## Cass City-Detroit Cement Road Opens to Traffic Saturday

### Orders Placed for Three Busses for Local School

Will Be Used in the Transportation of Rural Pupils to Cass City.

J. A. Sandham, C. U. Brown and F. E. Hutchinson named by their colleagues on the board of education as a committee to purchase school busses for the Cass City School met Tuesday evening and decided to invest in three vehicles of that type. They will be equipped with a Union City type body carrying 48 passengers each and will have heaters, windshield wipers, flashers and other equipment which will include every precaution for safety and items of comfort for the students to be transported. The cost is \$1,820.80, which with the safety and comfort devices added will bring the purchase price to \$1,997.00 each.

Orders were placed through three local firms: The G. A. Tindale Ford Motor Sales, the Buleen Chevrolet Sales, and the Cass Motor Sales.

A new route to be known as High School Route No. 2 has been established within the past ten days to transport high school students from Grant and Sheridan Townships to the school here. The tentative route is as follows:

Starting at the David Murphy farm, two miles east and five miles north of Cass City, thence west one mile, north one mile, east two miles, north three miles, east one mile to M-53, south four miles on M-53 to Ballaugh's corner, east one mile to the Sweeney School, south three miles, west two miles, south two miles to M-81, west three miles to Cass City.

Anyone interested in the above route who desires further information may secure it by calling either Supt. J. I. Niergarth or Principal Willis Campbell.

### OFFICERS SEARCHING FOR BURGLARIOUS OFFENDERS

Thieves broke into the general store of C. E. Morton at Akron Tuesday morning and made away with \$100 worth of merchandise and \$15 in cash. Entrance was gained by breaking a rear window. Sheriff's officers are searching for the burglars.

### Wigwam at Caro Burned to Ground Wednesday Morning

The Wigwam, night club and beer garden, situated on the grounds of the Caro Golf Club, on M-81, a half mile northeast of Caro, burned to the ground early Wednesday morning. The fire was discovered shortly before two o'clock. The loss is estimated between \$10,000 and \$12,000, partially covered by insurance. Floyd Clark is the owner.

The building closed at 1:00 a. m. Wednesday. The origin of the fire is undetermined.

Being outside the village limits of Caro, the village fire department, as they answered the call, had no water to fight the fire, and chemical equipment at hand was inadequate to cope with so large a fire.

### How's the Water This Morning? B-r-r-r, Not Bad, Say the Happy Dozen Polar Bears

There are three general divisions of bathers when temperature of water is discussed. No. 1 group consists of those individuals who gingerly use a foot as a thermometer. Sometimes they continue cautiously into the water and duck from any splashing, and sometimes they indefinitely postpone their planned bathing if the water is a bit chilly. The second group is illustrated in the man who bravely steps into the water and wades to deeper water with that pitiful smile on his face which says, "If you can stand this freezing water, I guess I can." The third group consists of hardy individuals who flop into the water with that "devil may care" attitude and seem to enjoy a dip whether the water be 40 or 70 degrees.

Though the last group is the least represented of the three, there are a dozen staunch supporters in the Polar Bear Club of Cass City

### Auto Weight Tax Allocation to Thumb

State Highway Commissioner Murray D. Van Wagoner has announced the allocation of \$4,738,914 in second quarter automobile weight tax collections to counties.

That was the collection figure announced by the secretary of state. It represents an increase of \$212,000 over collections for the second quarter of 1938. Collections for the first six months of this year amounted to \$15,751,498 or \$1,001,623 more than last year's first two quarters.

The allocations, made under a statutory formula, distributes the following amounts to the Thumb of Michigan:

Huron County, \$46,366.59.  
Sanilac County, \$45,112.08.  
Tuscola County, \$50,422.08.

### New Firm Buys the Chamberlain Bldg.

Three Local Men Are Partners in Ideal Plumbing and Heating Co.

David Matthews, Leonard Urquhart and Donald MacLachlan are members of a new firm, known as the Ideal Plumbing and Heating Company, that have purchased the brick building on West Main Street from the Mary Chamberlain Estate and will set up business headquarters there the latter part of next week. The building will be repaired and altered to suit the requirements of the new firm.

The front part of the store will be used for an office and showroom and a workshop will be situated in the rear. A stock of plumbing and heating fixtures and appliances will be placed by the new firm.

### Ashmore Man Is Stabbed in Back in Fight Tuesday Night

Arraigned in the court of Justice Frank St. Mary in Caro Wednesday, Richard Rodriguez, 19, pleaded guilty to stabbing Frank Perez, 27, in a brawl at a Mexican beet weeder's home, a mile south and a mile east of Ashmore, on Tuesday night. Rodriguez was charged by officers with assault with a dangerous weapon without intent to do great bodily harm.

Perez is in the Unionville Hospital with three knife wounds in his back. The wounds were about an inch deep and one is believed to have penetrated Perez's lungs as he is spitting blood.

The two men were roomers in the beet weeder's home where the fight took place.

After the knifing, Rodriguez dashed from the house, but was captured after a mile chase by Deputy Sheriff Orville Wilson.

### MISS TITSWORTH RESIGNS.

Miss Elsie Titsworth, home economics instructor in the Cass City High School, has tendered her resignation. In notifying J. I. Niergarth, superintendent, on Tuesday of her decision, Miss Titsworth stated that she did not expect to teach during the coming year.

### Pigeon Rotarians to Stage Unique Party

Furnish Equipment for a Fishing Party at Inter-City Meeting Thursday.

Cass City Rotarians and clubs from Sebawaing, Bad Axe and Harbor Beach have been invited to attend an inter-city meeting at Crescent Beach with the Pigeon Rotarians as hosts next Thursday. It will be a fishing party in the afternoon and a dinner in the evening. The Pigeonites will furnish the boats, fishing tackle and worms for visiting Rotarians at the fishing party but nothing was said in the invitation who would "thread" the hooks. With all other preliminaries arranged, the visitors should find time to arrange to do that. Seventeen of the local club have signified their intention to attend. The Cass City club will meet at the usual time here next Tuesday.

H. R. Hancock of Bay City gave the address at the Rotary Club luncheon here Tuesday and showed moving pictures of Camp Iroquois at McIvor, Michigan, operated by the Bay City Y. M. C. A., where the Bay City Rotary Club made fifty crippled children of Bay County happy for a two-week period last summer. Mr. Hancock said that the social adjustments made by members of this group was an important and wholesome factor in the outing.

Willis Campbell, chairman of the crippled children's committee of the local club, announced the appointment of Dr. T. H. Donahue and G. A. Tindale as members of the committee. Robert Keppen, chairman of the tennis project group, added E. B. Schwaderer, E. L. Schwaderer and Andrew Barnes to his committee. Arthur Little, chairman of the federal building project committee, announced the appointment of M. B. Auten, A. C. Atwell, W. L. Mann and Frank Reid to serve with him in that group.

### Pickle Field Man Is Pensioned After 37 Years of Service

William Penfold of Wilmot, for over 23 years a district field manager of Libby, McNeill & Libby pickle stations in this section of the Thumb of Michigan, will be retired from that position with pension on August 1. Previous to holding that position, he was employed for 14 years by the Williams Bros. Co., who sold their interests here to Libby, McNeill & Libby 23 years ago.

"May I take this opportunity of offering my congratulations upon the completion of this long period of service to the company," writes S. A. Holman, vice president of Libby, McNeill & Libby, to Mr. Penfold, "and of expressing my appreciation of the loyalty, efficiency and wholeheartedness with which this service was rendered."

### Scholarship Loan Fund of Sanilac Women's Clubs

Mrs. Joseph Dawe, president of Sanilac County Federation of Women's Club, announces that \$200.00 which was in the music fund of the federation is being converted into a loan fund for helping students who are in need of funds to complete their school work. The committee in charge of selection of worthy candidates is Mrs. A. R. Schlichter, Marlette; Mrs. W. B. Wagner, Deckerville; Mrs. Leslie Randall, Peck; Mrs. Raymond Cannon, Brown City; and Mrs. John R. Francis, Sandusky. Applications for any part of this amount may be made to any member of the committee. Basis of selection will be scholarship, character, health, and need. The money will be loaned without interest until the date the student starts to earn.

### Complete Selection of Men's Suits.

New patterned fabrics in men's and young men's suits, all sizes, \$15.00 to \$22.50. Single and double-breasted styles. Prieskorn's.—Adv.

### Office Closed Thursday Afternoons.

Dr. P. A. Schenck's dental office will be closed on Thursday afternoons during the summer months. Advertisement.

### HAS LONG LIST OF LIVING FOREBEARS

Little Miss Nancy Franklin, aged 4 years, daughter of Mr. and Mrs. Beryl Franklin, of Coldwater is pretty well supplied with living ancestors.

She has six grandparents—Mr. and Mrs. Fred McCaslin of Rochester, Mr. and Mrs. Ray Colwell of Saginaw and Mr. and Mrs. Floyd Franklin of Pontiac; four great-grandparents—Mr. and Mrs. Richard Hartwick of Cass City and Mr. and Mrs. George Spencer of Deford; and two great-great-grandparents, Mr. and Mrs. Thomas Colwell of Cass City.

### Elmwood Farmer Took His Life with Shotgun on Monday

William O'Dell, 58, well known Elmwood Township farmer, met instant death when he shot himself in the right temple about 3:30 p. m. on Monday. The charge blew off the top of the skull. Coroner H. T. Donahue pronounced it a case of suicide and decided that no inquest was necessary.

After securing his shotgun, according to the statement of officers, Mr. O'Dell went from his house to a woodpile about 50 feet back of the residence, placed the gun against his head and shot himself. Mrs. O'Dell was in the garden about 100 feet away from her husband and glanced up and saw him just as he was ready to pull the trigger.

William E. O'Dell, son of Reader O'Dell, was born at Reese October 19, 1880.

Funeral services were held at the family residence on Wednesday afternoon at two o'clock, conducted by Rev. Willis Weaver, pastor of the Ellington Nazarene Church. Entombment was made in the Ellington Cemetery.

Surviving are the widow, Catherine; four children, Eva, Nolan, Shirley and Robert, all of Elmwood Township; three brothers, Warren, Jesse and Melvin O'Dell, all of Cass City; and a sister, Mrs. Laura Sharpe, of Ferndale.

### VISIT OLD HOME IN PITTSFIELD, MASSACHUSETTS

After delivering the mail on Rural Route No. 3 from Cass City on Tuesday morning, Letter Carrier B. A. Elliott accompanied by his mother, Mrs. D. C. Elliott, left for Pittsfield, Massachusetts, their former home, for a brief visit. With them were the Misses Elsie and Elliott. The party planned to see Niagara Falls on the trip East and to visit Bellows Falls, Vermont, during their week's journey.

### McLean Clan Held Reunion in Sarnia

On Saturday, July 15, Mr. and Mrs. Claud Karr and family, J. H. McIntyre, A. C. and Leonard McLean and Mrs. Clara Vaden and daughter, Blanch, motored to Sarnia, Ontario, where they met their clansmen at Canator Park, for their 13th annual family reunion.

One of the pleasurable events of the trip was crossing the beautiful Blue Water Bridge and the group paused for a few moments on the crest to enjoy the panorama spread before them of boats moving lazily down the river and the silvery lanes of the streets of Port Huron seen in the distance. They could not help but feel a glow of pride at a loan fund for helping students who are in need of funds to complete their school work. The committee in charge of selection of worthy candidates is Mrs. A. R. Schlichter, Marlette; Mrs. W. B. Wagner, Deckerville; Mrs. Leslie Randall, Peck; Mrs. Raymond Cannon, Brown City; and Mrs. John R. Francis, Sandusky. Applications for any part of this amount may be made to any member of the committee. Basis of selection will be scholarship, character, health, and need. The money will be loaned without interest until the date the student starts to earn.

Upon arriving at the park, greetings were exchanged with clansmen, the oldest member, Dan Campbell, being 87 years old, and the youngest lassie, Barbara Ann Wolfe, aged three months. Shortly after about 50 members sat down to a bountiful chicken dinner, all members sampling the huge bowl of sugared black raspberries which were gathered from Grandfather McLean's farm located on the banks of the Au Sable River. The president, James McLean, of Parkville, turned to page 5, please.

### Village Taxes.

Village taxes may be paid on Tuesdays and Fridays of each week at the Bigelow Hardware. A. N. Bigelow, Treasurer.—Adv. 3t.

### Final Clearance of White Shoes!

The season's last chance to buy the white shoes you've wanted at 20% off. Every pair is this year's latest style. Prieskorn's.—Adv.

### Judging Teams for Tuscola Chosen

Seven 4-H Club Members to Attend State Eliminations August 18 and 19

As a result of the -H Livestock Tour on Monday, July 10, the following 4-H livestock judging team for Tuscola County has been chosen. This team will attend the state eliminations at Michigan State College, East Lansing, on August 18 and 19. They are as follows: Leslie Peasley, Deford; Alfred Goodall, Cass City; Don Koepfgen, Cass City; Wayne Harrington, Akron.

Alternates are Paul Vollmar, Caro; Bob Robinson, Caro.

Members of the Tuscola County poultry judging team who will also attend the state eliminations are: Viola Burns, George Burns and Alfred Burns, all of Millington.

### Heavy Demand for Birth Certificates in Tuscola Co.

Manufacturers and other employers of mechanics and laborers requiring proofs of birth or citizenship certificates from their employees have caused considerable work to be added to the duties of county clerks. Clare W. Horning, clerk of Tuscola County, recently had nine applications in one day for birth records in his office. As 50% of the births in the early history of the county are not on record many searches for the desired information were made in recent years without results.

The preparation of naturalization papers and the instruction of applicants for citizenship papers have been the bugbear of many a county clerk in the state because of the confusing regulations. After his election, Mr. Horning determined to have this information at his fingertips and he spent several days in intensive study of the subject so that on assuming his new office, he was well versed on the requirements of the regulations and could give the necessary information to applicants. All candidates for citizenship in Tuscola in late years have not been successful at first examination of course, but that has been because of their failure to meet certain requirements and not to the lack of knowledge imparted to them by the county clerk or the preparation of papers by that official.

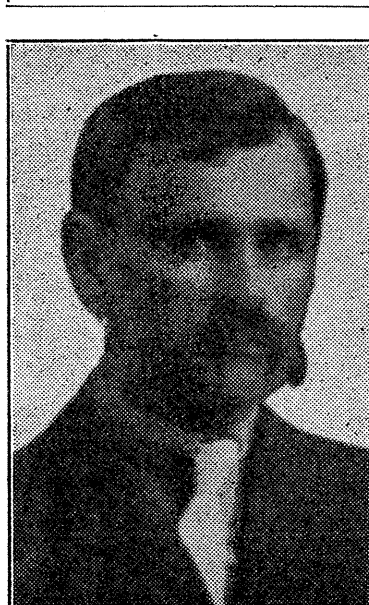

### Guess This One? Taken When We Were Young

Few registered guesses on last week's picture, but all those who ventured were correct in their opinions. Correct estimators included Arthur Little, B. A. Elliott, Mr. and Mrs. F. E. Hutchinson and Mrs. Thomas Colwell.

Dr. R. N. Holsapple has had his halftone picture in the newspapers of the state more often than the average citizen, but the one in this column last week was undoubtedly the first appearance of that particular pose to appear in print.

We should have a long list of opinions on the halftone of the well known resident pictured above.

### Vacation School Will Close Sunday

Vacation school at St. Pancratius closes Sunday, July 23, making this the fifth successive summer school. At the High Mass celebrated at 8:00 a. m., Rev. E. Werm, Ph. D., thirty children will receive their first Holy Communion. The ladies of the parish will serve breakfast to all the children. As a closing feature of the vacation school, a gay picnic was prepared by the Reverend Sisters on Thursday, July 20. Many interesting games were played and suitable prizes distributed, after which the indispensable ice cream and cake were served.

The Sisters' four-week stay was made pleasant by the hospitality of their charming hostess, Miss Sarah McDonald. The nuns will leave Cass City for Detroit Sunday afternoon.

### Mrs. John McLarty Was 81 Saturday

Two Sisters from California Help Celebrate the Anniversary Saturday.

July 15 for Mrs. John McLarty was a day of celebration. In the first place, it was the eighty-first anniversary of her birth. Secondly, it was a reunion for three sisters. Mrs. McLarty had not seen her sister, Janet Dickson Phillips for thirty-three years and her sister, Edith Dickson Elliot, for fourteen years. The sisters reside in Sacramento and Gilroy, California. Other guests at the home of Mrs. Zora Day, Mrs. McLarty's daughter, were Miss Janet Elliot of Sacramento, Mrs. Mabel Wood of Flint, and Mr. and Mrs. George Alderton and son of Lansing.

On the afternoon of her birthday, Mrs. McLarty entertained Mrs. John Marshall, Mrs. Alice Nettleton and Mrs. Joseph Dodge, who came to see the California visitors and talk of old times and schooldays.

After the house party over July 15, the Flint, Lansing and California guests with Mrs. Zora Day started in two cars for a trip through Northern Michigan. They expected to visit John Day, who is working this summer at Mackinac Island, and Mae Beebeherer at Mackinac Island.

### Hulburt Reunion Held Sunday

The 28th annual Hulburt reunion was held July 16 at the home of Mr. and Mrs. Charles Lamphier at Goodison, Michigan, with 65 members and two guests in attendance.

The oldest member present was Mrs. Mary Hulburt, 80 years, of Goodison, and the youngest, Sally Ann Haupt, 10-months-old daughter of Mr. and Mrs. H. Haupt, of Royal Oak. Six new members were added to the records, one by marriage and five by birth. One death was recorded, Henry Hulburt, of Cass City.

The guests of honor were Mrs. Mary Hulburt, Goodison, 80 years; Mrs. Carrie Butterfield, Detroit, and Cassius Hulburt, Columbiaville, twins, 73 years of age.

Dinner was served and a program held in the Oak Township Hall. The highlight of the program was a radio number by St.—Turn to page 5, please.

### Youthful Painter of Millington Cows Wondered if Turpentine Would Burn; It Did

Three Millington boys broke into a building of the Millington Lumber Company, in that village, Sunday afternoon and carried away eight or ten small cans of paint, went into a pasture near the town and applied the colors to several cows. After completing their animal adornments, they returned to the lumber yard and secured two cans of turpentine with which to wash their hands. This job completed, the master mind lighted a match to see if the turpentine would burn. It did, and had the flames not been noticed by some adults at once, there would probably have been a big fire in Millington that afternoon. Fire fighters, with chemicals, soon extinguished the blaze.

The ring leader, a lad of 14 and the oldest of the trio, is in the juvenile detention quarters in the basement of the courthouse at the county seat and studying the designs on the walls as he awaits the

### Workmen Poured Last Yard of Concrete July 15

Seven Miles Improved Past Year Closes Gap on M-53 to State Metropolis.

When the paving crew of E. B. Schwaderer, Cass City contractor, poured and smoothed the last square yard of cement at the intersection of M-53 and M-81, four miles east of Cass City, on Saturday, there was completed a hard-surfaced highway from Cass City to Detroit. Of this stretch of nearly 100 miles of roadway, on M-53, Mr. Schwaderer was the contractor who laid 21 miles of cement highway, seven of which were graded and hard-surfaced within the past year. This will be opened for traffic tomorrow (Saturday).

There remain nine miles of unpaved road on M-53. Five of these, north of M-81, in Sanilac County, will be let by the state highway department within the coming year, and it is probable that the remaining four miles in Huron County will be constructed by 1941, thus completing a stretch of hard-surfaced road from Port Austin, the tip of the Thumb of Michigan, to Detroit, the state metropolis, a distance of approximately 130 miles.

This highway which was officially named Earle Memorial Highway last April was the dream of Horatio S. Earle, Michigan's first state highway commissioner, who held that office from 1905 to 1909. Mr. Earle, who passed away in recent years, lived to see two of his ambitions fulfilled. One was to provide Michigan with good roads and the other was to see the state become the summer resort of the nation. He started his campaign for better roads at a time when the people of the state didn't believe it was possible to have a state-wide system of good roads in Michigan and lived to see the fruits of his labors.

A monument was erected in honor of Mr. Earle at the westerly end of the first mile of state reward gravel road to be built in Michigan. Turn to page 4, please.

### Authorize Purchase of Movie Equipment for School Here

At a meeting of the board of education on Wednesday evening, Supt. J. I. Niergarth was authorized to purchase a 16-m. m. sound moving picture projector to be used in the Cass City School for educational and entertainment purposes. One hundred dollars was appropriated for books for the high school library and \$150 for supplementary readers for the grades. Money was voted to purchase band instruments and also for a sidewalk on the east side of the school building which will be used in loading and unloading school busses.

The matter of insurance on busses and bus drivers was deferred until the August meeting of the board.

Officers of the board of education were elected to succeed themselves in office Wednesday. J. A. Sandham is president; F. E. Hutchinson, secretary; and M. B. Auten, treasurer.

### DR. FRITZ TO VISIT OLD HOME IN BENTON, PA.

One score and fifteen years ago Dr. I. A. Fritz visited his home town, Benton, Pa. Since then he has had to keep alive friendships merely by memory and correspondence. This Friday, with his daughter, Miss Mildred Fritz, of Detroit, he is starting for Pennsylvania to see friends and relatives again. Enroute they will visit Mr. and Mrs. Roy N. Hill (Lola Fritz) in Salem, Ohio, and relatives in Washington, Pa., Lambertsville, New Jersey, and other places. Dr. Fritz expects to return to Cass City about August 6.

RACES IN CONFLICT.

If the world is again plunged into the fiery furnace of war, perhaps the most fundamental cause of that awful disaster will be the inability of the races of men planted together in Europe, to live in peace and reason.

In America our folks of different origin exchange the most friendly greetings, and walk down the street together in amicable converse. They meet to a large extent in the same clubs and business and community societies, and often in the same churches. Their children go to the same schools.

In Europe it is far different. That continent trembled on the verge of war last year, because some Germans in Czechoslovakia thought they could not be happy if intermingled with Czech neighbors. The German government used these antipathies to break up one of the most advanced countries on the globe.

This tragic blunder may be repeated any day in the case of Danzig. Here is a former German city dropped down like an island in Polish territory, and those Germans demand the chance to come back to Germany, regardless how such action will choke off Poland from its access to the sea.

It does seem as if human beings show little sense when they attach such weight to the accident of racial birth. There are good folks in all races and some not so good in all. Good folks of different races have far more to bind them together than good and bad folks in the same race.

TWO YEARS OF WAR.

The Japanese people have now been fighting for two years in their effort to subdue China. They claim to have conquered a good part of the country. Yet numerous bands of guerrillas roam about the allegedly conquered territory, and do terrific damage.

The peaceful looking Chinese farmers who in the daytime are merely tilling the soil, may turn to raiding soldiers at night, while railroads and roads are blown up and scattered Japanese are captured.

WHEN CHILDREN FAIL.

Many prison inmates are said to be children who failed in school. The warden of Alcatraz Prison in San Francisco Bay told the National Education Association a few days ago that every child of school age should be given frequent examination as to his ability, and that if more effort and money were spent in making citizens, less would be spent in remaking them.

If means could be found to help all the children who fail in school, and assist them to learn, the crime problem might be more than half solved.

Some children have deficient mentalities. Some of their pathetic youngsters will never be able to learn very well. Many children are slow mentally, but they stick to it, and finally come out well. Some of the finest citizens were originally of that type.

The school teachers of our country are a wonderful body of people, who do their best to start the children right. If twice as many pupils are put into a room as a teacher can handle, she has little time to help the lame ones over the rough places.

The larger cities are apt to employ trained psychologists in the schools, who carefully investigate cases where children are falling behind, and are usually able to suggest means by which they can be helped to get on their feet. This

may call for special classes and instruction. These measures may cause extra expense, which the smaller communities feel to be beyond their means. It pays to spend money, if you can thereby save a problem child.

KNOWING THE LANGUAGE.

The Birmingham-Southern College is going to withhold diplomas from students whose written work or classroom speech shows marked defects. If this test was applied in all colleges, a lot of students would have to pull the little old grammar out of the wastebasket into which they seemingly threw it.

The American people are tolerant about grammatical mistakes, but an ignorant sounding letter is a handicap in getting a job or passing in social life. The modern students do not have to put on dunce caps as was required in the old time school, but the educated world snickers when some of them talk or write.

The whole world was shocked recently at the loss of three submarines, American, English and French. Everybody spoke about the terrible loss of life and expressed sympathy for the wives and families of the men who died under water. Hundreds of thousands of dollars will be spent to bring those submarines to the surface, if it is at all possible, and to determine the cause of these terrible accidents.

While we are discussing these submarine fatalities, have you and I thought about the daily traffic toll? Ten times more persons were killed by automobiles on our highways during the days we were discussing these submarine accidents than died in the submarines. These families deserve sympathy, too.

You and I can help to eliminate these accidents by driving carefully and by supporting the many safety campaigns sponsored by organizations. It's smart to drive carefully.

CEDAR RUN.

Miss Gertrude Striffler and brother, Leonard, of Cass City were callers at the William Burse home Sunday.

Miss Dorothy Hendrick and Miss Phyllis Beardsley are visiting Mr. and Mrs. Wayne Evans in Pontiac for a week.

Mrs. Charles Beardsley and son, Merrill, were at Oxford Sunday. Miss Madelyn Wilson and Miss Natalie Beardsley are spending their vacation this week camping at Caseville.

Mr. and Mrs. George Schuck of Sebawaing, who have spent the week with their daughter, Mrs. William Feagan, returned to their home Sunday.

Mrs. Roland Wilson and Naomi Grace visited Friday with her parents, Mr. and Mrs. Bert Southworth.

Mr. and Mrs. Lawrence Wilson and son and Mr. and Mrs. John McLain enjoyed the lake shore drive Sunday.

Mr. and Mrs. Harold Tuckey, Mr. and Mrs. Stanley Walters, Mary, John and Paul Geoti, Kenneth and Keith Russell, Ray and Arlan Brown, Harlan Lounsbury and Lee Wilson enjoyed a weenie roast at Caseville Sunday.

Bill Bearss, Madelyn Wilson, Natalie Bearss and Doris Wilson spent Sunday at Caseville.

Arlene Reed of Cass City is working at the William Feagan home.

Northwest Elmwood

The car which Miss Marion LaFave was driving Sunday night crashed into the rear of a truck that had stopped for a light in Kilmanagh. The front end of her automobile was smashed in. Other occupants in the car were Misses Helen, Genevieve and Elaine LaFave, daughters of Mr. and Mrs. Henry LaFave, of Gagetown. Miss Elaine LaFave was thought at first to have a broken leg but it was revealed later to be just a bad bruise.

The Huron-Tuscola County baseball league ended their first half of a split season with three teams finishing in a tie for the top position. They are Unionville, Harbor Beach and Akron. Games in which these teams were rained out will have to be played to determine the winner.

Stanley and Milton Mellendorf, Earl Parker and Lloyd Teller of Grant Township, Lawrence Helwig of Elkland Township and William Grappan of Gagetown attended the Detroit-New York game in Detroit Saturday.

Mr. and Mrs. William Grappan and daughter, Jean, and Mrs. Joseph Grappan spent Tuesday and Wednesday in Toledo, Ohio, and Detroit. Betty Fern of Toledo returned home with them.

Mr. and Mrs. Dell Hutchinson spent Sunday in Flint with Mr. and Mrs. Floyd Hutchinson. Roy LaFave has sold his herd of cattle to Math Leinweber.

Michigan Mirror A Non-Partisan State News Letter By GENE ALLEMAN Michigan Press Association

Lansing—Michigan owes most of its alluring appeal as an ideal vacation-land to the simple geographical fact that it forms a peninsula.

Translated into less pedagogic language, Michigan is, verily, the "Lake State."

When J. Lee Barrett, of Detroit, manager of the Southeastern Michigan Tourist Association, proposed that Michigan be known officially as the "Lake State" and that automobile license plates carry this advertising slogan, he probably felt that the word "peninsula" was too coldly scientific, being the cause rather than the effect, whereas the word "lake" conjured immediately a happy mental picture of outdoor enjoyment.

The dictionary defines a peninsula: "A piece of land almost surrounded by water and connected with the mainland by a neck called an isthmus." Without getting sidetracked into an embarrassing discussion about what counties constitute the "neck," consider for a moment the following facts. Most of them, we venture to say, are unknown to the average native who looks at Michigan with complacent indifference just because it has become commonplace to him.

Leads in Shore Line

Michigan has more shore line than any other state in the Union. Four of the Great Lakes—Superior, Michigan, Huron and Erie—create the two peninsulas. There are 492 miles of frontage on Lake Superior, the largest body of fresh water in the world. Along Lake Michigan the coast line extends 855 miles with harbors and inlets adding another 90 miles. Lake Huron borders the state from Mackinaw City to Port Huron, a distance of 455 miles, and there is another 107 miles of shore line from St. Ignace to Detour. The Lake Erie shore line totals only 47 miles.

In addition to these waters of the Great Lakes, the St. Mary's River, connecting Lake Superior and Lake Huron, is 89 miles long; the St. Clair River and Lake St. Clair have a Michigan shore line of 85 miles, and the Detroit River between Lake St. Clair and Lake Erie stretches for 33 miles.

4,187 Named Lakes

And this is just the beginning, as the Showboat captain would say. Michigan has 4,187 named inland lakes, ranging in size from Houghton Lake with 18,950 acres and Torch Lake with 18,000 acres down

to lakes of ten acres or less. Nine lakes are larger than 10,000 acres; ten lakes have areas from 5,000 to 10,000 acres.

And then, in the wilderness areas of the north, are an estimated 1,000 addition unnamed lakes. The shore line along the Great Lakes, together with the thousands of inland lakes, have made possible an outstanding system of state parks. How many? Guess again, for the total is 57 exclusive of approximately two million acres of state forest lands which have been made available to the public for camping. In an average year the state parks are visited by 9,000,000 people from all sections of the United States as well as Canada and Mexico.

Michigan's white fleet at the Straits of Mackinac may be commonplace to you, but it is a source of great interest to tourists.

The ferry service between the two peninsulas is the only one of its kind maintained by a state highway department. Five state-owned and one leased vessel are now operated at the Straits during the summer tourist season. In 1937 the state purchased a car-ferry of the Ann Arbor railroad and renamed it the "City of Cheboygan." Last year a Pere Marquette car-ferry was purchased, modernized and named the "City of Munising."

Automobile traffic has grown from 10,000 vehicles in 1923 when the state went into the ferry business to about 275,000 annually at this time. Commissioner Murray D. Van Wagoner has stated that the saturation point has been reached in the number of boats that can be handled efficiently between present terminal docks.

Tonnage at Lake Ports

Because the lakes are open to traffic from March until late November and sometimes to mid-December, the port cities of Michigan unload supplies for the inland industrial centers and then load shipments of the finished products throughout most of the year.

The total value in 1938 of tonnage in Western Michigan harbors was close to a half billion dollars. Frankfort, car-ferry terminal of the Wabash-Ann-Arbor railroad, led with \$182,882,000. Muskegon, terminal for the Grand Trunk-Pennsylvania railroads, was next with \$112,806,000. South Haven was the only port city to show a gain last year. Much of this was due to shipment of foreign and Canadian wood pulp for paper mills located at Kalamazoo.

At Detroit the heavy lake traffic prompted in 1936 the establishment of a marine post-office, the O. F. Mook, which is operated on three eight-hour shifts and meets all ships passing up and down the Detroit River to receive and distribute mail.

Approximately 175 freight vessels ply the waters of the Great Lakes. Of these the Pittsburgh Steamship Company operates a fleet of 79 ships in transport of ore, coal, and oil.

Leads in Fish

Being two peninsulas which are served by four of the Great Lakes, it is only natural that Michigan should lead all lake states in production of fish.

Michigan ranked first in 1938 with a catch of 28,984,000 pounds. Ohio was second, followed by Wisconsin, New York, Pennsylvania, Indiana, Illinois and Minnesota.

At one time the whitefish harvest stood at the top in terms of dollars. Today it has fallen far below the lake trout which, last year, had a dollar yield of \$1,521,000.

Commercial fishing once was a stable industry. Fishermen could not agree among themselves as to the need of conserving the natural fish supply. States did not intervene until in recent years. As the Marquette Mining Journal pointed out recently, "Fishermen, as a group, have not harvested their crop wisely. They have taken more fish than the lakes could stand and have used ruinous methods."

Commercial fishermen dispute the charge of depletion of fish life. They quote the U. S. Bureau of Fisheries that annual catches in the Great Lakes have varied but little during the past 25 years. The 1932-1936 catch in Lake Superior, in fact, was 31 per cent above the average for the past 25 years.

Michigan's fishing industry, being a leader among those in the lake states, now takes an interest in conservation measures. Fishermen at Frankfort, for example, recently proposed lengthening of the closed seasons for whitefish and trout.

Official Motto

Michigan's upper peninsula has been pronounced by experts to possess soil and climate ideal for the culture of choice potatoes.

Robert Pelletier, manager for the Upper Michigan Potato Farms, Ltd., ranch near Chassell, startled natives recently by declaring that there is actually more land in Michigan's upper peninsula ideally suited to potato growing than there is in the entire state of Maine.

Pelletier, a former Maine potato farmer, states that his firm eventually will have 10,000 acres under annual cultivation. Much of it today is idle cut-over land along the shores of Lake Superior.

Surprisingly enough also is the recent discovery that Upper Peninsula rutabagas are comparable in quality to the very best grown in the United States or Canada.

Do you know your Michigan? There is ample evidence everywhere that the peninsula state has been generously blessed by Nature. The official motto of Michigan expresses it well: "If you seek a delightful peninsula, look about you."

"Anecdote" From Greek Words "Anecdote" comes from two Greek words meaning "not published" and originally designated something told in confidence.

**The Desert Wind Howls**  
 The utter deadness and the howling of the wind soon succeeds the fascination and mystery of the desert.

**Local Happenings**

Mr. and Mrs. George Bergen of Ferndale were visitors at the William Little home on Sunday.

Miss Joanna McRae returned on Friday from a week's visit in Detroit. She was the guest of her sister, Mrs. K. F. Higgins.

Mr. and Mrs. Heath Ballagh of Detroit visited last week at the Fred Maier home. Mr. Ballagh and Mrs. Maier are cousins.

After dinner at Frankenmuth, Mr. and Mrs. Fred Maier and Mr. and Mrs. Chester Graham enjoyed driving and visiting in Bay City on Sunday.

Mr. and Mrs. Glenn Wright and two daughters, Marjorie and Mary Lou, went to Miller Lake Sunday to attend a reunion in the district where Mrs. Wright attended school in girlhood days.

The birthday of Roy Colwell, their son, was celebrated Sunday with a dinner at the Thomas Colwell home on Sherman Street. Mr. and Mrs. Roy Colwell and two children of Saginaw were guests.

Mr. and Mrs. J. I. Niergarth and Mr. and Mrs. Audley Kinnaird are planning a trip to the Black Hills in South Dakota, Salt Lake City, Utah, and the Yellowstone National Park. Present arrangements call for a start on August 1 for the two weeks' vacation.

Mt. Pleasant summer school students started on the second half of their summer school term this week. To celebrate the half-way mark, Mrs. Marie Sullivan and Miss Caroline Garey spent the week-end with their father, James Garey.

Mr. and Mrs. Andrew Cross and children, Lena Mae, Doris and Donald, and John Tewksbury went to a farm near Kingston Sunday to enjoy a picnic dinner with Mrs. Cross's sister, Mrs. William Wilkins, of Detroit. Mr. and Mrs. Wilkins live in Detroit and spend week-ends on their farm near Kingston.

To celebrate his seventy-fifth birthday on Tuesday, John Tewksbury is inviting his four daughters and their families to his home on Sunday for a picnic dinner. The four daughters are: Mrs. George Kacy and Mrs. William Wilkins of Detroit, Mrs. Charles Klute of Royal Oak, and Mrs. Andrew Cross of Cass City. When the Wilkins family returns to Detroit Sunday, the Misses Lena Mae and Doris Cross will go with them to spend a week or two visiting relatives there.

"We think we saw Kate and Lester Bailey in California," wrote Miss Ella Cross to her brother, Andrew Cross. "A red coupe with a T-license from Michigan passed us as we were driving in California, and although we tried to catch their attention, they didn't see us." Miss Cross of Detroit, who is spending the month of July touring the West as are the Baileys, talked with Mrs. Bailey before either group started on their trips. They joked about the good times they would have together when they reached California, but neither one actually expected to see the other.

The president, Mrs. S. C. Striffler, and Mrs. John Sovey were chosen by the Evangelical Missionary Society on Friday afternoon to represent them at the Woman's Missionary Society state convention to be held at Bay Shore Park near Sebawaing from August 10-13. Mrs. Leonard Buehrly was hostess to the group on Friday afternoon. Special numbers on the program included recitations by Dale and Donald Buehrly and a vocal solo by Mrs. Maurice Joos.

Although traveling almost one thousand miles in four days, Mr. and Mrs. G. A. Striffler and their son, Irvine, still had time to stop and see many places of interest on their trip to Northern Michigan which ended Wednesday night, July 12. Tahquamenon Falls, supposedly second only to Niagara Falls, was a beautiful sight, the Strifflers said, as were the Pictured Rocks at Munising and Big Springs at Manistique. Mr. Striffler showed his wife and son the place in Paradise, Mich., where he had camped while hunting in former years. Irvine Striffler from Marysville, Ohio, is spending a two weeks' vacation with his parents here.

Mr. and Mrs. Edward Werner of Detroit were business callers in Cass City Wednesday of last week.

We all need inspiration to make us improve, think harder and be more efficient. These messages by men and women who have overcome difficulties are intended as an aid to your success and happiness.

**STRIVE TO DESERVE SUCCESS**

"There are many people who believe that success is a matter of luck," says Robert J. Bulkeley, United States Senator from Ohio. "Just the other day a friend of mine said about a man who had received a promotion: 'Gosh, he's lucky. Why can't I get a break like that?'"

"The truth is that the successful man makes his own 'breaks.' I believe the successful man must have one chief attribute, and that is perseverance. He selects his objective and lets nothing deflect him from his goal. Obstacles may arise that at first appear to be insurmountable, but he who succeeds manages to get over them. He will not quit.

"But perseverance alone is not enough. The young man of today should look to his character, too. He must be honest, sincere, faithful and loyal. To win success, one must strive to deserve success." Senator Bulkeley has won a prominent place in national affairs by following the plan outlined above. It is recommended to any man or woman who wants to get ahead in the world. Perseverance, honesty and loyalty are important stepping stones on the road to success.

LOCALS

Mr. and Mrs. A. Hitchcock spent several days in Detroit on business. He left Monday. The Misses Mildred and Helen Illies of Saginaw were guests on Tuesday of Mrs. Ethel Dickinson. Mrs. J. D. Brooker entertained Mr. and Mrs. James Purdy of Gagetown in her home on Oak Street Tuesday. Mr. and Mrs. J. D. Sommers, John Sherman, and Miss Beulah Harmon and H. S. Harmon of Emmett were in Briggs Stadium Sunday to see the Tiger-Boston game. Dryden Haist of Pigeon spent last week with his cousin, Gerald Rieskorn. Mr. and Mrs. Clyde Gordon and family of Bay City were also week-end guests of the Rieskorns. Mr. and Mrs. Raymond Kerbyson visited Mrs. Kerbyson's sister, Mrs. Charles Medcoff, in Deckerville, on Sunday afternoon. In the evening, they called at the Earl Merrill home in Sandusky. Sunday afternoon callers at the Homer Hower home were Mr. and Mrs. Russell Wells and son, and Mrs. Vera Kendrick and two sons, of Detroit, and Miss Barbara Gaultner of Shabbona. Mr. and Mrs. Richard VanWinkle and son, John David, of Wayne went Saturday and Sunday with Mr. and Mrs. George J. Ranck at the Bailey home. Miss Sharlie VanWinkle returned to Wayne with them for a week's visit. Sixty attended the seventh reunion of the Vance families which was held at the state park at Bay City on Sunday, July 16. A potluck dinner was served and a sports program occupied the attention of a group during the afternoon. On Monday, George Rohrbach returned from a week's trip to Toledo and Fisherville, Ontario, where he visited relatives this week. His son and family, Mr. and Mrs. Daniel Rohrbach and three children of Flint went also. The group will visit Niagara Falls before returning to Cass City. Mrs. E. B. Schwaderer and children, Nancy and Tommy, visited Mrs. Harley Dean in Caro Tuesday. Mrs. Nancy remained to spend a week with the Deans, and Tommy expects to spend a week there later in the summer. Mrs. Dean lived with the Schwaderers for some time before her marriage this spring. Mrs. Wager and Catherine Walker were familiar names linked together in high school days. Now Mrs. Wager is the first child in the household of her mother who will celebrate birthdays on the same day. Barbara Lou Gross was born on July 7, and announcement received of the birth of Brenda Virginia Freedman on July 7 to Mr. and Mrs. Arthur Freedman (Ethel Wager) of Chicago. On Tuesday morning, Mr. and Mrs. John McGillivray said farewell to their guests, Mr. and Mrs. Neil McGillivray, of Monessen, Pa. John and Neil McGillivray are brothers. After their two weeks' visit here, the guests drove back to Pennsylvania via Port Huron and Detroit where other relatives live. Angus I. Colin Campbell of Greenleaf returned in Cass City at the McGillivray home also. Fifteen vacationers arrived in Cass City Thursday bound for the Campbell cottage on Long Lake. They are Mr. and Mrs. Stanley Wager and children, Miss Glenna Harold, Bud Kirkpatrick, the Misses Isabelle and Mable Jean Wager, Elizabeth Farson and Betty Fort, Mr. and Mrs. William Campbell and daughter, Miss Mary Campbell, and Mr. and Mrs. Herman Wager and daughter, Miss Mary Campbell. They will spend a week or more here. About two weeks after singing the Cass City Evangelical church, the Men's Glee Club of the Central College, Naperville, Ill., will appear in an hour's concert at the Temple of Religion at the World's Fair. The tour, which started soon after school closed in June and will end the first of August, has included states in Minnesota to New York, with concerts in Canada. The combined vocal and secular concert presented Tuesday evening in Cass City delighted an audience of about one hundred fifty. The musicianship and personalities of the boys were inspirational and refreshing. After a concert colored movies of camouflaged life were shown. There's an ideal way for a school teacher to spend the summer holidays. Miss Alice Little, who teaches at the Macoma, Washington, with three other teachers started on a trip through the United States after school sessions closed in June. After going through Oklahoma, ending some time at the World's Fair in New York City and sighting sights in Boston and other places, Miss Little left the other teachers to visit relatives in Michigan. She returned from Wednesday until Saturday with Mr. and Mrs. R. S. Taylor and Mr. and Mrs. Audley Baird. After her visit in San Francisco with County Treasurer Gardner and family, she plans to return on a longer visit in Cass City before rejoining her group in Detroit. Miss Little expects to travel to school opens in September. She is a niece of Mr. Proctor, whom she had not seen since childhood, and a cousin of Mrs. Kinnaird.

Mrs. Hersey Young and daughters, Cora Mae and Mary Jane, who have spent almost a month in Cass City with headquarters at the Chris Schwaderer farm, left for their home in Colorado Tuesday. They planned to spend about a week going West with visiting in Detroit and Flint on the way. The Douglas living rooms were opened to about seventy-five members and friends of the Methodist Churches of Cass City and Bethel Friday evening when Rev. and Mrs. H. G. Bushong and their family were welcomed to Cass City. Ice cream and cookies were served. Mrs. Mason Wilson and Mrs. Edwin Fritz were in charge of arrangements for the open house. Mrs. Clifford Gracey and daughter, June, and Mr. and Mrs. James Walker and daughter, Miss Betty, who is employed at the Frutcheon Elevator in Pinconning, returned Monday evening from a five-day trip to New York. Both coming and going, the group travelled through Canada. They saw Niagara Falls and visited relatives in Little Valley and Hamburg, New York. Dr. and Mrs. S. A. Bradshaw, daughter, Miss Mable Jean, and Miss Mary Willerton were entertained for dinner and the afternoon at the Edward Hillacker home near Argyle Sunday. Mr. and Mrs. Leigh Biddle and daughter, Janet, were also guests. Mr. Hillacker stayed at the Bradshaw home while attending high school here a few years ago. Mrs. Iva Broadway and Mrs. Bertha Karr of Rochester spent the week-end at the John Bohnsack home. On Sunday, Mrs. Bohnsack entertained in honor of her brother's birthday. At dinner were her brother, G. L. Martin, his wife, and children, Florence, Donna and Robert, of Bay City, and her sister, Mrs. Beulah Calley, and daughter, Miss Wilma, of Mt. Pleasant. Unlike most children who don't want to miss anything around the house, Jimmy Goodall suggested to his mother on Friday, "Shall I go out and mow the lawn so that I don't see you make my birthday cake?" Jimmy celebrated his fifth birthday on Friday and had as guests on Saturday his grandparents, Mr. and Mrs. Delbert Bearss, and his uncle, Robert Bearss, of Bay City. When a mechanic or a printer loses his voice, there isn't much ado. It becomes a different situation when a voice teacher loses her voice. At a recital of her pupils in the Methodist Church in Bad Axe Friday evening, Miss Veda Bixby couldn't utter a sound. Her pupils, however, with full power of voice, delighted the large audience with song. Miss Laura Jaus was the only Cass City soloist who sang on Friday evening. The Misses Gertrude Striffler, Ruth Schenk, Grace Gilbert, and Mildred and Marjory Schwegler accompanied her to Bad Axe. Mrs. Alice Moore entertained guests from Kalamazoo and Okla-homa during the past week. Mr. and Mrs. William Winey and son, William, Jr., and Mr. and Mrs. Vernor Winey of Kalamazoo stayed in Cass City for the week-end on their way home from a week's vacation along Lake Superior. Mrs. Resor Cain and son, Charles, of Hugo, Oklahoma, are spending a few weeks here. They plan to go East to see Niagara Falls before returning to Oklahoma. On Sunday Mrs. Moore and her guests, Mr. and Mrs. William Moore and family, Mr. and Mrs. Glenn Moore and family, Frank Bliss, and Mr. and Mrs. Wesley Dunn and son, Jimmy, had a picnic dinner and took the Thumb shore drive.

\$200 Contest Photo Entry

This photo of Roger Rae, Lansing flyer who was rated in recent years as the nation's best parachute jumper, is among the early entrants in the \$200 Michigan photo contest sponsored by this newspaper in conjunction with the Michigan Press Association and the Michigan State Fair, Detroit. Rae started as a parachute jumper for Michigan fairs and is now a TWA commercial pilot. G. G. Granger of Lansing took the photo just before Rae made a successful parachute jump. First prize in the contest is \$100 cash. Awards, totaling \$200 will be presented on Sept. 1 as a feature of the fair's "Press Day." Entries should be sent by Aug. 20 to "Michigan Photo Contest," State Fair, Detroit.

Glen Wright was a visitor in Detroit Wednesday. Manley Asher and Irvine Parsch were business callers in Saginaw Monday. Mrs. Henry McConkey of Unionville spent from Wednesday until Friday in Cass City, a guest in the R. S. Proctor home. Mr. and Mrs. Ralph Price and son of Hazel Park visited in Cass City over the week-end. Mrs. Price was formerly Miss Aileen Sealey. Mr. and Mrs. Thomas Kelly, Mr. and Mrs. Robert Miller and Miss Mary Kelly spent Sunday in Port Huron. They visited a cousin, Joe Roberts. Guests expected at the home of Mrs. Ella Price include Mr. and Mrs. R. M. Powers and sons, Ward and Gordon, of Jonesville, and Miss Wilma Jean Smith of Hinsdale. Part of the 48,152 fans who saw Detroit get a "drubbing" Sunday at Briggs Stadium were Harold Perry, Bobby Ryland, Dean Robinson, Dale and Bob Kettlewell and Kenneth Price. Mr. and Mrs. G. A. Striffler and son, Irvine, spent the week-end at Mio and East Tawas Lake. On Sunday, Irvine Striffler returned to his home in Marysville, Ohio, after spending a two weeks' vacation in Cass City. At Caseville this week were five young campers—Fred and Charles Auten, Neville Mann, Ed Doerr and Jimmy Champion. They left with their tent and camping equipment on Thursday and expected to return on Wednesday. Robert Corkins, son of Ivan Corkins, of Clifford, has just spent two weeks at the John Corkins home in Cass City. On Sunday, Mr. and Mrs. Truman Lick and Mrs. Herman Lick and son, Tommy, of Pontiac spent the day here and took Robert back with them. Mrs. Homer Hower and her sister and husband, Mr. and Mrs. James McQueen, left for Harlem Springs, Ohio, on Friday. They planned to visit their father, James Brown, in Harlem Springs, and sisters in Toledo, Trenton and Detroit. They returned the latter part of this week. Mrs. Joseph Crawford, who went West with the Harold Murphy family to visit her brother, Jack Connel, at Fremont, Sask., expected to leave that place Wednesday morning for Regina, Sask., to meet the Murphy family. All planned to leave Regina on Thursday morning on the return trip to Cass City. Mr. and Mrs. Harry P. Lee attended a birthday dinner Sunday, July 16, at the home of Mr. and Mrs. Sherman Hale of Armada. The dinner was given to celebrate the birthdays of Mr. Lee and Charles McNutt. The latter is a brother of Mrs. Lee. Other guests were Mr. and Mrs. Lew Helberg, Mr. and Mrs. Harley Edwards of Armada and Mr. and Mrs. Brewster Shaw of Bloomfield Hills. Elden Hutchinson of Caro and Steve Cybulski and Miss Marie Hartley of Cass City spent from Saturday afternoon until Sunday night at Traverse City. After reaching Traverse City Saturday evening, Miss Hartley was accompanied by Miss Wilma Andress of Caro until Sunday night when they left there and camped in St. Helen Monday evening. They returned home Tuesday afternoon. Mrs. Harry Barber, Mrs. Robt. Allen and daughter, Sharon, of Detroit are guests of Miss Anne Mitchell this week. Miss Blanch Walker returned home Wednesday after spending two weeks with relatives in Detroit at Island Lake. County Clerk and Mrs. Clare Horning left Tuesday for Charlevoix to attend the state convention of county clerks this week. Mr. and Mrs. Charles Stone and granddaughter, Betty Jane, of Lapeer were visitors at the home of Mr. and Mrs. Glenn Wright Tuesday. Mr. and Mrs. J. Ivan Niergarth left yesterday (Thursday) for Hicks Lake, north of Ewart, where they expect to remain until Tuesday. S. A. Baxter of Novesta Township was taken to the Samaritan Hospital at Bay City Wednesday morning to undergo a serious operation. Mr. and Mrs. Joe Tesho and family, Mr. and Mrs. Leland Nicol and family, Mrs. John Lorentzen and Ila Moore were enjoyed a picnic dinner and bathing at Caseville Sunday. Sam Mitchell severely injured his spine in a fall from the hay mow in a barn last Tuesday. He was placed in a cast and will be confined to his bed for several weeks. James Walker and daughter, Blanch, accompanied their daughter and sister, Miss Betty, to Pinconning, where she is employed, on Tuesday after she had spent a week's vacation at the home of her parents. Mr. and Mrs. Andrew Schmidt entertained their daughter, Mrs. Harold J. Wells, of Lakeville over the week-end. Mrs. Wells surprised her parents by arriving unexpectedly with friends on their way to attend the Dunn reunion in Pigeon. J. I. Niergarth and Arthur Hestburn have painted lines on the school gym floor for tennis playing. The court is of proper width and lacks four feet of being the regulation length. It will be in use very soon when a few items of equipment arrive. Mrs. Berkeley Patterson and Mrs. Robert Brown were successful Chinese Checker players on Monday night at the Happy Dozen supper and evening. The hostess, Mrs. Ed Corpron, gave large bouquets of hydrangea to the guests, Mrs. I. A. Fritz and Mrs. H. F. Lenzner. Wedding guests at the ceremony which united Miss Lois Black and Allen B. Stevens in marriage on Saturday evening in Port Huron included Mr. and Mrs. Arthur Taylor of Oak St. Mr. and Mrs. Taylor spent the week-end with Mrs. Taylor's mother, Mrs. C. A. Black, in Port Huron. Mrs. Taylor is a cousin of Mrs. Stevens. There are numberless tales of the fish that were "almost" caught and then escaped. The story that Ferris Kercher and Raymond McCullough tell of their experiences fishing at West Branch over the week-end concerns three rainbow trout that were landed, placed in an ice house while the boys went back for more fishing, and still got away. Probably some housewife was praising her husband's fishing luck that night by mistake while the true catchers were lamenting the loss of three fine trout from their string.

Mrs. Agnes Bidelman of Pontiac is spending several days with relatives here. Mr. and Mrs. George Gardner of Sandusky were callers at the R. S. Proctor home here Saturday. Mr. and Mrs. John Fox are spending the week with relatives in Pontiac and Drayton Plains. Mrs. Celia Edgerton returned home Monday after a two weeks' visit in Romeo and Brown City. A chicken house at the Tuscola County farm near Caro was destroyed by fire Saturday evening. Mrs. Clifford Gracey and daughters, June, Marilyn and Barbara, are visiting with relatives in Cass City. Edward Schwegler and Ferris Kercher motored to Detroit Friday to watch the defeat of the Detroit Tigers. Mr. and Mrs. Earl Fulcher and family of Farmington visited with relatives here from Saturday until Monday. Miss Esther Reineck of West Allis, Wisconsin, is a guest of Mrs. Raymond McCullough this week. She and Mrs. McCullough were classmates in college. Mr. and Mrs. Donald Lorentzen and Anne Marie were week-end guests at the Ferris VanConant home near Peck. Mr. and Mrs. Russell Kipp and family were dinner guests on Sunday. "Here comes the Showboat!" Around a bend of the Shiawassee River on Friday evening came the sound of the showboat whistle, and the ship docked at the large platform at the water's edge where about five thousand people waited on the shore to see the annual minstrel show that is produced at Chesaning. Mr. and Mrs. Frederick Pinney and Mr. and Mrs. Clarence Burt attended from Cass City on Friday evening. WORKMEN POURED LAST YARD OF CEMENT SATURDAY. Concluded from first page. This monument, located a mile east of Cass City, was dedicated with suitable ceremonies on August 24, 1917. On this day, Mr. Earle, in his address, said that "Michigan is a better state to live in than it was formerly on account of the good roads that have been built, and if I know you men and have judged you rightly, you are going to continue to lend your support to those who are in office today and the result will be that we will make Michigan, because of its lakes, rivers, hills and good roads, the summer resort of the United States of America." To James L. Purdy, Gagetown banker, and Eugene Waterworth of Caseville goes the credit of outlining the route of the Earle Memorial Highway (M-53). These two men were among 100 delegates who met at Detroit to determine the course of the highway. There were many opinions and a day's discussion brought no decision. It was then that Messrs. Purdy and Waterworth secured a map and marked out a course which proved to be the "happy medium" and it was adopted. Paving Starts Next Week on M-81. Paving equipment is being moved from M-53 to the five-mile M-81 highway project just west of Cass City. Contractor E. B. Schwaderer plans to start paving this highway next week. Cave of Basalt Formation Fingal's cave is a remarkable cave of basalt formation on Staffa, a small island off the central western coast of Scotland. The cave extends from the shore a distance of 227 feet within a rocky height and has an arch 66 feet high. The color effects of the columnar basalt formation are striking and the action of the wind and waves produces weird sounds in the opening.

GAGETOWN

Bible School Closes— The closing exercises of the Gagetown and Brookfield Bible School were held when certificates of recognition were given to the students. The school, with an enrollment of 74 students and an average attendance of 68, has been in progress for the past two weeks under the supervision of the pastor, Rev. Wesley Dafoe. The children, ranging from five years old up through the eighth grade, were divided into five groups according to age and school grades. The majority of the children in the school lived in the rural district and were given transportation to and from the school by cars donated by the members of the congregation. At the closing session, the senior department of the school was taken into juvenile membership of the church. The teachers were as follows: Beginners, Mrs. Elmore Hurd; primary, Miss Grace Chisholm; juniors, Miss Helen Fournier; intermediate, Miss Margaret Glougie; seniors, Miss Geraldine Chisholm; music, Mrs. Wesley Dafoe. The work of the school is very deeply appreciated by members of the church. The school just completed was the second of its kind held in this community and because of its success it is to become a definite part of the religious training of children here. Mr. and Mrs. Frank Campbell and daughters, Misses Jean and Ann, of Caro were callers at the home of Mr. and Mrs. J. L. Purdy Sunday evening. Mr. and Mrs. J. L. Purdy and grandsons, James L. and George R. Wilson, were Sunday visitors at the P. L. Fritz cottage at Crescent Beach. The members of the board of education met last Thursday evening and Wesley Downing was elected president; Leslie C. Munro, secretary; and E. J. Hurd, treasurer. Frank Lenhard and Lawrence McDonald are trustees. Misses Bernice and Mildred Clara and Miss Barbara Maynard went

to Traverse City Thursday and remained until Sunday. They attended the cherry festival while Paul Hunter and Jack Howell went to Camp Custer, July 11, for five weeks' military training. Dr. and Mrs. L. D. MacRae and Miss Jean Dafoe went to Hawks Saturday to visit Mrs. MacRae's father, William Hardies, and other relatives. They returned Monday. Miss Maxine Trudeau attended the ball game in Detroit Sunday and visited relatives. Mrs. Frank Lenhard was taken to Mercy Hospital in Bay City on Monday where she underwent an operation the same day. Mr. and Mrs. William Neddeau and two daughters of Detroit spent Tuesday and Wednesday with Mrs. Neddeau's mother, Mrs. Delphine Goslin. Mr. and Mrs. Percy Sharrock of Detroit spent from Friday until Monday with her father, Albert Russell. Mr. Russell went with them to Detroit for a few weeks' visit. Mrs. Loretta Collins and daughters, Sally and Mary Ellen, were Sunday guests of James J. Phelan. Sally and Mary Ellen remained the week with Mr. and Mrs. Paul Seuryneck. CASS CITY MARKETS. ## HOW'S FISHING?

An incident reenacted dozens of times daily on Michigan's streams and lakes as officers of the Michigan department of conservation go out on patrol. An occasional law-evader is brought to book, more often the officer supplies information about spots where fish are biting or advice on baits and sunburn lotions.

### McLEAN CLAN HELD REUNION IN SARNIA

Concluded from first page.

hill, then took charge of a brief program which included recitations by Edwin, Donald and Marjorie Karr of Cass City, songs with guitar accompaniment by Alger Wolfe and Frank Brown of Pontiac. A Scotch dancer, Mrs. Kathryn Figer, of Port Huron and clan pipper, Robert McLean, of Ailsa Craig, kept the company cheered by the stirring strains of Scotch music and dance, so dear to the hearts of the Highland people. The historian, Mrs. Blanche Rotter, gave a colorful and graphic account of two of the family's sturdy pioneers, Donald and Robert McLean, whose original farms were cut up in lots on which now stands the village of Stratford, Ontario.

The following officers were elected for the ensuing year: President, James McLean, Parkhill; secretary-treasurer, Mrs. Angus McLean, Parkhill; historian, Mrs. A. J. Rotter, Detroit; program chairman, Mrs. Claud Karr, Cass City; sports chairman, Jack Warrington, Detroit; refreshments chairman, Mrs. Lawrence McKenzie, Parkhill.

The sports director for the day, Mrs. Angus McLean, then took charge and many unique and novel games under her leadership were enjoyed by both young and old. A ball game completed the day's activities. The younger members enjoyed a dip in the cold waters of Lake Huron before supper. After partaking of a lunch, all traveled to their homes, a tired but happy group.

<b>Minutes of Annual School Meeting.</b>	
School District No. 3 Frl., Elmwood and Elkland Townships.	
The annual school meeting was held in the Gagetown High School, Monday, July 10, 1939, at eight o'clock.	
The meeting was called to order by the president, W. C. Downing. The minutes of the last annual meeting were read and approved. The financial report was read, accepted, and ordered placed on file.	
The meeting then proceeded to vote for one trustee for a term of three years. Harry Denmore and Leslie C. Munro were appointed tellers and were sworn in by President W. C. Downing. The name of Leslie C. Munro was proposed for trustee. The ballots were passed, and the results of the balloting were: Whole number of votes cast, twenty-eight. Leslie C. Munro received nineteen, scattering nine. Leslie C. Munro was declared elected.	
There being no further business, the meeting was adjourned.	
Signed, NINA MUNRO, Secretary.	

## Sanilac County Has Over 100 Crippled Children under 21

A wheel-chair is needed in each of two of Sanilac County's poorer families. In one family there is a young man who is totally and permanently crippled. The fifteen-year-old daughter of the other home has been an invalid and cripple from infancy. Both of these patients present problems in their care that would tax to the utmost the resources of any home, and in these particular homes, the facilities are meager. The movement from room to room, indoors to outdoors is especially difficult because of the size of the patients.

No money is available to purchase wheel-chairs for these young people. However, if any one has a chair that might be donated or sold for a small sum, the Sanilac County Health Department would arrange for its placement. In either case, a wheel-chair would do much to lighten the burden that the care of these patients entail.

Sanilac County contains over one hundred children under 21 years of age who are totally or partially crippled. Approximately two-fifths of these children have disease of the bony structures; about one-fifth are suffering the after-effects of infantile paralysis; another one-fifth have involvement of the nervous system; and many types of deformity and crippling are found in the miscellaneous grouping of the remaining one-fifth of these patients.

The medical and surgical care of crippled children is facilitated by the state through the Michigan Crippled Children Commission. The county Health Department renders what assistance it can to the patients and to the commission. Much can be done for most of these patients through the resources of modern science, but some remain a long drawn-out problem for the home and society.

## Black Sheers for Town Summer Wear

Have an Elegance That Is Always Pleasing.

By **CHERIE NICHOLAS**

Style creators are making a big point of black sheers for summer wear. Not that colors are out of the picture, on the contrary this season will go on record as one of the most colorful ever. But be that as it may the magic of handsome black is undeniable and at least one black sheer, be it net, chiffon or gossamer thin wool is expected to grace every fashionable wardrobe. By actual experience women have found that there's nothing so practical as a frock of sheer black to wear on a summer day.

The new blacks have an elegance about them that never fails and always give the well-groomed look. The difference between this season's blacks and last season's blacks is that the black gown of today is enlivened with quantities of fresh, crisp white lingerie touches. If not white fixings then it's splashes of color that give allure to the new blacks. Wear black with candy pink with hydrangea blue, in fact black with any of the smart newer colors. The idea of black with pink is a prevailing one this season.

Special style emphasis is given to black linens and shantungs for summer, these tailored to a nicety with the inevitable jacket to make up a complete and practical costume.

Not only does the smart Parisienne elect black for summer about-town wear but in our own centers it's gauzy black that is getting the big vote.

## Desserts Not Sole Uses for Gelatin

There Are Salads and Other Tempting Dishes

By EDITH M. BARBER

WHEN I was a little girl, there was always much discussion in regard to the choice of desserts. We were allowed to choose, in turn, our favorites. The one upon which we all agreed and which usually appeared on the table at least once a week was known in our household parlance as "shaky."

For your information, it was merely lemon jelly which had been molded, then cut into squares and piled in a glass bowl. It was topped with whipped cream and occasionally garnished with cherries, if there was company. Coffee jelly was another favorite, and for party use or for a pampered convalescent, sherry might be used as a flavoring. We were much impressed when a kindly neighbor arrived one day bearing gifts, especially designed to tempt the appetite of a recovering invalid. An orange had been halved, the pulp removed and replaced by wine jelly. After this was set, the two halves were put together again and tied with blue baby ribbon.

Today we have discovered so many new uses for gelatin, both in its flavored or unflavored form, that we do not limit its use to desserts. The clear jellied salads or those of the mousse type when used as a foundation for meat and vegetable combinations often serve as main luncheon dishes. A ring of tomato jelly or of that gelatin with a meat-like flavor is attractive to both eye and palate when filled with a vegetable, meat or fish salad. A jellied mixture of crabmeat or chicken with mayonnaise and whipped cream may be molded, chilled, turned out on a platter and garnished with lettuce, sliced tomatoes and green pepper. A molded cheese jelly may furnish the central note for a buffet platter. Stuffed, hard-cooked eggs, cold sliced ham or sardines, tomatoes stuffed with a meat or fish salad may be arranged on lettuce leaves around the mold.

Among the newer uses in which gelatin has a part at dessert time is in chiffon pies.

**Jellied Chicken Loaf.**  
2 tablespoons granulated gelatin  
1 cup cold water  
1 onion  
1 stalk celery  
2 cups stock, well seasoned  
2 cups chopped cold cooked chicken  
½ cup canned pimentos, cut into thin strips

1 tablespoon minced parsley  
Soak gelatin in cold water about five minutes. Add sliced onion and chopped celery to the stock and bring to the boiling point; strain and pour over the soaked gelatin. Cool, and when mixture begins to stiffen, add chicken, pimentos and parsley. Turn into a wet mold and chill. Unmold on platter and garnish with watercress.

**Molded Sea Food.**  
¼ tablespoon gelatin  
2 tablespoons cold water  
½ cup celery, cut fine  
¼ cup pimento  
½ tablespoon sugar  
1 teaspoon salt  
½ tablespoon flour  
1 teaspoon mustard  
Cayenne  
2 egg yolks  
1½ tablespoons melted butter  
¾ cup milk  
¼ cup vinegar  
2 cups shredded lobster or crabmeat  
Cucumbers  
Sour cream dressing

Soak gelatin in cold water five minutes. Add celery and pimento. Mix dry ingredients; add egg yolks, butter, milk and vinegar. Cook over boiling water, stirring constantly until mixture thickens. Add gelatin mixture and stir until dissolved. Pour over fish and mix well. Fill mold; chill in refrigerator several hours, and serve with cucumbers dressed with sour cream dressing.

**Bavarian Cream.**  
1 tablespoon granulated gelatin  
¾ cup milk  
½ cup sugar  
Salt  
1 teaspoon vanilla  
1 pint heavy cream, whipped  
Soak gelatin in milk five minutes and dissolve over hot water. Stir in sugar and salt. Cool, and when mixture begins to thicken, add vanilla and fold in whipped cream. Pour into mold and chill until set. Serve with crushed fruit or with chocolate or caramel sauce. Variations: Use strong coffee instead of the milk. Fold in one cup crumbled macaroons with the cream. For chocolate Bavarian cream, melt two squares of chocolate in the milk.

**Chocolate Chiffon Pie.**  
1 tablespoon granulated gelatin  
¼ cup of cold water  
½ cup sugar  
2 ounces melted chocolate  
1 cup hot milk  
½ teaspoon salt  
1 teaspoon vanilla  
1 cup cream, whipped  
Soak the gelatin in water five minutes. Make a syrup of the sugar, chocolate, hot milk and salt. Add the softened gelatin to this mixture, stirring thoroughly. Cool; add the vanilla, and as the mixture begins to thicken, fold in the whipped cream. Fill a baked pie shell with this mixture and chill. Before serving garnish with whipped cream.

From July 1, 1913, to January 1, 1914, there were shipped from Cass City 138 cars, or 94,875 bushels of beans.

A. Clifford Edgerton, science teacher in the Cass City High School, lost a toe nail and was painfully bruised when he was thrown from his motorcycle. The fall was caused by a collision with an automobile Wednesday evening on East Main Street.

Guy Sweet of Novesta met with a bad accident Friday while getting his horses ready to bind wheat. One of them kicked him, breaking a rib.

Robert Jackson, a pioneer of Sanilac County, died at his home in Greenleaf Township on Sunday morning at the age of 87 years.

Six drayloads of groceries, costing in the neighborhood of \$1,000, were taken from Black's Department Store building at Vassar and dumped in the old cemetery grounds and burned Monday. The grocery stock had been tied up several months in litigation and had been visited by a fire and at the time was water soaked. Families living in the neighborhood complained to Dr. Hazelwood, the health officer, that they could no longer stand the stench from the rotten stock and he took up the matter with the secretary of the state board of health, who ordered him to destroy the stock.

Miss Beatrice Cochrane of Hartford was chosen as one of the instructors in the high school here in place of Miss Mima MacArthur, who resigned recently.

### Siriusly Inclined

The problems of the entire dog kingdom appear to weigh heavily on Rover's saddened brow. Perhaps he realizes that on Tuesday, July 25, Sirius, the Dog star, is scheduled, according to superstition, to bring four or six weeks of hot weather—the dog days which Rover, and 40,000,000 other pooches, dreads.

**The Hamilton-Burr Duel**  
Johan Smertenko in his biography of Hamilton says that Alexander Hamilton was on the upper end of the ledge when his duel with Aaron Burr occurred, and that in this position he faced the morning sun. Hamilton was clearly outlined against a projecting stone. Burr stood among the trees 10 paces away.

**Diet of Chameleons**  
Chameleons eat insects, but a substitute for this would be chopped meat, meal worms, raw egg, with plenty of water available. Some of them refuse all food and it is claimed that they are very difficult to keep in captivity for more than a few months.

### A PROPHETIC EDITOR.

The editor of a weekly newspaper was in an awful fix. His publication day was Thursday, and he had to print one side of the sheet and then run it through the press again and print the other side. This week he had printed one half of it on Thursday. Then the press broke down, and he didn't get repairs completed until Friday afternoon. But Friday morning a fire, important to his town, occurred, and his paper was all dated up for Thursday. So he printed this:

"Tomorrow forenoon at ten-thirty the fire alarm will go off, and the fire fighters will go to Jack Hawkin's place and find his big barn and shed in flames. A calf will have been burned to death. The fire fighters will extinguish the flames, but the buildings will be nearly a total loss."

### Largest, Smallest Countries

The largest country in the world is the Union of Soviet Socialist Republics with 8,144,228 square miles; the smallest, Vatican City, has only 108.7 acres.

Virginia, the "Old Dominion" The nickname "Old Dominion" originated in Colonial days. About the year 1663, after Charles Stuart had become king of England, he quartered the arms of Virginia on his royal shield, thus ranking Virginia along with his other four dominions, England, Scotland, France and Ireland. The Burgesses of Virginia were proud of this distinction and adopted the name.

**Name Matilda of Teutonic Origin**  
The name Matilda, of Teutonic origin, means "mighty battlemaid." Queen Matilda ruled England briefly in the Twelfth century. Matilda, countess of Tuscany, willed her territory to the pope and it became the nucleus of the States of the Church. Matilda of Portugal was the wife of Count Philip of Flanders.

**Several Species of Rattlesnakes**  
There are several species of rattlesnakes, and some are so like their surroundings that it is almost impossible to detect them until the loud rattle is heard. This noise is evidently given to alarm enemies, for when the snake is cornered it is produced with the greatest power.

NEWS of the FARM

FSA Borrowers in State Gain \$247 in Average Net Worth

Farm Security Administration borrowers in Michigan not only have increased their net worth by \$1,183,783, but are also making substantial repayments on their loans.

According to John McDurmon, Tuscola County supervisor, these facts are disclosed in a survey of 4,786 typical low-income farmers who received rehabilitation loans from the FSA.

At the same time the Farm Security Administration announced that all the 6,560 borrowers in the state had repaid \$1,327,284 of the \$4,833,727 they had borrowed although the loans were made for a period of five years and most of them have three or four years in which to mature.

In announcing the results of the survey, Roswell G. Carr, state director of the FSA said that the \$247.34 per family gain in net worth—over and above all debts—was the "real measure" of the program's results.

The average borrower was loaned approximately \$700.00. The 4,786 families covered by the survey reported a total increase in their net worth from \$6,026,917 to \$7,210,700 by the end of the 1938 crop year.

This average of \$237.34 compared with a national average for 232,947 families of \$265. The average for all northern states was \$267.03.

"Relatively few families owned sufficient livestock when they first sought FSA aid," Mr. Carr said, "and this lack was reflected in their income. By the end of the 1938 crop year, however, the borrowers in Michigan reported that they had increased their dairy cows from an average of 4.3 to 7.6 head, while the number of poultry and hogs was doubled."

In Tuscola County there are 140 low-income farm families who have received rehabilitation loans, Mr. McDurmon said.

COLLEGE CROPS DISPLAY ON JULY 28

One hundred individual plots planted by the farm crops department at Michigan State College are to feature that department's special contribution to the morning's program of the annual Farmers' Day, Friday, July 28. One series shows steps in development of a hybrid corn. Others show leading oat and barley varieties, effects of different cutting treatments on alfalfa, and plantings of sudan grass, proso, millet and some of the lesser known pasture grasses.

PRECAUTION URGED SLEEPING SICKNESS

Horses treated with two doses of chick embryo vaccine to prevent sleeping sickness are immune to the disease for a period of at least eight months, it is indicated by immunity tests being conducted by the division of animal pathology and hygiene, college of agriculture, University of Illinois.

Further tests on immunity will be conducted at the agricultural college to keep veterinarians and live stock owners informed with reference to the period of immunity established by the vaccine.

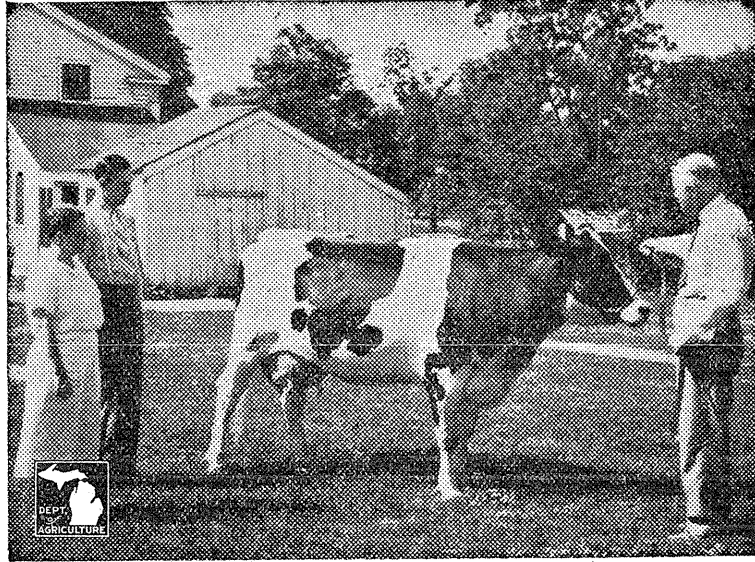

In the meantime, it is suggested that all good horses be immunized immediately with two doses of chick embryo vaccine to avoid losses which were reported in 85 different counties last year.

Horses that had the disease and recovered last year and horses that were vaccinated should be revaccinated, it is recommended by staff members of the division of animal pathology and hygiene.

It is hoped that tests under way at the college of agriculture will determine if horses are immune longer than eight months.

Suspicious clinical cases of sleeping sickness in horses have been reported from different sections of the state. However, tests of materials submitted to the laboratory of animal pathology and hygiene have as yet failed to yield the virus of the disease.

PLANS ARE COMPLETED FOR GOLDEN ANNIVERSARY FETE

Barlett Wager, steward at Pontiac State Hospital, assisting Alton B. Clark, recently appointed director of Bureau of Animal Industry of the Department of Agriculture, and Miss Sarah VanHoesen Jones of Rochester, president of Michigan Holstein Freisian Association and the state's only woman master farmer, selecting animals for show herd, which will feature golden anniversary observance of founding of State Institutional Herds at Pontiac July 25.

Lansing—July 25th is expected to prove one of the highlights in the history of Black and White herds in the nation, according to officials of the Holstein Freisian Association and state farm leaders, who today completed plans for the picnic to be staged at Pontiac in observance of the Golden Anniversary of the founding of the State Institutional Herds. Holstein breeders from throughout the state and nation, as well as national officials of the association and state officials, will participate in the event. The observance will be started at nine o'clock in the morning, with the inspection of the herd at Pontiac State Hospital, where 50 years ago the late Steward E. C. Smith arranged for the purchase of the first full bred Holsteins for use on State Institutional Farms.

750 Farm Women Meet July 23-28

Fourteen hobbies to pick from but plenty of time for rest and recreation are on the program that is expected to attract 750 farm women in all sections of the state for the annual Farm Women's Week at Michigan State College, July 23 to 28.

Women who attend will be able to stay out of the kitchen, get rest, recreation, entertainment and information in this annual midsummer event.

The hobbies offered an hour each morning include landscaping, literature, history, newswriting, entomology, vegetable gardening, floriculture, parliamentary usage, speech, foods and nutrition, home management and child development, clothing and home furnishings, recreation and nature study.

Devotionals, rest periods, get acquainted sessions, meals, recreation and opportunity to attend the summer school play are other features of the program.

To wind up the events is Friday,

July 28, designated by the college as the annual Farmer's Day when departments in the agricultural division and the Michigan Experiment Station undergo inspection of rural visitors. Phases of current experimental work and demonstrations of new methods and equipment are included.

Walnut Tree Pests May Be Abundant This Year

Advice has been received from E. I. McDaniel, associate professor of entomology, Michigan State College, East Lansing, that in all possibility Michigan will have another banner crop of walnut datana (walnut caterpillar) again this year unless some preventive measures are taken.

Caterpillars or the walnut datana can be killed when it is possible to spray using 3 pounds of lead arsenate to 100 gallons of water plus 1 quart of summer oil or a similar sticker-spreader. Spray should be put on with a rig giving both pressure and volume. Banding trees is not effective against the walnut datana because the adult moth has wings and flies to the top of the tree to deposit her eggs.

The spray applied immediately on or up to the 25th day of July should give a good kill.

TRUTH about ADVERTISING By CHARLES B. ROTH

FLY BY NIGHTS

WHENEVER Jeff Peters, the engaging hero in the book of O. Henry stories called "The Gentle Graftor," went into a new town and spread his samples of corn cure, ink remover, etc., out in front of him, he always took one precaution. He made note of how soon the next train left.

He had to. Jeff never knew what minute he'd have to fold up his kit and hot-foot it for the station, with policemen and angry customers in close pursuit.

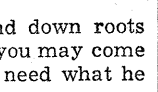

He was that kind of business man. We call them "fly by nights." They still infest our cities

and towns, but you never saw one of them advertise or build a lasting success.

The man who advertises for your patronage shows that he has foresight and courage. He wants to establish goodwill and to remain in business, and the best way for him to do these things is to send down roots and advertise so that you may come to him whenever you need what he sells.

Jeff Peters stands for the furtive parasite, hanging around the fringe of respectable society, dashing in and taking whatever he can, giving nothing in return, ready to flee at

any minute, always expecting to have to flee. The manufacturer or merchant who advertises, however, serves notice that he has become a member of the community and society. He announces that he intends to be your business friend and to warrant your patronage. And you buy from such a man with perfect assurance that you will always get your money's worth. And you do. It's possible for you to go into some stores and find merchandise which glib salesmen assure you is "just as good."

The fact that even they use advertised items as the standard of comparison, is proof enough that they recognize the permanent power of the force we call advertising.

You as a consumer get more for your money if, in all your buying, you avoid the Jeff Peterses of business and select whatever you need from the stores of merchants who advertise and who sell advertised goods.

A business organization which wants to get the most for the money sets up standards by which to judge what is offered to it, and in Washington the government has an elaborate Bureau of Standards.

You can have your own Bureau of Standards, too. Just consult the advertising columns of your newspaper. They safeguard your purchasing-power, every day of every year. © Charles B. Roth.

Best Egg Menus Picked at M. S. C.

Five of Michigan's best cooks were selected recently at Michigan State College to represent the state's outstanding eligibles for a national title to be conferred during the World's Poultry Congress to be staged in Cleveland July 28 to August 7.

Menus which entrants submitted had various origins. One woman said her chief recipe in the egg meal menu was obtained from the wrapper on a package of dried beef. Another said she found out how to serve a poached egg in soup by observing how Japanese served the soup while she was a missionary in Korea.

Five cooks from each of 24 other states also are now under consideration. Twenty of the 125 are to be invited to Cleveland for the finals.

Michigan's eligibles include Mrs. W. E. Otis, Mason farm housewife; Mrs. Walter Mulvaney, Battle Creek farmer's wife; Lois Bristol, Lansing home economics instructor; Mrs. Carl W. Nabeack, Ann Arbor farm housewife; and Mrs. Elizabeth Hurst, Litchfield teacher and librarian.

Three others invited to appear and prepare a complete meal from the menus and recipes they submitted were given honorable mention

New Farm Produce Storage Act Becomes Effective on Sept. 28

With the harvesting of wheat in full swing throughout Michigan, the Department of Agriculture is being deluged with requests for information regarding the new farm produce storage act, according to Commissioner Elmer A. Beamer. The department head pointed out that the act does not become effective until September 28 and that storage of all varieties of beans, wheat, oats, barley and other cereal grains, potatoes, grass and legume seed stored prior to that date will not be affected by the operation of the new law.

BEANS PLUS MORE BEANS.

Although Michigan produces nearly all of the nation's white pea or navy beans, it has but a one-third share in the total production of dry edible beans, the United States Department of Agriculture reports. Another state whose total approaches that of Michigan is California, followed in lesser order by Idaho, New York, Colorado and New Mexico. Varieties include kidney beans, dry limas, the mottled brown pintos, yellow eyes, pinks, red Mexicans, great northern, California whites and cranberry beans.

Conferred Degree on Lincoln in the spring of 1864, Princeton conferred the degree of doctor of laws on President Lincoln.

The department has no interest or supervision of farm produce stored previous to the effective date, other than for knowledge of storage of produce on hand at any warehouse on the date of issuance of license and its subsequent liquidation. A series of meetings of elevator interests covering the entire state is being planned for late August and early September to acquaint those affected with the steps necessary to become licensed and to comply in their operations with the terms of the act.

Angle Parking No More on the State Highways in Cities

Uniform regulations for parallel parking on all city or village streets on the state highway system will go into effect for the first time on September 29.

Section 27a of Act Number 189 of the recent session of the legislature banishes angle parking within city limits. The act does provide, however, that local authorities may by ordinance permit angle parking "upon highways other than state trunkline highways."

State Highway Commissioner Murray D. Van Wagoner joined with other safety and traffic leaders in welcoming this action by the legislature. He said that the elimination of angle parking on state trunkline highways within cities and villages would eliminate serious congestion problems and improve safety for motorists and pedestrians alike.

Skin Disorders Usually Curable; Need Treatment

By DR. JAMES W. BARTON

LIKE many other physicians I have repeated the old story about the skin specialist who jokingly made the statement that he had chosen to be a skin specialist because his patients never got him up at night, never died, and never got well. The idea of repeating the story was to show that skin ailments were often difficult to cure and required much patience from patient and physician. That the repeating of this joke has really done harm is stated by Prof. Carroll S. Wright of Temple university, Philadelphia, as guest editor in Medical World.

TODAY'S HEALTH COLUMN

Dr. Barton

"I have actually, on numerous occasions, had patients inform me that they understood that skin diseases, for the most part, are incurable, and a physician once told me that he had no interest in treating patients with skin diseases when even a skin specialist admitted that they never got well."

It can be understood then why patients with skin ailments will often neglect to undergo treatment if they believe it to be just a waste of time and money.

May Be Serious.

In answer to this old joke, Dr. Wright states that as a matter of fact he has been roused from bed by skin patients with severe pain, has seen patients die because of skin ailments, and fortunately the great majority of skin ailments "are entirely curable or can be greatly benefited by persistent medical efforts."

The eight most common skin ailments in a series of nearly 1,000,000 cases, in the order they occur, appear to be eczema, acne (pimples), scabies (itch), psoriasis (white) patches of silvery scales), seborrhea (dandruff), urticaria (hives), dermatitis venenata (inflammation due to touching substances of a chemical, vegetable or animal nature), and verruca (warts). Figures from the private practice of Dr. Jay F. Schamberg and Dr. Wright show ringworm to be as common as eczema.

Dr. Wright points out that the above diseases can be helped by treatment although the disease may return because the cause is not and perhaps cannot be entirely removed.

In order, then, that patients and physicians will get away from the idea that skin diseases cannot be cured, Dr. Wright says: "It is my belief that the results of treatment in skin diseases are at least equal, if not superior, to those achieved in other specialties."

Rheumatism Result Of Many Causes

Although rheumatism or arthritis is as old as man, it is only during the last 25 years that a knowledge of its cause, the damage it does and how best to treat it has become known. Figures prove that everybody past 50 years of age has arthritis to a less or greater degree.

Just as with other ailments, rheumatism or arthritis can only attack the individual if his tissues are in the necessary condition to develop rheumatism. And his tissues are put into this condition by infection of tonsils, teeth or other organs, which is carried to the joint and its surrounding tissues. Other causes which put his tissues into condition to develop rheumatism are cold and wet (indoor and out), changes in glands, overweight and underweight, injuries, poor posture—position sitting and standing, physical defects in spine, hips, shoulders and occupation. If one or more of these conditions is present in addition to the infection, a more rapid and more serious arthritis may follow.

"An adult complaining of pain, stiffness and disability in one or more joints which came on without causing much thought on the part of the patient and which progresses slowly may be assumed to be suffering with chronic arthritis.

Remove Infection Source. "There are the two types, atrophic (where joint actually loses tissue) and the hyperatrophic (where there is extra tissue—bone and gristle—formed in and around the joint)."

After removal of the cause—infected teeth, tonsils—any defects in the patient or his surroundings are corrected such as avoiding cold and dampness, then the usual treatment is rest, heat, passive or active exercise, together with a diet containing plenty of fruit and vegetables but cutting down greatly on starch foods—bread, potatoes, sugar and to some extent also on fat foods.

Treatment may be necessary for a long time after cause has been removed because of the need for better circulation to remove wastes from joints and surrounding tissues.

Goat Ranch Is Run By Widow and Boy

Unusual Career of Sixteen Years Is Disclosed.

WASHINGTON.—The almost unique career, for a woman, of a small, wiry, middle-aged widow who has supported herself for 16 years operating a goat ranch, was disclosed in an application from Mrs. Josie Medford, of Parkdale, Colo., for permission to graze her herd on public lands under the jurisdiction of the general land office.

One of the few women to be awarded the use of federal land in connection with the operation of a goat ranch, Mrs. Medford has been offered a five-year lease for approximately 800 acres of mountainous country in Fremont county, near Canon City, as a range for her animals.

For the last 16 years, it was disclosed, Mrs. Medford has been doing her own work, herding, milking, fencing, building and conducting the other chores incidental to the conduct of a ranch.

"She now has 150 milch goats that she grazes on her own lands and adjacent public range," an official report stated. "About half of these goats are milked every day and the milk is delivered at Canon City for shipment to Colorado Springs; she and a boy who lives with her, take turns in herding and hauling the milk to Canon City 25 miles away."

Emphasizing that Mrs. Medford's choice of an enterprise is far from easy, the report points out that goats are not turned loose on the range, but are carefully herded. The report concludes with this testimony as to the hardihood of Mrs. Medford:

"There are no improvements on the lands applied for, but she states that if she feels as energetic as she has in the past she will probably get out and fence these lands to keep the cow men off."

U. S. Navy's Air Force Equal to Any in World

WASHINGTON.—President Roosevelt and high naval officials were convinced by recent fleet maneuvers in the South Atlantic that the naval air forces of the United States equal, and perhaps surpass, those of any other nation.

Their opinion was based on a study of performance of the 600 planes—about one-third of the navy's total air strength—during two weeks of exercises in which assignments were carried out without incident.

Admiral William D. Leahy, chief of naval operations, praised the performance of both ships and aircraft during the maneuvers and said "reliability and effectiveness" of sea and aerial defenses was demonstrated. "The performance of aircraft in the maneuvers was, by far, the best I ever saw," Leahy said. "They carried out their mission without an accident. The advantages in the air were on the 'defense' side."

Mule Is Rated as Most Valuable Farm Animal

WASHINGTON.—The mule seems to be winning its fight for existence in the United States, but the horse is not doing so well.

A government survey shows there were 4,382,000 mules in the country in 1938. This was a reduction of 1 per cent from 1937 but the number of mules foaled in 1938, while smaller than the number of deaths of old mules, was the largest in 10 years. Officials found mules in every state, though too few in New England to be included in the figures. More than 80 per cent of the total was found in the South.

The survey showed 10,800,000 work-horses in the country, some in each state but more than 55 per cent in the North Central states. The total was 3 per cent less than in 1937, with the number of horses foaled in 1938 the smallest in six years. The work-horse total has declined about 50 per cent in the last 20 years.

The federal specialists rate the mule as the most valued of farm animals, giving it a national average of \$118, as contrasted with \$84 for the horse and \$56 for the cow.

Herb Specialist Makes Hamburger Kingly Dish

CLEVELAND.—By the addition of the proper herbs, hamburger can be raised to the gastric level of filet mignon, according to Miss Daisy Healey.

Miss Healey's hobby is collecting and experimenting with herbs. She raises them, too, and has created some new ones through experiments with combinations.

"I decided to have an herb laboratory after visiting an herb garden at Mount St. Albans, Wash.," she said. "In my herbarium are thyme and marjoram, which, with a bit of mystic mace, give a roast of beef or hamburger just the right flavoring." Miss Healey said her other aromatic plants include tarragon, linden, lavender, and bay laurel.

"Herbs should be used as a seasoning and not to overshadow the flavor of foods. They relieve the monotony of good, but plainly cooked meals," she said.

CHURCH NOTES.

Cass City Methodist Church—Sunday, July 23:

Morning worship at 10:00. The Rev. H. G. Bushong will preach on the topic, "Christianity's Answer."

The church school will be held at 11:15 a. m. with William Profit as program chairman. The Bethel Church is cooperating in the new union services and there is a marked increase in attendance, reaching 102 last Sunday.

First Presbyterian Church—The session of the church has voted to call a congregational meeting for Sunday, July 23, immediately following the morning service for the purpose of choosing a pastor.

First Czech Composition

The first specimen of Czech composition known to us, dating from the Middle Ages, consists of a hymn, beginning, prophetically enough, "Lord, have mercy upon us."

Skates 2,500 Years Old

The museum of Prague has a pair of skates believed to be 2,500 years old.

Opossum Near Relative of Wolf

The opossum is the American animal most nearly related to the Tasmanian wolf.

CIRCUS TO APPEAR HERE ON FRIDAY

Amusement lovers of Cass City will again have the opportunity of witnessing the first circus to appear in this town for more than five years when the Beers-Barnes shows appear in Cass City Friday, July 21.

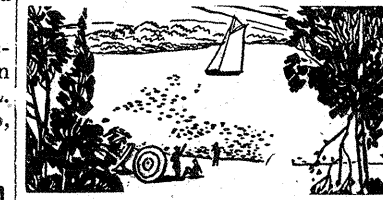

While it is an old established show with a reputation for fine performances and equipment, it is making its first visit to this section of the country, and promises to give one of the best performances of its kind for the price of admission.

Many well known performers of the circus world are this season appearing with the Beers-Barnes shows.

Among the acts this season are Aerial Mixons on the trapeze, Doris Barnes on the tight wire, Willis and Edwin, horizontal bar performers; Bozo and Ruth, Roman rings; Junk Brothers, comedy clown acrobats and many others.

For the lovers of trained animals they offer "Chubbie," a trained bear, whose fine performance has delighted thousands. She sits at a table and drinks, walks a wire, dances the rumba with her trainer and countless other tricks. Madam Tillie and her ponies, Billy, the broad jumping monkey and clowns galore.—Advertisement.

Oak Bluff Breezes.

Mr. and Mrs. Karl Ketchum arrived Saturday afternoon bringing with them Mrs. Grace Ketchum and Mrs. Jessie Hall. Mrs. Ketchum, who has been quite ill for some time, plans to spend the balance of the season at her cottage, and her sister, Mrs. Hall, will remain with her.

Mrs. Earl Wilson is spending the week here and Mrs. Howlett and son, John, are remaining another week at the Wilson cottage.

Harold Ballard and Mr. and Mrs. Kenneth Higgins are taking their vacations here this week.

Miss Myrtle Holmes arrived last week for the summer. The season isn't really begun until Miss Holmes arrives as she is one of the few real Oak Bluffers. Of the charter members of the Cass City Summer Home Club, only two are represented here now. T. H. Fritz and Mrs. Holmes owned their cottage together so we feel that Myrtle is necessary to our successful season. Mrs. G. H. Burke is the other member whose father was also a charter member of the club.

Sunday, Mrs. A. J. Knapp entertained at dinner her sister, Mrs. A. A. Hitchcock and Mrs. Edward Pinney.

Tennis fans are very much delighted with the new tennis court.

It is of regular size and the committee and a few volunteers are working long, hard hours to complete the work. The concrete for the shuffleboard court also is about finished and the workers hope soon to be players.

Mrs. J. D. Brooker was a guest for the day on Sunday at the Burke cottage.

Dr. and Mrs. H. H. Madigan returned to Saginaw Tuesday evening after spending ten days here.

Mrs. Edwards and daughters, Wilma and Mary, Mr. and Mrs. Raymond Green, Mr. and Mrs. A. H. Higgins, Mrs. Charles Striffler and Stanley Striffler were all Sunday resorters.

Mrs. Freeguard came Tuesday to spend several days.

Trapped in a Web of Evil Intrigue.

How a blood-stained flower . . . among several meagre clues . . . were enough to unravel an amazing tangle of blackmail that had baffled police, will be told in "The Red Carnation," a thrilling new tale of mystery by Burton Stevenson, opening chapters of which will be found in The American Weekly, the great weekly magazine, with the July 23 issue of The Detroit Sunday Times. Be sure to read this thriller about strange deaths and evil intrigues in New York's high-living, sophisticated Cafe Society.—Adv.
