

J. M. Reagh Again Heads Agricultural Conservation Com.

Other Members of the County Committee Were Re-elected on Saturday.

John M. Reagh of Cass City was re-elected chairman of the Tuscola County Agricultural Conservation Committee at the annual meeting of delegates held at the county court house on Saturday evening. Other members chosen to succeed themselves were Horace N. Green of Fairgrove and Oscar M. Plain of Silverwood. Chas. B. Eckfeld of Unionville and Lyle C. Frenzel of Mayville were chosen alternates. The 1940 term of office began immediately upon reelection of the members to office.

Mabel E. Reed of Caro was re-appointed secretary-treasurer by the committee at the conclusion of the election.

Delegates taking part in the county convention were chosen at township elections on Friday. At these elections, township Triple A committees were chosen. The following township committeemen were elected:

Akron, Charles F. Ewald, John E. Kemp, Fred Bell; Almer, C. A. Taggett, L. G. Bush, Jay Northrup; Arbela, Elbert Wilcox, Michael Deonzer, Sam Moore; Columbia, Charles B. Eckfeld, Leon C. Brady, Louis Beitz; Dayton, Oscar M. Plain, John A. Dickey, Alex Hunter; Denmark, Cecil C. Baker, G. K. Thurston, Waldo Garner; Elkland, John M. Reagh, G. Elmer Bearss, Frank Hutchinson.

Ellington, Nate R. George, Arthur C. Aiken, Ira J. Black; Elmwood, Bruce Brown, Art Freeman, William Grappan; Fairgrove, Horace N. Green, Merton Hall, John Gordon; Fremont, Lyle C. Frenzel, Clinton Cade, August Otto; Gilford, Amos Webb, Amos Stewart, Wilbur Hickey; Indianfields, Godfrey Monteil, Erwein Zenke, Gerald Dunham; Juniata, William E. Higgins, Blenford Lewis, Irvin Hughes; Kingston, Calvin C. Hale, Louis Wenzlaff, Eldon Bruce.

Koylton, John D. Hunter, Clarence A. Harris, Donald R. Harris; Millington, Bert O. Kester, Henry Forsyth, Frank Koch; Novesta, G. Ernest Reagh; Lloyd Reagh, Walter W. Kelley; Tuscola, Melvin H. Lewis, George Walworth, Leon Coleman; Vassar, Richard D. Mills, Frank R. Malin, Morris Gerstein; Watertown, Ernest C. Robertson, Charles Mosher, Willis Jamison; Wells, Tilden A. Tait, Leon Spencer, Howard Parson.

The community and county committeemen were selected by farmers in the townships and county to cooperate with and assist the secretary of agriculture in the administration of the national farm program during the coming year.

Boulton-Fahner Nuptials Saturday

Autumn appointments formed the setting Saturday, October 14, when Miss Elizabeth Fahner, daughter of Mr. and Mrs. Joseph Fahner, of Oak Beach, became the bride of Clarence F. Boulton, of Detroit, son of Mr. and Mrs. Clarence E. Boulton, of Cass City.

The ceremony, at which only the immediate families were present, took place at high noon before the fireplace, decorated with autumn leaves and flowers, in Casaloma, the Oak Beach home of Rev. Aaron Mitchell, pastor of the Casaville Methodist Church, who read the marriage service.

The bride was very pretty in a street length dress of moss green wool and wore a corsage of baby chrysanthemums.

She was attended by Mrs. Fern Bell, sister of the groom, of Cass City, as matron of honor, who also wore moss green wool, and by Miss Jean Hyzer of Oak Beach as bridesmaid, whose dress was of grey wool.

Mr. Boulton was attended by Vern Crane of Cass City and William Bell of Detroit.

Immediately following the wedding, a dinner was served to the 40 guests at the home of the bride's parents in Oak Beach, the rooms and tables being beautifully decorated with cut flowers.

Mr. and Mrs. Boulton left Sunday for Detroit where Mr. Boulton is employed by the Parkard Motor Company and where they will make their home.

The groom is a graduate of Cass City High School with the Class of 1937 and the bride is a member of the 1938 class who were graduated from the Pinnebog High School.

Free Diagnostic Service for TB Case Finding

The Sanilac County Health Department will make available to 8th grade pupils and high school students of the county another opportunity to be tested for tuberculosis. Dr. James A. Dolce, acting director of the health department, expects to give the tuberculin tests at the Sandusky, Peck, Brown City, Marlette, Deckerville, Carsonville, Lexington and Crosswell Schools from October 23 to November 3rd.

Notices will be sent to the schools in advance so that plans may be made accordingly. Positive reactors in this group may have a chest X-ray at the November X-ray clinic. The American Red Cross has agreed to pay for seventy-five (75) X-rays, for persons unable to pay for the service. Last year two active cases of tuberculosis were located and placed under treatment.

Pilgrimage Rally of Evangelicals Here Tomorrow

Representatives of 24 Churches to Hear Bishop and Superintendents.

Final plans are completed for the Centennial Pilgrimage Rally to be held in the Cass City Evangelical Church tomorrow (Saturday), and from the reports received, the attendance promises to be large. Word has been received from a large group of churches giving quotas expected. The forenoon meeting will begin at ten-thirty o'clock, with Dr. E. S. Faust presiding. The morning address will be by District Superintendent W. H. Watson on "Evangelical Pioneers March in Michigan." At noon a brief memorial service will be held in Elkland Cemetery in honor of two former pastors of the Michigan conference, who are buried there, the Rev. W. F. Binder and the Rev. Frederick Klump.

Rev. W. H. Watson will preside at the afternoon service, at which addresses will be delivered by District Superintendent D. C. Ostroth, Rev. C. C. Gibson and Bishop Geo. E. Epp. Mr. Ostroth will preside at the evening meeting, at which Dr. E. S. Faust will show moving pictures of "Evangelical Activities in Michigan." The closing feature will be a sermon by Bishop Epp.

Solomon Altimos, a preacher in the Pennsylvania conference, was the first Evangelical missionary to preach in Michigan, coming here in 1838, and preaching in several places in Monroe County. He was also the first Evangelical minister to preach in Detroit. The first regularly appointed pastor in the state was Rev. George Kaag, who received his appointment to the Ann Arbor circuit in 1845. His circuit extended over six townships: Lenawee, Monroe, Washtenaw, Jackson, Calhoun and St. Joseph. The first conference was held in 1865 near Blissfield with Joseph Long as bishop. Ten ministers from the Ohio conference and six from the Indiana conference made up the first conference roster, and Rev. J. G. Zinzner was the first presiding elder.

Early History of Cass City Church. The Cass City society was started in 1865, when Rev. S. Henne came over from Sebawaing and started the work among a few families, preaching in the homes of friends around Cass City. Later a preaching appointment was established in the old Walsley School House which stood three-fourths of a mile north of Elkland Cemetery. The congregation moved into Cass City and built a church in 1883.

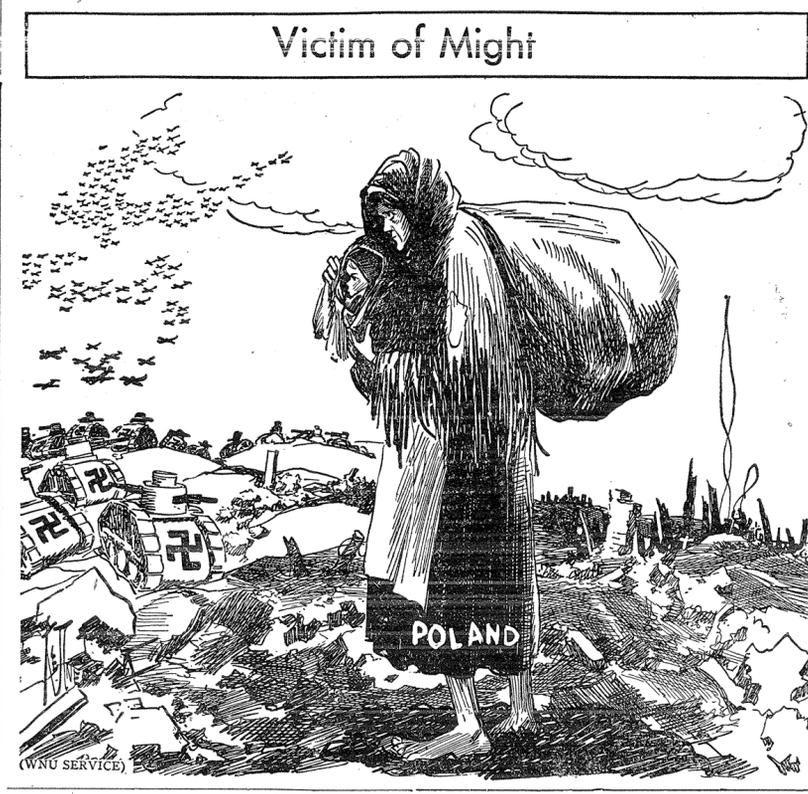

The church was entirely remodeled in 1910 under the pastorate of Rev. J. A. Schweitzer. There were fifteen charter members and today

Potato Queen to Be Selected at Mayville Show

One of the features at the Southeastern Michigan Potato Show to be held in Mayville will be the selection of a district potato queen. Each of the 18 counties in Southeastern Michigan is entitled to one entry. The show offers \$10 in cash to the winner and \$5 in cash to the girl placing second. The winner will represent the district in a state contest to be held in Detroit during December in competition with three other district potato queens. At the Detroit Show, one of the girls will be selected as state queen, and the other three will be her attendants. The selection of the queen should be based upon general appearance, personality, education and speaking ability. All of the contestants will be presented at the banquet which is to be held in Mayville Wednesday noon, November 1.

Further information on this contest can be obtained from the County Agricultural Agent's office, states Norris W. Wilber, agricultural agent of Tuscola County. R. C. Lott, county agricultural agent of Livingston County, is in charge of this contest.

Tuscola County 4-H Club Council Is Organized

Thirty 4-H Club leaders, selected by the county agricultural agent, met at the Montague Hotel Tuesday evening, October 17, for the purpose of organizing a County 4-H Club Council.

The purpose of this council will be to assist and advise the county agricultural agent and the district 4-H Club agent in determining the policies of the 4-H Club program in Tuscola. An organization of similar nature was formed here about two years ago but it has not functioned recently.

At the meeting Tuesday night the leaders were grouped according to projects—handicraft, clothing, livestock, crops and garden, and canning and food preparation. From these groups the following seven people were nominated as members of the new council: Neil Walter, Millington; J. G. Ziegler, Richville; June Maudsley, Mayville; Don Hearl, Caro; Don Harrington, Akron; Esther Murphy, Arbela; Theo Jansen, Millington. The number of members of the County 4-H Council was set at 14 after discussion by Miss Grace Mitchell, home demonstration agent, Midland County and acting secretary of the Midland County 4-H Club Council, and Andrew Olsen, representing the Midland County organization. A nominating committee appointed by the temporary chairman made up of the following personnel nominated from the 4-H Club leaders of the county the remaining seven members of the 4-H Council: Nominating committee—Theo Jensen, Millington; Frances Lowery, Kingston; Willis Campbell, Cass City; Francis Ode, Unionville. The remaining seven members of the 4-H Council selected are: Norris Luther, Unionville; Frances Lowery, Kingston; Foster Hickey, Fairgrove; Herbert Tait, Caro; Dorothy Harrington, Akron; Mrs. Fred

New Post Office at Caro Dedicated

Caro's new post office building was dedicated with appropriate ceremonies Saturday afternoon, Edward M. Sharp of Bay City, a member of the state supreme court, giving the dedicatory address.

Prior to the address, the Theron W. Atwood Post of the American Legion, the Caro Band and a detachment of the Saginaw Naval Reserves participated in a parade.

The flag was officially run up by the legionnaires after the Rev. A. F. Runkel gave the invocation. A. R. Meredith, village president, spoke briefly.

Four International Speakers Are Coming to Vassar

In keeping with the pertinent interest in world affairs at the present time, an "Institute of International Understanding," sponsored by the Vassar Rotary Club through the cooperation of the Vassar Public Schools will be presented in the Vassar High School auditorium.

This will be the first affair of this kind ever held in this area and people from throughout Tuscola County interested in the affairs of the United States and other nations of the world during these turbulent times will have an opportunity to attend this institute. This institute simulates a lyceum series.

Beginning on Friday evening, October 27, and for the three consecutive Friday nights thereafter, an authority competent in some special field of international affairs will speak at the auditorium.

It is expected that world peace will be discussed in a different light and there will be a decided upswing of public opinion towards international understanding. The speakers will supply their audiences with factual knowledge instead of the propaganda that is flooding the country at the present time.

Germany, the Far East, Europe, and Turkey will be represented by the four speakers who have been selected to bring the "institute" to Vassar. They are: Margarete H. Baizer of Berlin, Germany; Ethan Volton, noted European traveler; No-Yong Park, writer and lecturer on problems of the Far East; and Edgar J. Fisher, for 20 years a professor at Istanbul, Turkey, and noted lecturer on international relations.

A charge will be made to cover the cost of bringing these speakers to Vassar and the proceeds will be turned over to the Vassar school band and the Vassar Rotary Club on a 50-50 basis.

It is only through the cooperation of Chesaning, Owosso, Bay City and Lapeer Rotary Clubs that these noted speakers are coming to Tuscola County.

Jury Declared VonWende Innocent in Murder Trial

Twelve farmers, who formed the jury in the Arthur VonWende trial in the Huron County Circuit Court, declared VonWende, 67, former Sebawaing butcher, innocent of the charge of first degree murder after deliberating four hours on Friday.

VonWende has spent 10 months and three weeks in jail since his arrest November 24, 1938, the day after the fatal explosion in which Grant Pitcher, 41, Bay Port World War veteran was killed. The case was based on an explosion which occurred November 23, 1938, in the VonWende house in Sebawaing. Pitcher was fatally injured in the blast. Wesley Kain, Sebawaing, escaped with minor injuries.

Pitcher was helping Kain move into the house, which he had rented the previous day from Mrs. Marie VonWende, Saginaw, divorced wife of VonWende.

Prosecuting Attorney Thomas R. McAllister contended VonWende placed dynamite in the furnace in an attempt to kill his former wife. VonWende denied this charge and claimed he knew nothing about the cause of the explosion.

Seeks Ruling on Road Rights

"Who owns the rural road-sides?"

That is a question which has been submitted to Michigan's State Attorney General Thomas W. Read to answer some of the problems that face P. A. Herbert, head of the forestry department at Michigan State College.

Need for a clarification of the legal rights of the public, of county and state highway commissions and of owners of abutting properties is cited by Professor Herbert. Contrary to general belief, he says, it is apparent that the counties or the states do not ordinarily own the roads.

He commends the state highway commission for its program of adequate supervision of landscaping and maintenance of roadsides, but finds fault with many of the programs of county road commissions. Unsupervised roadside work, he indicates, is resulting in poor care of roadside trees and shrubs and building up friction with land owners. Exceptions among the counties, he says, are Wayne, Kent and Oakland where beautification is supervised under trained arborists.

In most cases a property owner's deed reads "to the center of the right-of-way," or gives him title to an entire acreage without any mention of an easement for highway purposes. Ultimate solution would be outright purchase of highways, but this is admitted a costly correction.

Huron County Roads Get State Snow Removal Money

The state highway department vouchered \$200,000 to 45 Michigan counties this week to assist them in paying for snow removal costs on county roads. Huron County is the only one in the Thumb included in the list. Their share is \$6,180.65.

The vouchers were turned over to the Auditor General under the terms of a 1937 statute appropriating \$200,000 annually to counties in Northern Michigan having more than 60 inches total snowfall during the preceding winter. The money is allocated among the counties on the basis of county road mileage and amount of snowfall as recorded by the U. S. Weather Bureau.

Sunday Hunting Violators Promised Heavier Penalties

Thirty-one This Week Each Paid \$5.00 Costs; Easy Payments No More.

Because 34 persons, arrested in Tuscola County in violation of the local act which forbids hunting on Sunday on lands of another, were in most cases only assessed \$5.00 costs, the fine and costs in the future will be considerably higher, Justice Frank St. Mary warns.

"Violators brought into my court on similar charges may expect anything from \$10 to \$100," the justice told the Chronicle on Wednesday. "Supervisors and other representatives of officialdom in the county are not satisfied with the low penalties inflicted Monday and Tuesday for last Sunday's violations," he added.

Of the 34 arrested for hunting last Sunday in Tuscola County, all but two were non-residents. Thirty-one were let off easy at \$5 each. The other three paid \$12.80 apiece. Most of the arrests were made by County Conservation Officer Herb Predmore and his deputies.

Indian Dentist Speaks of Gandhi's Power and Influence

A better insight into the customs and government of India was given to members of the Rotary Club at their luncheon Tuesday at the Hotel Gordon when Dr. S. J. Dhalwani, a graduate of the University of Bombay, spoke on the subject of "India under the Leadership of Mahatma Gandhi Since the World War."

Dr. Dhalwani explained how in early history the caste system was established and how the 300,000 inhabitants are divided into four classes, the priests, the warriors, the agriculturalists, and the laborers.

The caste system is dying out under the influence of Gandhi, who by his simplicity, his great personality and his sacrifice of great wealth, has great power over the masses of people in his demonstration of good must come from within.

The speaker blamed ignorance for the sorry plight of the Hindus and said England has been more interested in the establishment of custom houses than school houses for 80% of the population of India is illiterate.

The Indian National Congress established in recent years by the Hindus is a step towards democracy, the speaker said, and is a force in righting many wrongs in governmental functioning in the minds of the natives.

Dr. Dhalwani spoke before a high school group in the morning and to the fourth, fifth and sixth grades in the afternoon in special programs. He is a graduate of the Indiana University and was for two years a student of Western Reserve in Cleveland, Ohio. He has been in this country 17 years and plans to return to India to practice his profession.

Baptist Church, Rededicated Here Sunday Afternoon

Letters from Former Pastors and Gov. Dickinson Read at Service.

The reopening and rededication services held at the Baptist Church in Cass City on Sunday were well attended. At 3:00 p. m., a large audience gathered. After the opening exercises, hearts were solemnized during the reading of a number of letters from former pastors, with words of exhortation and encouragement; also one from Governor Luren D. Dickinson.

The senior deacon, P. S. McGregory, gave a partial history of the church and the pastor, Rev. L. A. Kennedy, gave items of interest which he had gathered. Guy Landon rendered a solo with Mrs. Ethel McCoy as accompanist.

The service of rededication was read by the pastor, with members, former members and adherents standing, and responding, "We rededicate this house," and closing with the minister and people repeating, "We, now, the people of this church and congregation, compassed about with a great cloud of witnesses, grateful for our heritage, sensible of the sacrifices of the fathers, confessing that apart from us their work cannot be made perfect, do rededicate ourselves afresh to the sacrificial service of our Saviour and Lord, who freely gave Himself for us."

The auditorium was beautiful with baskets of flowers and plants. Governor Dickinson's Letter.

In a letter to Rev. L. A. Kennedy, pastor of the Baptist Church, Governor Luren D. Dickinson writes under date of Oct. 4 as follows:

"Your letter of Oct. 2 is before me. It is difficult to just understand how I should appreciate statements like those made by yourself and hundreds of others continually. It does suggest that I must be exceedingly careful in my

Cass City Home Extension Group

"Modern Meals" was the subject of discussion of the Cass City Home Extension Group at their first meeting of the autumn season at the home of Mrs. J. Ivan Niergarth Tuesday afternoon. The leaders, Mrs. Berkley Patterson and Mrs. F. L. Morris, assisted by Mrs. E. W. Kercher, presented the lesson.

As in previous years, the club voted to conduct an attendance contest and Mrs. Niergarth, president, appointed Mrs. Roy Stafford and Mrs. J. D. Turner as captains.

The club consists of 28 members and the next meeting will be held in November.

Tuscola Supervisors Appropriated \$1,500 from County Funds

When Tuscola supervisors met Friday morning for their last day's session of last week, Supervisor Ackerman gave a comprehensive oral report of the business meeting at the Eastern Michigan Tourist Association at Bay City on October 12. Under new regulations, Tuscola County was given three representatives on the board of directors of the association. They are Walter Heckroth, John McAlpine and Robert McFarlane.

The following appropriations were made from county funds: Michigan Children's Aid Society, \$100; Southeastern Michigan Potato Show at Mayville, \$200; Salvation Army, \$200; Starr Commonwealth for Boys, \$250; bee inspection in county, \$200; Michigan Tuberculosis Association, \$300.

An appropriation of \$250 for the Eastern Michigan Tourist Association was made last week.

The supervisors adjourned Friday afternoon until Wednesday morning to permit the new county welfare commission to complete their organization and formulate policies which are subject to the approval of the board of supervisors. These had not been completed late Wednesday afternoon.

JOIN THE RED CROSS.

The annual Red Cross Roll call will soon begin. If you are a member, you have enjoyed the feeling of having been associated in partnership with this great movement.

The American Red Cross is a national organization, yet it has its local organizations which function in each local community, village and city in the United States of America.

The Tuscola County Chapter is made up of local chapters representing all villages, townships, school districts, etc., which make up Tuscola County. Organized local chapters are located in Millington, Vassar, Mayville, Fostoria, Kingston, Cass City, Gagetown, Unionville, Akron-Wisner Townships, Fairgrove, Caro, and Wahjamega.

Local chapters dispense their own services to their particular territory and are organized groups when disaster strikes, to supply such education to groups who wish to maintain first-aid and life saving service, public health and home hygiene service, war service, volunteer service. All these services are a part of the Red Cross work.

Of the dollar you pay for membership, fifty cents is retained by the local chapter for use within its particular territory and fifty cents is sent to national headquarters. Even if an individual gave five dollars (\$5.00), twenty-five dollars (\$25.00), or even one hundred dollars (\$100.00), only fifty cents of the amount goes to national headquarters, so your membership in Red Cross work benefits you and yours as well as all peoples, not only in your immediate vicinity but in the nation as well.

There are but seven hundred fifty (750) people who are paid a salary in the National Red Cross.

There are no salaries paid any local or county officer or member. Their time is given freely with no thought of compensation. Why not assist those who are supporting and making this service available to you by taking out a membership? Do not wait to be solicited. If you do and are solicited, think of what this small contribution you are making does. Then take a membership, be a partner, ask your friends to do likewise.

EATING CHURCH SUPPERS.

The American people appear to believe in the work of the churches, but the principal church activity displayed by many persons consists merely in eating the nice suppers prepared by the women of the congregation. As these suppers, served in some private restaurant, would usually cost a good deal more than the ladies ask for their fine eats, this action can not be considered any great sacrifice.

Some people say more efficient ways of raising money should be found. They complain that the women will often sell a supper for the value of supplies that go into it, and get nothing for the hard work of putting on these occasions. The women will probably say the suppers get the money, which they could not obtain without them.

These generous ladies toil until they are almost ready to drop, and then work some more, but they have a good time. People make friends when they engage in such activities. The lady who feels she has very few friends soon discovers a host of them, after she has served out the ham and biscuits a few times.

STARVING OUT THE GERMANS.

The slow progress of war on the western front may indicate that the allies are relying on old Gen. Hunger than on anything they can do with bombers and high explosives. They recall how that redoubtable commander was the one who broke German resistance in the World War. They think he might do an equally good job again.

So the German ports are shut up about like the door of the woodchuck hole with Old Tige on guard. The Germans expect to get supplies from Russia, but the Russians up to now have seemed to need about everything they could produce for themselves.

Lansing—The modern American gypsies, the Henry Smith family, have been re-discovering Michigan's 56 state parks.

Whereas Grandfather Smith was content to pitch his tent on any well drained camp site along lake or stream, Henry and his tribe are spoiled to comforts of civilization. Grandfather may have liked to "rough it," but the present Smith clan go to a state park and they want conveniences of home.

All of this is merely leading up to the interesting fact, and a rather timely one too, that the state conservation department has a new problem child on its doorstep, and while officials think they know what to do about it, they're not absolutely sure.

One result, to get the ending at the beginning, was the 1939 legislature's action in authorizing \$500,000 more funds for the state parks' biennial appropriation (and that in the teeth of a determined economy crusade) for the express purpose of modernizing state parks throughout Michigan. Through the magic of CCC and WPA, this amount will be pyramided to \$2,000,000 or more and the conservation department expects that many dollars to go a long way to pacify Henry Smith and his youngsters.

Trailer Gypsy

During 1938 the state parks issued a total of 61,000 camping permits. Approximately 188,000 persons lived in tents or trailers for one or more days.

Thirty-three per cent of all camping permits were for house trailers, those miniature homes on wheels that go rolling over highways, complete with beds and dishes and other domestic articles. That meant around 60,000 persons. Put that many people in one place and you'd soon have to have everything from a police court to a hospital to take care of them. Many state parks are just busy small cities, located miles from a municipality, but with most of city complications arising just the same.

The house trailer was responsible for 31 1/2 per cent of all camping permits in 1936. In the next year it climbed to 35 per cent, and conservation leaders began to wonder if parks might be overrun someday with the blooming things. Trailers wanted electricity for lighting. They brought radios along and wanted to plug them into the nearest light socket, just as they did back home. It was new and most perplexing.

Today, 32 of the 56 state parks offer electricity at cost. You purchase "juice" according to the fuse, 50 cents per week up. The campers, whether they live in trailers or tents, want other conveniences, too. Chick Sales and Grandfather Smith got along together pretty well, but times have changed! But we're getting ahead of our story.

No Camping Fee

The average picnicker comes with a well-filled basket of food and leaves a few hours later. For him the basic state park law, passed during Governor Groesbeck's administration in 1921, provides that all parks must be open to the public without an admission charge. Indiana charges a park admission of 10 cents per person, but Michigan has always adhered to the idea that state parks should be free.

Concessions are leased on annual contracts. Revenue from such concessions (refreshment stands, etc.) go into the state's general funds to be expended later for any purpose whatsoever.

To the Henry Smiths who ask park caretakers why the state does not provide more modern services in its parks, the stock answer has always been: "We are sorry. We do not have sufficient funds to provide these services free."

When Smith goes fishing, he expects to buy a fishing license. When he goes hunting, he fully is aware a hunting license is necessary.

True, the price of the license in either case is nominal. But multiply the small sum by tens of thousands, and it quickly grows into "big money." Furthermore, the fishing or hunting license revenue returns to promote or conserve the interests of the sportsmen. It enables these services, to an important degree, to be "self-supporting."

Not for the state park camper, however. He pays no fee on a daily or weekly basis, although he expects a lot more service than the casual picnicker. The state department faces the query: "Shall we establish a nominal fee for camping privileges in state parks, say 25 cents per day for the entire camping party?"

"If such a camping fee would be acceptable to the Henry Smiths, do we possess legal powers to authorize such a fee or must we ask the legislature for the right?"

First Park in 1917

The state park system isn't old. Michigan's first park was acquired only 22 years ago when there wasn't such a thing as a state park commission or even a conservation department.

A virgin pine tract at Interlochen faced extinction in 1917 when lumber interests, sensing war-time profits, set up operations to reap a fat harvest.

The state legislature was opportunely to save the forest for posterity. Nearly 250 acres of timber were purchased for \$60,000.

Mackinac Island, of course, was transferred from federal to state ownership in 1895 with the congressional stipulation that a separate state commission would be created to preserve the historic forts at Mackinac City and Mackinac Island.

In 1919 the legislature created a seven-member state park commission. Two years later the Groesbeck administration merged various bureaus for forestry, fish and game, geology, law enforcement, forest fire fighting, and so on into one department, and called it the "conservation department." To keep conservation out of politics, a non-partisan commission was created. The law also stipulated that preference should be given in choice of park sites to those on the Great Lakes and then, after that, to those on inland lakes or waterways.

Eleven Dodge Parks

Many state parks are the result of gifts.

John and Horace Dodge, the automobile family of Michigan, presented eleven parks to the State of Michigan. These parks are located in Oakland, Macomb, Livingston, Monroe, Wayne and Chippewa Counties. (The Upper Peninsula park was once a hunting lodge of the Dodge family).

At Grayling there is the Hartwick white pine state park, a gift from Mrs. Karen Bessie Hartwick. In honor of W. J. Hayes of Detroit, his sister presented the state with a park tract in the Irish Hills near Jackson.

J. W. Wells, lumberman of Menominee, was responsible for the state park at Cedar River on Green Bay.

Mr. and Mrs. Howard B. Bloomer of Detroit donated sites for four state parks in the Detroit metropolitan area.

These are a few examples.

Helpful Uncle Sam

Points along the Great Lakes where the federal government once maintained lighthouses have become state parks. The Old Mission Park in Grand Traverse County, the Northport Park in Leelanau County, and Fort Wilkins in Keweenaw County are illustrations. The state also owns sites for 19 additional parks.

When the Great Depression hit Michigan, times were tough. The state conservation department tightened its belt. No money was available for purchase of parks or for development of existing parks. Operations were curtailed to a low level.

Then came chronologically and alphabetically the CCC, the CWA, the ERA, and recently the WPA, each with millions of dollars of federal relief money. Work projects were needed. The conservation department had a backlog of work, long postponed. Thousands of young men were put at jobs, improving state parks and forests.

Today, four CCC camps are located at state parks. Eight CCC camps are performing forestry work in state forests, some nearby to state parks. The Grayling Winter Sports state park is being improved chiefly through the assistance of the National Park Service and the CCC.

Parks to Be Modernized

Times have changed, and the Henry Smiths want more services than their pioneering ancestors. And so, largely through action initiated by State Senator Don VanderWerp of Fremont, chairman of the senate finance committee, the amount of \$500,000 was set aside for needed improvements in Michigan's many state parks.

Because the tourist business is Michigan's No. 2 industry, few taxpayers will begrudge the spending of \$500,000 to obtain \$2,000,000 worth of improvements in our state parks. How to maintain the parks, thus modernized, is a horse of another color.

First Recorded Earthquake

According to "Earthquake History of the United States," the earliest earthquake reported felt was on June 1 or 2, 1638, at Plymouth, Mass. The first instrumental record was obtained on a seismograph installed at the University of California, Berkeley, in 1885.

Insulation Cuts Frost in Coops

Just because moisture condenses and frost forms on walls and ceilings of poultry coops is no reason to try to freeze out the flock with excessive ventilation.

Research by agricultural engineers at Michigan State College indicates usually the need is for more insulation to raise the coop temperatures. Conditions often found in flock management prove that as moisture is given off from feed supplies and from the birds in the coop the temperatures are so low that frost is formed.

Sometimes, says C. H. Jefferson, agricultural engineer in the Michigan agricultural extension service, part of the heat loss can be prevented by covering part of the windows. The usual need is for a foot of glass for each 15 to 20 square feet of floor space.

Commercial insulation on roof and sidewalls can be applied. Where the heat loss is not too severe, a straw loft serves as insulation but requires about two feet in thickness to insulate. The result of raising the coop temperature is that the warmer air can hold more moisture.

When coops are free of frost but seem to be warm and moist, then ventilation should be used, says Mr. Jefferson. This is a simple process, usually one of adjusting windows or by using vent openings under the eaves at the front and back of the coop.

Bones of Kin Worn in Hair

That the thigh-bones of dead relatives are worn as head ornaments by men of the inland tribes of Papua who live in the Wharton range of mountains, has been confirmed by an expedition which has returned to Port Moresby. The bones are shaped by rubbing with stones to form tapering pins about 15 inches long. They are worn thrust through the thick hair above the left ear. The head of the pin is ornamented by a bunch of grasses and feathers. These adornments are worn only by the men and only for six months after the relative's death.

Mr. and Mrs. Leo Hall, accompanied by Mrs. Andy McAlpine of Pigeon, left here to spend Thanksgiving at the home of Mr. and Mrs. A. Siple, in Woodstock, Ontario. They witnessed with considerable interest a fox hunt at London, Ontario, where a group of horsemen and a pack of hounds participated in the chase. A visit was made at Vienna, Ontario, at the home of Mrs. James Procure, the daughter of Mr. and Mrs. Hall, and at Port Burrow before the group returned home.

Munitions Boom Aid to Japanese Slum Dwellers

TOKYO.—Booming munition industries are bringing prosperity and luxuries to Japanese previously restricted to the poverty of the slums. A Tokyo department store recently received an order for two "extra-special" easy chairs. The delivery truck driver was given an address in one of the city's worst slum areas. However, the chairs were delivered to a munitions employee who had long dreamed of being able to sit in the same kind of chairs used by his boss. In Tokyo and Osaka bars and amusement places, munitions workers are flashing hundred yen bills and enjoying themselves in a manner unprecedented here.
Meanwhile, considerable jealousy has been aroused among white-collar employees who are still plugging along on subsistence salaries while prices are rising sharply.

BAPTIST CHURCH WAS REDEDICATED HERE ON SUNDAY

Concluded from first page. course in office and outside. This, with God's help, I shall endeavor to do.

"As to being with you at your rededication services, it is hardly probable that I can consider it. I am compelled today to turn down various similar requests because of my wife's health. I am not getting very far away from home because of a possible sudden call from home. I think you can see the cause of stating this as I have."

"I might mention that I had an exceedingly pleasant experience in your church a number of years ago and should like to come to the town again."

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Soviet Presses New Conquests As World Looks Elsewhere; Nazi 'Ally' Is Sole War Victor

(EDITOR'S NOTE)—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.

RUSSIA: Cat and Mice

Six weeks after it started, the war of 1939 had apparently been won by Russia, a noncombatant.

Bases Acquired by Russia

RUSSIA IN THE BALTIC

Why fight to win a war? prepared to fight demands for Soviet bases on Hogland island and the Aalands.

(There were signs of joint U. S. Scandinavian action to bloc Russian conquest of Finland. In Moscow, U. S. Ambassador Laurence A. Steinhardt was reported to have expressed his government's "earnest hope" that nothing may occur to affect injuriously peaceful relations between Russia and Finland.)

Germany's retreat from the Baltic was not Herr Hitler's only setback. While Russia offered him assistance with one hand, her ships sailed from the White sea bearing timber for England in exchange for rubber and tin.

If the British gloated over this apparent victory, they soon changed their minds. Red army units in the Caucasus mountains facing Persia and Turkey were reinforced.

Observers agreed that if Germany wants to destroy western democracies, Herr Hitler's pact with Russia has been a good start.

AGRICULTURE: Report Card

If U. S. corn supplies reach 110 per cent of normal, AAA legislation requires a referendum among producers on establishing marketing quotas.

mate: 189,000,000 bushels. Including winter wheat there will be an aggregate of 740,000,000 bushels, plus 254,000,000 carryover.

THE WAR: From Rostrum:

Said France's Premier Daladier: "If Hitler really wants a durable peace it must be based on the security of nations, guaranteed reciprocally, without the danger of surprises."

Chimed in Britain's Prime Minister Chamberlain: "It is for Germany to make her choice . . . Either the Germans must give convincing proof of the sincerity of their desire for peace . . . or we must preserve our duty . . ."

Said Adolf Hitler: "The decision of peace or war lies with others. We simply have a grave determination to fight."

From such a hopeless deadlock there seemed no alternative except a fierce war. But the still, small voices of peace began rising everywhere. In Germany it was the mysterious mobile radio station urging that Hitlerism be discarded.

Taking a cue from the earlier speech in which Lloyd George had counseled U. S. leadership in a world peace move, Herr Hitler first had his throttled press give the British statesman a build-up, then released a plea that America might help prevent Europe's frightful "bath of blood."

At the same time, other Britons looked askance at the allies' apparent plan to wage war only on the western front. Could anybody win from such stalemated positions?

On Land

There was every indication Germany planned to open a fierce thrust on the western front, thus retaliating against spurned peace offers. Paris heard that Hitler had summoned his generals, ordered them to clear the French off Nazi territory and to drive swiftly through Belgium and Switzerland in a great offensive.

At Sea

Fireside generals have long fought the battle of warship vs. bomber. Before October is out, the victor may be known.

DAVID LOYD GEORGE This little man wanted peace.

man circles said Nazi planes had dropped 10 bombs in a single raid on British vessels blockading the North sea. Since the allies wanted no peace, the raids would continue. Commented the official German news agency: "The time of unqualified British control of the seas is gone forever."

(At Amsterdam, Netherlands, a Dutch seaman came home to announce he had sailed from New York on the long-missing German luxury liner, Bremen, had helped plow her through cold northern seas while she flew the Soviet flag, and helped dock her safely at Russia's Arctic ocean port, Murmansk.)

NEWS QUIZ

Know your news? One hundred is a perfect score. Deduct 20 for each question you miss. Anything about 60 is good.

1. The above fellow, once governor of Kentucky, is shown taking an oath in Washington. What's his name? What oath is he taking?

2. Al Capone, former Chicago gang czar, is in the news now because: (a) he is taking piano lessons at Terminal Island prison, California; (b) he has become a fruit grower at his Florida home; (c) he will be released from prison next month.

3. His initials are Robert G. As official executioner for five eastern states, he electrocuted Sacco and Vanzetti and Bruno Richard Hauptmann, kidnaper of the Lindbergh baby. What's his last name? What happened to him?

4. Richard Gallogly is under life sentence in Georgia, convicted of a "thrill" murder in 1928. How did he make news recently?

5. Charles A. Byrne is New Orleans district attorney. He recently: (a) set a new record for prosecutions, for which the governor honored him; (b) was charged with blocking a grand jury's investigation of alleged graft and corruption; (c) started a racket-busting campaign similar to that of New York District Attorney Thomas E. Dewey.

(Answers at bottom of column.)

CONGRESS: Talk Fest

Washington's important news was not that the senate had refused 65 to 26 the resolution by New Hampshire's Sen. Charles W. Tobey to split the arms embargo repeal issue away from the rest of the pending neutrality bill.

Much bigger news was the fact that the issue of war vs. peace vs.

MISSOURI'S CLARK "Idiotic, moronic, unpatriotic . . ."

neutrality had stirred an unprecedented free-for-all in congress and elsewhere at a time when national unity was the watchword. There was angry speech-making, too much of it, fraught with a bitterness that might have made the U. S. look slightly silly and indecisive in time of crisis.

Missouri's Isolationist Bennett Champ Clark took the senate floor to maintain that the Tobey vote was no test. He stayed to make a speech on how the President's "limited emergency" proclamation has been used for dictatorial, warlike moves.

A speech the night before by Assistant Secretary of War Louis Johnson next attracted the senator. Mr. Johnson had said the U. S. army is as vulnerable to German mechanized legions as was the Polish army. Commented Mr. Clark: "In my judgment no more idiotic, moronic, unpatriotic remark ever has been made . . . To compare the situation in the U. S. with the situation in Poland . . . is an attempt to alarm our people . . . which to my mind is beneath contempt."

Next came Nebraska's Repealer Edward R. Burke in a speech denouncing Hitlerism, predicting a revolution for Germany and urging the U. S. to cast its lot with the allies by providing every assistance "short of supplying men and money."

News Quiz Answers

- 1. He is A. B. ("Happy") Chandler, who resigned as governor to succeed the late Sen. Marvel M. Logan. 2. (c) is correct. Capone is expected to be freed by November 19. 3. Robert G. Elliott. He died. 4. By walking out of prison, picking up his wife and driving to Texas "to get justice." 5. (b) is correct. Impeachment proceedings have been filed against him.

Steel Potential

With 14 pounds of manganese required in making a ton of steel, statisticians in New York figure that 16,000,000 tons of steel, or more than one-half the 1939 U. S. output, could be made with the 100,000-ton year-end manganese inventory reported for Cuba which last year cut production costs to a level competitive with remote foreign producers at present market prices.

SCHOOLS

Leek School.
Teacher, Peter Boyne.
Reporters, Audrey Richards and Betty Jean Bruce.
We are going to have a box social on Friday, October 27. Everyone is welcome to come. We are now practicing on a play. "The Witches' Dance," and several other numbers to be used on the program. The idea of the evening is to be centered around Halloween. . . . The little folks are making books about animals that they have read in their readers. They have already built an animal town by making cardboard animals that stand up. . . . For hygiene we have been making good health posters. Some of the best ones are on the bulletin board. . . . In art class we have been making round brown owls and green square owls. These are also on the bulletin board. . . . The songs we have learned in music are "The Cowboy" and two Halloween songs. . . . We only had school three days last week because of teachers' institute at Flint Thursday and Friday.

Greenwood School.
Last Thursday and Friday, there was no school on account of teachers' institute at Flint. . . . The lower grades have been making pictures of Halloween witches, cats and ghosts in art. We put up cats and pumpkin faces for window decorations. Last week the upper graders made posters of Columbus' ship, the Santa Maria. . . . We have begun to keep achievement graphs in spelling. We will keep them for four weeks and see who has the best graphs at the end of that time. . . . We are beginning to plan for a Halloween party. . . . There is a new health poster in our school. It shows a lioness watching over her cubs while they play. The poster tells us to "Play Outdoors Every Day." . . . We have organized a safety club. Jean Niziol has been elected captain. Bernice Vorhes, Yvonne Palmer, Jimmie Luana, James Dodge and Dorothy Smith are the other members of the safety patrol.

Rescue School.
Teacher, Catherine MacLachlan. Reporter, Gordon Decaire.
The sixth, seventh and eighth grades made a peep show. Some made "Brownies Help Jack Frost," "Playing in the Snow," "The Three Billy Goats," "A Winter Scene," and one of Halloween. . . . Sixth grade made a very interesting products map of South America. Fifth grade made one of Michigan. . . . We have our schoolroom decorated for Halloween. . . . Miss MacLachlan brought her radio to school. Now we get the news at noon. . . . Kenneth MacAlpine brought us a beautiful bouquet of dahlias. . . . We had an arithmetic match Friday. Gordon Decaire and Olson MacCallum were captains. Olson's side won.

Dillman School.
Teacher, Lucile Anthes. Reporters, Wilbur Silvernail and Dale Brown.
Miss Anthes just finished reading "Evangeline." We enjoyed it very much. . . . We received our A. A. A. safety poster and our safety card. We had 356 contacts. . . . The fourth grade are writing about good and bad habits. They have 52 good habits and sixty bad habits. . . . The fifth grade are studying in geography about the products of Michigan. The sixth grade are studying about Chile. . . . Each of us drew a bouquet for art Friday. . . . Miss Anthes is reading the book, "Talking Leaves," for morning exercises. . . . Shirley Hudson, Ruth Murphy and Bill Philp made safety posters and put them on our bulletin board. . . . Miss Anthes made a "Jimmy Acorn" out of some acorns which Donald and Marjorie Karr brought to school. . . . We had two days' vacation while Miss Anthes was at teachers' institute.

DON'T THESE LOOK AWFUL GOOD?
(Recipes Below.)

My Favorite Recipes

Lucky, indeed, is the homemaker who has among her treasured recipes Aunt Martha's "receipt" for soft molasses cookies, Mother's rule for old-fashioned apple pan dowdy, or grandmother's instructions for making home-baked beans. Those old, favorite recipes are the mainstay of many a tempting meal.

Each one of us has our own prized collection of just such recipes—some old, some new, but all of them tried and approved by a critical family. The recipes I'm giving you today are some of my own favorites—family "heirlooms" and contributions from friends and neighbors who are excellent cooks.

When you're a "seasoned" or experienced cook you may take liberties with a recipe or with directions, but if you're a beginner, or if you're trying a new dish for the first time, it's better to stick to a proven recipe and the accurate measurements it calls for.

Accuracy in cooking means level teaspoons and tablespoons and cups in the amounts the recipe specifies; it means sifting flour once before measuring; combining ingredients by the method given, and cooking or baking according to time and temperature recommended.

Oven Fried Chicken.
(Serves 4)
2 to 3 pound chicken (cut for frying)
1 cup flour
1 teaspoon salt
¼ teaspoon pepper
2 eggs
¼ cup water
1 cup fine cracker crumbs
Fat for frying
1 onion (chopped fine)
1 cup cream

Dip pieces of chicken in flour to which salt and pepper has been added; then dip in beaten egg to which water has been added and finally roll in cracker crumbs. Brown in hot fat (1 inch in depth). Place in baking pan, sprinkle with onion, and top with cream. Cover and bake in a moderate oven (350 degrees), until tender, approximately 1½ hours.

Surprise Muffins.
(Makes 2 dozen small muffins)
1 egg (well beaten)
1 cup milk
2 tablespoons butter (melted)
2 cups cake flour
3 tablespoons sugar
3 teaspoons baking powder
½ teaspoon salt
4 tablespoons cherry preserves

Beat egg and add milk and melted butter. Mix and sift the flour, sugar, baking powder and salt. Pour liquid ingredients into the dry ingredients. Pour into well-greased muffin tins and place ½ teaspoon of preserves on top of each muffin. The preserves should be partially covered with muffin batter. Bake in a hot oven (400 degrees) for approximately 12 minutes.

Vanilla Ice Cream.
(Automatic Refrigerator Method)
½ cup sweetened condensed milk
½ cup water
1½ teaspoons vanilla
1 cup whipping cream
Blend sweetened condensed milk, water, and vanilla thoroughly. Chill. Whip cream to custard-like consistency and fold into chilled mixture. Pour into freezing pan. Place in freezing unit. After mixture is about half frozen remove from refrigerator. Scrape mixture from sides and bottom of pan. Beat until smooth but not until melted. Smooth out and replace in freezing unit until frozen for serving. Serves 6.

Chocolate Sauce for Ice Cream.
2 squares unsweetened chocolate
2 tablespoons butter
½ cup boiling water
5 tablespoons white corn syrup
2 cups sugar
1 teaspoon vanilla
½ teaspoon salt
Melt chocolate and butter and add hot water gradually. Bring to a

boil, add corn syrup and sugar, and cook over low flame for 5 minutes. Cool slightly, add vanilla and salt.

Gingerbread Waffles.
(Serves 6)

1 cup molasses
½ cup butter
1 teaspoon soda
½ cup sour milk
1 egg (beaten)
2 cups cake flour
2 teaspoons ginger
½ teaspoon salt

Heat molasses and butter to boiling point. Remove from fire and beat in the soda. Add sour milk, beaten egg, and the flour which has been sifted with the ginger and salt. Mix well. Bake in hot waffle iron. Serve with whipped cream and a dash of nutmeg.

Honey Spice Cake.

¾ cup shortening
½ cup granulated sugar
¾ cup strained honey
2 eggs
3 cups cake flour
2 teaspoons baking powder
½ teaspoon soda
½ teaspoon salt
1½ teaspoons cinnamon
½ teaspoon cloves
½ teaspoon nutmeg
½ cup nut meats (broken)
1 cup buttermilk
1 teaspoon vanilla extract

Cream shortening. Add sugar and beat thoroughly. Add honey. Separate eggs, beat yolks and add to mixture. Mix and sift all dry ingredients. Add ¼ cup of dry ingredients to nuts and add to cake mixture. Add remaining dry ingredients alternately with buttermilk and vanilla, beating between each addition. Beat egg whites until stiff. Fold into mixture. Place in well-greased loaf pan. Bake in moderate oven (350 degrees) for 45-50 minutes.

Clam Chowder.

½ cup carrots (chopped)
2 tablespoons onions (chopped)
1½ cups potato (chopped)
¾ cup celery (chopped fine)
1 pint clams
2 cups water and clam liquor
Salt and pepper to taste
1 pint milk
3 tablespoons flour
3 tablespoons butter
1½ tablespoons parsley
½ teaspoon paprika

Chop the vegetables in small pieces and place in large kettle. Chop the clams and add together with the clam liquor, water, salt, and pepper. Cover and cook about ½ hour, or until vegetables are tender. Scald milk. Make a smooth paste of the flour and water. Add half of this flour paste to the clam mixture and half to the scalded milk. Cook each, stirring constantly, until the mixtures thicken. Combine and add butter, parsley, and paprika. Serve very hot.

Whipped Cream Fluff.
(Serves 5)

1 cup rice (cooked)
½ cup shredded pineapple
½ cup canned red cherries
1 dozen marshmallows (cut in pieces)
¼ cup sugar
½ cup whipping cream
Chill rice thoroughly. Then add fruit and marshmallows, and sprinkle lightly with sugar. Just before serving, fold in whipped cream. Serve in sherbet glasses.

DEATHS

Joseph Lockwood.
Funeral services were held at 10:00 a. m. Saturday in the Douglas Funeral Home here for Joseph Lockwood, 66, who died Friday noon, October 13, in the Joseph Fulcher home at Wickware. The Rev. Marion Green of the Uby Methodist Church officiated, and the body was taken to the home of Mr. Lockwood's daughter in Clare, where services were held Tuesday with burial in Clare Cemetery.

Joseph Lockwood was born in Ontario February 23, 1874. He was employed on the Fulcher farm. He suffered a stroke Thursday and passed away the following day. The deceased is survived by two daughters and one son.

Alexander M. Stirton.

Alexander M. Stirton, 67, passed away at his home at Atwater on Tuesday noon, October 17, after an illness of several months.

Alexander M. Stirton was born near Watford, Ontario, October 11, 1872, and in 1889 came with his parents to Grant Township, Huron County, Michigan, where his brother, Archie Stirton, now lives.

He was united in marriage with Miss Bertha Williams of Detroit forty years ago and they made their home in that city until seven years ago, when because of failing health they bought and moved to a three-acre farm at Atwater where they have since made their home.

About eight months ago Mr. Stirton suffered a stroke and has gradually grown weaker until his death Tuesday. He is survived by his widow and three sons, William Edward Stirton and Malcolm R. Stirton, both of Detroit, and Alexander J. Stirton of Washington, D. C. He also leaves two brothers and three sisters, James of Los Angeles, California, Archie of Grant, Mrs. R. N. McCullough of Cass City, Mrs. Alex Clark of Sheridan and Mrs. Walter Buckner of Birmingham and one grandchild, William Stirton, Jr.

Funeral services will be conducted in the Angus McPhail home on Friday, October 20, at ten o'clock by Rev. Paul J. Allured of Kinde. Interment will be made in Oak View Cemetery in Royal Oak at 2:00 p. m.

Mrs. James Allen.

Mrs. James Allen, 89, passed away Tuesday night, October 17, in the home of her daughter, Mrs. Martin McKenzie, in Cass City.

Funeral services will be held this afternoon (Friday) in the McKenzie home at 2:30 o'clock. Rev. W. Hastings, pastor of the Cass City Presbyterian Church, officiating. Interment will be in the McTaggart Cemetery.

Kate Allan was born in Esquimaux, Ontario, August 4, 1850.

She is survived by one daughter, Mrs. McKenzie, and one sister, Mrs. Jennie McIntyre, of Detroit.

POTATO MEN HAIL M.S.C. IDEA

In early tests, use of this three wheeled crawler to pick up potatoes seems to make play of what has been a back breaking job ever since potato production began. Agricultural engineers at Michigan State College have shown this machine to but a few of the many thousands of farmers in the state, yet the idea has been given a hearty welcome. Speed can be varied from one-tenth to nearly two miles an hour. Cost, if some used materials are adapted, could be about \$50. Floyd Linebaugh, technician, above, is testing the ease of picking up the crop while sitting down.

Designs Machine to Unbend Backs

Use of some imagination at Michigan State College has resulted in creation of a small three-wheeled machine that promises to rid thousands of Michigan farmers of the backaches they usually experience in picking up potatoes each fall.

In fact the invention likely will go farther than that. Early tests indicate it facilitates picking up the crop. Now attention is to be turned to its possibilities as a

complete potato outfit, capable of handling all the jobs once the land is fitted in the spring. Subsequent jobs, if tests are successful, may include planting, cultivating, and possibly digging.

A three-quarter horsepower engine drives from the rear with a friction drive from a pump jack onto a standard auto tire of six or sixteen-inch size. Feet placed on the steering arms at the front steer the two smaller four by twelve-inch tires.

H. H. Musselman, head of the department of agricultural engineering, conceived the idea. Many

of the details have been worked out by Floyd Linebaugh, technician in the department.

The fuel tank holds but a gallon of gasoline, yet this is sufficient to operate the engine from eight to nine hours. It is the same type engine often used on washing machines or water pumps.

One of the greatest advantages of the crawler is that there is far less injury to the potatoes in picking them up. The operator sits at nearly ground level, with bag openings on either side at a low level. An inexperienced man found he could pick at the rate of three bushels a minute. An experienced picker on the machine maintained with ease a steady pace equal to his top speed when picking into a crate.
