Cass City Schools To Open Next Wednesday

Number of Changes Have Been Made in the High School Program

School will open on Wednesday morning, Sept. 3, at Cass City and busses will make their usual routes. Students living on farms off the bus route should try to get to the bus the first morning. Routes will be readjusted to suit the majority Red Cross Service of patrons. of patrons.

Activities for the junior and senior high school will begin with a get-acquainted assembly program Chairmen Are scheduled for nine o'clock Wednesday morning. Following this, students will report to their home rooms where those who enrolled last spring may secure their program slips. In some cases, changes in elections will be necessary due to conflicts or other difficulties. New students will also be enrolled during this period by the home room teachers.

Beginning at 1 p. m., all classes will meet for half hour sessions and regular periods will begin on Tuscola Chapter of the Red Cross Thursday morning.

Lounsbury Featured in Farm Magazine

E. O. Lounsbury, Elkland Township farmer, is featured in an article in the September issue of Capper's Farmer entitled "Tractor Mounted Seeder."

"Grass seed," the story in the farm magazine points out, "is sown in a hurry at the E. O. Lounsbury farm. Lounsbury mounted a seeder on his tractor. It will cover a swath as wide as two 11-hole drills. The units were designed to be mounted on a finger-type weeder. He seeds legumes and grasses on winter wheat when there is just enough early spring snow to see the tractor wheel marks across the field.'

Bean Harvesting **Methods Should** Be Chosen Now

The 1947 field bean crop has son, but the answer to whether there will be a good, fair or poor harvest will come shortly.

H. R. Pettigrove, field bean specialist in the Michigan State College farm crops department, advises that farmers should be making plans now for harvesting. There are several methods of handling beans at harvest time and a choice should be made and equipment prepared. There will be little time to decide when the harvest starts.

The field stacking method is perhaps the surer way, but many growers feel it is a rather hard and tedious job. Some prefer to combine from a windrow and others bring beans to the barn for thresh-

Well-built bean stacks provide effective insurance against weather damage, and threshing can be done when convenient.

Beans that are windrowed usually require at least three days of curing before threshing. This means taking chances with the weather during that period. Beans that become wet in the windrow discolor and more culling is necessary. Harvesting and stacking amination. in condition to withstand unfavor-

Real Estate Deals **Again Numerous in** This Community

Many Changes Are Noted in Village, Farm and **Business Properties**

Following a slight lull in real state purchases in early summer, "dealings in dirt" are again becoming frequent in this commu-

In village realty deals, E. W. Kercher has sold his North Oak St. residence to Stanley Morell, local business man, and Mrs. F. A. Bigelow of Bay City has disposed of her East Main St. house here to John Laux, Sr., of Sebewaing. Fred Ryan, who recently purchased the residence of the late Mrs. Geo. Burt on West St., has sold his home on East Houghton St. to his son, Clifford Ryan. Another father-to-son sale is one of two houses Ray Lapp, Sr., is erecting on East Church St. The new owner is Ray H. Lapp, Jr. The other house Mr. Lapp sold to E. W. Ker-cher recently. Ray Lapp, Sr., has two basements excavated for two more new houses in the same block as those he recently sold. He is now paying rent and plans to retain one for a home of his own.

Some weeks ago, Louis Crocker purchased a new residence in the Pinney & Kinnaird addition from Michael Frederic.

In business properties, James E. King, proprietor of King's Cleaners, has purchased from M. C. Mc-Lellan the block erected last fall on East Main St. and occupied by the McLellan Hatchery. Mr. King Miss Betty Hower will greet the plans to move into his new quarters late in September.

The Brinker & Armstrong Lumber Co. has purchased the lot across the alley and directly north of their East Main St. property the Dillman school the first year of them Mrs. John Cole and her son, Mrs. Stanley Muntz will return George. The company plans to to the Stone school in Greenleaf erect an additional building to

> West Church St. has been sold to Manley Asher who will take over the management soon.

Farm deals are also prevalent. Findlay Martin and Bertha Chadwick have sold their 80 acres in Novesta Township known as the Neil Martin place to George Kloc. Alex Paladi sold 40 acres 6 miles south, 1 east and 34 south to another Alex Paladi. Ed Cooper has transferred 60 acres two miles school. Other schools in this unit southeast of Decker, the purchaser

Mrs. Featherston remained here until Monday and her sons, James and Donald, of Brantford came Saturday to spend the week end here, returning home on Monday.

Mrs. H. H. Koffman presided at the business meeting of the Ladies' Auxiliary of the American Legion Monday evening in the absence of the president. Sept. 22 was the date set for installation of officers for the coming year when Mrs. Lena Atwater of Harbor Beach, seventh district president, will be here. Mrs. Alex Tyo, Mrs. Irving Parsch and Mrs. Harold Hulburt are purchasing gifts this week for the "Gift Shop" for veterans' hospitals, to be sent from this unit. Following the business meeting, games were enjoyed and the committee served sandwiches, cake and

Two stews, wandering about the waterfront, stopped at the edge of a pier. The first drunk peered into the water and then turned to his pal. "Betcha five dollarsh," he drooled,

that I can shtay under water for 10 minutesh.' The second drunk waved a hand. "Thash a silly bet," he said. "If you:

shtay under water 10 minutesh,

you'll drown yourself." The first drunk looked at his pal. 'Ah," he hiccoughed unhappily, 'somebody told you the trick!"

Disappointment

The little girl wanted to see the dog doctor. The family pet had been sick and had to be taken to the vet and she wept because she missed going along.

The next time the dog took sick she coaxed and was permitted to go too. But when she came home from this visit she seemed just a little deflated in spirits and her mother asked her why. "Well," she explained, "that doctor wasn't a dog at all; he was just a man."

The Higher Things

The new maid had a habit of leaving the kitchen radio on from morning to night, so that her mistress was almost driven crazy with the constant blaring of soap operas. Finally she gave orders that the radio was to be silenced, whereupon

the maid gave notice. "I do not care to work," she said with simple dignity, "in a home where there are no cultural in-

DEFORD

Death of Charles Kilgore—

by death at 8:30 p. m. on Wednesday, Aug. 20. Mr. Kilgore's noticeable illness began about a year ago, and he found it necessary to submit to a very serious operation which was performed at University Hospital, Ann Arbor. During the past year, he was not at all strong but attended to the lighter duties around the farm, and that of Novesta Township's supervisor which position he has held during the past two years. Three weeks ago, a recurrence of his ailment caused him to seek help at the University Thursday, Mrs. Chas. Samaras of Hospital but the result was failure to give relief. Returning to his Ilion, home, constant suffering caused him to enter Pleasant Home Hospital at Cass City where the doctor urday at the Malcolm home were and nurses could lessen the pain and where he passed away.

Charles, son of Rufus and Georgiana Kilgore, was born in Armada Township, Macomb County, July 3, 1889. His parents came to Deford vicinity in 1892, and since 1905, he resided at the present Kilgore farm, with the exception of two years in Pontiac.

Nov. 30, 1910, he was united in marriage with Zeleigh Ross, who died Aug. 19, 1988. On April 5, he was united in marriage with Jeannette Bright.

Our vicinity has lost a good eighbor, our church has lost a fine Christian member. The esteem in which he was held was manifested by the beautiful floral offering, and the number attending the funeral who filled the church completely, where the services were held Saturday afternoon, conducted by the

pastor, Rev. Walter Mollan. The county board of supervisors attended in a body and other county officers were also present. Near relatives and friends attending the funeral were from Detroit, Pontiac, Richmond, Rochester, Walled Lake, Bay Port, Sandusky, Armada, Memphis, Marysville, Royal Oak, Almont, Lapeer, Caro, Cass City and Kingston.

in the field, be sure and get your Mr. and Mrs. G. W. Landon of posts and equipment ready. If you Late planting and dry conditions

may cause the bean crop in some stacking bean plants before frost will result in a nice white bear, even though the pods may be green when pulled. If the beans are fully developed there will be no shrinking of the crop.

Church News

Sunday's topic of Rev. M. R. Vender's sermon will be "Balm (not bomb) for Gilead," based up-on the text of Jeremiah 8:20: "Is there no balm in Gilead? Is there no physician there?"

Original Alloy Prehistoric ornaments of platinum hammered over gold were found in the graves of the priests

MRS. NANCY SPENCER DIED HERE ON SUNDAY

Mrs. Nancy Spencer passed away in the Stevens' Nursing Home Sunday. She had been ill for the past year. Funeral services were held at the Little Funeral Home on Wednesday afternoon, the Rev. Arnold Olsen of the First Baptist Church officiating. Entombment was made in Elkland cemetery.

Mrs. Spencer was born in September, 1875, in Canada, the daughter of Mr. and Mrs. George Lapeer. She went to Deckerville when a child, and was united in marriage with Elmer Spencer in Deckerville and settled on a farm in that vicinity. In 1940 they came to Cass City. Mr. Spencer passed away in 1945.

Mrs. Spencer is survived by one brother, Joseph Lapeer, of Tyre.

Too Much Pride

Two tramps sat with their backs to an old tree. Before them was a rippling stream. The day was, grand, but one of them looked down in the mouth.

"You know, Jim," he said, "this business of tramping around ain't what it's cracked up to be. Think it over; nights on park benches or in a cold barn. Traveling on freight trains and always dodging the police. Being knocked from one town to another. Wondering where your next meal will come from. Wandering, unwanted everywhere, sneered at by your fellow men. . . ." His poice trailed off as he sighed.

His companion shifted slightly. "Well," he said, "if that's the way you feel about it, why don't you go and get yourself a job?" The first sat up with a jerk.

'What?" he scowled, "And admit I'm a failure?"

EASIER TO STAND

'Stackpole, I hate to encounter a bad loser.' 'Yes, Murgatroyd, but I had rath-

er play the worst loser than the best winner, any day."

New Life Table To Alter Costs

Increased Life Expectancy Reflected in Revised Payment Schedule.

NEW YORK. - On January 1 948, life insurance companies will abandon a mortality table they have used since 1868. They are replacing it with a new table that bears a more reasonable relationship to the current mortality rate.

Under the old table, children eaching one year of age had a life expectancy of 48.94 years. The new ate increases this to 63.76 years. For people reaching 20, the old able gave them 42.20 additional years. The new table gives them 16.54 more years.

According to the old table, 98 out f every 1,000 policyholders died at he age of 40. According to the new iisting only 62 die.

The new table, known as the 1941 commissioners standard ordinary table of mortality, reflects the actual life and death experience of policyholders of almost all life insurance companies between 1930 and 1940.

As a result of amendments to state laws, it will go into effect in about 40 states January 1, replacing the 79-year-old American experience table of mortality on that date.

The new table gives life insurance companies a new basis for calculating values. The Institute of Life Insurance describes it as a new pattern of cost.

New Cost Pattern. The new pattern applies only to

policies issued on or after January Those already in force will con-

tinue on their present basis. "This is a more equitable distribution of cost than we've ever

had," the institute said. "In the lower age levels, where mortality is low, net cost to policyholders will be a little lower than it is now. In some age levels, where mortality increases, it will be a little higher. But the over-all cost is about the The following figures, obtained

from a major New York life insurance company, illustrate the point: A man takes out a \$1,000 participating life insurance policy at the age of 25. At the end of two years, the net cost at present to him would be \$26.74. Net cost for the same policy under the new system at the end of two years would be \$19.77.

Basis for Figuring. According to insurance men, adoption of the new mortality table accomplishes three things:

It provides a better basis for calculating reserves and non-forfeiture benefits of new policies, and balances more closely the amount paid as premiums with what their beneficiaries will receive as benefits.

It establishes a direct basis for letermining non-forfeiture benefits to which policyholders are entitled had a potluck dinner Sunday: Mr. | years of a participating \$1,000 inand Mrs. Harold Cathcart and surance policy, issued at age 25, is near Cass City.

Miss Marion Strong of Gagetown was a Sunday evening visitor

and Mrs. Harold Catheart and surance policy, issued at age 20, is children and mother, Mrs. Cathnow \$98.98. The same policy, under the new system, would pay \$143.58.

lum and daughter, Lois, of Pontiac; will decrease the rate of interes Mr. and Mrs. Alfred Maharg of Mr. and Mrs. Harold Jarvis and guaranteed in new life insurance creased interest rate, however, has' no affect on premiums. Cost of insurance is regulated by the actual mortality experience of the company issuing the policy.

uniform lot of lambs that will top Puppy Hiding in a Handbag Rides Plane From Germany

NEW YORK .- A dubious distinction—that of being the first aerial stowaway to arrive at the airportattached itself at La Guardia field to one Blanka, a year-old female Pekinese puppy.

Blanka's voyage from Germany, notwithstanding the rigid airlines rule against transportation of dogs, became known after the landing of a Pan American Frankfort-to-New York plane, Mrs. Adolphus J. Tudbury of New Orleans stepped from the plane with other passengers. and then opened her handbag. Blanka popped out. The little Peke was able to ride undiscovered and in apparent comfort throughout the long trip.

Mrs. Tudbury said she had been living in Munich with her husband, an army officer, and had decided to return - with Blanka - when her husband was transferred to another: post at Hannau.

Historic Treaties Are Missing From State Department Files

WASHINGTON .- The mysterious disappearance of historic treaties from state department files was reported by Assistant Secretary of State William Benton.

He told a house expenditures subcommittee that a "very high percentage"—some of them never duplicated for posterity-were missing. He offered no explanation on the

cause of the losses. His disclosure came as the subcommittee opened its long-planned inquiry into the department's operation, concentrating at the outset upon the division of information and cultural relations, which Benton

Michigan Mirror

Concluded from page 1. and rightly so. They afford an opportunity for wholesome recreation and much needed relaxation. Michigan is way ahead of the average state in its public recreation program. It recently started to

purchase 100,000 acres in the southeastern part of the state near Detroit, and it is committed to buy some 20,000 acres in the Porcupine Mountain state park area in the

Upper Peninsula. This acquisition of land has prompted a new "gripe" which I have been hearing with increasing frequency. It is this: The state is ever seeking to acquire more and more land, but it is ever neglecting or delaying to open up this land

Surely one of the big jobs ahead is the development of state lands, not the purchase of more land.

To remedy the lack of funds Hamilton. whereby the state might provide facilities—a better and more 'must" if the public is to use the land—the conservation commission sponsored a bill in the 1947 legisla-Chase, Supt. 11:00, morning wor-ship. Sermon by the pastor. 2:30, Bill 289—proposed to give the special service. Sermon by Rev. L. commission authority to charge (if P. Buroker, Royal Oak. 8:00, eve-it desired to do so) a public fee for t desired to do so) a public fee for three things: Admission into a state park, parking within a state park, and camping overnight with-in state park. The bill was defeated

We have no delusions that our views are any better than anyone else's. But I have always felt that it is one thing to charge admission Maurice Justin, pastor and chalk into a state-owned park; it was quite another thing to charge a fee 10:30, morning worship. 11:30, for the use of special services to Sunday School. 8:00, song and praise service, followed by illustrates for your clothes. Why trated chalk picture. Music and house for your clothes, why shouldn't you pay a reasonable fee Church of the Nazarene—Announcing special services every the Porcupine Mountains, as we evening at eight o'clock. Rev. and did, why shouldn't you pay a rea-Mrs. Harold Baker, talented sing- sonable fee? If you wish to reers and musicians and Gospel serve a camping area for your own neededs are in charge. The dates use, why shouldn't you pay a reasonable fee for it?

A use fee, limited to special services such as these, would be one happy solution of the problem as presented so frankly by Mr. Whiteey, conservation commission member. Those who desire better park facilities should be given an opportunity to help pay for them. We predict that such a use fee is coming to Michigan.

OBITUARY.

The Rev. L. A. Kennedy, eldest son of Mr. and Mrs. Jacob D. Kennedy, died at the Hamilton General Hospital, Hamilton, Ont., on Sunday, Aug. 17. The late Mr. Kennedy was born in Erin Township, Ont., but received his early eduand the last two or three Sundays cation in Georgetown, Ont. He was of the month at 9 a. m.

graduated from the Moody Bible Institute in 1922. He setlled in Hamilton 36 years ago.

Mr. Kennedy served as pastor at the following places: Milan, Ill. Cass City and Calumet, Mich. He was also pastor of the Gospel Tabernacle in Winona for 12 years.

Surviving are his wife, Gladys; one son, Hugh James; his parents, Mr. and Mrs. Jacob Kennedy; a brother, Hugh D., of Hamilton; three sisters, Mrs. Jarvis Henry of London, Ont., Mrs. R. A. Braby of Toronto, and Miss Elizebath Kennedy, at home. Another son, Pilot Officer Geo. A. Kennedy, was reported missing in 1945.

The funeral was held on Wednes-

Cottage prayer meeting Wednesday afternoon from the chapel of ORDER FOR PUBLICATION-FINAL

We help make plans **COME TRUE!**

MANY PEOPLE have plans for building a new home. Right now we're doing our level best to help those plans come true. This same spirit prevails in the logging camps and lumber mills.

It is important to you that your home be built of wood.

Most fine architectural styles-homes of warmth and beauty-use wood as the basic building material. Wood offers many economies, both immediate and future. We invite you to let us explain the advantages of wood construction in your home. Visit us soon, as the first step in seeing your plans come true.

Brinker & Armstrong Lumber Co.

Why be a hot-water waiter? It's easy today to have all the hot water you need-all the time-with an automatic electric water heater. The luxury and convenience of one of these heaters will cost you only a few pennies a day. That's because your

water is heated during the nightwhen the demand for current is at a minimum and the low water-heating rate is in effect. They're spotlessly clean-and they never make a sound. No wonder thousands of your neighbors prefer 'em. See your dealer soon.

Federal crop insurance on wheat

during 1948 will be in effect in

only six counties in Michigan, ac-

cording to Floyd B. Himes, state

director for the Federal Crop In-

200 counties for the country as a

whole, Mr. Himes said that se-

ection was a most difficult task.

Many factors were studied by the

Washington and field staffs of the

corporation. County choice was

based on whether wheat makes an

mportant source of income in a

county, whether the county is rep-

resentative of a wheat producing

area, and what has been the past

insurance experience in a county.

Over 1,200 counties having wheat

insurance this year had to be

ropped to conform with the 200

county limitation set by Congress.

Clinton, Gratiot, Monroe and Hills-

dale will carry on experimental wheat insurance in Michigan. The

future development of crop insur-

ance depends to a great extent on

the success of the program in these counties. The selection of these

counties is not necessarily perma-

nent. In the future, it may be ad-

visable to select other counties to

get complete insurance experience.

gation of the corporation or any

insured farmer for the 1947 crop

year. Contracts written to cover a

wheat crop in 1948 or any subsequent year in a county where in-

surance will be discontinued are

terminated by recent legislation and insured producers will be no-

tified by the corporation in the

Phenothiazine-Salt Mixture for Sheep

Reduction of Worms And Heavier Lambs

Tests have been carried on for four successive seasons at the Texas substation. Sonora, to determine whether continued licking of phenothiazine-salt mixtures is toxic to sheep, and also whether this practice will control infestations of stomach and other roundworms of sheep (without drenching animals individually). The pheno-salt mixture was kept before sheep on pasture all the

There were no harmful results; in fact, the lamb crops were 3 per cent heavier than during three previous seasons when salt alone was kept in the troughs.

Use of the phenothiazine-salt mixture also resulted in reduction and checking of worms. The sheep were heavily infested at the beginningin ewes, 1,180 worm eggs per gram of feces; in lambs, 1,700 eggs per

This sturdy baby Southdown will gain by being fed phenothiazinegram. In the fourth season, the

worm egg count was down to 60 for ewes and 30 for lambs. On the strength of these figures Dr. I. B. Boughton, who did the work, concludes: "The mixture eliminated the need for individual

treatment in the control of stomach and other roundworm infestation." Also, he says: "There was no ill effect on the health of either the ewes or the lambs."

Salt Speeds Gains In Hog Feeding Tests

Hogs receiving some salt in their daily rations can gain two and onehalf times faster than those without it, tests at Purdue university indicate. Average daily gain of hogs which received salt was 1.71 pounds, while those receiving none gained only .67 pounds daily. For each pound of salt consumed there were 45 extra pounds of gain. Each pound of salt saved \$5.60 worth of feed consumed by hogs.

Alarm on Freezer

The symphony of the American farm, its cow bells, dinner bells and hog calling, soon will be joined by another sound, a distinct and notto-be-mistaken alarm which is being added to the home freezer,

An extensive series of tests conducted by the USDA has resulted in the Brown Instrument company developing an audible signal which will warn if home freezers cease operating. Electronic potentiometers record temperatures instantaneously and constantly at 16 points within each freezer.

Improved construction of the freezer and the warning signal will result in better food protection.

Reenforce 2, 4-D

The mixture of ammonium salt of 2,4-D at the rate of .15 per cent with 2.8 urea and fermate at the rate of 2 pounds per 100 gallons for small grains and grass is proving effective.

Plow Down Cover Crop To Conserve Moisture

To save soil moisture, cover crops should be plowed down as early as possible. Cover crops, especially rye and vetch, grow fast and use a lot of soil moisture during warm days, Iowa State agronomists point out. If plants are allowed to grow too late they will take so much moisture that, without additional rain, there won't be enough to germinate newly planted crops. Nitrogen also will be added to soil.

Blackface Artist

Publisher James Gordon Bennett vas intolerant of fighting, a pracall too frequently followed in old rough-and-ready days of

Thus, one of the printers who showed up at work one morning with a well-blacked eye, knew that he must conceal it or be fired. In a moment of inspiration, he smeared his entire face with ink.

Bennett noticed him immediately. "What are we paying that man?" he asked the foreman.

Told the amounts the old publisher ordered, "Double it! It's obvious that he's doing more work than anyone else in the plant!"

LODGING A PROTEST

table with his fist. A waiter approached and inquired suavely, 'What, may I ask, is the trouble?" "A mouse just took a piece of theese off that plate!" he snorted.

'I demand satisfaction." The waiter bowed low, "I'm sorry o hear this, sir," he apologized. "I shall speak to the mouse about this immediatelv!"

Too Human

Among the visitors at the city zoo vere a gentleman and his cousin from the mountain country. The grizzled mountaineer stood spellbound, as he viewed the elephants, giraffes and various other animals and birds. It was with reluctance that he left one cage to go to an-

"I didn't mind a-lookin' at the el'fants and sech," he explained, "but these — wal, they were a-lookin' at me!"

Taking No Chances

Pancho and an Irishman named Pat were caught rustling cattle over the border, and after a summary trial were sentenced to be hanged. When the boys strung up Pancho, the rope slipped and he fell into the river below, rapidly swimming around a curve and making his escape.

Chagrined, the posse turned to string up Pat, who cautioned them: "Bhoys, be sure yez tie a better knot this time. It's meself that can't swim a stroke."

Sonny Is Safe

The head of the house was reading a newspaper article very carefully. When he finished, he remarked to his wife: "Do you know, dear, I think there's something in what this article says - that the cleverness of the father often proves a stumbling block to the

His wife heaved a sigh of relief. 'Well, thank goodness,' she said, our little Johnny will never have anything to fall over."

Big Figures

"There isn't one man in a million -no, not in 10 million-who would be so mean to his wife and children as you are!" shrieked Mrs. Hunder-

"Now," rejoined Mr. H., admiringly, "that's what I admire in you dear. You have such a head for figures!"

Careless Christians

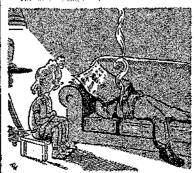

This notice appeared in a western Kentucky newspaper: "Positively no more baptizing in my pasture. Twice here in the last two months my gate has been left open and before I chase my heifers all over the county again, all the sinners can go

Yes, Both Ways

"Hi Jim," cried Sam, meeting a buddy for the first time since the end of the war. "Did you marry that girl you used to go with or are you still doing your own cooking and darning?'

"Yes" replied Jim.
