CASS CITY, MICHIGAN, FRIDAY, APRIL 5, 1946.

CPA Order Halts Work on Two New **Business Buildings**

Business Concerns Here to Ask for Authorization to Continue Projects

The Civilian Production Administration order issued March 26 forbidding the start of any new or industrial construction unless specifically authorized has effected the plans for two new business buildings in Cass City on which material has been secured and where ground has been broken for foundations.

Horace Bulen, who was released from the Service several months ago, was informed Tuesday that he must stop construction of the Bulen Chevrolet Sales garage, by G. G. Walker of Bad Axe, a representative of the Civil Produc tion Administration. Mr. Bulen has building material on the ground, but had no cement poured for the foundation. It is understood that had the cement foundation been started that would qualify the owner to continue his operations.

Ground had been broken for the foundation of the Cass Frozen Lockers building, next to the Nestle's milk plant, on West Church also been halted.

Half of Townships Are Over Their Red Cross Quotas

Due to Bad Roads, Some Township Chairmen Are Requesting More Time

Frank J. Rolka, war fund campaign chairman for the American Red Cross for Tuscola county, reports very encouraging returns with half of the townships over their quotas. No reports have been received from Denmark, Gilford and Watertown townships to date and several townships below their quotas expect to send in additional contributions later. Due to bad roads, some township chairmen are requesting extra time to complete the canvasses in their districts. Mr. Rolka is well pleased with the work of Red Cross canvassers. He anticipates that the county will go "over the top."

Nazi Crematory Found in Cellar of Warsaw House

NEW YORK. - A Polish press agency dispatch from Warsaw said tor. Mass is held the first two recently that a crematorium operat-Sundays of the month at 11 a. in. ed by the German Gestapo during and the last two or three Sundays the enemy occupation had been found in the cellar of a house on Szucha avene, one of Warsaw's principal residential streets.

Quantities of clothing, human ashes and bones were found, the dispatch said.

Distant Nebula

Light from the nebula in the constellation Andromeda takes 900,000 years to reach us. This nebula is the most distant object in the sky which can be seen without a tele-

Tasty Weiner Spread the frankfurter with mustard, roll it in fine cracker crumbs and brown under the broiler.

Bowling

The postponed match between C. Taylor, district OPA rent attor rolled Friday evening, and while ney, said this happened. An apart the gallery to the event was small ment house owner evicted four fam in numbers, the teams staged a 11th week: ilies to raze the building as the site very determined battle that was evicted the renter who was the nal frame was rolled. The first contest was won by the Wooleys and the second game had the Larkins in command all the way. The deciding game was nip and tuck all the way with the final count giving the Wooley team the game by two pins and the series.

By winning these two games the Wooley team has strengthened its hold on the No. 1 position while Larkin's five and other trailing teams must overcome the four game lead of the Wooleyites in the remaining 12 scheduled games or the match at the close of the season will be between the Landon team, winners of the first schedule, and Wooley's to decide the Fritz 169, Ludlow 169, Wallace league championship. 168, Larkin 167, Retherford 166.

Three teams swept through their series for three game wins. They were Hoffman's, E. Fritz's and the Gross team. Four bowlers rolled themselves onto the list for honorable mention. Kolb topped with a total pin count of 588 to raise his average on the high ten to 174. Reid with 575 pins now averages 170, McClorey's 560 contribution continues his rise in the averages, while Wallace also continues his

drive up the averages' ladder and with his collection of 553 maples he now holds down No. 8 spot with

an average of 168. it comes to renting a house. George the Wooley and Larkin teams was far between, Wallace 225, Kolb 214-200, Reid 212, Benkelman 209. Bowling standings at close of

BANQUET IN A BOILER

Back in 1914 The Detroit Edison Company dramatized the installation of a great new steam-generating unit by staging a "Banquet in a Boiler."

Up until that time the capacity of boilers rarely exceeded 50,000 pounds of steam an hour. Detroit Edison engineers had been at work with manufacturers in an effort to develop greater size and efficiency. The result was this new boiler of three times previous capacities -175,000 pounds an hour.

That was a beginning—a Detroit Edison FIRST. Today, boilers delivering a million pounds of steam an hour are in use.

The first big boiler, built 32 years ago, turned out to be something more than a place for a

banquet. Its construction developed a line of thought, experiment and accomplishment which has increased the size and operating efficiency of steam-electric power plants.

This development has meant lower costs for The Detroit Edison Company, LOWER PRICES TO THE CUSTOMERS OF DETROIT EDISON, AND HIGHER WAGES FOR DETROIT EDISON EMPLOYES.

It was one of the accomplishments of this company, serving in its capacity as a citizen of the community, which helped to bring the average price of current used in the home down from 6.04 cents per kilowatt-hour in 1915, to 3.03 cents in 1945.

RESCUE

Thomas Quinn and John Ashmore were business callers in Pigeon Saturday afternoon. A township business meeting was held at the Grant town hall

Monday afternoon, April 1. Perry E. Mellendorf is spending

a couple of weeks in Detroit with Mr. and Mrs. Francis E. Quinn

and children of Kinde were Sunday visitors at the home of the former's parents, Mr. and Mrs. Thomas Quinn. Mr and Mrs. Donald McComb

and children of Detroit spent the week end visiting at their parental homes in Grant.

Thomas Smith and son, and Raymond Webster went to Roseville Saturday to help their wife and mother celebrate her 62nd birthday. Mr. Webster's nephew, Billy Erwin, accompanied them home.

Samuel Ashmore of Detroit was a caller Thursday at the home of his parents, Mr. and Mrs. William Ashmore, Sr. Mr. and Mrs. Justus Ashmore of Cass City and John Ashmore took him back to Detroit the same evening as he had to report back to work Friday morning.

Mr. and Mrs. Arthur Moore received a telegram from their son Marvin, that he had landed at New Jersey on Saturday, Mar. 30, and would soon be seeing them. He has spent a number of months overseas and it has been around 21 months since he has been home.

church for the past two weeks. A number of relatives and friends helped Roland Hartsell, Sr., celebrate his 51st birthday anniversary on Saturday evening, but his birth date was Mar. 28.

They came from Detroit, Snover, Cass City and Grant.

Mr. and Mrs. Wm. Ashmore, Jr., and children of Gagetown were Sunday visitors at the Wm. Ashmore, Sr., home. John Ashmore accompanied them home to spend the week.

New X-Ray Tube Is Marvel of Science

Promises to Open Up Vistas Heretofore Unknown.

MILWAUKEE .- Out of the University of Illinois laboratories has come one of the outstanding X-ray developments of X-ray's first 50 years-a new X-ray tube equivalent to 90 pounds of radium in ray out-

Radium is an atomically active material used in medicine in quantitles down to millionths of an ounce The startling story was told by George L. Clark, professor of chemistry at U. of I., who spoke at a symposium on industrial radiology staged by Marquette university in this city, celebrating X-ray's semicentennial

The new tube, only 16 inches long, is the work of T. H. Rogers, managing engineer of the Hachlett Laboratories at Springdale, Conn. based on research done at Champaign. Its 50,000 volts produce a dosage of 5,500,000 roentgen units per minute, compared to the 540 units of any previous device.

The new tube and its astounding capacity mean X-ray pictures in seconds instead of minutes for industry. Professor Clark said, and, in the research field, opens up possibilities not even imagined.

Study of the effects of X-rays or cells, such as cancer tissue, the chemical effects of light, the preparation of vaccines to kill bacteria and many other forms of research become possible in ways previously out of the question, he said.

As far as the university is concerned, the new tube is comparable to the development of the 250,000,000 volt beletron, an atom-smashing device that played an important part in the atomic bomb feat.

Aerosol Bombs Aerosol bombs that spread a fine

fog of insecticide are good for killing flies, mosquitoes, and moths on the wing, but will not kill vermin in hiding spots nor eggs and larvae.

The want ads are newsy too.

Jap Foreign Office Man Admits 'Free India' Plot

NEW DELHI, INDIA .-- A functionary of the Japanese foreign office, summoned as first defense witness in the Indian National army trial, sought to prove the independence of the late Subhas Chandra Bose's provisional government of Free India.

The prosecution has pictured Bose's government as a pupper of Japan.

The prosecution elicited from Shunichi Matsuomoto, twice vice minister of foreign affairs for Japan, admissions that promotion of Azad Hand (Free India) was part of the Japanese war strategy.

Matsuomoto said that Bose, leader of Azad Hand and the National army, was brought from Germany to Japan about April, 1943. The wit ness cast no light on what is a mystery in India-how Bose traveled to Japan. He had vanished almost magically from his Calcutta home just before Japan went to war.

Use Balloons in Sinus

Cavities to Fight Asthma CHICAGO .-- Use of tiny rubbet balloons, inflated inside the sinus cavities, to afford relief from asthmatic symptoms caused by infection, was described by Dr. J. M. Robison of Houston, Texas, at the second annual meeting of the American Academy of Allergy.

The balloons, Dr. Robison explained, exert hydro-static pressure on the surrounding tissues to accomplish drainage by compression.

Patients, Dr. Robison said, are able to wear the balloons inside their maxillary (cheek) sinuses without discomfort for as long as three months. Good results, he said, have been secured in the last two years in 25 cases. The meeting was attended by 150 physicians from all parts of the country.

Birth Rate of Country Rose Sharply in 1943

WASHINGTON.-The federal children's bureau finally got around to its 1943 statistics and reported-to no one's surprise—that the stork still is more active in war years. The bureau reported that nearly 3.000.000 babies were born during this country's second year at war as

1933, low point of the depression. The 1943 live birth rate, however, still was considerably below the alltime high set in 1915-'16 when it reached 25 births per 1,000 popu-

The Missouri river, 2,945 miles Sale every Monday at 2 p. m. ong, is the longest river in the United States.

Read Surfacing Only 49 per cent of the country's 1,928,000 miles of county and local roads have all weather surfacing. Only 73 per cent of the 304,000 miles of municipal streets and alleys have surfaces of concrete, asphalt, tar

coating, gravel or stabilized earth. Commercial Rabbits Most rabbits being commercially raised get some combination of diet including alfalfa hay, oats, carrots, green foods and water. In some cases, commercially pre-

pared feed is fed.

Beet Picker

Harvesting beets by conventional hand methods requires about 21 manhours per acre, but a combine requires only about four man-hours

Fresh Cabbage

Fresh cabbage, unless stored continuously at 32 degrees, can lose 50 per cent of its valuable vitamin C content within a week.

Zanzibar Leads in Cloves Zanzibar supplied nearly fourfifths of the world's demands for cloves in a recent year.

Servicemen's Mail United States servicemen mailed three billion letters a year during the war. Allowing soldiers and sailors free mail cost the post office

department about \$91,000,000 a year.

To Free 191,000 by Points Reduction

PERSONS wishing to reserve food Navy Announces New Plan to Liberate Personnel.

WASHINGTON. - The navy estimated that 191,000 additional officers and enlisted personnel will become eligible for discharge under new point reductions effective March 15 and April 2.

The point cuts do not affect the marine corps or coast guard. The new point scores mean that the navy by April will have discharged two-thirds of its peak strength of approximately three million men and women.

The March 15 point reductions chiefly will affect male commissioned and warrant officers and male enlisted personnel. Point scores of male commissioned officers will be lowered from 39 to 38 on March 15 and to 37 on April 2. Enlisted point scores will drop from 32 to 31 March 15 and to 30 on April 2.

Point scores previously announced for WAVE personnel and navy nurses, effective March 2, will not change March 15. Point scores for WAVE officers and enlisted women will be lowered respectively to 26 and 21 points April 2.

Navy nurse point scores will be reduced to 26 in April. Male doctors' points will be lowered to 48 points March 15 and 47 points April

Point scores for naval officers above the rank of ensign will be dropped from 26, effective March 2, to 25 on March 15 and 24 on April 2. No change was made in the 20point score for fliers with the rank of ensign.

By June 2, additional point reductions will be made for enlisted personnel currently assigned to essential duties.

Largest Reclamation Program Planned in '46

WASHINGTON .- The reclamation bureau said that it had scheduled construction work on 30 projects in 17 western states this year at a cost of 140 million dollars. The program is the largest in the 43-year history of the bureau.

Interior Secretary Ickes said the program was designed to meet peace time needs for agricultural and industrial expansion. It will be concentrated on development of western river resources to provide for irrigation, power production, and flood control.

Several of the projects were authorized under a co-ordinated plan for development of the Missouri river basin. Work halted during the war will be resumed on the million acre Columbia basin project in south central Washington and the central valley project in California.

Explosive Pens Used in War Traced to Fascists

ROME.-The wartime propaganda story that American and British airmen had dropped explosive pens and pencils which wounded Italian children when they picked them up was proved a myth.

Police in Milan searching a former Fascist office found 25 cases of TNT ingredients together with pen and pencil cases ready for loading. All Italian papers gave the story prominent display, recalling the fact that Alexanme Pavolini, former Fascist party secretary, had accused the Anglo-Americans of dropping the lethal pens and pencils in

A Great Grandma of 72

Spurns Demobilization LONDON. - Britain's oldest WAAF, Flight Sgt. Ellen Stalker, 72, otherwise known as "Flighty the Cook," has refused demobilization. She wants to cook for the Royal Air Force "until they throw me out." Because of her age and length of service - she joined in 1939 -'Flighty," who is a great grandmother, was No. 1 on the demobilization list but that's the last thing she wants. How she got into the RAF at the age of 65 is her

Mail Sent to Yanks Drops To Third of Peak of 1945

secret.

WASHINGTON .-- The poundage of letters now being mailed to servicemen overseas is only one-third of the peak of last March, postal officials said. Such first - class mail weighed

1,265,000 pounds last month, com-

pared to 4,160,000 pounds in March,

The slump was even greater in parcel post volume. Packages addressed to men in the Atlantic area totaled 98,000 sacks last month, compared to 615,000 in March.

Program Is Reported For a Free Germany LONDON.-The Daily Express

reported from Berlin that key American economic planners have submitted a program to the U. S. control council in Germany to withdraw all occupation forces from the reich in five to ten years and sign a peace treaty with the new German government to be set up.

STARTLING NEW IDEA KEEPS FAMILY WELL-OR **PAYS CASH**

White Cross Plan Pays For Lost Time, Hospital. Surgical Bills, Etc.

Since primary purpose of newly launched White Cross Plan is to keep wage earner working and family heaithy, 4-way benefits are provided: (a) Service from Medical Director and consulting specialists aims to keep entire family well (b) Yet pays bills if hospitalization from either sickness or accident becomes necessary (c) Pays

head of family up to \$150 per month additional for loss of time in hospital or \$100 per month at home (d) Pays as much as \$100 per month for 40 months following accidental death.

How This Plan Works

White Cross Plan starts with laboratory service. Four urinalyses are given per year without charge. Advice (not treatment) on your personal health problem is available from specialist in his particular field of medicine.

In Case of Accident, Sickness or Childbirth: Up to \$8 Per Day

If accident befalls a person or family, the White Cross Plan has available Emergency Fund up to \$250 and pays cash for hospital, surgery and miscellaneous bills. At the same time it provides head of family with income up to \$150 per month during hospitalization and \$100 per month at home. other sickness and accident benefits include payment of up to \$8 per day for 100 days in hospital.

Protects All Ages From 1 Day to 65 Years

Freedom from worry about hospital bills, surgeon's fees, and many other charges aids in quicker recovery. Female diseases and childbirth covered by Plan, which may be written to pay wage earner or housewife for toss of The state of the s

If you are in good health and not more than 65 years old, you are eligible. Mrs. Lewis writes: "I never dreamed that 4 months later I would find occasion to use it for an illness. Your check for \$545 was certainly a great help in paying my hospital bill."

Costs Only Few Cents Daily

Northern Mutual was founded in 1907 and has issued low-cost Hospitalization and Sickness-and-Accident policies protecting more than 1,000,000 persons.

Get Details NOW!

MORE PROFITS FOR YOUR TRACTOR Super Six Hydra-Lift

DOES THE WORK OF MEN

A hydraulic under load lift to attach to your tractor. To do all your heavy farming chores, faster, easier, cheaper and safer.

It's simple—easily handled—controlled from tractor seat-allows clear vision at all points of operation. Six available attachments. All installed on front end of tractor.

Scientifically engineered. Any load on the fork does not shift or

lift the weight off the rear of tractor so you do not loose traction. Made to perform all heavy farm work. You can now use your tractor every day in the year.

An easy pull on the trip rope which is furnished with each Hydra-Lift releases the trip latches and dumps the bucket. A strong spring with adjustable tension locks the bucket back in place for the next load.

MICHIGAN AND THE OLD NORTHWEST

By Luke Scheer. Edited by Milo M. Quaife.

Jesuit mission work to 1700 on Michigan Upper Peninsula is summarized here.

Mississippi was garrisoned

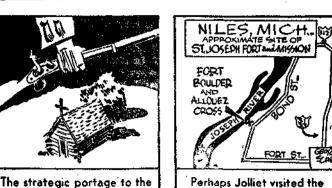

by the French in 1691.

St. Joseph mission, Niles, was

founded near the historic por-

tage to the Kankakee.

Perhaps Jolliet visited the site; the river appears on his map (see 35C).

DEFORD DIARY

Hartwick and daughters, Joan and at dinner in their home. Beverly, Mr. and Mrs. Ed New and family, and Morris Curtis of Pontiac, Mr. and Mrs. Carl Knuston Warner. of Frankenmuth, Mr. and Mrs. Foster George Heidenberger and daughter of Reese, and Mr. and Mrs. Clifford Curtis of Marlette. A beautiful cake betokened the significance of the occasion.

Bill Hicks has returned to work in Pontiac. On Wednesday, Mrs. Hicks and daughter, Greta, went to Pontiac.

Mr. and Mrs. John Dice have sold their farm one mile west of Deford and are preparing for an auction sale of farming equipment. Mrs. John Walk seems to be a

iittle stronger lately. George Jacoby took charge of fice will remain at the present lo- Kalamazoo. cation for an indefinite length of

Christ ladies' society, and the No- man. meet in the Deford church dining Mabel Zemke, went to Ann Arbor

tertained on Sunday Mr. and Mrs. G. W. Morrison of Royal Oak. Mr. and Mrs. Frank Lester of Kingston were visitors for a week

here with their daughter and famly, the Cecil Lester family. Mr. and Mrs. John Clark spent Saturday to Monday in Pontiac visiting their daughters who live

there. Mr. and Mrs. Elwood Eastman of near Cass City were Sunday visitors at the Towsley home to see Mrs. Lida Ives who is ill there.

Mr. and Mrs. Kenneth Kelley were callers on Sunday in Pontiac. Mr. and Mrs. Rolland E. Bruce of Lapeer were callers on Saturday t the Eldon Bruce home.

Mr. and Mrs. Geo. Roblin and four children for whom they are caring were callers on Sunday at the county infirmary to see the children's mother, Mrs. Bowman, who is very ill there. Mr. and Mrs. H. D. Malcolm also went and called on Mrs. Kruzel, who has been an invalid there for two years or more. Mrs. Kruzel is some better and was pleased to inquire about the neighbors.

George Spencer and Joe Mc-Cracken are the carpenters in the re-modelling of the Jacoby store building.
Miss Belle Spencer attended the

wedding of her niece, Miss Wanda Spencer, of Oxford to Nick Panlurin. The wedding rites were solemnized on Sunday in the Congrerational church in Oxford.

Mr. and Mrs. Hazen Warner and Mr. and Mrs. Robert Horner drove to Battle Creek on Saturday afternoon and were guests of Sergeant and Mrs. Wilmer Warner on Sunday. Mrs. Horner remained and will spend a week visiting her stepsister, Mrs. Casper Schattler.

Mr. and Mrs. Anthony Probe of Detroit spent Sunday here with the latter's parents, Mr. and Mrs.

Ray Kilbourn. Clinton Sadler, en route from Kansas to North Carolina had a three days' stopover here with his mother and family. Mrs. Sadler and a friend returned him to Cincinnati, Ohio, to resume his journey by train. Mrs. Sadler returned home on Tuesday, and during her absence visited in Kentucky in the mountain region.

NEW OFFICERS ELECTED AT ANNUAL MEETING OF PRESBYTERIANS

Concluded from page 1.

erator during the election of officers.

Mrs. Richard Bayley presented the recommendations of the nominating committee and the following were elected: John Cathcart, whose term as

elder expired, was elevated to life active membership as elder. To fill vacancies Don McLachlan and Edward Golding, Sr., were elected as elders for three year terms. Orion Cardew and Clinton Law, year terms. John Bayley, a former deacon, was elected for a threeyear term, and Leonard McLean was elected a deacon for the term 1946-1947.

Dr. P. A. Schenck, Frank Reid and Robt. J. Knight, as trustees, were elected to succeed themselves for terms of three years. Mrs. Ernest Croft was chosen church treasurer, Mrs Cameron McLellan was elected to succeed Mrs. Bayley on the rotary plan nominating committee of which Dr. Ivan Mac-Rae and Mrs. B. H. Starmann are also members.

Arthur Holmberg, Dr. Ivan Mac-Rae, Mrs. Don McLachlan, Mrs. Dave Ackerman and Janice Mc-Mahon were elected as representatives of the Cass City Council of Churches.

The congregation voted to hold the ordination and installation of the newly elected elders and deacons on Sunday, April 14.

First Woman Doctor The first woman doctor was Eliz-

abeth Blackwell, who won her M. D. degree in 1847 in New York state, according to the Encyclopaedia Britannica.

Pumpkin Old Dish

Americans have been eating pumpkin for more than 2,000 years. It was an old dish in the new world when Columbus came, for the pumpkin is a native of this hemisphere.

Cluttered Stairs

Teach your family not to leave the laundry hamper, waste baskets, brooms and the like on stairs, and do not allow children to play on stairs.

Milk Shake

If the children do not like milk, try adding a bit of canned fruit and
