#### **Preaching Mission** Goals Adopted

The Eight-day Preaching Mis-

sion scheduled to begin here Sunday evening, November 15, has been tentatively listed to open in the Baptist church, and to continue in the Methodist church, November 16 to 20. It is proposed that all week-night services be held in the same building so as to avoid confusion incident to moving from place to place. The closing ser-vice is planned for the Evangelical church. Preachers for the various services and plans for both preparation and follow-up of the evangelistic series will be detailed in subsequent issues of The Chronicle.

Objectives.

Certain specific objectives have been set before those who will join in this united evangelical-protestant effort. They are, as follows: "To strengthen the foundations of Christian faith on the part of every member of the local congregation and to stress anew the

### OF COURT IN SANILAC SEWER PROJECT

Twenty to 25 Men to Be Employed for About Three Months.

H. R. Louden, district director of the PWA, and C. M. Rath, supervising engineer, were in Cass City Wednesday conferring with village officials regarding the sewer project here and announced that the project had been approved October 23 and work would start on Monday, Nov. 9.

The estimated cost of the project, known as No. 1, is \$22,893. Of this amount, \$18,290 have been appropriated from Federal funds and \$4,603 will be paid by the bers of Tyler Lodge, F. & A. M., at the M. E. church was very well 25 men will be employed for a period of about three months. period of about three months.

Last August, the village council through its representatives, prepared plans and estimates for a sewer system for Cass City to be constructed mainly through Federal funds by PWA labor. The plan was divided into four projects for the reason that the largest percentage of Federal aid came in projects that cost less than \$25,000. The four projects are each below that figure.

Project No. 1 of the system here

provides for the building of that portion that extends from Main street to the outlet at Cass river, a mile in length. The cost is divided on the basis of approximately 80% Federal funds and 20% village money.

Local officers were assured July 20 that a set-up for Project No. 1 had been approved at Washington, but no definite word had been received that work would start until

### **Heard Starr Com**monwealth Speaker

"We believe there is no such thing as a bad boy; that badness is not a normal condition but is the fruit of misdirected energy; that every normal boy will be good if ronment of love and activity.'

This introduced the creed upon which C. E. Kelley, head of the educational department of the Starr Commonwealth for Boys, based his remarks when he spoke Tuesday at Guest Day of the Woman's Study club at the high school auditorium at Cass City. Continuing presentation of this creed, Mr. Kelley said:

"We believe in the dignity of labor; that each child should be given some work suitable to childhood: that he should be taught that the value of his labor is found, not in the completed task, but in the training of mind and hand, and the joy of accomplishment. We believe also in play. It is the child's normal effort at self-expression.

"We believe that to attain the full stature of man, spiritual decollege line-up in order to find at velopment should go hand in hand with physical, mental and moral development. "We believe that boys merit con-

of development of honor in a boy is problem is to get back who can found when you discover some ave-"We believe in placing a boy up-

on his honor at all times, and givcouragement necessary to enable him to maintain his integrity that the impulse for good may harden to build the structure of perfect manhood."

Floyd Starr, president of the Starr Commonwealth, who was scheduled to speak here Tuesday afternoon, was unable to come and Mr. Kelley appeared in his stead. The Starr Commonwealth was

founded at Albion in 1913 by Floyd Starr, with his own money, as his voluntary life work, to provide a home and training school, under Turn to page 4, please.

#### **State Studying** Drainage Plan

The State Planning commission studied a recommendation last week that Michigan and its municipalities spend \$55,000,000 in the next ten years to improve water resources and drainage basins.

Robert L. McNamee, Ann Arbor consulting engineer employed by the commission to survey the state's needs, made the recommendation in a voluminous report, which the commission accepted. Mr. McNamee is the son of R. A. McNamee of Cass City.

Mr. McNamee recommended that \$2,224,410 be spent immediately to end pollution.

## Presenting the phenomenal facts about GULFPRIDE THE WORLD'S FINEST MOTOR OIL

THE facts on this page sound hard to believe. But here is the I reason why GULFPRIDE\_and only GULFPRIDE\_can accomplish such results ...

Gulf begins with selected Pennsylvania crude, refines it to a motor oil that equals the best-then further refines it by the exclusive Alchlor process.

Only GULFPRIDE is made by this process-result of 15 years' research-the same scientific research that has made every Gulf product a leader.

Read the facts below. Then drain your dirty summer-worn oil and refill with WINTER GULFPRIDE now. At all Gulf dealers.

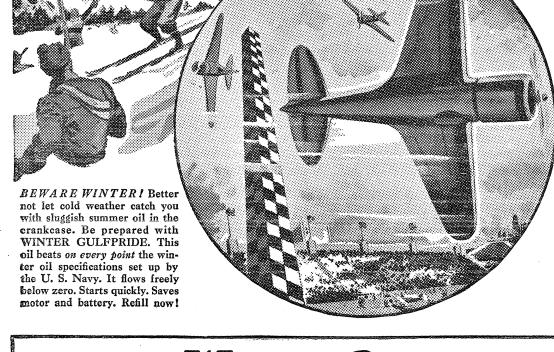

AN AMAZING TEST. Bottle No. 1 shows a mixture of 6 famous Pennsylvania motor oils. Bottle No. 2 shows them after being put through Gulf's Alchlor process. Bottle No. 3 shows the 20% waste removed from these already highly-refined oils by the Alchlor process. This process starts where others stop! That's why GULFPRIDE is the world's finest

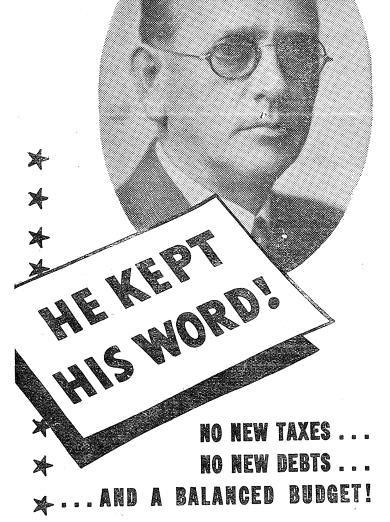

TOPS IN THE AIR-8 out of the 11 winners in last year's National Air Races used GULFPRIDE OIL, the identical oil you can buy for your car at any Gulf dealer. This "aviator's oil" will take you farther before you need to add a quart than any oil you ever used!

CANS ONLY

BE PREPARED! WINTER GULFPRIDE

Two years ago, Michigan was millions of dollars in the red. We were overburdened with taxes and debts. Fitzgerald promised us that, if elected, there would be no new taxes, no new debts-and a balanced budget. He kept his word! We have emerged, in two short years, with a state treasury showing over five million dollars balance! Think of this amazing achievement when you go to the polls on November 3rd!

When the day comes that automobile drivers realize their responsibility, we will have a reduction of accidents on our highways.

## Doesn't Sooth Cops

Pale-face dollars are the basic Dr. and Mrs. Lloyd Campbell sons of Shabbona were Sunday ingredient of the "cure" of an Indian "medicine-man" for whom Michigan State Police are search-"Green-back salve"-a cure ing. for more ills than any snake-oil Geraldine Striffler ever passed down from a medicineshow platform—is the product which caused Captain I. H. Marmon of the state police detective division to start his quest.

Several instances in which the 'medicine-man" came to the attention of state police involve trickery in connection with sickness in the family of the victim. Though Dorothy McGregory his methods vary, one circumstance is identical in every case-money was missing after the man depart-

In one case on the state police report, the "medicine-man" folded the family fortune of greenbacks into a package. The sick one was Marjorie Tyo Several weeks later, the family opened the package for money required for a bill. It contained only folded paper.

In another case, a salve was prepared and corners were required from all greenbacks in the family Raymond Reid sugar-bowl. The money was returned, supposedly, and the preparation of the salve went forward with great ceremony. Too late, it Christina Graham was found that more folded paper had replaced the family roll.

> Junior College Movement The beginning of the junior college movement reaches far back. As early as 1851 Henry Phillips Tappan recommended a differentiation between

what he designated the collegiate and the executive parts of education, terms which meant preparatory and professional education.

Deep-Sea Explorations Deep-sea explorations began about 1820 with sounding observations. The first extensive expedition was that of the British ship Challenger, 1872-76.

## to Be Fed in 1936

With indications that farmers in Michigan again will feed around 300,000 lambs this year, warning is issued by George A. Brown, head of the animal husbandry department at Michigan State College, that the underweight condition of these animals from drouth areas and the fact that fall rains have stimulated a luscious growth of grass may cause heavy death losses when lambs are turned immediate-

y into pasture. Many of the lambs are light in weight, thin in flesh and decidedly undernourished. Such lambs are sensitive to feed conditions and must be handled carefully to prevent losses. "Lambs which have just ar-

rived after a hard shipment should not be turned directly on to pasture with conditions as they are this fall," says Professor Brown. A safer place is the feedlot or barn where the lambs have access to first cutting alfalfa and some oat

Even in dry lot the salting must be done carefully. Frequently these western lambs have not had salt for several weeks or have had block or rock salt. Sprinkle a Friday, November 6, the W. C. small amount of salt on the bot-Uleta Taylor was our visitor T. U. will meet with Mrs. Edna tom of a feed rack where they are Malcolm at two o'clock. Evamount of lime or baking soda in the drinking water is a practice recommended by many successful feeders to help get sheep in shape.'

More hand feeding may be practical in Michigan this year, Brown estimates. Self feeders imply maximum use of grain and minimum use of roughage. In self feeding about twice as much grain as roughage is consumed, whereas the reverse is true in hand feeding. The arithmetic involved, according has spent the past two weeks with a ton self feeding would not seem 56 cents a bushel. For profit, even with hay at \$12.50 a ton, corn must sell at 85 cents a bushel or less if the gains on the self fed lambs are to be as economical as those gains made by hand feeding.

#### Michigan Potato Week December 1-3

I am in the market for all kinds of junk, iron, rags, radiators, batteries, copper and aluminum, and pay the best prices. See me before you sell.

A. KLINE North of Sunoco Gas Station, Cass City

GET UP NIGHTS?

MAKE THIS 25c TEST. If irritated or weak bladder causes getting up nights, frequent desire, scanty flow, burning or bachache, drink lots of boiled or distilled water. You know what hard water does to a teakettle. Also help flush out excess acids, waste and deposits, with little green Bukets, a bladder laxative. Two of the 8 time-tested ingredients are buchu leaves and juniper oil. If you are not pleased in four days, your druggist will refund your 25c. L. I. Wood & Co.—Ad-vertisement B164.

Because of ill health, I will sell the following personal property, without reserve, one mile south of Cass City, on
