bradshaw turned his Overland roadster out in the sand over near Millington and went around all the other cars; recall how Ed Pinney with his E. M. F. and Doc Treadgold with his Schacht raced from town to town, and how old Mr. M. L. Moore rode with Ed? When Ed pulled up in front of the bank amid a cloud of dust, Mr. Moore slowly got out. Marc Wickware helped him out and graciously asked, "Well, how did you stand the ride, Mr. Moore?" The answer came none too enthusiastically, "I guess I stood it all right but I would liked to have sat part of the time."

SHE WAS A HARMLESS COW.

David Harum was a real horse dealer, but he had nothing on Andy Schmidt. It seems that Andy had a deal with a fellow over near Marlette and got pretty badly beaten. A good many years went by and this fellow appeared again for a deal so Andy dealt him a cow and a pig for a horse and agreed to deliver the cow the next night. That night the cow died but that did not deter Andy. He loaded the cow into his trailer and started out as

agreed the next night. When he arrived at the man's home, the fellow had gone to bed but he yelled down to Andy to leave the cow in the barn and she would be all right until morning. Andy said he guessed she wouldn't do any harm, so he unloaded the cow on the barn floor and pulled for home.

PEAPL SCHENCK

Above is a picture of our beloved Rotary President, who ends his term of office the first of July. He has made a most excellent president and the club has thrived wonderfully during his term of domination.

There is a very attractive gong which remains in the possession of either the Caro or Cass City Club for periods of six months at a time, determined by percentage of attendance. Cass City now has the gong. A short time ago some one from Caro said they would be taking the gong to Caro at the end of this six months. Since that time Cass City has had six consecutive meetings with 100 per cent attendance. We are endeavoring to learn what the opinion of the Caroiters is now.

Our next president will be Walter Mann. We don't imagine the club will go quite so well under Walt but no one thought Doc would make as good a president as he did.

No one in Cass City very much wanted a Rotary Club at first; no one wanted to join, but Herb Orr and Fred Striffler and some other Caro men said we must have one. We now are greatly indebted to them and feel that the club is beneficial both to the community and to its members.

There is a large representation from Caro present at the Minstrel Show—those fellows on the west side of the hall making so much noise and commotion are from Caro. Are they proud of their child?

FRANK OPINIONS

The editor was just asking Carl Bougher of Caro how he liked the show. Carl is the man who turns off your lights when you don't pay. He said that it wasn't for publication but he certainly admired the nerve of the Cass City Rotary Club for putting on a performance like this one and charging for it. He said their club couldn't do a thing like that in Caro. He said he thought we might make some more money if we had an intermission and charged the same price to get out.

We asked Fred Striffler what he thought of the show. He said, "Well, you know, boys, I was reared in Cass City; I went to school there; I have a lot of relatives there; I helped start your Rotary Club so if you want my unbiased, down right, honest opinion, I feel free to say that I think it is Rotten!"

HALF NELSON DONAHUE

Half Nelson was a noble boy, He still can wink an eye, At home he was his mother's joy, Let's hope he doesn't die.

He hailed from Caro in his youth, A lucky boy was he, He left that town in haste forsooth, As soon as he was free.

To Ann Arbor was the place he went And studied hard and long On muscular development And made himself so strong

That boys and men shied clear from him As he passed along his way He wrestled all, it was a sin, The holds he used, they say.

And when there were no more to throw, He looked for other work, "To doctoring, I guess I'll go, I'll learn it in a jerk."

Cass City was the town he chose, A wise selection that, In its esteem, most fast he rose, Hard work just made him fat,

Until tonight a Minstrel Show Was put on at the school, And with the others he did go And sat upon his stool.

The show was going off all right Until it came his turn. The only show to him's a fight And for one he did yearn.

He thought that soon they'd ring the gong; He'd show them what he had, But when they said, "Come, sing a song" Why that was just too bad.

He stood there trembling like a kid, He said he never sang, "I'd rather be shot; I'll not," he said And just then came a Bang!

Soot Campbell, the dog, the low down cur, Had told him from the start, If he refused to do as told, He'd shoot him through the heart.

Half Nelson lurched, the blood gushed forth, The crowd went wild with fear. Policemen grabbed the assassin bold A'dashing out the rear.

They tell us now, (great is the joy!) Half Nelson will not die The bullet merely flattened out, You cannot hurt that guy.

A consultation long was held, With Soot, what should they do? They finally agreed to let him go, If he'd shoot the others too.

THE SLAYER.

Great Excitement Prevails at School House as Half Nelson Is Shot Down at Minstrel Show Put On by Cass City Rotarians for the Benefit of Crippled Children.

HALF NELSON DONAHUE, FAMOUS NEGRO WRESTLER, IS WOUNDED IN CHEST BY HOG-MAN TONIGHT

The Crowd, at One Moment Rapturously Enjoying the Wondrous Presentations of Melodic Harmonies and at the Next Moment Doubled Up in Laughter at the Humorous Doings of the End Men, Is Suddenly Thrown into Wild Excitement by Would-be Assassin.

The minstrel show was brought to a sudden halt this evening at the point when Half Nelson Donahue was called upon to sing. It is the law of Rotary that no member shall refuse to perform any act when called upon and Soot Campbell had boastfully proclaimed at the beginning of the show that he would shoot any man who failed to carry out his part.

When Half Nelson was called upon, he came slowly, much too slowly, to the front of the stage. Soot called to him, "Come on, get out there and sing." At this Half Nelson stopped with a malicious look. Finally with help and persuasion, he got out front. The music started for his song but no sound came. Again Soot warned Half Nelson but still he did not sing.

"You can't make a fool out of me," called out Half Nelson.

"Your ancestors took care of that," said Soot. "Say, nigger, if you want to put on a real show come out here and fight," challenged Half Nelson.

"You call me 'nigger'; sure I'll fight." Bang!!!! Half Nelson reeled. They carried him across the stage. The show was temporarily ended.

Soot Campbell's Attempted Assassination of Half Nelson Donahue Brings Out Startling Past Record of Notorious Man

Although unknown for many years to the general public, the depredations of the now notorious "Soot" Campbell have come to light. Police records of his former home with those of Tuscola county revealed a dangerous character in our midst.

He was first arrested in Alpena, Michigan, in 1921, for non-support of his wife and at that time was sentenced to work or leave town. He left town immediately. He was next apprehended early in the fall in the vicinity of Cass City seeking any sort of employment requiring neither mental nor physical effort.

In 1922 he was arrested for assault and battery on the recommendation of Carl Robinson, was released on suspended sentence. In 1923 he was picked up as a suspicious character by John Caldwell on recommendation of R. A. McNamie for stealing second-hand furniture from the depot. To this charge he was acquitted. Later in 1926 it was definitely established that he was a direct descendant of the notorious Jukes family and he was placed on probation for life by Judge Hill. By 1930, he was holding a number one position in John Caldwell's book of notables although, of course, this information

was known by only a few of the detective force. Since 1932, he has been watched closely by Federal authorities under suspicion of raising blind pigs. Further indications of his indolence are shown by the fact that during 1933 he lived mostly on the welfare of Cass City. It has been whispered recently among those who know him that he has been carrying concealed weapons in the rear of his car for some time.

The compiling of this hitherto obscure information considering "Soot" Campbell is not at all surprising now that his true life has been brought out in the slaying of "Half-Nelson" Donahue. The whole community of the Upper Thumb of Michigan is greatly aroused and here and there in all parts men are taking attentive interest in bringing this culprit to justice.

PLEASING THE WIFE.

Chet Graham says that the only man that can get money out of banks now-a-days is Dillinger. He says he is putting in a garden. When asked why, he said, "Oh, to please my wife; you know wives like to see their husbands out all dirty and sweating and doubled up in the sun."

Proceeds of the Rotary Minstrel Show at Cass City Go to the Crippled Children's Fund, a Most Worthy Cause

Proceeds of the minstrel show tonight will go to the Rotary Crippled Children's Fund.

The plan of financing the crippled children's work of the county, state and nation has been developed by the International Society for Crippled Children, with which the Michigan Society is affiliated. Edgar F. (Daddy) Allen, founder of the movement and president of the International Society says, "The problem of the crippled child is one which must be dealt with promptly. Communities must be in a position to recognize their responsibility to this unfortunate child. They must prepare to fight the cause of crippleddom and, above all, to destroy the great offender, poliomyelitis (infantile paralysis)."

The committee in charge of the minstrel show sets forth the following reasons which will prompt the people of Tuscola county to support this movement:

- 1. To see that every crippled child is found. 2. To see that the children of this district receive systematic clinical attention. 3. To provide funds which will

Why the Sudden Change to Liquid Laxatives?

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The wrong cathartic may often do more harm than good.

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all drugists. Member N. R. A.

YOU CAN'T AFFORD TO PUT IT OFF

Have you noticed Thompson's house since they had it all painted up, Bert? It looks like a mansion.

Yes I saw it, Sue, and I was afraid you'd bring up the subject.

Oh I'm conscious of the shabbiness of our place, Sue, but I don't think this is the time for us to spend a lot of money.

AFRAID?—I don't understand—Why should you be afraid that I saw it, Dear?

You wouldn't say that, Bert, if you saw the starting sale at the store where the Thompsons bought their paint. Think of it—the best paint made at 75c off on every gallon.

Well—let's go and see how much is required to paint our house—an estimate costs nothing.

And it will be worth more as an investment and we have done our bit to help restore employment and prosperity.

Now our home will look like a mansion too, Dear.

Again Standard gives you greater value, by providing

More
LIVE POWER

per gallon

Standard's refining engineers release more responsive energy in this already great gaso-

line—at no extra cost to you

By new adjustments in the control room, the heavier, slower parts of this already excellent gasoline are now converted into lighter, faster units—in other words into more Live Power! This means that Standard Red Crown Superfuel is speed-charged for those who want to get there in a hurry. But for those who like to drive more leisurely this extra, usable Live Power means low-cost operation. Whether you're speed-minded, or economy-minded, you really ought to try a tankful of this more spirited gasoline.

Feed Mermash

Mermash 16% protein is a starting, growing and laying mash for chickens, ducks and turkeys. It provides in ocean kelp and fish meal a food iodine and other essential minerals which are lacking in Michigan crops and soils. Poultry responds to Mermash with splendid growth and production. Mermash is a complete mash, ready to be fed with scratch grains for high egg production.

Grow Better Chicks at Lowest Cost with Mermash.

Nothing mysterious about it. Michigan soils and crops are very deficient in iodine. Chicks raised on Mermash simply walk away from those raised on other rations. They're healthier, grow faster, feather better. Chick losses are lower. Cost per chick is lower.

Yes, all costs are lower because Mermash is undoubtedly the lowest priced, good chick starter-growing mash on the market.

Bamboo

There are several species of bamboo which are native to the United States, but they do not appear in the trade in this country as fishing poles and canes since they do not have sufficient strength or springiness. Bamboo for canes and fishing poles comes from a Chinese species, which can be acclimated in the United States wherever the native bamboo will grow.

SEE ME

Do you ever have a strange headache in the morning and does your mouth taste as though the cat had slept in it and shed its fur?

Do you hate to get up in the morning?

Do you long for a smoke after meals?

Do you get tired beating rugs and cleaning house?

Do you hate to carry out ashes?

You should see me immediately. I am sometimes away however so you better make an appointment.

If it's a hurry case, call the hospital a week in advance and I'll arrange to see you some time; if it's an oil lease, I'll be right out.

IRA McCOY

Schwaderer's Spotless Selected Sand

Do you wish some clean sand for your children's sand pile? We have a special brand which we are just putting on the market and which has been developed after many years of experimenting and research. Just ask for Schwaderer's Spotless Selected Sand. It is guaranteed to please the older folks as well as the young.

Ernest Lendall Schwaderer

USE R. F. D. NO. 5 OF CASS CITY

I will show you what real service is. Baby chicks delivered on the coldest days. I carry a brooder in my car for the purpose. Send all manner of livestock including babies by parcel post. You will be delighted to see how quickly I get around my route if necessary. I can even go faster than that when there is a baseball game some place in Michigan.

GUY LANDON

MILK WANTED BADLY

If your barn is swept daily and there is no dust on your farm, we will take your milk six months in the year. If in addition, you have tested, pure-bred cows, well colored and of uniform stature, we will take your milk nine months in the year. If in addition, you have a good looking wife who drops into the office frequently, we will take your milk the year around.

You'll be surprised at your milk checks if you don't know what we pay.

WALTER MANN

FOR PUBLIC CONVENIENCE

We pride ourselves on having the best located store in Cass City. We always have two cars standing outside. Feel free to use either one for any errands you may have.

We always have a large supply of magazines and keep the latest newspapers. Come in and enjoy them.

We always handle reserve seat sales with great pleasure and if you don't happen to have your money along, we'll lend it to you.

Use our balcony for band concerts or speeches; we keep it in good condition.

Our radio is always perfect except when one of our tenants is drilling teeth, or drying hair, or using the clippers.

LOU WOOD

DO YOU WANT YOUR CHILDREN EDUCATED?

Do you want your boy able to read Latin and play football. Do you want your girl able to make dresses, good speeches, sulphuric acid and cakes?

The Cass City School is renowned for its development of presidents, electrical wizards, and financial geniuses and your children should join this vast about-to-be-recognized throng.

WAYNE PRICE

TALK WITH US

Come to us for advice regarding your farming operations. We shall gladly tell you the right time to sell your beans or wheat. We have had many years of experience in handling farm crops and feel that we should know the right time to sell. Many farmers have lost heavily by not following our advice. Don't be one of those.

FRANK REID

Your Money is Safe in The Cass City State Bank

We have two guards always on the alert for bank robbers—Clark Knapp and Buzz Wallace. We likewise have a pistol loaded and ready for use. It will be too bad for Dillinger if these two sharpshooters get him in a corner, unarmed.

MEREDITH AUTEN

THE PRESBYTERIAN CHURCH

of Cass City herewith extends a cordial invitation to each and every one present at the Rotary Minstrel Show to attend the Sunday morning service on May 20th at 10:30 a. m. All Presbyterian Rotary members will be on hand to greet you.

PAUL ALLURED, Pastor

I INVITE YOU

to join the greatest 4-H Club in the United States. If you will feed your pigs on my rations, you will observe a wonderful growth. I have tried out many different combinations of foods and attribute my success to the one I now use. I shall be glad to call at your farm anytime and give a food demonstration. You'll be surprised to see what I can do with food.

WILLIS CAMPBELL

BEANS

I am specializing in beans—in fact I know my beans. I will agree to fix any farmer's teeth for one year for his bean crop, if delivered in good condition. If the farmer is without teeth, I will fix two teeth for his wife.

I will do the work for you any week day after 10 a. m. and prior to 3 p. m., except Tuesday and Thursday afternoons, but would prefer you came in the forenoon any time around eleven.

PEARL SCHENCK

BANKING UP-TO-DATE

Am happy to report that my metatarsal phalanges are resuscitated; in other words, my dogs are O. K. again, and I am now prepared to draw deeds, mortgages, contracts, leases, and wills; to administer estates; to rent or sell your house, farm, barn, cows, or dog; to settle disputes on your line fences and otherwise do a normal banking business.

FRED PINNEY

HAVE YOU TRIED THE NEW FORD?

Have you watched it go by? Have you felt its smooth easy-riding qualities? This new Ford runs so supremely quietly and so restful-like that ever since Ford brought it out, I have been able to sleep nights; in fact I go to sleep driving one.

Come in for a demonstration.

ASHTON TINDALE

Coal, Seed, and Village Maps For Sale

Have you seen my latest village map? No man can really know his way home in Cass City without one of these maps. Ping-pong lessons given free every noon. Have you tried our Little Joe coal? It will get you in more hot water than any other coal. If you enjoyed my rendition of "The Last Round Up," tell those around you; if you didn't, tell me.

ART ATWELL

WE DO A GENERAL HARDWARE BUSINESS

We enjoy cleaning chimneys and repairing sewers. We keep Andy here, or at least in town, all the time, or at least some of the time, for just such purposes. Arrange in advance for frozen water pipes or busted furnace boilers.

Up-to-date, up-to-doodle Since eighty-eight, we've used our noodle.

FRED BIGELOW

HOLD YOUR HORSES

You are going through this life too fast. Stop a minute and think what will happen after you die. Judas-cats, do you want your wife to live with her next husband in as hard-up condition as she now lives with you? Insure yourself at once. Drop over some time for a game of golf or bridge and we'll talk over your insurance program.

JOHN SANDHAM

SERVICE! SERVICE!

Am prepared and ready to perform any sort of service for a good meal. Have a large equipment of trucks, lathes, electric welders, and tools of all sorts so that I can clean chimneys, fix chairs, carry away rubbish or repair light fixtures. I can work any day but Wednesday the year round. On Wednesdays, I bid on road jobs.

CHICK SCHWADERER

IF YOU WANT REAL GOOD HARDWARE,

come and see me. I'll be fixing my back yard. I test out all tools before selling. All are invited to listen to ball games during the summer months at my store; I have the best radios in town—when our esteemed Rotary President isn't running that tooth-drilling outfit of his. If those people owning such contrivances would visit my store, I might sell them a silencing device that would add greatly to their popularity among quiet-loving baseball fans.

ED CORPRON

EVENTUALLY, WHY NOT NOW?

We have funerals from \$75 to \$85 up. It depends on what the family wants. We give as part of our silent sympathetic service, Free Lunch and Coffee with all our wakes, babies included. We send out a large coffee pot, two dozen mugs, coffee, cream, meat, bread and mustard.

Remember, dissatisfaction is the cause of all unrest. Try our safety burial vault.

EARL DOUGLAS

STICK 'EM UP

We can put posters upside down just as well as right side up. "Stick to the last" is our motto. If your business is all gone, we will put up a cash guarantee that we will double it within thirty days if you use our sign boards. Watch the signs go by.

SAM CHAMPION

FOR TRADE

Will remove tonsils in exchange for plaster for living room. Will take out appendix for front door to house. Will amputate arm or leg for digging cess pool. Will thoroughly overhaul and remove all superfluous organs in exchange for shower bath. This offer is only good during the building of my home, so look yourself and family over and arrange the swap.

THERON DONAHUE

JOIN MY CIRCLE

Watches fixed, glasses fixed, anything fixed. Enjoy one of our comfortable chairs while you listen to the baseball game. Smokes furnished. Will supply car to take you home at meal times. Come in and see my latest style horseshoes.

JOHN MAY

BE CALM

In this period of rush and hurry, it is always well to take a few minutes of quiet, peaceful rest each day. We invite you to come to our A. & P. store and feel the cool, calming atmosphere prevailing and promoted by the store attendants. We have some wonderful hair tonic for sale.

STANLEY STRIFFLER

All Manner of Printing Done at Our Office

If your organization wishes to advertise without cost, put me on the advertising committee; I'll have ideas and space in my paper. If you wish to tell about your business without cost, make a news item of it. If your organization can't quite pay its bills, let mine go. I am extremely public spirited that way.

HERB LENZNER

LET'S GO

Am always ready. What do you want? Baseball, washing done, church, lawn mowed, Lansing, billiards, bridge, anything—just a minute, I'll get my coat.

AL KNAPP
