Improved Highways.

Here is a subject for the farmers to agitate in their clubs and institutes and elsewhere. There is no class that has so deep an interest in good roads as the farmer, says Farmers' Tribune. Over the common roads he has to haul his produce to the nearest market, and he and his family have to attend church and do their trading and seek their amusements in the towns and cities. This is very pleasant when the roads are dry and smooth. But when wet weather sets in and the common roads become beds of mire, or when they freeze up and become like stones dumped edgewise, pleasure riding is out of the question. Now, the query is, how can we secure better roads? First, we must secure perfect drainage. This is obtained by the use of the improved road grader that rounds up the center of the road and fills all holes and secures a smooth surface. This grader should not be left on the roadside to rust till the convenience of the road master can find leisure to use it. Immediately after a rain, as soon as the mud will crumble, the road grader should be out and kept at work till the roads are in good order. Now this constant work on the roads can be very much relieved by covering the surface of the road with broken stone (macadam) or gravel. Gravel is the best for the following reasons: It is more abundant and combines with the roadbed and for this reason is better for filling holes. Gravel deposits are more general than supposed and the farmers can use their teams during the idle spells in hauling it on the roads. Now, this is a radical change in our present road system. The changing of one road master that has put in his year for another as green as when he was elected is not good for our road improvements. There should be a county supervisor and a good, practical engineer, whose duty should be to prepare every road in the county and to instruct the local road masters as to the best points to improve. In short we want a radical change in our road laws. This the farmer can secure if united. The railroads in the state have been liberally supported by the farmers and should give liberal aid to improve our common roads. Now there is no better test of the progressive character of a community than the state of the public roads. Here is a point in which all can unite irrespective of political ties. Agitate this reform in every county in the state and thus secure good roads.

A New Industry.

The Village Election.

The voting on Monday for the officers of our village for another year passed off very quietly. Out of 217 possible votes, only 126 were cast, resulting in the election of the gentlemen nominated at the regularly called caucus, previously reported. A second ticket appeared on the printed ballot, but was not legally nominated. It was designated the "Union" ticket and received seven straight votes. The village ticket received ninety straight, and there were twenty-nine split ballots.

The following is the vote as polled:
President—Wm. J. Campbell, 115.
Charles Spencer, 10.
Clerk—James B. McGillivray, 114.
Samuel Jamieson, 8.
Treasurer—Frederick Klump, 113.
Dan. B. McGillivray, 10.
Trustees for two years—Geo. E. Perkins, 108; Geo. A. Stevenson, 107; Edward W. Keating, 99; Thomas Sheffer, 10; Chris. Seegar, 13; Daniel P. Deming, 26.
Assessor—E. B. Landon, 110.
Daniel McKenzie, 12.
O. K. James received one vote for trustee and one for assessor.
The trustees who hold over from last year are H. S. Wickware, C. W. Heller and A. H. Muck.

Teachers' Examination.

The regular teachers' examination will be held at Caro, March 30 and 31. Certificates of all grades will be granted at this examination.
P. G. DAVIS, Com.

Additional Local.

Wm. Little has purchased the Shorthorn bull of O. C. Wood, advertised last week in our Three Cent Column.

J. S. Dunham is now established in his recently acquired property at the corner of Leach and Pine Streets, and is in a position to give the very best livery service and still do justice to his stage lines.

Mrs. F. Klump was agreeably surprised this week by the arrival of her brother, Rev. W. J. Hanna, of Montana. He enlisted in the 1st Montana regiment and was sent to Manila. At Honolulu on the way there, he was promoted to First Lieutenant. Without his knowledge, his friends procured his discharge and he was called home by cablegram.

The third number of the Citizen's Lecture Course will be given to-morrow evening at the M. E. Church by Prof. N. N. Riddell, of Chicago. He has chosen to give his famous lecture, "The Formation of g Soul, or Heredity and Prenatal Culture." This lecture is spoken of by everyone who has heard it as the very best and no one should lose the opportunity of hearing it if they have to borrow the money to pay the small admission fee.

The red, white and blue social given for the benefit of the Presbyterian Church at the residence of Mrs. Clara Patterson last evening, was a social and financial success. The parlors were artistically draped with bunting of the national colors, presenting a very neat appearance. Refreshments were served to a large number of guests who are loud in their praises of the host, both as an entertainer and provider of good things for the inner man.

Another Compliment.

We have just received a letter from Geo. F. Kenny, Detroit, paper maker for the Michigan State Government, in which he says:—"Some time ago I received a very fine illustrated edition of your paper and certainly must comment on it in a very favorable manner. It is very artistically gotten up and is certainly a credit to a city of much larger size than yours."

Card of Thanks.

We wish to hereby express our gratitude to the friends and neighbors and members of the G. A. R. and Ladies Circle and neighbors who so kindly assisted us during our recent affliction and loss of husband and father.
MRS. O. WHITE AND FAMILY.

There's more in having good Job Printing than some people imagine. Try our work once and you'll have no other.....

A Friend's Remark to a Friend. "Life is an uncertainty." But there is one thing certain that

A. A. McKenzie is the best and cheapest Undertaker in the Thumb of Michigan....

The territory he covers is unlimited. He trims Caskets and Coffins with the best goods obtainable, and so cheap. He also furnishes Choice Cut Flowers loose or designed in Emblems. Has two as fine Hearses as any city possesses.

He also has a.....

Real Estate Business

which many have profited by. He also sells choice farming lands or exchanges city property for farm lands. When you are in need of him address him, his address is.

A. A. McKenzie,
Cass City, Mich.
