William Bearss Killed in Auto **Smash Thursday**

Funeral Services Will Be Held in Baptist Church Here on Saturday.

William Bearss, 20-year-old son of Mr. and Mrs. Elmer Bearss, of Elkland Township, was instantly killed when the car he was driving collided with one driven by Edward Sherman of Harbor Beach. The accident occurred about 1:45 a. m., Thursday, September 12, at the highway intersection a mile west of Gagetown. Bearss suffered a fractured skull.

With Bearss were Miss Helen Sowiash of North Branch, who suffered a dislocated hip, and Frank Bach, of Cass City, who received several cuts and bruises. They were treated by a Gagetown physician and Miss Sowiash was taken to her home in North Branch.

of Harbor Beach. Both men had minor injuries.

OPENING THE SCHOOL DOORS.

There is a new stir in the air as the school year begins. Flocks of children have been away for the summer. The streets seemed de- candidates and the parties who serted without their cheerful seem most likely to provide work shouts. Then the wanderers return. for youth and also most likely The neighborhoods teem with life to keep the country out of war. again. The householders may de- History has shown that candidates plore the heedlessness they often and parties have often made glowmanifest. But a street without ing promises that look rather funchildren seems half way to the ny when recalled a few months cemetery.

Then with school opening, the streets are again filled with a procession of young life. If the children ever disliked school, that time and are ready for a year's work.

If the American people fail to of the schools. Billions of money and many more things. of teachers are higher than ever that they can't teach everything. before.

The young folks come in contact with very bright and capable men and women, who study day and night how they can train children so as to make them competent and intelligent.

The child should enter the schoolhouse door with the feeling that the school system is his friend. Education is arranged to help the child make a place for himself in the world. The rules are not made to harass and annoy him, but to see to it that the child and the family behind him get their money's worth.

If children enter school and play the game of study according to the rules, they will be the most fortunate youth in all the world. Doors of opportunity will open to them, and they will go on to successful experience.

A SAFEGUARD FOR DEMOCRACY.

Where democracy has been crushed, taxes are exacted from

Nearly 9,000,000 new voters will be eligible to vote at the November election. Their vote will come near turning the tide. No wonder the political war horses are eagerly sniffing the breeze, to see if they can get any line on what those new voters are going to do.

THE NEW VOTERS.

Probably many of them do not yet know how they are going to vote. The currents of politics are deep and complex. If the new voter lacks a background of his-

tory to light the way over the troubled sea, he hardly knows where he is at among these contending forces. He will probabaly vote for the

after the election.

THE PRESSURE FOR MONEY. Young people more than ever before feel the pressure to get has passed. Their happy faces as money. They see all the wonderthey hasten to the call of the school ful improvements, and they hate bell, are a sign they welcome the the idea of living in a quiet old comradeship of their classmates, simple way. They want nice automobiles, labor saving devices for their homes, travel, excellent care accomplish all they expect through for themselves and their children education, it will not be the fault when sick, education for children

Rubber was named by Joseph Priestley, the famous English chemist. In 1770 a friend in America sent him a ball of crude rubber. Discovering that it would erase pencil marks, he broke off small pieces and called them rubbers.

with the money they pay.

In The Chronicle, subscribers will find publication of the proceedings and reports of various public offices. With such a public accounting there can be no question regarding the integrity of public officials, for honest officials are always anxious that a public accounting of funds should be made as often as is necessary to vindicate any accusation that might be wrongfully made against them.

Now and then there is some discussion as to whether the proceedings of the county board of supervisors, school councils, school best steel, precision-tested, and deshould be published in the local hour, it behooves our school authorhome newspaper. Mennonite Brethren in Christ Churches, Cass River Circuit-E. M. Gibson, Pastor. Sunday, September 15:

Riverside Church-There will be preaching by the pastor at 10:00 m. The Sunday School will follow at 11:00 a. m. If you are not attending Sunday School elsewhere, you will receive a warm welcome to this school and you will also enjoy the fellowship of the school. The evening service will begin at 7:45 with an inspiring fellowship meeting, and will be followed by the sermon by the pastor at 8:15. The prayer meeting will be held at the R. Knoblet home Thursday evening at 8:00.

Mizpah Church-Sunday School will meet at 10:30 a.m., under the direction of the superintendent, Jason Kitchin. If you are living in the vicinity of this church and not attending Sunday School elsewhere, please accept the invitation of this school, and make it your permanent place for study of the Word of God. The value of this school to the community is evidenced by the good attendance record that is maintained. The regular morning worship service begins at 11:30 a. m., and includes the sermon by the pastor. The evening service will open at 7:30 with an interesting young people's service in charge of Miss Emma Kitchin, and will be followed by the evening sermon by R. Knoblet There will be a prayer service on Wednesday evening at 8:00 o'clock the place to be announced by the class leader.

You are cordially invited to attend these services.

Michigan Boy Wins Scholarship

GLENN H. MERITHEW, of Detroit, state champion boy automobile driver of Michigan, won a \$100 scholarship in the Ford Good Drivers League national finals at the Ford Motor pavilion, New York World's Fair, in late August. Edsel Ford, president of the League, personally handed him his award. In this photo Edsel Ford is shown with 18-year-old Gene M. Kennard, the Indiana boy who won the national boy driving championship, and his mother, Mrs. J. L. Kennard. The occasion was the League's first annual Champions Dinner at the Ford pavilion at the Fair, with Captain Eddie Rickenbacker as principal speaker. The League paid all expenses of Merithew and an adult sponsor named by himself for a gala week of entertainment in New York. The object of the League is to promote safety on the highways by teaching every high school boy in America to drive expertly. Any boy between the ages of fourteen and eighteen, inclusive, may join without charge. Enrollment blanks may be obtained from any Ford, Mercury or Lincoln-Zephyr dealer.

UseYour Rent Money

For Better Accommodations at Lower Cost

You need not consider the cost of a new home an extra expense. You can build one, and pay for it as you now pay rent. You will be making a sound investment and building a savings account in an increasing equity in the home.

Now is the time to start building. Low material costs and an abundant supply of experienced labor make this the ideal building year.

We have all the materials required for building and our plan books give any number of suggestions for a new residence. Ask to see them.

considerable length and then cut

Three Stages of Symptoms. The symptoms and signs of ingrown toenail are conveniently divided into three stages (a) inflammation and redness, (b) inflammation and a little moisture (thin at first), and (c) formation of new or granulation tissue.

In the early stages of ingrown toenail, Dr. Heifetz suggests careful packing of absorbent cotton moistened with alcohol, between the edge of the nail and the soft parts. Use a small flat instrument. Collodion is then applied to the cotton and allowed to dry. If a sufficiently wide shoe or a cut-out shoe is worn, the packing changed weekly, and the nail allowed to grow long enough so that it can be correctly trimmed, a lasting cure can usually be obtained. As the second and third stages require more intensive treatment and operation, they should be under the care of a physician.

WEEKLY NEWS ANALYSIS By Edward C. Wayne King Carol II of Rumania Abdicates As Fascist Iron Guard Effects Coup; House Votes 60-Day Volunteer Plan **Before Launching of Peacetime Draft** (EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

(Released by Western Net

BALKANS:

Coup

Shots fired at the palace of King Carol of Rumania followed anxious days in the Balkans, during which Rumania accepted a Berlin-Rome dictated agreement transferring part of Transvlvania to Hungary. Included in the agreement was guarantee to Rumania by Germany that its shrunken borders would be guaranteed against further demands by anyone. With a "Who, me?" expression, Soviet Russia looked over the fence from Bessarabia and Northern Bukovina, which it earlier had seized from Rumania.

Even this did not satisfy the king's enemies. Two days later King Carol II announced the appointment of Gen. Ion Antonescu as the new military dictator of the country. Carol retained only a few unimportant governmental tasks.

But still crowds of angry rioters shouted in the public square around the Rumanian palace and the political "outs" clamored for more changes. Finally it was announced that King Carol had abdicated. Stepping down from the throne he was succeeded by his son Michael, 18 years of age, who once before ruled his nation as "the boy king" when his father renounced the right to the throne in 1925.

The coup against Carol was by Fascists who sought to take over Rumania at once and liquidate the entire situation.

M-DAY:

Men Effects of the war will be brought

to hundreds of thousands of American homes this month. For the first time in U. S. peace time history young men will be called from their jobs and schools to serve at least one year in the nation's military forces.

First is the National Guard, 60,500 officers and men from 26 states being the initial cadre going on active service beginning September 16. Later more will be called until 250,-000 are in the field.

Meanwhile 11,000,000 will have registered under the conscription measure. Once set up, the draft machinery will turn fast. First call will be for a gradual enlistment of 400,000. An additional 500,000 will follow before spring.

A few days after the senate had approved the Burke-Wadsworth bill which would call up these first U.S. peacetime conscripts, the house of representatives tacked an amend

houses, kitchens, drainage systems, gas and electrical lines. Erection of wooden barracks must wait congressional appropriation.

Sixteen camps were built during the World war. Most of these have been dismantled but the government still owns the land. If the same sites are selected, new barracks will be built at Camp Devens at Ayer, Mass.; Camp Upton, Yaphank, L. I.; Camp Dix, Wrightson, N. J.; Camp Meade, Annapolis Junction, Md.; Camp Lee, Petersburg, Va.; Camp Jackson, Columbia, S. C.; Camp Gordon, Atlanta; Camp Sherman, Chillicothe, Ohio; Camp Taylor, Louisville, Ky.; Camp Custer, Battle Creek, Mich.; Camp Grant, Rockford, Ill.; Camp Pike, Little Rock, Ark.; Camp Dodge. Des Moines, Iowa; Camp Funston, Fort Riley, Kan.; Camp Travis, Fort Sam Houston, Texas; and Camp Lewis, American Lake, Wash.

Munitions

In some lines of equipment, where sufficient material cannot be constructed by existing industry, the government will build its own factories or lend money to private firms to expand.

With an eye to safety, however, none of these new facilities will be erected within 250 miles of an ocean or foreign border. This may develop a shift in the nation's industrial life.

Pity the Poor Geography Teacher!

School opens-and with it what a headache for the geography teacher. Sudden changes in the boundaries of a dozen European countries caused by Hitler's military successes and Stalin's expansion movement have rendered geographies and atlases out of date. And the result? "It's a headache," says Mrs. Virginia Bongart, a teacher in the Cook county public schools near Chicago, who is pictured above.

(Released by Western Newspaper Union.)

Colossus of Rhodes

The Colossus of Rhodes was made to commemorate the successful defense of that place against Demetrius Poliorcetes in 304 B. C. It required 12 years for its completion and cost \$470,000. It was probably finished before 280 B. C. It represented the Rhodian sun god, Helios; was over 105 feet high and was considered one of the seven wonders of the Old World. It is said to have been made from the engines of war

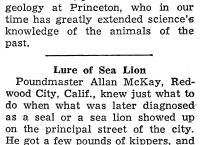

abandon.

Cass City, Michigan.

Here is a scene typical of armories throughout the nation as the national guard prepares for mobilization. This picture was taken in the rifle room of the 244th coast artillery armory New York national guard as soldiers checked over weapons as one of the first steps in arrangements to answer their "call to arms."

ment to the bill which provided that voluntary enlistments be given a 60day trial before the draft was begun. Under the terms of this amendment, if the army's quota was not filled within 60 days the draft would automatically go into effect to make up the difference between enlistments and the required number of soldiers. Thus the bill was shuttled back to the senate for consideration of this amendment.

000 bushels for export or addition to view, the trade gives America a carry over. The total carryover would accordingly be about 300.000 -line of fortifications unparalleled in 000 bushels at the close of the 1941protecting the Panama canal, the Gulf and the Atlantic coasts. De-42 season. pendence of the British navy means

World acreage, exclusive of Soviet Russia and China, the bureau said,

is expected to remain approximately the 275,000,000 acres harvested in Carried. 1939. The bureau said that world

wheat supplies, exclusive of Soviet Russia and China, for the year be-

ginning July 1, 1940, may be about 100,000,000 to 150,000,000 bushels smaller than a year ago when they totaled 5,445,000,000 bushels, the largest stock on record.

Congress was given no part in the negotiations. President Roosevelt notified them merely of the accomplished fact, and cited legal opinions from Attorney General Jackson upholding his power to

While there was general acceptance that the United States defense position had been greatly advanced, the President's methods are due to be given a raking criticism.

America's one-ocean navy can be

More important than the material

A Duo-Therm with POWER-AIR saves up to 25% in Fuel Costs!

Actual tests show you get more heat per dollar with a Duo-Therm . . .

3 times better distribution of heat from floor to ceiling than has been possible with an oil heater before!

The Power-Air blower-found only on Duo-Therm-drives heat down to floors-to far corners-gives you the same positive circulation of heat through the house that expensive furnaces give!

Most efficient burner ever made - the Duo-Therm gives any degree of heating you want at the turn of a handy dial. Special

Waste-Stopper keeps heat from going up the chimney.

Radiant door-gives quick, direct heat that warms you through in a jiffy. Models for 1 to 6 rooms. See America's finest heater-today!

DEFORD NEWS

Farmers' Club-

The club will meet Friday, September 20, in the evening, at the home of Mr. and Mrs. Mack Little. Program hour will be taken in charge by Willis Campbell, presenting 4-H club work.

Three Anniversaries-

A family gathering at the Albert Curtis home on Sunday was a red-letter day for the Curtis family. Mr. and Mrs. Curtis observed their 30th wedding anniversary; a daughter, Mrs. Ben Snyder (Delta) her fifth wedding day anniversary, and Mrs. Herb Case, a sister of Bert, her 66th birthday anniversarv. Mrs. Darwin Curtis presented a splendid birthday-wedding cake. Twenty-three were present, coming from Snover, Deford and Caro.

Mrs. Warren Churchill still remains very ill.

Miss Helen Taylor is in Detroit this week with friends.

The new house on the Joe Babich farm is nearly completed.

Mr. and Mrs. Howard Silverthorn spent Saturday and Sunday in Saginaw.

Mrs. Norman entertained on Sunday, Mr. and Mrs. Homer Hemstreet of Bay City. Mr. and Mrs. Elisha Randall of to help the couple celebrate.

Lapeer were Sunday guests at the Arthur Perry home.

Pontiac were week-end visitors at and sons, Lyle and Jerry, of Manthe farm home here. Mrs. Fred McCain of Oxford

was a visitor on Saturday at the George Spencer home.

Mr. and Mrs. Silas Hearns of Ortonville were Sunday visitors at the Alfred Slinglend home. Mr. and Mrs. William Thomas

of Royal Oak were week-end guests of Mr. and Mrs. Leslie Taylor. Grant Hartwick and Miss Doris

Hartwick of Flint were week-end guests of their parents, Mr. and the home of Mr. and Mrs. A. J. Mrs. Fred Hartwick.

Mrs. Frank Hegler, Mrs. George McIntyre and Mrs. H. D. Malcolm spent from Saturday until Monattended a district meeting of Ladies' Aid workers, held on Thursday, in the Methodist Church in Croswell.

The Rural Mail Carriers' Association of Tuscola and Sanilac Counties will have their annual meeting in the Deford church on the evening of Septemer 18. The church aid society will serve their banquet in the dining room.

George McIntyre attended the funeral services held for Carl Mr. and Mrs. Charles Henderson. Paige on Tuesday afternoon in Ubly.

George McIntyre attended a chick- troit, and Jim Nelson were Sunday Murphy took the shore drive on Fred Cutler, R en supper on Friday evening at guests at the home of Mr. and Frankenmuth at a lumber dealers' Mrs. Vern Bogart. gathering.

Mr. and Mrs. Kenneth Kelley saw the Detroit Tigers lose their for a picnic dinner 13 inning ball game to the Boston Red Sox, played at Briggs' Stadium in Detroit, on Tuesday.

Maxine Moulton's birthday. Mr. and Mrs. Bert Polworth spent Sunday in Evart at the home of their son, Alan Polworth.

Flashlight Generates Own "Juice" Current-failure worries are ended by a new flashlight developed by Genaflash company of Albany, N. Y. Although it weighs little more than two pounds, being made of lightweight aluminum, the flashlight carries its own spring-driven generating plant and will furnish light for several minutes with a few twists of the spring-wind.

In Federal Reserve System Of the more than 14,000 banks in

the United States, only 6.338 belong to the federal reserve system. But outside banks hold only 17 per cent of the total deposits.
