

Veteran Members Of Selective Service To Receive Medals

Total of 221 Members to Be Honored at Ceremonies at Saginaw on March 5

Veteran members of the Selective Service System in this area will be honored on Tuesday, Mar. 5, at Saginaw when they will be awarded the Selective Service medal authorized by Congress for their uncompensated service in the local administration of the draft law.

A total of 221 local and appeal board members, government appeal agents, medical examiners and re-employment committeemen will be honored at the ceremonies scheduled for 1:45 p. m., in the ballroom of the Bancroft hotel. The medals will be awarded in the name of Congress by Brig. General LeRoy Pearson, state director of Selective Service.

The Saginaw meeting marks the fourth in series of district meetings being held throughout the state to honor the uncompensated personnel of the Selective Service System who have been carrying out their duties under the draft law since September of 1940. The medal to be awarded was authorized by Congress as a public acknowledgment of the gratitude of the people and government of the United States for voluntary service performed "in a manner which is an example of patriotism."

Eligibility for the award is based upon a minimum of two years of uncompensated and faithful service. The medal is inscribed "Awarded in the Name of the Congress of the United States for Faithful and Loyal Service."

A total of 1,083 members of local boards, boards of appeal and government appeal agents will receive the Selective Service medal in Michigan. The medal will also be awarded to 1,660 eligible uncompensated personnel who have served as examining physicians and dentists, medical advisory board members and reemployment committeemen.

Personnel receiving their awards at the Saginaw meeting represent draft boards from Arenac, Bay, Clare, Gladwin, Gratiot, Huron, Isabella, Midland, Ogemaw, Roscommon, Saginaw, Sanilac and Tuscola counties.

Heavy Snowfall Slows Up Traffic Here This Week

Visited by a heavy snowfall early this week, this section of the Thumb was "slowed up" considerably by blocked side roads which kept many rural folks confined to their homes, and rural carriers and milk trucks on abbreviated hauls.

No school busses have been operated out of Cass City since Monday and School Superintendent Willis Campbell, who resides a little over a mile from the school, was snowbound at his country home. Milk haulers for the Nestle's Milk Products' condensary here were able to make from 40 to 50 per cent of their regular runs on Tuesday and Wednesday and hoped for somewhat better conditions on Thursday.

Mrs. Hugh Crawford Died in Pontiac

From Gagetown correspondent. Mrs. Susan Crawford passed away in Pontiac after a year's illness on Friday, February 22. Friends and relatives came from Detroit, Pontiac, Flint, Midland, Bay City, Twining and Lapeer to attend the funeral service which was held Monday in the Gagetown Methodist church. Burial was in Grant cemetery.

She was born in Colross county, Teeswater township, Ont., on Nov. 11, 1862. She moved to Huron county at the age of 16 years with her father, and was married to Hugh Crawford on Sept. 28, 1885, who passed away on Oct. 15, 1934.

Mrs. Crawford leaves four children to mourn her death, Percy Crawford of Twining, Mrs. Mable Lloyd of Pontiac, Mrs. Nellie Muntz of Cass City, and Allan Crawford of Detroit. Two sons preceded their mother in death, Elwyn Crawford in June, 1887, and Jay Crawford in April, 1934. She has one sister living, Mrs. Angus Crawford, of Gagetown. Thirteen grandchildren and three great grandchildren also survive.

Engaged to Sergeant

Miss Field.

Mr. and Mrs. John Field announce the engagement of their daughter, Clara Anna, to Sgt. Wayne R. Peterhans, son of Mr. and Mrs. R. S. Peterhans, Caro.

Sgt. Peterhans has just returned after serving with the Signal Corps in the Pacific area for the past 18 months.

1,750 Farm People Attend the Rural Progress Caravan

One thousand seven hundred fifty farm people attended the rural progress caravan held in Caro on Thursday, Feb. 1, and 2,919 bulletins describing labor saving devices were requested by visitors.

The four most popular exhibits at the show were the Livingston mechanical stable cleaner, invented by E. A. Livingston, Cass City, and manufactured by Leonard Urquhart, Cass City; a cultivator attachment shown by the designer, Boyd Russell, Caro; two minute overall patching demonstration conducted by Mrs. Davis Shimkus of Michigan State college; and efficient kitchen arrangement, showing lap board, toe space, broken work space, desirable work heights, and equipment arrangement.

The three most popular bulletins called for farmers were "Landscaping the Home Grounds," "Death to Weeds with 2, 4-D," and "Sweep Nakes (Buck)." Those most popular with homemakers were: "Convenient Kitchens," "Improving Kitchen Cupboards," and "Floor Finishes."

Coming Auctions

Cecil Williams, who has decided to quit farming, will sell livestock and machinery at auction at his farm, 3 miles west and 2 miles south of Cass City today (Friday, Mar. 1). Arnold Copeland is the auctioneer, the Pinney State Bank is clerk, and full particulars are printed on page 6.

The snowstorm and blocked roads made it impossible to hold the C. L. Black auction sale on Tuesday so it was postponed until tomorrow (Saturday, Mar. 2). Livestock, poultry, machinery and furniture will be sold, 7 1/4 miles east of Cass City, by Auctioneer Arnold Copeland. The Pinney State Bank is clerk and the property list is printed on page 6.

Harvey O'Dell has sold his farm, 1 mile west, 1 mile south and 3/4 mile west of Cass City and will sell livestock, feed and machinery on Tuesday, Mar. 5. Auctioneer Arnold Copeland is in charge, the Pinney State Bank is clerk and full particulars are printed on page 7.

Theodore Doris has chosen Thursday, Mar. 7, as the date of his auction sale of livestock, feed and farm machinery, 2 miles north and 1/4 mile east of Kingston. Arnold Copeland will cry the sale, the Kingston State Bank is clerk and all details appear in the auction ad on page 7.

Joe Muz will have an auction sale of registered and purebred Holstein cattle, feed and machinery at his farm 4 miles south and 1/2 east of Colwood on Friday, Mar. 8. Worthy Tait is the auctioneer and the Peoples State Bank is clerk. Full particulars are printed on page 2.

Friday, Mar. 8, is the date for the sale of personal property of the Alice Fox Estate on the Fox farm, 4 miles north, 3 miles east and 1 1/4 miles north of Cass City. Auctioneer Arnold Copeland will cry the sale and the Pinney State Bank is clerk. The auction ad is printed on page 4.

Later issues of the Chronicle will carry auction ads for John H. Carson, 1 1/2 miles south and 1/2 mile east of Decker, whose sale will be held Tuesday, Mar. 12, and for T. C. Park's sale on Friday, Mar. 15, 5 1/2 miles west of Cass City.

The want ads are newsy, too.

24 New Books Have Been Added to the Village Library

Mrs. Stafford, Librarian, Notes Marked Increase in Use of Books Recently

A check for \$44.84 has been received by Mrs. Stafford, librarian of the village, from the State Board of Libraries, which will be used to purchase new books. The amount is two cents per capita for residents of Elkland township, which according to the 1940 census, was 2,242. It represents a part payment on the general library fund grant for which the local library qualifies.

Mrs. Stafford notes a marked increase in the use of library books since the library has been moved to the ground floor in its present location. The floor of the room is being given two coats of paint which improves the appearance greatly.

Following is a list of new books which have recently been added to the library:

"God Bless Our Aunts," by Rachel Meisenholder.
"A Girl to Come to," Grace Livingston Hill.
"The Egg and I," Betty MacDonald.
"None So Blind," Mitchell Wilson.
"Outside Eden," Isabel Scott Rorick.
"Leave Her to Heaven," Ben Ames Williams.
"Cass Timberlane," Sinclair Lewis.
"Winds Blow Gently," Ronald Kirkbridge.
"Judd Rankin's Daughter," Susan Glaspiell.

Co. Farm Federation To Meet March 7

The Federation of Tuscola County Farmers' clubs will hold its annual meeting on Thursday, March 7, at the Caro Methodist church, with B. H. McComb, commissioner of schools, as the principal speaker. The annual business session will be held at 11:30 a. m. which will be followed with a banquet dinner at 12:15. The afternoon program begins at 1:00. The following clubs are listed to take part in the program: Novesta, Bayside, Hickory, Town-line, Kingston and Millington.

Service News

Bernard E. Larkin, CMSC, has been discharged from the naval service. He was released at the Great Lakes, Ill., separation center. Max P. Wise, SF2c (CB), also of Cass City, recently received his discharge at the same place.

Pfc. George R. Chapel, son of Mrs. Kenneth Bentley, of Birmingham, Mich., is just finishing a 45-day furlough after having been in service for almost two years, 13 months of which were spent overseas in Italy, Germany, France and Belgium.

Pfc. Grant Little, who is stationed at Camp Fanning, Texas, spent from Thursday until Saturday of last week at San Antonio, Texas, where he visited the Alamo. From there he went to Laredo, Texas, and made several trips into Mexico. He was accompanied by a friend from Bullard, Texas.

After having traveled around for five months, a parcel was returned last week to Mrs. Leo Kirkpatrick. It had been sent by her to her son, Robert Kirkpatrick, S2c (S. C.), the first of October for his birthday. Two Christmas boxes and a money order, besides numerous letters are still among the missing.

Stanley P. Kim, Jr. EM3c, was met by members of his family in Detroit Saturday. "Junior" had a week's leave and spent the time with his parents, Rev. and Mrs. S. P. Kim, in Cass City. He has been in the service for 25 months and has been a member of the crew of the U. S. S. Nashville for one and a third years. He left Thursday for Philadelphia, Pa., where the Nashville is at anchor.

Cpl. Angus J. McLeod, formerly of Greenleaf, now of Detroit was honorably discharged from the U. S. Army at Ft. Sheridan, Illinois, January 18. He was attached to Headquarters Co. 713th Tank Bn. and had been in service more than three years, seventeen months of which were spent overseas. He returned home from Korea where he had been with Army of Occupation.

Bowlers Score High At Turkey Dinner

When a Chronicle reporter asked a local captain about the bowling match between Caro and Cass City Rotarians here Friday night, he admitted the local teams had lost four of the six games. "Regarding individual scores," he said, "there are no records available and Cass City participants are well satisfied not to see them in print."

After the match, visiting bowlers were entertained at a roast turkey and baked ham dinner served by local Rotarians at the E. B. Schwaderer residence. The old saying, "A good time was had by all," was most applicable to the occasion.

Navy Wins Over the Army as Rotarians Entertain Gavelers

Rotarians had Gavel club members as guests at a dinner party Tuesday evening at the Home restaurant. Following the meal, seven contests were conducted by Frederick Pinney and Horace Bule in which everyone present was a participant in one or more of the events.

In the first contest, a bean race, the Army and Navy groups divided honors. Other events found competition keen and contestants putting forth every effort to win. It was "heaps of fun" for everyone. Here's how the scoreboard looked at the close of the program:

Event	Army	Navy
Event 1	50	50
Event 2	0	100
Event 3	100	150
Event 4	60	120
Event 5	180?	0
Event 6	80	100
Event 7	0	100
	470	620

Frank Reid captained the Navy group and Clarence Burt the Army men. John Sandham was coach and Keith McConkey cheer leader for the Army and G. W. Landon coach and Robt. Keppen cheer leader for the sailors. To Dr. E. C. Fritz and Earl Douglas were assigned the difficult task as judges.

Jesse Sowdens Plan To Observe Golden Wedding March 10

Mr. and Mrs. Jesse Sowden will observe their golden wedding anniversary on Sunday, Mar. 10, at their home seven miles northeast of Cass City. A family dinner will be served at noon and open house will be held in the afternoon and evening to which all their relatives and friends are cordially invited. Mr. and Mrs. Sowden were married 50 years ago at Byron Center.

Mrs. Keenoy Cass City Resident for 29 Years

Mrs. Thomas Keenoy, 61, a resident here for the past 29 years, passed away Monday in the Hutchinson Convalescent home where she had been a patient for a week. Mrs. Keenoy suffered a paralytic stroke on Jan. 20 and was a patient in Pleasant Home hospital for a month before going to the convalescent home.

Funeral services were delayed pending the arrival of her son who came from Panama by plane and will be held Saturday at 10:00 a. m. in St. Pancratius church. Rev. Fr. John J. Bozek will officiate and burial will be made in Elkland cemetery.

The former Miss Harriett Laschinger was born Dec. 21, 1884, at Ruth. When a small child she went to make her home in Cleveland, Ohio. On Nov. 29, 1902, she was married to Thos. Keenoy at Detroit and a year later they came to a farm in Sanilac county where they lived until moving to Cass City. She was a member of St. Pancratius church.

Surviving are her husband; a daughter, Mrs. Marie Tepley, of Detroit; a son, Lt. Harry J. Keenoy, in the Panama Canal Zone; a granddaughter, Miss Shirley Surprenant; three stepsons: Thos. Keenoy of Cass City, Frank of Royal Oak and John of Detroit; 5 step grandchildren; and a sister, Mrs. Alma Gessner, of Banning, Cal.

World's Day of Prayer Service Here on March 8

First Friday in Lent Kept for Nearly 20 Years in Annual Observance

With beginnings that reach back to the year 1887 when a Day of Prayer was sponsored by Presbyterian Women's Home Missionary society, and which grew into an interdenominational and international fellowship of prayer, with the first World Day of Prayer in 1927, spreading to more than 50 countries by the year 1936, the annual observance of this occasion by the Cass City churches will be held at the Salem Evangelical church on Friday, Mar. 8.

For nearly twenty years the first Friday in Lent has been the date of this united prayer service. Increasingly the men of the churches are attending and participating with the women in this truly ecumenical fellowship.

The service this year will be in the nature of a communion service, with a meditation brought by the Rev. M. R. Vender. Rev. L. E. Lee will conduct the period of intercession and prayer, Rev. A. Olsen, Rev. K. B. Bisbee and Rev. S. P. Kim also participating. Music will be furnished by Mrs. Stanley McArthur and the men's chorus of the host church.

The offering on this occasion each year is given for the projects sponsored by the joint women's home and foreign missionary societies, for work among migrants, Christian literature, and the Christian colleges of the Far East. A truly community service. The public is cordially invited to attend and to participate.

Rohlf Is No. 1 4-H Holstein Member

Allen Rohlf, son of Mr. and Mrs. Clayton Rohlf, of Fairgrove, has recently been named number one Holstein 4-H member in Michigan. His records and reports were submitted to the State 4-H office January 1, where the selection was made. Allen is now entered in the national contest, sponsored by the Holstein Friesian Association of America.

Allen has had eight years of dairy 4-H projects. In this time he had a consistent good show record with his Holstein cattle. He has placed top or near top almost every year at the county fair, and has also made good showing at the State 4-H show. His present two year old heifer placed second in her class at the state show in 1944 and fifth in 1945.

Allen's present small dairy herd was developed from one heifer starting eight years ago. His animals have all been registered and show good production records. Most 4-H contests consider club activities and leadership in selection of winners. Allen is at the present time, leader of the Fairgrove club. He has been on three state judging teams, and in addition to dairy, has had one beef, one handicraft, and one crop 4-H projects.

Miss Benton and J. F. Gurdon Wed

Miss Brenadine Benton, daughter of Mrs. Marie Minard, and Julius Frank Gurdon, son of Mr. and Mrs. Chas. Gurdon of Cass City, spoke their vows at a double ring ceremony on Saturday afternoon at River Rouge, Mich. Justice of the Peace J. G. Gagneau officiated. Gowned in celanese and lace, the bride carried an arm bouquet of white carnations and snapdragons. Her double-tiered bridal illusion veil fell from a sweetheart coronet of lace.

Miss Ethel Gurdon, twin sister of the groom, was maid of honor. She wore pink taffeta with a corsage of tea roses.

Leland Rabideau of Cass City was best man. Dinner was served at the Wabash Tea Room at Wyandotte and after the dinner a small reception was given in honor of the bride couple at the home of Mr. and Mrs. H. Burfield, sister and brother-in-law of the groom. At midnight, the bride and groom cut their wedding cake and left on a short honeymoon.

Mrs. Gurdon is employed at Universal Button Co. of Detroit. She attended St. Anne high school.

Mr. Gurdon is employed at the Briggs Mfg. Co. He attended Cass City high school and spent three years in the U. S. Navy.

The young couple will make their home in Lincoln Park, Mich.

Troth Told

Miss Ellis.

Mr. and Mrs. John L. Ellis of Richland, Michigan, announce the engagement of their daughter, Eva M. Ellis, to William L. Allen, son of Mr. and Mrs. Hubert Maurer of Ithaca, Michigan.

Mr. Allen arrived recently in this country after serving 30 months in the Pacific theater of war.

No date has been set for the wedding. Mr. and Mrs. Ellis resided near Cass City for several years.

Cass City 4-H Boy Is Guest at Lansing Banquet

A. J. Murray, 4-H member of Cass City, was a guest at a banquet held at Lansing Saturday night, Feb. 23, by the Michigan Livestock Producers' association.

A. J. Murray was the 4-H member of Tuscola county, who was picked to represent the county as number one 4-H in meat animal raising. This was a contest sponsored by the Thomas Wilson Packing Co. of Chicago, and A. J. Murray was recently named as winning this honor. He will receive a medal presented at some local event, or at the Spring 4-H Achievement day, April 23.

Cass City Defeated Mt. Pleasant, 36-34

Cass City's offense, clicking to perfection in the last half of Friday night's game here, registered a 15 to 5 margin in the third period and 13 to 7 in the fourth to gain a two-point victory over Mt. Pleasant.

The visiting team had jumped into a 11 to 5 lead in the first quarter and at the end of the second period had what was apparently a commanding lead of 2 to 8.

BIRTH ANNIVERSARIES CELEBRATED AT DINNER

Mr. and Mrs. Emory Lounsbury entertained a large company at dinner in honor of the 81st birthday of the latter's mother, Mrs. Nelson Perry, and the birth anniversaries of Mrs. Leslie Lounsbury and Linda Goodall which are in February. Guests were Mrs. Perry, Mr. and Mrs. Leslie Lounsbury and children, Mr. and Mrs. Lyle Lounsbury and children, Mr. and Mrs. Alfred Goodall and children and Mrs. Christina Goodall, all of Cass City; Mrs. Harland Lounsbury and her mother; and Mrs. Charlotte Bishop of Caro; and Mrs. Loren Brinkman of Bay City.

Don Bolt of Brazil, Ind., traveler, journalist, and commentator, closed a series of four lectures in the Institute of International Understanding sponsored by the Rotary Club here. The institute presented talent that gave informative and interesting facts regarding world conditions and many found the lectures worth-while.

Mr. Bolt in his talk here Sunday evening spoke on the subject, "Maintaining World Trade and a High Standard of Living."

M. B. Auten, who presided as chairman, introduced the speaker. Rev. John Bozek gave the invocation and a clarinet quartet from the high school band presented a number on the evening's program. Frederick H. Pinney, Willis Campbell and Rev. M. R. Vender were the committee in charge of the management of the institute.

Cost of Using Hard Water in Home

By C. U. Brown.

The expenses incurred by the use of hard water in the home are varied and some are so obscure that it is difficult to calculate. One of these is the loss of satisfactory service of clothes washed in hard water; also the loss of heat in homes heated with hot water or steam boilers and the hot water heating coils which have become incrustated with mineral deposit. Other costs can be ascertained with some accuracy.

The late Professor Whipple of Harvard university in his book, "The Value of Pure Water," estimates that the average family will soften with soap one gallon of water for each member of the family per day for washing purposes in the kitchen, bathroom and laundry.

Professor Foulk of Ohio State university has determined that it requires 2 of a pound of soap to soften 1,000 gallons of water through one part per million of hardness. By the use of these two formulas it is possible to determine the amount of soap for a family using waters of different hardness. If we set the price of

Eight Thumb High Schools Paired for Basketball Finals

Gagetown and Unionville Open the Contests on Thursday, March 7

As a result of the drawings made Monday night, Feb. 25, for first round opponents in the Cass City District B and D Basketball tournament, the game schedule for the three nights of play on Mar. 7, 8 and 9 is as follows:

Class B.

Saginaw St. Joseph vs. Sandusky, Friday, 7:45 p. m.
Caro vs. Cass City, Friday, 9:00 p. m.

Friday's winners will be in the championship game Saturday at 9:00 p. m.

Class D.

Gagetown vs. Unionville, Thursday, 7:45 p. m.
Akron vs. Fairgrove, Thursday, 9:00 p. m.

Thursday's winners will be in the championship game Saturday at 7:45 p. m.

The four Class B teams, Caro, Cass City, Sandusky and Saginaw St. Joseph, have good season's records. Caro's record of 14 wins and one loss is outstanding and makes them the team to beat for district honors. Cass City has eight victories in 14 games, Sandusky has won eight and lost five games, while St. Joseph were the winners in seven of their 12 games to date. Caro and Cass City divided honors in two very close contests, each winning on their home floor. Neither Sandusky or Saginaw St. Joseph have played any of the teams they will meet in the district tournament, so no comparison of their strength can be made.

Four unusually strong Class D school teams will meet for district honors at Cass City, namely Akron, Gagetown, Fairgrove and Unionville. Gagetown and Akron are the leading contenders with fine season's records. Gagetown has won 11 and lost one, while Akron has won 12 and lost four games. Both schools have victories over Class C schools as well as schools in their own class. Akron and Gagetown met twice during the season and each lost on the other's home floor. Unionville's five wins and nine losses to date are misleading, because half of their defeats were by very small margins. Concluded on page 8.

ANGLO-SAXON NAMES FOR NOVEMBER were "Wind month" and "Blood month."

Hanging Linens Fold household linens over the clothes line with the hems together to prevent their tearing in the wind.

Control Bleeding Bleeding from a vein can be controlled as a rule by placing a compress over the wound and bandaging snugly but not too tight. Continue the finger pressure on the side away from the heart if the bleeding is severe. It is important to stop very severe bleeding quickly whether from a vein or an artery, for the loss of a large quantity of blood is serious; over a quart may be fatal.

Checking Nose Bleed If a nose bleed is severe and continuous, it may be stopped by having the patient sit with his head thrown back, the clothing about the neck loosened, with a cold, wet cloth over the nose and at the back of the neck. Pressing up firmly against the side bones of the nose may stop the bleeding and give an opportunity for a clot to form. This pressure must be applied for at least five minutes. If the bleeding does not stop, call a physician, and while waiting for him pack sterile gauze into the nostril, allowing the end to hang.

New Car Orders

IN ACCORDANCE WITH FAIR PROCEDURE

We are now accepting orders for earliest possible delivery of new cars. However, as you know, there are not enough new cars for all who want them. Therefore, we want to make a clear statement of our policy . . . so that everyone will know exactly how we are handling orders for and delivery of new cars during the current shortage period.

- 1 We intend to fill orders for new cars in the order in which they are received. There are two exceptions to this basic rule—
- 2 We will definitely reserve 25 per cent of our cars for those who have served in the Armed Forces. We feel sure that all our customers will agree with the justice of this exception.
- 3 If definite need for a new car is a factor, we will, in the public interest, determine such cases on the basis of the now abolished, but publicly accepted, OPA priority lists.

This policy is in your interest. We are following it because we want to serve you fairly and well today as in the past. The Ford Motor Company and we ourselves are making every effort to deliver your new car promptly and honestly.

Discourages Vermin

Painting the interiors of poultry houses and sheds and barns housing livestock, is a sanitary measure in that it helps to discourage vermin and insects. White or light tints are best for this purpose.

Birth Flowers

Birth flowers; January, carnation; February, primrose; March, violets; April, daisy; May, lily of the valley; June, rose; July, sweet pea; August, gladioli; September, aster; October, dahlia; November, chrysanthemum; December, holly or poinsettia.

Destroys Vitamins

Heat speeds the destruction of vitamins, according to home economists who advise cooking at low temperatures and for as short a time as possible.

Anagrams Popular

Anagrams were played in very ancient times. The pastime was mentioned by the Hebrew writers, was known to the Greeks and Romans, and became so popular in France during the Middle Ages that Louis XIII appointed an "anagrammatist to the king."

NOVESTA

Other guests at the dinner were John Mackay from Gaytown and Mrs. Harold Sutton and children of Flint.

Worsted Yarn

Worsted yarn is made from the long, fine wool fibers and carding serves to straighten the fibers, removing short broken and imperfect ones. Fibers are then spun or twisted to produce a compact, smooth yarn. Worsted fabrics, from worsted yarns, have smooth, clear textures with only a slight nap or no nap at all on the surface. Worsteds are notably dirt- and wrinkle-resistant and include such fabrics as serges, gabardines, coverts, light-weight suitings and sheer dress-weight goods.

THERE ISN'T ALWAYS ROOM FOR ONE MORE—

AND this little puppy had none. It's too bad that Rover will miss his dinner, but unfortunately there just isn't room for one more. And many people don't realize that one appliance too many on a circuit is the cause of that troublesome blown fuse. Now that all those labor-saving electrical appliances are coming back on the market, it's doubly important that your home be provided with enough circuits, switches and wall outlets for all the electrical servants you will use. Almost any of the older homes of today are likely to have too few electrical circuits to carry the many electrical appliances needed in today's living. Your home should accommodate that new electric dishwasher, frozen-food unit, automatic laundry, and the many other electrical appliances that will make living more pleasant and easier in your home of tomorrow. And, of course, if you are planning a new home, adequate wiring is an A-1 item to be checked in your plans and specifications.

This is one of a series of advertisements prepared in the interest of the electrical contractors in your area to insure adequate wiring for every home. When you build or remodel, be sure your home is properly wired.

William Messner Died in Detroit

Wm. Messner of Detroit, formerly of Cass City, passed away early Monday morning, Feb. 25, after a long illness. Services were held at one o'clock yesterday (Thursday) afternoon in the chapel in Elkland cemetery.

Mr. Messner, son of the late Conrad and Mary Messner, was born in Canada Mar. 4, 1865, and was married to Miss Etta Wallace at the Wallace home in Elkland township on May 29, 1895. They lived for some time with Mr. Messner's parents, five miles north and two miles east of Cass City, and later moved to town where Mr. Messner engaged for four years in harness making in a shop located where the Chronicle building now stands.

In 1905, they moved to Detroit where Mr. Messner was employed by the D. & C. and Michigan Central lines until his retirement 10 years ago.

He is survived by his wife and a son, Irl, living in California.

Mr. Messner was a brother-in-law of Mrs. Wm. Zinnecker.

Service Men Were Guests of Sheridan Farm Bureau

Mr. and Mrs. Angus Sweeney entertained the Sheridan Community Farm Bureau at St. Andrew's hall in Sheridan on Monday night, Feb. 18. Returned soldiers of the township were guests. The boys were introduced by their fathers and several were present. Many new members and guests were in attendance.

The program was opened by group singing with Mrs. Thos. Campbell at the piano and Mrs. Jack Ramseyer as leader. After a short business session conducted by the chairman, Ernest Wills, Robt. S. Richardson from the Huron County Veterans' Affairs office, spoke to the service men and explained the care and procedure they should take to enter into any branch of learning or occupation they wish to enter. This was very interesting to the boys and many questions were answered by Mr. Richardson.

Jarold Wills showed pictures taken of scenes of Huron county. The pictures taken along the Cass river were very beautiful.

Mrs. Ernest Wills, recreation leader, entertained with some amusing stunts. A potluck lunch was served.

The March meeting will be held at the home of Mr. and Mrs. O. H. Blair.

Roach Poison

The first step in ridding kitchens and closets of cockroaches is to leave nothing for the roaches to eat. Sodium fluoride purchased at drug stores is one of the best roach poisons. Apply very sparingly along the back of shelves, drainboards, door sills and other places where the roaches run at night. Keep the poison away from children or pets and entirely away from all food. Keep the poison in a well marked container as it is poisonous to people and animals.

Hitler Madman
In Last HoursGraphic Account Given by
Hanna Reitsch Reveals
Scenes in Bunker.

OBERURSEL, GERMANY. — A graphic eyewitness account of Adolf Hitler's last hours picturing the fuhrer as a raving madman, alternately rehearsing suicide and "directing" a phantom rescue army which had been wiped out days before, was reported by the Associated Press.

The dramatic description, often bordering on comic opera, was given to United States army investigators by Capt. Hanna Reitsch, German aviatix, who flew the last plane out of Berlin.

The blonde 33-year-old pilot said Hitler and Martin Bormann, his missing deputy, had joined in a suicide pact a few hours before the fall of Berlin, but said she had left upon the fuhrer's orders before the suicides were carried out.

Tracing Hitler's actions as he and a little group of associates huddled in a bunker under the reichschan-cellery while the Russians closed in, she said the fuhrer, raving and ranting, repeatedly berated Hermann Goering, Heinrich Himmler and other Nazi leaders as traitors who deserted him in an attempt to save their necks.

As the intensity of the Russian artillery barrage increased, Captain Reitsch said, the shaking fuhrer, on the verge of collapse, called repeated suicide rehearsals while special SS (Elite Guard) men, charged with destroying the bodies, stood by.

Papers Melt in His Hands.

Until the last, however, she said Hitler pinned his hopes on the arrival of an army, commanded by a General Wenck, which he believed was driving up from the south to rescue him. This army, she learned later, had already been destroyed by the Russians.

"Hitler's manner and physical condition sank to lower depths," she said.

"He would stride about the shelter waving a road map that was fast disintegrating from the sweat of his hands, and planning Wenck's campaign. He was the picture of a man running almost blindly from wall to wall in his last retreat, waving papers that fluttered like leaves in his nervous, twitching hands, or sitting stooped and crumpled before his table to represent his nonexistent armies... like a young boy playing at war."

Hitler then told how he had had Goering arrested. Lt. Gen. Ritter von Grein, who had been flown to Berlin by Captain Reitsch on a frantic call from the fuhrer was to be Goering's successor, Hitler said.

No less dramatic than Hitler's actions were those of the group gathered in the besieged bunker with him. The fuhrer's propagandist, Joseph Goebbels, surrounded by his wife and six children, launched into bursts of oratory with all the theatrics of a major actor.

Manicures Her Nails.

Hitler's mistress, Eva Braun, engaged most of the time in changing clothes and polishing her nails, remarked over and over again: "Poor, poor Adolf, deserted by every one, betrayed by all."

Bormann, now being tried in absentia at the war crimes trial in Nuernberg, sat at his desk, "recording the momentous events in the bunker for posterity."

Goebbels' children, ranging in age from 3 to 12, sang for "Uncle Fuhrer" and seemed to enjoy being "in the cave."

One of Hitler's "suicide councils" was called on the night of April

GAGETOWN NEWS

Village Caucus—
The caucus for the nomination of village officers was held last week. Wesley Downing who was president for seven years and prior to this on the village council for 17 years, refused to accept the nomination. James Dunn was nominated to succeed him. Miss Edith Miller was named to succeed Jas. L. Purdy as treasurer; Conrad Mosack to succeed Wm. C. Hunter as assessor; Frank Rocheleau to succeed himself as clerk; Leslie Munro, trustee; Geo. Hendershot, trustee to fill vacancy, caused by the nomination of James Dunn as village president; and Richard Downing, trustee to replace Alphonso Rocheleau.

Bowling standings at close of sixth week:

Teams	W	L
Novak	14	4
DeFain	14	4
Larkin	13	5
Woolley	13	5
Willy	11	7
Gross	9	9
Wilson	9	9
Reid	8	10
Landon	8	10
McCullough	8	10
Ludlow	8	10
Hoffman	7	11
Kirton	7	11
Fritz	7	11
Retherford	5	13
Kolb	5	13

Ten High Average Bowlers.

Landon 187, Kolb 172, E. Fritz 171, F. Novak 171, McCullough 170, Ludlow 170, Willy 168, Larkin 168, Reid 168, Wallace 166.

Five teams set their opponents farther down in the standings when they managed to beat them in each of their three-game series.

These teams—Wilson's, Ludlow's, Willy's, Larkin's and Novak's—have all boosted their chances toward the coveted No. 1 position. The performance of the Novak squad was such that by winning their series, it moved them into No. 1 spot but tied with Murray DeFain's five for first place. The contest for the league leadership is getting hotter as the weeks go by and any one of several teams can easily oust the present leaders.

The showing made by the Ludlow pin topplers could easily be credited to their Captain "Herbie" as his evening's donation of 589 pins was the big factor in sweeping them through their three-game series. Herb's individual totals were the largest for the week and he now commands an average of 170. Retherford contributed a 581 pin count with the high game of 224, while Captain Jim Gross hampered his way through his three games to collect 575 mapsles and Landon brought up the rear with his 555 pin count to be the last of four to write their names on the honor list for the week. Games over 200 were rolled by Retherford 224, Ludlow 216, 206, Gross 214, and Damm 206.

Meat Rack

A rack under the meat keeps it from cooking in its own juices and permits heat to circulate around the meat as it cooks.

Farm Productivity Must Be Increased

Soil Treatment Need Be Given Consideration

Warning that farmers are "selling their soil fertility capital and calling it a profit," Dr. George N. Hoffer, agronomist of LaFayette, Ind., urged greater application of scientific knowledge and research as a means of maintaining farm productivity.

"Successful farming requires the closest understanding and co-operation with nature," he pointed out. "Agricultural research is directed constantly toward learning more and more of the unchanging bio-

Beans as well as all other crops will respond to proper soil management.

logical principles governing production of crops as well as animals.

"Better crops and animals are produced by applying those principles and helping the unaided handwork of nature.

"Soil tests indicate the available nutrients already in the soil. They point to the need of supplementary applications of fertilizers for maximum yields of nutritious crops.

"Growers are also becoming acquainted with the symptoms of plant-nutrient deficiencies, not only of potash, but of nitrogen, phosphorus, boron and other nutrients which are appearing in many crops in various soils.

"A deficiency of any one of these nutrients may limit profits and lead toward bankruptcy unless remedial measures are applied."

"Due to the constant losses of soil fertility caused by erosion, crop removals, leaching, loss of organic matter, and the failure of some growers to fertilize their crops adequately, practically all crops respond to soil treatment."

Knapsack Feed Box

This type of knapsack feeder is not only easy to construct, but can also be used for hand seeding.

This box is convenient for carrying feed where a cart is not practical. Should be made as light as possible; 1/4 inch plywood is most desirable. A satisfactory size would be a bottom measurement of 18 inches by 12 inches with a height of 12 inches.

Danger of Drugs

The intrusion of certain wholesale commercial and retail drug interests in the field of animal health, in unrestricted selling of biological and pharmaceutical products which could be harmful to the livestock industry if improperly used, is attracting federal attention.

Farmers are urged to purchase only from a reliable firm, only such products that have been tested and proven suitable for their particular need by recognized authorities.

HOLBROOK

The Recreation club met at the Community hall on Saturday, Feb. 28. The Sluggers won the second round of the euchre contest, and the total score now stands, Sluggers 511, Shovelers 474. Hosts for the evening were the Arthur Schneiders and Clark Jacksons. The final games will be played on Mar. 9, with the Lynn Spencers and Francis Sowdens as hosts. The club is pleased to recognize several new members, and to welcome back Leonard Bartle who has recently been discharged from the army.

The Glen Shagenas of Argyle were Sunday guests of the Murrill Shagenas.

The Curtis Clelands, the Charles Simkins, the Arthur Schneiders and the Lynn Spencers attended the Rural Progress caravan on Tuesday, Feb. 19, in Sandusky.

Visitors at the home of Robert Hall are Mrs. Hall's brothers, Joe and Paul Genzel.

Rabbit Is Not Only

Tularemia Carrier

While it is true that nearly 90 per cent of human infections with tularemia result from contact with rabbits, birds, rodents and even such animals as dogs, cats, coyotes, foxes, hogs and sheep have been reported as carriers by the American Medical association.

No specific treatment has been found. Even the wonder drug, penicillin, appears to be of little value. Few, if any cases have been traced to domestic rabbits. The microbe is carried by bloodsucking insects, such as lice, ticks and probably fleas. Care in handling carriers, including the wearing of rubber gloves when dressing rabbits and other animals of this type is recommended.

Presidential Flag

The first presidential flag was adopted in 1865, under direction of Gideon Welles, then secretary of the navy. The navy regulations issued in 1865 provided that the national ensign should be the President's flag when displayed at the mainmast.

Fire Losses

About 1,000 homes in the U. S. are attacked by fire every day and a farm fire occurs every 15 minutes. The death toll in the past 10 years is about 35,000 and thousands more are critically burned and seriously maimed. The dollar loss for the same period is about one billion.

Liquids Needed

A daily intake of about eight glasses in the form of drinking water, liquid foods and beverages is needed.

Metal Imports

Imports of lead in 1944 from the other Americas totaled 25.3 million dollars against 1.3 million dollars in 1938; imports of tin, mainly from Bolivia, were up to 24 million dollars from 500 thousand dollars in 1938; zinc imports were 13.7 million dollars against 400 thousand dollars in 1938, while tungsten imports from the other Americas jumped to 19.1 million dollars in 1944 from only 100 thousand dollars in 1938.

How to Do the Job

United as a solid front, the farmers represent the fundamental whole of a nation's security. To remain divided is to be easily conquered, but in militant organization of interest, the farmers would represent the most powerful economic force in today's world and tomorrow's planning. Each farmer as an individual has before him a responsibility and a contribution to the solidarity of organization. Organization must be militant and on a national scope and it must embrace every kind and degree of farming, every personalized effort that composes the great task of mining the soil for the good of the world, community, and the national welfare.

It is the common sense rule of all business enterprises that they operate on a cost plus profit plus a fair return for what they have to sell. Only in organization this can be obtained by the farmers. Whereas the final price is determined in all other world's aspects or whatever our nation is striving for. Whether we deal in beef or hogs, sheep or chickens, dairy products or vegetables, grains or cotton, there must be a floor under all farm prices, at a level not less than cost plus a fair return for our labor. Only thus may be had reasonable compensation for our job of feeding and clothing the nation. No honest man wants more than that.

"Bugs Bunny tips the Nips"

Frank Lester of Kingston was a Sunday visitor at the Cecil Lester home.

The heavy snowstorm on Tuesday and Wednesday resulted in no school being held on those days as not enough pupils arrived to hold any session.

Miss Pauline Hendrick of Cass City was a guest of Miss Kathleen Kelley during the week.

Mr. and Mrs. Earl St. Clair of Flint were visitors on Saturday of Mr. and Mrs. John Dice.

Mr. and Mrs. Horace Murry and Norman Bentley were Sunday dinner guests of Mrs. Murry's parents, Mr. and Mrs. Roy Marra, at Caro.

Mr. and Mrs. Bruce Malcolm and two daughters and Mrs. Bessie Holt, all of Detroit, spent Friday evening to Sunday evening at the Kenneth Kelley and Howard Malcolm homes.

COST OF USING HARD WATER IN HOME

Concluded from page 1.
From the above figures, the average cost of soap for a family of five, using water of 300 parts per million is \$13.56, whereas if they were using a softened water of 85 parts per million, the cost of soap would have been \$4.15 or the saving in soap per year would be \$9.41.

It has been estimated that the cost of plumbing repairs caused by scale in the hot water coil is close to \$4.00 per year for a home using this type of equipment.

Water above 150 parts per million of hardness is noticed by most people and when water has 200 parts or more, many householders will install cisterns or home softeners. The cost of a cistern is close to \$150. This figure includes concrete or concrete blocks, extra down spouts, electric pump and extra water pipe for soft water.

The home water softener is becoming more popular because it requires little attention and does not have the disagreeable features of a cistern. Such a softener costs about \$150 to install. The cost of salt for regenerating it, depreciation and interest on the investment is about \$20 to \$25 per year.

Where hard water is used in a hot water or steam heating system, calcium and magnesium are deposited on the inner heating surfaces and retard the heat transfer from the fire to the water. Professor Schmidt of the University of Illinois conducted experiments which indicate that when this scale becomes 1/50 of an inch, the heat loss is 5%, or of each ton of coal burned, 100 pounds are wasted; and that when the scale becomes 1/9 of an inch, the loss is 16% or 320 lbs. of each ton of coal are wasted.

These figures show that a saving to the householder can be effected by the use of soft water.

PLEASANT HOME HOSPITAL.

Patients in Pleasant Home hospital Wednesday forenoon: Mrs. Delbert Martin, Bert Southworth, Miss Maud Allard, Michael Skoropada, all of Caro; Mrs. May Upthegrove of Unionville; Mrs. Theodore Dorics and infant son of Kingston; Mrs. Fred Kline of Cassville; Mrs. Edwin Hartwick of Owendale; Junior Longoski of Bad Axe; C. J. Bulgrien of Snoyer; Carl Moore and Mrs. Wm. LePla of Cass City.

Patients discharged from the hospital the past week: John Bales of Gagetown to Ann Arbor; Mrs. Fred Bell of Akron; Mrs. Sophia Duffrin of Harbor Beach to Hutchinson Convalescent home; Betty Cowles to Silverwood; Clifford Secord of Columbiaville; Mrs. Elizabeth Biesczek of Kingston; Eddie Dowling and Daniel Schiele of Caro; Mrs. Wilford Wills of Uby; Eleanor Ruth Kunert of Owendale; Earl Lawrence of Milford; Hiram Keyser of Decker; Mrs. Chas. and several to Class C schools. Fairgrove has won six games in a 14-game schedule but is highly regarded by the D school teams in the Thumb area.

The Class B team winning the district tournament will be sent to the Mt. Pleasant regional and the D team to the LaPeer regional, where they will seek higher honors in the realm of high school basketball.

Orion Cardew is the manager of the district tournament here next week.

Rice Culture
Rice production and rice milling are very different in the United States and Brazil. In the U. S. rice is grown in irrigated districts, but in Brazil an upland rice is grown during the rainy season. While Brazil grows only one type of rice, the U. S. has several different varieties. Neither does Brazil have huge rice mills such as in the U. S. But rather many small mills scattered about the country.

ONLY SCRUB COW

The late president of a midwest railroad had a life-sized painting of a cow framed and hung on the wall behind his desk at his office in Chicago.

The cow was just an ordinary-looking animal and friends who asked why he should want such a fine painting of an ordinary-looking cow in his office were told:

"Our trains through the dairy belt have killed hundreds of cows and that is the only 'scrub' cow they ever hit. The farmer who owned that cow said she was just a 'scrub' worth about \$40. All the other cows that our trains have killed have been champions."

So Easy It's Fun!

You'll have a delightful new room as if by magic when you use DURA-TONE... the finish that makes a "game" out of painting. It's loads of fun... and so easy to apply that little Jean or Jimmy can help you decorate.

DURA-TONE

One Gallon

\$2.49

Quart... Only 69c

DURA-TONE is economical... one gallon thinned with water makes one and one-half gallons of paint—enough for an average size room (10'x12' feet, including ceiling).

DURA-TONE enables you to be your own decorator... you can transform drab rooms easily and quickly—the soft pastel shades blend beautifully with your decoration scheme. Choose from eight lovely colors and white.

DURA-TONE contains a resin-oil base and quality pigments like those in regular oil paints. And the government "scrub" test proves DURA-TONE tougher, more durable than similar types of paints.

(Sold Exclusively at Gambles)

One coat covers most surfaces... painted walls, wallboard, plaster—even wallpaper and bricks. No sizing needed.

Dries in one hour... you can redecorate and use the room the same day. No unpleasant paint odor. Cleans with mild soap and water.

Fashionable flat finish... the soft, glasslike pastel tones of DURA-TONE bring new charm to your rooms.
