OBITUARY

Charles Hawes.

Funeral services were held Monday afternoon in the Ellington Nazarene church for Chas. Hawes, 71, who died suddenly Friday, December 11. Elder Weaver officiated and burial was in the Ellington cemetery.

Charles Hawes was born November 15, 1865, in Ontario. Mr. Hawes left his home, 8 miles west and 1 mile south of Cass City, to visit a neighbor 1/2 mile away and died suddenly while there.

He is survived by his wife and three sons.

Mrs. Wilford Gillies.

Mary E. Tibbits, daughter of the late Mr. and Mrs. Arthur Tibbits, and wife of Wilford Gillies, was

born February 3, 1877, in Watertown township, Tuscola county, and died December 17, 1936, of cancer in the Morris hospital at Cass City.

Her girlhood days were spent in and around Caro. When about 20 years of age, she was converted and three years later united with the Baptist church at Ewart of which she was a member. In 1900, she was united in marriage to George Warden of Ewart, who departed this life in 1922. Ten years later she was married to Wilford Gillies of Cass City, whom she now leaves with one brother and two sisters, Ira Tibbits of Hillman, Michigan, Mrs. Delia Spencer and Josie Congdon of Wolverine, Michigan.

The funeral service will be held at the Angus McPhail home this (Friday) evening at eight o'clock and conducted by Rev. Mr. Kennedy. Interment will be made in Forest Hill cemetery at Ewart.

ACTOR

HAROLD ANDERSON

of New York City, who is visiting at the home of Mr. and Mrs. Ed Bliss near New Greenleaf, expects to make stage appearances here during his stay in this community this winter. Mr. Anderson says he has had experience as an actor in the East.

FOOTBALL PLAYERS GUESTS OF CLUB

a machine, he cited recent experiences in his science classes, when, with a loaned equipment, students were taken on trips through a Michigan salt mine and a copper mine in Montana, and witnessed the growing and harvesting of a sugar cane crop in Cuba and its manufacture into the finished product, all through the medium of motion pictures.

Following Mr. Holmberg's talk, motion pictures, with sound, depicted a professional football game between the Giants and the Bears, as well as short subjects in which forward passing, kicking, deception and penalties were screened, with a running commentary under the direction of Howard T. Jones, head coach of the University of Southern California. Teams from various colleges were used to demonstrate plays and scenes from major college games. This motion picture was especially interesting to the football players in the audience.

Coach "Bill" Kelly introduced members of the high school football squad to the club with comments on their abilities as players. "I have never coached a finer squad of boys," he said at the close of his remarks.

The high school band of sixty-five pieces, under the direction of Robert Clayton, made its appearance on the evening's program, played several selections and was enthusiastically received. The musicians played with the precision and expression which would have been a credit to an organization twice its age. When one considers that many have handled instruments only since school started this fall, the progress of the band has been most remarkable.

Christmas decorations graced the tables Tuesday night and the chicken dinner was served by the Evangelical Ladies' Aid.

The school men's group will also have charge of the next program of the Community club which comes on January 12. Musical entertainers of Chautauqua caliber will present numbers and high school students will appear in sketches on the stage.

NEW PLANS BENEFIT TO RURAL SCHOOLS

Concluded from first page.

where economy and increased efficiency would be brought about, with consent of local residents a primary condition.

While enactment of legislation conforming with any one of these recommendations would be reflected in easing the cost of education in rural areas, the other points in the Elliott program would be beneficial throughout the entire state.

Summarized, the more significant recommendations are: Removing the office of superintendent of public instruction from partisan politics by making the office appointive by an enlarged state board of education; higher salaries for all teachers, modification or repeal of the "teachers' oath of allegiance" law to avoid certain abuses, a tenure act to protect "efficient" teachers from being dismissed capriciously if such a measure can be agreed on; prevention of use of state aid funds for purposes supposed to be met by local taxation.

Woman Ends Life in Sanilac Jail

Out of a jail population of 1,201 housed in the Sanilac county prison since Sheriff Greenan took office nearly four years ago, the first death occurred Sunday.

The body of Mrs. Anna Hochscheidt, 78, Marion township mental patient, was found hanging by a stocking from the bars of her cell by the sheriff about four o'clock Sunday afternoon. She had been removed from the Sandusky hospital only a few hours before where she had been under treatment for a week. Hospital attendants reported the patient had become violent and attacked a nurse.

Cheer Up Men, Simple Fare Is Rated Highest

Found, a professor of foods who asserts that the art of cooking and the art of dining are exempt from the caprices of fashion.

She is Miss Beatrice Grant at Michigan State College, assistant professor of foods in the home economics division. And her logic will please families whose households are sometimes treated to such departures from the best liked foods that these innovations fail to draw any praise.

Especially at holiday time, says Miss Grant, there are certain family traditions about foods that must be upheld if the family is to feel entirely satisfied with the menu for the feast. If it's turkey, cranberry sauce and plum pudding are expected and something else may prove disappointing.

As an example she points to the woman who dared to surprise the family at New Year's dinner with a small whole roast pig to replace the anticipated roast goose. And the cook couldn't figure out the amazement and disappointment. The family had looked forward to carving the unfortunate goose but were almost moved to tears of pity for the little pig with the red apple in its mouth.

Most pleasing ways of preparing and serving food usually are the simplest. These are the methods, Miss Grant concludes that result in food looking like food. And many agree with Oliver Cromwell's "clerk of the kitchen" for observing that the perfect cook is single minded and disguises nothing.

Sand Valley School.

Lucile Anthes, teacher. Reporter, Agnes Windy. We are thanking the school board very much for the new furnace they bought us. We are getting ready a Christmas program which will be December 23 at eight o'clock. We have started to decorate our rooms. For window decorations we have candles. The primer grades have started the primer books. They are coming along nicely. We have our bulletin board decorated with boys and girls sliding down hill. The seventh graders are studying the Revolutionary war for history. For English, we are studying our pieces for the program. The little folks wrote letters to Santa Claus. The eighth graders are studying the Constitution of the United States for history. The girls in the 4-H club are starting to sew on their towels. Cedar Run School. Reporter, Frances Chaffee. Teacher, Mrs. Marion Gray. Eighth grade have started work in their arithmetic workbooks. We have sold nearly \$4.00 worth of Christmas seals. The boys built the stage Friday while the girls washed windows. The 4-H club girls varnished their sewing machine Thursday and Friday. We have had many Christmas pictures made and colored by the lower grades. We received a loan collection of children's books from Ann Arbor which we are all enjoying very much. Our teacher is reading a book called "Lin Foo and Lin Ching" for morning exercises. Our Christmas program is to be Tuesday evening, Dec. 22. Everyone welcome. The sixth grade have started reading books for book reports. Wright School. Teacher, Miss Fournier. Reporter, John Voss. We have the school house decorated and have the stage and curtains put up. Don't forget that you are welcome to our Christmas

program which will be held on Wednesday night, Dec. 23. The sixth grade boys have made a fireplace and Eleanor Voss decorated it. We are constructing pioneer houses on our sand table. We made a covered wagon also. We are practicing a school band for our Christmas program and everybody has an instrument to play. Lawrence Holik is the leader. Mrs. Law and Mrs. Buehrly visited school Wednesday, Dec. 9. Mrs. Law brought a box of good home-made candy and Mrs. Buehrly brought a big sack of peanuts and I'm sure we all enjoyed it very much. Our school has sold 425 Christmas seals but there are only ten children in our school. We aim to sell all of our 600. Those who received one hundred in spelling were John Voss, Eleanor Voss, Leon Holik, Elmer Celik, Olga Holik, Janet Partridge and Carlton Buehrly. Our stockings are getting filled. Our season's wishes — Merry Christmas to everyone! Williamson School. Teacher, Meadie Karr. Reporter, Calvin Williams. Old Santa Doesn't Like to Land in a Big Pile of Ashes! THAT'S WHY HE RECOMMENDS

Carbon Splint Coal

Old Santa brings a lot of joy to the world each Christmas. And he gets a lot of joy out of Christmas himself. But in all fairness to the old fellow who has countless chimneys to descend, do you think it right that he must land in a big pile of ashes each visit he makes? Of course not! Then make his visit at your place a more "clean" one by using CARBON SPLINT coal. This coal is the answer to Santa's prayer because it has far less ashes to the ton than other coals. And what it lacks in ASHES it makes up in HEAT. Give Santa a CLEAN break this Christmas.

FORD advances into 1937 with the LOWEST PRICE IN YEARS and new operating economy

THE ADDITION of a new 60-horsepower engine to the Ford line for 1937 brings you a new, low price and gives you a choice of two V-type 8-cylinder engines. 85 horsepower for maximum performance. 60 horsepower for maximum economy. The 60-horsepower V-8 engine was originally developed for use in England and France, where fuel costs are high. It has been proven there for two years with brilliant success. Now, brought to America, it creates an entirely new standard of modern motoring economy! The "60" engine, available in five body types, is built in exactly the same body size and wheelbase — to the same advanced design — with the same comfort and convenience as the "85." And it delivers V-8 smoothness at speeds up to 70 miles an hour. Two engine sizes—but only one car and one purpose—to give you more miles and more satisfaction for your money in 1937.
