

## 35 from Tuscola to Exhibit Stock at Junior Show

Fifteen from Cass City Club to Show Three Breeds of Steers

Fifteen 4-H club members of Cass City will attend the Detroit Junior Livestock Show next week and exhibit 16 steers. Hopes are high for securing several worthwhile awards when the judges announce their decisions next Wednesday. At 16 shows in Detroit, members of the Cass City club have exhibited 20 champion animals. The highest price lamb was sold by Clayton O'Dell for \$600 in 1933 and the high price steer, exhibited by Leslie Smith, brought \$1,419.00.

Cass City's group of 15 are among 35 boys and girls of Tuscola County who will exhibit a total of 46 fat steers and six fat lambs at the Junior Show next week. This fat stock, fed and fitted by these Tuscola County 4-H club members, will be loaded at Cass City, Caro and Reese next Tuesday morning for the show. Four-H members will also leave Tuesday morning from Cass City, Caro, Reese and Vassar for the trip to Detroit stockyard. Four-H members and leaders will make their headquarters at the Statler and the Tuller hotels during the three-day exhibition.

Judging of the steers and lambs will take place at the Detroit Stockyards on Wednesday, Dec. 11. The fat stock will be sold at public auction at the same place on Thursday, Dec. 12.

All 4-H club exhibitors and leaders are guests at a banquet, Wednesday evening in the Statler Hotel, by courtesy of the show management.

The following is the list of exhibitors from Tuscola County: Aberdeen Angus Steers—Elwyn Helwig, Marilyn Loney 2, Don Karr, A. J. Murray, Robert McDonald, Billie Zinnecker and Ed Golding, all of Cass City; Frank Concluded on page 4.

## P. O. Department Places Embargo on Certain Mail Matter

Lack of fuel for normal operation of trains using coal has made necessary curtailment of train service and an embargo has been placed on certain express and freight shipments and an embargo of comparable extent on mail matter.

Postmaster Alice M. Bigelow has received notice, effective at 12:01 a. m., Dec. 6, and until further notice, no article of first class mail, including air mail, weighing in excess of 5 lbs. and no parcels of fourth class matter exceeding 5 lbs. in weight or 18 inches in length or 60 inches in length and girth combined shall be accepted for mailing, provided these limitations shall not apply to the following items or in the following circumstances:

- 1 Live day-old chicks and other poultry.
- 2 Cut flowers, seeds, plants and other nursery stock.
- 3 Eggs, butter and other perishable food products normally accepted for mailing.
- 4 Serums, medicines, drugs, surgical instruments, and dressings and hospital supplies.
- 5 Shipments of money in the registered mail.
- 6 Local parcels and all local matter for delivery on local rural and star routes.
- 7 Parcels addressed to members of the armed forces and other persons served through the army post offices and fleet post offices.
- 8 Second class matter and mats for newspaper and magazine publications.
- 9 Films.

During the emergency acceptance of international parcel post packages will be limited to those containing serums, medicines, drugs, surgical instruments and dressings and hospital supplies. Acceptance of mail for foreign destinations, except medicinal parcels listed above, will be restricted to first class articles weighing not in excess of 4 lbs. 6 ounces, prints, samples, small packets, and commercial papers. However, the domestic restrictions will apply to all mails for Canada, Mexico and to territories and possessions of the United States in carrying out this order.

## Community Club Meets Next Tuesday

Two sound movies will be screened next Tuesday evening as the program feature of the Cass City Community Club dinner, Chairman Horace Bulen announces. One is a travelogue and the other is a sport reel, "Let's Go Fishing."

The dinner will be served by the Ladies' Aid of the Sunshine Methodist Church. There will be no tickets sold at the door. If for any reason, one has not been contacted by a ticket salesman, he is requested to stop at either drug store before Tuesday noon and get his ticket there.

## 15 Naturalized in Tuscola Court

Citizenship was granted to the following persons at the opening of the December term of court in Tuscola County by Judge George W. DesJardins:

Fritz Kraa, Graville Oprea, Helen Sanders, all of Vassar; Clarence Smith of Deford; Cornelius Wilbert Foley, Eileen Foley, of Millington; Gene Joseph Preville, of Fostoria; John Stanek, of Silverwood; George William Healy, of Wahjamega; Arthur Sterling Kennedy, of Caro; Anthony Mohr, Frank Edward Hall, of Cass City; Joseph John Lendyer, of Fairgrove; Andrew Rose Hass, of Mayville.

Mrs. Sylvia Hall, of Cass City, was repatriated, having lost U. S. citizenship through marriage. The petition of Gabor Hobar, of Gagetown, was dismissed for his failure to appear.

## "Yanks Who Gave" Will Get Gifts

The good people of Cass City and vicinity are invited to join with the Tri-County Post No. 507 of the American Legion in remembering every sick or disabled war veteran in Michigan on Christmas this year.

There are 80 hospitals in the state now caring for these veterans—12,000 of them in all—for whom the war has not ended. It is proposed to give each of them a Christmas gift box. This project, called "Gifts for the Yanks Who Gave," is now being sponsored by the Legion for the third successive year. It is nationwide in scope, and constitutes the biggest Christmas party on record.

It's a real task to purchase the gifts, and pack, wrap and deliver the boxes to Michigan's 12,000 hospitalized veterans, and the sponsors need the cooperation of all generous citizens. The value of each box will range from four to five dollars, and donors may contribute either cash or gifts.

Collection centers have been set up at the local banks where donations will be received through Dec. 10. Time is short as each Legion committee in the state must have the gift boxes prepared for delivery to the hospitals by Dec. 10. Bring your donations in as soon as possible and help make it a "Merry Christmas" for the "Yanks Who Gave."

The following gifts are needed and desired: Pen and pencil sets, cigarettes, cigaret lighters, billfolds, box cameras, toilet kits, pipes, leather belts, cigaret cases, writing kits, watch straps, bed lamps, books, key cases and many other useful articles for the veteran patients. There must be no edibles in the gift boxes, no liquor and no safety razor blades.

## W. S. C. to Have Christmas Party

Mrs. Harry Young was hostess to the Woman's Study Club group which met Tuesday afternoon, Dec. 3. The topic, "Current Social Legislation," was given by Mrs. Melvin Vender, and Mrs. John Saffran, which was followed by discussions.

The next meeting will be a Christmas party at the home of Mrs. Guy Landon on Dec. 17. Roll call will be "Christmas Lore." Each member is asked to bring a gift not exceeding 50 cents.

## Coming Auctions

Next week's Chronicle will carry an auction advertisement for a farm sale for Mrs. Peter Kritzman, 1/2 mile west of Shabbona, on Thursday, Nov. 19.

In last week's Chronicle, the auction sale of Vern Powell appeared. This sale will be held today (Friday) 7 miles east of Owendale.

## Rotarians Were Guests of Gavel Club Tuesday

At an "Information Please" Program, Gavel Team Won the Contest

For the fourth time since the organization of the Gavel Club, that society were hosts at a dinner party at which the Rotary Club members were guests. The dinner was served at the Home Restaurant Tuesday evening and at an "Information Please" program at which Dr. B. H. Starnann was chairman, M. B. Auten, Robert Keppen and Horace Bulen represented the Rotarians, and Harold Oakley, Horace Pinney and Rev. John Saffran the Gavel Club. Questions covered historical, political and current events, music, nursery rhymes and riddles. Scorekeepers announced the final results as 185 points for the Rotarian trio and 210 for the Gavel three.

M. B. Auten won the jackpot prize by naming Georgia as the state having the largest area east of the Mississippi River.

Almer Krueger was awarded the prize for the best answer given to the members of both clubs when he gave \$1,936,000 as the total amount of the purchase price of government bonds bought at both banks and the postoffice at Cass City by individuals from 1942 to 1946 inclusive. The exact amount was \$1,990,025.50.

Following the program, a brief discussion was held regarding the establishment of an airport for Cass City. Curtis Hunt, George Cole, Warren Wood and Robert Keppen spoke on the advantages of such a project.

James Gross, Gavel Club president, welcomed the Rotarians as guests of the evening and Audley Rawson, Rotary president, expressed the appreciation of his group.

## Former School Supt. Here Died in Detroit Nov. 28

Frank E. Sinclair, former superintendent of schools in Cass City, passed away in Dorothy Rogers Hospital in Detroit on Nov. 28, at the age of 78 years.

A descendant of Oliver Cromwell and Ethan Allen of Ticonderoga fame, Frank Sinclair was born in Burnside, Mich.

After an initial teaching experience of two years in Burlington Township, he attended and was graduated from the Ypsilanti State Normal College. His first teaching appointment thereafter was in Gladwin, Mich., where he met and married Miss Bessie Townsend in 1897. Of this union, one son, Claud, was born. In 1908 Mr. Sinclair headed the call to his country's colors, and enlisted in the Spanish-American War, in the quartermaster's corps, from which he later received his honorable discharge.

Mr. Sinclair's career as an instructor covered a period of 36 years in the teaching profession, holding superintendencies in Burnside, Brown City, Cass City, Union City, Rochester, North Branch and Cassopolis. He retired from teaching at the end of his 12-year superintendency at Cassopolis.

Shortly after his retirement to his home in North Branch, Mrs. Sinclair passed away.

In October, 1939, he married Miss Carrie Scrimgeour of Chicago, formerly of North Branch.

He was a member of the F. & A. M., supported the various church movements, and took part in the social activities of his community.

He leaves to mourn their loss, his widow, his son, Claud of Fenton, a sister, Mrs. N. A. Fox of Grand Rapids, two grandsons, Bruce and Bernard, three nephews and one niece.

Mrs. Lloyd E. Karr had the pleasure one day recently of writing applications for 15 new members to the Gagetown Grange. They will take their first and second degree at the next regular meeting Tuesday evening, Jan. 7, at the Wallace Laurie home. After the business meeting a potluck supper will be enjoyed.

## Mrs. Sophia Fischer's Funeral Today

From Gagetown correspondent. Mrs. Sophia Fischer, 71, passed away at her home in Gagetown on Tuesday, Dec. 3, after a year's illness. Funeral services will be conducted in the Methodist Church this (Friday) afternoon at 1:30 o'clock by Rev. George Bush. Interment will be made in the Bloomfield cemetery at Reese.

Born Nov. 3, 1875, in Germany, Sophia Zissler came to Saginaw County and in 1910 moved to Tuscola County. She was united in marriage with Julius Fischer on June 23, 1895. She was a member of the Methodist Church.

Mrs. Fischer is survived by her mother, Mrs. Dorothy Zissler, 93 years of age; two daughters, Mrs. Elsie McGrath of Bay City and Mrs. Arletta Poole of Snoover; three sons, Edward and Arthur Fischer of Gagetown and Melvin Fischer of New York City; a sister, Mrs. Robert Wascher of Saginaw; two brothers, John Zissler of Reese and Leo Zissler of Saginaw; 12 grandchildren and three great grandchildren.

## Co. Red Cross Explains Plan for Veteran's Dental Care

During the last two weeks several veterans have inquired at the local Red Cross and Veterans' Counseling Center office regarding having needed dental work done and paid for by the Veterans' Administration.

W. Emerson Scott, the local Red Cross executive secretary and veterans' counselor, urges veterans, and the general public to bear in mind the fact that to receive dental treatment, free of charge, the treatment must be authorized by the Veterans' Administration prior to having any dental work done.

Guy F. Palmer, manager of the Detroit regional office of the Veterans' Administration, recently announced that nearly 1,400 Michigan dentists have been authorized to render treatment to eligible veterans under a "Home Town Plan for Dental Care."

Under the "Home Town Plan," which was developed by the Veterans' Administration and the Michigan State Dental Society, World War II veterans may receive treatment from private dentists when V. A. dental clinic service is not feasible. Because these V. A. dental facilities are limited, the majority of veterans will be treated under this plan.

Here's how the plan works: The veteran must apply in person, or in writing, for the desired dental work, and select the dentist of his choice from the list of local dentists.

## CARS COLLIDE ON MAIN STREET SATURDAY

Automobiles driven by Lyle Deneen and Clarence Campbell, both of Cass City, collided at the corner of Main and Leach streets, Saturday night. Deneen's car was badly damaged, but both drivers escaped injury.

## VAL CLARE TO SPEAK AT DAIRY BANQUET

"What Price Peace?" is the subject chosen by Val Clare, who will be the principal speaker at the annual Sanilac County dairy banquet to be held at the Sandusky High School, Tuesday, Dec. 10, at 7:00 p. m. Having toured Europe's battle fronts for a period of six months during World War II, Val Clare, CKLW's news editor, speaks with authority as he discusses current world problems during his daily broadcasts to his audience in the Detroit and Windsor areas.

## MISSIONARY TO SHOW PICTURES OF AFRICA

Rev. and Mrs. I. W. Sherk, returned missionaries from Nigeria, West Africa, will show pictures on Monday night at the Mizpah Memorial Church at eight o'clock. These picture slides will be of interest to the public, as a variety of scenes of the activities and customs of the people of Africa will be shown.

Rev. Mr. and Mrs. Sherk have served in Nigeria, West Africa, as missionaries for nearly 40 years, and during their long experience in missionary work, they have made a fine selection of interesting scenes, numbering about 80, which will be shown on this occasion. The public is invited to see these interesting pictures Monday night, Dec. 9.

## New Legislature Has Problem of Acute Proportions

Governor-Elect Sigler to Deliver Inaugural Message on January 2

How to maintain public services of government, at home and elsewhere, despite today's postwar inflation which is yet to reach its crest, poses a top problem of acute proportions for Michigan's new state legislature.

Governor-Elect Kim Sigler will deliver his inaugural message to legislators on Jan. 2.

At a good will dinner in Detroit the governor-elect told legislators that it was up to them to lead Michigan out of the financial wilderness created by the voters' diversion of 76 per cent of state sales tax revenues to home governments.

Regardless of what the legislature finally decides to do, it is apparent that a lot of people are going to be dissatisfied. They will be dissatisfied because they are dissatisfied with today's inflation—the root of the trouble.

Actually, the voters' dissatisfaction on Nov. 5 was prompted as much by the AFFECTS of inflation as by anything else.

We registered our protest against shortages, strikes and high prices by marking our ballot accordingly. Government is blamed for affects of inflation. In hard times the reverse has been true: Business is held responsible.

It is doubtful that the sales tax amendment would have been adopted if it had not been for the affects of inflation. Retail prices are mounting, ever higher. Department stores expect an all-time record in sales this year — which Turn to Michigan Mirror, page 7.

## Veterans to Receive Word of Handling of War Surplus Stocks

M. Roy Smith, chairman of the Tuscola County Council of Veterans' Affairs, has just announced arrangements have been made whereby M. C. Theobald of the Saginaw branch office of the War Assets Administration will be in the local Veterans' Counseling Center every three weeks starting Tuesday, Dec. 10.

Mr. Theobald will stay the entire afternoon only. This will enable veterans who wish to be certified for purchasing Government Surplus Stocks for personal use or business enterprises and to receive a full explanation as to how war surplus stocks are handled, without difficulty.

Many veterans of Tuscola County interested in government surplus items have been unable to contact the Saginaw office of the W. A. A. due to lack of transportation or are engaged in business which does not enable them to leave their work long enough to make the trip.

"We feel Mr. Theobald's visits in the counseling center will work out to the satisfaction of all concerned," Mr. Smith said. He further stated it is the earnest endeavor of the War Assets Administration and Emerson Scott, local veterans' counselor, to assist veterans in procuring war surplus stocks in every way possible. Veterans are invited to meet Mr. Theobald next Tuesday afternoon in the counseling center office located in the basement of the court house.

## Ev. Ladies' Aid Elected Officers

Mrs. John Zinnecker entertained the Ladies' Aid of the Evangelical United Brethren Church at an all-day meeting Wednesday. The women were occupied in quilting and a potluck dinner was served at noon.

During the business session, the following officers were elected: President, Mrs. Fred Buehry; vice president, Mrs. E. W. Kercher; secretary, Mrs. John Zinnecker; treasurer, Mrs. Lawrence Bartle.

Mrs. Homer Hower, the retiring president, who has served in that capacity for 11 years, was presented with an all-wool blanket as a token of appreciation for her faithful services.

Full year auto licenses for 1947 are now available at the branch office of the secretary of state at the Ryan & Cooklin store.

## New Pavement on M-81 Opened

The new pavement on M-81 between Caro and Cass City will be opened to public use Saturday, State Highway Commissioner Charles M. Ziegler reported today. He also announced E. C. Nolan & Co., Centerline, Mich., was low bidder today on new bridge on Bruissee road crossing Cass River at Wahjamega with bid of \$72,560.98. American Bridge Co. was low bidder for steel of this bridge under separate contract with figure of \$13,700.86.

## Kenneth Profit Hurt in Auto Accident

When Kenneth Profit of Gagetown, dimmed his lights for an approaching car three-quarters of a mile west of Cass City early Sunday morning, the auto lights failed to kick back to bright and his car left the road, hit a tree and demolished one side and front end of car. The driver was thrown clear of the car and he was found unconscious 100 feet back of the wreckage. He was brought to Pleasant Home Hospital by ambulance where he was given first aid and later released. Deputy Sheriff John Zinnecker investigated the accident.

## M. S. C. French Students Enjoy Their Holiday Visit Here

"We expected to have a good time when we were able to forget college studies and spend the Thanksgiving holiday in Cass City but we never anticipated such an enjoyable period as we are now having," Jean LeJunter and Marc Parnell, students at Michigan State College, told the Chronicle Saturday in a brief call at the newspaper office.

LeJunter, a Frenchman, has been in this country since Oct. 1 and Parnell, a native of the Republic of Haiti, for 14 months. Both speak the French language and were awarded scholarships at MSC through the Institute of International Education of New York. LeJunter studied English in school in France for seven years and served as an interpreter with the GIs in French and American railroad service. Parnell learned to translate and write literary English in Haiti.

Both young men are impressed with the tolerance and understanding exhibited at the state college.

While here, they were guests in the home of Rev. and Mrs. Melvin R. Vender and visited several other homes in the community. They were taken through the sugar factory at Caro and the condensery of the Nestle's Milk Products, Inc., in Cass City. The young men returned to East Lansing Sunday afternoon. That forenoon, both spoke at sessions of the Presbyterian Church school.

## Christopher Smith in Navy 30 Years

Christopher Smith, 66, a Navy veteran with more than 30 years' service, died Saturday at his home in Ellington Township. Funeral services were held Thursday afternoon in the Caro Methodist Church. Rev. S. S. Closson officiated, and burial was in Ellington Cemetery. Military rites were conducted by Theron W. Atwood, Sr., Post of the American Legion of Caro of which Mr. Smith was a member.

He was born March 20, 1880, in London, England, and at the age of 12 years, shipping on a cattle boat, came to New York and from there to Detroit where at the age of 21 he became a citizen. In 1903, after having been retired to the inactive duty list, he was recalled for service and served in the office of the Defoe Ship Building Works at Bay City.

He married Miss Catherine Schuler in 1902 in Detroit. They came to Ellington Township in 1942 and Mrs. Smith died in 1927. Surviving are five children, including Mrs. Manley Asher of Cass City, 22 grandchildren and five great grandchildren.

Members of Echo chapter, O. E. S., will meet Wednesday, Dec. 11, for the regular monthly meeting. Following the meeting a Christmas party is planned and there will be an exchange of gifts. Mrs. Alex Greenleaf, Mrs. Harold Murphy, Mrs. R. D. Keating, Mrs. Harold Hulbert and D. A. Krug will serve as the refreshment committee.

## John Lewis Fined \$10,000 and the UMW \$3,500,000

Two Thumb Schools Close; Others Have Limited Supply of Fuel on Hand

Michigan is faced with its greatest fuel crisis due to the coal miners' strike, and extreme conservation measures are being considered as manufacturing firms prepare for general shutdowns and more schools closed their doors.

The present coal supply at the Nestle's Milk Products, Inc., condensery plant here is sufficient to run over a 30-day period.

The Cass City school has a sufficient supply to last well over the Christmas and New Year holidays, according to Superintendent Willis Campbell.

The Vassar school closed last week and the Caro school is open but three days a week. Most of the other high schools in Tuscola County have enough fuel to last until Christmas.

Harbor Beach High School students, who were on vacation last week after their school was destroyed by fire, were dismissed again Wednesday because of the coal shortage affecting the Community building and Masonic Temple where classes were held.

Uby and Port Austin schools have enough coal to last until Christmas. Port Hope has a four days' supply and at Elkton, every one leaves the school building at 3:30 p. m. daily to conserve coal which will last for some time. Bad Axe schools are assured of operation for 60 days as the Detroit Edison Co. has coal to keep its central heating system in service that length of time. Steam is piped from that system to the schools.

Thursday morning daily newspapers carried the story that John L. Lewis was fined \$10,000 and his United Mine Workers (AFL) \$3,500,000 by Federal Judge T. Alan Goldsborough, Wednesday for contempt of court because Lewis and the union had ignored the judge's order of Nov. 18 to head off the strike. The judge replaced that order with a temporary injunction on Wednesday. Thus Lewis is still under orders to end his strike. Continual refusal could bring another contempt charge.

## Marie Thiel and Jos. Lapak Married at Gagetown Saturday

From Gagetown correspondent. At St. Agatha Church on Saturday morning, Nov. 30, at nine o'clock, Miss Marie Thiel, daughter of Mr. and Mrs. Adolph Thiel, of Gagetown, and Joseph L. Lapak, Jr., son of Mr. and Mrs. Joseph Lapak, also of Gagetown, were united in marriage by Rev. Msgr. John McCullough. The bride was given in marriage by her father, Mrs. Paul Abraham of Bad Axe was the maid of honor and Miss Rita Thiel of Pontiac was her sister's bridesmaid. Richard Lapak was the groomsmen and Bernard Lapak performed the duties of usher.

Forty were guests at the wedding breakfast which was served at the New Gordon Hotel in Cass City, and a similar number attended the reception at the bride's home in Gagetown Saturday afternoon.

The bride was gowned in white satin with a long train and long lace veil. The maid of honor wore blue satin with net skirt and head-dress to match, while the bridesmaid's dress had a pink satin bodice with net skirt and matching head-dress. The bride carried a prayer book adorned with white roses on streamers. The bridesmaid and maid of honor carried bouquets of white chrysanthemums. Chrysanthemums and dahlias were the flowers used in the church and house decorations.

The bride has taught six years in schools and recently has been employed in Detroit. The groom served over three years with the U. S. Army, one year being in Europe.

Mr. and Mrs. Lapak will reside in Detroit.

W. A. Parrott has returned from his northern trip, bringing with him a buck as trophy of the hunt.

Ten High Average Bowlers

Ludlow 176, Larkin 176, Parsch 178, Landon 172, F. Novak 172, Willy 171, McCullough 171, Dillman 170, Gross 167, Auten 166.

With their fingers crossed, the Landon team will enter the last week of the present schedule out in front by two big points. The past week was a hectic one as far as the top teams were concerned, and somewhat of a shuffling in the standings was made when the totals were checked. The Willy team was leading the pack by one scant point, but their series with the Fritz team almost shattered their pennant chances when they emerged from their match with the idea they had won one game, but a final check of the totals disclosed an error had been made which gave the Fritz team the game in question and a full four-point sweep, which was a heart breaker for the Willyites.

The Landon team riding along in second place and one point back of the leaders, had a good break in their series with the Wooley team and gathered in the lion's share of the points. The three points which they picked up places them at the top of the league with an advantage of two big points. MacCullough's team that has set the pace throughout most of the schedule, continued their toboggan slide and were unable to gain a single point in their match with the Auten Five who were in top form. So the best the McCullough team can expect to do now would be to tie and this is hardly probable as they were set farther back in the standings when the Ludlow team went into third place by grabbing three points from Reid's cellar team.

Three teams went through the week undefeated. The Auten and Fritz teams took their grudge out on a couple of the top teams which played havoc with their championship aspirations, while the Gross team slowed the Kolb squad up by collecting four points.

Herb Ludlow is now top bowler of the City League. His average of 176 is also shared by Cecil Larkin, but Herb has a 12-pin advantage going into the final week. The next schedule of games will see several new captains taking over. Those most likely to be named are Frank Novak, George Dillman, Nelson Gremel, Tyrus Myzak, Murray DeFrain and Dougal Krug with everything depending on the totals that these boys turn in in the final week.

Not one bowler registered for a place on the weekly honor list, but several 200 games were recorded. Ludlow's 221 game was high while Dillman and Hunt each turned in a 213 marker. Wallace had 204 and Neitzel and Wooley posted 201 games.

The league hopes to secure enough bowlers so that the final schedule can have 16 teams. To do this the officers of the league trust that enough new members can be added so that two extra teams can be had and any individuals in the community who would like to enjoy this type of recreation are urged to join up. It is going to be necessary for all bowlers to sign up again if they wish to participate in the second schedule and memberships will be available at either of our local banks or bowling alley immediately at the close of this present schedule. The second schedule will probably open on Jan. 6, but during the lull between the two schedules, there could be a short tournament if enough members are interested.

## Glowing Warmth

WHERE YOU WANT IT—WHEN YOU WANT IT

Chilly corners can be warm as toast these cold fall mornings. A modern electric heater gives you instant warmth from your nearest outlet. Easy to carry, easy to operate. There is no cleaner more convenient type of heat. These new, low-priced heaters are ideal for warming baby's bath area, your dressing room, bathroom, or grandmother's favorite corner.

And It Costs Only A Few Pennies An Hour . . .

but unlimited use can cause high electric bills. For example, a thousand watt heater at residence rates costs only 17½c a week when used one hour daily for seven days. This same unit, however, when used 8 hours a day costs \$1.40 a week and will add \$10.20 to your two months' bill. Consult a reputable electric dealer who can recommend a heater of sufficient wattage to fit your particular needs. He can also tell you just how much it will cost to operate.

**CO. RED CROSS EXPLAINS PLAN FOR VETERAN DENTAL CARE**

Concluded from page 1.

dentists approved by the Veterans' Administration. If examination and treatment by a V. A. clinic is not feasible, the veteran will receive a letter from the Veterans' Administration authorizing an examination by the veterans' dentist. After the examination, the dentist will report his findings to the Veterans' Administration. Determination of service-connection will be made by the Veterans' Administration rating boards. The veteran then will be notified by letter whether he is eligible to receive treatment at the Veterans' Administration's expense and the dentist will be notified as to what dental work will be approved by the Veterans' Administration.

The Veterans' Administration has emphasized that only those dentists whose names are on the approved lists are authorized to render treatment under the new program.

A dental clinic will soon be opened at the Veterans' Administration sub-regional office in Saginaw.

Veterans wishing additional information, or assistance, in making application for dental treatment may contact the Veterans' Administration office in Saginaw, or see E. O. Davis, V. A. contact representative at the Caro State Bank each Tuesday, or contact the local Red Cross, or Veterans' Counseling Center office, located in the basement of the court house any day, Monday through Saturday. These offices have all of the required forms on hand and can advise veterans what dentists of the county are on the Veterans' Administration approved list.

**Mined Opal**

In the 50 years before World War II, says the National Geographic Society, Australia mined more than 10 million dollars' worth of opals. Outstanding was the yield of 1923, when gems weighing 790,580 and 232 carats were found.

**Milk Long Used**

Milk in various forms has been used for more than 6,000 years.

**Magic Wire**

A new aircraft wire reduces fire hazards and the weight of planes.

**Schedule for Sanilac Dairy Barn Tour**

The Sanilac County dairy tour will be held Wednesday and Thursday, Dec. 11 and 12. Gutter cleaners, both commercial and home made, mow dried hay, hay making equipment and outstanding dairy herds will be on exhibit. Prizes will be given to winners of production judging contests. Fast milking, quick washing of utensils and mastitis control will be discussed by Donald L. Murray, extension dairy specialist of Michigan State College. Russell Palmer, chief milk inspector of the Detroit Board of Health, will be on the tour to explain the board of health requirements for the production of fluid milk for Detroit.

The schedule for the tour is as follows:

**Wednesday, Dec. 11**

10:00 a. m. — Peter Appel and Son farm, seven miles east and 1 1/4 north of Marlette. Red Dane judging contest. Prizes, field chopper and filler, wagon unloader, mow dried hay.

12:00 noon — Juhl Lutheran Church, potluck lunch, program for the ladies, colored movies.

1:30 p. m. — D. T. Knight & Son farm, 1 1/4 miles north of Marlette. Artificial breeding program, field chopper and filler, alfalfa silage, mow dried hay, fast milking discussion.

3:00 p. m. — Amil Olsen farm, one-half mile south (at stock yards) and 1 1/4 miles east of Marlette. Holsteins. Gutter cleaner, milk house, quick washing demonstration.

**Thursday, Dec. 12**

10:00 a. m. — Russell E. Campbell farm, two miles north and 3/4 east of Sandusky. Holsteins, modern barn with ventilating system, grain elevators, mastitis control program.

12:00 noon — McGregor Methodist Church. Potluck lunch, program for the ladies, colored movies.

1:30 p. m. — Maurice Lee farm, five miles east and one mile north of Deckerville. Holstein artificial breeding program. Home-made gutter cleaner, fast milking demonstration.

3:00 p. m. — Russell Wallace farm, two miles east and three-quarter north of Carsonville. Holsteins, remodeling barn, gutter cleaner, quick washing demonstration.

**Simmer Protein Foods**

"Boiled" eggs and "boiled" ham are really not boiled by good cooks today. Instead, protein foods are simmered or cooked in water just below the boiling point. Greater tenderness results from cooking longer at a lower temperature.

**Odd Eggs**

By curious adaptation, the eggs of one family of birds nesting high in the cliffs in the Faroe islands are shaped like tops. They roll around but seldom off a slightly inclined ledge.

**Vacuum Cleaner Cord**

Take care of your vacuum cleaner cord. Wind worn spots with friction tape; replace badly frayed and worn cord — it is a fire hazard, injurious to you and the appliance. Turn off the switch before disconnecting.

The Friendly Store

## Michigan Mirror

Concluded from page 1.

means more tax revenues for the State Treasury at Lansing. This spiral in prices has kept tax revenues ahead of operating costs. On July 1, 1945, the State Treasury had a surplus of \$5,219,000. Twelve months later the surplus had grown to \$21,532,000—an increase of more than \$16,000,000.

Proponents of the sales tax amendment made capital of the fact that the treasury had cash balances in excess of \$125,000,000, all of which was sufficient proof, it was implied, that the state had too much money on hand. These idle millions, so the logic went, should be returned back home to pay for increased costs of cities, schools and other home governments.

While it was true that the cash balances at Lansing were in excess

of \$125,000,000, it was equally true that only \$21,532,000 of this sum was available to the legislature for appropriations. All other funds have been tagged, restricted, appropriated, ear-marked—choose your own word for it. The veterans' trust fund, for example, is \$50,000,000; state highway fund, \$11,453,000; primary school fund, \$14,417,000; appropriation balances for buildings and improvements (delayed due to lack of materials, etc.), \$27,881,000.

Inflation caused higher prices, and higher prices caused more taxes to be collected. The surplus at Lansing—built to unrealistic heights by emphasis on the \$125,000,000 cash balances—collided squarely with inflation in operating costs.

The result was a voters' dissatisfaction with effects of inflation. It is very doubtful that this amendment would ever have been adopted in normal times. Inflation created the condition whereby voters acted as they did.

Now comes the news at Lansing that inflation of operating costs—higher cost of food, supplies, labor, etc.—will require higher appropriations for state departments and state institutions, such as prisons, hospitals and colleges. Requests for legislative appropriations have risen to \$212,000,000 for the coming fiscal year. However, revenues are estimated at only \$144,000,000 because of the diversion of 76 per cent of the sales tax revenue back to home governments.

The difference is \$68,000,000. The final amount may be less or more.

Clarence W. Lock, deputy revenue commissioner, estimates the prospective deficit at \$55,000,000. He points out that state aid to local governments and public services has mounted from \$41,000,000 in 1932 to \$180,000,000 by last June 30. It will go higher next year at a time when the state is being asked to finance a veterans' bonus, maintain facilities for education of veterans at colleges, and otherwise provide services all of which have been authorized by state legislators elected from home communities.

The state's current dilemma is much the same as the inflation problem confronting all business and industry. James D. Mooney, president of Willys Overland, explained the paradox of inflation the other day in these words: "During October we operated at a loss because our sales prices were out of line with increased costs. Prices are too high because costs are too high. Costs are high because we are spending too much money for too little production."

Irving Fisher, noted economist, warned Nov. 20 that we are living in a fools' paradise due to governmental mismanagement of money—sale of too many government bonds to banks in return for newly created credit—checkbook money or "invisible greenbacks"—which now total 110 BILLION DOLLARS. The banks' demand deposits last week were in excess of \$9 BILLIONS. That's a lot of money, a lot of pressure, at a time when shortages are widespread.

James Truslow Adams, noted historian and writer, declared Nov. 19 that "the next crash will make 1929 look like a piker." Listen to this:

"After every war, eventually the loss of capital goods has to be made good, and it can only be made good the hard way. In this World War we have destroyed more capital goods than ever before in the history of the world, and the crash will be correspondingly great."

Randall R. Penhale, state director of the school savings program sponsored by the U. S. treasury department, dropped in at the writer's office last week to discuss the need for thrift in today's period of fantastic inflation. Penhale's remedy: Buy only what you actually need; save as much money as you can. Today's inflation is certain to be followed by times of great distress.

We extend to the legislature our personal sympathy in their efforts to allay Michigan's financial distress. Regardless of what they do, it will be wrong to some persons.

## Watch Grade and Size for Bargains in Eggs

If it's eggs you're buying—do you know a bargain when you see one?

Jeanette Lee, assistant to the dean of home economics at Michigan State College, says that most of us seem to prefer large white eggs these days.

Medium size and small eggs are plentiful and may be more economical than large ones. That depends on the price for each—and you'll have to do a little arithmetic to decide which will save you more money for the same amount of food value.

A dozen large eggs weigh at least 24 ounces. A dozen medium size eggs weigh 21 ounces and the small pullet eggs 18 ounces. So a dozen pullet eggs is equal in food quantity to three-fourths of a dozen of large eggs. If the price of small eggs is less than three-fourths that of large eggs—then they're a better buy.

With medium size eggs, if the price is more than one-eighth lower than large eggs—then they're a better buy. Brown eggs are a bargain at any season if the price is lower than white ones of the same size. The food value of eggs is the same whether the shell is brown or white.

Watch for the prices of different grades of eggs, too. Remember, lower grade eggs have just as much food value as better grades. Grade AA and A eggs are most satisfactory for boiling, poaching, or frying. Grade B and C eggs, which are usually cheaper, are entirely satisfactory for many cooking and baking purposes.

**Sheep Disease**  
Exposure to sunlight after eating certain weeds causes bighead in midwest farm sheep. When the characteristic thick ears, yellow eye membranes, and constipation appear, the best remedy is to give the flock the run of a cornfield.

**Funnel of Limer**  
The forward funnel of the Queen Elizabeth is 70 feet high, with a diameter of 44 feet, wide enough to permit locomotives of such crack trains as the 20th Century Ltd., the Superchief, the Champion and the Silver Meteor to pass through abreast!

## Give Special Care to Swine Breeding Herd for Better Pig Crop

The farmer interested in good large litters of quality March pigs should now be giving special care to his swine breeding herd. W. N. McMillen, research associate in animal husbandry at Michigan State College, reminds farmers that sows to farrow in March must be bred in November or early December.

Adequate floor space and warm housing is necessary to prevent flu and other diseases among the sows. Oiling the animals for lice and spraying with lime sulphur for mange should also be accomplished. The breeding stock should be fed some distance from sleeping and housing quarters to insure plenty of exercise.

McMillen recommends salt, ground limestone and bone meal as especially good minerals. If meat scraps, tankage, soybean oil meal or other protein supplements cannot be bought, it is advisable to feed about 1½ per cent mineral and include 20 per cent more alfalfa or clover meal in the ration. This will help take the place of hard-to-get supplements.

The swine specialist reminds that you should remember to provide plenty of water at all times. Hogs often suffer from a lack of water in cold weather.

ORDER FOR PUBLICATION—FINAL ADMINISTRATION ACCOUNT.

State of Michigan, the Probate Court for the County of Tuscola.  
At a session of said Court, held at the Probate Office in the village of Caro, in said County, on the 21st day of November, A. D. 1946.

Present, Hon. Almon C. Pierce, Judge of Probate.

In the matter of the Estate of Mrs. Agnes Walk, Deceased.

Howard Retherford, having filed in said Court his final administration account, and his petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It is ordered, that the 16th day of December, A. D. 1946, at ten o'clock in the forenoon, at said Probate Office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Cass City Chronicle, a newspaper printed and circulated in said County.

STATE OF MICHIGAN—The Circuit Court for the County of Tuscola, in Chancery.

Bruce Brown, administrator of the Estate of Margaret J. Hall, deceased, Plaintiff, vs.  
Mrs. Richard Meredith (sometimes known as Agnes Meredith), Robert W. Atfield, Angus Meredith, or their unknown heirs, devisees, legatees and assigns, Defendants.

The Fortieth Judicial Circuit: In chancery. Before me, a Circuit Court Commissioner of the County of Tuscola, at my office in the Village of Caro, County of Tuscola, Michigan, this 19th day of November, 1946.

On reading and filing the Bill of Complaint in said cause and the affidavit of Bruce Brown attached thereto, from which it satisfactorily appears to the Court that the defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary parties defendant in the above entitled cause, and

It further appearing that after diligent search and inquiry it can not be ascertained, and it is not known whether or not said defendants are living or dead, or where any of them may reside if living, and, if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said defendants are unknown, and the names of the persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, can not be ascertained after diligent search and inquiry.

On motion of Timothy C. Quinn, attorney for Plaintiff, it is ordered that said defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months from the date of this order, and in default thereof that said Bill of Complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further ordered that within forty days plaintiff cause a copy of this order to be published in the Cass City Chronicle, a newspaper printed, published and circulated in said County, such publication to be continued therein once in each week for six weeks in succession.

EATES WILLS,  
Circuit Court Commissioner,  
Tuscola County.  
Countersigned:

FRED MATHEWS,  
Clerk of the Circuit Court.

## WHEN Potash TELLS ITS STORY

AFTER the crops are harvested and a check-up of their yield and quality is made, the story of potash is told. Good yields of high quality mean that soil and fertilizer supplied enough of this necessary plant food. Low yields and poor quality may have been due to lack of potash. Now is the time to review your fertilizer program and start making your plans for the next growing season. Have you had your soils tested? If not, ask your official agricultural adviser about such tests to see how much available potash they contain. He also can tell you how much your soil and fertilizer must supply for the crops you intend to plant next year.

**Interest Shown in  
Michigan Dairy Herd  
Improvement Plan**  
Dairy Herd Improvement Asso-  
ciations, which have done much to  
improve the economy and efficiency  
of dairy production, have made  
outstanding gains in Michigan in  
the past year.  
L. A. Johnson, Michigan State  
College dairy specialist and in-  
charge of the 92 Michigan asso-  
ciations, reports a gain of 37  
groups in the past year. The num-  
ber of herds has increased by 672  
to reach 2,208 and the number of  
cows in these herds now total  
28,180 — a gain of nearly 10,000  
in the last year.  
On Dec. 2 at Fremont, Mich.,  
a celebration was held com-  
memorating the beginning of dairy  
herd improvement work in the  
United States. It was held in the  
same Grange hall where 40 years  
before the 31 dairy herd operators  
met to hear the first annual report.  
Attending this year's meeting  
of the Newaygo association was  
George Dobbin, now of Muskegon,  
who was one of the founders of  
the group.  
O. E. Reed, chief of the bureau  
of dairy industry, U. S. Depart-  
ment of Agriculture; E. L. An-  
thony, dean of the school of agri-  
culture at MSC; Clarence Mullett,  
county agricultural agent of New-  
aygo County, and A. C. Baltzer,  
MSC extension dairyman, ap-  
peared on the program as did  
Johnson.  
Interesting is a comparison of  
records of this association for the  
first year of operation, 1906, with  
the year of 1945. Back 40 years  
ago the average cow produced  
5,336 pounds of milk and 215  
pounds of butterfat. In 1945 the  
production per cow was 8,055  
pounds of milk and 361.8 pounds  
of butterfat. That's a 60 per cent  
increase in the 40-year period.  
These associations are a co-  
operative arrangement between 25  
or more dairy herd owners who  
agree to pay the wages of a  
DHIA supervisor for accurate milk  
weight, butterfat test and feed  
data on all cows in herds owned  
by the farmers.

**Eaton, the New Oat  
Variety, Ready for  
General Planting**  
Eaton, the new oat variety de-  
veloped by plant breeders at Michi-  
gan State College, will be available  
for general planting next spring.  
E. E. Down, farm crops research  
specialist at MSC, says this new  
variety has proved outstanding be-  
cause of its stiff straw and high  
yield. Over-state tests in southern  
and central Michigan showed its  
yield slightly higher than the new  
Clinton variety.  
Since it is resistant to all forms  
of rust, has white grain and a test  
weight equal to any other Michigan  
variety except Huron, Eaton may  
prove highly satisfactory. Down  
said, however, it does not seem to  
be as well adapted to the upper  
peninsula as it does to lower  
Michigan.  
Eaton oats grow about four  
inches shorter than Huron and  
four to six inches taller than Vic-  
land.  
In the first field tests, George  
Moore of Elsie produced 1,156  
bushels of cleaned seed from 12  
acres in 1945. In 1946 field tests,  
the lowest yield was 40 bushels  
per acre and the highest 109  
bushels per acre. The differences  
were largely due to weather con-  
ditions, Down believes.  
The Michigan Crop Improve-  
ment Association is preparing a  
list of growers of this new seed.  
After Jan. 1, county agricultural  
agents will have information as to  
where seed may be purchased.  
Farmers interested may also write  
the Michigan Crop Improvement  
Association Farm Crops depart-  
ment, Michigan State College, East  
Lansing, Mich.

**Check on Germs**  
(Emerson Yorke Studio)  
The patch test, which this youth  
is taking, is one form of tuberculin  
test—the test which shows whether  
tuberculosis germs are present in  
the body. It does not reveal whether  
the lungs are diseased. Positive re-  
actors should have periodic chest  
X-rays to be sure their lungs are  
healthy. Tuberculin testing pro-  
grams, accompanied by health edu-  
cation, are supported by tubercu-  
losis associations from funds raised  
through the sale of Christmas Seals.

**Better Bait**  
Once a small girl had a tooth  
pulled. She put her tooth under her  
pillow so the fairies would bring  
her some money.  
The small girl's father had a  
bridge with five false teeth on it.  
When the small girl awoke she  
found 15 cents under her pillow.  
She ran and showed her father  
the money and said, "Daddy, I got  
three nickels for one tooth, so let  
me put your teeth under my pillow  
tonight and see how much I will  
get."

**Eggs Nutritious**  
Eggs are one of the best tissue  
builders, containing high-quality  
protein. The yolk is an excellent  
source of iron. Eggs are rich in  
vitamin A and contain thiamin, rib-  
oflavin and vitamin D.

**Soil Supports All**  
Soil is that thin film between the  
earth and sky that supports all liv-  
ing things, says Dr. Charles E. Kel-  
logg of the department of agricul-  
ture. Beneath lie the sterile rocks,  
above it are the air and sunshine.  
From it all plants and animals, and  
man himself, draw their nourish-  
ment, either directly or indirectly  
from other things that live in soil.  
To it their dead bodies return.  
There is no life without soil, and no  
soil without life; they have evolved  
together.

**Science vs. TB**  
(Emerson Yorke Studio)  
In many laboratories throughout  
the country scientific studies are  
being conducted to learn more  
about the germ which causes tuber-  
culosis. As a result of these studies,  
science hopes one day to find a spe-  
cific cure for the disease. Christmas  
Seal funds help support medical  
research.

**Garden Superstition**  
A quaint custom exists to this day  
in many parts of our own country.  
When someone gives away a plant,  
cuttings or seeds from his garden,  
the recipient must not thank him.  
If thanks are given the plants or  
seeds, it is believed, will not grow  
well.

**Reads Heart**  
An electric eye device that en-  
ables medical science to detect  
heart disease in its early stages has  
been developed. Supplementing the  
cardiograph, it makes possible an  
accurate picture of heart motions.

**Rat Waste**  
It takes 50 pounds of grain (or  
its equivalent) to feed a rat a year.  
In addition to what it eats, a rat  
will waste anywhere from 50 to 100  
pounds by making the product unfit  
for market or by contaminating  
it so it is unfit for use by humans  
or livestock. Rat damage lowers  
the market grade of grain. Animals  
frequently refuse feed polluted by  
rats.

**Feed Value of Hybrids**  
Reports that hybrid corn is not  
so high in food value for livestock as  
is open-pollinated varieties have  
been disproved by Michigan State  
college tests. Dr. P. J. Schaible, ag-  
ricultural chemist, in recent tests  
showed that certain hybrids are  
as high or higher in protein than the  
open-pollinated varieties. Different  
types and varieties of both open-  
pollinated and hybrid corn were fed  
to chicks. Dr. Schaible said that  
there seemed to be no significant  
differences between the results ob-  
tained.
