

Three Townships Are 'Above Quota' in Red Cross Campaign

"Encouraging reports to date from various townships are coming in regarding the Red Cross fund drive," reported Frank J. Rolka, county chairman.

Mrs. C. L. Graham, Elkland township chairman, reports collections of \$1,184 on a \$1,000 quota with several canvassers yet to report.

Indianfields is \$200 over its \$2,500 quota and Almer township is "over the top."

Junior Red Cross Collects \$60.40

Mrs. C. W. Price, local chairman of the Junior Red Cross, reports that the children of the Cass City school collected \$60.40 from among the boys and girls.

Pupils of Mrs. Marie Sullivan of the fifth grade made appropriate posters advertising the campaign and also composed a clever, original song for the same purpose.

New Names Added To Memorial Post

Members of Cass City Memorial Post No. 6389 met Monday evening at the Home restaurant for the semi-monthly meeting. New names which have been added to the roster of members at time of institution and since that time are as follows: Vern Crane, Vernon McConnell, John Guisbert and Dane Guisbert, A. Dale Kettlewell, Chester Muntz, Harold Waldie, Harvey Willard, Max and Harry Wise, Ernest Schwaderer, Clarence Wright, James McLellan, Ray Lapp, Andrew Kozan, Ivan Hamilton, J. Arthur Haley, Russell Deneen, Chas. Carlisle, and from Deford Frank Riley and Claud Peasley.

A committee was appointed Monday evening to find suitable quarters for a permanent location for the post.

Audley Rawson, Senator, Keeps His Agreements

By Lloyd Lines

State Senator Audley Rawson of Cass City let it be known during the recent special session that he did not expect to be back as a state senator. At that time he intended to stand by an agreement under which one of the other counties in his district would take its turn in naming a senator for the district.

Officials in and about the capitol building assert that this is characteristic of Mr. Rawson; he keeps his agreements. They have depended upon him through eight years in the house and four years in the senate as one of the best examples of what a member of the legislature should try to be. Business-like on every occasion, dependable, honest and tactful in matters requiring cooperation.

If the counties of the 20th district should decide that the experience and success of Audley Rawson calls for modification of the gentleman's agreement, the people of that district can be sure that he will get a fine welcome back to Lansing. Of course, if the district feels that Mr. Rawson should step up to a higher position, the district will receive good support for that decision also. Whoever you send as state senator will get a fine welcome.

As a matter of statistics in respect to gentlemen's agreements, we find the following men have been representing their districts in the senate as follows: Senator Porter 10 years; Senator Bishop 12 years; Senator Hittle 12 years; Senator Saur 10 years; Senator VanderWerp 12 years. All of which is presented in frank admission that we would like to see Audley Rawson come back to Lansing in some capacity.

Fred Wright Severely Scalded in Accident

Fred Wright was severely scalded at the plant of the Nestle's Milk Products, Inc., last Thursday morning. He was washing out one of the boilers and thought all of the water had been drained from it. He had opened the blowdown, and as he was removing a manhole plate, boiling water gushed forth, burning his right leg and left ankle. After a day and a half in a hospital, he returned home where he is resting comfortably and recovering from his injuries.

Notice

You are cordially invited to attend the "Guest Day" tea given by the ladies of the Methodist church on Wednesday, March 27, at 8:00 p. m. in the church.—Advertisement.

Heronemus-Lindsey Marriage at Decker

Miss Elsie Heronemus, daughter of Mr. and Mrs. Peter Heronemus, of Decker and Donald Lindsey, son of Mr. and Mrs. Alex Lindsey, also of Decker, were united in marriage on Mar. 7 at the Decker parsonage by Rev. Floyd Porter of the Methodist church.

The bride wore a floor-length dress of white satin and net with a three-quarter length veil of net and a two-strand pearl necklace, a gift of the groom. She carried a bouquet of white roses tied with a large white satin bow.

Their attendants were Alex Lindsey, Jr., twin brother of the groom, and Mrs. Oliver Redloff of Kingston. Mrs. Redloff was dressed in a floor-length gown of pink net and carried a bouquet of roses, tied with a large pink bow of satin.

The happy couple left on a trip through Canada to Niagara Falls. They will reside on the groom's farm near Decker.

W. S. C. Observes Garden Day

Garden Day was observed by the Woman's Study club when it met in the home of Mrs. L. I. Wood on Tuesday afternoon, Mar. 19. Mrs. T. Heron discussed famous gardens, native trees, flowers and unusual rock formations of the United States and other countries and Mrs. Fred Maier spoke of flowers in the Aleutians or the tiny Isle of Adak and the largest orchard farm in the world, located atop the Signal Mountain near Chattanooga, Tenn. The owner hopes to have 70,000 producing plants soon and to bring the retail price down from \$7 to \$20 a flower to \$2.50 to \$3 apiece.

During the business meeting which was conducted by the president, Mrs. Ernest Croft, a committee, composed of Mrs. I. A. Fritz, Mrs. Walter Schell and Mrs. E. Baker, was appointed to revise the by-laws of the club. Mrs. Fritz requested any member who desired a change to inform the committee before the next meeting by letter with signature affixed. Mrs. B. F. Benkelman, Jr., expressed her appreciation to the club members who attended the Girl Scout tea, held Saturday afternoon in the Methodist church social rooms.

The next meeting is characterized as "Music Day" and will be held on April 2 at the home of Mrs. Kenneth Bisbee.

Golden Wedding To Be Observed

Mr. and Mrs. Oscar Budd Luther will observe their golden wedding at Unionville at the high school auditorium Sunday, March 31. There will be a dinner at noon for all the relatives and open house from 2:00 to 5:00 for their friends and old neighbors in the afternoon.

Mr. and Mrs. Luther were married Mar. 28, 1896, at the home of Mrs. Luther's sister, Mrs. Charles Beach, near Gagetown. Mrs. Luther before her marriage was Orilla Streeter, daughter of John and Mary Streeter, and was born in Almer township.

Mr. Luther, son of Albert and Mary Luther, was born in Fairgrove township. The couple started housekeeping on their farm, five miles west and one and a half miles south of Unionville where they lived for 25 years. Then they moved to Gagetown where they resided for seven years. From there they went to Pontiac and lived there for nearly 18 years. They returned to Unionville last August.

Four children were born to Mr. and Mrs. Luther. They are: Faye, who passed away at Unionville on Nov. 14, 1944; Russell, who lives on the old farm; Thelma, who is Mrs. Allen Crawford of Detroit; Arnold of Pontiac, who has just recently been discharged from the U. S. Navy. There are 15 grandchildren and one great grandson.

Three grandsons have been in the armed services but are all discharged and home. Lt. Norris Luther of the Air Corps had just received his wings when peace was declared. Raymond Luther of the army has a medical discharge. Lt. Allen Crawford of the Air Corps has completed 35 bombing missions.

ANNOUNCE TROTH

Mrs. Mary Melzer announces the engagement of her daughter, Miss Doris Elaine Melzer, of Cass City to Frank L. Dalgleish of Lake Orion, son of Mr. and Mrs. Floyd Dalgleish.

Mr. Dalgleish was recently discharged from the Service. He had attained the rank of sergeant and had served in New Guinea, Morotai and the Philippines. He was in the Army three and a half years. No date has been set for the wedding.

Cast of the Junior Class Play

Front row—June Schwaderer, Shirley Fort, Joann Kapala, Joan Sommers, Florence Hillman. Second Row—Coach Norwood Eastman, Paul Lobb, Clare Kenney, Dale Little, Bill Sangster, Edward Wegzyn, James Mark.

"Ever Since Eve," a comedy and drama with a colorful mixup of laughter and tears, will be presented by the junior class of Cass City high school on Thursday and Friday, March 28 and 29. The leading roles are played by James Mark and Joan Sommers.

Chairman to Direct Campaign for County Health Unit

Representatives from various organizations and townships in the county met at the court house at Caro Monday evening to discuss the various aspects of a county health unit and the possibility of the establishment of such a unit for Tuscola county.

The meeting was called by the county committee on Education for Rural Living which has as one of its objectives the formation of a health unit for the county. The chairman, Rev. Wilbur A. Williams of Gilford, explained the purpose of the gathering and discussed the proposed budget, based on Tuscola county population.

The tentative budget called for a total expenditure of \$24,100 on a yearly basis which would be used for salaries and travel expenses of a director, five nurses, sanitary engineer, and office clerk. All of the personnel are highly trained persons, specialists in their own particular field. Of the \$24,100 tentative budget, \$13,900 would be furnished from county funds, and \$10,200 would be contributed from state funds, United States Public Health service, and Tuberculosis Association. Considerable time was spent in discussing proposed budget.

DAVID COULTER DIED ON THURSDAY MORNING

David Coulter passed away at his farm home, 1 1/2 miles east of Owendale, on Thursday, Mar. 21. Funeral services will be held at the home tomorrow (Saturday) at 2 p. m., under Masonic auspices. Rev. Earl Geer, pastor of the Owendale Methodist church, will officiate and burial will be in Grant township cemetery.

With the Service Men

Pfc. Robert Kelley visited here over the week end. "Bob" is still at Fort Sheridan, Ill., waiting to be sent out any time.

T/5 David Knight, who had spent a 45-day furlough here, left early Sunday for Detroit to report to Camp Lee, Va.

Lawrence Zapfe, W. T. 2/c, arrived Saturday, Mar. 16, for a 21-day leave. Afterwards he will go to Great Lakes, Ill., to await his discharge in May.

Clayton Turner, son of Mr. and Mrs. Aaron Turner, has been discharged from the Navy and with his wife and little daughter, has gone to Flin, Mo. live, where he has taken up his schooling with General Motors.

In a letter from Pfc. William Marshall to the Chronicle folks he informs them that he is now located in Ascom City, Korea. His address is Pfc. Wm. Marshall 36492267, APO 901, Ord Dep. Co., c/o Postmaster, San Francisco, California.

Dean Morrison, M. M. 3/c, called his mother, Mrs. Arthur Kelley, Saturday morning telling her he had received his discharge. He has employment here starting April 1. As soon as he can find living quarters, his wife the former Miss Grace Feller, of Akron, Ohio, will join her husband here.

Capt. Donald Kilbourn's term leave was up Mar. 13 and on that day he became a civilian again. Mr. and Mrs. Kilbourn and little son are living in E. Lansing where Dor is teaching in the speech department of Michigan State college. This week the Kilbourns are on a trip to Mrs. Kilbourn's former home in Missouri.

Clarence Zapfe, W. T. 2/c, received his discharge Mar. 19 at Great Lakes after 35 months in the U. S. N. R. During this time he was stationed at Brooklyn Navy Yard, then 14 months of Pacific duty, taking part in the invasions of the Marshalls, Marianas and Leyte. The remaining time was spent on Atlantic duty along the east coast.

Y 2/c Frank Fort, who has spent four years in the Navy, received his discharge at Great Lakes, Ill., last Friday and returned to his home here Saturday. Frank was stationed for a considerable time on the east coast and later sent to California. For some time he has been on duty in the Pacific where he was in the Philippines and Shanghai, China. Just before starting for home he spent two weeks in Japan.

Walter Marshall Hubbard greeted friends in Cass City Monday. Marshall received his discharge from the Navy on March 14 at Great Lakes, Ill., after being in the Service 38 months. His rank was Ph M 2/c. He was overseas for 20 months of that time, spending one year in the British Isles. He also made several trips to various places in the Pacific area. He is the son of Rev. and Mrs. W. S. Hubbard of Kingston.

Ralph William Whittaker, S 2/c, son of Mr. and Mrs. Freeman Whittaker, has been honorably discharged from service, receiving his discharge at Great Lakes, Ill., on Mar. 5. He enlisted in the Navy at Detroit on Dec. 10, 1942,

and since that time has seen active duty from January, 1943, until the time of his discharge. Most of the period was spent between Quonset Point and Miami, Fla., as ground crew service man. He was also in South America about a year.

Cpl. Dane H. Guisbert, 20, of Cass City, is at the present time serving with the 11th Airborne Division, occupational troops of northern Japan. Having enlisted in the Regular Army Jan. 30, 1946, to serve 18 months, he is looking forward to a 90-day furlough which he intends spending at home with his folks. How soon he gets there will depend on the shipping facilities that are available. Cpl. Guisbert joined the division on Leyte in March, 1945, and was among the first troops to enter Japan, arriving there Aug. 30, 1945. On his blouse he will be wearing the Good Conduct, Combat Infantry Badge, Purple Heart, Philippine Liberation and Asiatic Pacific Ribbon. He was inducted into the army Aug. 4, 1944, and sailed for overseas on Jan. 25, 1945. In May, 1945, he qualified as a parachutist at Leyte.

Cpl. Guisbert graduated from Cass City high school in 1944. He is a farmer by trade but as yet has not stated his intention as to whether or not he plans on returning to farming after completing his 18 months of service. His parents live near Cass City.

Mrs. Pearl Creger Died Here Tuesday

Mrs. Pearl Creger, 55, a resident here the past five years and well known as a practical nurse, passed away Tuesday in Pleasant Home hospital where she had been a patient since last Thursday. She had been in failing health.

The former Miss Pearl Vance was born June 28, 1890, at Auburn Heights. Surviving her is a daughter, Miss Thelma Creger, of Cass City; four sons, Leonard and William of Almont and Albert and Joy of Pontiac; and a sister, Mrs. Wm. Kilbourn, of Cass City.

The remains were taken to the Muir funeral home at Almont on Tuesday from which place funeral services were held and burial was made in Pontiac.

Recent Brides

Mrs. Theodore C. Wahl, daughter of Mr. and Mrs. John Kennedy, of Cass City, was Miss Wilma Kennedy before her marriage Feb. 23 in the Menomonee Brethren in Christ church. The ceremony was performed by Rev. R. W. Herber of Pontiac, assisted by Rev. G. C. Guilliat of Cass City.

MRS. OATLEY PRESIDENT OF PRESBYTERIAN GUILD

Mrs. M. C. McLellan was hostess Monday evening to the March meeting of the Presbyterian Guild society. Assistant hostesses were Mrs. B. H. Starnann and Mrs. Jas. Milligan. Mrs. David Ackerman conducted the devotions and the program was in charge of Mrs. A. R. Kettlewell and Mrs. Doris Benkelman. Mrs. Benkelman gave an interesting talk on flower arranging and illustrated her talk by showing several kinds of vases adapted to various kinds of floral designs.

The next meeting will be April 5 with Mrs. C. M. Wallace as hostess.

New officers were chosen at the meeting Monday evening to serve the organization for the coming year and will take over their duties at the April meeting. Mrs. Harold Oatley was elected president; Mrs. K. I. MacRae, vice president; Mrs. Willis Campbell, secretary; and Mrs. Don McLachlan, treasurer.

Cass City Senior High School Band Qualifies for Festival

Friday, Mar. 15, was one of the big days for the Cass City high school band. They had the privilege of attending a district elimination festival at Marlette for the purpose of deciding who shall attend the state band festival at Lansing on April 12 and 13.

There were six bands participating in the festival including Marlette, Elkton, Vassar, Caro, Sandusky and Cass City.

In order to attend the state festival each band was required to receive a first or second division rating. Cass City was one of the bands to receive such honors and now has the privilege to attend the state festival.

The three numbers played by the Cass City band were "The Footlight March" by Fillmore, "Coronation" by Skornicka, which was the required number for all Class B bands, and "Panis Angelicus" by Franck.

According to Mr. Miller, adjudicator for the occasion, Cass City has great opportunities for advancement.

Mrs. Wm. Lepla Died Unexpectedly Mar. 16

Funeral services for Mrs. Wm. LePla, 67, of Evergreen township were held Tuesday at 2 p. m. from the Baptist church. Rev. Arnold Olsen officiated and interment was made in Elkland cemetery. Mrs. LePla, who had recently recovered from an operation, died unexpectedly in her home late Saturday afternoon from a heart attack.

Thirty members of the Evergreen and Cass City W. C. T. U. attended the funeral at the church in a body and the grave service was given by Mrs. G. A. Martin, the district president.

The former Miss Bertha May Watson was born Mar. 4, 1899, in Almer township. April 19, 1899, she married Wm. LePla at Sandusky.

Besides her husband, she is survived by a son, Wilford, of Detroit and a daughter, Mrs. Clark Auslander, of Sebewaing; a sister, Mrs. Neil McCallum, of Greenleaf; and three brothers, Alex Watson of Frankfort, Mich., Richard Watson of Fond du Lac, Wis., and Thomas Watson of Alton, Ill.

Mr. and Mrs. H. E. Wieland and two sons were in Detroit from Friday to Monday.

Tonight Is the Date Of Basketball Circus At Cass City

Tonight (Friday) is the date for the basketball circus and round robin play-off at the school gym. Eight groups of players—old and young, fat and lean, from Deford, Gagetown and Cass City—will participate. A list of the personnel of the teams is printed in an announcement on page 2. It promises to be "heaps of fun."

The circus is for the benefit of the community playground fund and the affair is sponsored by the Gavel club. There is no admission charge. Donations will be accepted at the door.

At the club dinner at the Home restaurant Tuesday evening, athletics was the program subject. Lester Ross, who frequently serves as an official at games, told about the high lights and difficulties of such a position. Warren Wood reviewed the baseball successes of the high school team back in 1919 and Ben Benkelman, a member of the basketball squad of that year, told of the thrills in Cass City winning a state tournament at Mt. Pleasant.

Pfc. Erwin Whittaker On His Way Home

In a recent letter to his parents, Mr. and Mrs. F. E. Whittaker, Pfc. Erwin Whittaker says in part:

"I'm now in the 66th regiment of the 71st division. The 71st Division Headquarters Left for home a few days ago. There are three regiments in the 71st, two of which are army of occupation. The 66th is leaving for home soon.

"I expect to move to a processing center this week or next. Nobody knows but we may be in port in a couple of weeks. Anyway, I'm coming home.

"Yesterday this regiment finished its last mission before getting ready to go to the States. Our job was to get 3,100 Russian P. W.'s out of a P. W. compound and loaded on a train, so they can be sent back to Russia. They didn't want to go back for fear of being killed. Most of this group were in the Russian army but left it and then fought in the German army against the Russians.

"We went in early in the morning for them, hoping for no trouble. Expecting it, we were well prepared for it. Nothing happened. All went off okay."

Altar Society Met On Wednesday

The Altar Society of St. Pancratius church met at the church Wednesday afternoon, Mar. 13. Following the business meeting, a program under the direction of Mrs. Lawrence Ball was presented. At the close, refreshments were served with Mrs. Henry Turner and Mrs. Francis Fritz pouring. Rev. Fr. Bozek was also present at the meeting.

Officers of the society are: Mrs. Wm. Donnelly, president; Mrs. Lawrence Ball, vice president; and Mrs. Glen McClorey, secretary. The next meeting will be on April 11.

Young Mother Died Friday, March 15

Funeral services for Mrs. James A. Tuckey, who departed this life Friday, Mar. 15, were conducted in the Cass City Baptist church Monday, Mar. 18, by Rev. G. C. Guilliat, assisted by Rev. Arnold Olsen and Rev. R. W. Herber. Burial was made in Elkland cemetery.

Mrs. Tuckey, who was formerly Miss Lillian Emily O'Dell, daughter of Mr. and Mrs. Reader O'Dell, of Mikado, was born Jan. 6, 1926, near Akron, Mich. She was united in marriage with Mr. Tuckey Mar. 31, 1943, and they resided in and near Cass City since that time. She died in the Morris hospital after the birth of a daughter.

The deceased has been a devoted Christian, having been converted in 1938, after which she united with the Riverside M. B. C. church. She has been a faithful member.

Mrs. Tuckey is survived by her husband and infant daughter, Judy Ann; her parents; her grandfather, Jesse O'Dell; two sisters, Mildred and Beatrice O'Dell; four brothers, Richard, Jesse, Marvin and Barry, all of Mikado, Mich., besides a host of other relatives and friends.

Relatives and friends who attended the funeral services came from Bay City, Mikado, Flint, Detroit, Almont, Lansing, Pontiac, Lumb, Brown City and Romeo.

The H. G. King 40 acres of land at the corner of M-53 and M-51 has been sold to Ray Lapp.

IN SUPPORT OF THE UNITED STATES GOVERNMENT'S FEED CONSERVATION PROGRAM

We make this 3-fold pledge

- 1 We will, to the utmost of our milling ability and skill, make the fullest use of every ingredient in Pillsbury's best livestock and poultry feeds so as to at all times insure the buyer an economical, balanced ration.
- 2 We will not sacrifice quality for quantity, and will continue to uphold the traditions of this 75-year old milling company and the Pillsbury reputation in the farm field.
- 3 We will urge support of the government's feed conservation program by pointing out that available feeds can be made to go further by following the advice of the United States Department of Agriculture and your State Agricultural Experiment Station in the use of home grown grains and good pasture, as well as formula feeds.

9 Ways to Save Feed

Here's how you can make feed go further and still maintain efficient livestock and poultry production:

★ Cull your flocks closely. Remember, two pullets can be grown to egg-laying age with the same amount of feed it takes to keep one hen.

★ Cull your herds carefully. Get rid of your "robber" cows—the "star boarders" in the dairy barn. Weigh the milk from each cow and feed her in proportion to production.

★ Don't overcrowd, nor raise birds or livestock beyond the limit of available space, equipment and help.

★ Hold down little pig and poultry mortality. Proper care is vital. Practice thorough sanitation, and use every precaution to prevent losses among pigs and birds. Such losses mean wasted grain, time and money.

★ Buy or breed from production-proved flocks and stock. The first half, or more, of the feed goes for maintenance. Use of feed per unit of production goes down rapidly after that, with good stock.

★ Apply the most careful, balanced feeding to the young: chicks to 10 weeks; poults to 12 weeks; pigs to 75 lbs.; calves to 6 months. After that, if less efficient rations are necessary, less harm will be done, for a rugged start has been assured.

★ Follow a balanced feeding program. Many feeding methods are wasteful of grain and formula feeds. "Out of balance" rations take more feed, are less efficient. Follow the manufacturer's feeding instructions.

★ Run out the rats. In one year a rat eats or spoils considerably more grain than it takes to feed a hen.

★ Make the most of pasture to boost milk production, and remember roughage should be fed along with grain to pastured stock.

Seek War Data In Cancer Study

Negotiations Under Way For Release of Secrets By War Department.

NEW YORK. — Negotiations to make information and materials from atomic chemical warfare and other war research available to cancer research workers, so far as military security permits, are under way with the secretary of war, Dr. Cornelius P. Rhoads, director of Memorial hospital, announced here.

The United States spent two billion dollars on wartime research on the atomic bomb and the cancer society hopes the American people will contribute three to five million dollars in 1946 for research for the war on cancer, which is called "the nation's No. 1 enemy."

Ninety of the nation's leading scientists in fields related to the cancer problem have been recruited by the national research council to plan for the cancer society a nation-wide co-ordinated program for support of research against cancer.

Committee Organized.
Announcement also was made of the organization of a committee, known as the committee on growth, and 19 panels dealing with special aspects of cancer research. This committee was so named to indicate the fundamental necessity not only of investigating cancer, but also the basic problem of the formation and development of living tissue, which is essential to the understanding of cancer.

Dr. Rhoads, chairman of the committee on growth, told the diners that the work of the committee was resulting in the first really comprehensive action to provide a co-ordinated nation-wide research on the cancer problem. In addition, he said, the committee and its panels are stimulating a new and enthusiastic realization among many leaders in the basic sciences as to the possibilities of their work in relation to cancer.

Dr. Lewis H. Weed, chairman of the division of medical sciences of the national research council, hailed the work of the growth committee as establishing a new pattern for effective attack of problems of medical research. Wartime research, he declared, had demonstrated the great possibilities of co-ordinated action. In applying these lessons to peacetime research, he said there are these differences: "Wartime research was chiefly concerned with applying knowledge which had previously been discovered, while problems like that of cancer require the discovery of new knowledge."

Dr. Frank E. Adair, president of the American Cancer society, said that "in reconverting the scientific effort of the nation from the problems of war to those of peace, one of the chief problems we face is that of cancer."

Dr. Adair asserted that between Pearl Harbor and V-J Day cancer killed more than twice as many Americans as did the Germans and the Japanese. Unless something is done about it, he said, 17 million Americans now living would die of cancer, which is exceeded only by heart disease as a cause of death.

Elmer H. Bobst, president of William R. Warner & Co., chairman of the executive committee of the Cancer society, said that the business men on its board, under the leadership of Eric A. Johnston, stood ready to do all in their power to support the cancer research program. Dr. Clarence C. Little, director of the Roscoe B. Jackson memorial laboratory of Bar Harbor, Maine, told of the Cancer society's educational program.

Gen. MacArthur's Purge Forces Out Hirohito Aid
TOKYO. — General MacArthur's political purge directive forced the resignation of Sotaro Ishiwata, imperial household minister who controlled the emperor's purse.

Ishiwata, 56, formerly was finance minister under ex-Premier Tojo and was reported to have been active in the Imperial Rule Assistance association. He was appointed household minister in 1944.

He was the first member of the emperor's staff forced to resign by MacArthur's January 4 order for the ouster of all ultranationalists from the government.

Woman Finds That Even A Skunk Can Be Grateful
NORTON, MASS. — Mrs. Howard F. Woodward, president of the Animal Rescue League of Taunton, is convinced animals respond to human kindness. She spent 15 minutes taking a mason jar off the head of a skunk—with no after effects.

Heart Disease Is Main Death Cause of Doctors
CHICAGO. — Heart disease continued to lead the causes of death among physicians during 1945, according to a study published in the Journal of the American Medical Association.

During the year, death claimed approximately 4,015 physicians, as compared to 3,415 in 1944. The toll numbered 116 killed in action and 118 who died in service from accidents and other causes.

The following students from Cass City who are attending the Michigan State college are spending the spring vacation at their homes here: The Misses Jeanne Bigelow, Kathryn Price, Mary Kay Brown, Florence Jackson, Shirley Surprenant and Jeanne Profit, Carl Reagh and Gale Goodall, and from Deford, Dorothy Jackson.

At the quarterly conference of the Evangelical church Friday evening, the following stewards were elected: Walter Anthes, Harold Greenleaf, Lawrence Buberly, E. W. Kercher, Lester Battle, U. G. Parker, Mrs. Andrew Seeger, Mrs. C. J. Striffler and Mrs. Benjamin Schwieger. Chosen as a lay delegate to the state conference of the church in May was Miss Helen Hower. U. G. Parker is the alternate.

Losers in the ticket sale contest in connection with the Rotary lecture course were required to pay a double luncheon price Tuesday and were served "K" rations. The program feature introduced by Leslie Townsend consisted of questions which covered the lines of merchandise carried by local business houses. Luncheon guests included Herb Haist of Pigeon, Frank J. Rolka of Caro, and R. E. DeBois, Lewis Langenberg, E. B. Schwadron, Harry F. Little and Clinton Law of Cass City.

Part of an Airplane
There are approximately 3,000 anti-friction ball and roller bearings of all types in the modern commercial coast-to-coast passenger and freight airplanes.

Nutritious Dessert
Small pastry shells baked on inverted muffin tins and filled with well seasoned applesauce make a nutritious dessert. Sprinkle with nutmeg or chopped nuts if desired.

Salt Aids Cooking
Food specialists today recommend starting all vegetables in salted water. Salt improves the flavor. And when you add salt at the beginning, it helps green vegetables keep their color.

James Whale Dies In Colorado

James Whale, a resident of Cass City and vicinity for many years, died at his home in Colorado Springs, Colorado, on Friday afternoon, Mar. 8.

The following article is taken from a Colorado Springs newspaper:

"James A. Whale, associated with the Dawn Donut Co., 815 W. Colorado Ave., died Friday afternoon, Mar. 8, at his home at 128 E. Las Animas St.

"He was born in Wellington Co., Ont., and resided in Colorado Springs since 1925. He was a member of Colorado Springs Lodge No. 76, F. & A. M.

"Mr. Whale is survived by his widow, Mrs. Jennie Whale; four sons, Charles E. and Harry Whale of Colorado Springs, Leslie in France and Malcolm of Lansing; two brothers, John Whale of Cass City and A. B. Whale of Detroit."

The two brothers left Detroit on Sunday morning, Mar. 10, and arrived in Colorado the next morning to attend the funeral services which were held on Tuesday. They reached their homes in Michigan on Monday night, Mar. 18.

CHAIRMAN TO DIRECT CAMPAIGN FOR COUNTY HEALTH UNIT

Concluded from page 1.
get, members of personnel, duties of each, and services of a County Public Health unit. Dr. J. R. Altland, director of the Berry County Health unit and representing the Michigan Department of Health, was present to answer questions and gave many details and suggestions in regards to a county health unit.

Dr. Altland informed the group that at present there are 69 counties having health unit services, Tuscola being one of the 14 not having such a service. It was also brought out that no county, once having established a unit, has failed to continue appropriations for its maintenance.

Clarence Bougher of Caro was elected chairman to head a committee which would work exclusively in the establishment of a unit in Tuscola county. In accepting the chairmanship, Mr. Bougher stressed the amount of work to be done in informing the public and the need of cooperation on the part of everyone in the county.

The new chairman called on each person present to express himself

on the subject of a health unit. Each of the 25 persons were in favor of the establishment of a unit, the main question being the source of funds at the present time.

Dr. E. C. Swanson, representing the Tuscola County Medical society, informed the group that the medical society some four months ago had passed a resolution endorsing the establishment of such an organization.

The chairman announced he would soon set up committees to function in each township to acquaint the people with various aspects of a county health unit.

Bowling**City League.**

Bowling standings at close of 9th week of season:

Teams	W	L
Wooley	21	6
Larkin	18	9
DeFrain	18	9
Novak	17	10
Wilson	14	13
McCullough	14	13
Landon	13	14
Gross	13	14
Fritz	13	14
Retherford	13	14
Willy	12	15
Reid	11	16
Kirton	11	16
Hoffman	11	16
Ludlow	10	17
Kolb	7	20

Ten high average bowlers—

Landon 187, Kolb 173, McCullough 171, F. Novak 170, Ludlow 170, E. Fritz 169, Reid 168, Wallace 167, Larkin 167, Willy 167, Retherford 167.

The four high teams in the City league struggled through another hectic week in a mad effort to improve their standings but only the Wooley and Larkin combinations were able to salvage a couple of games each while the DeFrain and Novak squads had to be content in winning a game each. Wooley's team who were out in front by two games now find themselves three games up on the DeFrain and Larkin teams who are tied for second place with 18 games won apiece. Wooley's Five seem to have drawn the toughest assignment as they were matched against the Novak team, another top aggregation, but the final outcome was all in favor of Wooley's as they grabbed a

couple of games to increase their lead.

On paper, the Wooley team is slightly below the other top teams on averages and the handicap which their opponents have to give them has helped much in keeping them in the running. In their series with the Novak squad the Wooleyites seemed to do everything wrong in their first game which they lost by 84 pins. The second game went to the Wooley team by the margin of 12 pins when Novak failed to mark in the last frame. The final game found the Wooley squad at its best as a couple of their members turned in scores over 200. Auten, whose bowling up to the third game was anything but entertaining to the onlookers or inspiring to his team members, suddenly reversed his form and with nothing to lose and everything to gain, started a string of strikes that led to a bang-up 247 game. Fred Steinman registered a 206 count, and the balance of the team offering added up to 987 which is good bowling and so they easily took the final game. This finds Novak's squad four games out of first place.

The Retherford Five, back in full strength with the addition of a new member in the person of A. Nelson, came through with a three game win to climb farther up the standing's ladder. Capt. Phil posted a 552 count to help his cause and to get his name on the weekly honor list along with two other bowlers, namely Auten and McCullough. M. B. led the trio with 561 pins and Mac posted a 554 count. The names of the 200 bowlers for the week are: Auten 247, Knoblet 214, Dillman 212, McCullough 209, Steinman 206, Retherford 204, Wallace 204, Greenleaf 203, Kirton 200.

Guy W. Landon, Secretary.

Keep Old Heads

Certain government stations in head-hunting Borneo keep a few old heads on hand to be borrowed by native tribes for ceremonial occasions.

Elmwood Center

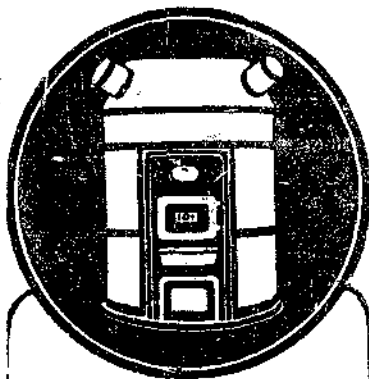

Jesse McNeil has been very ill but is a little better at this time. Mr. and Mrs. Orville Hutchinson, former neighbors, are rejoicing over the arrival of a baby boy, born on Sunday.

W. E. Hunt of Akron was a supper guest on Monday of Mr. and Mrs. LeRoy Evans.

Miss Naoma Evans of Bay City spent the week end at the home of her parents, Mr. and Mrs. Harold Evans.

Norris Anker, who is employed at the Grand Steel Mfg. Co., at Clawson, Mich., spent the week at the home of his parents, Mr. and Mrs. John Anker.

Mr. and Mrs. Ezra Kelley have arrived in Oregon and are enjoying a visit with the former's brother and family, Rev. and Mrs. Harmon Kelly.

Build Energy

Don't drive yourself to fatigue with housework. Take time to eat a good, leisurely luncheon at noon. The rest you will get will add to your energy for the remainder of the day's work.

Generation Capacity

From 1902 to 1940 the capacity of electric generators for public sale increased about 35 times, electric output about 58 times, and the revenues of the power industry about 29 times.

Waterproofing Material

A new waterproofing material has been developed that will extend the life of fabrics. An invisible coat of this plastic on your damask table cloth will enable you to wipe off a blob of gravy with a damp rag. White gloves treated with the plastic may be rinsed off under the faucet.

The want ads are newsy, too.

Aleutian Means Bold Rock

The Aleutian Islands take their name from a Russian word meaning bold rock.

Leaky Roof

Water which comes into a building through a leaky roof spreads out under the roofing to the roof boards, the plates and studs, and into the walls and floors.

Support Dependents

At the end of 1941, 83 million men and women in the United States, including unemployed, employed and housewives, supported 50 million children, students in high school and college, old people, sick people and defectives, including criminals.

Foreign Flags Take Over

At the close of the 19th century only 10 per cent of our foreign commerce was carried in American ships. A century before, our ships had carried 90 per cent of our trade with countries across the seas.

Military Photography

Thirty thousand aerial photographs were made for the Salerno landing and 20,000 for the Anzio landing. The Allied military services used more photographic materials in 1944 than at any previous period in military history.

Roller Bearings

More than 30 million complete ball and roller bearings were made each month during the last two war years by the anti-friction bearing manufacturers for U. S. military equipment. Approximately 100 million ball and roller bearings of all types were made during the last war year for U. S. military aircraft alone.

Water Softener

To soften water for washing white cotton or linens, dissolve half a teaspoon of washing soda in each gallon of water. For other fabrics, dissolve one to two teaspoons of borax in each gallon of water. To get a soft lather in which to wash flannels, add a couple of teaspoons of glycerin to the water in the washing machine.

Rat Damage

House rats cause 200 million dollars worth of damage in the United States each year.

Life-Saving Shoes

A forerunner of aluminum life-saving equipment was the pair of aluminum shoes invented by a German who claimed he could walk on water with them. They were aluminum cylinders 13 feet long and were light enough to be carried on the shoulders like a pair of oars.

Cut Pasture

In the years since 1920 more than 50 million acres of crop land and many million acres of pasture land have been released from production of feed for horses and mules and made available for production for the market. The land released from the growing of feed for work animals in this period would be sufficient to feed more than 18 million head of cattle.

Exterior Painting

Exterior painting with oil paints never should be done when high humidity causes condensation on the surface to be painted, such as may be the case when fog is present.

Be Frank, Please!

Walter—Would you like some more applesauce with your pork chops, sir?
Diner—No, just tell me the truth about them.

Financial Problem

Wife—What does a business man need most to weather a financial storm?
Hubby—A raft of money.

XMAS SHOPPING

Mr.—I want to buy a train for my little boy.
Floorwalker—Next floor, sir. Men's hobbies.

Romantic John

Mary—Would you like to see a model home?
John—I sure would; where does she live?

Neighborly Chatter

Butcher—Have you heard the story about those cookies of yours?
Grocer—No. Is it a good one?
Butcher—Kinda crumbly.

Overdoing It

Hostess (to new clergyman)—I've invited my neighbors to dinner at seven to meet you, but they may be a little late. I think we should give them a half hour's grace.
Clergyman—Well, now, of course I'm devout and all that, but don't you think that would be overdoing it a bit?

Commemorate Gull

The only bird with a monument to it is the gull, which is commemorated by a statue in Salt Lake City for its services in destroying crop-eating grasshoppers.

Costly Operation

More merchant seamen lost their lives during the invasion of Mindoro in the Philippines than did soldiers or sailors who participated in the action.

Slicing Carrots

Slice large carrots crosswise in thin slices. Chill thoroughly in refrigerator, placing in ice water unless very fresh. Spread with peanut butter. A delightful addition to your canape tray.

Keeping Fingers Warm

A good way to keep fingers warm while hanging out the family washing in cold weather is to place the clothespins in a warm oven and heat them before taking them outdoors.

Early Corporations

Corporations were chartered in America as far back as the Colonial period. Banks were among the first businesses to be incorporated. Other early corporations included stage, turnpike, canal, water and insurance companies.

Fat Substitute

Pecans furnish a generous amount of fats and protein, and also B vitamins, together with small amounts of iron and calcium. In pastry, pecans ground fine may substitute for half the fat, say extension service specialists. Mix and bake like plain pastry.

Hoover Tells of Big Crime Army

FBI Chief Warns of Great Threat of Wartime Juvenile Gangs.

MIAMI BEACH, FLA.—J. Edgar Hoover of the Federal Bureau of Investigation warns that wartime juveniles are spearheading an army of six million law breakers in a new crime wave that may be as bad as the gangster era of the roaring 20s, says a special to the Chicago Tribune.

Kidnaping, hijacking and other types of violent crime are increasing alarmingly throughout the nation, Hoover said in an interview and a radio address before the 52nd annual meeting of the International Association of Chiefs of Police.

The FBI chief said he resented the libel of blaming returning veterans for the postwar wave of lawlessness, and declared that the most despicable offenses are being committed by juvenile delinquents.

Increase 198 Per Cent.

He said arrests of girls under 18 have increased 198 per cent since 1938. In that same period, arrests of boys under 18 have increased 48 per cent for homicide, 70 per cent for rape, 39 per cent for robbery, 72 per cent for assault, 55 per cent for auto thefts, and 101 per cent for drunkenness and driving while intoxicated.

Laxity of parents is a major factor in contributing to the rising tide of crime, Hoover said.

"Misapprehension regarding servicemen," he said, "stems from the fact that many weapons used in crimes of violence are either service pistols, or souvenir weapons the returning soldiers were allowed to bring home because of lax regulations. Many of these inevitably find their way into the hands of unscrupulous black marketeers who resell them to hoodlums and criminals."

'Guilty of Understatement.'

Hoover cited statistics which indicated, he said, that the press is "guilty of understatement" in writing crime stories.

"Finger print files of the FBI," he said, "reveal a criminal army of six million individuals who have been arrested and finger printed—one out of every 23 inhabitants in the United States."

The nation-wide crime increase for October of last year over the same month of the preceding year, Hoover said, is 12.3 per cent in the western states, 9.7 per cent in the northern states, 8 per cent in the northeast and 3 per cent in the south.

"After every great war or period of acute national emergency there has been a recession of moral fortitude," Hoover declared. "This one will be no exception."

U. S. to Destroy 8 More German War Factories

BERLIN.—The American military government office announced that eight more German war plants had been ordered destroyed, making a total of 25 demolished or earmarked for destruction in the United States occupation zone.

All general purpose machinery and usable raw materials will be removed and the power plants and specialized military facilities will be blown up. The eight factories are: Fabrik Fritz Sauer at Gerathafen, which produced flares; Weldon and Schorbenhausen works, which produced essential elements for explosives; Rheinisch-Wesefelisch Sprengstoff at Landsberg, mortars; Fabrik Muenchen at Munich, triggers for mines and explosives; the Gustav Genschow factory at Durlach and another at Wolfart, small arms ammunition, and the Eschenstruth machinery and equipment plant, dies for pressing powder.

New Health Unit Formed By American Red Cross

WASHINGTON.—The American Red Cross announced formation of an advisory board, headed by Dr. Lewis H. Weed of Baltimore, to coordinate its activities in the health field.

The board consists of 109 men and women from 25 states and the District of Columbia. It includes not only doctors, but also nurses, dentists, health educators, medical publicists, nutritionists, pediatricians, public health administrators and sanitary engineers.

Two-Place Glider Stays Aloft 9 Hours; Record

ELMIRA, N. Y. — A new national duration record for gliders was established recently by Paul Schweizer and Frank Hurt, both of Elmira. The two stayed in the air for 9 hours and 17 minutes in a Schweizer two place sail plane. The previous national duration record of 8 hours and 26 minutes was set here in July, 1936.

Find U. S. Is 'Little Bit of All Right'

LOS ANGELES.—A trainload of 40 New Zealand war brides who met their servicemen husbands here today dismissed the complaints of their Australian cousins who went home mad at the United States with the comment "they're never satisfied."

"America is a little bit of all right," the brides chorused.

Synthetic Cloth

One hundred per cent skim milk fiber looks and feels very much like wool. It can be made into cloth for draperies, dresses or even dish cloths. A bag of peanuts can become a dress or a suit, too, if you know the process recently discovered by scientists in Great Britain and the United States. They are experimenting with peanut protein, which produces a synthetic fiber similar to wool, and can be mixed with other fibers to make fabrics. And British scientists have already produced from seaweed a cloth which has the appearance of nylon.

Defenses Reveal Caves

Extension of Gibraltar's underground defense system opened up a cave 60 feet long and 30 feet high, containing stalactites and stalagmites. In a clay-filled fissure about 200 feet behind the eastern face of the rock, and several hundred feet from the top, were found fossils of antlers, jaws, sets of teeth, and vertebrae. Two caves a hundred feet above sea level yielded pottery, stone tools, and other remains indicating occupation of the caves possibly from the Mousterian period to Roman times.

Find Ancient City

Examination of bomb craters which had been formed in Canterbury, England, disclosed evidence of an ancient city built on the site soon after the Roman conquest, 43 A. D., including pottery illuminating the life of the ancient Romans. Foundations of a Roman villa were unearthed. Digging in Hampshire brought to light remains of Roman pottery, many ancient vases and a ball of potter's clay bearing fingerprints. Craters of southeast London uncovered Roman pottery and tools.

Cheese Ages Faster

Methods discovered by research workers in the bureau of dairy industry of the department of agriculture cut the time of producing "aged cheese" of excellent flavor and quality to about three or four months, instead of the six to eight months previously needed. In the new process, cheese is held at a higher temperature and made from excellent quality, pasteurized milk.

Fires Preventable

Eighty-five per cent of all farm fires are preventable.

Destroying Borers

Corn borers can be effectively destroyed where farmers will work together on a program of clean plowing. One farmer working alone can make little headway against borers, since the moths which produce them fly from field to field and farm to farm in the spring.

Aluminum Ear

One of the most remarkable uses ever made of aluminum is accredited to an Englishman who had an aluminum ear made for himself in 1893. It was constructed of vulcanite and aluminum, tinted and enamelled to harmonize with the complexion.

Phosphate Rock

The United States is fortunate in possessing about half of the world's known 26 billion long tons of phosphate rock reserves. Three-fifths of the American deposits are found in Idaho, Montana, Utah and Wyoming with the rest in Florida, Tennessee, Arkansas, South Carolina and Kentucky.

Honey Measure

To measure honey use a moist or greased cup or spoon.

Ancient Town

A town built on 16 different levels, one above the other, 250 miles from Baghdad, was reported by the University of Chicago. Stone axes, flint-toothed sickles, corrugated pottery husking trays and underground grain bins were found. Beneath all was evidence of ancient nomadic life.

Vegetable Dish

Try mixing tomatoes and celery occasionally for a good vegetable dish.

Aid Blind Vets

Veterans blinded in World War II can have a Seeing Eye dog for one dollar. Cost to civilians is \$150.

Brain Tissue

Human brain tissue is absolutely insensitive and can be cut while the patient is conscious. Headaches cause pain, not in the brain itself, but in the membrane covering the brain or in the blood vessels of the brain.

Big Paper Mill

In one day 25 million paper bags are produced at the Savannah, Ga., plant of the Union Bag and Paper corporation, world's largest kraft paper mill and bag factory. It takes 32 freight cars to ship them away.

Cotton Acreage at Low

In 1945 American farmers had the smallest cotton acreage in 50 years.

Banks Buy Bonds

By 1942 more than half of the assets of member banks of the Federal Reserve System were government securities as contrasted with a proportion of less than 11 per cent in 1929.

Cooking Utensils

As far back as 1900, there were more than a dozen concerns which were manufacturing aluminum cooking utensils, either spun or cast, and it was during this period that aluminum steam-jacketed kettles were first produced.

Eat Quickly

Potatoes should be served and eaten directly after cooking for full value of vitamin C.

To Dispose of Grocery Stock

Being compelled to vacate the store building in which I have conducted my grocery business for many years, I will sell the entire stock of groceries and general merchandise at once.

Here at a glance you can see how the new low Detroit Edison rates compare with our former rates for residences and farms. This new rate, worked out by the Company and approved by the Michigan Public Service Commission, became effective in January, 1946. Your next Edison bill will be figured on this lower basis, tending to offset bills which are normally higher during the winter season with its short dark days.

The price of residence electricity has decreased gradually since the end of World War I. Now you get twice as much electricity for your money as you did then.

Detroit Edison rates are now the lowest in the Company's history. The quality of our service remains unchanged.

How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

What about wages?

Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has choked off nearly all farm machinery production, earnings of employees of these plants averaged \$1.15 1/2 an hour, not including any overtime. The Union demanded a 34 cents per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings \$1.33 1/2 an hour. Weekly average would be \$53.40.

What about materials?

No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 3.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about prices?

There has been no general increase in our prices since they were frozen by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

What about profits?

Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step?

As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?

Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and

materials continues to rise, obviously our Company will begin to operate at a loss at some point.

The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say: "Well, it wasn't my responsibility. I didn't make the decision."

The management of this Company cannot and will not say that. It does not gamble. It has to be sure. Continuation of our service to millions of customers, the future jobs of thousands of employees, and the safety of the investments of 39,000 stockholders depend on our making as correct a decision as is humanly possible.

What about future prices on farm machinery?

The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.

That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price relief in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production and begin turning out the farm machines which we know our farmer customers need.

Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employees, to our farmer customers, and to our stockholders.

HOLBROOK

Pfc. Chas. Morrish, Jr., returned to Camp Lee, Va., Sunday after a 45-day furlough spent at the home of his parents here.

Mr. and Mrs. Earl Engelbrandt and Mr. and Mrs. Glen Shagena of Argyle were Sunday guests of Mr. and Mrs. Murill Shagena.

The W. S. C. S. met at Mrs. John Brown's on Mar. 14 for an all-day meeting. Mrs. Brown displayed souvenirs that her son, Donald, brought from Japan. They included an exquisite linen tablecloth on which dinner was served. The society was pleased to recognize Mrs. Lynn Spencer as a new member. The next meeting will be held at the home of Mrs. John Guinther in Cass City on Mar. 28.

Mr. and Mrs. Frank Simkins and Miss Jean Simkins of Pontiac visited Mr. and Mrs. Wm. Simkins Friday and Saturday. Morris Simkins, formerly of Holbrook, was recently married.

We are sorry to hear that Mrs. Fred Holmes is ill and in a hospital. We wish her a speedy recovery.

Mr. and Mrs. Archie McPhail of Detroit visited the John Y. Browns over the week end. Donald Brown returned to Detroit with them where he will be employed by the Lincoln plant.

Miss Josephine Dybilis is spending the week with her sister, Mrs. Nora Peters, of Tyre.

The Ronald Fox family spent Sunday at the Chas Morrish home. Mrs. Morrish is spending two weeks in Detroit with her daughter, Mrs. Cletus Howey.

The Holbrook Community Farm Bureau will meet on Tuesday, Mar. 26, at the home of Curtis Cleland. All farm families are welcome.

LET'S WORK FOR INDUSTRIAL PEACE

Men want to work.

Management wants to produce.

The public wants to buy.

The country wants prosperity.

Yet good times have been held up by an agony of strikes.

Strikes breed bitterness . . . hunger . . . and economic stagnation.

For the sake of our country, let's change this! Change it fast. Time is running out!

Let's work out a way to get — and keep — industrial peace and prosperity.

THE FIRST STEP

Isn't a sound national labor policy . . . one that treats workers and management exactly alike and above all one that is fair to the public . . . the first step toward that peace?

Sincerely believing this to be so, we offer this program for peace and production and prosperity:

1. Make employers and unions equal in responsibility under the law.

2. Let Congress set the rules for genuine collective bargaining, free from coercion and violence, and then let government enforce these rules with strict impartiality.

3. Provide safeguards for the public against strikes or boycotts arising from disputes between unions.

4. Insure against strikes until all orderly procedures for settling disputes have been exhausted.

Your representatives in Congress have the power to establish this pattern for an enduring and a fair labor peace. Let them know how you feel about it. Urge them to act promptly on legislation to include these four points.

Time alone won't bring industrial peace. Doing nothing won't bring it. Positive action is the only way. For your own sake and for the future of our country, let your voice be heard!

FREE! A timely, authoritative booklet entitled "The Public and Industrial Peace," gives full details of this program, including specific suggestions for legislation. It is a useful handbook for every citizen, program chairman, or group leader. A postcard brings it. Address: National Association of Manufacturers, 14 West 49th Street, New York 20, N. Y.

GAGETOWN

Father-Son Fete Sunday—

A Father and Son banquet was held in the dining hall of St. Agatha church Sunday evening with 175 in attendance. The dinner was served by ladies of the Altar Society. Robert Cartwright served as toastmaster. The oldest father present, Wm. Johnston, 88, was presented with a gift. Rev. Earl Geer gave the toast to the sons and Jack Downing responded with the toast to the fathers.

Real Estate Changes—

Mr. and Mrs. Franz Chisholm of Owendale have purchased the town property of Miss Christina Crawford and will make extensive improvements before moving. Mr. and Mrs. Lawrence McDonald have purchased the town home of Mr. and Mrs. Wm. Simmons and will be moving in the near future. Mr. and Mrs. Maynard Doerr of Detroit will soon move to the McDonald farm home.

Harold Johnson, who was with the Ordnance 126th, three years in

the army and two years overseas, has received his discharge and is visiting his parents, Mr. and Mrs. Harry Johnston, and his family here. He received his training at Camp Butler, N. C., and his rank was Second Lieutenant.

Miss Mary Phelan of Detroit is visiting at the home of Mr. and Mrs. Paul Seurynek.

Mr. and Mrs. Clinton McCrea of Detroit spent Saturday until Monday with Mr. and Mrs. Jerome Rocheleau and other relatives.

Mr. and Mrs. Dell Coon of Pontiac were guests last week of Mr. and Mrs. Fred Palmer and visited at the McKellar home in Sandusky on their return to Pontiac.

The North Elmwood Extension group held their meeting Thursday afternoon at the home of Mrs. Earl Geer. The lesson was relative to home management.

Mrs. Mary Tavernier and son, Frank, of Quincassaw were Sunday guests of Mr. and Mrs. Harry Denmore.

Mr. and Mrs. Joseph Freeman left for Grayling to spend a week or ten days with Mr. and Mrs. Willard Cornell.

The Woman's Study club met on Monday evening at the home of Miss Florence Lehman. Roll call was of a miscellaneous nature and the evening was devoted to entertainment. Games were played and luncheon was served. The next meeting will be held at the home of Mrs. Roy LaFave.

Mrs. Archie McIntyre of Uby and Mr. and Mrs. Marvin McCresdy visited Mrs. Christina Gill on

Sunday at the home of Mr. and Mrs. Wallace Laurie. Mrs. Gill is very ill.

Mr. and Mrs. Emmett Phelan have opened a dairy bar and lunch counter in the post office building and the official opening will be on Saturday, Mar. 23. Mr. Phelan expects to handle other items in the near future.

Thomas Phelan, high school student, son of Mr. and Mrs. Emmett Phelan, was rushed to Mercy hospital Saturday morning for an emergency appendectomy. The operation was held and Tom is recovering and will be home soon.

Mr. and Mrs. Percy Sharrock of Detroit visited relatives here over the week end.

Paul J. Thiel, S 2/c, from somewhere in the Pacific islands, is spending a 30-day furlough at his home here.

DEFORD

Obsequies of Mrs. K. Churchill—

Mrs. Kenneth Churchill passed away Mar. 14, a few hours after being taken to Morris hospital, following a few days of indisposition.

Caroline Jane, daughter of Mr. and Mrs. Andrew McRobbie, was born at Marlette Feb. 22, 1912. She was united in marriage with Kenneth Churchill at Marlette Nov. 15, 1935.

The deceased leaves to mourn her departure, the husband; three children, Vernon, age 8 years, Ann Marie, age 4 years, and Carol Sue, age 7 months; her father, Andrew McRobbie, of Marlette and Mrs. McRobbie, a stepmother; two sisters, Mrs. Clarence Cox, of Deford, and Mrs. Lloyd Cox, of Harbor Beach; a half-brother, Richard; three half-sisters, Jeanette, Jacqueline and Sharon, of Marlette; and a stepfather, Mrs. Helen Alexander of Otter Lake. Her own mother passed away many years ago.

Mrs. Churchill was a splendid Christian character, and a member of the Free Methodist church at Wilmet for several years, a member of the local Woman's Christian Temperance Union, a devoted wife and mother, and as a neighbor much loved and respected. Mr. and Mrs. Churchill have resided in Deford 10 years.

Funeral services were held in the Deford Methodist church and were conducted by the pastor, Rev. H. C. Freeman, assisted by Rev. Carl Koerner of the Wilmet Free Methodist church. Rev. and Mrs. Gauss sang two selections.

How to Do the Job

United as a solid front, the farmers represent the fundamental whole of a nation's security. To remain divided is to be easily conquered, but in militant organization of interest, the farmers would represent the most powerful economic force in today's world and tomorrow's planning. Each farmer as an individual has before him a responsibility and a contribution to the solidarity of organization. Organization must be militant and on a national scope and it must embrace every kind and degree of farming, every personalized effort that composes the great task of mining the soil for the good of the world, community, and the national welfare.

It is the common sense rule of all business enterprises that they operate on a cost plus profit plus a fair return for what they have to sell. Only in organization this can be obtained by the farmers. Whereas the final price is determined in all other world's aspects or whatever our nation is striving for. Whether we deal in beef or hogs, sheep or chickens, dairy products or vegetables, grains or cotton, there must be a floor under all farm prices, at a level not less than cost plus a fair return for our labor. Only thus may be had reasonable compensation for our job of feeding and clothing the nation. No honest man wants more than that.
