## 150 Hear School Reorganization Discussed Friday

Approximately 150 people attended the meeting at the Cass City school Friday evening, sponsored by the local Grange, at which time the reorganization of school districts in this community was discussed. Frank Hutchinson, a representative of the Grange and former secretary of the local board of education, presided as chairman.

C. U. Brown, president of the board of education, stated that the Cass City school was crowded and that the addition of three class rooms next fall or a reduced enrollment of pupils was under consideration. If the present building is enlarged, it is not equitable to furnish the extra room unless there is a broader base for taxation. The present bonded indebtedness of the local school is not large, he said, and the debt is nearly paid.

Ben McComb, county school commissioner, said that since 1932, school officers, friendly as they are to the rural school, began to see that primary money and local taxes were insufficient to maintain a good school. Teachers' wages will not go back to their old standards and many communities are providing larger taxing units. He cited the recent consolidation of nine districts into an agricultural school unit at Unionville and said that Millington Township will vote at the spring election on the project to form a larger school district to meet the changing demands of education in rural areas.

Audley Rawson, an officer of the Grange, concluded on page 10.

## Sandwich Possibility

Peanut butter has many possibilities in sandwiches. When added to chopped carrot, shredded cabbage or diced onion, a crisp, chewy spread results. If peanut butter is added to dried fruits, jelly or honey, the result is a sweet sandwich. When combined with chopped pickle, chili sauce or catsup, still different flavors are achieved.

Erwin D. Wright passed away Sunday night, March 16, at a Pontiac hospital, where he had been a patient for the past ten years.

Mr. Wright was born October 3, 1883, in Cass City, the son of Mr. and Mrs. Delos Wright. He was married to Miss Bessie Mae Marshall April 6, 1909, in Caro. He is survived by three daughters, Mrs. Leland Fessler of Detroit, Mrs. Ruth Wright of Lapeer, and Miss Violet Wright of Brown City; three sons, Carl Wright of Cass City and Louis and Gaylord Wright of Utica, Michigan; one sister, Mrs. Laura DeLong of Decker; one brother, Irl Wright of Battle Creek; and ten grandchildren. A daughter, Helen, preceded him in death.

Funeral services were conducted Wednesday afternoon from the Little Funeral Home, the Rev. F. Houghtaling, of the Nazarene Church, officiating. Final resting place was in the Elkland Cemetery.

INTERPRETING THE NEWS

Politics makes for strange bedfellows. One of the unforeseen, odd tricks of fate is the bi-partisan, parallel positions of President Harry Truman, a Democrat, and two key Republican leaders of Michigan, Senator Arthur H. Vandenberg and Governor Kim Sigler, on the menace of Communism.

Governor Sigler has been hammering away consistently, in recent public addresses, at the Communist "Fifth Column" movement in Michigan. He has called attention specifically to the existence of a Red-inspired organization, "American Youth for Democracy," on college campuses in Michigan.

While on a visit in Washington the governor conferred with J. Edgar Hoover, top G-man who heads the FBI. The Hoover files show that American Youth for Democracy was created on October 17, 1943, at the Mecca Temple in New York City to succeed the dissolved Youth Communist League. On Nov. 29, 1945, the Communist Party admitted its sponsorship of American Youth for Democracy, stating "the most important and effective channel for organizing and promoting effective action of youth is the American Youth for Democracy."

The establishment of Michigan campus units of American Youth for Democracy was in line with the Communist Party's strategy in the United States to inculcate Marxist and Communist principles among our youth.

Quoting Governor Sigler: "It is the same American Youth for Democracy."

IN LOVING memory of our dear mother and sister, Pearl L. Creger, who passed away one year ago March 19, 1946. I cannot say, and I will not say that she is dead, she is just away. Committee:  
FRANK BAKER, Chairman.  
MOTION MADE BY SUPERVISOR HUTCHINSON AND SUPPORTED BY SUPERVISOR JENSEN THAT THE REPORT BE ACCEPTED AND THE CLERK INSTRUCTED TO DRAW ORDERS FOR THE SEVERAL AMOUNTS. MOTION CARRIED.

PROSECUTOR ATTORNEY GUY G. HILL came before the Board and presented the following report: To the Hon.

Board of Supervisors of the County of Tuscola, Mich. Mr. Chairman and Gentlemen: In compliance with your request in your January Session of 1946, that I check up and report back to you on the matter of a fine and costs imposed on one, R. J. Willis of Gagetown, Michigan. Therefore I report as follows: On January 30, 1946 I called at the office of the Justice of the Peace, Frank St. Mary, relative to this matter referred to me by you.

Mr. St. Mary and myself entered into a discussion of this matter and he frankly stated that at that time that there had been no warrant issued on June 29, 1945 for Mr. R. J. Willis, and that when a person was apprehended for a violation of the traffic laws, that a ticket was issued and the offender to appear. That in this particular matter there was a ticket used.

Mr. St. Mary further informed me that no further form of complaint was made nor a warrant asked for. He said that the ticket was not available. That it had either been lost or misplaced, and he could not find it. That the kept a record of such traffic offenses except tickets issued.

He also informed me that Mr. R. J. Willis had been charged on the ticket. That he imposed a fine and costs upon him, which Mr. Willis paid for by check.

In January, 1946, report I find according to the records in the County Treasurer's office that the fine was \$2.00 and the record shows it in the following manner: R. J. Willis, ticket, fine \$2.00; Justice Court \$2.00; total \$2.00. Error—1946, officer paid \$2.00. Mr. St. Mary explained this matter to me in the following language:

"In September when St. Mary took off his balance he found that he had a ticket for a traffic offense in the

Democracy that is accepted as a campus activity at Wayne University, Detroit. There also a weekly Marx study group meets on the campus.

"It (AYD) functions on the University of Michigan campus under the name of Michigan Youth for Democratic Action, an affiliate of AYD.

"The public knows that the AYD was refused the status of a campus activity by the Student Council at Michigan State College."

Governor Sigler concluded: "Fellow citizens, it is clear that Communism is a serious menace to America."

The identical principle was emphasized by President Truman in his historical and momentous address to Congress Wednesday, Mar. 12.

On the World War II theory that the outposts of our American freedom are world-wide and that our freedom must be defended anywhere and everywhere in this modern age, President Truman warned that "totalitarian regimes imposed on free peoples, by direct and indirect aggression, undermine the foundations of international peace and hence the security of the United States."

President Truman is convinced, and apparently Senator Vandenberg shares this viewpoint, that the United States must halt the march of Communism in Europe if it is to prevent the spread of Communism in the United States.

Here, verily, would be the "show-down," should we undertake the staggering task, between Democracy and Communism," to quote from our news-letter of last week. Here is the grim reality of our "new world," a further disillusionment to the veterans of World War I and II.

Senator Vandenberg, chairman of the senate foreign relations committee, believes that our challenge to Russia is not incompatible and inconsistent with our loyalty to the United Nations as the post-war hope for world peace.

"We cannot fail to back up the President at such an hour," declared the Michigan senior senator. "The President's hand must be upheld."

Emphasizing the familiar theme that the outposts of our American freedom are global, the senator asserted flatly: "The independence of Greece and Turkey must be preserved not only for their own sakes but also in defense of the peace and security for all of us."

President Truman contrasted the American way of life with the Communist system whereby "the will of a minority" is "forcibly imposed upon the majority" through the weapons of "terror and oppression, a controlled press and radio, fixed elections and the suppression of personal freedoms." These are hard words.

He proposed that we champion "free people who are resisting attempted subjugation by armed minorities or by outside pressures" and that we "must assist free peoples to work out their own destinies in their own way."

Senator Vandenberg is reported to be in complete accord with President Truman. He would support the enemies of communism. He would employ our power to block the expansion of world communism which villifies the West and infiltrates into our democratic organizations.

Governor Sigler would halt the spread of Communism in Michigan, and he cites the American Youth for Democracy as an example. President Truman and Senator Vandenberg would halt the spread of Communism to the United States by checking it in Europe. The principle is pretty much the same; the difference is that of geography and methods.

Now it must be obvious to every thinking American that world crusade for a better way of life, if such is to be undertaken by the United States through our constitutional process of Congressional action, will be far-reaching in its ultimate effects and obligations.

Gifts of \$250,000,000 to Greece and \$150,000,000 to Turkey would be just a drop in the bucket should

Russia take up the challenge.

How far is the United States ready to go to support this new policy of foreign relations? Are we willing to support it with our sons as well as our dollars? Can we rely solely on our temporary possession of the atomic bomb as insurance against war with Russia?

These are blunt questions. They demand frank answers.

One of the freedoms we cherish is the right to govern ourselves. The decision of Congress will rest on the decision of thinking Americans.

The "Ike" Parsch team again takes over the top spot in the league standings with its 27 point totals and leads by a one point margin over the Reid pinpointers. Both of these teams collected four points each to keep their teams in the race for top honors.

The Dillman and Larkin teams also swept through their series to pick up four points apiece but the Dillman Five has a better chance to overhaul the leaders as they are but two points out of first place. Four bowlers managed to hit the maples for totals sufficient to make the week's honorable mention roster. Freddie Knoblet from the Dillman squad heads the quartet with 563 pins while Cecil Larkin and the league secretary each contributed 559 pins each. Jack Hubbard, the stubby Deford star bowler, followed with 553 maples. Only a few 200 games were bowled. Knoblet's 214 counter was tops, McClurey 211, Maier 211, Reid 209, Landon 206, Larkin 204, J. **Drying Off Cow**

The best way to "dry off" a cow that persists in producing milk right up to calving time is to cut off all feed except hay, and milk the cow only when the udder is distended. As soon as the cow is safely dry, she should go back on full rations.

**Rowed Across Atlantic**

Two men named Ivar Olsen and John Traynor crossed the Atlantic ocean in a rowboat in 1881. The rowboat was 14 feet long, and the men rowed from Bath, Maine, to Le Havre, France, a distance of approximately 3,000 miles, in 53 days.

**Favorite Combination**

A survey by a leading American paint manufacturer has developed that white with green trim continues to be the most popular exterior color scheme for houses. However, it is noted that there are various shades of green and that just any green won't meet all requirements.

**Elmwood Center**

Mrs. Charles Cutler of Unionville visited her parents, Mr. and Mrs. W. C. Morse, on Monday.

Keith Charlton spent Saturday night and Sunday with his cousins, Alvin and Maurice Evans.

Mr. and Mrs. Cecil Barriger and children were Sunday visitors at the Perry Livingston home.

Mr. and Mrs. Perry Livingston, Mrs. Lewis Livingston and son, David, and Arthur Livingston spent Wednesday in Bay City with Mrs. Robert Joiner.

Rev. and Mrs. Alson and son, Phillip, Jeanne Mitchell and Ruth Ewald were Sunday visitors of Mr. and Mrs. Clare Bullis.

Mr. and Mrs. Clare Bullis called at the Earl Hillaker home on Saturday night.

Mr. and Mrs. Sherwell Kelly and Mr. and Mrs. Ernest A. Kelley of Caro were in Detroit Wednesday to attend the funeral of their aunt, Mrs. Ernest W. Kelly.

Mr. and Mrs. Merle Beardsley and family and Miss Margaret Thomson, were Sunday dinner guests of Mr. and Mrs. Sherwell Kelly.

Mr. and Mrs. Kenneth Charlton and Mrs. Norman Gillis were dinner guests on Sunday at the LeRoy Evans home. In the afternoon, all visited at the Lewis Severance home in Akron. Mr. and Mrs. Severance are the proud parents of twin babies.

George Evans of Ellington was a dinner guest at the Harold Evans home on Sunday.

Mrs. LeRoy Evans entertained 14 boys and girls after school Monday in honor of the 9th birthday of her son, Alvin. Games were played and ice cream, cake and cookies were served.

**Remove 'Hot Spots'**

Peeling of paper or paint in places in your home may be caused by "hot spots" in the plaster, that is, where the lime was not properly slaked. Painting over these spots with an aluminum paint will prime these spots and you should have no more trouble.

**Vegetable Storage**

Both onions and potatoes do best under cool storage of around 40 degrees, but onions keep best if the humidity is 60 per cent or drier, while potatoes keep well in a more damp atmosphere to prevent shrinkage or shriveling.

**COLD NO'S**

No, your snow-melting isn't of much help. And while you're at it, defrost your wits as well as your windshield so you won't get caught with your pants down again. You must see danger to avoid it, so keep those defrosters and wipers working. Don't forget the heater, tire chains and headlights, either, when preparing for winter.

**Cholera Fatal**

An attack of cholera may prove fatal in one or two hours after it is noted.

**FOOD A&P STORE****It seems like yesterday**

It seems like yesterday that Nancy was playing with dolls. Now she's pushing her own baby carriage. Yes, there's been a lot of changes in the last 20 years—most of them so gradual we hardly notice them at all.

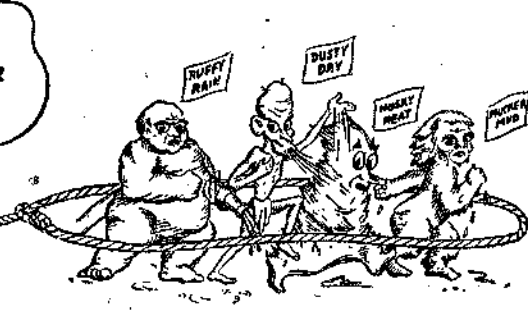

Nancy didn't grow up all at once. A tooth at a time—a curl at a time—an inch at a time—and suddenly a little kid sister was Mrs. Joe Jones, mother of Joe, Jr.

Like Nancy, the use of electricity has grown a lot in the last 20 years. But the price of electricity has been going down steadily. You may not have noticed it because your bill probably stays about the same—but how many appliances have you added to your home since '27? Now, you are getting nearly twice as much electricity for your money as you did then.

**VETERAN NEWS**  
From the OFFICE OF VETERANS' AFFAIRS  
LANSING

Legislation to Liberalize NSLI  
Legislation was signed by President Truman last week designed to further liberalize the National Service Life Insurance Act for some ten million World War II veterans who have allowed their term policies to lapse. The new law gives the Administrator of the Veterans Administration authority to determine the conditions of reinstatement by administrative regulations.

General Omar N. Bradley, VA Administrator, immediately announced that veterans who have allowed their NSLI term policies to lapse at any time in the past may be reinstated without taking a physical examination provided they are in as good health as they were at the time of lapse, and provided they make two monthly premium payments.

These liberal reinstatement provisions will remain in effect until August 1, 1947. Also, under the new law, a veteran may obtain any permanent NSLI plan without previously having held a term insurance policy. Under the old law, VA was required to issue NSLI originally on a term plan only, and it could not be converted to a permanent plan type until one year after the policy was first taken out.

The new act provides, in certain cases, for automatic conversion of term insurance to a permanent plan if the policy holder is totally disabled. Under the old law, if he failed to convert within the term period, protection ceased.

All NSLI policies provide for a waiver of premiums for veterans who become totally disabled for six or more consecutive months. Even though premiums are being waived, these veterans can convert their term policies to all types of permanent insurance, except the endowment plan type. The premium will be waived during the continuance of the total disability.

**DECKERVILLE FARMER SAVES TIME IN HIS MANAGED MILKING**

You've heard a lot about managed milking and how it can reduce chore time. Here's a story about a Sanilac County farmer who put some of the principles of managed milking into practice with good results.

Maurice Lee of Deckerville heard about managed milking from his county agricultural agent and over the radio and read about it in extension articles. Maurice was interested in getting his cows milked in as short a time as possible, so he followed the suggestions.

His milk house was already next to the barn—helping him to save steps—but he needed hot water for washing the cows. He installed an electric hot water heater, which was also a great help in washing the milking machine and other utensils.

Maurice is now milking 16 Holsteins with two units in about 40 minutes. First, he draws off a pail of hot water and adds chlorine powder. With a clean cloth, he washes the first cow, puts on the milker, washes the second cow and puts on the second unit. By this time, cow number three is washed and ready to be milked. Thus he continues until all the 16 cows are milked.

One or two cows were a little slow at first but now all are responding perfectly to the managed milking system.

Maurice's regular routine is to enter the barn at 6:00 a. m., milk and feed 16 cows, feed the calves, clean out the gutters and wash the utensils, and return to the house by 7:10 a. m.

That sounds like there was something to managed milking.

**GIRL SCOUTS OBSERVED ANNIVERSARY WEDNESDAY**

The 35th anniversary of Girl Scouting in America was observed with a dinner and short program presented by the Girl Scouts at a gathering in the social rooms of the Methodist Church Wednesday evening, Mar. 12. Birthday cakes graced the tables at which about 160 Girl Scouts, their parents, Scout leaders and committee members enjoyed a fine dinner.

Mrs. Robert Schuckert reported that the Scout treasury had been enriched by a little more than \$60 by the sale of theatre tickets for the movie last week which was sponsored by the Scouts.

There are 30 of the younger girls, known as Brownie Scouts, and 20 of the intermediate Girl Scouts.

**PRES. GUILD HAS QUIZ PROGRAM**

Mrs. C. R. Hunt was hostess Monday evening to the Presbyterian Guild Society. Mrs. H. T. Donahue conducted the devotions and Mrs. Alex Tyo and Miss Marjorie Myerholtz presented a most entertaining program. A quiz program was a take-off on several well-known radio broadcasts and pieces of candy instead of money were the awards for correct answers. To Mrs. Frederick Pinney was awarded the outstanding prize of the evening, a beautiful plant. Contestants answered questions on religion, music, mythology, French expressions, slogans, cities, American history and an "unscramble". Miss Marian Croft served as pianist for the questions on music.

The hostess, assisted by Mrs. Harold Perry, served refreshments in keeping with St. Patrick's day.

**DEFORD**

Bertha A. Brady has returned to her home on east Deckerville Road. Her home has received a complete paint job inside, also a new, complete bath with stall shower. A cobblestone fireplace offsets the living room and she boasts of a Hollywood kitchen. In fact, with the late additions of the white cement exterior it makes quite a pleasant change in that vicinity.

The want ads are newsy, too.

**150 Hear School Reorganization Discussed Friday**

Concluded from page 1.

Bird rural school district, said that community closed its school 11 years ago and found the change in transporting their pupils to Cass City quite successful and that the Bird district had been greatly favored by the Cass City school.

Dorr Stack of the Michigan Department of Public Instruction, called the audience's attention to the fact that the Cass City district had offered the school's services to the people of the rural community for years at the local district's building expense. Erecting a \$200,000 building several years ago that would require twice the outlay to erect today, the Cass City district has been offering its services to non-resident pupils at less than cost for their education, but it is unfair to expect such a program to continue. Most reorganizations and consolidations of school districts are being made in the lesser populous communities of the state, he said.

Questions by the audience were answered by Mr. Stack and brought information regarding the methods of voting on reorganization, school board representation and other matters of interest.

A representative of the sociology department of Michigan State College also spoke on the reorganization plan.

Doughnuts and coffee were served at the close of the discussion period.

**Millington Man Died in McKinley Home**

Funeral services for Ernest L. Ackley, 68, a native of Millington, will be held Friday at 2 p. m. in the Douglas Funeral Home. Rev. Arnold Olsen will officiate and burial will be in Millington. Surviving him are two sisters: Mrs. Ada Rennells of Cass City, and Mrs. Deborah Klich of Port Huron, and several nieces and nephews.

**64 Scholarships Offered by M S C**

Sixty-four alumni undergraduate scholarships having a total value of \$8,640 will be offered graduates of accredited Michigan high schools this year by Michigan State College alumni, it has been announced by Glen O. Stewart, director of alumni relations at the college.

There will be at least one award in each of the state's 32 senatorial districts, and, in most cases two will be honored in each district. The individual scholarship is worth \$135, or \$45 per term, and represents a waiver of tuition by the college. If scholastic standards are maintained, the grant may be continued through the entire college course of 12 quarters.

Applications for scholarships will be handled by alumni committees in the various senatorial districts. Each committee may choose a maximum of six candidates. To be eligible applicants must have been in the upper one-third of their class and must have shown leadership in high school.

April 15 is the deadline for filing applications with district chairmen. Scholarship winners will be designated by a college faculty committee after an examination of contestants early in May. High school seniors or graduates of former years who have not previously attended college are eligible for the scholarships.

The chairman in district 20, comprising Tuscola, Huron and Sanilac Counties, is Willis Campbell, superintendent of Cass City High School. Application blanks may be obtained from him.
