

Wm. Kelley, Former Co. Drain Comm'r Died on Sunday

Served in Both Township and County Offices Faithfully for Many Years.

William Warren Kelley, former county drain commissioner and well known Novesta Township farmer, passed away Sunday, August 13, at his home three and a half miles south of Cass City after several weeks of illness. He was confined to his bed eight days and death was due to heart disease and uremia.

Burial services were held in the Deford Methodist Church of which he was a member on Wednesday afternoon and were conducted by Ali B. Jarman, pastor of the Novesta Church of Christ, assisted by Rev. Mr. Runkel, pastor of the Caro Methodist Church. Interment was made in the Novesta Cemetery.

Born in Dorchester, Middlesex County, Ontario, on December 4, 1864, Mr. Kelley came to Tuscola County in 1882 from Middlesex County and engaged in farming in Dayton Township where he served that community as township clerk.

Mr. Kelley and Miss Clara Melissa Hunt were married in Mayville on September 30, 1891. After a seven-year residence in Dayton Township, they moved to Novesta Township. Here he lived for 41 years and filled an important place in the affairs of that community. Mr. and Mrs. Kelley celebrated their 47th marriage anniversary, surrounded by members of their family on October 2, 1938.

Mr. Kelley served Novesta as town clerk for several terms and later was elected to the office of supervisor, a position his son, Walter, now holds.

For 20 years, William Kelley served Tuscola County as an officer. On January 1, 1907, he took his oath as county drain commissioner, having been elected at the preceding November election. After serving his two terms, he became deputy commissioner for his successor, Albert Hunter, and retired from that position for three years of the time of the incumbency of George Hall. When W. B. Hicks became commissioner in 1921, he naturally turned to his old neighbor and friend of many years, whose experience in the office would be of value, and appointed Mr. Kelley as his deputy. Through the six years that Mr. Hicks served as commissioner and through a like period in which Conrad Mueller occupied the office, Mr. Kelley was

Mrs. McCool, 83, Makes Flight from Portland to Detroit

Mrs. Phoebe Almira McCool, 83 years of age, who left Tuscola County 13 years ago to make her home in the West, made a plane flight from Portland, Oregon, to Detroit and is resting at the home of a granddaughter, Mrs. Robert VanTine, in Mt. Morris, after this, her first air line trip. She came to Michigan to visit her daughter, Mrs. Edwin Haley, of Saginaw, who is seriously ill in University Hospital, Ann Arbor. The trip from Portland to Detroit was made in a little more than 24 hours.

Mrs. McCool resided many years in Evergreen and Novesta Townships. Her present home is in Hillsboro, Oregon.

Fractured Hip in Fall on River Bridge

Mrs. Myrtle Deneen suffered a fractured right hip Saturday night when she fell after stepping into a hole in a plank bridge across the Cass River, southeast of Cass City.

Mrs. Deneen was returning home in an automobile with her son-in-law, Dan Hutchinson, when a tire went flat near the bridge and Mrs. Deneen and other members of the family decided to walk to their home nearby. She is in Pleasant Home Hospital.

Letter Carrier Hurt in Auto Crash

Joseph Tymoc of Cleveland, O., driving three and a half miles west of Fairgrove Saturday ran into the rear of the automobile of Arthur McCreedy, rural mail carrier from that village. Mr. McCreedy suffered some injuries and his car was smashed.

Mr. Tymoc paid both the letter carrier's doctor and garage bills.

Guess This One? Taken When We Were Young

There was a difference of opinion regarding the identity of the picture printed under this heading in the Chronicle last week. Dennis O'Connor thought it resembled William Kilbourn while four others registered their opinions that George West was the man. As usual in these guessing contests, the majority were correct.

Those who named Mr. West included Anthony Doerr, F. A. Bigelow, Mrs. Thomas Colwell and Mrs. F. E. Hutchinson. The picture was taken over 50 years ago.

Many Exhibits by Tuscola 4-H Clubs

148 Members Will Show 227 Animals in the Livestock Classes at the Fair.

4-H Clubs of Tuscola County will be well represented at the county fair next week.

In livestock, 92 exhibitors will show 120 dairy cattle, 22 will have 69 sheep on display, 18 will exhibit 20 head of swine, eight will show 32 chickens, 10 club members will have 12 head of beef cattle and six colt raisers will show that number of animals.

There will be 64 handicraft and 80 clothing exhibitors, each with two articles. These 144 honor members received gold seals in April which entitled them to enter the exhibitor ranks at the fair. Canning exhibitors number 59 and food preparation exhibitors 80, while the six in the garden division will each show a basket of vegetables.

4-H Club exhibitors will be guests at a banquet at the Caro Methodist Church next Thursday noon after which they will march to the fair grounds to witness the "million dollar" livestock parade at the county fair.

Speaker Advised Extensive Reading, Both Pro and Con

Roland Kern, Caro attorney, in an address before the Rotary Club at their Tuesday luncheon, at the Hotel Gordon, on the theme, "Basis of Our Beliefs," recalled the positive convictions of Americans on the questions concerning the World War, told of the insidious use of propaganda on both sides in those eventful days, and explained how ideas held then have changed considerably in 20 years. The public should be on guard regarding ideas presented on the European situation and national politics today, he said. Beliefs arise not from personal observations or critical examinations but from what others tell us. Man depends too much on hearsay, according to Mr. Kern, and he too often believes today what he wants to believe in respect to public questions. In other words that which would best serve his interests.

Man's politics and religion are to a great extent inherited beliefs, the speaker said. He should endeavor to shed prejudices and devote himself to clear thinking. Mr. Kern advised extensive reading pro and con on subjects in which a person desires information.

Edward Corpron was program chairman and presented Mr. Kern to his audience. A. C. Atwell was in charge of group singing with J. Henry Smith at the piano. Ellis Karr and William Osborn, who were sent to Camp Iroquois at McVior at guests of local Rotarians, were at Tuesday's luncheon and told of the good times they had in the two weeks they were in camp.

Milk Producers Serving Detroit Seek Higher Prices

Ask the Michigan Milk Marketing Board for a Cream Milk Class.

The Michigan Milk Marketing Board will be in practically continuous session during the next week, with hearings scheduled upon petitions for the establishment of three milk marketing areas for Flint, Saginaw and Kalamazoo and with an expected request for hearing by producers in the newly created Detroit area for increase in price above the \$1.90 per hundred established by the board and through the reclassification of milk. The board has mailed to 2,400 milk distributors in the state applications for licenses to operate under the provisions of the law. The applications, returnable prior to August 20, carry schedule of varying fees, based upon amount of milk handled, with an income to the board estimated at between \$20,000 and \$30,000.

The first order by the board establishing minimum prices paid to producers became effective during this week and milk was flowing into the Detroit area for the first time under the provisions of the Walsh-Patterson Act. The producers serving Greater Detroit are seeking an increase above present price of \$1.90 for fluid milk, and have indicated that they will seek different classification of milk. At present but two grades exist, fluid milk and all other milk. The producers desire three classes, fluid milk, cream milk, and all other milk. In the past, that milk processed to produce coffee and whipping cream for delivery to milk customers has been paid for on the basis of all other milk. Through the cream milk class, the producers are seeking a further increase in prices paid by distributors for their product.

Hearing in regards to the designation of the Saginaw area will be held August 21, followed two days later by similar hearing affecting Kalamazoo. On August 24, the board will receive further evidence upon the creation of Flint milk marketing area. Before these petitions may be acted upon, Agricultural Commissioner Elmer A. Beamer, chairman of the board, indicated today that other groups of producers would have submitted requests for creation of marketing areas.

Will Start 18th Year as a Teacher in the Birmingham Schools

Bumper Crops, Farmers Smile

The Conditions Are Most Promising for Large Yields This Season.

As contrasted with a near drouth and excessive heat in the Far West and some parts of the West and Northwest, Michigan has been blessed with ample moisture and a temperature slightly above average. The result of this favorable growing weather has been that the condition of fruit and field crops, with the possible exception of spring wheat, is above average.

Farmers in the Thumb of Michigan are smiling over the large crops of grain being garnered this season and the prospects of bumper crops to be harvested this fall. Those who travel through the country state that conditions look most promising for one of the best crops the farmer has had for several years.

Buyers of grain as well as farmers are greatly pleased over the unusually good qualities of wheat, oats and barley this season.

Several of the following items regarding crops have been taken from the Chronicle correspondents' budgets of news items:

Greenleaf Township.

Grain threshing in this community has been earlier than many other years, due to the fact that many of the farmers are threshing grain out of the field. This does away with the extra work of hauling the grain into the barn and also does away with the dusty barn threshings. The yield per acre has been especially good, wheat going anywhere from 20 to 45 bushels. Some oats went as high as 60 bushels per acre.

Elmwood Township.

A great many of the farmers in this vicinity have finished threshing their grain. Joseph Jankech, with barley averaging 75 bushels to the acre, has the largest average per acre. A great many farmers are averaging from 50 to 60 bushels per acre.

Elkland Township.

Dell Profit reports an abundant oat crop of 909 bushels from a 12-acre field which means better than 75 bushels to the acre. Geo. Russell has threshed 1,423 bushels of oats, 1,400 bushels of barley and 735 bushels of wheat this summer. Approximate yields were 60 bushels to the acre of oats. Turn to page 8, please.

Homecoming of the Novesta Baptist Church Sept. 3

The Novesta Baptist Church will begin a series of evangelistic meetings Sunday, August 20, with Rev. Ralph Didier as the preacher each night. The services will be held in a big gospel tent to be located on the church property. There will be services each night until Labor Day with the exception of Saturday nights. The public is cordially invited.

On Sunday, September 3, the church will hold a homecoming for all its former members and friends. On this day there will be services in the morning, afternoon and evening and a potluck dinner will be served on the grounds at noon. The society will enjoy the ministry of two missionaries from Africa at all the services in addition to the preaching of God's Word. These missionaries have a fine collection of articles made by the natives of Africa which they will display.

"You are invited to come and bring a basket of food and spend the day with us in Christian fellowship," says the pastor, Rev. Frank H. Collins.

Return Home After Delightful 2-week Trip to the West

After a most wonderful trip of two weeks, Mr. and Mrs. Audley Kinnaird and J. Ivan Niergarth returned to Cass City Sunday evening. Mrs. Niergarth, who was also a member of the group, remained at Attica, Indiana, to visit relatives for a week.

The Bad Lands of South Dakota were a wonder to the party as were also so many new public school buildings being erected in the barren country through the West. An outstanding feature of the Black Hills was Mt. Rushmore National Memorial, a rugged granite mountain on which is being carved the figures of George Washington, Thomas Jefferson, Abraham Lincoln and Theodore Roosevelt. The needles of the Black Hills was another outstanding feature.

From South Dakota, the new highway was taken to Yellowstone Park. They went into the park through the northern entrance and left by way of the southern pass. The scenic views as they were Turn to page 8, please.

H. P. Orr and Wife Killed in Auto Crash near Vassar

Orr Car Collided with a Bay County Road Truck on Monday Morning.

Herbert P. Orr, former state senator from the 20th district comprising Tuscola, Sanilac and Huron Counties, and his wife, Helen, were instantly killed two miles north of Vassar at 8:20 a. m. Monday when the car driven by Mr. Orr collided with a gravel truck of the Bay County Road Commission, driven by Theodore Rugenstein of Linwood. The accident happened at the intersection of M-46 and a Tuscola County road.

Mr. and Mrs. Orr were enroute to Detroit to attend the International Fraternal Congress in that city. Mr. Orr, as president of the Gleaner Life Insurance Society, was to have been one of the principal figures at the session. He was driving south on the county road and Mr. Rugenstein was traveling west on M-46 with the gravel truck. At the intersection next to the Belknap School, Orr's automobile struck the side of the truck's cab near the gravel box which contained six or more tons of gravel. The impact sent automobile and truck into the roadside ditch on the south side of M-46 with the gravel box dislodged from the truck and lying between the two vehicles.

Rugenstein, 44, the driver of the truck, sustained slight injuries. Mr. Orr was born near Caro on September 16, 1882, of American

parents of Scotch-Irish descent. His primary education was acquired in district schools and the Caro High School. He graduated from the law department of the University of Michigan in 1905 and practiced law in Caro until 1909 when he was appointed actuary in the state insurance department. In 1910 he was made deputy in the same department and held this position for five years when he resigned to become manager of the

Herb Orr Day at Cass City Swimming Pool.

M. B. Auten, in expressing the debt of appreciation the Cass City Rotary Club owes Herbert P. Orr, who was instrumental in its organization, proposed at the Rotary Club luncheon here Tuesday that the local club sponsor, in his memory, a Herb Orr Day at the swimming pool in Cass City to which school children of Caro would be invited to spend one day this summer. Mr. Auten proposed that the local club arrange for transportation from Caro and return, give Caro school children the use of the pool, and serve them with refreshments at the conclusion of their day of frolic. Such a gesture to bring happiness to young people, he said, would be in line with the desires of the man who fathered the organization of the club here and made the first year in Rotary history in Cass City a successful one.

The proposal was adopted unanimously. Robt. Keppen, vice president of the club, who presided Tuesday, named Mr. Auten, who was the first president of Rotary here, chairman of a committee to arrange for the event.

CHEERING CROWDS.

People who live near some place where baseball and football games are going on sometimes say they are tired of the yelling and cheering of the spectators.

In some countries the sound of the crowd would be likely to mean that discontented people were rising in riots and demonstrations against the government.

In America the noise of the crowd means just the opposite thing, that people have found happiness in sport. It is a sign that on the whole American life, with all its troubles, is yet essentially happy.

CAMP REVELATIONS.

You can get some idea what people really are, by the way they behave in camps where work is to be done. It is pointed out that if young men and young women could be members of some nice party at a camp before they became engaged, they would have better chances of getting acquainted.

If the girl friend persisted in going out in the canoe about the time she was supposed to help wash the dishes, it would be a sign she was not so good for a permanent mate.

Many of these thinkers occupy positions of influence, but in the main these thinkers are just plain folks like ourselves.

GIRL ATHLETES.

The old timers of a former generation would be amazed were they to come back to earth, and see the prominence which girl athletes have achieved in swimming, tennis, golf, and many sports.

These athletics have made women more charming, they have immensely improved their physical condition, and they have given them opportunities to meet men in a healthful way.

SELF RELIANT TOWNS.

There is an old saying that "God helps those who help themselves." It applies not merely to individuals but also to cities and towns.

One thing that helps communities more than almost anything else, is a high standard of neatness and beauty. If the homes are well kept and made attractive, the community obtains a high reputation as a desirable residence town.

In promoting progress in the home town, one good worker is worth a dozen critics.

The friends people have push them ahead in life. So a city is pushed ahead by its friends.

Satellites in Astronomy. Satellites in astronomy are opaque bodies that revolve around planets. All the planets except Mercury, Venus, Pluto and the Asteroids are known to be attended by satellites.

Compare THE LOW PRICED CARS AND YOU'LL Choose THE

FORD V-8!

Are you "fed up" on motor car claims and counter-claims? Here are some FACTS—and FIGURES—on the 1939 Ford V-8. We think they indicate that behind the STYLE LEADERSHIP of the Ford V-8, there's QUALITY LEADERSHIP!

WORLD'S MOST MODERN AUTOMOBILE ENGINE

BIGGEST HYDRAULIC BRAKES!

V-type engines hold records on land, sea and air. Every high-price car in America has eight—or more—cylinders. Yet ONLY FORD gives you a V-type "eight" in a low-price car!

The Ford V-8 has the LARGEST DIAMETER BRAKE DRUMS, and largest SERVICE BRAKE-LINING AREA, of any leading low-price car! Hand brake operates rear wheel brakes.

BEST GAS MILEAGE

In the 1939 Gilmore-Yosemite Economy Run, an 85-hp. Ford V-8 averaged 24.57 miles per gallon (as reported in Motor Age)—BEST GAS MILEAGE of the leading low-price cars!

The Ford V-8 springbase is 11 inches longer than that of one leading low-price car, 9 inches longer than that of the other. Yet ease of handling and parking is not decreased!

SOFTER SEAT CUSHIONS

Actual scale drawings show the SOFTER, THICKER SEAT CUSHIONS in the Ford V-8, compared with another leading low-price car—6 rows of luxury springs, compared with 2!

Comparative drawings show you Ford's DOUBLE REINFORCED X-TYPE FRAME, beside frame of another low-price car—typical of FORD QUALITY LEADERSHIP!

AND ALL THIS IN ADDITION

- Style Leadership! • Scientific Soundproofing! • Triple-Cushioned Comfort!
Center-Poise Ride! • Stabilized Enclosed Chassis! • Low Prices Include Complete Equipment!

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

President's Political Activity Since Congress' Adjournment Shows Heavy Interest in 1940

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

POLITICS:

Rebuttal

Home in Hyde Park, Franklin Roosevelt probably reviewed editorial opinion on his recent seven-month debate with congress. The public thought congress had won, for it killed his lend-lease and housing bills, defeated his neutrality program and passed the Hatch "clean politics" bill. Not so evident were his victorious defense and relief programs and his retention of the \$2,000,000,000 currency stabilization fund. On three successive days, therefore, he went before the people, first to boast, next to scold, last to warn.

Signing the Ashurst bill (creating an administrative officer to supervise federal court budgets) he announced that all goals of his 1937

UTAH'S SEN. KING
"I don't see how..."

court reorganization proposal had been realized, six of them by laws and the seventh (change in attitude) "through opinions of the Supreme Court itself.

Next day observers thought he let a cat from the bag. Discussing his neutrality and lend-lease defeats, he borrowed an analogy suggested by his wife—a precipice—to which he said congress is leading business, and over which it may plunge "next spring."

Placing it on a gambling basis, the President said a G. O. P.-Democratic coalition had made "two bets with the nation": (1) On continued peace, and (2) business' ability to absorb wage earners who lose WPA and PWA jobs "next spring."

Some thought it possible the President was gambling too, staking his 1940 candidacy on next spring's prospects. If there is a war and/or heavy unemployment, congress will be wrong and Mr. Roosevelt right, thus justifying a third term attempt.

Certain it was that no politician without interest in 1940 would have delivered the message President Roosevelt sent next day to young Democrats convening in Pittsburgh. Smoothly laying the groundwork for some action, perhaps a retirement from politics, possibly a coup to keep the Democratic party "liberal," or possibly for a new third party, he sent this warning: "If we nominate conservative candidates, or lip-service candidates, on a straddle platform, I personally for my own self-respect and because of my long service to, and belief in liberal democracy, will find it impossible to have an active part in such an unfortunate suicide of the old Democratic party."

Meanwhile, members of congress took exception to the precipice analogy and wondered if Mr. Roosevelt had the right man leading the right horse to doom. Said Michigan's Rep. Earl Michener: "The coalition... has stopped the American people just before they went over the financial precipice." Said Utah's Sen. William H. King: "I don't see how anyone can contend consistently that when we appropriated nearly \$13,000,000,000 for next year, congress was not doing everything within its power, provided spending is the answer."

CONGRESS:

How Much?

How much a so-called "\$13,000,000,000 congress" actually appropriated and spent became the compu-

NEWS BITS

TAXES—In Washington, the National Association of Manufacturers brought out figures alleging that U. S. taxes have climbed 640 per cent since 1913, much more than Britain (430 per cent), whose exorbitant levies are often used as a basis of comparison with U. S. taxes.

DICTATOR—In Spain, Gen. Francisco Franco made himself supreme dictator, set prisoners to work digging trenches 20 feet from the frontiers of Britain's Gibraltar.

WED, at Chicago in his iron lung, the self-styled "boiler kid" of infantile paralysis fame, Fred Snite, and Miss Teresa Larkin, 25,

tation job of Budget Director Harold D. Smith. His decision: Congress appropriated more than \$13,000,000,000 but included some funds spent before July 1 and some to be spent in future fiscal years. For the 1939-40 year he figured the total was \$10,472,354,914, or \$260,937,376 more than President Roosevelt's budget estimate. Previous year's record: \$9,268,338,030, which exceeded treasury receipts by \$3,600,514,404.

Meanwhile the matter of appropriations became a political football. Senate Majority Leader Alben W. Barkley said it was less than \$10,000,000,000 because several re-appropriations were included. New York's Rep. John Taber placed it at \$14,061,596,619, with about \$1,000,000,000 each being spent before and after the current fiscal year. Publicly denouncing a public debt he said had reached \$53,895,100,000 (including \$13,000,000,000 government corporation debts) and pointing to an alleged 60 per cent payroll increase since 1933, Mr. Taber probably helped speed President Roosevelt's appeal next day that departments and agencies slash their next year's budget requests.

Also in Washington: Social security stopped receiving claims for lump-sum old age insurance benefits, and prepared to inaugurate new monthly benefit payments to workers over 65 who have paid taxes on their incomes the past 18 months.

California's Rep. Frank Buck, after conferring with the President, predicted serious consideration of a plan to broaden the personal income tax base and increase the basic rate. House Minority Leader Joseph Martin announced Republicans will have definite programs on at least three major topics—housing, agriculture and reciprocal trade agreements—to present at the next congress as alternatives to administration measures.

EUROPE:

Tension Up

"Hostilities began at 8 p. m. The declaration of war between Eastland and Westland was quickly followed by a series of bombing raids by Eastland along the east coast of Westland from Wash to points north of the Thames estuary. Eleven sudden raids were made on this territory during the first forty minutes... Two raids have been made on South London and anti-aircraft batteries have been heavily engaged."

In London early-to-bedders were irked because Sir John Anderson, chief of air-raid precautions, made them stay up late to test effectiveness of their new dark shades. It was "blackout" night, the most comprehensive trial yet made of facilities with which England hopes to foil an invader from the continent. When morning came, Londoners

ALBERT FORSTER
"Pfui!"

read the above account of proceedings, also reading that nine army air pilots had been killed. What made the "war" news seem the more realistic was word from the continent that Albert Forster, the Nazi "Fuehrer" of Danzig, had flown to Berchtesgaden for conferences with Adolf Hitler.

German-Polish tension had previously been heightened when (1) a German airliner was fired upon while passing over Gdynia; (2) a Warsaw paper had warned Poland would bombard Danzig if political union with the Reich were proclaimed, and (3) Danzig's semi-official newspaper Vorposten, asserted the city was "prepared for defense against Poland's war threats."

All Europe watched Fuehrer Forster's return from Berchtesgaden. Interest heightened when he proclaimed a Danzig mass meeting.

That night, while his mob cried "Pfui!" at every mention of Poland, shrewd Fuehrer Forster resorted to time-tested dictator tactics. On Poland's shoulders he heaped a charge of plotting to seize not only Danzig but East Prussia as well. No sooner had this untruth raised German-Danziger resentment to a fever pitch than Herr Forster made the simple announcement that his brown shirted followers have made full preparations to reunite the ancient free city with Germany.

AGRICULTURE:

More Stamps

In Washington, Secretary of Agriculture Wallace at last took out of the experimentation stage his latest—and one of his most successful—plans to get rid of food surpluses. For three months the food stamp plan was tested in Rochester, Dayton and Seattle, expanded to Birmingham and Des Moines, and finally to Shawnee, Okla. At all but the latter place, relief families were fed by sale of orange stamps (for buying regular foods) and free distribution of blue stamps (for buying surplus foods). At Shawnee, low-income families tried the plan.

Not until early August did Mr. Wallace uncross his fingers. Then,

SECRETARY WALLACE
Uncrossed his fingers.

pronouncing the stamp plan successful, he announced it will be expanded on a national basis very soon. If it works nationally like it has at Rochester, farmers will be happy. In the three-month trial there, food sales were upped 8 per cent.

Forecast

Not until August 1 can any year's agricultural yield be accurately gauged. Simultaneously this August the U. S. department of agriculture and European sources released their predictions, the first on cotton, the latter on grains alone. Both looked bad:

Wheat. If big crops bode war, Europe must have war this autumn. Germany stored her surplus wheat in dance halls and gymnasiums. In the hot Danube basin, the Ukraine and the Vistula's valleys peasants brought in a crop that sold at the lowest price since 1929. In Rome, the International Institute of Agriculture forecast the largest wheat crop since the World war, excepting last year. With Soviet and Canadian production up, with devaluation of far eastern silver destroying purchasing power, the institute gloomily predicted a glutted market through 1940 and 1941.

Meanwhile U. S. farmers considered themselves lucky. Although Chicago wheat prices would normally be between 35 and 40 cents, and on the farm, 30 cents (customary differential under Liverpool prices), they are actually about 10 cents above Liverpool. Reasons: (1) U. S. loans to farmers on stored wheat keeps the supply down and the price up; (2) production this year was down 20 per cent, producing a crop about equal to the nation's need; (3) the U. S. pays a bounty to exporters of wheat, amounting to \$28,000,000 on 118,000,000 bushels last season.

Cotton. Biggest cotton news was the Export-Import bank's credit sale of 250,000 bales to Spain, taken as a gesture to woo General Franco away from the Rome-Berlin axis. Meanwhile the International Cotton federation closed its Zurich meeting by cabling Secretary of Agriculture Henry A. Wallace in protest against U. S. export subsidies. In Washington the August 1 forecast was released, painting a somewhat brighter picture: Placed at 11,412,000 bales, the yield would be 531,000 bales under last year, and 2,388,000 bales less than the 10-year (1923-37) average. But there will still be a carryover of about 13,000,000 bales.

MEDICINE:

Mary Heart

Into a little maternity hospital in the center of Manila's slums walked Mrs. Manuel Quezon, wife of the Philippine commonwealth's president. Like scores of others, she came to see a phenomenon recorded only once before in medical history. Sound asleep after feeding from an eye-dropper was a seven-pound baby, normal in every way except that her heart was completely outside her body. While physicians watched fascinated through a stemless cocktail glass placed over the heart, they wondered whether to operate. Having baptized her child Mary Heart, the devout mother said she believed her infant's condition was caused by her worship of a picture which showed Jesus Christ with his heart exposed.

ASIA:

Hush Settlement

One month ago Russia and Japan were ready to wage war over oil and coal resources in Russia's half of Sakhalin Island. Reason: Jap concessionaires refused to hike wages of Russian workers. Both nations reinforced border garrisons and Jap warships rushed to the scene. At both Moscow and Tokyo, there was no sign of surrender. Almost unnoticed in the press a few weeks later was the humiliating outcome for Japan: Concessionaires granted a 15 per cent wage increase.

Mrs. Ernest Wood and twin daughters, Beverly and Barbara, of Northville were guests at the Claud Wood home Monday and Tuesday. Beverly and Barbara remained and are spending the week with their aunt and uncle.

In honor of her thirteenth birthday, Colleen Moore, daughter of Mr. and Mrs. Glenn Moore, entertained a number of her friends at a wiener roast Monday evening at her home, corner of Houghton and Sherman Streets.

Mrs. Stanley Fike of Cass City, her sister, Mrs. Gertrude Buss, of Sandusky and their brother, Peter Heronemus, and his wife from Decker returned Monday evening from a trip through Northern Michigan and the Canadian Soo.

A delightful time was that of Monday evening, when the Happy Dozen met at the home of Mrs. Margaret Levagood for a potluck supper and social evening. Mrs. Emma Shaw of Marine City and Miss Emma Lenzer were guests.

Mr. and Mrs. Ray Aldrich and daughter, Shirley, of Plymouth came Friday to visit Mrs. Aldrich's parents, Mr. and Mrs. Arthur Stewart. Mr. Aldrich returned home Sunday and his wife and daughter will remain here for the remainder of the week.

L. E. Borton of Flint was a week-end guest in Cass City. Mrs. Borton and children, who had spent a week with Mrs. Borton's mother, Mrs. Gertrude Ertel, returned home with him Sunday. Madeline Ertel accompanied them to Flint and is spending a few weeks there.

Mr. and Mrs. Thomas Colwell accompanied their son, Roy Colwell, his wife and children, Pearl and Allen, of Saginaw to Spencerport, New York, Thursday morning. On Saturday, they will attend the Palmater reunion in the home of Mrs. Thomas Colwell's sister, Mrs. Louisa King, at Spencerport. The Colwells will take a trip through Ontario before returning home and will be gone about a week.

Mr. and Mrs. Richard Mugan and daughter, Winnifred, of Oakland, California, left Sunday after a week's visit with Mrs. Mugan's parents, Mr. and Mrs. Charles Ewing. Mrs. Mugan was formerly Miss Margaret Ewing. Mr. and Mrs. Ewing, Mrs. Mugan and daughter visited Mrs. Dick Barkell at Lansing a few days. Mrs. Barkell is also a daughter of the Ewings.

The twenty-fifth annual reunion of the Holcomb family was held Saturday in the Yale City Park. Fifty relatives were present from Port Huron, Brown City, Detroit, Highland Park, Capac, Flint, Holly, Downingtown, Avoca, Alba, Yale and Cass City. Officers elected for the coming year are: President, Mrs. Martha Staley of Holly; secretary-treasurer, Mrs. Doris Slater of Flint. Levi Holcomb of Cass City acted as chairman during the business session. Next year's reunion will be held August 10 at the same place.

GRAYLING'S TROUT "FACTORY"

Photo by Mich. Dept. of Cons.

Production of fingerling trout at the Grayling state fish hatchery, shown above, will increase materially when remodeling activity now being carried on with CCC assistance is completed. New rearing ponds are under construction, a pump house is being built and grounds are being landscaped. The hatchery, producing principally brook trout, with smaller numbers of brown and rainbow trout, now supplies several million fingerling trout annually for planting in Michigan waters.

Mr. and Mrs. Jesse Bruce of Pontiac were week-end guests of Mr. and Mrs. Roland Bruce.

Miss Christina Graham spent last week with her sisters, Mrs. William Bottrell and Miss Millicent Graham, in Flint.

Miss Margaret Jean Orr, who has been attending Cleary Business College at Ypsilanti, returned to her home here Friday.

Ralph Ward, William Profit, Garfield Leishman and Ephraim Knight were business callers near Harrison Wednesday of last week.

Jerry Parker of Owendale and Miss Rose Herrington called on Mr. and Mrs. William Ashmore, Sr., of Gagetown Sunday evening.

Mr. and Mrs. Howard Francis of Kingston and Mr. and Mrs. Omar Glaspie left Sunday to spend a few days with relatives in Grand Rapids.

Mr. and Mrs. Frank Orr of Temperance were week-end guests of Mr. and Mrs. Morton Orr. Frank Orr is a brother of Morton. Mrs. Morton Orr returned with them to Temperance and is spending the week there.

The annual house party of the missionary societies of the Huron Baptist Association was held on Thursday and Friday of this week at the community camp, six miles south of Lexington. Those from Cass City who are attending include Mrs. Elmer Bearss, Mrs. Mary Strickland, Mrs. Joe Clement, Mrs. George Gekeler, Mrs. Homer Silvernail and Mrs. Stanley McArthur. A number of state speakers will be present.

Mrs. Harriet Dodge and Mrs. Andrew Bigelow visited relatives in Detroit Monday and Tuesday.

Miss Alison Spence of Saginaw visited her parents, Mr. and Mrs. James J. Spence, over the week-end.

Mr. and Mrs. Robert Dillman and daughter of Detroit spent last week at the Striffler cottage at Oak Bluff.

Mr. and Mrs. Harry Young and Mr. and Mrs. Glenn Folkert left Tuesday to spend a few days at Traverse City.

IN MEMORY of Mrs. Charles Kilgore who passed away August 19, 1938: The days are sad without you And nothing seems just right; A face we dearly loved has gone A heart so kind and bright. There is always some one who will linger Around the spot where you are laid, Who will come and scatter flowers On the grave that Christ has made. Sadly missed by husband, Charles Kilgore.

KITCHIN- VANHORN.

Miss Hester E. Kitchin and Alvin C. VanHorn were quietly married August 4 at the Free Methodist camp grounds at Bethel Park, West Flint, Michigan, by Rev. Frank Orchard, pastor of the Wilmot and Evergreen Free Methodist Churches. The couple were attended by Mr. and Mrs. Donald Silvernail of Flint.

The bride wore a long dress of white dotted Swiss and had a corsage of pink glad-bells and yellow roses. The bridesmaid wore a blue lace dress with taffeta trim.

The couple spent a week camping at Indian Lake and will be at the home of the groom's parents, Mr. and Mrs. J. E. VanHorn, of Kingston until August 30.

The bride was graduated from the Cass City High School in 1936 as co-valedictorian of her class and took a bachelor of science degree from Central State Teachers' College at Mt. Pleasant August 3.

Mr. VanHorn graduated from the Caro High School in 1931 and is now a ministerial student at Spring Arbor Seminary, Spring Arbor, where they will make their home the coming year and where Mrs. VanHorn will do part time teaching in art and work on an associate in religion.

WILLIAM KELLEY, FORMER COUNTY DRAIN COMM'R. DIED ON SUNDAY

Concluded from first page. the commissioner's right hand man. It was the claim of friends of Mr. Kelley that he was the best posted man on drainage matters in Tuscola County which has one of the most extensive systems in the state. Not only was his acquaintance with the county's drainage system of value to his superiors, but he was a student of drain laws of which there are many.

There are many opportunities in the work of county drainage for misunderstandings and disagreements, but it is said that no matter how trying a situation in the adjustment of drain matters might become, Mr. Kelley always maintained an even temper. There are few people who can say they ever heard him raise his voice in anger or show discourtesy to any person with whom he came in contact officially or in private life.

While employed in the drain commissioner's office, Mr. Kelley listed in a separate book for ready reference, all of the drains in the county by townships, and their courses by sections are indicated from outlet to headwaters.

Mr. Kelley leaves his widow; ten children, Walter, of Cass City, Scott of Mayville, Jesse of Caro, Maurice of Flint, Mrs. Francine Charlton and Mrs. Freda Wagg, both of Fairgrove, Harley at home, Mrs. Fern Severance of Akron, Robert Kelley of Paw Paw, and Mrs. Ruby Evans of Gageton; two sisters, Mrs. Bessie Johnson of Royal Oak and Mrs. Margaret Gansney of Detroit; and two brothers, Hiram Kelley of Cass City and Osborn Kelley of Saginaw.

Relatives and friends came from Ingersoll, Ontario, Detroit, Royal Oak, Birmingham, Saginaw, Lapeer, Flint and Lansing to attend the funeral services on Wednesday.

'Ours,' Sisters Shout

When officials of Rockville, Md., dedicated the city's new \$77,000 post office they encountered difficulties. Mrs. Elizabeth Wimsatt of Washington, D. C., erected a warning sign, declaring that she and a sister were among eight heirs of the former owner of the site and had received nothing from the government. After much wrangling, the chief of police persuaded the adamant sisters to leave the property quietly.

Discovery of America America in all probability was "discovered" a great many times before European history made any definite record of the fact. A Norse sea captain, one Herjulfson, was blown out of his course while taking a load of colonists to Greenland in 986 A. D., and sighted the coasts of Newfoundland and Labrador. He did not land, but his story moved Leif Erickson to investigate, and he, in 1001 A. D., visited Nova Scotia, New England and probably lands farther south. But none of the discoveries really "took" until that of Columbus, October 12, 1492.

By L. L. STEVENSON

Creepy: A friend of Paul Wing's told him this tale as a true story: The friend, with several companions, was driving toward Westchester. A woman thumbed a ride. Ordinarily, he pays no attention to hitchhikers but as the woman looked weary and destitute, he gave her a lift. After riding for some time, the passenger announced that she had reached her destination. The only way she could repay the courtesy extended her, she said, was by telling the fortune of one of the women in the car. None cared to have her palm read, however. Then the woman announced: "I will make a prophecy. If you carry a corpse in this car before midnight, Hitler will be dead before the first of May." All laughed at the prediction. On the way home that night, a policeman stopped the car and asked that an injured man be taken to a hospital. Before the hospital was reached the man died.

Financial. Mana-Zucca, blonde composer of "I Love Life" and other well-known numbers, who recently broke into swing with "Two Little Shoes," maintains a year-round home at Miami, overlooking Biscayne bay. Recently annoyed by her gardener's failure to finish seeding the lawn, she sent him a vigorous note of disapproval. The gardener showed the note to friends and was surprised to receive an offer of \$5 cash for it. A second and more vigorous note followed and that was sold at an even higher figure. Some time later the gardener showed up and was admonished severely by the composer.

"Why didn't you answer my notes?" she demanded. "I was hoping you'd send me a new one every day," was the calm answer. "They pay a lot better than gardening."

Good Deed: On the bulletin board of the Majestic theater, where that Dwight Deere Wiman smash hit, "Stars in Your Eyes," is playing, is the picture of a little Spanish boy with a sad look in his eyes. His name is Hipolito Carreras and he is 12 years old. He is an orphan of the Spanish Civil war. The reason his picture appears on the stage of a theater in New York, when there are so many thousands like him, is that the cast of "Stars in Your Eyes" has officially adopted him through the Foster Parents plan. Hipolito is at present in a refugee camp in France, near the Spanish border. He will be transferred to a regular children's colony where he will be raised and educated for useful manhood. And a salute to each and every member of the cast of "Stars in Your Eyes."

Correspondence: The Andrews sisters report that these days mash notes come from the following types of males: High school boys who like to make their girl friends jealous by displaying a letter from a celebrity; callow youths who are too backward to express their feelings and who find an outlet in writing to girls they have never met; married men who are on the outs with their wives; smart alecks who think they can play rings around a Gable in penning torrid love blurbs; ambitious lads who'd like to marry a money-making gal—and manage her affairs, and old bucks who have become tired of whittling and have taken up letter writing.

Skip It: According to the recollection of Ernie Holst, who supplies dance rhythms at the Glass Hat, Robert Morley, John Gielgud, Noel Coward, Reginald Gardiner and other noted English performers who have dropped in from time to time have always avoided the dance floor when he swung into a rumba. It seems that some seasons ago, in one of the Cochran revues in London, there was a skit burlesquing rumba dancers, and the English, still recalling it, are wary. At least, that is the explanation Holst got when he made inquiries.

End Piece: Night clubs featuring Hawaiian music seem to be doing a good business. To me, that's entirely understandable. It's obvious that there are plenty of folks who, even as I, are curious to find out if there is on this earth just one Hawaiian number that doesn't sound exactly like all other Hawaiian numbers. © Bell Syndicate.—WNU Service.

1,560 Claim Fortune That Napoleon Seized PARIS.—A fortune of \$1,570,850 which has been in the possession of the state of France since the days of Napoleon is claimed by 1,560 self-styled heirs from all over Europe. The fortune is that of Jean Thierry, member of an ancient Champagne family, who died in Italy. It was seized in 1796 by Napoleon when he marched into Venice and carried it to Paris, where it has since remained. © Bell Syndicate.—WNU Service.

Eggs Next to Milk In Protein Value

Minerals and Vitamins Important Constituents

By EDITH M. BARBER

WHEN we speak of eggs in connection with food, we do not think it necessary to designate chicken eggs. While man has been known to eat the eggs of almost any bird, when food supplies were scarce, generally speaking, he limits his use of eggs to one kind. One of the reasons for this is the delicate flavor which a good chicken egg has.

Wild fowl were first domesticated in India for the purpose of producing fine fighting cocks. Cock fighting was a favorite sport and hen production was merely incidental. From India the chickens were introduced by way of Europe into the Western world and today, the production both for the sake of the meat and for the eggs is one of our largest industries.

Eggs rank next to milk perhaps in food value. The protein is of high quality and the minerals and vitamins are important. Most of these are found in the yolk which is generally the first food to be given to infants, if we except milk, the natural food. Except in fried form, eggs cooked by any method are rapidly digested.

Poached Eggs and Mushrooms. 1/2 pound mushrooms 4 tablespoons butter 4 tablespoons flour 1 teaspoon salt 1/2 teaspoon pepper 1 1/2 cups milk 1/2 cup cream 6 slices bread 6 poached eggs Slice mushrooms and simmer 10 minutes in butter. Stir in flour, salt, pepper and gradually add milk and cream. Cook until thick and smooth and keep warm while preparing toast and poached eggs. Place the mushrooms on the toast and top with a poached egg.

Baked Omelet.

1 1/2 cups milk 1/2 teaspoon salt 3 tablespoons corn meal 3 eggs 1/2 teaspoon Worcestershire sauce Scald the milk in a double boiler, add the salt and corn meal. Stir until thick, then cook for 30 minutes. Add to the beaten yolks of eggs. Add Worcestershire sauce. Fold in the stiffly beaten egg whites. Pour into a greased baking dish and bake in a moderate oven (350 degrees Fahrenheit) until firm, 30 minutes.

AND THESE NEED EGGS

Chinese Cookies. 6 tablespoons shortening 1 1/2 cups sugar 4 eggs 1 1/2 cups finely ground almonds or Brazil nuts 2 teaspoons grated orange rind 1 teaspoon grated lemon rind 2 1/2 cups flour 1/2 teaspoon salt Cream shortening and sugar thoroughly. Beat in eggs one at a time. Add nuts and grated rind and beat until very light. Gradually stir in the sifted flour and salt. Drop by teaspoon onto a greased cookie sheet and bake in a hot oven, 400 degrees Fahrenheit, for 10 minutes or until light golden brown.

Mock Hollandaise Sauce.

1 cup thin white sauce 2 egg yolks 3 tablespoons butter 1 tablespoon lemon juice Gradually pour the hot white sauce into the well-beaten egg yolks. Stir in the butter and lemon juice and continue stirring over hot water until the butter is melted.

Swedish Almond Cookies.

1/2 pound shelled almonds 3 egg whites 1 cup granulated sugar 1/2 teaspoon cinnamon 1 teaspoon grated lemon rind Wash but do not skin almonds. Dry in a moderate oven 10 to 15 minutes and then put through a food chopper. Beat egg whites stiff. Fold in ground almonds, sugar, cinnamon and lemon rind and drop from a teaspoon, onto a greased baking sheet. Bake in a slow oven, 300 degrees Fahrenheit, for 15 minutes. Cool and store in a tightly covered container. These cookies will keep a long time and will improve in flavor.

Lemon Filling.

3 egg yolks 1 1/2 cups sweetened condensed milk Juice of 3 lemons Grated rind of 1 1/2 lemons 3 egg whites 6 tablespoons sugar Beat egg yolks, add milk, lemon juice and rind and mix well. Pour filling in pie plate lined with pie crust. Cover with a meringue made by beating the egg whites and adding the sugar. Bake in a slow oven, 325 degrees Fahrenheit, just until the meringue is delicately brown. Chill two to three hours in the refrigerator.

Quick Refrigerator Dessert.

1 cup cream 2 egg whites 1/2 cup crushed and sweetened fresh or canned fruit 1/2 cup finely chopped nuts Whip cream, beat egg whites, and combine. Flavor with crushed fruit. Put in sherbet glasses and chill in refrigerator. Sprinkle with chopped nuts. Lady fingers or slices of sponge cake may be used to line the glasses. © Bell Syndicate.—WNU Service.

Oak Bluff Breezes.

Mrs. A. H. Higgins is occupying her cottage this week.

Dr. and Mrs. M. M. Wickware returned to Detroit on Sunday after spending about ten days here.

Mr. and Mrs. Lewis Walton had as their guests last week, Mr. and Mrs. Glen Montague of Caro.

Perfect weather makes the last few weeks of the season seem even shorter. Sports equipment, utilities and even tree-trimming is nearing a state of perfection so that another season will see everything about the Bluff ready to start with a bang.

Mrs. Charles Ballard and little Frederick and Mrs. Cartwright are spending the week at the Ballard cottage. Mr. Ballard will arrive Saturday to spend the remainder of the month with his family.

Mrs. George E. Ketchum and Mrs. Charles B. Hall returned to Detroit Sunday. Mrs. Ketchum is very much improved in health and expects to resume her work as director of Sophie Wright Settlement School.

Mr. and Mrs. J. E. Wurm and Mr. and Mrs. Fred Kinde of Bad Axe were guests of Judge and Mrs. Skillman in Detroit Monday and Tuesday.

Mr. and Mrs. Clarence Burt were guests at the Burke cottage Saturday afternoon and evening.

Guests at the Earl Wilson cottage last week-end were Miss Margaret Wilson, Joseph Allhouse and Milton Thompson. Mr. Thompson and Mr. Wilson returned to Lansing on Monday. It looks at present as though the Wilson yard is about to have a new outdoor fireplace. That's going to save a good many trips around the shore.

The Edison Company has started work on a complete new line with two transformers to give us added power.

Dairy Experimenter

Production of western beef may be more profitable to many New York dairy farmers than raising milk cows, according to Carl H. Frink, Clayton, N. Y., philanthropist, who has imported many hereford bulls from Nevada. Pictured here is a hereford bull calf with herdsman. If Frink's experiment is successful, it may alter the entire economic situation of dairymen.

WILMOT.

School Reunion—

The second Wilmot School reunion was held on the school grounds Saturday with a large crowd in attendance of old and present pupils and teachers. Potluck dinner was served and then a well planned program was given. Miss Nora Moshier of Novesta and her pupils of years ago had a spell down. Mrs. Tillie Chambers Evans of Pontiac spelling the others down. After the program ice cream was served to all.

Officers elected are: President, Harry McCallum of Pontiac; secretary and treasurer, Miss Georgia Clemons of Wilmot.

Those in attendance came from Detroit, Pontiac, Caro, Cass City, Deford, Mayville, Kingston, Birmingham, Clarkston, Flint, Saginaw, Oxford, Novesta, Brown City and Auburn Heights.

Mr. and Mrs. George Chomel and three children, Georgia Rose, Billy and Sue Ann, and Mrs. Roy Kellam of Cornersville and Cambridge City, Indiana, returned to their homes Saturday after spending a week with Mr. and Mrs. Joe Schlunz.

Mr. and Mrs. Ermine Weberster and daughter, Paula Ann, of Saginaw visited Monday afternoon at the home of Mr. and Mrs. Joe Barrons. They are friends of Mrs. Joe Barrons, formerly of Manchester, Michigan.

Mrs. Helen Kelley of Birmingham spent the week-end with her two children and parents, Mr. and Mrs. William Penfold.

Miss Maxine Clark enjoyed the week-end with old schoolmates, Misses Vera and Irene Huffman, at Mayville.

Mr. and Mrs. Floyd Gage are settled in their home here in town. Mr. Gage will run what is known as the William Gage garage.

Mr. and Mrs. Freeman Clark and three children of Pontiac spent two days last week at the Charlie Clark home.

Mr. and Mrs. Clare Collins and daughter, Gerald Hurbberger and Miss Luella Curry returned home Saturday after nearly two weeks camping at Forester and attending the Bible conference.

Mr. and Mrs. Walter McArthur and son, Sheridan, of Auburn Heights spent from Friday until Sunday at the home of Mr. and Mrs. Alex McArthur.

Mr. and Mrs. J. Lee Evans and two children, Gerald and Bonnie Jean, of Pontiac, Mrs. Samuel Miller and son, David, of Clarkston spent the week-end at the homes of Mr. and Mrs. Erwin Evans and Mr. and Mrs. Roy Ashcroft.

In honor of several birthdays, ice cream and cake were served at the home of Mr. and Mrs. Arthur Jaques, on Saturday evening. The guests, Mr. and Mrs. Walter McArthur and son of Auburn Heights, Miss Betty Grody of Detroit, Mr. and Mrs. Harvey Perry of Decker, Frank Jacques of Brown City and Mr. and Mrs. Alex McArthur.

The new barn on the Eber Stewart farm is being built larger than the old one destroyed recently by fire. The work is progressing very fast. The lower part is painted white, the upper part red.

Mr. and Mrs. Otto Bell and children of Flint came last Wednesday evening to visit at the home of Mrs. Bell's parents, Mr. and Mrs. Mina Clark. While visiting here, Mrs. Bell was taken very ill and was rushed to Pleasant Home Hospital at Cass City.

Mr. and Mrs. Elmer Clark and daughter, Mary Lou, Mr. and Mrs. Harry Clark and daughter, Betty, of Pontiac visited over the weekend at the home of Mrs. Mina Clark. While visiting here, Mrs. Clark was taken very ill and was rushed to Pleasant Home Hospital at Cass City.

Mrs. Jack Wilson is very ill at this writing.

Mrs. John Powell had the misfortune to fall and break a limb while picking blackberries on the Robert Hawkins farm Saturday morning. She was rushed to the Pleasant Home Hospital at Cass City and is still in the hospital at this writing.

GREENLEAF

Oats Go 60 Bus. to Acre—

Grain threshing in this community has been earlier than many other years, due to the fact that many of the farmers are threshing grain out of the field. This does away with the extra work of hauling the grain into the barn and also does away with the dusty barn threshings. The yield per acre has been especially good, wheat going anywhere from 20 to 45 bushels. Some oats went as high as 60 bushels per acre.

Archie Gillies witnessed the defeat of the Tigers in Briggs Stadium last Sunday.

Mr. and Mrs. Archie McEachern were in Marlette Sunday where they visited Mr. McEachern's sister.

Mrs. Archie Gillies was a visitor in Caseville on Sunday.

Mrs. Fred Dew, William Powell and Roy Powell were in Stockbridge, Ontario, this week visiting their sister, who has been very ill for some time.

The Ladies' Aid of the Fraser Church will meet at the home of Mrs. Charles Roblin on Thursday, August 24.

SHABBONA.

Shabbona celebrates her eleventh annual homecoming here on Saturday, August 19. Everyone welcome to attend.

Mr. and Mrs. Frank Price and family of Utica spent Sunday and Monday with Mr. and Mrs. Stanley Terloski.

Mr. and Mrs. William Butts and son, Jerry, of Barryton spent from Thursday until Sunday with Mrs. Butts' parents, Mr. and Mrs. Paul Auslander.

Mrs. James Colbert and Sally Lou and Mrs. H. C. Davis spent a few days the first of this week with relatives in Flint.

Mr. and Mrs. Gail Machlam, Miss Gloria Machlam and Dean Hoist of Marlette were Sunday evening visitors at the J. P. Neville home.

Michigan Mirror

A Non-Partisan State News Letter By GENE ALLEMAN Michigan Press Association

Sault Ste. Marie—At this never failing economic barometer for the Middle-West, the world famous St. Mary's locks and canal, boat traffic is more than 40 per cent ahead of last season.

When iron ore and coal are in demand, times are fairly prosperous. There has been no exception.

Further more, according to Eugene Herman of Cleveland, editor of the Great Lakes News who is spending August here, prospects are good for a heavy lake traffic during September and October. Barges are even being recommissioned for service.

That means steady employment this fall for hundreds of thousands of workers in the big industrial centers. When orders for goods are in sight, iron ore is in demand and so, if the actual count of ore boats at the "Soo" locks is an accurate yardstick, then we are enjoying better times, and the trade outlook for Fall is bright, indeed.

Paul Bunyon Country

Paul Bunyon must have been born at the "Soo".

After you cross the Straits of Mackinac and set foot on the Upper Peninsula, comparisons at once seem puny. They fail to do justice to this fascinating country which was immortalized by Henry Wadsworth Longfellow in "Hiawatha."

The international border city is only an hour's easy ride over smooth, wide concrete highway from St. Ignace. First you travel through pine forests, cross a series of hills, and then traverse a fairly level prairie-land of prosperous farms in Chippewa county of which the American Sault Ste. Marie is the county seat.

The Michigan city has 15,000 population. Across from the St. Mary's river is the Canadian city of the same name with around 24,000 people. A dime bridge toll charge and you are in Canada.

But getting back to Paul Bunyon. Here is what we discovered:

World's Busiest Canal

In these Lansing days of state deficits, the St. Mary's locks and canal under proper state ownership and management would have been a virtual gold mine of revenue.

Here is the world's greatest waterway, and no fooling!

The three locks of the canal, which has been managed by the United States government since 1880, serve more water traffic in one year than do the Panama and Suez canals combined. An average of 60 to 85 vessels, mostly ore-carrying freighters, pass through the locks every 24 hours. Modern machinery enables the locks to complete their job in about 13 minutes. The United States engineering department is on the job 24 hours a day, 200 employees working in eight-hour shifts.

The State of Michigan operated the locks from 1855 to 1881, and a toll was charged to cover operating and repair expenses as the state now does for the ferry service at the Straits. Even at the small tonnage in those days, tolls amounted to nearly \$800,000.

If the State of Michigan were still in the canal business (shippers are thankful that it isn't), and if the tolls were charged at the rate prevailing today for the Panama Canal, the state's income would have been over \$78,000,000 for 1929 and \$81,840,000 for 1933.

Under the 1881 federal act transferring the locks from state to federal ownership, it was provided that the waterway shall be free for public use.

Mecca for Tourists

Sault Ste. Marie is an annual mecca for tens of thousands of tourists, especially during the hay fever season. Because not a ragweed grows within 100 miles of the Sault, this region is the paradise of the hay fever and asthma victims.

The Sault is almost entirely surrounded by water. The prevailing direction of the wind is from the northwest, off Lake Superior which Paul Bunyon would proudly proclaim is the largest body of fresh water in the world.

The concentration of hay fever sufferers has been so heavy that a national club has been formed—the Ca-Choo Club of the Hay Fever Association of America, with headquarters here.

Because also of the always fascinating locks, this Northern Michigan city has received a heavy influx of tourists. Within the past year tourists cabins have doubled in number, attracting many persons who formerly sought accommodations at hotels or in private homes. The latter two groups are beginning to complain. Modernization of hotel accommodations is said to be the next needed development to keep pace with changing times. Deluxe cabins can be found today in the Upper Peninsula.

Sagas of Early America

Here is a country rich in historical lore.

It was at the Soo that the first white man, Jean Nicolet, stopped in 1634 while on his way to find China.

It was here that Fr. Marquette established the first Christian church in 1668, and it was here that St. Lusson in 1671 in the name of King Louis XIV took over all the lands that subsequently became British when nations were in the making.

It was at the Soo also that Henry Schoolcraft, Indian agent, married the daughter of John Johnston, first English settler, and his Indian princess-wife, and later wrote Indian history that gave Longfellow his material for Hiawatha.

In this poem, "Bowating" is Sault Ste. Marie and refers to the rapids in the St. Mary's River. "Gitchi Gomee" is Lake Superior.

Michigan's Upper Peninsula is the background for the only sagas which America has mothered—Hiawatha and Paul Bunyon. Paul's birthplace is proudly proclaimed by the "Soo," whose citizens claim that it was on the old McNeerney farm site, just around a bend in the river from Hiawatha's shipyard.

Seven Wonders

As the ancient world is said to possess "seven wonders," so the Upper Peninsula lays claim to seven spots of distinction.

First are the ship locks and canals at the "Soo" which overcome nature's obstacle of a drop of 20 feet between Lake Superior and St. Mary's River in the distance of only a mile or so.

Second is Isle Royale, 50 miles out in Lake Superior and now a federal park that merits the Bunyonesque description of being the "last bit of aboriginal, virgin nature in the Northwest." The National Park Service is building docks and a few trails, but the intention is to let Nature alone and keep the island in as primitive state as possible. Here is the America's largest moose herd. Scores of prehistoric mining pits are a puzzle to antiquarians.

Third wonder is the huge copper mining plant of Calumet and Hecla, whose shafts contain some of the deepest telephone and railroad installations in the world. This mine is located in the picturesque Keweenaw peninsula whose rocky shores along Lake Superior rival those of New England for sheer grandeur and rugged beauty.

Fourth wonder are the Porcupine Mountains and the Lake of Clouds, reached from Ontonagon. Here is the highest elevation anywhere in the central west. Mountains in Michigan? Yes, it is true.

The fifth wonder is Tahquamenon Falls in a state park reached only by a boat trip down the river. The visitor drives to Soo Junction (off M-28) and takes a "Toonerville Trolley" to the river at Hunter's Mill. There he boards the Tahquamenon "show boat" for a 20-mile trip to the falls, a 40-foot drop of amber water, the second largest cataract east of the Mississippi River, being rivaled only by Niagara Falls.

Next is Kitch-iti-ki-pi, a big boiling spring near Manistique, called by the Ojibway Indians, "The Mirror of the Evening Star."

The "Pictured Rocks" near Munising complete the series. Near these rock formations along Lake Superior are the Nagow Wudjoo sand dunes in the vicinity of Grand Marais.

Straits Bridge

The "Soo" city, as you might guess, is an ardent booster for the proposed Straits bridge. It would mean much to this border metropolis, regardless of how it might affect the towns of St. Ignace and Mackinaw City. Some persons believe a bridge would ruin both terminal towns which now get a

Order for Publication.—Account.—State of Michigan, the Probate Court for the County of Tuscola.

good slice of trade from tourists while they wait for the state ferry boats.

Personally, we always look forward to the restful boat trip across the Straits. It is a genuine tourist attraction, a welcome respite from hours behind an automobile wheel, but it admittedly requires time, and that means a lot to permanent residents in this Upper Peninsula country that belongs to Michigan

and thinks in terms of Lansing for its state government.

THE SIEGFRIEDS.

Balancing them on his head, shoulders and on a bar which he holds in his mouth, Siegfried, America's strongest athlete, who comes to the Caro Fair as a part of the afternoon and evening programs before the grandstand, handles five cannon balls with uncanny ease. He tosses one of the heavy balls high in the air and catches it on the back of his neck. Not satisfied with this display of skill, he catches a huge cannon shell which is catapulted toward him with great force. "Sports of Old Rome" is what Siegfried and his pretty girl assistants call their novel offering. And in addition to feats of strength, they perform a Roman sword dance, turn rapid-fire cartwheels and somersaults and wind up with some amazing contortion tricks. The act is elaborately costumed and presented with the taste of good showmanship. It is an unusual performance from start to finish, one that will prove of interest to all who see it.

is a guest this week at the Joseph Young and Fred Palmer homes.

There will be no services in the Gagetown or Brookfield Methodist Churches August 20 or 27, due to the absence of the pastor, Rev. Wesley Dafoe, who is at Gull Lake where a two weeks' religious school is being held. There are fifteen members from here in attendance.

A great many of the farmers in this vicinity have finished threshing their grain. Joseph Jankech, with barley averaging 75 bushels to the acre, has the largest average per acre. A great many farmers are averaging from 50 to 60 bushels per acre.

Porcupines Like Salt

The fact that porcupines devour deer antlers in the forests is generally known among sportsmen and other frequenters of the outdoors, and many campers have learned to their sorrow that the spiny little animals are fond of gnawing boat oars, ax handles and other objects frequently touched by human hands and containing salty deposits from perspiration.

Obeying the law may keep a person out of jail, but it won't always keep him out of accidents. Being legally careful is not enough.

I have driven with men in communities where the speed limit was 30 miles an hour, and these drivers felt that they were within their legal rights to drive at that speed. However, because of some unusual condition of side streets, traffic on particular thoroughfares may have been very crowded, and pedestrian traffic may have been heavy, too. Thirty miles an hour, under those conditions, was entirely within the law but not within the law of common sense.

Regulate your driving to meet conditions. Adjust your temper and your driving habits so that you will be a sensible driver rather than a legally safe driver. "It's Smart to be Careful."

Tuscola County Farmers Insuring 1940 Wheat Crops

Insurance on the 1940 Michigan wheat crop is now being offered to all farmers in the State. Representatives of the Tuscola County Agricultural Conservation Committee are now calling on all wheat growers, discussing with them their 1940 wheat acreage allotments and offering them the opportunity to insure their next year's wheat.

Farmers in Tuscola County can be guaranteed 75 per cent of their normal yields by taking out insurance, according to John M. Reagh, chairman of the Tuscola County Triple A Committee. Premiums run as low as 1/2 bushels per acre. Farmers who have cooperated with the farm program this year may pay for their insurance by simply having their premiums deducted from their Triple A payments.

Through this insurance program, Mr. Reagh says, the Triple A is helping farmers get a more uniform income from year to year. Even in years when wheat crops are seriously damaged or totally destroyed, farmers will have at least 75 per cent of their normal yields on which they can depend. A new regulation permits the insured farmers to assign their crops insurance policies as security for loans, the proceeds of which may be used without restrictions.

About one out of every ten Michigan farmers who took out crop insurance on their wheat last fall will receive at least partial indemnity this year. Although weather conditions have been generally good in Michigan this year, rust, winterkill, fall and spring droughts, hail and insects have taken their toll of wheat.

Last year 5,077 Michigan wheat growers took out insurance policies with the Federal Crop Insurance Corporation. These policies insured 54,492 acres, guaranteeing a minimum yield of 805,662 bushels of wheat. The total amount of wheat paid into the Crop Insurance Corporation for premiums was 31,979 bushels.

Montei and Hickey Showed Champion Holsteins at Show

John Montei, Fairgrove, and Foster Hickey, Fairgrove, showed the champion male and female Holstein, respectively, at the Tuscola County Black and White Show, held at Caro Fairgrounds Wednesday, August 9.

Forty-one head of Holsteins were exhibited by eleven different breeders and six 4-H club members.

Allen Rohlfis, a member of the Fairgrove 4-H Livestock Club, showed the junior champion female. O. F. Foster of Lakefield Farms, Clarkston, Michigan, was the official judge. Jim Hays, dairy extension specialist, Michigan State College, assisted in carrying out the events of the day. E. M. Clark, national field man of the Holstein-Friesian Association, also took part in the program. Alton Clark, director of the Bureau of Animal Industry, spent part of the day with the Holstein breeders as a representative of the State Department of Agriculture. Judging contest for adults won by George Foster of Fostoria. Bert Perry, Unionville, placed second. Devere and Allen Rohlfis of the Fairgrove 4-H Livestock Club tied for first place in the boys and girls judging contest. Devere won the toss for first place. Prizes were furnished by the County Holstein-Friesian Association.

Exhibitors included the following: Charles Sieland & Son, Caro; Clayton Rohlfis, Fairgrove; John Hickey, Fairgrove; W. R. Kirk & Sons, Fairgrove; J. C. Kirk & Sons, Fairgrove; John Horst, Akron; John Montei, Fairgrove; Lucian Hall, Vassar; Foster Hickey, Fairgrove; Sieland & Kirk, Fairgrove; Fred Miller & Sons, Caro.

AUGUST 19 SET AS NATIONAL AVIATION DAY

August 19 has been set aside by the President of the United States as National Aviation Day and a proclamation has been issued by him calling upon officials of the Government to display the flag of the United States on all Government buildings on that day. The proclamation invited the people of the United States to observe Aug. 19 with appropriate exercises to further and stimulate interest in aviation in this country.

In keeping with this proclamation, Officials at Selfridge Field, Mt. Clemens, Michigan, have announced that the post will be open and the public is invited to view the Air Corps at work. There will be no official program other than the normal flying routine as carried on each day.

Household Hints

By BETTY WELLS

IF YOU have a piece or two of furniture of the style of William and Mary, you will enjoy it more if you know something of its story. While, if you are considering purchasing new furniture of this type, you will be more sure of yourself for having a few facts handy.

William was a Dutchman, of the house of Orange—the same family that the present day Princess Juliana of Holland belongs to. William married the English Princess Mary and the two of them ruled Britain from 1689 to 1702. They were a simple domestic pair by contrast to both the Stuarts who had ruled England before them and to the Bourbons who were still holding forth in the grand manner in France. They didn't go in much for formality or ceremony, but they did like their comfort.

The furniture popularized by William and Mary is near kin to that made in Holland at the same time. Typically of walnut or oak, William and Mary furniture can be identified most easily by the legs

A William and Mary cupboard.

and feet. The upper part of the leg often has a ball and inverted cup design and the feet are bun shaped. Stretchers are flat and curved and in X shape. These legs are the most important details in William and Mary furniture. The chests and cabinets are raised high off the floor on six or eight legs.

Chair backs are rather high but they are comfortably curved to fit the back—the first recognition furniture had made of the shape of the human form. Chairs are either covered or upholstered. The top line of the chairs is usually rounded in a semicircle; the tops of the chests are often finished with two semicircles though you'll also find them straight across the top. Drawer fronts are sometimes plain, sometimes paneled, and drop handles are used. There was little or no carving but some marquetry on this style of furniture originally; today it is usually the plainer pieces that are reproduced.

Pink and Mauve Bedroom.

Eloise has that knack of enjoying life. Oh, she has her troubles and meets them with more fortitude than a lot of the rest of us, I often think. But she finds so much pleasure in everyday living . . . and after all I guess that's the only happiness we can be sure of—and some way when people get a kick out of little joys, the big ones take care of themselves.

You can tell, just going into the house, that Eloise is a gay soul—that she takes pains about fixing up the place and running it smoothly and jauntily.

Her bedroom is a pride and joy. She's just done it over in pink and mauve. There is a pink dado with

Framing the bed with beauty.

pink and white striped wall paper above. To give the bed importance she has papered a plain pink panel in the center of one wall that looks almost like an alcove. The carpet in the room is deep mauve, almost a powdery grape tone. The bed-spread itself is plain pink quilted chintz with a flounce of flowered chintz which has a mauve ground and pink flowers.

Sheer white curtains made full and ruffled, two easy chairs in the flowered chintz, a dressing table skirt of the pink quilted chintz (made with a gored flare), accessories of amethyst glass . . . and isn't that a charming room! I forgot to say that the window shades are of flowered chintz too.

Eloise has papered the sides of the dresser drawers in the striped wall paper then made pads for the bottoms of the pink quilted chintz. The closet boxes are all papered in the pink and white stripe while the walls are lined with pink quilted chintz; with hangers covered in mauve velvet and clothes bag of the flowered chintz.

It takes enthusiasm and eagerness to do all that . . . they are qualities more important than energy or a bulging budget.

H. P. ORR AND WIFE KILLED IN AUTOMOBILE CRASH NEAR VASSAR

Concluded from first page. Columbian National Fire Insurance Co. of Detroit. In 1919 he gave up this position and resumed the practice of law. Mr. Orr was elected to the state senate on November 4, 1930. He served in that office from 1931 to 1934 inclusive.

After acting as attorney for the Gleaner Life Insurance Society for several years, he became its president in 1936. He also was president of the State Savings Bank of Caro.

Mr. Orr was known throughout the state for his work on the State Crime Commission. He served two terms by appointment. He worked unflinchingly to obtain legislation to assure aid to juvenile delinquents and to prevent conditions which led to their delinquency. As an official of the commission, he helped put Michigan in the lead among states adopting preventative legislation. He was one of the organizers and president of the Michigan Delinquency Prevention Council.

Mr. Orr was married twice. His first wife, Katherine Johnson, whom he married in 1905, died in 1924. On November 3, 1938, Orr married Helen Bingham, secretary of the State Crime Commission.

He is survived by his mother, Mrs. Catherine Orr, of Caro; his son, Garrett, of New York; and two brothers, M. D. Orr, of Caro and Robert K. Orr, of Lansing.

Mrs. Orr, 38, a native of Jackson, Nebraska, is survived by her mother, Mrs. Mamie Bingham, of Hannibal, Wisconsin; four sisters, Mrs. Roland Jones and Miss Mildred Bingham of Lansing, Mrs. Herbert Brown of Hannibal, and Mrs. William C. McCormick of Tomahawk, Wisconsin; and three brothers, Clarence and Paul Bingham of Hannibal, and Lyman Bingham of Tomahawk.

Double funeral services were held Wednesday afternoon at the First Presbyterian Church in Caro and were conducted by Dr. J. Leslie French, pastor, and Rev. George Horst of Benton Harbor. Burial was in Almer Cemetery.

Court Adjourned.

Judge Louis Cramton adjourned the Tuscola Circuit Court on Monday until after the Orr funeral and county offices in the court house were closed during the funeral hour. The Caro Rotary Club of which Mr. Orr was a member postponed its program for Monday until a later date.
