A new manual of instructions for local election affairs is being prepared by the Department of State incorporating changes made in election laws by the 1933 legislature. One of the important changes now allows persons who are properly registered to transfer on primary or election day from one precinct to another in the same city or township, regardless of length of residence in the ward to which removal was made. Previously the law required 20 days' residence in the ward prior to the election. Another change provides that on three-man election boards not more than two shall be of the same political party and that on larger boards not more than 50 per cent shall be members of the same party.

**LIVE POWER**  
per gallon

Amount of usable energy increased to meet the needs of today's high speed engines... at no extra cost to you....

• Standard's refining engineers have taken gasoline which a good many motorists considered practically perfect already and have definitely increased its live, usable power

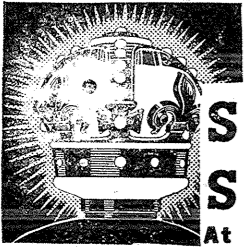

This advance is important to you—from the standpoint of speed and engine-response for one thing; of greater operating economy, for another.

You may enjoy pushing the needle of your speedometer into the upper speed brackets. You may like a sprinting start. You may enjoy zooming up hills. Obviously, more Live Power enables you to do those things.

On the other hand, if you're economy-minded—and enjoy leisurely touring, this added Live Power reduces the operating cost of your trips.

This spirited new fuel is ready to prove its worth in action—ready now—at your nearest Standard Oil Station. Try it!

• Drive in where you see the familiar Red Crown globe and let the Standard Servisman fill your tank with this improved Superfuel. Put it to the test in your own car.

Chronicle Liners. While Costing Little, Accomplish Much

**Chinese Stick Together**  
The old Chinese custom of married Chinese sons living with their parents is still so general that frequently five or six generations and from 150 to 300 relatives are found living under one roof.

**Early Railroad Fuel**  
In the early days of railroading in Ohio, fuel for the wood burners was supplied by the neighboring farmers, who piled it up along the tracks at designated places for \$2 per cord.

**Cass City Trims Vassar 17 to 5**

By Don Kilbourn.  
Playing before the largest (?) crowd of this season which, incidentally numbered about one dozen, Cass City easily defeated Vassar 17 to 5. The locals connected for twenty hits off the offerings of Loss and Miller, while Graham and Stafford restricted the opposition to five safeties.  
Cass City jumped off to an early lead in the first inning by scoring two runs on singles by Ward, Karr and Graham. They picked up two more in the second and then put the game on ice by scoring six runs in the third. In the fourth they added five more to their total and from then on they took things easy, scoring but two runs, one in the fifth and one in the ninth.  
Every member of the starting lineup hit safely at least once. Fredericks and Donnelly did the major share of the hitting. Pete clouted three singles and a double, while Donnelly had two singles and a double.  
Eddie Graham hurled the first seven innings and did a very creditable job. Nile Stafford pitched the seventh and eighth and held the opposition hitless, although his control was rather faulty at times.  
Thursday's victory kept Coach Kelly's record clean against Vassar opposition in the past four years.

**NEWS OF THE NEARBY SECTIONS**

**Happenings Here and There**  
Garnered from the Chronicle's Exchanges.

The Sanilac County High School Athletic Association announced that the annual field day will be held at Deckerville Saturday, June 2. The track and field events will start at 10:30 in the morning and will be concluded immediately after noon. The two leading county high school teams will play the county championship game at 2:30.  
Taxpayers in Sanilac county who pay their 1934 taxes to the different tax collectors in each city or township will notice that the majority of county tax will be used to take care of the indigent from different allotments set up by the supervisors' county estimate committee. In making the 1934 budget the committee had to take into consideration all phases that entered into needy assistance. Carefully analyzing the 1934 county budget presented to the county tax commission, you will discover that 59 cents of your county tax dollar goes for the support of mothers' pensions, soldiers' relief, poor fund and Red Cross. Add this all with the state hospitalization of \$20,000 charged to this county and you will have an added total of \$90,300 for the support of the needy. The total county budget is only \$155,800, and over half of this money is used for the above named items. This year's budget is estimated upon the expenditures of each division for the past year.—Sandusky Republican.  
Rev. and Mrs. W. Firth will leave on Tuesday morning for their trip to visit the home folks in England. The Rev. and Mrs. J. Diben of Sandusky, Miss Gladys Nicol of Cass City, and Mrs. Margaret Nicol of Lansing, will accompany them. The party will motor to New York via Canada, making stops at Niagara Falls, Ont., Elmira, and Madison, N. J. The Rev. and Mrs. Diben will sail on the S. S. Westerland on Friday and the others will sail on the S. S. Britannic on Sunday morning. The party will return from England on the S. S. Georgic on July 28. Mrs. Nicol and Miss Nicol will visit relatives in Scotland. Rev. and Mrs. Firth will visit with relatives in Yorkshire, England. Rev. Firth will preach the Anniversary service at the Methodist church in Cleckheaton, Yorkshire on Sunday, July 8. Mr. and Mrs. Firth attended this church as young people and Rev. Firth was acting pastor at the time of their coming to America.—Peck Times.

Sprague, Mr. and Mrs. Erwin Binder, Mrs. Earl Deneen and daughter, Mr. and Mrs. S. Baxter and Fred Hartwick.

The Ladies' Aid Society of the Church of Christ will give their monthly dinner Wednesday, June 6, at the home of Mrs. Charles Tedford, at noon.  
The contest for membership attendance between the Young People's and Bible classes which has been running through March, April and May, at the Church of Christ closed on Sunday with the Bible class as winner. Points stood 237 against 205. The young people have invited the winners to a banquet on Friday evening, June 1.  
Miss Iva Biddle, Miss Wilma Wentworth, and Mrs. Byron Kelley of Caro visited relatives here Sunday. Miss Biddle has been very sick at the home of her sister, Mrs. Kelley, but is much improved, and expects soon to resume her duties in Saginaw.  
A full house greatly enjoyed the play, "School Daze," which was put on at the Paul school on May 25.  
Forest Hofarth, who has been spending a week at his home here, returned on Monday to Pontiac to his work.

**When a Congressman Resigns**  
When a congressman wishes to resign he sends his resignation to the governor of his state, or to the presiding officer of the house of congress of which he is a member. The usual practice in the house is to send the letter of resignation to the speaker of the house. If the member resigns directly to the senate or the house, the body to which he belongs orders the presiding officer to inform the governor of his state of the resignation.

**"Buffalo Nickel" Indian**  
Several Indians have laid claim to being the original of the likeness appearing on the "buffalo nickel" which made its appearance in 1913. James Earle Frazer, the American sculptor who designed the coin, blasts their claims by declaring that "the head is an idealized portrait and represents no particular Indian."

**Feed Mermash**

Mermash 16% protein is a starting, growing and laying mash for chickens, ducks and turkeys. It provides in ocean kelp and fish meal a food iodine and other essential minerals which are lacking in Michigan crops and soils. Poultry responds to Mermash with splendid growth and production. Mermash is a complete mash, ready to be fed with scratch grains for high egg production.

**Grow Better Chicks at Lowest Cost with Mermash.**

Nothing mysterious about it. Michigan soils and crops are very deficient in iodine. Chicks raised on Mermash simply walk away from those raised on other rations. They're healthier, grow faster, feather better. Chick losses are lower. Cost per chick is lower.  
Yes, all costs are lower because Mermash is undoubtedly the lowest priced, good chick starter-growing mash on the market.

**MORE MILEAGE GUARANTEED**

**D-X** LUBRICATING MOTOR FUEL  
MILEAGE  
MILEAGE WITH ORDINARY GASOLINE  
**OR YOUR MONEY BACK**

Before making this sensational offer to the public, accurate checks of D-X mileage were made in thousands of cars, traveling millions of miles under all conditions.

The D-X claim for more mileage is backed by a genuine money-back guarantee bond—the most daring and sensational guarantee ever offered on a motor fuel. D-X will give you extra mileage in your own car, or your money will be refunded. To make the simple D-X mileage test, drive to any D-X or Diamond station and the agent will explain it to you. There is nothing difficult about it... there are no "strings" to the offer. You are simply asked to make a trial of D-X under the money-back protection of the D-X Guarantee Bond. You can't lose, because if D-X does not give you better mileage, you get your money back without question. And if D-X wins the test, you win also by saving the money you have been wasting by using less economical fuels. Drive in today!

**DIAMOND 760 Motor Oil**  
The last word in safe, economical automobile operation is achieved by those who use both D-X and its worthy companion product—Diamond 760 Motor Oil. Diamond 760—the pioneer heat-resisting lubricant—provides efficient lubrication at lowest cost per mile because it GOES FARTHER and LASTS LONGER. Sold only in original refinery-sealed containers and guaranteed to give unequalled service. At all Diamond Stations.
