The morning session will be taken up with business and talks by Mrs. Edward Baker of Cass City, Mrs. Chester Graham of Cass City, and Mrs. John Ritsema of Sebewaing.

The speakers of the afternoon session will be Dr. DeKleine of the State Health Department and Mrs. Fred Cross, president of the State Federation of Women's Clubs. A skit, under the direction of Mrs. Beauchamp of Caro, will be presented.

Mrs. Alex Marshall of Kingston is program chairman.

## Cass City Youths Won Half of the Premium Money

Local Exhibitors Sold 36 Hogs at Average Price of \$20.80 per Cwt.

Nine boys from Cass City exhibited 36 of the 92 animals in the seventh semi-annual fat hog show and sale at Caro on Tuesday, winning half of the premium money offered. Their 36 animals weighed a total of 7,350 pounds, an average of 218 pounds each, and brought \$1,685.44, for an average of \$20.83 per hundredweight.

Lewis Langenburg's Hampshire barrows from his state champion litter for 1945 were as popular with the judges at Caro as the barrows from the same litter were at Lowell a few weeks ago. He won first place in the lightweights with both the pen and the individual, and the pen later was made grand champions of the show and his individual was likewise grand champion individual. It sold for \$39.50 per hundred and the pen for \$27.00 per hundredweight.

Robert Wallace's pen of lightweights placed second and were later made reserve champions of the show. His individual placed second in his class.

Other exhibitors with their placings were: Lightweight pens, Don Buehry, 3rd; Frank McKee, 5th. Lightweight individuals—Frank McKee, 4th; Don Buehry, 6th. Heavyweight pens—E. J. Morin, 3rd; Robert Deo, 8th. Heavyweight individuals—E. J. Morin, 3rd; Robt. Deo, 4th.

The Cass City 4-H and F. F. A. boys are under the leadership of Harold R. Perry of the high school faculty.

## NEW EQUIPMENT AT FORT DAIRY FARM

The dairy equipment of A. Fort & Son on their farm, 4½ miles north of Cass City, has recently been greatly enlarged with facilities for the pasteurizing of milk and cream products. Included in the new equipment is a cooling cabinet for storing cans of milk, a large vat for heating and pasteurizing milk and cream, and a coil system for cooling the milk before it reaches the large bottling and capping machine.

## Theme, "Were You There?" Feature of Good Friday Service

The Protestant churches will unite in the annual observance of Good Friday at a unique service of worship to be held in the Presbyterian church at 1:30 p. m. today.

The service will consist of congregational singing, organ selections by Miss Lura DeWitt, a solo by Arthur Holmberg and the respective ministers of the cooperating churches will respond as Peter, Judas, Caiaphas, Simon of Cyrene, Pilate the Centurion, and John the Beloved in testimonial answer to the soloist's inquiry, "Were you there when they crucified my Lord?" This part of the service has been re-adapted by Rev. M. R. Vender as program and host chairman from a Holy Week dramatization.

The offering will go through the Friends' Society for Food Relief in war-rehabilitation areas.

Local business places are cooperating by closing from 1:00 to 3:00 p. m.

## Cass City Team Defeated Unionville

The Cass City baseballers defeated Unionville by a score of 13-2 in their first county league game.

The local nine jumped to an early lead in the first inning by pounding the Unionville pitcher for four hits, one of which was a triple by DeLong resulting in five runs. Cass City continued its scoring in the second inning by adding another run on two hits. Inning three netted three more runs on wild pitches, errors and a timely single by Hartwick. The Redhaws opened their last inning at bat by pounding out four hits and driving F. Werth, Unionville's starting pitcher, to the showers. Another triple, this time by Zemke, in this inning added four more runs toward the total of 13.

Quinn started on the mound for Cass City and went five innings, after which he ran into a streak of wildness, issuing four passes in a row. He was replaced by Hartwick, who finished the game.

Unionville scored two unearned runs during this fifth inning. Hillaker, the Redhawk first sacker, did the best job at the plate, getting three hits of four attempts.

## Observe Founding Of National Society For Crippled

Miss Patterson Tells Rotarians of Work Among Home-bound Handicapped

The 25th anniversary of the founding of the National Society for Crippled Children was observed at the Rotary club luncheon Tuesday. Miss Janet Patterson of Flint, in a talk on her work among the home-bound adult crippled, told of this new branch of the society which is giving attention to chronically disabled people. She showed articles made by members of the Michigan Homesteaders' Guild and the satisfaction that the adult crippled receive in the work of preparing them and in the sale of these articles at retail shops established in large cities.

Clarence Bougher, chairman of the Tuscola County Crippled Children's Society, was presented with a \$200 check as the contribution of people of the Cass City community to the county organization. The presentation was made by Willis Campbell, who, with Dr. H. T. Donahue, constitute the local committee.

In acknowledging the contribution Mr. Bougher, who is also chairman of the county war bond sales organization, spoke of the splendid support given by the Cass City district in bond purchases and presented M. B. Auten and Frederick Pinney with recognition award certificates for their work as bond salesmen.

Luncheon guests included Mr. and Mrs. Bougher of Caro, Miss Patterson and Miss Phyllis L. Booth of Flint, Murray Herriman of Bad Axe, Cpl. Duane Guisbert, James Urchick and Henry Bartnik of Cass City.

## Cass City Doctors Open Office in Caro This Week End

Dr. H. L. Nigg, associated with Dr. H. T. Donahue as a partner in Cass City since February, will make his home in Caro with Mrs. Nigg and their two young sons, Herbert Nicholas II and John Croxton. Dr. Donahue and Dr. Nigg recently purchased the brick residence on South State St. at the county seat from Mrs. J. E. Handy, widow of Dr. Handy. In this building, they will open an office this week end for the convenience of their patients at Caro and other towns in the western part of the county. Dr. Donahue and family will continue to reside in Cass City. Both doctors will assist one another in the practice of their profession.

Dr. Nigg is a graduate of the University of Michigan, with an A. B. degree received in 1935 and an M. D. degree in 1939. He served an internship in Grace Hospital, Detroit, and was resident surgeon there in 1940. He entered the Army on April 1, 1941, as a member of the Michigan National Guard, in the 177th Field Artillery. He served as an instructor in the medical field service school at Carlisle, Pa., and was in the surgical service at the Camp Shelby, Miss., regional hospital. Overseas in the 92nd Evacuation Hospital, he was in surgical service in New Guinea and Luzon and was in command of the hospital unit on its move to Nagoya, Japan. The evacuation hospital had an unusually large number of patients with casualties from the 41st, 32nd, 33rd, 37th, 6th and 25th divisions and the 1st Cavalry, in the New Guinea and Luzon campaigns. Dr. Nigg was commissioned Lieutenant Colonel.

## Cass City Resident Is 93 Years of Age

Dr. A. C. Edgerton of Clio visited his mother, Mrs. Celia Edgerton, Friday evening, a little in advance of her 93rd birthday which Mrs. Edgerton observed quietly at her home on East Third St. on Monday. Neighbors and friends dropped in over the week end and Monday to extend congratulations.

The former Celia Goodwin was born in Harbor Beach and went with her parents when two years of age to live in Port Huron. At that place in December, 1881, she married Andrew Edgerton. Eventually they came to a farm east of Cass City and 31 years ago moved to this village. A year later Mr. Edgerton passed away.

She is the mother of two sons, Richard, who lives in part of the Edgerton home here, and Dr. Clifford. Concluded on page 4.

## Commissioned Ensign

Ensign James Alexander McCoy.

James Alexander McCoy, son of Mrs. Ethel V. McCoy, of Stockton, California, and for many years a resident of Cass City, was commissioned an Ensign in the Naval Reserve and designated a Naval Aviator recently at the Naval Air Training Bases at Pensacola, Fla. Having completed his intermediate training at the "Annapolis of the Air," he will be ordered to duty or to an operational base for further training before joining the fleet.

## Cass City Clarinet Duet Wins Honor

Cass City senior high school band entered several students in the State Solo, Ensemble events at the Annual Instrumental Music Festival held at Michigan State College in East Lansing on Friday, April 12. The participants included Florence Hillman, Louella Hartley, Velma Muntz, Joyce Hutchinson, Annie Root, Bill Benkelman, John Kim, Mary Doerr, Manley Fay, Joan Sommers and Marion Croft. Most of the contestants played their compositions with much success.

However, honors went to Louella Hartley and Velma Muntz, who played the clarinet duet, "Swiss Boy." This clarinet duet was the only one in the state to receive first division rating.

## Mrs. I. W. Hall Died Soon After Husband

Less than two months after the death of her husband, Mrs. Isaac W. Hall passed away at Pleasant Home Hospital where she had been a patient for ten days following a paralytic stroke from which she never regained consciousness. Her death occurred on April 11 and funeral services were held at the Douglas Funeral Home Saturday afternoon at two o'clock by Rev.

Mrs. I. W. Hall.

Arnold Olsen of the Baptist church of which Mrs. Hall was a member.

Margaret McIntyre was born in Rodney, Ont., Mar. 20, 1876, and when 12 years of age came with her parents to reside on a farm in Novesta. She was united in marriage with Isaac W. Hall on Dec. Concluded on page 8.

## START DRILLING FOR OIL SECTION 31, ELKLAND

## CLARE CRAWFORD OPENS STANDARD OIL STATION

The Standard Oil Station in Cass City which has been closed for several months will be opened for business on Saturday, April 20, by Clare Crawford of Deford. The building is being renovated, the pumps repaired and outdoor wood-work painted in a vivid red.

## Cass City High School Host to Future Students

Fifty Eighth Graders Attend Rural Day Here on Wednesday

Fifty eighth grade students from about 20 grade schools in three counties visited Cass City high school Wednesday. This event, first inaugurated last year, gives the prospective student an opportunity to observe the school in action and learn something of what it has to offer.

After being welcomed by representatives of the students and the faculty, the visitors were given a prospectus outlining the high school curriculum with suggestions for planning their school course of study. They were then introduced to the home room which would be theirs upon enrollment and were assigned guides who helped them all through the day. Classes were visited during both morning and afternoon sessions and lunch was served to the guests during the noon hour.

The feature of the afternoon was the showing of the film, "Heidi," in the high school auditorium. Hosts and visitors alike, felt, at the close of the day, that they had profited much by getting a bit better acquainted with those who might next fall be their fellow classmates.

## Cass City Won Two Firsts in Track Meet At Ann Arbor

The Cass City high school track entrants in the River Rouge Invitational meet which was held in the Yost Field House, Ann Arbor, fared well against the strong competition they met. Grant Strickland, local 440-yard dash man, placed first in his respective heat against nine other 440 aspirants. His time was 55.8 seconds. The Redhawk relay team, composed of B. Weatherhead, B. Foy, K. Weatherhead and G. Strickland, also took first place in their heat running against a strong field of five relay teams.

Cass City's next track meet will be with Caro on April 30.

## Evangelical WMS Has African Program

A study of the book, "The Cross Over Africa," was begun by the Woman's Missionary Society of the Evangelical Church Friday evening when they met with Mrs. Frank Weatherhead at her home in Gagetown. Mrs. S. P. Kim was program chairman and reviewed the lesson chapters and Mrs. C. J. Striffler was in charge of the devotions.

In addition to the lesson, the program, prepared by Mrs. Kim, included a description of Africa, an African story, and a "matching questions and answers" test on Africa. African proverbs were given in response to roll call.

An African hut, made of brown paper, and drawings of African life were displayed.

In harmony with the theme of the evening, an African lunch was served in true African style. Guests who were able to do so, squatted on the floor around an imitation fire. The menu consisted of peanuts in shucks, served in a wooden bowl, a basket of bananas, a basket of coconut meat, dried dates and figs and grapefruit juice.

The meeting in May will be held with Mrs. Wm. Joos.

## Political Announcement.

I wish to announce that I will be a candidate for the office of Sheriff at the Republican Primary Election June 18, 1946. Your support and influence in my behalf will be greatly appreciated. Julius H. Goslin, Sheriff. —Advertisement.

## Bean Growers Are Urged to Purchase Certified Seed Now

Michigan bean growers should start now to locate seed for planting this year. H. R. Pettigrove, specialist in farm crops, Michigan State College, believes there is an adequate seed supply, but points out that some redistribution may be necessary because of shortages in some localities.

The Michelite bean, developed by the Michigan State Experiment Station and so well adapted to Michigan soils and seasons, is available in either certified seed or in seed by first and second crops from certified. Most elevators in bean-producing areas can furnish seed, Pettigrove said.

Despite the almost disastrous season of last year when the crop was very poor, Pettigrove believes the acreage may reach 550,000 to 600,000 acres by seeding time. Concluded on page 5.

## Rummage Sale.

The Presbyterian rummage sale will be held Saturday, Apr. 27, in the basement of the Presbyterian church, one block north of the Cass City State Bank or across the street from the laundry. The public library has been moved to the council rooms where the sale has usually been held.—Advertisement 2t.

## Com. Emerson Scott Addressed VFW Post

Commander Emerson Scott of the Tuscola County Post, V. F. W., gave a very enlightening and instructive address before Cass City Memorial Post, V. F. W., at the Home restaurant Monday evening.

Members of the local post decided to hold their next meeting in rooms over the Damm implement store on Monday evening, May 6, at 7:30. This is the tentative meeting place of the society.

A report was given from the membership committee which showed that there are still some veterans who are desirous of joining the post and have not made their intentions known. They are requested to see Horace Pinney.

On April 23, this post is invited to attend the informal dinner at 3:30 and the installation of officers at Caro. The dinner will be served at the Hotel Montague and the installation at the Odd Fellow hall.

On April 28, the local post will be host to a district meeting to be held in the hall over the Damm implement store. The session will open at 1:00 p. m. and at 5:00 p. m. the group will adjourn to the Home restaurant for a fellowship dinner.

Fifty-five per cent of all rainfall in the United States comes from the Gulf of Mexico, 30 per cent from the Pacific, and 10 per cent from the Atlantic ocean.

## Cass City Students Win Honors in Speech Contest

Three pupils of the Cass City High School won first honors in the district speech contest held in Unionville on Wednesday, April 10. James Wallace, son of Mr. and Mrs. Cameron Wallace, was awarded first place in oratorical declamation. Marjorie Kettlewell, daughter of Mr. and Mrs. A. R. Kettlewell, was first place winner in oratory, and Wilbur Silvernail won honors for his school by being first in extempore speaking. He is a son of Mr. and Mrs. Ray Silvernail.

The following students represented the local school: James Wallace and Maryann Bishop in oratorical declamations; Marjorie Kettlewell and Bob Foy in oratory; Wilbur Silvernail and Alden Asher in extempore speaking.

The judges were Dr. E. C. Beck, head of the English department at Central Michigan College of Education at Mt. Pleasant; Emil Pfister, teacher trainer, also of Central Michigan; and Glen Owens, instructor of speech at the Central High School at Bay City. The winner in each contest was awarded a copy of Webster's Collegiate dictionary by the Detroit News.

The four winners in the district are eligible to compete in the regional contest. Concluded on page 4.

### Army Has Fighter With Power of B-29

#### Jet Plane Can Go at Rate Of 500 Miles Per Hour.

SAN DIEGO, CALIF.—The XP-81, described as the world's most powerful, high speed long range fighter, has been completed by Consolidated Vultee Aircraft corporation and is undergoing flight tests, the company announced. It is the first plane to fly with a gas turbine engine designed for propeller drive and a jet engine in the rear. The army plane has two complete power units, a gas turbine in the nose to drive the four-bladed propeller and a jet engine in the fuselage aft of the pilot. With both units it can attain speeds in excess of 500 miles an hour and the combined power is virtually the same as that produced by all four engines on a B-29 Superfortress, the announcement said. Performance details are secret, but the company said the plane is adaptable not only as a long range bomber escort for which it was primarily designed, but also as an interceptor fighter. This presumably means the fighter when equipped with droppable external fuel tanks can cruise in excess of 2,000 miles. Both of the engines—neither of which require a warmup—use kerosene. The company said the plane can take off on both engines or either one. A large scoop to each side of the fuselage admits air to the rear jet engine. Air reaches the gas turbine through a circular duct in the nose of the plane. General Electric company, which manufactures both engines, described the turbine engine as being efficient and economical for long flights, and Consolidated said it is considering use of six turbine engines in its 204 passenger model 37, now in design.

### World War II Cost Four Times First World War

BASEL, SWITZERLAND.—The cost of World War II was nearly four times that of the First World War, the Bank for International Settlement estimated. World War II costs up to last summer were placed roughly at 680 billion dollars. Converting the "1913 dollar" into a "1945 dollar," (taking into account the rise in prices) the cost of the First World War was placed at 180 billion dollars. These figures, the report said, represent direct costs only, without taking into account the capitalized value of human life, the property losses, the loss of production, the cost of war relief and neutrals' losses.

### U. S. Census Gain Set at 8,000,000 in Last 5 Years

WASHINGTON.—The census bureau said that during the five years ending July 1, 1945, the population of the United States, including armed forces overseas, increased by 8,000,000. Population as of that date was 139,621,431. The increase, which the bureau attributed to the war time rise in the birth rate, was about 10 per cent less than the increase for the 10-year period from 1930 to 1940. Another cause for the increase was the excess of arrivals of citizens and aliens over departures, the net immigration totaling nearly 600,000 in the five-year period.

### Lilting Irish Melody Reunites Vet and Sister

BOSTON.—Maurice Kennedy, 28, a British soldier, has found his sister Mary by whistling "Come Back to Erin" over the telephone. Recently released after 2½ years as a Japanese war prisoner, Kennedy came here to locate his sister who was "somewhere in Boston." He began checking the hundreds of Kennedys in the telephone directory. He found a Mary Kennedy, but there was still a question. Both recognized each other positively when he whistled the same tune he did when carrying pest into their stone cottage back in County Kerry, Eire.

### Experts Fear Mauna Loa Eruption During 1946

HONOLULU.—Dr. Thomas Jagger, noted volcanologist, said there may be a new eruption this year of the 11,000-foot volcano Mauna Loa on the island of Hawaii, posing a possible threat to the city of Hilo. Recent earth tremors have been observed. The big eruptions have been found to occur in 11-year cycles, the doctor said, and this is the 11th year after the great eruption of Mauna Loa in December, 1935.

### Longest Air Survey Flight Is Completed

NEW YORK.—A DC-4 clipper of Pan American World Airways has landed at LaGuardia Field after a 21,000-mile survey flight to Calcutta, India. Pan American officials, describing the trip as the longest survey flight in airline history, said the clipper was 47 hours en route and visited 17 countries.

### RESCUE

Wilber Ellis had a severe heart attack one day last week and has been confined to his bed since. He is reported some better at this writing. A number of relatives and friends helped Robert Knight, of Grant and Martin Hartsell of Cass City celebrate their birthdays on Wednesday, Apr. 10, at the home of Mr. and Mrs. Robert Knight. Lyle, Mosseau and Miss Grace Marx and brother, George, of Detroit visited relatives and friends here Saturday. Miss Marx remained until Sunday and then returned to her home. The W. S. C. S. of the Grant church met with Mrs. Frank McCallum Thursday of this week. There was a program in the afternoon. John Ashmore spent the past

week with relatives in northern Michigan. Mr. and Mrs. Henry Mellendorf visited at the home of Mr. and Mrs. Wm. Apley Sunday afternoon. Mrs. DeEtte J. Mellendorf and son, Norris, and Miss Catherine Quinn were in Cass City Monday afternoon and supper guests at the home of Mr. and Mrs. Levi Helwig near Cass City. Mr. and Mrs. David Young and son, David Lee, Mr. and Mrs. Harold Young and Johnny Young of Elkton, Mr. and Mrs. Albert Taylor and daughters of Grant, Frank Taylor of Bay City, and Mr. and Mrs. Ulysses G. Parker of Cass City were Sunday visitors and Wm. W. Parker spent the week end at the home of Mr. and Mrs. Arthur Taylor. Mr. and Mrs. Francis Quinn and children of Kinde were supper guests Sunday at the home of Mr.

Quinn's parents, Mr. and Mrs. Thomas Quinn. Mr. and Mrs. Donald Welborn accompanied the latter's parents, Mr. and Mrs. Clarence Oakland, to East Moline, Ill., Saturday to make their home after visiting several weeks at the home of Mr. Welborn's parents, Mr. and Mrs. Jas. Welborn. **Disease Research** One of the more important research jobs being attacked by veterinary scientists is the further investigation of equine encephalomyelitis. This disease, attacking horses, belongs to the same general group of diseases as poliomyelitis and St. Louis encephalitis in man, and has been recognized as a virus infection since 1930. One well-established fact now is that mosquitoes can transmit the disease to horses and to other warm-blooded animals, including birds.

## Missionary Conference at Novesta Baptist Church

## Bolsters Resistance

In diets deficient in vitamin C, humans are less resistant to infectious diseases. Shortage of vitamin C is thought to be an important factor also in the prevalence of tooth decay. The ability of the body to store vitamin C is limited. Diets for all ages, particularly for children, should include an abundance of vitamin C containing foods.

## Pert, Pretty Pinafores May Be Remodelled from Old Shirts

By Erta Haley

OUR little boys have always worn make-overs from Daddy's shirts, but have you ever thought of using these shirts for dressing up daughter? The beautiful fabrics and interesting weaves of men's shirts make excellent material for sprightly little pinafores and blouses.

Most of you mothers know the high cost of those frilly blouses for sister to wear with her jumpers. Or you know how quickly she grows out of pinafores. Yet the cost of converting Dad's old shirt into one of these items is frequently only the price of a spool or two of thread to match.

If the shirts are worn or torn around the armholes, this need be no problem in making the pinafore, because this material is not necessary. Only the back and front of the shirt need be in good condition. Worn sleeves will not spoil the plans at hand.

Make a Pretty Pinafore.

gray can be brightened with green, red or white.

For the more sturdy pinafores, use a minimum of trimming and depend upon tailoring and detail to put the pinafore across. A feather stitch around the pockets may be all that you will need, provided this is in an attractive, contrasting color thread.

### Making a Blouse.

If your daughter is a little too tall for a pinafore made from Daddy's shirt, try a blouse. Blouses can be made short for the youngsters and there will be ample material in the shirt for such a project.

As in the case of the pinafore, the back of the shirt is used for the front, if the blouse is buttoned all the way down the back.

If, however, you are making a shirtwaist style, use the back of the shirt for the blouse and the two front pieces of the shirt cut down to make the front. Very often the tiny buttons on the shirt will go very well with the blouse.

If You Have a Man's Shirt...

If the sleeves are in fairly usable condition, cut tie-strings from them, and perhaps a ruffle to substitute for sleeves and a pocket or two. A belt is desirable, too, and there should be a big, perky bow in the back to make the pinafore look crisp and dainty. If, however, the material is short, use a slim belt that ties in the front.

### Patching Pointers

For tears in children's play clothes, use a double-stitched patch for its durability.

If you have a perfect figure, settle on satin for your best dress. Its shiny surface reflects light in such a way as to point up your best qualities.

The good portions of a worn-out dress may be used to line a wearable jacket, for making a blouse or jerkin, or cutting off the bodice and making a separate skirt.

In darning fabrics with a distinct pattern, study the pattern carefully, and match as closely when darning. This is known as reweaving, and when carefully done, the darn can be almost invisible.

### Trimming Is Important.

One of the little touches that makes a pinafore is, very often, the trimming. This may be as simple as ric rac around the sleeves or pockets, or a thin edging of lace around the neckline or bow.

The delicate shirt fabrics are best for the frilly, dressy pinafores. White shirts can be made gay with red touches of trimming, or navy blue or

## Playtime Togs

A casual dress that is ideal for sports or casual outings is this one made of raw silk. Its new features are the cap sleeves, slash pockets and leather-lined belt. Rounded shoulders give freedom of movement.

## Fashion Notes

If you are making a dark suit with a plaid trim, it's smart to have three-quarter dolman sleeves, cuffed in the plaid trim used for the rest of the ensemble.

Cape stole suits are popular in the checked fabrics for spring. A new note is added by pleating the jacket softly, and making the belt stand out by putting a silver buckle on it.

Interesting effects with scarves are popular. They may be worn just as a scarf, or planned as part of the dress, sleeves or skirt.

Plaid gingham are going old-fashioned with bustle and backdrop treatments for afternoon and evening wear. Dust ruffles, big bow sashes and deep-shouldered necklines from picturesque bygone days are back in fashion again.

INTERPRETING THE NEWS

By Gene Allenman

"Preposterous fabrication of lies" retorted Harry H. Jackson, ex-warden of the state prison at Jackson, to the following convicted charges as aired at state civil service commission hearings in Lansing:

That nearly two dozen cases of whiskey were delivered to Jackson's prison residence from O'Larry's bar in Detroit where the state charged the murder of Senator Warren G. Hooper was plotted.

That a prison inmate was permitted to visit a house of ill fame several times and that the prison employee who arranged it went unpunished.

That wide-open gambling prevailed at times in the prison yard where prisoners ran black-jack and dice tables.

That a guard was bribed to permit a girl to visit the hospital room of an inmate.

Jackson was discharged after an investigation by Attorney General John R. Dethmers had disclosed alleged misadministration of the prison by the following: Jackson, the warden; D. C. Pettit, assistant deputy warden; George I. Francis, deputy warden; H. Charles Warren. Concluded on page 6.

INTERPRETING THE NEWS

Concluded from page 1.

den, records clerk; Walter L. Wilson, chief guard inspector; Richard T. Riley, athletic director, and Joseph G. Poirier, accountant.

The seven officials, dismissed from their duties, appealed the action of the state corrections commission to the civil service commission which has been conducting hearings on the evidence.

Pettit withdrew his appeal. Following disclosure that O'Leary's bar had again figured in scandal, the state liquor control commission ordered a hearing April 16 to face charges of illegal sales.

An unexpected bouquet was handed to the state liquor control commission by E. C. Prettyman, superintendent of the Michigan Temperance Foundation, the successor to the Michigan Anti-Saloon League. Said Prettyman, as quoted in the press:

"The state commission has done more toward cleaning up the licenses and licensed places than any commission since I came to Michigan four and a half years ago."

**NOTICE OF HEARING CLAIMS BEFORE COURT.**

State of Michigan, the Probate Court for the County of Tuscola.

In the matter of the Estate of Robert A. McNamee, Deceased.

Notice is hereby given that 2 months from the 5th day of April, A. D. 1946, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, at the probate office, in the village of Caro, in said county, on or before the 5th day of June, A. D. 1946, and that said claims will be heard by said court on Saturday, the 8th day of June, A. D. 1946, at ten o'clock in the forenoon.

Dated April 2, A. D. 1946.

ALMON C. PIERCE, Judge of Probate.

**ORDER FOR PUBLICATION—FINAL ADMINISTRATION ACCOUNT**

State of Michigan, the Probate Court for the County of Tuscola.

At a session of said court, held at the Probate Office in the village of Caro, in said county, on the 27th day of March, A. D. 1946.

Present, Hon. Almon C. Pierce, Judge of Probate.

In the matter of the Estate of William LaPeer, Mentally Incompetent.

Hilliard E. Wright having filed in said court his final administration account, and his petition praying for the allowance thereof.

It is ordered, that the 22nd day of April, A. D. 1946, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Cass City Chronicle, a newspaper printed and circulated in said county.

ALMON C. PIERCE, Judge of Probate.

A true copy.

ROSE NAGY, Register of Probate. 4-5-3

Prettyman's comment followed the state convention at Lansing of the Michigan Table-Top Licensees, dispensers of beer and liquor, who were urged by Thomas O'Keefe, leading Detroit beer distributor, to elect people to office who are honest and will "do the job you want them to do."

According to Prettyman, spokesman for the dries, the liquor licensees are going into politics. Another quotation: "We have from a reliable source information that one of the Republican candidates for governor can have a large contribution for his campaign fund if he will get rid of a certain member of the liquor control commission."

\*\*\*

If you wonder why Michigan's primary election is going to be held mid-June this year instead of mid-July, here's the reason.

Michigan farmers and fishermen take their responsibilities seriously. So much so that the state legislature decided in its 1946 special session to change the election date.

Governor Kelly originally suggested July 9, just two days off the time of the 1944 state primary on July 11. But that is a busy plowing season for farmers, so up-state legislators recalled. Hence the date was moved by a legislative bill-drafting committee to June 25.

\*\*\*

Then Rep. Elton R. Eaton, Plymouth newspaper publisher, reminded solons that June 25 was the opening of the bass season and that Republicans needed the fishermen vote because of the average fisherman's "high intelligence." June 18 was the final choice, because farmers like to plow in July and because bass fishermen prefer to go fishing on June 25.

The state law requires county political conventions to be held within nine days after the primary, making June 27 as the last convention date. The Michigan Republican state central committee has selected Friday, July 5, for the state convention which will be held at the Cass Technical high school, Detroit. The Democrats' choice is Saturday, July 6, at the Prudden auditorium, Lansing.

The Michigan supreme court has ruled that it is legal to gamble on horses under the 1933 pari-mutuel betting law. A Wayne county judge had ruled that it wasn't. The Detroit track will open May 25 and continue through July 20, announces Wm. J. Dowling, racing commissioner.

Despite the long automobile strike, Michigan retail sales are still climbing, and the state department of revenue at Lansing anticipates a total of \$111 million income for the current fiscal year closing June 30. This will be approximately \$12 millions over the previous year.

Privately, department officials are counting on a sustained high income from sales taxes for the years of 1946 and 1947.

Remember, the economic adjustment after World War I came in 1920, two years after the Armistice.

**Washing Scarves**

One secret for washing big printed scarves which double for hat, apron, blouse, is speed. Cut the time the scarf is in water to a minimum, keep the water lukewarm, roll in a towel for fast drying. In a pinch such scarves, like handkerchiefs, need not be ironed if spread flat to dry against a mirror, tile wall or bathtub.

**Chenille Spreads**

Colored chenille spreads should never be washed with white cottons even if they are color-fast and it's most important that machine or tub be well washed first. This is because white cotton lint will cling to the velvety tufts and give a dull look to the color.

**Browning Sausage**

When browning sausages in a pan, to prevent excessive greasiness, pour off the fat as soon as it collects.

**HOLBROOK**

The Holbrook Community Farm Bureau will meet at the home of Mr. and Mrs. Leverett Barnes, on the evening of April 23. Dr. Don Miller, veterinarian of Cass City, will be a guest speaker.

On April 8, the Lynn Spencers and Charles Simkins attended the Victory dinner in Sandusky given by the Farm Bureau board in honor of the membership campaign leaders and their workers.

**Watch Fat**

When you see fat smoking in the skillet turn off the gas. Smoking indicates that the fat is beginning to break down chemically, and will soon develop a disagreeable flavor so that it cannot be re-used for cooking. If the worst happens, however, and the fat is ruined, all is not lost. Deposit the discredited brown mess in your used fat container and turn it over to the meat dealer for four cents per pound. Because of its salvage value, it can still work for you.

**Popular Wear**

Dresses made of spun rayon are popular for school wear. When washed, they should be ironed when bone dry on a well-padded ironing board. The dress should be ironed on the wrong side first, then turned and pressed with a press cloth to prevent shiny edges on collar, cuffs and pleats.

**Dependent on Auto**

Statistics say that 54,000 communities throughout the nation depend for transportation on the automobile and the highway solely.

### Bowling

#### City League.

Bowling standings at close of the 13th week:

Teams	W	L
Wooley	29	10
Larkin	24	15
Wilson	23	16
DeFrain	23	16
Reid	22	17
McCullough	22	17
Fritz, E.	22	17
Novak	20	19
Landon	19	20
Gross	19	20
Ludlow	16	23
Hoffman	16	23
Retherford	15	24
Willy	15	24
Kirton	14	25
Kolb	13	26

#### Ten High Average Bowlers.

Landon 186, Kolb 174, McCullough 172, F. Novak 171, E. Fritz 170, Reid 170, Ludlow 169, Wallace 168, Larkin 168, Retherford 166, Auten 166, Wooley 165.

It matters not what the Wooleys do, they seem to be drawing nearer to winning the present schedule regardless. Going into the 13th week they were four games out in front of the second place Larkin squad, but the Landon team jumped on them with a vengeance to take the series by winning two games. However, the Larkin team failed to take advantage of the situation to improve their standings and were defeated in all three games by the McCullough five and so this leaves the Wooley team out in front by five games and only two more weeks of bowling before the season is completed. It looks like nothing will stop the Wooleys from taking this schedule and the right to bowl in the playoff series against the Landon team, who were winners of the first schedule. The Wooleys may find tough opposition in the Landon team as they have a higher team average but it should be a real match to watch and will no doubt bring out the best in both teams since the city championship for the 1945-46 season is the honor at stake.

Four individuals were all that made the honor list for the week and two of these came from the Wilson team. Captain Mason's offering was 559 pins while his teammate, Glen McClorey, collected 551 to give their team two games from the Ludlow squad. This was the sixth time in the 13 weeks of bowling that Glen has registered on the weekly honor list and it has increased his average from 152 until he now carries an average of 164 and about ready to qualify for a place on the high ten. Reid's team holding down a position at the top of the league, continued its drive by setting back the DeFrain capt. Frank contributed a neat 559 pin totals while a teammate, Hugh Bogart, continued his good bowling which helped in the rise of the Reidites. Just to keep from falling

out of the driver's seat, Landon posted a count of 586 to bolster the old average. Sparked by the good bowling of "Butch" Miller, the Fritz team were able to trounce the Kirton team for all three games. Miller is one of our bowlers who keeps improving as the season progresses and he should be a No. 1 man when the fall session opens.

Bowlers rolling games of 200 or better were Landon 214, Wilson 213, McClorey 211, Reid 204, Bogard 203, McCullough 200.

Our City League tournament is scheduled to get under way April 30 through May 4, and already a number of our teams have entered. We want every team in this tournament and each captain should see that his team is entered. Doubles and singles will also be rolled and as the whole tournament is to be operated on a handicap basis it will give the lower average bowlers an equal chance with the higher average bowlers that may enter, so sign up early, please. Guy W. Landon, Secretary.

**Vitamin Necessities**  
Vitamin C is necessary for normal cell structure, for blood, bone development and the regulation of heart muscle and muscle tone generally.

**Bleaching Clothes**  
Experts recommend that bleaches be used only after the clothes have been sudsed thoroughly clean and that two complete rinses follow the bleaching.

**Wheat Under Test**  
Yorkwin wheat, popular among farmers, was under test and observation for more than 10 years before it was introduced to the growers.

**Oil Graveyards**  
Oil fields of the world actually are graveyards of animals and plants which have been subjected to millions of years of heat and pressure beneath the earth's surface.

**Hands of a Clock**  
There are unsubstantiated legends to the effect that dummy hands of a clock are set at 8:18 in commemoration of an important historical event which occurred at that time. Although hands on dummy clocks are not always set at this time it is considered a good symmetrical arrangement for them; furthermore it leaves room for an advertisement on the face of the clock if such is desired.

## WHY ELECTRIC RANGES ARE BETTER

One of the glittering dreams of many a homemaker has been possession of that long-promised, spick-and-span, bright and shining all-electric kitchen.

Soon now you can buy that dream.

It may seem that the vision became a reality overnight, but it didn't happen that way. For at least a quarter of a century The Detroit Edison Company has been working at the job of making the dream come true.

The foundation unit of your modern kitchen is, as always, the stove. Some of the outstanding advantages of electric cooking were well known even 45 years ago, but the electric ranges of that time left much to be desired. They were slow to heat, and they cost too much.

It was in 1920 that Detroit Edison decided to do something about the situation. Analysis and experiment proved to the company's engineers that major improvements were possible. At that point came the inevitable conclusion that the only way to prove to the industry and the housewife that better and lower-cost ranges could be made was to MAKE them.

The Detroit Edison Company abandoned precedent, and through an affiliate company began manufacturing electric ranges. They were not too good, but they were BETTER, and the cost was down. You, the cookers of meals for millions, told us what was wrong with them. We asked for trouble and we got it. You, the customers of Detroit Edison, who bought, used and criticized those ranges played a major part in transforming a vision into accomplished fact.

Alert manufacturers in the electric industry were quick to cooperate and follow through in the Detroit Edison experiment. We were glad to let them carry the ball. That gave Detroit Edison its opportunity to get out of the manufacturing field and back to its real business of selling electricity.

One of the results of this venture in improving the electric range is that people will avail themselves of more Edison service. The Detroit Edison Company is happy that, through your confidence and cooperation, it has been able to help create for you this contribution to modern living—the electric kitchen, superlatively clean, safe, efficient and economical.

**Preparing Cabbage**  
Instead of boiling cabbage for a long time, just enough boiling to make it tender is not only sufficient, but just right to bring out good flavor. Another way to prepare cabbage without much loss of food value, particularly vitamin C, which is easily destroyed by heat, is pan-frying.

## Tree Planting Machine to Be Demonstrated Apr. 22

Arrangements have been made in cooperation with the Tuscola Soil Conservation district for Lester Bell, extension forester, Michigan State college, to demonstrate the new forest tree planting machine recently developed by the Forestry department at Michigan State college.

Several thousand pine and spruce tree seedlings will be set with the machine on Monday, Apr. 22. Plantings will take place in the forenoon on the farm of Bernard Fitzsimmons, 2 1/4 miles northeast of Caro on M-81, Section 25, Almer township.

In the afternoon, the planter will be demonstrated on the R. L. Hill farm, one mile east of Watrousville, Section 19, Juniata township. These trees will be planted on these farms for forestry purposes.

Anyone interested in seeing this new method of planting forest trees is invited to attend the demonstration. Dean Gordon, farm planner for the Tuscola Soil Conservation district, is in charge of local arrangements.

## Service News

T5 David Knight arrived home here Monday, a civilian, having been honorably discharged from the army at Fort Mead, Maryland.

Fay McComb was discharged at Shoemaker, California, on April 6 and arrived at his home in Cass City on Tuesday, Apr. 9. He had been in service about a year.

Cpl. Richard Evans is still in India and writes that he hopes to get home some time next summer. He says it is rather lonesome there now as most of the boys have already been sent home.

Among the number who were discharged on April 14, from the naval service at the U. S. Naval Personnel Separation Center at Great Lakes, Ill., was Ralph C. Ball, E. M. 3/c, of Route 1, Cass City.

Sgt. and Mrs. Neil MacLarty and little son of Pontiac are spending this week in the Augustine Coquelle and Arlan Hartwick homes. Sgt. MacLarty, just discharged from the army, is a brother of Mrs. Coquelle and Mrs. Hartwick.

While First Lieutenant Marvin Moore was engaged in flying over the North Sea, he marveled at the high percentage of rescues made by the Air Sea Rescue forces. One thousand one pilots were saved from the water of the North Sea by these rescue forces who carried much emergency equipment in their dangerous missions. Lt. Moore was released from service with an honorable discharge received at Camp Atterbury, Ind., on April 8. He was 17 months with the 8th Air Force in England and flew a Thunderbolt over the North Sea. He served with the 4th Fighter Group, the 9th Air Force and the 354th Fighter Group. He left Nuremberg, Germany, for LeHarve, France, sailing from that port for New York on March 20 and passed the Statue of Liberty 10 days later.
