

## Zinnecker and Turner Show 4-H Champs

Local Livestock Club Members Win Several Awards at East Lansing

Youthful members of the Cass City Livestock Club were successful in winning several prizes at the State 4-H Show at East Lansing early this week. Two of the awards were at the top and others stood well in the front row.

Billy Zinnecker was awarded first place on his Angus heifer in the 1 to 2-year-old class. The animal also placed as champion Angus heifer of the show.

Jim Turner was awarded first place on his Shorthorn heifer in the 1 to 2-year-old class and first on his Shorthorn steer. The steer was the reserve champion of the show.

Keith Little's Shorthorn steer placed seventh and Grace Graham's ninth place.

In the exhibit of three steers in county groups, Tuscola placed sixth. All three steers in this group came from the Cass City club.

Fred Matthews won second place with his pen of fat hogs and 10th with an individual exhibit. Steve Zimbe's swine placed fifth as a pen and 10th as individual. Tuscola was seventh place with their county group of swine.

The animals shown by local boys were sold at auction at the show.

Other exhibitors from the Thumb district who won awards include Douglas Gettel of Pigeon on grand champion Ayreshire; Alan Rohlf of Fairgrove, champion in dairy showmanship; Don Dickson of Akron on grand champion Hereford; Billie Wark of Unionville, second on Holstein senior heifer calf; Kathleen McMullen of Mayville, second on Holstein junior heifer calf.

First place in handicraft judging and identification went to the Tuscola County team of Herbert Brinkman of Unionville and Ronald Smith of Mayville.

Shirley Wells and Betty Jean Bruce of Deford were winners in food preparation in the home economics demonstration.

Billy Zinnecker's Blue Lady, the grand champion Angus heifer, was purchased from Caesar Farms at Farmington. Her dam is Burgess Lady, one of Caesar's outstanding females, and was sired by Caesar's Evader Mercury.

## Vallier Is Assistant Administrative Engineer at Ford's

A. E. Vallier, former officer in charge of the Lansing regional office of the Detroit Ordnance District, has joined the Ford Motor Co. as assistant to Administrative Engineer V. Y. Tallberg, it is announced by Harold T. Youngren, director of engineering.

A native of Columbus, Neb., Mr. Vallier was graduated from Iowa State College in 1935 with a bachelor of science degree in mechanical engineering. After a year with Allis Chalmers in Milwaukee and five years with the Ethyl Corporation as a sales engineer, he entered active service in May, 1941.

After organizing the Lansing Ordnance office in the fall of 1941, he was made officer in charge, a post he held for the duration. His able handling of Ordnance affairs in that vital production area drew high praise from War Department officials and promotion to the rank of major.

Mr. Vallier is a son-in-law of Mr. and Mrs. J. A. Sandham of Cass City.

## Miss Manchester Wed to Clark Knapp in Kalamazoo

Miss Marie Manchester, daughter of Mr. and Mrs. Edgar Manchester of Kalamazoo, and Clark Knapp of the same city, son of Mr. and Mrs. A. J. Knapp, of Cass City, were married at eight o'clock Friday evening, Aug. 30, in the First Presbyterian Church house in Kalamazoo. Dr. Paul Silas Heath, church pastor, read the ceremony in the presence of 30 guests.

The bride wore a pastel blue gabardine suit with nailhead trim, hat of matching blue feathers and corsage corsage.

Her only attendant was her sister, Miss Henrietta Manchester, who was attired in a rose gabardine frock, black accessories and corsage of gladioli.

Gordon MacKenzie performed the duties of best man for his cousin.

Miss Marion Johnstone presented music for the wedding, which was followed by a reception in the church house. A light collation was served, the Misses Margaret MacKenzie and Johanna Hoozeveen presiding at the service table.

Mrs. Manchester, mother of the bride, received in a grey frock, purple hat, black accessories and corsage of gladioli. Mrs. Knapp, the bridegroom's mother, chose a violet dress, black accessories and corsage of gardenias.

Out-of-town guests were Mr. Mrs. Alfred Knapp and Mrs. Jane Hitchcock, Cass City; Mr. and Mrs. Andrew Carnegie, Grosse Pointe; Miss Margaret MacKenzie, Muskegon Heights; Miss Mildred Augustus, Trenton; and Miss Janet Tibbets, Royal Oak.

After a wedding trip to Northern Michigan, the couple will reside in Kalamazoo.

The bride is employed by Gilmore Brothers department store, as buyer of fabrics. Her husband is employed in the maintenance office of the City Bus Lines.

Mr. and Mrs. Clark MacKenzie entertained at dinner at the Park Club, Kalamazoo, complimenting his nephew, Mr. Knapp, and Miss Manchester on the evening preceding the marriage.

## Striffler-Benkelman Clans in Reunion Here on Labor Day

One hundred twenty-two attended the 11th Striffler-Benkelman family reunion in the Striffler woods here on Labor Day when a potluck dinner, program and games featured the afternoon's gathering. One of the relatives came from California, others from Ohio and most of the members of the clans from several points in Michigan.

Mrs. Grey LeZiner of Bad Axe presided at the business meeting and program and Joseph Benkelman led the group in a number of songs with Miss Ruth Schenck at the piano. Miss Dorothy Southworth of Elkton gave two cornucopias and Mrs. Walter Anthes read two poems by Rev. James MacArthur which related to activities of early days in the Cass City community.

A memorial service was held by H. F. Lenzer for six members of the two families whose passing was noted during the current year. They are Wm. Krapp, Mrs. Matilda Elliott, Mrs. J. H. Striffler, Mrs. H. L. Hunt, Wesley J. Moody and Lt. Grant Lee Reagh.

Members of the two families saw for the first time reproductions of the coat of arms of each clan. These were painted by Mrs. Alvin Benkelman of Arturus, Alexandria, Va. A paper prepared by Mrs. Benkelman, a member of the National League of Pen Women, gave a history of the origin of the name Benkelman and an explanation of the Benkelman coat of arms. These were read by Glenn Benkelman of Lakewood, Ohio.

Prizes were awarded to Mrs. Samuel Benkelman, 85, the oldest woman present; to John Benkelman, 90, the oldest man; to Margaret Jo Reagh, 6½ months, the youngest child; and to Mr. and Mrs. G. E. Krapp, who have been married 56 years, as the couple longest wed.

Copies of the Striffler-Benkelman Broadcast of which Mrs. O. W. Nique is the editor, were distributed during the afternoon. This newspaper contained a list of births, marriages and deaths of the past year, items regarding service men of the two families, and news relating to other members of the two clans.

Officers chosen for the coming year include Miss Ruth Schenck, president; Dorus W. Benkelman, vice president; and Mrs. Angus MacPhail, secretary.

## H. H. Koffman & Co. in New Location

Miss Martinek has been in the Navy thirty-nine months, three years of which were spent at Bainbridge, Maryland. She expects to be discharged from the Service in the very near future.

Miss Martinek is the daughter of Mr. and Mrs. Frank Martinek of Gagetown.

## Proposal No. 2 Is Hottest Issue in Election Campaign

If Adopted, Public Schools Will Receive \$100,000,000 a Year from the State

Hottest issue in the forthcoming election campaign is proposal no. 2, the sales tax diversion amendment to the state constitution.

If this amendment is adopted by voters on Nov. 5, Michigan public schools will receive approximately \$100,000,000 a year in state money. They now get \$60,000,000.

The Michigan Education Association has done a neat flipflop on the question. Originally officials condemned roundly the tax diversion amendment; last week the association's governing board went on record as favoring it. A vigorous campaign will be waged to woo the voters.

This proposal is the outcome of legislative demands made by mayors of Michigan's leading cities for a split of the Michigan sales tax.

When upstate legislators united in resisting the big city municipalities, strategists decided that other interests must be incorporated into the plan. A coalition would break the upstate ranks.

Hence initiatory petitions were circulated in leading cities, calling for the submission to the voters on November 5 of the following amendment to article ten of the constitution:

"Shall one cent of a levy on each dollar of sales under a state sales tax on the present base be returned to cities, villages, townships and school districts: half

**To All Telephone Subscribers**  
 During the past month we have put into operation a new and improved method of rendering bills, which enables us to give you a more attractive, more accurate bill.  
 In order for us to accomplish this change, it was necessary to change the billing dates for some exchanges, thus eliminating peak loads of business on our Commercial and Accounting Departments.  
 The transition is completed now, and we wish to thank you for your cooperation during this change.  
 If you do not understand any feature of the new plan, please inquire at your Local Exchange Office. We shall be happy to answer your questions.

**MEN WANTED—GOOD PAY**  
 As a basic food, sugar is vital to maintaining a balanced diet and the health of the nation.  
 At the present time, all indications point to a continued sugar shortage for many months to come. This year's crop of Michigan sugar beets is desperately needed to alleviate the shortage here and in other states.  
 Hiring for the campaign to start around the end of the month is now going on at our plant. Previous experience in this work is not necessary.  
 The pay is good. A man working steadily through the campaign of 75 to 100 days can make a tidy sum—and at the same time perform a vitally needed service to his community and country.

**Saving Bread**  
If each American family would save just half a slice of bread a day, the savings would amount to half a million loaves of bread daily.

**Protective Covering**  
Washing eggs removes the natural protective covering of the egg and increases the tendency of eggs to absorb off-flavors.

**Accident Compensation**  
Compensation paid for eye accidents in New York state amount to twice the average payment for all other disabling industrial accidents.

**White Sauce Substitute**  
Cream of mushroom soup can be substituted occasionally for white sauce. It has a different—and very pleasing—flavor.

**Old Meanings**  
An acre of land used to mean the amount a yoke of oxen could plow in one day, and a foot was actually estimated by the length of a man's foot.

**Vitamin C Syrup**  
Did you know that a high vitamin C syrup made from tangerines has been developed?

## Farms For Sale

AND

## More Farms Wanted!

We are putting on a bigger and better advertising campaign the next few weeks for farm buyers from the city while crops still show up. We have a fair list of farms for sale but not enough listings.

The boys in the city are getting pretty sick of strikes and lay-offs and many are thinking about buying a farm. Buyers are plentiful right now.

List your farm now—we are selling lots of them. You can reserve this year's crop and move late this fall or next spring. Now is the time to list yours.

40 acres to 120 acres with good land and buildings in good condition are the most in demand. Cooperate with us. List and let us put up a for sale sign. Hunting season will soon be here and thousands of hunters will be in this county to see them. We will do a good job for you. Act at once.

## WE BUY EGGS

FIRST PLACE EAST OF THE ASSOCIATED OIL AND GAS

## HOW'LL YOU HAVE YOUR EGGS?

This weather-beaten trouble-shooter isn't worrying about your eggs—or whether you want 'em soft boiled, fried, scrambled—or if you like eggs at all.

But he is worrying about keeping your electric service flowing along as usual. If that means eggs for your breakfast, okay then, that's why he's up on a storm-lashed power pole.

And, he'll stay there till he gets your line repaired—in spite of rain... lightning... thunder... and a high wind howling.

You don't have to send him a check for his trouble. You won't pay any more on your electric bill—to cover his hard, wet work and the materials he uses. Chances are you'll never even know a line went out.

Fortunately we don't have storms every day, but when we do, Detroit Edison line crews are ready—day or night.

No Trade-In Value "Annie," mother exclaimed to her naughty offspring, "I don't think I'll punish you this time—I'll just get a good little girl in your place."

The youngster quietly considered the threat for a moment, then laughed. "You can't do it, mother," she rejoined. "Nobody's going to trade you a good little girl for a bad one."

Mind on His Work "Wilkins, you've been with us two weeks now. Do you realize that in that short time you've been late five times?"

"No sir, I didn't know, Boss. You see, I'm not one of those fellows who's always watching the clock."

CAN'T HOOK HIM

An old cowboy went to the city and registered at a hotel for the first time in his life. The clerk asked him if he wanted a room with running water.

"Heck, no!" the cowboy yelled. "What do you think I am, a trout?"

Squelcher On a train the other day, a friendly woman found herself sitting beside a little girl with a doll in her lap. She leaned over and asked cheerily, "Does your dolly talk?"

"Yes," said the little girl curiously, "but not to strangers."

Almost Closed Mrs. Gnags—Have you shut up everything in the house for the night, Elmer?

Elmer—I've shut up everything that can be shut up, my dear.

Mending Thread Ravel some yarn from an old stocking to get the best possible mending thread for snags and runs in hose. The stocking yarn is of lighter weight than ordinary mending thread, and will be less conspicuous. Thread from old nylon stockings (if anybody has them old enough to be retired) makes the best and strongest mend, but a heavy, not-so-sheer rayon stocking gives an excellent thread for mending.

Grating Citrus When grating lemons or oranges use a large grater and work on waxed paper. Hold fruit lengthwise—grating only the yellow part of the peel—and move diagonally across grater on long strokes, so peel won't stick to grater.

Stars Deceptive Stars are not where they appear to be. Aberration and other phenomena change the direction of light waves sufficiently to give a misleading impression to the observer.

And while we're doing everything in our power to get you yours soon-as-possible, you'll find that when you get it is a secondary matter.

For the man who gets a '46 Buick has really got something—something certain to be a high spot in his car-owning history.

Tune in HENRY J. TAYLOR on the air twice weekly

Every so often it happens.

A car comes along that rings so many bells on so many counts that folks remember it fondly and talk about it for years thereafter.

You're looking at one of those "vintage-year" Buicks now.

Right from the start, it clicked with the stand-out, hint-of-the-future freshness of its styling.

It brought wide, appreciative grins with the smooth way its Fireball straight-eight engine delivers its eager surge of power.

It registered with the steady stride of two lively tons of roadweight, cradled on tireless coil springs all around that turn the roughest road into a pleasure cruise.

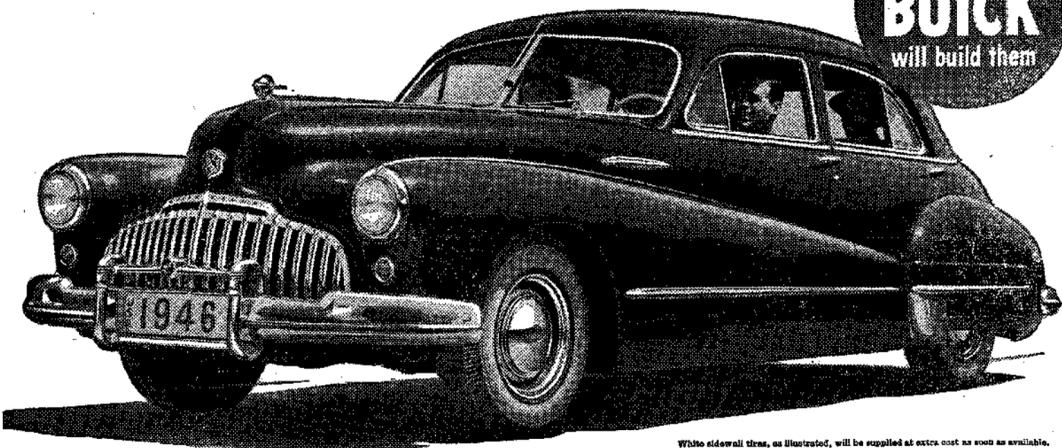

Then as people began to discover the blissfully easy way this dream boat handles—as the miles piled up and owners found their cars getting actually better—word started to go round: "That '46 Buick—there's an automobile!"

They'll be say-

apportioned per capita among cities, villages and townships according to county populations, and half apportioned to school districts on basis of the primary school census; and in addition annual grants be made school districts from general funds in ratio to sales tax revenue of preceding fiscal years but not less than that borne between such grants in fiscal year ending 1946 and the preceding year's revenues?"

The amendment would divert one-third of the present tax, or one cent, to the following local governments:

One-half of one cent, or 16 2/3 per cent of the present 3-cent tax, would be returned to cities, villages and townships on a per capita basis according to county populations.

The remaining one-half of one cent, or 16 2/3 per cent of the tax, would be distributed to public school districts on basis of the primary school census whereby every child, 5 to 19 years old, is counted.

As an added inducement for educators to join hands with city municipalities in the new tax diversion, the amendment was worded to insure that public schools would continue to receive their regular annual grants "in ratio to sales tax returns of preceding fiscal years but not less than that borne between such grants in fiscal year ending 1946 and the preceding year's such revenue".

This phraseology would do justice to a Philadelphia lawyer, so we made an inquiry at the state department of public instruction as to what it actually meant.

We were informed that continuation of state aid to public schools, as computed for the years 1945 and 1946, would be equivalent to 43 1/2 per cent of the sales tax revenue. The new tax diversion, 16 2/3 per cent, plus the

qualifying clause, would freeze into the state constitution for use of the schools a total amount equal to approximately 60 per cent of sales tax revenue.

For years the Michigan Education association has conducted biennial campaigns among legislators for more state aid.

Pleadings have been effective, for schools are close to the hearts of the American people and the need for more funds has not been hard to prove.

If proposal no. 2 is carried on November 5, the MEA lobbying will be over. The state constitution will guarantee, for years to come, a substantially higher proportion of state aid than the schools have ever received.

Between now and November 5 the voters will have to make up their minds about several things.

One is whether the schools should have more money. Here we believe the MEA will be on firm ground. Allen Shoenfield, one of the best writers of the Detroit News, recently made a detailed study of the Michigan school problems. The MEA liked it so well that they obtained permission to reproduce the series of ten articles in a booklet which has been given wide circulation.

After interviewing scores of Michigan educators, Shoenfield came to the conclusion that public education was facing "complete collapse". Teachers are underpaid; quality of teaching staff has been deteriorating. The 15-mill tax limitation amendment, added to the constitution in 1922, has become a strait-jacket. Modern school buildings are imperatively needed.

The other topic for consideration is whether state services—such as welfare, colleges, prisons and hospitals—must be curtailed if one-third of the 3 cent sales tax is to be diverted, and also whether new and added tax levies must be imposed in 1947 if state services are continued.

The \$270,000,000 veterans' bonus—proposal no. 3 on the ballot—would be paid off in taxes, too.

If this question of new and added taxes cannot be satisfactorily answered, then the veterans' bonus and the school aid issue are due for a head-on collision in the minds of Michigan voters before November 5. Voters are apt to be wary about authorizing both—the veterans' bonus and more school aid—if they are convinced that increased taxes are inevitable.

## ORCHARDS

*Thrive on Legumes*

A good legume or grass-legume cover crop in the orchard does three things: 1—Prevents erosion, 2—Supplies organic matter, 3—Grows nitrogen. Legumes are heavy feeders on potash. Make sure in fertilizing your cover crop that you apply enough of this plant food to provide for a heavy stand and vigorous growth of legumes. In this way the trees will get potash, which they use in amounts about equal to nitrogen.

Consult your agricultural adviser about the fertility of your soils. Then see your dealer about a fertilizer that will supply enough potash to supplement what your soil will make available.
