Keith Little exhibited 10 outstanding registered Duroc Jersey hogs and one purebred Shorthorn steer at the F. F. A. Fat Stock Show and Sale in Detroit Tuesday and Wednesday, Oct. 8 and 9.

Keith purchased a registered Duroc Jersey sow last winter and on Mar. 25 she farrowed, having 12 pigs. These pigs weighed 30 pounds at birth and at the end of 56 days they weighed 426 pounds.

Keith did an outstanding job of feeding with the guidance of his father and Harold Perry, former agricultural instructor in the local high school. At the end of 180 days his litter weighed 2878 pounds in the Duroc Jersey ton litter contest.

All 12 pigs were raised and 10 were entered in the F. F. A. Fat Stock Show. The total weight of his 10 hogs was 2600 pounds and they sold for 25 cents per pound, a total of \$650.00, or 65.00 per hog.

His well fitted steer weighed 970 pounds and sold for 85 cents per pound, a total of \$339.50.

In addition to selling his livestock for a total amount of \$989.50 Keith won \$42.00 in prize money.

The cost of feed per pound of gain was 10 1/2 cents for the hogs and 17 1/2 cents for the steer.

## YOUR SHARE IN SCOUTING

Cass City, Michigan, Oct. 16, 1946.

Dear Fellow Citizen:

Scouting is a program that the adults in a community sponsor for their youth. In Cass City we have a good scouting program now so built as to be available to any boy or girl who desires to participate. We have Senior Scouts, Boy Scouts, and Cub Scouts, Brownies and Girl Scouts. This ambitious program demands and gets many local leaders, men and women who give freely of their time for our youth.

In the past few years the money needed to keep this program going has been raised as a part of the local War Chest Drive. This year there will be no War Chest Drive. To meet the 1947 needs of scouting in this community we must hold a Scouting Drive of our own. Our goal is \$700.00 for both the Boy Scouts and the Girl Scouts. Every member of this community who is interested in our youth is invited to be a part of the Scouting program by giving what he can this month.

Although the business places will be canvassed later, there will be no house to house soliciting. If you would like to help you may leave your gift at either local bank, with Ray Fleenor, chairman of the Boy Scout Committee, or with Howard Ellis, chairman of the Cub Scout Committee. Won't you join your local Scouting program today?

Yours,  
HORACE PINNEY,  
Neighborhood Commissioner.

## Color Trends Is the Next Lesson for Group Leaders

New colors and color trends in home furnishings will be the subject of the local leaders lesson for extension groups throughout Tuscola County next week. Project leaders of the various groups in the county will meet at the Vassar High School at 10:00 a. m. on Tuesday, Oct. 22, and at the court house at Caro at the same hour on Wednesday, Oct. 23.

Most homemakers today will find this a valuable and helpful lesson as selection and combination of colors is often a problem. Modern science informs them that there are over 10,000,000 colors which the eye can distinguish. Manufacturers of rugs, wall papers, paints and fabrics are cooperating with each other and consumers in an effort to simplify the problem of finding and combining colors which go together.

Miss Jessie Marion, extension specialist in home furnishings from Michigan State College, will assist in teaching the lesson, according to Miss Mildred M. Omor, county home demonstration agent.

Many beautiful gifts were received and there was much enjoyable reminiscing of old times. Chicken and roast beef dinner was served from 3 to 6 p. m.

Mr. Mosack was born July 26, 1869, at Chipstow, Canada, and came to the United States at the age of five years. Mrs. Mosack, the former Mary Ann MacKinnon was born Oct. 17, 1877, at Teeswater, Ont., and came to Michigan at the age of 16 years. They returned to Teeswater in 1896 to be united in marriage. ## Local News

Members of the Cass City Council of Churches decided at a recent meeting to issue an invitation to all hunters in the community to attend their local churches in whatever garb is convenient to them, hunting outfits or other clothing.

Rev. John Safran of the Methodist Church will be the speaker at the local high school Monday morning at 8:45 at the student assembly program. These meetings are held regularly on the third Monday of each month and usually include a 15-minute talk by a pastor of this area and music, either special or hymn singing.

Cars driven by Ray James of Hazel Park and Mrs. Luke Tuckey of Cass City collided at the intersection of Main and Seeger Streets Wednesday evening. Mrs. Tuckey was going west on Main St. and Mr. James was travelling south on Seeger St. when the accident occurred. Both autos were quite badly damaged. Deputy John Zinnecker was called to investigate the accident.

Fire was discovered on a bed on the second floor of Mrs. Lila Wright's home on East Houghton St. Wednesday evening and Mrs. Wright "beat out" the fire with her hands. She went to the home of Ernest Croft, a neighbor, who wrote the insurance, to report the fire. On her way home, it was discovered the upper story of her home was all aflame. Most of the furniture was removed, but water and smoke caused considerable damage to the house.

The Youth Fellowship of the local Methodist Church elected officers for the coming year at the regular meeting of the society on Sunday evening. They are: President, Irving Parsch; vice president, James Baker; secretary, Velma Muntz; treasurer, Jack Douglas; worship secretary, Elsie Mae Rawson; secretary of world friendship, Maryann Gallagher; secretary of service, Edith Butler; recreation leader, Roberta Guisbert; and counsellor, Rev. John Safran.

Mrs. Willis Campbell of Cass City and daughter, Miss Mary Jayne Campbell, of Yale, experienced an unusual thrill last Tuesday when they travelled by plane from Detroit to Philadelphia and witnessed the launching of the boat, "Delaware Belle," at the latter city. They were guests of Lawrence Campbell, brother of Willis Campbell, who is vice president and general manager of the Wilson Boat Line Co., on the maiden cruise of this boat to Annapolis and on Saturday attended a ball game at Baltimore.

## Speak Vows at Church Rites Saturday

Cathedral candelabra, palms and white chrysanthemums, artistically arranged by D. A. Krug, local florist, decked the Presbyterian Church Saturday evening, Oct. 12, when Miss Betty Jean Cooklin, daughter of Mr. and Mrs. Henry Cooklin, of Cass City, became the bride of Robert Merritt Ryland, son of J. W. Ryland of Union City, Pa., and Mrs. E. A. Wolfe of Thiensville, Wis. Rev. M. R. Vender performed the double ring ceremony in the presence of about 175 guests at eight o'clock.

Preceding the ceremony, Miss Roberta Guisbert sang "Always" and "I Love You Truly" accompanied by Mrs. C. W. Price at the organ. Mrs. Price also played the processional and the recessional marches.

The bride, who was given in marriage by her father, was lovely in traditional white satin and net. Her gown was made with an off the shoulder neckline with net yoke and with long sleeves which ended in wrist points. The skirt ended in a long train and the full-length veil was of lace and was fastened to a crown of pearls. Her flowers were roses and gardenias.

Mrs. Charles Chard of Snover, as maid of honor, was gown in pale blue net over satin, floor length, and with satin trim. The bridesmaids, Miss Mary Lee Tyo of Cass City and Miss Vivian Tallman, cousin of the bride of Washington, Mich., appeared in floor length dresses, identically styled, of pale blue and pink net over satin with satin trim, respectively. The headresses of the three attendants were flowers and shoulder length veils and they carried colonial bouquets of roses, lilies of the valley and forget-me-nots. Little three-year-old cousin of the bride was also present.

One out of every four voting citizens in the United States will be veterans of World War II. Care for veterans of all previous wars cost \$35 billion up to 1945. Cost of the new GI Bill of Rights may finally cost more than \$30 billion, according to the U. S. News. A federal bonus, similar to that granted after World War I, would add \$10 to \$15 billion. Prediction: Vote-hungry candidates will soon advocate a federal bonus for our 20 million veterans.

Washington commentators hint that behind the firing of Henry Wallace by President Truman was the united front put up by U. S. Senator Vandenberg of Michigan and Connally of Texas. Wallace is stumping Michigan industrial centers this month, while Vandenberg is in Paris.

Michigan's penal system, object of a legislative investigation this year, is given a top rating by the American Prison Association's correction census in session in Detroit. Dr. Garrett Heyns is the Michigan director. The legislative report will go to the 1947 state legislature in January.

## Miss McBurney Devoted Many Years to the Unfortunate

The following article is taken from a recent issue of a Youngstown (Ohio) newspaper and is a tribute to Miss Hollis McBurney, for her many years of devoted service in the Christ Mission settlement in that city. Miss McBurney was born near Cass City and grew to young womanhood here.

"Forty-one years ago this month Miss Hollis Margaret McBurney began a lifetime of devoted service to the Christ Mission settlement here in Youngstown. Today she is vacationing in Cass City, Mich., before retiring to Texas, where she will live with her family.

"After several years as a kindergarten teacher at the Mission, Miss McBurney moved to Michigan for four years. She returned to Youngstown in 1917 as a girls' worker, and in 1928 was made head resident, a position she has held since.

"Her main interest has been the Convalescent Camp in Racoon and Leffingwell Roads. She has been director of the camp since its founding in 1922, this summer completing 25 years in that capacity. "The camp's main function is the care of pre-tubercular children during the summer. Underprivileged children of Youngstown are also afforded a chance to enjoy healthful recreation there.

"Miss McBurney, who was 65 last July, has spent the last two winters in Texas because of poor health. During many of her winters at the settlement she taught night school where foreigners learned basic subjects in preparation for taking citizenship tests. "Miss McBurney has long been close to many of Youngstown's foreigners. Serving as both friend and arbiter of family disputes, she has decided many a time whether little Joe should have his new pants or Tony a new jacket. Her Christmas parties at the settlement brought joy to many children who otherwise never would have known a Santa Claus.

"Miss McBurney knew no hours when it came to helping those who came to the Mission. Callers who insisted on seeing her—and only her—would arrive at any hour of day or night.

"One of her favorite anecdotes about mission experience concerns one afternoon when she was sweeping the steps of the building. A slightly tipsy man stood watching her. After a respectful silence, he broke out, 'Lady, I like the way you sweep those steps. Will you marry me?' "Miss McBurney is planning to return to Youngstown en route to Texas, at which time the Christ Mission Settlement plans a party to honor her long and devoted service."

are now in a three-way tie for second place in the standings.

The new point system being tried out for the first time this season seems to have the bowlers on their toes trying for total pins which gives them an extra point and the team standings show that these extra points pay off as some teams with one game less in the win column have as many points as the team having one more game.

Landon needed but one more pin to get himself a 600 series but his 599 count on games of 179-193-227 was good for individual honors. Three other bowlers came in for honorable mention on the following pin totals: Fred Pinney's 582 pin count was secured on games of 225-178-179, Fred Steinman registered 556 pins on games of 191-183-182 and Frank Novak had another of his good series when he hit the maples for an even 550 totals.

Games over 200 were rolled by Landon 227, Pinney 225, Knoblet 222, Kinnaird 209, Gross 206, F. Novak 206, Gremel 205, Larkin 202.

building is remodeled. . . . To safeguard its veterans' housing village, largest on any college campus in the nation, Michigan State College has inaugurated its own fire department with six firemen and two fire engines on 24-hour duty.

Because of the increased cost of state conservation services, the next legislature will be asked to approve an increase in hunting and fishing fees. Anglers and small-game hunters would pay \$2 instead of \$1; deer hunters \$3.50 instead of \$2.25; and trappers \$2 instead of \$1.50.

To meet transportation competition of the Pere Marquette streamlined trains operating between Grand Rapids, Lansing and Detroit, the Great Lakes Greyhound Lines are inaugurating three round-trip express buses daily. Another illustration of free enterprise.

Michigan's one-man grand jury system received flattering praise from Sanford Bates, noted correctionist. The Lansing grand jury's funds were down to \$8,000 last week, and the "little legislature" has been requested to appropriate \$50,000 more. Approximately \$450,000 have been expended so far.

Union bricklayers working on Michigan State College's \$5,000,000 construction program get \$2 an hour or \$80 for 40 hours' work. Average pay, including overtime, runs \$136. The average weekly wage of college instructors is \$67. Roll your own!

Government ownership and operation of the copper industry—along with industries producing lead, zinc, aluminum, magnesium, gold and silver—are proposed by the C. I. O. Mine, Mill and Smelterworkers' Union. This union bargains for more than 160,000 workers. Copper mining in Michigan is now regulated by a federal "premium price plan" which provides for government subsidies. The same C. I. O. union recently defeated a proposal to bar communists from holding office.

Midland's Dow Chemical Co. has a \$50 million expansion program, but cannot proceed due to a housing shortage and lack of needed equipment.

The Michigan Unemployment Compensation Commission, with its 2,300 employees, will take over about mid-November the federal employment service with around 1,250 employees. While salaries are paid from federal funds, the next governor will have a bigger payroll to account for. There are 72 local employment offices in the state, and 65 part-time offices.

The eighth report to the President and to Congress by the director of war mobilization and reconversion at Washington sounds un-

usual danger signs. If we are to avert a serious depression in the near future, business must act to hold down prices "wherever possible," labor leaders must resist demands for spiraling wage increases, farmers must maintain their high level of production, and consumers must spend their money wisely.

If the sales tax diversion amendment is adopted on Nov. 5, chances are unlikely that the legislature will continue state aid for Wayne University. Detroit's tax plight prompted solons to turn over \$2,700,000 to Wayne for new buildings. This institution has more than 15,000 students, compared with a pre-war level of 10,000.

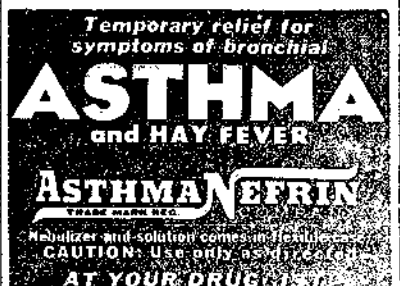

The Michigan Education Association estimates the annual financial needs of public schools at \$104 millions—some \$40 million more than they are getting today. Ballot Proposal No. 2 would guarantee schools an amount equal to 42.64 percent of the sales tax of the previous year plus one-sixth of the current year's sales tax.

Consumer inability to buy meat is creating a boom demand for cheese with a result of higher prices. Milk prices may climb until January. A movement is under way to require pasteurization of milk for both beverage use and cheese. Undulant fever germs are killed by pasteurization. The state legislature invested power in the state department of agriculture for dairy milk inspections.

Warning by Dr. Eugene B. Elliott, state superintendent of public instruction: "People must now taking that much money (sales tax diversion) from the state will mean either new taxes or reduced services." . . . How some municipalities in other states get new revenue: Philadelphia \$22 million, Toledo \$3 million, from an income tax. St. Louis and Kansas City, cigarette tax. Sixty-three cities in Washington, amusement admission tax. Atlanta, Georgia, \$562,000 from a garbage-refuse collection tax. Los Angeles, \$1 on \$1,000 gross receipts.

### Fresh Tomatoes

For greatest nutritive value, eat tomatoes fresh from the vines. Do not allow the tomatoes to stand out and exposed to the air in a warm kitchen. For ease in peeling, dip them in hot water for a minute or two, or if only two or three are to be peeled, stroke the skin with the back of a knife until the skin is loosened. Another way to loosen the skin is to run a fork through the tomato and rotate the tomato over a flame until the skin cracks and will slip readily.

## The Cubby Hole

By a Cub Reporter.

The Cub Pack held its first meeting of the season on Wednesday, Oct. 9, at 8 p. m., at the school library. The dens this year are composed of the following boys:

Den No. 1—Billy Martus, Bob Tesho, Andy Wise, Russ Foy, Don Bartle, and Robt. Baker. James Wallace is their den chief.

Den No. 2—Harold Schwaderer, Raymond Bliss, Lyle Ludlow, Ed Cutler, Bob Wallace, Bruce Wieland, and Graydon Agar. John Kirm

is their den chief and Bob Howell, assistant.

Den No. 3—Dick Donahue, Robert Kitchen, Jim Ware, Bill Zinnecker, Jack Gallagher, and Don Tuckey. Bob Douglas is den chief and Ken Brown, substitute.

Most of these boys were at the pack meeting where Mr. Ross and Mr. Fritz, cub leaders, and Mr. Ellis, committee chairman, were in charge.

The meeting opened with a ceremony by Den No. 1 with Billy Martus in charge. After the opening ceremony, the meeting was turned over to Mr. Ross, who discussed the need for den mothers for the coming year, but there being a very small number of parents and a large number of Cubs, there were no return remarks of acceptance to his offer. It seems that to hold a Cub pack together there must be teamwork represented by the Cub and his parent. They must look after their boy and help him follow through what he starts. It has been in the past largely the Cub trying to fulfill both the part he and the parent plays. The Cub committee is looking for a solution for this problem and came across a statement in one of the Cub books that for the Cub to be eligible to come to a pack meeting, it is necessary for the parent to come with him.

Mr. Ross also gave the program for the coming month of November when the Cubs with the assistance of their parents will construct guns and different types of bows and arrows which will be shown. Each den will give a small program on different parts of the theme, "Safety with Guns" and "Conservation." After this meeting all retired to the science room where Scout Executive Harold Buchanan showed a three-part movie on "Cubbing in the Home, in the Den and in the Pack." It explained the part the Cub and the parent plays in making the Cub adventure an interesting one.

After the movie, Den No. 1 gave the closing ceremony with Robert Baker in charge.

The Vassar office of the Michigan Unemployment Compensation Commission paid unemployment compensation benefits to 230 unemployed people in Tuscola County for the week ending Oct. 12, according to W. H. Baughman, chief claims examiner.

This figure includes 142 unemployed veterans paid readjustment allowances and 88 industrial claimants paid from the Michigan Unemployment Compensation trust fund. Included among the industrial claimants were 52 women.

Mr. Baughman said there were 20 who filed initial claims for the week, an increase of four since the previous week. Of this number eight were veterans and five were women.
