## Local Happenings.

Mrs. I. A. Fritz spent Sunday at Oak Bluff.  
Dan Somerville, of Appin, was in town on Saturday.  
John Atwell has been quite ill during the past week.  
O. J. Wethy, of Deford, did business in town on Monday.  
A. S. Sholes, of North Branch, did business here on Friday.  
Mrs. Marian Habel returned from Grand Rapids last week.  
Mr. and Mrs. W. A. Heller, of Elkton, spent Sunday in town.  
Fred H. Orr and S. J. Daugherty, of Caro, were in town on Friday.  
Mrs. D. Ross has returned from a visit with relatives at Blumfield.  
A. A. Brian has moved to the rooms over the restaurant in the Wallace building.  
Eli Baxter, from east of town, is ill at the home of his brother, Hiram, of this place.  
A nine-pound boy arrived at the home of Mr. and Mrs. W. S. Wallace, Jr., on Monday.  
The Misses Rena Meiser and Cora Fitch and Fred Meiser left on Monday to visit friends at Buffalo.  
Dr. A. B. Wood, of Ann Arbor, was the guest of his cousin, O. C. Wood, of this place, over Sunday.  
Mrs. N. Currie, of Strathburn, Ont., is the guest of her mother, Mrs. Anna Crandall, northeast of town.  
Mrs. A. G. Houghton and Mrs. Edith Mickle spent part of last week at Rath, at the home of Mrs. Houghton's son.  
Miss Mary McPhee, of Logansport, Ind., and Archie McPhee, of Pontiac, are visiting their parental home here.  
The infant child of Mr. and Mrs. Frank Roblin, adopted some time ago by Chris. Seegar, was buried on Monday.  
Clare Stevenson returned on Sunday from several weeks recreation with friends at Caro, Tuscola and other points.  
T. E. Johns, the superintendent of the Growing Department of the Sioux City Seed and Nursery Co., was in town on Friday.  
Our High School base ball team went to Kingston on Friday and defeated the team of that place by a score of 18 to 8.  
Mr. and Mrs. Ed. Brotherton, of this place, and the Misses Mollie and Hattie Annin, of Kingston, left on Saturday for Buffalo.  
Will McTavish has accepted a position with the Saginaw Valley Drug Company, after completing a business course at the Ferris Institute.  
Glenn Moore came home from Oak Bluff last week with a badly poisoned face from coming in contact with poison ivy. It is considerably better.  
Miss Mabel Snares, who has been employed at the New Sheridan for some months, owing to ill health returned on Monday to her home at Edenville.  
Jas. W. Heller has decided to return to his farm, northeast of town, and his place at the feed mill will be filled for the present by his brother-in-law, M. L. Bilderbeck.  
S. Champion has recently renovated and improved his tonsorial parlors by papering and putting in case lights in preference to overhead fixtures. The improvement is quite marked.  
An old gentleman named Lighthearth, who had escaped from the County Farm, was captured here last Thursday evening by Deputy Sheriff Morris, and was taken back much against his will.  
We acknowledge receipt of a complimentary ticket to the Deckerville fair which is to be held on September 11, 12 and 13. This is Deckerville's first fair, and judging from reports it will be a hummer too.  
Geo. R. Dewey, who a few years ago purchased the John C. Wheeler farm, southeast of town, and has operated the same since, has rented the place and will move to town as soon as a suitable residence can be secured.  
A. W. Seed, district superintendent of the Mutual Life Insurance Company of New York, paid on Monday last to Mrs. Lulu Kell Harvey, of Port Huron, Mich., \$1,251.00, the proceeds of a policy in that company on the life of her father. This was a twenty-payment life policy for \$1,000.00, on which the insured had paid eleven premiums. The dividend additions at the time of his death were \$251.00. Anyone desiring one of these policies can have it by calling on A. W. SEED.

Locals continued on page five.

## THE COMING FAIR

The Fair of 1901 at Cass City to Surpass All Previous Efforts.

The first fair to be held under the direction of the Tuscola, Huron and Sanilac District Fair Association, at Cass City, was in the fall of 1890, and was a success. About six hundred family tickets were sold and the total receipts were \$1,353.76, leaving a balance on hand of \$61.95 after expenses were paid \$200 rent paid in advance for '91 and \$100 loaned the Driving Park Association. The first president of the association was Sylvester Ale, father of the present secretary, A. H. Ale. John Striffler was vice-president for several years, and among the early officers were: A. D. Gillies, C. W. McPhail, Jas. Keagh, Jacob Hartsell, H. H. Wilson, E. S. White, J. W. Murphy, T. M. Bradshaw, N. Bigelow, H. M. Sansburn and O. C. Wood. There were a few years when it was impossible to make finances come out right, owing to inclement weather or other unavoidable hindrances, but the association has persevered and for the last three or four years the Cass City Fair has surpassed, generally speaking, any fair in the section—in fact our Fair has become known far and near as an affair having distinctive features of its own, aimed to instruct and entertain the people, and succeeding admirably.

The word "fair" is derived from the Latin "forum," a market place, or "feriae," a holiday, and originally signified great periodical market regularly held in most parts of Europe and in many parts of Asia. They appear to have originated in the church festivals, which were found to afford convenient opportunities for commercial transactions, the concourse of people being such as took place on no other occasion. Some festivals speedily acquired a much greater commercial importance than others and were frequented by buyers and sellers from remote parts of the world. In some parts of the continents persons of all ranks still wait for the great yearly fair to make their principal purchases of clothing and even manufactured articles of every description. At fairs held on the outskirts of civilization the produce also of great provinces are sold at annual fairs. The British fairs, of much use still, are chiefly those at which cattle are exposed for sale, while in some parts of Scotland lambs and wool are sold. The old time fairs are spoken of as "gatherings adapted to a comparatively backward state of society, when the provincial stores of goods were few, and the means of communication defective. The prevalence of good roads, populous towns with dealers in miscellaneous wares, and other advances, superseded the necessity for the ordinary class of fairs," and in many cases they became merely places for merriment, such as the Donnybrook Fair near Dublin. There are no fairs in the United States of the kind so common in the old world. The originator of agricultural fairs in the United States was Elnahan Watson, a prosperous merchant of Albany, N. Y. Through his influence, in 1819, the state legislature appropriated \$10,000 a year for six years for premiums on agricultural products and family manufactures. In 1839 the state agricultural society was incorporated, and the idea spread over the entire country.

The fair affords an opportunity for the farmer to exhibit his stock, poultry or produce, or articles of home manufacture, side by side with those of his neighbors, is thereby able to compare them and get many helpful ideas and suggestions. The same applies to the display in the ladies' departments, in fact to all departments in which exhibits are made. As a rule the newest improvements in farm and other machinery are displayed and those interested have a chance to inspect and criticize, and later are able to buy intelligently. In stock and poultry no small amount of business is done through the exhibits at the fair, as would-be purchasers there have the privilege of examining the stock and learning something of its value, thus making the fair a valuable advertising medium for the stock raiser and poultryman. Machinery sales are also common.

But aside from all these benefits comes the pleasure of meeting with old friends and acquaintances from many different sections, whom perhaps we would not otherwise see in years. Cass City is better prepared than ever she has been to entertain a large gathering of people and she has ever enjoyed a reputation for hospitality. The officers of the Fair Association are doing their utmost to arrange entertainment that will be entirely

**The Tobacco Habit.**  
I. N. Love, M. D., of New York city, in the Journal of the American Medical Association, recently said: "The numerous mental wrecks, youths who have come under my care during the past ten years, whose lives were failures, or who fill suicides' graves, impress me that to-day tobacco stands as the gravest danger confronting the new century, and the medical profession has a great responsibility in educating young men and their parents to appreciate this danger." Dr. Solly, surgeon of St. Thomas' hospital, England, also says: "I know of no single vice which does so much harm, as it soothes the excited nervous system for the time, to render it more irritable ultimately. I have had large experience in brain diseases, and I am satisfied that smoking is a most noxious habit. I know of no other cause or agent that so much tends to bring on functional disease, and through this in the end to lead to organic disease of the brain."  
About 25 per cent of the young men who presented themselves for entrance examination to the military academy were found defective physically. The most frequent defect was weakness, of the eyes, the result of cigarette smoking, too much indoor life, too much bending over books, reading at short distance, etc.—Health.

# FIGHTING BOB EVANS.

The rebuke administered to Rear Admiral Robley D. Evans by the Navy Department because of his attack upon ex-Secretary Chandler is direct and sharp, but if the admiral is wise he will accept it in silence and be thankful that his indiscretion brought no worse punishment. He should be glad that Mr. Chandler is an ex-senator and not an active member of congress, otherwise the matter undoubtedly would have been made the subject of a congressional inquiry. The best thing Admiral Evans can do is to resolve to criticize no prominent man while still living, especially if he be of Mr. Chandler's temperament. This reprimand ought to have a salutary effect in checking the kind of offense of which Admiral Evans was guilty. He used the pages of his book to air his grudge of sixteen years' standing against the man who was Secretary of the Navy at the time of Evans' removal from the Lighthouse board. There has been too much public criticism by naval officers of late.

The Navy Department has formally notified the admiral that when he attacked the former head of the navy he "abandoned the courtesy that should always characterize an officer of the navy." This judgment will be confirmed by the great majority of American citizens. The only solace Admiral Evans is likely to get out of the episode is in the form of larger sales for his book. Many people will want to read the volume that could call down upon its author such a stinging rebuke.—Chicago Tribune.

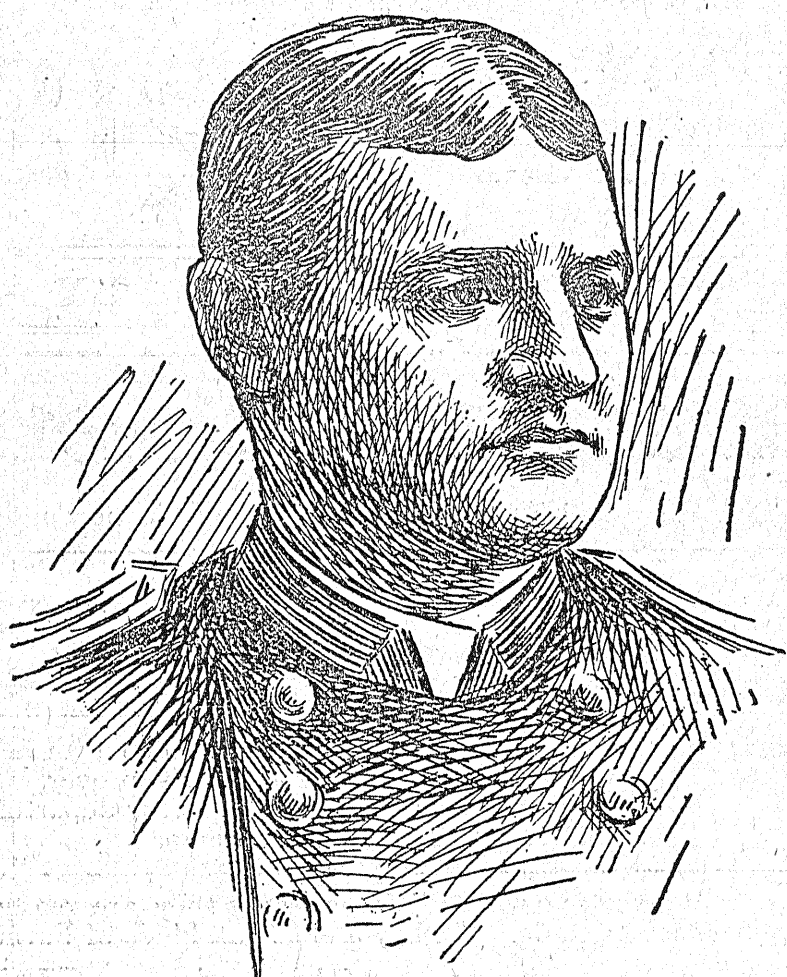

## The American Spirit.

Mr. Edmund de Nevers, a French-Canadian, not long ago published a book called "The American Spirit." This work seems to have been named on the principle by which a middle-aged writer headed a chapter "Of the Snakes of Iceland," and then said: "There are no snakes in Iceland." So Mr. Nevers, holding that a national spirit is simply a matter of heredity, finds the American stock so mixed that he concludes with a doubt that it possesses any distinctive spirit.

such a spirit, and sees and feels it daily. A writer in the current Independent, commenting on Mr. Nevers' book, takes the common view that the great solvent of our national spirits into the American is the language. If this were the case our American spirit would be little different from the English, for our language is the same. Yet we all know that the two are widely different. How and why have we managed to develop a national spirit of our own? Theodore Roosevelt, in his recent address at Colorado Springs, gave the answer when he said we had

applied to our conditions "the new principles of national unity and individual freedom."—Chicago Inter Ocean.

## Our Idle Lands.

The recent opening of the Kiowa reservation in Oklahoma is currently spoken of as "the last chance for free homes." Uncle Sam has by no means so completely divided his property as that phrase would imply. The trans-Mississippi congress, just held at Cripple Creek, Colo., opportunely called attention to the fact that in the western states alone there are fully 100,000,000 acres still open to homestead entry. In 1890 the average size of the American farms was 137 acres. As they had then shown an average decrease since 1850 of nearly two acres a year, their average size now is probably about 125 acres. At this rate the western homestead lands afford room for 800,000 more farms. It is true that much of these lands is not arable. On the other hand, much of them is certainly better suited for farming and stock raising than the Kiowa reservation.—N. Y. Sun.

**Water in Europe and America.**  
Statistics gathered by the state department concerning the consumption of water used in European and American cities afford opportunities for some interesting comparisons. Paris uses 106.65 gallons daily, Berlin 19.27, Vienna 27 and Brussels 26.4.

In Chicago the average consumption is 145 gallons per capita every day, in Buffalo it is 240 gallons, in Cleveland 138 gallons, in Washington 190 gallons and in Detroit 135 gallons. The larger consumption of water in American cities is due, it is claimed, in a large measure to waste. In most European cities the water is filtered, and precautions are taken against unnecessary usage of it.

**Money for Improving Rivers.**  
The Mississippi river commission, a board of engineers and citizens organized under an act of congress, will recommend that the sum of \$3,000,000 a year shall be expended for six years on the work which they have in charge.

## TALMAGE'S SERMON.

### "WOMAN AND HOME" THE SUBJECT LAST SUNDAY.

Home is the Only Sphere in Which Woman Can Succeed in Ruling the World—Her Best Rights Defined—The Ballot Box.

[Copyright, 1901, by Louis Klopf, N. Y.]  
Washington, Aug. 18.—In this discourse Dr. Talmage extols home as a field of usefulness, and especially encourages wives and mothers; text, Genesis i, 27, "Male and female created he them."

In other words, God, who can make no mistake, made man and woman for a specific work and to move in particular spheres—man to be regnant in his realm, woman to be dominant in hers. The boundary line between Italy and Switzerland, between England and Scotland, is not more thoroughly marked than this distinction between the empire masculine and the empire feminine. So entirely dissimilar are the fields to which God called them that you can no more compare them than you can oxygen and hydrogen, water and grass, trees and stars. All this talk about the superiority of one sex to the other is an everlasting waste of ink and speech. A jeweler may have a scale so delicate that he can weigh the dust of diamonds, but where are the scales so delicate that you can weigh in them affection, sentiment against sentiment, thought against thought, soul against soul, a man's word against a woman's word?

You come out with your stereotyped remark that man is superior to woman in intellect, and then I open on my desk the swarthy, iron typed, thunderbolted writings of Harriet Martineau and Elizabeth Browning and George Eliot. You come on with your stereotyped remark about woman's superiority to man in the item of affection, but I ask you where was there more capacity to love than in John the disciple, and Robert McCheyne, the Scotchman, and John Sumnerfield, the Methodist and Henry Martyn, the missionary? The heart of those men was so large that after you had rolled into it the hemispheres there was room still left to marshal the hosts of heaven and set up the throne of the eternal Jehovah. I deny to man the throne of intellect. I deny to woman the throne of affection. No human phraseology will ever define the spheres while there is an intuition by which we know when a man is in his realm and when a woman is in her realm and when either of them is out of it. No bungling legislature ought to attempt to make a definition or to say, "This is the line, and that is the line."

**Woman's Best Rights.**  
I know there are women of most undesirable nature who wander up and down the country, having no homes of their own or forsaking their own homes, talking about their rights, and we know very well that they themselves are fit neither to vote nor fit to keep house. Their mission seems to be to humiliate the two sexes at the thought of what any one of us might become. No one would want to live under the laws that such women would enact, or to have cast upon society the children that such women would raise. But I will show you that the best rights that woman can own she already has in her possession; that her position in this country at this time is one of commendation; that the grandeur and power of her realm have never yet been appreciated; that she sits today on a throne so high that all the thrones of earth piled on top of each other would not make for her a footstool. Here is the platform on which she stands. Away down below it are the ballot box and the congressional assemblage and the legislative hall.

**Appreciation of Her Rights.**  
Woman always has voted and always will vote. Our great-grandfathers thought they were by their votes putting Washington into the presidential chair. No. His mother, by the principles she taught him and by the hints she inculcated, made him president. It was a Christian mother's hand dropping the ballot when Lord Bacon wrote, and Newton philosophized, and Alfred the Great governed, and Jonathan Edwards thundered of judgment to come. How many men there have been in high political station who would have been inefficient to stand the test to which their moral principles were put had it not been for a wife's voice that encouraged them to do right and a wife's prayer that sounded louder than the clamor of partisanship! Why, my friends, the right of suffrage, as we men exercise it, seems to be a feeble thing. You, a Christian man, come up to the ballot box, and then drop your vote. Right after you come a libertine or a sot, the offscouring of the street, and he drops his vote, and his vote counteracts yours. But if in the quiet of home life a daughter by her Christian demeanor, a wife by her industry, a mother by her faithfulness, casts a vote in the right direction, then nothing can resist it, and the influence of that vote will throbb through the eternities.

My chief anxiety, then, is not that woman has other rights accorded her, but that she, by the grace of God, rise up to the appreciation of the glorious rights she already possesses. I shall only have time to speak of one grand and all absorbing right that every woman has, and that is to make home happy. That realm no one has ever disputed with her. Men may come home at noon or at night, and they tarry a comparatively little while, but she all day long governs it, beautifies it, sanctifies it. It is within her pow-

er to make it the most attractive place on earth. It is the only calm harbor in this world. You know as well as I do that this outside world and the business world is a long scene of jostle and contention. The man who has a dollar struggles to keep it; the man who has it not struggles to get it. Prices up, prices down, losses, gains, misrepresentations, goings, undersellings, buyers depreciating; salesmen exaggerating; tenants seeking less rent; landlords demanding more. Gold-fidgity, struggles about office. Men who are in trying to keep in; men out trying to get in. Slips, tumbles, defalcations, panics, catastrophes. O woman, thank God you have a home, and that you may be queen in it. Better be there than wear a queen's coronet. Better be there than carry the purse of a princess. Your abode may be humble, but you can by your faith in God and your cheerfulness of demeanor give it with splendors such as an upholsterer's hand never yet kindled.

**The Most Queenly Woman.**  
When you want to get your grand-est idea of a queen, you do not think of Catherine of Russia, or of Anne of England, or Maria Theresa of Austria, but when you want to get your grand-est idea of a queen you think of the plain woman who sat opposite your father at the table, or walked with him arm in arm down life's pathway, sometimes to the thanksgiving banquet, sometimes to the grave, but always together—soothing your petty griefs, correcting your childish waywardness, joining in your infantile sports, listening to your evening prayers, toiling for you with needle, or at the spinning wheel, and on cold nights wrapping you up snug and warm. And then at last, on that day when she lay in the back room dying, and you saw her take those thin hands with which she toiled for you so long and put them together in a dying prayer that commended you to God, whom she had taught you to trust—"Oh, she was the queen! The chariots of God came down to fetch her, and she went in all heaven rose up. You cannot think of her now without a rush of tenderness that stirs the deep foundations of your soul, and you feel as much a child again as when you cried on her lap, and if you could bring her back again to speak just once more your name as tenderly as she used to speak it you would be willing to throw yourself on the ground and kiss the sod that covers her, crying, "Mother, mother! Ah, she was the queen—she was the queen!"

**To the Ballot Box.**  
Now, can you tell me how many thousand miles a woman like that would have to travel down before she got to the ballot box? Compared with this work of training kings and queens for God eternally, how insignificant smears this work of voting for aldermen and common council men and sheriffs and constables and mayors and presidents. To make one such grand woman as I have described how many thousand would you want of those people who go in the round of godliness and fashion and dissipation, distorting their body and going as far toward disgraceful apparel as they dare go so as not to be arrested of the police, their behavior a sorrow to the good and a caricature of the vicious and an insult to that God who made them women and not gorgons, and tramping on, down through a frivolous and dissipated life, to temporal and eternal destruction. Oh, woman, with the lightning of your soul strike dead at your feet all these allurements to dissipation and to fashion. Your immortal soul cannot be fed upon such garbage. God calls you up to empire and dominion. Will you have it? Oh, give to God your heart, give to God your best energies, give to God all your future, give to God all your refinement, give yourself to him for this world and the next. Soon all these bright eyes will be quenched and these voices will be hushed. For the last time you will look upon this fair earth; father's hand, mother's hand, sister's hand, child's hand, will be no more in yours. It will be night, and there will come up a cold wind from the Jordan, and you must start. Will it be a lone woman on a trackless moor? Ah, no, Jesus will come up in that hour and offer his hand, and he will say: "You stood by me when you were well; now I will not desert you when you are sick." One wave of his hand, and the storm will drop, and another wave of his hand and midnight shall break into noon, and another wave of his hand and the chamberlains of God will come down from the treasure houses of heaven with robes lustrous, blood washed and heaven gilded, in which you will array yourself for the marriage supper of the Lamb. And then with Miriam, who struck the timbrel by the Red sea, and with Deborah, who led the Lord's host into the fight, and with Hannah, who gave her Samuel to the Lord, and with Mary, who rocked Jesus to sleep while there were angels singing in the air, and with Florence Nightingale, who bound up the battle wounds of the Crimea, you will, from the chalice of God, drink to the soul's eternal rescue.

**The Beautiful Home Above.**  
One twilight, after I had been playing with the children for some time, I lay down on the lounge to rest, and, half asleep and half awake, I seemed to dream this dream: It seemed to me that I was in a far distant land—nor Persia, although more than oriental luxuriance crowned the cities; nor the tropics, although more than tropical fruitfulness filled the gardens; nor Italy, although more than Italian softness filled the air. And I wandered around looking for thorns and nettles, but I found none of them grew

there. And I walked forth, and I saw the sun rise, and I said, "When will it set again?" and the sun sank not. And I saw all the people in holiday apparel, and I said, "When will they put on workingman's garb again and delve in the mine and swelter at the forge?" But neither the garments nor the robes did they put off. And I wandered in the suburbs, and I said, "Where do they bury the dead of this great city?" And I looked along by the hills where it would be most beautiful for the dead to sleep, and I saw castles and towers and battlements, but not a mausoleum, nor monument, nor white slab could I see. And I went into the great chapel of the town, and I said: "Where do the poor worship? Where are the benches on which they sit?" And a voice answered: "We have no poor in this great city." And I wandered out seeking to find the place where were the hovels of the destitute, and I found mansions of amber and ivory and gold, but no tear did I see or sight hear. I was bewildered, and I sat under the shadow of a great tree, and I said, "What am I and whence comes all this?" And at that moment there came from among the leaves, skipping up the flowery paths and across the sparkling waters, a very bright and sparkling group, and when I saw their step I knew it, and when I heard their voices I thought I knew them, but their apparel was so different from anything I had ever seen I bowed, a stranger to strangers. But after awhile, when they clasped their hands and shouted, "Welcome! Welcome!" the mystery was solved, and I saw that time had passed and that eternity had come, and that God had gathered us up into a higher home, and I said, "Are all here?" and the voices of innumerable generations answered, "All here." And while tears of gladness were raining down our cheeks and the branches of the Lebanon cedars were clapping their hands and the towers of the great city were chiming their welcome, we began to laugh and sing and leap and shout: "Home! Home! Home!"

## HAVE RULES FOR MOURNING.

Chinese Enforce Laws Prescribing How Bereavement Must Be Shown.

Chinese laws prescribe severe penalties for neglect of children to properly observe the prescribed customs on the death of an ancestor. If a son receiving information of the death of his father or mother or a wife suppresses such intelligence and omits to go into lawful mourning for the deceased such neglect shall be punished with sixty blows and one year's banishment. If a son or wife enters into mourning in a lawful manner, but previous to the expiration of the term discharges the mourning habit and forgetful of the loss sustained, plays upon musical instruments or participates in festivities, the punishment shall amount for such offenses to eighty blows. Whoever on receiving information of the death of any other relative in the first degree than the above mentioned suppresses the notice of it and omits to mourn shall be punished with eighty blows; if previous to the expiration of the legal period of mourning for such relative any person casts away the mourning habit and resumes his wonted amusement he shall be punished with sixty blows. When any officer or other person in the employ of the government has received intelligence of the death of his father or mother, in consequence of which intelligence he is bound to retire from the office during the period of mourning, if in order to avoid such retirement he falsely represents the deceased to have been his grandfather, grandmother, uncle, aunt or cousin he shall suffer punishment of 100 blows, be deposed from office and rendered incapable of again entering into the public service.—Chicago Chronicle.

## How the Mate Got Even

The mate of a certain schooner was in the habit of drinking more than was good for him. On one occasion, after he had recovered from an unusually severe attack of intoxication, he was looking over the log and found that the captain had inscribed therein on a certain date: "Mate drunk." The mate promptly went to the captain and asked why such a statement had been written down. "It is true, isn't it?" asked the captain. "Yes," said the mate. "Then let it stand," said the captain. A few days later the captain, in looking over the log, found this inscription: "Captain sober." He summoned the mate and asked him what he meant by taking such a liberty. "It's true, isn't it?" "Yes," said the captain, "but—" "Then let it stand," said the mate.—Youths' Companion.

## The Electric Eel's Victim.

At the Zoological gardens a large electric eel was swimming in its tank with more activity than usual, when a big cockroach fell into the water, and in its efforts to get out made a disturbance of the surface, which attracted the attention of the eel. The eel turned round, swam past it, discharged its battery at about eight inches off, and the cockroach instantly stopped stone dead. It did not even move its antennae after. The eel then proceeded to swallow its victim, and the narrator goes on to point out the curious circumstance that the fish, which weighed about twelve pounds, should find it worth while to fire its heavy artillery at a creature an inch and a half long, when it could easily have swallowed it sans facon.—Chambers' Journal.

## VINEYARDS OF PALESTINE.

Jewish Colonists Are Reviving a Valuable Industry of Antiquity.

The account of the trade of Palestine during last year, given in the Consul report just issued, says a London letter, is a fairly hopeful, though neither the exports nor the imports reach the level attained in 1899. The prosperity of the country depends still, as it always has done, and most probably always will do, upon the fruits of the earth. Centuries before the present era, corn and wine and oil were among the chief bones of the Promised Land, and though we hear little now of the first, the other two are regaining their ancient reputation. To melons, which also were valued in ancient days, a new fruit has been added—the orange. This and the grape are now the most important products of Palestine, though the exports of the former have declined considerably in value during the last few years. Jaffa oranges, however, maintain their reputation, so that it may be hoped that the depression is only temporary. Southern Palestine has always been noted for its vineyards. Of the principal Jewish colonies in the Jaffa district, Richon-le-Sion, Petach-Tikvah, and Ekron, on the supposed site of the Philistine city which last received the fatal trophy of the ark, the first is the chief one for grape growing. A fourth colony, Sarona, also near Jaffa, is German. In all these agriculture, and especially everything connected with wine-making, is conducted on scientific principles, and the first and last have become really important centers in the trade. Richon-le-Sion has excellent works and machinery for the manufacture of wine, and great underground cellars for its storage. These last year contained about 1,100,000 gallons, in addition to a considerable quantity which is always kept in depot at Hamburg.

Wabasha, Minn., August 19th:—George Huber of this town suffered from Kidney Trouble and Back-Ache. He was very bad. Dodd's Kidney Pills, a new remedy, has cured him completely. He is now quite well and able to work. He says Dodd's Kidney Pills are worth their weight in gold.

News comes to hand almost every day of wonderful cures by Dodd's Kidney Pills, which, although but recently introduced in this country, has already made many warm friends by its splendid results in the most serious cases of Bright's Disease, Diabetes, Dropsy, Rheumatism, and Back-Ache.

## Ancient Cast Steel.

The manufacture of cast steel in India can be traced back over 2,000 years, while there are also examples of wrought iron work nearly as old. Near Delhi, close to the Kutub, there is an enormous wrought iron pillar which weighs ten tons and is thought to be over 1,800 years old.—Chicago Chronicle.

MISS MARIE SWEET.

## Honored by the Sultan of Sulu.

Miss Marie Sweet of Denver is probably the only Caucasian woman in the world who has received a present of pearls from the sultan of Sulu. General Owen J. Sweet, her father, is governor of the Sulu archipelago, over which Hadji Mohammed is the native ruler. All the pearls found in the waters of the Sulu's sea are the property of the crown. The sultan, who sent the pearls to Miss Sweet, as a mark of honor to her father, dispatched with them a letter written in Sanskrit on parchment, rolled, after the manner of the ancient papyrus and sealed with the royal seal. This was the first letter ever written by the sultan to a woman, as the ladies of his country are not communicated with by means of writing. Miss Sweet added the pearls to an already large and fine collection, sent her at various times by her father.

P. Cunco, editor of the Wyandot Republican, Upper Sandusky, O., has left for Turin, Italy, to assume the duties of consul for the United States government, to which position he was recently appointed by President McKinley. Mr. Cunco is said to be the only Italian in this country who is the publisher of an English newspaper. He was born in Naples, and has not seen his native land since he left it fifty-two years ago.

Henry H. Rogers has presented to the Unitarian Society of Fairhaven, Mass., a church, parish house and parsonage as a memorial to his mother, Mary Rogers. # The Scourge of Damascus

A Story of the East...  
By SYLVANUS COBB, JR.

Copyrighted 1891 by Robert Bonner's Sons

"I remember," pursued Ulin. "It all comes to me now. I bathed his bruised head, and bound up his wounds, while you brought the cordial which my mother provided."

"So it was, my lady. I have seen the slave since—have seen him several times—he has brought messages to your father—and I know that his gratitude is strong. If Osmir has any power to open the prison door, and I can find him, there may be some hope."

"But can you find him?" asked the princess. She spoke eagerly, and no longer sought to conceal the real cause of her anxiety.

"I can try," returned the attendant; "and even here we have a fortunate help. Shubal, who has been so long your servant, is a near friend to Osmir. I will take Shubal with me, and we may find the man we seek. Shall I not leave at once?"

"Yes, Albia. Go at once. Be careful for all may depend on the secrecy of your movements. I have entered upon this matter, and I will now give all my energies to its consummation. Go—and bring me answer as quickly as you can."

The handmaid left the apartment, and when Ulin was once more alone she started to her feet, and moved to the window. The flush was back upon her cheek, and the sparkle was in her eye. Her pure blood was circulating with new power, as, for the time, she forgot the king in the memory of the youthful chieftain.

In less than an hour Albia returned, and the beam upon her face told very plainly that she had not been entirely disappointed.

"My good mistress," she said, "Shubal has served us well. I found him without difficulty, and he at once went alone in search of Osmir. He found him at the royal palace, and has brought him hither."

"Brought Osmir?"

"And what does he say?"

"I have not spoken to him of Julian I thought you had better do that. You may have more influence."

"Very well—bring him up at once. I will shrink from nothing now."

"In a little while the tall, dark form glided within the chamber of the princess. He bowed low as he entered, and when he saw the lady Ulin, he sank down upon his knee."

"Noble lady," he said, "Albia informed me that I can be of service to you. Once you served me, and my life has been yours ever since. Command me."

At first Ulin had been startled by the appearance of the powerful black within her chamber; but when she remembered the service she had done him, and when she saw how gently the beams of gratitude fell upon her from his brown eyes, she regained her confidence.

"I will not command you, Osmir; I can only ask you to assist me. You may be able to serve me, and you may not be able. But I will not detain you with useless words. You do not yet know what I seek?"

"I do not, lady."

"You helped to bring the robber chieftain to Damascus."

"Ha—who told you that?" He was not startled with fear; but he rather seemed to wonder how the princess had gained the information.

"Do you know a man named Hobaddan?"

"Yes, lady. He is second in command of the robber band."

"He has been here, Osmir, and he has induced me to use my influence towards gaining freedom for his chieftain. I may not explain to you, but nevertheless I am willing to confess that I do much desire to free this Julian from the power of the king. Can you help me?"

He bowed his head, and pretty soon arose to his feet.

"Lady," he said, "I did help in the capture of the young chieftain; but when I came to know him I would rather have served him had it been in my power. I found him a generous, honorable man and I learned to love him; but I was bound by an oath to the will of Judah, and I could not disobey. I wish I could save him now."

"Can you do it, Osmir? I do not wish that the king should kill him. We thought you might have access to his dungeon—that you might, at some time, be set to guard him."

"So it is, lady; but I am not to be on the guard again until daylight."

"And to-morrow may be the last!" uttered the princess, painfully. "If you cannot help us our hope has an end."

Osmir moved back and leaned against the wall, with his head upon his hand.

"Lady," he said, after much thought, "I have one source of hope. My companion, Selim—he who was with me in the work of capture—stands watch over the chieftain's dungeon at midnight. Selim may help me. If he will, Julian may be saved. I will hasten away at once, and exert this only influence I possess."

"And when can I know the result?" asked Ulin.

"Within two hours past midnight," said Osmir. "That is," he added, "if I have any result to bring. If I do not succeed, I may not return at all."

"At two hours past midnight," pursued Ulin, "Hobaddan is to be in my garden. You can meet him there."

"You action speaks for itself. Look at these chains; and mark the fate to which I am doomed."

"I meant not the action of the past, good master; I alluded to action that was to come."

"Action to come?"

"Yes. Selim and I are here to speak of your release from this dungeon. Hold—let our words be few, for the time is short. We have promised that we would lead you forth from Horam's power if the thing were possible."

"Promised whom?" asked Julian.

"The black hesitated. He knew not that he should use the name of the princess, so he finally answered:

"Hobaddan is in the city, and our promise has been sent to him. But—there is something more. If we lead you from this place, we do so in the face of great danger. We have planned for that, and have freely staked our lives in the work. But, if we succeed, and you are free, we can never return to Damascus. If we go with you from this dungeon, we must go with you from the city, and remain with you."

Julian believed that the black was speaking truly and honestly.

"Certainly," he said, "if you lead me in safety from the bonds that now encompass me, I will give you such return as you may desire. You may remain with me, if you like, or I will give you safe conduct into the land of the Syrians."

"Your word is enough, my master; and henceforth Selim and I are your servants. We change our allegiance, and the proof of our fidelity shall be manifest in this first act of our service. We have dangers to meet, sir."

"Talk not of dangers," cried the chieftain. "Throw off these chains; give me a sword; and lead me to the upper world; and I ask no more. Once again I trust you, and if you prove true, my gratitude shall be your while I live!"

Without further words Osmir proceeded to the work he had come to perform. Selim held the lantern, while he loosened the irons from Julian's limbs; and very soon the chieftain stepped forth with his limbs free.

"There is no time to waste," said Osmir, as he cast the chains upon the floor. "We have good swords at hand, and for the rest we must trust to our wit and strength. There is danger enough between this dungeon and the open air; but I am ready to meet it."

"By the gods," cried Julian, as he grasped the sword which Osmir had placed in his hand. "I can laugh at danger now. Lead on, and let this present hour be the last of Horam's power!"

#### A WORD TO THE THIN.

A great deal has been written by physicians for the benefit of fat persons who desire to reduce their weight, but the discontented at the other end of the scale, who long for more covering on their bones, are very generally left to discover for themselves, if they can, a means to gain their end.

Thinness, like obesity, may be due to some constitutional defect in nutrition, often running in the family, or it may be a symptom of chronic disease. A gradual loss of flesh, occurring without any apparent cause, in one who has been in previous good condition, is a suspicious sign, and should lead one to seek a careful medical examination, so that the cause, whatever it may be, may be discovered and corrected while there is time.

Other persons have always been too thin, while seeming in other respects to be in fair health. To such a few simple directions may be of service.

Thin persons are very apt to be nervously strung, fretting over trifles, and borrowing trouble on every possible occasion. They sleep poorly, dream much, and are always in a state of unrest in their waking hours. They are not uncommonly rather large eaters, but their food is for the most part meat, and is bolted with very little mastication.

It will be of little use to modify the diet in such cases unless the nervousness is treated at the same time. The person must avoid all things which stimulate the nervous system—exciting novels and theatrical pieces, the use of tobacco, coffee, tea, and so forth. The diet should consist largely of articles of a fattening nature, such as starchy vegetables, sweets, butter and fat meats. Meals should be small but frequent. A certain amount of nourishment taken in six portions will make more flesh than the same amount divided into three meals.

Chocolate may be substituted for the morning tea or coffee. Water should be drunk in large quantities at other than meal-times, but fluids should be taken sparingly with the meals. Codliver oil, if it does not nauseate, should be taken regularly; if it cannot be tolerated, cream may be substituted.

The night hours of sleep should be long, and a nap may be taken with advantage in the middle of the day.

#### POWER LOOM.

It is reported that an English syndicate has purchased from the inventor a new method of manufacturing Oriental carpets. The apparatus is called the Hellesen power loom, and the claim is made that it has a capacity of thirty-five square yards per day, while by hand it takes half a day to make a square yard. It is also stated that the material is equal to the finest Oriental productions. A peculiarity of its construction is that a shuttle is dispensed with, thus permitting the utilization of low-grade material hitherto considered useless. Another novel feature connected with it is the process of coloring yarns, which, in view of its simple character, it is thought may be adopted in other branches of textile manufacture.

#### MOTOR TRACTION ENGINE.

An oil engine, which has recently attracted considerable attention abroad and which was invented in Germany, is said to be the counterpart of an engine brought out in this country some time since by Richard Dudgeon, with the exception that Dudgeon used steam as a motive power, while the new engine uses oil vapor. It consists of a friction roller, working on the inside of a larger wheel. Its tractive power is reported as being very great.

This wire soon rusts and breaks, permitting the ribs to trust themselves through the cover. A ball-bearing umbrella frame is now being manufactured which dispenses of this weak point by doing away with the wire altogether. #### FOR WOMEN ONLY.

#### Free Treatment During Hot Weather by Dr. Hartman.

By the assistance of an experienced staff of physicians, Dr. Hartman proposes to direct the treatment of several thousand women, who, for one reason or another are ailing.

Each patient sends name, symptoms, and a short description of previous treatment, and enters in the doctor's books as regular patients.

The treatment is directed from time to time as may be found necessary by the doctor, without charge. Every letter and name is held strictly confidential, and in no case will any one be published except by the express wish of the patient herself.

These cases are treated with the same care and fidelity as the private patients of a regular family physician. During the past year a large number of cases have been cured. Every item of the treatment is directed for which no charge whatever is made.

Address Dr. Hartman, President of The Hartman Sanitarium Columbus, Ohio, for free treatment.

## Pingree

Mr. and Mrs. Caswell are visiting relatives at Crosswell.

A number from here attended church at Hay Creek Sunday night.

Miss Cora Dellaree is visiting her aunt, Mrs. J. Brackenbury, at Canboro.

Miss Jennie Burt, of Wickware, is a very pleasant visitor among old friends here.

Mrs. Frank Todd and children, of Pontiac, are visiting friends and relatives here.

Miss Muriel Craig has left for an extended visit with her uncle and aunt, near Ronde.

Elder Sweet preached a very appropriate sermon on Sunday afternoon to a large congregation.

Mrs. Geo. Banks has returned with her daughter, Mrs. Geo. Butterfield, for a visit at Bay City.

Little Johnnie Kitchin entertained a number of his friends at a birthday party on Monday. They had a very jolly time.

Miss Luella Myers has returned with her aunt, Mrs. Lewis, for a visit with her grandparents. She expects her father on Wednesday.

Quarterly meeting is to be held at the Menonite Church next Saturday and Sunday. Ex-elder Anthony is to give his last discourse at this place, as he expects to leave for Africa in the near future as a foreign missionary.

For Whooping Cough  
"Both my children were taken with whooping cough," writes Mrs. O. E. Dutton, of Danville, Ill. "A small bottle of Foley's Honey and Tar cured the cough and saved me a doctor's bill." T. H. Fritz, Cass City; F. A. Francis, Kingston.

**Novesta**

Elder Bartlett preached his farewell sermon at the Quick schoolhouse Sunday.

Mrs. C. E. Fritz and children visited her parents and other friends here last week.

Mr. and Mrs. Davis and daughter, Letta, visited J. Kiddle and wife Wednesday.

Mr. and Mrs. Jerry Jacoby rejoice over the arrival of a nine pound boy at their home.

Miss Nellie McPhail left for Pontiac Thursday, where she has secured a position in the asylum.

Mr. and Mrs. Bryant, of Pontiac, visited the latter's parents, Mr. and Mrs. M. H. Quirk, last week.

Mr. and Mrs. C. Stoner, of Pigeon, visited the latter's parents, Mr. and Mrs. E. P. Smith, Sunday.

W. Anderson, of Bay City, was here looking after his farm last week. He intends to move back this fall.

Miss Hazel Livingston entertained a number of her friends Wednesday in honor of her ninth birthday. The little folks all enjoyed themselves.

The jobs were let on the Deer Lick drain at Deford last Tuesday, 13th. Several have started to work and intend to have it completed by the first of November. When completed it will be a big benefit to both Ellington and Novesta as it will drain a lot of good land.

**Their Secret is out.**

All Sadiesville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. P. Whittaker, who 14 1/2 for a long time, endured untold suffering from a chronic bronchial trouble, all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of a severe attack of Whooping Cough." It positively cures Croup, Colds, LaGrippe, Bronchitis, all Throat and Lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at T. H. Fritz's Drug Store, Cass City; F. A. Francis, Kingston.

**Deford.**

J. Hildebrand has a new work horse. Our road work is now done by graveling.

Frank Lester is hauling wood to Cass City.

C. Courliss has erected an addition to his horse barn.

The "Aiders" met at Howard Retherford's on the 15th.

Elmer Lewis is doing the wood work on the schoolhouse.

Geo. O'Rourke spent Sunday at A. Brout's near Lamotte.

The two-year-old child of Arthur VanBlaricom is very sick.

John Lee, of Chicago, visits his old home in Sec. 1, Kingston.

We notice Dr. Foote, of Novesta, is more than busy these days.

Lewis Rutherford and family visited

friends near Lamotte on Sunday.

Simon Hartwell, of Rochester, visits his sister, Widow Gibbs, of Novesta township.

D. Croop's cellar is ready for the roof. The Cass City masons did him a No. 1 job. Mr. Croop is proud of the structure.

John McCracken has a three-year-old colt to sell. If not as well put up for a plow as any colt in Tuscola county he will give it to the who shows a better one.

The corners of sections 4, 3, 9 and 10 in Kingston at the meeting has been under water since time immemorable and now Thomas Mapely, present highway commissioner of Kingston, proposes to run the water by public drain into the Farroll ditch. If he succeeds the people will rise up and call him blessed.

Two cases tried before A. B. Payne, J. P., of Kingston, on the 17th in which Chas. Chatfield was plaintiff and Wm. Crawford defendant and Chas. Chatfield plaintiff and John and Sarah Horner defendants were won by the plaintiff. Damages in first case \$40 and in second case \$84. As a matter of fact both suits were against John Horner but in one case it was necessary to sue Wm. Crawford in order to reach Horner. Both cases will go to the circuit.

Deford correspondent in last week's Cass City Chronicle stated that "Mrs. C. Huffman is very low." Now this three readers into confusion, for to the southwest of the burg is Mrs. Cyrus Huffman and south of the burg is Mrs. Charles Huffman and south-east of the burg is another Mrs. Charles Huffman, all three being within three miles of Deford. After inquiry we found it was the wife of Chas. Huffman, south of here, that was sick. Be more careful, dear correspondent; that way of putting things only keeps down peace and raises disturbance.

The Detroit Evening News of 16th inst gave us the population of Canada, and to think it has only gained about half a million in the past ten years forces us to name it the land of stand still. Manitoba, which we have been lead to believe was settling so fast, has made about as much gain in the past decade as Cass City would make in the same time if she built a sugar factory. Canada has been known to the world since brave spirits declared to the denizens of Europe "there is land to the west." Men have tried to settle the domain but it will not populate. Why not enduce all her people over here to rejoice and make merry on our virgin soil, when they could turn Canada into a sheep pasture making H. J. Wilcox, of this place, business manager?

Don't be satisfied with temporary relief from indigestion. Kodol Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently because it allows the tired stomach perfect rest. Dieting won't rest the stomach. Nature receives supplies from the food we eat. The sensible way to help the stomach is to use Kodol Dyspepsia Cure, which digests what you eat and can't help but do you good. A. Bond, Cass City; F. A. Francis, Kingston.

## Gagetown.

Wm. Owen, of Pontiac, was in town last week.

Ed. Karr, of Akron, transacted business in town last week.

H. C. McMillan was a caller in Pigeon Tuesday between trains.

Jno. Anyon is spending his vacation with his daughter in Saginaw.

H. L. Pinney and Chas. Matzen, of Cass City, were in town last week.

Miss Ella King, of Almer, is visiting at her uncle's, Chas. Beach, south of town.

Carpenters are at work repairing the residence of F. D. Hemerick on Main Street.

O. L. Murry, of Detroit, is in town this week buying apples for the eastern market.

Wm. Karr, of Flint, visited with friends and relatives in town and vicinity last week.

James Dando wears a very broad smile now-a-days since the arrival of a little daughter at his house.

Paul Gage and Leo McMillan will leave Sept. 1st for Big Rapids, where they will attend the Ferris Institute.

Carpenters arrived Tuesday from Bad Axe and began operations on the dwelling of H. A. Gifford on Gage Street.

J. W. Eddy, of Pinnebog, was in town Wednesday. He will return Sept. 1st to resume his duties as principal of the school.

Dentist Gray, of Caro, was in town Tuesday. He has changed his place of business from Dr. Morris' office to the H. A. Gifford building.

Richard Case and wife, of Rescue, left Wednesday morning for Buffalo to visit the Pan-American. They will visit the Toronto fair before returning.

The house of Mrs. Alvira McCormick, an old deaf widow, living with a daughter who is weak minded, six miles from Vassar was robbed Sunday night. Two trunks were carried to the barn by the burglars, who secured some clothing and a small sum of money, all she had. Officers are after the robbers.

**Kingston.**

Wm. Ross is quite poorly again. Another excursion to Bay Port next Sunday.

F. J. Gifford, of Caro, was in town on Wednesday.

E. A. Randall has placed a new floor in his store.

Mr. and Mrs. John Roy are at the Pan-American.

Uriah Maule made a trip to Cass City on Monday.

O. M. Carpenter, of Eames, was in town on Monday.

Wm. Ferguson, of Cass City, was in town on Wednesday.

The Misses Ethel and Gertrude Jeffery were at Caro on Tuesday.

Mrs. N. H. Burns returned on Tuesday evening from an extended visit at Bay City.

Our base ball boys have fixed a splendid new diamond opposite John W. Curtis' place.

Mrs. Cronkrite has moved to the rooms in the second story of the Ferguson building.

Mrs. John Hudson, of Wickware, has been the guest of her sister, Mrs. Madison Moyer, this week.

The rains of this week have been welcomed by everybody as the pastures and growing crops all needed it.

The Ladies' Aid met with Mrs. Ruggles on Wednesday and served tea to a goodly company at the usual hour.

The masons are nearly through with the brick work on the remodelled Gifford building, occupied by Dixon & Swales.

Mrs. Sarah Dash, who has been the guest of her brother, Chas. E. Baker, of this place, has returned to her home at Romeo.

The Lady Maccabees will give a supper in the Oddfellow Hall the evening of Saturday, Aug. 31st. Adults, 10 cents; children, 5 cents.

Miss Alta Harris returned from Yale on Tuesday evening and on Wednesday left for Gagetown, where she has accepted a position in the elevators of Fruthey, McGeorge & Co.

Grain is moving lively just now and considerable is coming to our elevators from seven, eight and nine miles east of town, which speaks well for the manner of dealing of Manager Haebler.

Farmers should be cautious about contracting their potatoes, beans or other produce to strangers, or anyone, without knowing positively that the parties are responsible and can be found when wanted. It is always the safest to deal with local buyers as they are always with us.

Next Tuesday has been set apart as the day for transforming the road over the sand hill, two and a half miles west of town, into a good clay road. Farmers and citizens of the village have united their efforts and about twenty teams are expected that day to help make the change. Let the good work continue.

A large crowd is expected to attend the base ball tournament here to-day. The teams from Cass City, North Branch and Akron will be on hand. The Sanilac Centre team for some reason backed out and our home team will have to put up a game to fill out the program. All the teams are coming determined to win the \$25 and there is likely to be some lively playing.

James Dafos and his son, George, have rented the Grassmere elevator and will run it this fall.

S. W. Murray has two gangs of men at work cleaning Sucker Creek in the townships of Wells and Dayton, Tuscola county, and expects to finish the work this week.

Richard Nugent, of Bingham township, died Thursday afternoon at the age of 82, and thus ended the long life of a man who has had much to do with the improvement and development of Huron county.

Posters are out announcing the Union picnic of the farmers and business men of Unionville and surrounding country on Aug. 29th. Hon. Perry, F. Powers, Auditor General, of Lansing will be present to address the people.

A probable mental derangement from brooding over financial matters caused Wm. Sommerville, an old and respected resident of Port Austin to commit suicide Monday morning by hanging himself in a barn, using a cow halter fastened to a harness peg. He has appeared despondent of late, but that morning went to an early train to see a brother depart. He returned and went to the barn, where he committed the act, and was discovered later by his wife, who went to call him to breakfast. He was a butcher by trade and an active Presbyterian church member and Mason. He leaves, besides his widow, one daughter.

**Foley's Honey and Tar**  
heals lungs and stops the cough.

The Valley Telephone Co. of Saginaw and Bay City has completed its lines to Sebawaing and will begin its service this week. Many farmers along the route have put 'phones into their residences.

Helps young ladies to withstand the shock of sudden proposals, that's what Rocky Mountain Tea has done. 35c. Made by Madison Medicine Co. Ask your druggist.

Sebawaing, for the first time in her history, will be lighted with electricity this week. The new plant being put in by J. C. Liken & Co. will be completed by the 23rd inst. It is proposed to make the event a general holiday in the village, with bunting and banners galore.

The beauty thief has come to stay. Unless you drive the pimples and blackheads away; Do this; don't look like a fright; Take Rocky Mountain Tea to-night, Ask your druggist.

The Sebawaing Sugar Co. has started the canvass of the 1902 acreage with somewhat clannish loyalty to Sebawaing. The sugar company's liberality on the stone road questions 1) as proved an inducement to farmers of that portion of the Thumb, with the result that the company will have no trouble in securing all the acreage desired. It is expected that active preparations on the factory will begin this week.

Would Have Cost him his Life. Oscar Bowman, Lebanon, Ky., writes: "I have been using Foley's Kidney Cure and take great pleasure in stating it gave me permanent cure of kidney disease which certainly would have cost me my life." Take none but Foley's. T. H. Fritz, Cass City; F. A. Francis, Kingston.

The Sanilac Republican in publishing an item regarding the Gil R. Lovejoy electric line says:—The present delay is owing to a sparring match between Lovejoy and Grand Trunk and the P. M. Roads. Lovejoy is undetermined whether he will transfer his freight to the P. M. at Yale, or the Grand Trunk at Emmet, and won't decide until he learns which road will make the best proposition.

This is an Advertisement. If you are looking for a laxative, Dr. Caldwell's Syrup Pepsin is it. The convenience and merit of this valuable remedy will be explained to your satisfaction by A. Bond, Cass City; F. A. Francis, Kingston.

An 11-year-old lad named Sommers of Sebawaing has developed a genius for destruction. Stealing some black machines off from a mill he poured it over an \$1,800 monument belonging to J. C. Liken, in the Lutheran cemetery "just to see the oil run down the white stone." The texture of the marble is such that it absorbed the oil and the injury is permanent.

Mrs. Rachael McDougall and daughter, Mrs. Herbert Boughner, of Argyle, were the guests of their daughter and sister, Mrs. W. O. Marshall, on Saturday and Sunday.

H. W. Seed has sold his fine residence property at the corner of Seegar and Third Streets to Mrs. E. K. Wickware and will move to Port Huron in the near future. Consideration, \$1,450.

Mr. and Mrs. J. F. Hendrick, Sam LaFond and Miss Mattie Higgins drove to Rose Island, near Sebawaing, on Sunday. Mrs. Hendrick remained with friends there for a few weeks' outing.

The first of this week, J. D. Tuckey lost a three year old colt. It was at first thought to be affected with spinal meningitis, but an after examination proved it to be fatty degeneration of the heart.

The Misses Ora Wickware, Gertrude Schooley, Winne McClinton, J. D. Crosby and John Schwaderer, Jr., attended the ball game at Bad Axe on Wednesday between Bad Axe and Harbor Beach teams.

Wooley & Lauderbach, the stone masons, have completed the second potato cellar at Deford, and have started a new eight foot barn wall, 40x76, for Jas. Rule, one-half mile south of Novesta Corners.

The Wetlaufer & Ratz Manufacturing Co. is building fifty bean pullers of a new design, gotten up by W. W. Baloh, of Deford, which is said to be a considerable improvement over anything now on the market.

C. E. Fritz visited at Caro a part of last week. He called at the sugar factory while there and found that preparations were being made to begin work on Sept. 1st, provided beets could be obtained that early.

Prof. G. Masselink, of Big Rapids, gave a very pleasing address to the Dilman Sunday school on Sunday afternoon and occupied the Presbyterian Church pulpit here in a very acceptable manner Sunday evening.

Rev. Geo. R. Jackson, the colored singing evangelist, is conducting special services at the Grant Church, and will be present at the tea meeting here on the evening of Wednesday, Aug. 28th. Turn out and hear him.

At the meeting of Cass City Camp, No. 9684, Modern Woodmen of America, on Monday evening, it was decided to hold the regular meetings of that body on the first and third Thursday evenings of each month in the Forest-Road Hall.

Rev. I. T. Raab, of Elkton, occupied the M. E. Church pulpit here on Sunday morning, and assisted in the evening service, when Dr. Sweet, the presiding elder, preached. Dr. Morgan conducted quarterly meeting services at Elkton the same day.

A young farmer living two miles west of Gageton recently became enraged at one of his horses and, seizing a knife, stabbed the animal in the eye with it. It is too bad we have not a society for the prevention of cruelty to animals to handle such victims of passion.

E. W. Keating and daughter, Miss Etta, attended the quarterly meeting services of the M. E. society at the Leek schoolhouse, in Novesta, on Sunday afternoon. Under the pastorate of Rev. C. A. Lohnes the work there has prospered remarkably and there is an effort on foot to erect a church.

The following letters remain unclaimed in the P. O. at Cass City: Mich. for the week ending Aug. 17, 1901. Mrs. Daniel Crawford, Mrs. Frank Lynk, Mr. William Adams, Peter Doerr and Miss Mary McCullough. When calling for above please mention "Advertised." H. S. Wickware Postmaster.

Among those who have recently renewed their subscription to the ENTERPRISE, is R. A. Brown, of Anacanda, Mont., son of Mrs. Robt. Brown, of this place. He is employed as a carpenter on the new reduction works there, while Mrs. Brown manages a confectionery store, and they are doing nicely. Mr. Brown states that it is a good place for a laboring man and a better one for anyone who has anything to invest.

Many people entertain the idea that if they voluntarily furnish an item of news to a paper, it is evidence they are banking after publicity and that the paper will so regard them. That idea is a distinct mistake. News is the commodity in which a paper deals and the editor appreciates it from whatever source it comes. A volunteer item of news is hailed with as much joy by a paper as a new customer is by a merchant. Just think of THE ENTERPRISE and that piece of news you know about while at the postoffice. You only have four doors west to go.

Hats and caps at Matzen's. See adv.

Two of our village carpenters have been treated to a bit of new and rare experience recently. While employed in building an addition to a farm house not far from town, they have been assisted by the lady of the house who even mounted to the roof and assisted with the shingling as though it were a mere commonplace affair.

The grounds at our school property are undergoing a great change as rapidly as the men employed can do the work. Cement walks are nearly completed along the entire Seegar Street side and from the street to the west door of the new addition. The grounds are also being graded and terraced and when completed will greatly improve the appearance of the school property.

Our citizens generally may not be aware of the efforts of our band boys to make the organization second to none. The fine new tuba recently purchased was paid for from the money received by them at their concerts and earned by playing for picnics. The horn is a beauty and said to be the finest anywhere around. The boys deserve encouragement from everyone.

The new Bigelow block at the corner of Main and Oak Street is progressing nicely and beginning to make a very pleasing appearance. The front is something entirely new here, the entrances being at the sides and leaving a fine large centre window. Light will be admitted from the side also and the second story will be equally as attractive in appearance as the first. The brick work will be completed in a few days.

The Inlay City Record of last week says: "Andrew Wood, a well-known and successful farmer of this township, died at his home three or four miles southeast of this place Wednesday of typhoid fever. He was held in the highest esteem by all who knew him. His wife, who is lying very ill of the same disease, has the sympathy of all in her sad bereavement." Deceased was a brother of O. C. Wood, of this place, who attended the funeral on Friday.

Rev. G. F. Smith, of Grant, called at our office on Saturday and showed us a Bible which was printed in the year 1671. It has been in his possession for many years and he prizes it much. It is a reference Bible, with red marginal lines, well printed, well bound and is well preserved. The reverend gentlemen also has copies of the Rutland (Vt.) Herald printed in April and August of 1841, containing matters of interest in regard to the doings of the twenty-seventh congress.

A splendid program is being arranged for the tea-meeting at the M. E. Church on Wednesday evening, Aug. 28th. The Revs. R. Crosby, of North Branch, C. A. Lohnes, of Deford, Frank Fitchett, of Bay Port, Geo. F. Smith, of Grant, and Geo. R. Jackson, the evangelist, have consented to be present and give brief addresses. The choir is preparing special anthems. L. Robb and Miss Nellie Bigelow will give piano solos. Miss Cecil Fritz will give a vocal solo with violin accompaniment by Miss May Landon, and Dr. W. A. Wellemyere, Sam LaFond, J. C. Seelye and Walter Clark will compose a male quartette. Other features may be added, which with the excellent supper to be served by the ladies will give you the best twenty-five cents worth you've had in a good while. Secure your tickets early.

William Hitehens has sold his stock of goods at Tyre and will remove to Minden City.

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure. It's guaranteed. T. H. Fritz, Cass City; F. A. Francis, Kingston.

Henry Geck, who lived alone on a farm near Charleston, was found dead in bed Saturday. He had not been seen since Thursday. He was 79 years old and a native of Germany.

DYSPEPTIC  
The greatest aid to DIGESTION.

Seth Griffin, while blasting stone on the farm of Sanford Bradshaw in Burlington township Friday afternoon, lost one hand and sustained other injuries by a premature explosion. He is in a very critical condition.

A Cure for Cholera Infantum.  
"Last May," says Mrs. Curtis Baker, of Bookwalter, Ohio, "an infant child of our neighbor's was suffering from cholera infantum. The doctor had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house telling them I felt sure it would do good if used according to directions. In two days' time the child had fully recovered, and is now (nearly a year since) a vigorous, healthy girl. I have recommended this Remedy frequently and have never known it to fail in any single instance." For sale by G. A. Bond, Cass City; F. A. Francis, Kingston.

The Dryden Creamery Co. has been reincorporated, with \$2,000 stock subscribed and paid for, divided into 200 shares at \$10 per share. Philander Foote is president of the company; George B. Terry, treasurer, and Elmer E. Maynard, secretary.

Mrs. A. L. Wright met with a serious accident Wednesday evening. She was learning to ride horseback and the saddle turned throwing her violently to the ground. Both bones of one of her legs were fractured between her ankle and knee.—Bad Axe Democrat.

A Young Lady's Life Saved.  
At Panama, Columbia, by Chamberlain's Colic, Cholera and Diarrhoea Remedy.  
Dr. Chas. H. Utter, a prominent physician, of Panama, Columbia, in a recent letter states: "Last March I had as a patient a young lady sixteen years of age, who had a very bad attack of dysentery. Everything I prescribed for her proved ineffectual and she was growing worse every hour. Her parents were sure she would die. She had become so weak that she could not turn over in bed. What to do at this critical moment was a study for me, but I thought of Chamberlain's Colic, Cholera and Diarrhoea Remedy and as a last resort prescribed it. The most wonderful results was effected. Within eight hours she was feeling much better; inside of three days she was upon her feet and at the end of one week was entirely well." For sale at A. Bond's, Cass City; F. A. Francis, Kingston.

The Sebawaing Sugar Co. will rush work on its factory buildings since its terms have been accepted by the tax payers of the town. The company asked that its taxes for ten years be devoted wholly to stone roads, and that the township open up a certain piece of road and lay it with stone donated by the company.

Joseph Spook, of Vassar, died Sunday morning, aged 98 years. He was born in Pennsylvania, was a veteran soldier of the war of 1812, the Mexican war, and a member of Company D, Forty-fourth Indiana Volunteers, war of 1861. He served with his regiment until the battle of Shiloh, when he was severely wounded. Mr. Spook settled at Vassar in 1864 and has resided here to the date of his death. He was a member of Gen. W. T. Sherman post, G. A. R., and leaves a widow, aged 80 years, two sons and two daughters to mourn his loss.

QUESTION ANSWERED.  
Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mother's and grandmother's' never thought of using anything else for indigestion or Bilioussness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you.

# CASS CITY ENTERPRISE

A. A. P. McDowell, Publisher,  
CASS CITY, MICHIGAN

The Tela Polyphemus, the best-known species of American silk worm, feeds readily on the leaves of the oak, maple, mulberry, willow, elm and several other trees.

There are 1,713,735 cows in Denmark, an average of 456 for every 100 acres of land under cultivation and 756 for every 1,000 inhabitants. In 1898 the butter exported amounted to 121,418,431 pounds, in 1899 to 122,412,593 pounds, and in 1890 to 124,623,362 pounds, of which 3,593,362 pounds were packed in tins. The remainder was in firkins.

Christian, the grandson of the king and heir-apparent to the Danish throne, married the Princess Alexandra of Germany and they have a son, Frederick, who was born two years ago last March. Charles, another grandson, is the husband of the Princess Maud of Wales, daughter of the king of England. Charlotte, a granddaughter, is the wife of Prince Carl of Sweden, and there are five grandchildren unmarried.

Some "souless corporations" of the "wild West" have lately given a practical demonstration in good morals. An attempt was made in Omaha to conduct Sunday exhibitions. It came to grief because the railroads centering there refused to increase the Sunday work of their employes. It is their policy to decrease rather than increase the number of Sunday trains. The wise among even the irreligious admit that the weekly rest day is profitable both for capital and for labor.

Few things are more joyous to an audience than the mixed metaphors of an orator. The Irish race is famous for its contributions to merriment in this particular. The Academy gives three illustrations: "You are," said a late Lord Mayor of Dublin, "standing on the edge of a precipice that will be a weight on your necks all the rest of your days." "The young men of England," remarked an English clergyman, "are the backbone of the British Empire. What we must do is to train that backbone and bring it to the front." And this is from a member of Parliament: "Even if you carried these peddling little reforms, it would be only like a flea-bite in the ocean."

A teacher in a New York public school discovered that some of her pupils were deficient in the little amenities of polite life, and took it upon herself to instruct them in the graces of courtesy. She observed that whenever one of the boys passed in front of the visitors at the school, a strange, puzzled expression came into their faces. The secret came a few days later, when, happening to stand near the visitors, she heard this boy jerk out, as she shambled awkwardly by: "Baking-powder." She hastened to explain that the difference between "Baking powder" and "Baking-powder" which he had understood her to say, was wide enough to justify further instructions.

A recent traveler in Central Africa gives several instances of the capacity for sleep developed by his Arab servants. He mentions one of these men as being undisturbed by the discharge of firearms within two feet of his head. Another is described as follows: Salam, our Arab boy, sleeps more soundly than any one else I have ever come across. It is a task of no ordinary magnitude to wake him. He tells a story in regard to himself to the effect that one night, when he was traveling with an Arab in North Africa, he had to sleep with their donkey tethered to his leg to keep it from running away. When he woke in the morning he found that the donkey had wandered away to a considerable distance, and had dragged him along. Judging from our own experience of his sleeping powers, we do not think the story incredible.

A number of years ago Castle Rising, in the eastern part of England, was a flourishing borough, returning two members to Parliament and possessing a mayor, one Wakefield, "a character" who might have stepped out of a novelist's gallery. On one occasion the bearer of some election dispatches arrived in hot haste at Rising, and asked for the mayor. Wakefield was engaged in the exercise of his high calling, which happened to be that of a thatcher; he was thatching a barn. On hearing that his presence was required, he sent a message to the dispatch-bearer to this effect: "If it's John Wakefield that he wants to see, I'll come down at once. If it's the mayor of Castle Rising he has business with, he must come up here to me." And on the roof of that barn in Arcady the mayor received the dispatches, with dignity befitting his position, official and otherwise.

John Brown, a Scotchman, is just now making a tour of the rivers of France in a sort of sailing canoe, having resolved to cover 4,000 miles on water before returning to his native land. Mr. Brown cooks and sleeps in his diminutive vessel and has no traveling companion. His craft measures fifteen feet in length, is a little over three feet wide, and nearly two feet in depth. Brown assures his French interviewers that he thoroughly enjoys his outing, which, he says, will keep him from home more than a year.

# FROM ALL OVER OF MICHIGAN

## A Brave Girl Saves Her Lover from Being Killed.

## AN OLD AND HONORED JUDGE.

## A Michigan Man Murdered in Ohio—Vegetables Are High—A Baldwin Man's Sad Flight—Ill's of News and Information Picked Up Here and There.

**Probable Murder.**  
Developments in the case of Percy Cummings, whose death resulted from falling or being pushed between the shafts and wheel of a wagon in which he and his brother were riding from Baldwin home, have led to the arrest of James Cummings in charge of murder. A man named Wright, living near Stearns, between Baldwin and the Cummings farm, swore to hearing the sound of quarreling at about the time the brothers would have passed, and recognized the voice of James, to whom the doctors say could not have been James Cummings. Denaro, heard the dispute, but could not distinguish the words. It was in this vicinity a bill was found. Justice Gunn ordered the body disinterred, and a second examination revealed bruises upon the head as of some blunt instrument, which the doctors say could not have been inflicted by the spokes of the wheel. James Cummings was arrested on a warrant sworn out by Wright, and is now in jail. He is married and has two children.

**Footish Boys' Freak.**  
Three young athletes of St. Joseph, Duffy Mason, Joseph Mason, and Bert Morris, will on Wednesday next attempt what has never before been tried. They will row from St. Joseph to Chicago, a distance of 61 miles, in a small open shell boat. There is considerable interest manifested in the feat, and considerable money is up. It is hoped by the young men that they can secure a race, and to that effect have issued the following challenge: "We challenge any three oarsmen to row in a contest from the Graham & Morton boat house in Chicago to the Chicago Yacht club house in Chicago, in common rowboats. We will leave at 3:30 a. m., on Wednesday, August 21." The young men are determined to take the risk and will not have any steamboat to attend them on their trip.

**Vegetables Are High.**  
The drought and hot weather of the past two months have almost ruined the early crops of fruits and vegetables, so that Detroit housewives are finding prices greatly advanced over those of a year ago. Tomatoes, for example, sold for \$1.25 per bushel, but are now at \$2.25. Potatoes, which were \$2.25 a bushel last season, are now listed at 95 cents to \$1.10 per bushel. Apples are quoted at \$2.00 a bushel, and are against \$2.50 a year ago. Everything else is proportionately high.

**A Brave Girl.**  
At the risk of her own life, Miss Sara Kuntz, of Grand Rapids, saved the life of her fiancé, John Wilson, who was being attacked by a man who was believed to have been a rejected suitor. Jumped from a dark alley and rushed toward Wilson with a knife. Without a moment's hesitation the young girl thrust herself in front of her lover, the knife cutting a course along the chin and plunging itself in her arm just above the elbow. The would-be assassin fled. The plucky young lady was carried to Bird's drug store for treatment.

**A Michigan Man Murdered.**  
Edward Grossman, of Manchester, Mich., who met his death on April 13, in Ohio, was supposed to have been struck by a train. A different story is told by a man named Medler, who is following the case in a Cincinnati hospital. He states that Grossman was working in a paper mill at Franklin, O., and incurred the enmity of the other employes, who placed a rope about his neck and raised and lowered him from a beam, finally hurling his head against the iron shafting and fracturing his skull. Grossman was then placed upon the railroad tracks to cover up the crime.

**Killed the Boy.**  
In a moment of anger at the pranks of a group of small boys, on Saturday, John M. Farrar, a Detroit carpenter, threw a block of wood to chase them away from the alley back of his house. The block struck William Herman Armstrong, 13 years old, in the face, and the boy died early Sunday morning at Harper hospital. Farrar is locked up. He is the first prisoner to occupy a cell in the new station, and the charge against him is manslaughter.

**An Honored Judge Gone.**  
Judge Green, who died in Bay City Tuesday, was 94 years old. For years he was known and recognized as one of Michigan's foremost jurists. In 1848 he was appointed judge of the fourth circuit to fill a vacancy, a position he held for ten years. His position as circuit judge made him ex-officio justice of this court, January 1, 1858. He was presiding judge of this court for two years to the beginning of the January term in 1856.

**Frequent Burglaries.**  
Burglars entered six business places in Camden Sunday night. As near as can be estimated about \$500 or \$600 was taken in all. This is the sixth of these burglaries within the last 20 months, and the people are aroused. Several detectives have begun a still hunt for the perpetrators. It is thought by many that the culprits are residents of the village.

**Roy I. Taylor, of Mt. Pleasant,** has received notice of his appointment to the position of second lieutenant in the regular army.

Selig Solomon, Charles Cornett and Charles Scriber, of Alpena, charged with robbing a train on the State Street, were held to the federal grand jury. John McMullen and John Searles, implicated with the others, have already been indicted. All gave bail.

Wm. J. Lambrecht, of Detroit, son of the pastor of the Evangelical Christ church, is in the hands of the police, charged with arson. Lambrecht is accused of setting fire to St. Hope church on Twenty-fifth street, near Michigan avenue. He was arrested at the scene of the fire.

Reports of the rapid spread of the Canada thistle in Branch county have caused Prosecuting Attorney Legg to send out a warning that all persons who permit this nuisance to grow on their premises are violating the law, which hereafter will be strictly enforced in the county.

# TERMS OF ENDING STRIKE.

## Conservative Steel Workers Not With Shaffer.

## SCHWAB'S OFFER TO THE MEN

## The Situation as It Stands Now—Why Shaffer Keeps His Agreement—Did The Western Mill Men Did Not Go Out—Will Not Reconsider.

**The Obdurate Shaffer.**  
While President Shaffer might end the strike of steel workers on the terms first proposed by the United States Steel Company, viz: that mills which were union at the time, may remain such, and non-union mills are to remain as they were, he refuses to give the proposition consideration. This is the position which Shaffer at the first New York conference gave his written promise to use his best endeavors to get the Amalgamated Association to accept. The proposition to end the strike came as a result of the negotiations begun by members of the general amalgamated board who favor a conservative course, and are opposed to the policy of the president. The reply came as outlined above to a man who is in touch with both the labor men and Schwab. It is said the reply was even more favorable than had been expected, but Shaffer would not consent.

President Schwab, in sending the informal message to the dissenting members of the executive committee, said in effect: "These are now the best terms you can have. As the company works mills from the strikers they will be kept non-union. They will be regarded as the trophies of war. If we win all the mills, then there will be no union mills except such as have remained in." One of the executive committee who attended the New York conference says:

"Vice-President Davis induced the men in Chicago, Joliet and Milwaukee not to strike. He did it because he felt that Shaffer was not acting according to the rules and practices of the order. President Shaffer and Secretary Williams, when in New York the first time, signed a statement to agree to work for a settlement proposed by Morgan and Schwab. They did not tell the committee of the signing of this written promise.

The committee was astonished when President Schwab read the agreement and asked Shaffer if he stood by it. Shaffer said he signed it as an individual and not as an officer of the Amalgamated. That made us sick at heart. Before us there repudiated an agreement he had made a few days before.

"The plan of settlement which he had given his written promise to support and endeavor to secure the adoption by the general committee of the Amalgamated is the one under which we can now return to work. He says he acted as an individual and not as an official. The merits of our dispute have been the same at all times. Then he announced that he was ready to break other contracts.

"To make matters worse, an incident occurred when Mr. Schwab gave us the use of his rooms for consultation. When he returned unexpectedly to the office and asked Shaffer if he stood by it, Shaffer said he signed it as an individual and not as an officer of the Amalgamated. That made us sick at heart. Before us there repudiated an agreement he had made a few days before.

"The protracted drought in some parts of Branch county has practically ruined corn. Many farmers are cutting their crop to save the fodder. In the vicinity of Cedar water corn and potatoes are still doing fairly well, although it has not rained there in over two weeks. No rain has fallen in California township since the Fourth of July.

Mrs. Sam Boyd, aged about 50, was found dead at her home in Jackson Wednesday. Her body was viewed almost to a crisp. It is supposed that she came down stairs in the night with a lamp and tripped on the stairs and fell, breaking the lamp and setting her clothes on fire. She had gone into another room and fallen on her face, where she expired.

The horrible burns and bruises which Louis Wolf received in a bakery fire in Detroit Monday morning proved fatal, the unfortunate man dying at the hospital that afternoon. Fire department officials say that had he made a direct attempt to escape instead of trying to save some money he had stored away, he would not have been so fatally injured.

# May Involve the United States.

News has been received involving Venezuela, Nicaragua and Ecuador in the attempt of Uribe-Urbe to overthrow the government of Colombia.

A year ago it was known to the Colombian authorities that the rebels under Uribe were receiving material assistance from these republics, and recent developments and information received by Colombian secret service agents confirm the belief that these countries are preparing open and simultaneous attacks on Colombia. It has further been learned that the plan of attack has practically been agreed on.

Large numbers of Nicaraguans have already joined the rebels in the department of Panama, and it will be the marauding bands of the United States will have to deal with it if it becomes necessary to land marines at Colon or Panama to protect American interests on the isthmus.

Venezuela's point of attack will be from the Colombian-Venezuelan border, where the recent Colombian congress has taken place between Venezuelans and regulars and invading army commanded, according to Venezuelan authorities, by Gen. Gonzalez Valencia. It is somewhat doubtful, however, if Gen. Valencia had anything to do with the movement unless war has already broken out between Venezuela and Colombia.

If the present plans are carried out the rendezvous of the Ecuadorian recruits will be in the southern part of the department of Cauca, where two Colombian gunboats are now said to be encamped with 4,000 troops.

**A Seibley Surprise.**  
There is said to be a big surprise in store for the navy department when the court of inquiry meets to investigate the charges against Secretary Long, Gen. Wilson, the noted lawyer of Washington, will be one of Seibley's counsel, and it is said that former Secretary of the Navy Benjamin F. Tracy, of New York, will also appear on that side of the case. That is the surprise which may worry Secretary Long. Gen. Tracy is one of the greatest lawyers in the United States, and was Harrison's secretary of the navy, and it is whispered that his part in the cases will be so to handle the witnesses as to reveal political favoritism and petty department scandals which will not only assist to create the impression that Seibley is the victim of bureau jealousies, but will also embarrass the administration.

It is intimated by Seibley's friends that Tracy will so develop the bureaucratic methods of the navy department before the court as to create a sensation if not a naval scandal and compel a complete overhaul of the department. Wealthy men in New York and Boston have taken up the cause of Seibley and stand ready to contribute all the money needed for the employment of counsel and it is intimated that there will be other great lawyers in the case when it comes to a hearing.

**A Cleveland Horror.**  
Fire caused by a boiler explosion, early Wednesday, destroyed a Cleveland temporary water works crib two miles out in Lake Erie, resulting in the death of at least 10 men, while two others were probably fatally injured.

In addition to a large number of workmen, who were in the crib, 11 others were at work in the tunnel leading from it 200 feet below the bottom of the lake. As air which was pumped from the crib to supply the men working in the tunnel was cut off as a result of its destruction, it was at first supposed that those had all perished.

Subsequently, however, a few were rescued after heroic work on the part of fellow workmen.

# A Big Place Deal.

The biggest place land deal known in years has just been consummated by the sale by White & Friant, of Saginaw, to T. R. Lyon, of Chicago, of several thousand acres in Minnesota for \$500,000.

Several parties were bidding last week, and when Lyon was asked to deposit a guarantee of \$100,000, he picked the money down in \$1,000 bills. A number of place land deals have been made of late by local parties, and it is said that Wm. F. McKnight has been clearing up nicely in this way, having made over \$400,000 this year. He is now in Marquette, engineering another deal with eastern capitalists, in which it is said he expects to win a nice bunch of money.

**NEWS IN BRIEF.**  
Twelve representative Scottish workmen have sailed from Glasgow to investigate labor conditions in America under the auspices of the Dundee Red Letter, a Scotch magazine.

Corn King Phillips, Chicago, is insolvent. Debts, \$200,000. Will do business under a receiver until he can cash up. Phillips declares he will make up to the creditors to the last cent.

According to Rio de Janeiro reports opposition to Brazilian representation in the coming Pan-American congress in Mexico is increasing. Moreira Alvez says if there is a Brazilian delegate in the congress he will not represent Brazil, but only President Campos-Salles.

Plans for a combination of the button manufacturers of the United States, taking in all the important centers in the country, are being perfected. One of the largest concerns turn out daily a total of 200,000 buttons, and the daily output of companies likely to enter the combine is about 275,000 buttons. Each year the concern market upward of \$5,000,000 ivory buttons.

It is believed in Russia that Senator W. A. Clark has been led into a bad deal by the Russian advisers as to the investment in the Vaskresenski copper mines. Financiers declare that the mines are comparatively unimportant, in spite of the glowing reports of Clark's own experts, and advise the American senator to come himself to investigate the property before paying the alleged price of \$12,000,000.
