Christopher Columbus would never have discovered America!

Isabella, Queen of Spain, had caskets full of jewels. She had velvet robes and silken gowns and handsome hand-made shoes. But she had no electric - refrigerator! So the jewels were pawned. Three little ships set out against the sea. And Columbus happened on America back in 1492.

Fantastic? Not really. In Isabella's day, they tried to keep food from spoiling by spices brought overland at great expense from India. Columbus believed he could reach the Indies by sailing westward on the unknown Atlantic. The rest is in history books.

Poor Isabella, with all her clumsy luxuries, never dreamed of ice cubes-nor any of the miracles of modern electric living!

Though electricity plays such a great part in today's comforts and conveniences--you're scarcely conscious of electric service. That's because it's always on hand-all you want-at little cost.

• As we've said before, "There simply aren't enough new Chevrolets to go around" today. However, we're getting our fair share of Chevrolet's current output of passenger cars and trucks. And as conditions improve—as

strikes and shortages decrease and Chevrolet is able to increase its production-we'll get more and more of these fine products to deliver to our customers. Meanwhile, we want to assure you again that, as long as shortages do

exist, we'll continue to apportion our allotted share of new Chevrolets fairly and equitably among the many customers whose friendship and patronage are our most prized asset.

We thank you for your patience and loyalty in awaiting delivery of your new Chevrolet.

> Our policy with regard to servicing your present car is based on the same fundamental principles of fair dealing, fair prices and fair play which govern our policy on new car deliveries. Bring your car in for service--today.

### CHEVROLET LOWEST-PRICED in its field

• PRIORITY OF DELIVERY-New Chevrolet cars and trucks will be apportioned on the basis of: essential public services, veterans' occupational requirements, priority of date in

• PRICES - All new Chevrolet cars and trucks will be sold at the authorized prices current at time of delivery.

• TRADE-INS---No trade-in will be required from any customer who does not have a car to dispose of at the time of the original transaction. Customers who do have cars will be given allowances based on honest appraisal and fair

Willi Knotte, an interior decora- tor living in a suburb north of Frank- furt, showed 50 pounds of rye grain in his larderwages of days of work be and his wife put in at harvested fields. Willi said he took his ears home, beat them with a board and fanned the result in the wind to eliminate the chaff and husks. Then he ground the grain by hand in a little coffee grinder. His prod- uct was a dark, coarse rye flour from which he can make black bread, soup or porridge. Germans began this hunger-in- spired hands-and-knees gleaning during the last war years. But it never became a mass movement until the war ended and real hun- ger began. This year, with bread rationed to two pounds per person per week and with scanty other food supplies, Germans by the thousands are spending as much time as possible to "follow the harvest" on the knees. After all, 50 pounds of rye flour is equal to six months of bread rations.	Colmubia Township—Town Hall, Unionville, Monday, Dec. 2, 8 p. m. Willi Knotte, an interior decora- tor living in a suburb north of Frank- furt, showed 50 pounds of rye grain in his larderwages of days of work be and his wife put in at harvested fields. Willi said he took his ears home, beat them with a board and fanned the result in the wind to eliminate the chaff and husks. Then he ground the grain by hand in a little coffee grinder. His prod- uct was a dark, coarse rye flour from which he can make black bread, 'soup or porridge. Germans began this hunger-in- spired hands-and-knees gleaning during the last war years. But it never became a mass movement until the war ended and real hun- ger began. This year, with bread rationed to two pounds per person per week and with scanty other food supplies, Germans by the thousands are spending as much time as possible to "follow the harvest" on the knees. After all, 50 pounds of rye flour is equal to six months of bread rations. <b>Triplet Boys Born,</b> <b>One Is a Westerner</b>	Colmubia Township—Town Hall, Unionville, Monday, Dec. 2, 8 p. m. #### Singing Grasshoppers

Prof. W. H. Pielemeier writes in the Journal of the Acoustical Society of America of a sound detector which responds to notes that human ears cannot hear. With it he made some interesting discoveries about insects. It turned out that at least three species of small meadow grasshoppers produce intense sounds of very high pitch. To sing loudly, yet inaudibly, the male meadow grasshopper has a file under the left wing and a scraper pointing upward at the inner edge of the right wing. To make a sound the

RINERD KNOBLET.

Flameproof Materials Cotton, pure silk, viscose process rayon, wool and mixtures of these are easily flameproofed with little or no change in feel, draping, appearance or strength. Fire retardant treatments are usually applied after yarns are made into cloth or after the cloth is made into the finished product. Other treatments that have been developed for outside use are generally specified for such materials as canvas and duck.

Keep Herbs in Dark To keep the color of dried herbs from fading, store the herbs in glass jars that have been painted black or wrapped in dark paper.

#### TO HOLD FALL MEETING

The Valley Trails Council, Boy Scouts of America Chapter of the Order of the Arrow, will hold its fall meeting Nov. 30 at the Wright Hotel in Alma, Michigan. The meeting will be opened with dinner at 6:30 p. m.

This meeting is open to all present members of Kepayshowink Lodge No. 89 and former members who have not been reinstated since the reactivation of the local chapter in 1945.

The Order of the Arrow is an organization of older Boy Scouts who have been previously elected by their Troop buddies as Honor Campers. Arrow members represent the outstanding ideals and purposes of Scouting gained through rigorous outdoor experience. The cornerstone of the lodge program is continued service. Former members of the lodge who are not at present affiliated with the order may make a reservation for the Alma meeting by writing Harold Oatley, Cass City, or the Scout Office, 118 N. Washington, Saginaw.
